## **RULES GOVERNING PRESS GALLERIES**

1. Administration of the press galleries shall be vested in a Standing Committee of Correspondents elected by accredited members of the galleries. The Committee shall consist of five persons elected to serve for terms of two years. Provided, however, that at the election in January 1951, the three candidates receiving the highest number of votes shall serve for two years and the remaining two for one year. Thereafter, three members shall be elected in odd-numbered years and two in even-numbered years. Elections shall be held in January. The Committee shall elect its own chairman and secretary. Vacancies on the Committee shall be filled by special election to be called by the Standing Committee.

2. Persons desiring admission to the press galleries of Congress shall make application in accordance with Rule VI of the House of Representatives, subject to the direction and control of the Speaker and Rule 33 of the Senate, which rules shall be interpreted and administered by the Standing Committee of Correspondents, subject to the review and an approval by the Senate Committee on Rules and Administration.

3. The Standing Committee of Correspondents shall limit membership in the press galleries to bone fide correspondents of repute in their profession, under such rules as the Standing Committee of Correspondents shall prescribe.

---

\*Information is based on data furnished and edited by each respective gallery.

4. An applicant for press credentials through the Daily Press Galleries must establish to the satisfaction of the Standing Committee of Correspondents that he or she is a full-time, paid correspondent who requires on-site access to congressional members and staff. Correspondents must be employed by a news organization:

(a) with General Publication periodicals mailing privileges under U.S. Postal Service rules, and which publishes daily; or

(b) whose principal business is the daily dissemination of original news and opinion of interest to a broad segment of the public, and which has published continuously for 18 months.

The applicant must reside in the Washington, D.C. area, and must not be engaged in any lobbying or paid advocacy, advertising, publicity or promotion work for any individual, political party, corporation, organization, or agency of the U.S. government, or in prosecuting any claim before Congress or any federal government department, and will not do so while a member of the Daily Press Galleries.

Applicants' publications must be editorially independent of any institution, foundation or interest group that lobbies the federal government, or that is not principally a general news organization.

Failure to provide information to the Standing Committee for this determination, or misrepresenting information, can result in the denial or revocation of credentials.

5. Members of the families of correspondents are not entitled to the privileges of the galleries.

6. The Standing Committee of Correspondents shall propose no changes in these rules except upon petition in writing signed by not less than 100 accredited members of the galleries. The above rules have been approved by the Committee on Rules and Administration.

NANCY PELOSI,  
*Speaker of the House of Representatives.*

DIANNE FEINSTEIN,  
*Chair, Senate Committee on Rules and Administration.*

**RULES GOVERNING PERIODICAL PRESS GALLERIES**

1. Persons eligible for admission to the Periodical Press Galleries must be bona fide resident correspondents of reputable standing, giving their chief attention to the gathering and reporting of news. They shall state in writing the names of their employers and their additional sources of earned income; and they shall declare that, while a member of the Galleries, they will not act as an agent in the prosecution of claims, and will not become engaged or assist, directly or indirectly, in any lobbying, promotion, advertising, or publicity activity intended to influence legislation or any other action of the Congress, nor any matter before any independent agency, or any department or other instrumentality of the Executive branch; and that they will not act as an agent for, or be employed by the Federal, or any State, local or foreign government or representatives thereof; and that they will not, directly or indirectly, furnish special or "insider" information intended to influence prices or for the purpose of trading on any commodity or stock exchange; and that they will not become employed, directly or indirectly, by any stock exchange, board of trade or other organization or member thereof, or brokerage house or broker engaged in the buying and selling of any security or commodity. Applications shall be submitted to the Executive Committee of the Periodical Correspondents' Association and shall be authenticated in a manner satisfactory to the Executive Committee.

2. Applicants must be employed by periodicals that regularly publish a substantial volume of news material of either general, economic, industrial, technical, cultural, or trade character. The periodical must require such Washington coverage on a continuing basis and must be owned and operated independently of any government, industry, institution, association, or lobbying organization. Applicants must also be employed by a periodical that is published for profit and is supported chiefly by advertising or by subscription, or by a periodical meeting the conditions in this paragraph but published by a nonprofit organization that, first, operates independently of any government, industry, or institution and, second, does not engage, directly or indirectly, in any lobbying or other activity intended to influence any matter before Congress or before any independent agency or any department or other instrumentality of the Executive branch. House organs are not eligible.

---

\*Information is based on data furnished and edited by each respective gallery.

3. Members of the families of correspondents are not entitled to the privileges of the galleries.

4. The Executive Committee may issue temporary credentials permitting the privileges of the galleries to individuals who meet the rules of eligibility but who may be on short-term assignment or temporarily residing in Washington.

5. Under the authority of rule 6 of the House of Representatives and of rule 33 of the Senate, the Periodical Galleries shall be under the control of the Executive Committee, subject to the approval and supervision of the Speaker of the House of Representatives and the Senate Committee on Rules and Administration. It shall be the duty of the Executive Committee, at its discretion, to report violations of the privileges of the galleries to the Speaker or the Senate Committee on Rules and Administration, and pending action thereon, the offending correspondent may be suspended. The committee shall be elected at the start of each Congress by members of the Periodical Correspondents' Association and shall consist of seven members with no more than one member from any one publishing organization. The committee shall elect its own officers and a majority of the committee may fill vacancies on the committee. The list in the Congressional Directory shall be a list only of members of the Periodical Correspondents' Association.
