36TH CONGRESS, 1st Session. } HOUSE OF REPRESENTATIVES. { REPORT No. 64.

CYRENUS C. BLACKBURN.

[To accompany Bill H. R. No. 271.]

MARCH 2, 1860.

Mr. STOKES, from the Committee on Invalid Pensions, made the following

REPORT.

The Committee on Invalid Pensions, to whom was referred the petition of Cyrenus C. Blackburn, report:

That the said Cyrenus C. Blackburn was a lieutenant in Captain Hardin's company in the war of 1812, discharged at New York, wounded by a cut on the hand by an Indian, and has been disabled ever since. The proof shows that he is disabled three-fourths of his time. His middle finger was amputated, affecting his shoulder very much. He was in the battle of Lundy's Lane.

Your committee are unanimous in the opinion that it is a case justifying relief. They therefore report a bill.
