WRITINGS ON AMERICAN HISTORY, 1918.

A BIBLIOGRAPHY OF BOOKS AND ARTICLES ON UNITED STATES AND CANADIAN HISTORY PUBLISHED DURING THE YEAR 1918, WITH SOME MEMORANDA ON OTHER PORTIONS OF AMERICA.

COMPILED BY

GRACE GARDNER GRIFFIN.

PREFACE.

The annual bibliography which follows is the thirteenth number of a continuous series opening with 1906. A volume entitled *Writings on American History*, 1902, prepared by Professor Ernest C. Richardson, librarian of Princeton University, and Mr. Anson Ely Morse, was published at Princeton in 1904. A volume upon a plan more like the present, *Writings on American History, 1903*, prepared by Professor Andrew C. McLaughlin, Mr. William A. Slade, and Mr. Ernest D. Lewis, under the auspices of the Carnegie Institution of Washington, was published by that institution at Washington in 1905. After an interval followed the series, *Writings on American History, 1906, 1907*, and *1908*, prepared by Miss Grace Gardner Griffin, and originally published by the Macmillan Company (New York, 1908, 1909, 1910).

Independent publication ceased for a time with the volume for 1908. Beginning with the volume for 1909, though the preparation of the material continued to be provided for by subscription, the printing and publication of the annual bibliography was assumed by the American Historical Association. In its *Annual Reports* for 1909, 1910, 1911, bibliographies of the material published in those years were included. The Yale University Press, with much public spirit, took up at this point the publication of the series, and issued as independent volumes the bibliographies for 1912, 1913, 1914, 1915, 1916, and 1917. Publication by that concern having now ended, the plan of incorporating this annual survey in the *Annual Reports* is now resumed.

To those who desire to have complete sets of the volumes hitherto published, it may be useful to know that the volume for 1902 can still be obtained from the library of Princeton University, that for 1903 from the Carnegie Institution of Washington, while those for 1906, 1907, 1908 (independent volumes), and bound "separates" of those for 1909, 1910, and 1911, can be obtained from the secretary of the American Historical Association. The volumes for the years 1912 to 1917, inclusive, are to obtained from the Yale University Press.

The ensuing pages have been prepared upon the same system as in the preceding volumes. The intention of the compiler has been to include all books and articles, however brief, which contain anything of value to the history of the United States and of British North America. With respect to the regions lying south of the continental United States, however, and to the Pacific islands, the intention has been to include all writings on the history of these regions published in the United States or Europe; but the product (not relating to the United States) of South America and other southward regions has been left to their own bibliographers. New editions of books, if they contain no new material, have not been

noticed. When no other date of publication is given, the date is 1918. The annotations have been confined to explanations of titles which seem to need explanation; or analyses of contents (in many cases taken from the catalogue cards of the Library of Congress), when analyses seemed requisite; or mention of critical appraisals in a few journals whose criticisms have value.

A topical arrangement has been followed. As a rule, the books and articles in any division are arranged alphabetically by the authors' names. In a few cases another arrangement appeared to be more helpful; in the case of biography and genealogy the subject of the book or article determines the alphabetical arrangement.

In the compilation of the material, performed at the Library of Congress, Miss Griffin has had most obliging assistance from Mr. Appleton P. C. Griffin, Chief Assistant Librarian, and the Librarian, Dr. Herbert Putnam has kindly afforded her every facility for her work.

Meanwhile the preparation of the manuscript, as distinguished from the printing and publication, has from 1906 to the present time been sustained by a group of subscribers consisting of various historical societies and individuals, the list for the present volume being the following: the American Historical Association, the Chicago Historical Society, the Colonial Society of Massachusetts, the Massachusetts Historical Society, the Michigan Historical Commission, the Minnesota Historical Society, the Morrisson-Reeves Library, the New York Historical Society, the New York State Historical Association, the State Historical Society of Wisconsin, Mr. C. B. Alexander, Mr. T. E. Brittingham, Professor Henry W. Farnam, Mr. E. F. Greene, and Dr. J. G. Rosengarten. Several other friends of the undertaking have kindly contributed lesser sums towards the expenses of the year.

J. Franklin Jameson.

"Although it may be said that the Inquisition contributed to the strengthening of the ecclesiastical power as opposed to the civil, it sometimes created dissensions within the Church, and especially between and even within the religious orders, and this considerably impaired the otherwise solid front of ecclesiastical unity. It is to these phases of the Inquisition's activities in the most isolated of Spain's colonies that this inquiry is directed."
