The traffic existing at the time of the taking shall be used in the determination of the classification. In any case where a State or political subdivision thereof requests that such a substitute road be constructed to a higher standard than that provided in the preceding provisions of this subsection, and pays, prior to commencement of such construction, the additional costs involved due to such higher standard, such Agency head is authorized to construct such road to such higher standard. Federal costs under the provisions of this subsection shall be part of the nonreimbursable project costs."

Merchant Marine Act, 1936, amendment.
52 Stat. 956.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 502(b) of the Merchant Marine Act, 1936, as amended (46 U.S.C. 1152(b)), is hereby further amended to read as follows:

Construction differential subsidy.

"(b) The amount of the reduction in selling price which is herein termed 'construction differential subsidy' may equal, but not exceed, the excess of the bid of the shipbuilder constructing the proposed vessel (excluding the cost of any features incorporated in the vessel for national defense uses, which shall be paid by the Secretary in addition to the subsidy), over the fair and reasonable estimate of cost, as determined by the Secretary, of the construction of the proposed vessel if it were constructed under similar plans and specifications (excluding national defense features as above provided) in a foreign shipbuilding center which is deemed by the Secretary to furnish a fair and representative example for the determination of the estimated foreign cost of construction of vessels of the type proposed to be constructed. The construction differential approved and paid by the Secretary shall not exceed 55 per centum of the construction cost of the vessel, except that in the case of reconstruction or reconditioning of a passenger vessel having the tonnage, speed, passenger accommodations and other characteristics set forth in section 503 of this Act, the construction differential approved and paid shall not exceed 60 per centum of the reconstruction or reconditioning cost (excluding the cost of national defense features as above provided): *Provided, however*, That after June 30, 1964, the construction differential approved by the Secretary shall not exceed in the case of the construction, reconstruction or reconditioning of any vessel, 50 per centum of such cost. When the Secretary finds that the construction differential in any case exceeds the foregoing applicable percentage of such cost, the Secretary may negotiate and contract on behalf of the applicant to construct, reconstruct, or recondition such vessel in a domestic shipyard at a cost which will reduce the construction differential to such applicable percentage or less. In the event that the Secretary has reason to believe that the bidding in any instance is collusive, he shall report all of the evidence on which he acted (1) to the Attorney General of the United States, and (2) to the President of the Senate and to the Speaker of the House of Representatives if the Congress shall be in session or if the Congress shall not be in session, then to the Secretary of the Senate and Clerk of the House, respectively."

JOINT RESOLUTION

To establish a Commission to develop and execute plans for the celebration of the one hundred and fiftieth anniversary of the Battle of Lake Erie, and for other purposes.

Whereas the one hundred and fiftieth anniversary of the renowned naval Battle of Lake Erie near Put-in-Bay, Ohio, will occur in September 1963;

Whereas the decisive victory of Commodore Oliver Hazard Perry on September 10, 1813, over the British naval forces in Lake Erie had profound results on the conclusion of the War of 1812 and the future of the United States as a nation;

Whereas this victory of the small squadron commanded by Commodore Perry marked the only time in the history of the world that an entire British squadron surrendered to an enemy;

Whereas Commodore Perry's report following this engagement, "We have met the enemy, and they are ours . . . two ships, two brigs, one schooner and one sloop", electrified the young Nation at that time and will ever be remembered in the annals of American history;

Whereas the War of 1812 on the land and sea areas of the United States and Canada introduced these two great English-speaking nations to a period of one hundred and fifty years of permanent peace and mutual respect along an unfortified three-thousand-mile common boundary;

Whereas this struggle resulted in memorializing the principle of international peace by arbitration and disarmament and lasting peace among nations;

Whereas the enduring results of this conflict have cemented more strongly the cultural and economic ties which exist between Canada and the United States as a demonstration of peace and good will in a world today fraught with unrest and fear: Therefore be it

Battle of Lake Erie Sesquicentennial Celebration Commission. Establishment.

SEC. 4. Section 244 of the Immigration and Nationality Act (8 U.S.C. 1254) is hereby amended to read:

Suspension of deportation.

"SEC. 244. (a) As hereinafter prescribed in this section, the Attorney General may, in his discretion, suspend deportation and adjust the status to that of an alien lawfully admitted for permanent residence, in the case of an alien who applies to the Attorney General for suspension of deportation and—

"(1) is deportable under any law of the United States except the provisions specified in paragraph (2) of this subsection; has been physically present in the United States for a continuous period of not less than seven years immediately preceding the date of such application, and proves that during all of such period

he was and is a person of good moral character; and is a person whose deportation would, in the opinion of the Attorney General, result in extreme hardship to the alien or to his spouse, parent, or child, who is a citizen of the United States or an alien lawfully admitted for permanent residence; or

"(2) is deportable under paragraphs (4), (5), (6), (7), (11), (12), (14), (15), (16), (17), or (18) of section 241(a); has been physically present in the United States for a continuous period of not less than ten years immediately following the commission of an act, or the assumption of a status, constituting a ground for deportation, and proves that during all of such period he has been and is a person of good moral character; and is a person whose deportation would, in the opinion of the Attorney General, result in exceptional and extremely unusual hardship to the alien or to his spouse, parent, or child, who is a citizen of the United States or an alien lawfully admitted for permanent residence.

8 USC 1251.

"(b) The requirement of continuous physical presence in the United States specified in paragraphs (1) and (2) of subsection (a) of this section shall not be applicable to an alien who (A) has served for a minimum period of twenty-four months in an active-duty status in the Armed Forces of the United States and, if separated from such service, was separated under honorable conditions, and (B) at the time of his enlistment or induction was in the United States.

"(c)(1) Upon application by any alien who is found by the Attorney General to meet the requirements of subsection (a) of this section the Attorney General may in his discretion suspend deportation of such alien. If the deportation of any alien is suspended under the provisions of this subsection, a complete and detailed statement of the facts and pertinent provisions of law in the case shall be reported to the Congress with the reasons for such suspension. Such reports shall be submitted on the first day of each calendar month in which Congress is in session.

"(2) In the case of an alien specified in paragraph (1) of subsection (a) of this section—

if during the session of the Congress at which a case is reported, or prior to the close of the session of the Congress next following the session at which a case is reported, either the Senate or the House of Representatives passes a resolution stating in substance that it does not favor the suspension of such deportation, the Attorney General shall thereupon deport such alien or authorize the alien's voluntary departure at his own expense under the order of deportation in the manner provided by law. If, within the time above specified, neither the Senate nor the House of Representatives shall pass such a resolution, the Attorney General shall cancel deportation proceedings.

"(3) In the case of an alien specified in paragraph (2) of subsection (a) of this section—

if during the session of the Congress at which a case is reported, or prior to the close of the session of the Congress next following the session at which a case is reported, the Congress passes a concurrent resolution stating in substance that it favors the suspension of such deportation, the Attorney General shall cancel deportation proceedings. If within the time above specified the Congress does not pass such a concurrent resolution, or if either the Senate or the House of Representatives passes a resolution stating in substance that it does not favor the suspension of the deportation of such alien, the Attorney General shall thereupon deport such alien in the manner provided by law.

"(d) Upon the cancellation of deportation in the case of any alien under this section, the Attorney General shall record the alien's lawful admission for permanent residence as of the date the cancellation of deportation of such alien is made, and the Secretary of State shall, if the alien was classifiable as a quota immigrant at the time of entry and was not charged to the appropriate quota, reduce by one the quota of the quota to which the alien is chargeable under section 202 for the fiscal year then current at the time of cancellation or the next following year in which a quota is available. No quota shall be so reduced by more than 50 per centum in any fiscal year. 8 USC 1152.

"(e) The Attorney General may, in his discretion, permit any alien under deportation proceedings, other than an alien within the provisions of paragraph (4), (5), (6), (7), (11), (12), (14), (15), (16), (17), or (18) of section 241(a) (and also any alien within the purview of such paragraphs if he is also within the provisions of paragraph (2) of subsection (a) of this section), to depart voluntarily from the United States at his own expense in lieu of deportation if such alien shall establish to the satisfaction of the Attorney General that he is, and has been, a person of good moral character for at least five years immediately preceding his application for voluntary departure under this subsection. 8 USC 1251.

"(f) No provision of this section shall be applicable to an alien who (1) entered the United States as a crewman; or (2) was admitted to the United States pursuant to section 101(a)(15)(J) or has acquired such status after admission to the United States; or (3) is a native of any country contiguous to the United States or of any adjacent island named in section 101(b)(5): *Provided*, That the Attorney General may in his discretion agree to the granting of suspension of deportation to an alien specified in clause (3) of this subsection if such alien establishes to the satisfaction of the Attorney General that he is ineligible to obtain a nonquota immigrant visa." 75 Stat. 534. 8 USC 1101.

SOIL CONSERVATION DISTRICT—ANNIVERSARY

Whereas the strength of a community and of a nation lies largely in its agricultural base; and

Whereas in the twenty-five years since the first State soil conservation district law was passed in Arkansas and the first soil conservation district was chartered in Anson County, North Carolina, on August 4, 1937 (known then, and still known, as the Brown Creek Soil Conservation District), the soil conservation districts, local units of State government, have worked and will continue to work steadily to improve and safeguard the productive croplands, the waters available for agriculture, and the grasslands, woodlands, and wildlife; and

Whereas State conservation districts in all States (now numbering two thousand nine hundred and encompassing 96 per centum of all the agricultural land) by providing a means for concerted effort to control soil erosion, save water, and husband soil fertility, have been instrumental in increasing the efficiency of farming and permitting land-use changes much needed for a permanently safe and productive agriculture: Now, therefore, be it

Proclamation 3436

NATIONAL DAY OF PRAYER, 1961

By the President of the United States of America — September 28, 1961

A Proclamation

Our founding fathers came to these shores trusting in God, and in reliance upon His grace. They charted the course of free institutions under a government deriving its powers from the consent of the people.

In the General Congress assembled they appealed the rectitude of their intentions to the Supreme Judge of the world, and "with firm reliance on the protection of Divine Providence" they mutually pledged their lives, their fortunes, and their most sacred honor.

During the deliberations in the Constitutional Convention they were called to daily prayers, with the reminder in sacred Scripture it is written that "except the Lord build the house, they labor in vain that built it," and they were warned that without the concurring aid of Providence they would succeed in the political building "no better than the builders of Babel."

In every succeeding generation the people of this country have emulated their fathers in defending their liberties with their fortunes and their lives.

Conscious of our continuing need to bring our actions under the searching light of Divine Judgment, the Congress of the United States by joint resolution approved on the seventeenth day of April 1952 provided that "The President shall set aside and proclaim a suitable day each year, other than a Sunday, as a National Day of Prayer, on which the people of the United States may turn to God in prayer and meditation at churches, in groups, and as individuals."

66 Stat. 64.
36 USC 185.

NOW, THEREFORE, I, JOHN FITZGERALD KENNEDY, President of the United States, do set aside and proclaim Wednesday, the fourth day of October 1961, as the National Day of Prayer.

Let us all pray, inviting as many as may be visitors in our country to join us in our prayers, each according to his own custom and faith, for our Nation and for all peoples everywhere in the world; and most especially—

For Divine guidance in our efforts to lead our children in the ways of truth; that they may have the best opportunities we can provide as an environment in which to grow in body, mind and spirit, and to the end they may be at their best in their day as the responsible trustees of the great heritage which has come to us from those who went before us;

For a spirit of wisdom and understanding, as we move toward new frontiers of cooperation and brotherhood to overcome the curse of hunger, of ignorance, of superstition and of disease, by harnessing scientific knowledge to moral purpose;

For willing hands and a spirit of dedication, that, in awareness that this Nation under God has achieved its great service to mankind through the toil and sacrifices and subordination of personal desires to common welfare, we may move forward in the unconquerable spirit of a free people, making whatever sacrifices that need be made to neutralize the evil designs of evil men, and to work for goals of human betterment that lie beyond our span of years;

For peace in our time with freedom and justice and dignity for all mankind; and

Recognizing our own shortcomings may we be granted forgiveness and cleansing, that God shall bless us and be gracious unto us, and cause His face to shine upon us as we stand everyone of us on this day in His Presence.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this twenty-eighth day of September in the year of our Lord nineteen hundred and sixty-one, and of the Independence of the United States of America the one hundred and eighty-sixth.

WHEREAS our forest and timber lands, with their majestic beauty and universal appeal, provide recreation and inspiration to the people of the Nation; and

WHEREAS the Congress, in order to reemphasize the importance and heritage of our forest resources, has by a joint resolution approved September 13, 1960 (74 Stat. 898), designated the seven-day period beginning on the third Sunday of October in each year as National Forest Products Week, and has requested the President to issue annually a proclamation calling for the observance of that week: 36 USC 163.

NOW, THEREFORE, I, JOHN F. Proclamation 3438

THANKSGIVING DAY, 1961

By the President of the United States of America October 27, 1961

A Proclamation

"It is a good thing to give thanks unto the Lord."

More than three centuries ago, the Pilgrims, after a year of hardship and peril, humbly and reverently set aside a special day upon which to give thanks to God for their preservation and for the good harvest from the virgin soil upon which they had labored. Grave and unknown dangers remained. Yet by their faith and by their toil they had survived the rigors of the harsh New England winter. Hence they paused in their labors to give thanks for the blessings that had been bestowed upon them by Divine Providence.

This year, as the harvest draws near its close and the year approaches its end, awesome perils again remain to be faced. Yet we have, as in the past, ample reason to be thankful for the abundance of our blessings. We are grateful for the blessings of faith and health and strength and for the imperishable spiritual gifts of love and hope. We give thanks, too, for our freedom as a nation; for the strength of our arms and the faith of our friends; for the beliefs and confidence we share; for our determination to stand firmly for what we believe to be right and to resist mightily what we believe to be base; and for the heritage of liberty bequeathed by our ancestors which we are privileged to preserve for our children and our children's children.

It is right that we should be grateful for the plenty amidst which we live: the productivity of our farms, the output of our factories, the skill of our artisans, and the ingenuity of our inventors. But in the midst of our thanksgiving, let us not be unmindful of the plight of those in many parts of the world to whom hunger is no stranger and the plight of those millions more who live without the blessings of liberty and freedom. With some we are able to share our material abundance through our Food-for-Peace Program and through our support of the United Nations Freedom-from-Hunger Campaign. To all we can offer the sustenance of hope that we shall not fail in our unceasing efforts to make this a peaceful and prosperous world for all mankind.

NOW, THEREFORE, I, JOHN F. KENNEDY, President of the United States of America, in consonance with the joint resolution of Congress approved December 26, 1941, which designates the fourth Thursday in November of each year as Thanksgiving Day, do hereby proclaim Thursday, the twenty-third day of November of this year, as a day of national thanksgiving.

55 Stat. 862.
5 USC 87b.

I urge all citizens to make this Thanksgiving not merely a holiday from their labors, but rather a day of contemplation. I ask the head of each family to recount to his children the story of the first New England Thanksgiving, thus to impress upon future generations the heritage of this nation born in toil, in danger, in purpose, and in the conviction that right and justice and freedom can through man's efforts persevere and come to fruition with the blessing of God.

Let us observe this day with reverence and with prayer that will rekindle in us the will and show us the way not only to preserve our blessings, but also to extend them to the four corners of the earth. Let us by our example, as well as by our material aid, assist all peoples of all nations who are striving to achieve a better life in freedom.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this twenty-seventh day of October in the year of our Lord nineteen hundred and sixty-one, and of the Independence of the United States of America the one hundred and eighty-sixth.

WHEREAS one of the great challenges of our age is man's struggle to sustain individual freedom, human dignity, and justice for all; and

WHEREAS one of the vital bulwarks in that struggle is the rule of law which underlies our whole social, economic and governmental structure, and through which we strive constantly to broaden and secure for all our citizens the rights and opportunities guaranteed by the Constitution and the Bill of Rights; and

WHEREAS the strengthening of the rule of law in our own country directly concerns every citizen because it is of fundamental importance both to the nation's welfare at home and to our hopes for building an enduring structure of world peace through wider application of the rule of law in relations between nations; and

PART II

EFFECTUATING 1960–61 TARIFF CONFERENCE AGREEMENTS REQUIRING MODIFICATION AND CONTINUANCE OF UNITED STATES IMPORT DUTIES AND OTHER IMPORT RESTRICTIONS, AND THE ADDITION OF IMPORT RESTRICTIONS; PROVIDING FOR ACCESSION OF ISRAEL AND PORTUGAL TO THE GENERAL AGREEMENT ON TARIFFS AND TRADE (GATT); RECTIFYING SCHEDLES TO PRIOR AGREEMENTS; AND MODIFYING AND TERMINATING SUPERSEDED PARTS OF PRIOR PROCLAMATIONS.

A. *Agreements Identified.*

19 USC 1351. Under section 350 of the Tariff Act of 1930, as amended, and prior to June 30, 1962, the following agreements were entered into:

(1) Interim Agreement of March 6, 1962, between the United States and Japan, including a schedule of United States concessions to enter into force provisionally and to be applied on July 1, 1962, as supplemented by an agreement of May 15, 1962. 13 UST 898. annexed to this proclamation as Annex D.

(4) Protocol of April 6, 1962 for the Accession of Israel to the General Agreement, including a schedule to the GATT of United States concessions comprising the concessions contained in the schedule
Ante, p. 147. of United States concessions to an agreement of March 5, 1962. Pursuant to the agreement of April 6, 1962, Israel will become a contracting party to the GATT on July 5, 1962. The schedule of United States concessions to this agreement will become a schedule to the GATT on July 5, 1962. A copy of this agreement is annexed to this proclama-
TIAS 5249. tion as Annex E.

(5) Protocol of April 6, 1962 for the Accession of Portugal to the General Agreement, including a schedule to the GATT of United States concessions comprising the concessions contained in the schedule
Ante, p. 1472. of United States concessions to an agreement of March 5, 1962. Pursuant to the agreement of April 6, 1962, Portugal became a contracting party to the GATT on May 6, 1962. The schedule of United States concessions to this agreement will become a schedule to the GATT on July 1, 1962. A copy of this agreement is annexed to this
TIAS 5248. proclamation as Annex F.

(6) Agreement of May 30, 1962, between the United States and Peru, rectifying the United States schedule to an agreement of March
Ante, p. 1472. 5, 1962. The Agreement of May 30, 1962 will become effective on

July 1, 1962. A copy of the agreement is annexed to this proclamation as Annex G. 13 UST 879.

(7) Agreement of June 7 and 14, 1962, between the United States and Switzerland, rectifying the United States schedule to an agreement of March 5, 1962. This Agreement of June 7 and 14, 1962 will become effective July 1, 1962. A copy of the agreement is annexed to this proclamation as Annex H. *Ante*, p. 1472. 13 UST 907.

B. *Prior Findings.*

Prior to entering into the agreements specified in Paragraph A of this Part, the President found that certain existing duties or other import restrictions of the United States, and of the foreign countries which are contracting parties to the GATT, including Haiti, India, Japan, and Peru, and of Israel, Portugal, and Switzerland, were unduly burdening and restricting the foreign trade of the United States and that the purposes declared in section 350 of the Tariff Act of 1930, as amended, would be promoted by entering into the trade agreements identified in Paragraph A of this Part. 19 USC 1351.

C. *Compliance With Procedural Requirements.*

Before concluding these agreements, reasonable public notice was given of the intention to conduct trade agreement negotiations under the GATT with the governments of the foreign countries referred to in Paragraph B of this Part, views presented by persons interested in such negotiations were received and considered, and information and advice with respect to such negotiations was sought and obtained from the Departments of State, Agriculture, Commerce, and Defense, and from other sources. In addition, pursuant to section 3 of the Trade Agreements Extension Act of 1951, as amended, 19 U.S.C. 1360, the President transmitted to the United States Tariff Commission for investigation and report lists of all articles imported into the United States of America to be considered for possible modification of duties and other import restrictions, imposition of additional import restrictions, or continuance of existing customs or excise treatment in trade agreement negotiations with the governments of the foreign countries referred to in Paragraph B of this Part. The Tariff Commission made investigations in accordance with section 3 of the Trade Agreements Extension Act of 1951, as amended, and thereafter reported to the President its determinations made pursuant to that section within the time specified therein.

D. *Determination That Decrease In Rate Will Simplify Computation.*

Certain modifications of existing rates of duties to be hereinafter proclaimed reflect decreases in rates of duties exceeding the limitations specified in section 350(a)(4)(A) or 350(a)(4)(B) of the Act but not exceeding the decreases permitted by section 350(a)(3)(D) of the Tariff Act of 1930, as amended. Under the authority of section 350(a)(3)(D) of the Act, I, John F. Kennedy, President of the United States, have determined that in each case the modified rate will simplify the computation of the amount of duty imposed with respect to the articles concerned.

E. *Determinations Respecting Ad Valorem Equivalents Of Specific Rates of Duty.*

In addition, I have made the determination regarding the ad valorem equivalent of the specific rate of duty (or combination of rates including a specific rate), and regarding the representative period, under the authority of section 350(a)(3)(D) and 350(a)(4)(A) of the Tariff Act of 1930, as amended, by reference to section 350(a)(2)(D)(ii) of the Act, in the case of each modification of an existing duty proclaimed in this proclamation for which such a determination was relevant, using, to the maximum extent practicable, the standards of valuation contained in section 402 or 402a of the Tariff Act, as amended, 19 U.S.C. 1401a or 1402.

F. *Proclamation Of Modifications And Continuance Of Existing United States Duties And Other Import Restrictions, The Addition Of Import Restrictions, The Accession Of Israel And Portugal To The GATT, Rectifications Of Schedules To Prior Agreements, And The Modification And Termination Of Superseded Parts Of Prior Proclamations.*

NOW, THEREFORE,

I, John F. Kennedy, under the authority vested in me, as President, by the Constitution and statutes, in particular section 350(a) of the Tariff Act of 1930, as amended, having found that it is required or appropriate to carry out foreign trade agreements, particularly the agreements identified in Paragraph A of this Part and the GATT, do proclaim that:

19 USC 1351.

Subject to the provisions of subparagraph (2) below, there are hereby made effective, as to articles entered for consumption or withdrawn from warehouse for consumption on and after the dates specified below, the modifications of existing duties and other import restrictions of the United States, the addition of import restrictions, and the continuance of existing customs or excise treatment of articles imported into the United States specified or provided for in the general provisions of, and schedules of United States concessions to, the agreements identified in Paragraph A of this Part, as follows:

(pt. 6) A2051).

(b) The exception that no rate of duty or import tax shall be applied to a particular article by virtue of this proclamation if, when the article is entered for consumption or withdrawn from warehouse for consumption, more favorable customs treatment is prescribed for the article by (a) a proclamation pursuant to section 350 of the Tariff Act of 1930 or (b) any other proclamation, a statute, or an executive order, which proclamation, statute, or order either provides for an exemption from duty or import tax or became effective subsequent to March 7, 1962.

(c) In the case of the agreement with Israel of April 6, 1962, identified in Paragraph A(4) of this Part, in applying the General Notes to the schedule of the United States concessions, each rate in column A shall be treated as having become initially effective on July 1, 1962.

(3) *Modification Of Prior Proclamation.*

As a result of the proclamation of the agreement with India identified in Paragraph A(3) of this Part, I do hereby modify as of July 1, 1962, subject to the provisions of section 401 of the Tariff Classification Act of 1962, 76 Stat. 78, the list set forth in the sixteenth recital of Proclamation 3105 of July 22, 1955 (69 Stat. C44), so that the "Description of products" in item 1507 shall read: "Bristles (except natural bristles), sorted, bunched, or prepared."

(4) *Termination Of Superseded Parts Of Prior Proclamation.*

As a result of the proclamation of the agreements identified in Paragraphs A (4), (5), and (6) of this Part, parts of Proclamation 3468 of April 30, 1962 (27 F.R. 4235) have been superseded and accordingly, I hereby terminate Parts I:1 and I:2 of Proclamation 3468 of April 30, 1962 (27 F.R. 4235) insofar as those Parts relate to the Interim Agreement of March 5, 1962, between the United States and Portugal, and insofar as it contains an exception with respect to item 765 in the United States schedule to the Interim Agreement of March 5, 1962 between the United States and Peru as of July 1, 1962, and insofar as it relates to the Interim Agreement of March 5, 1962, between the United States and Israel, on July 5, 1962.

EXPLANATION

General.

The following tables are designed to serve as a guide to prior laws and other Federal instruments which are patently amended, repealed, referred to, or otherwise cited by the textual provisions of the public laws contained in this volume. These tables were initiated as a separate pamphlet to accompany Volume 70 of the United States Statutes at Large. Beginning with Volume 71, they are being published as an integral part of each volume.

From time to time the tables will be cumulated and made separately available as a convenience to users. Tables 1–9 of Volumes 70–74 covering the years 1956 through 1960 have been cumulated and published as a separate pamphlet. Coverage and arrangement of the tables are subject to change with a view to improved usefulness.

The arrangement of the tables is outlined above. There are two basic groups: (1) Tables 1–10 cover amendments, repeals, and other actions directly affecting prior laws and other Federal instruments; and (2) Tables 11–19 cover all citations and other references to prior laws and other Federal instruments.

Details of Arrangement.

Tables 1–9 are limited to cases in which prior laws and other Federal instruments are expressly affected.

Table 10 is a catch-all table designed as a finding aid to relationships which are expressed in general terms. Listed in this table are all public laws in this volume

which contain such provisions as "notwithstanding any other provision of law," and "all laws in conflict with this law are hereby repealed."

Tables 11–19 cover all other cases in which prior laws or other Federal instruments are mentioned in the text of the public laws in this volume, without regard to the purpose underlying such reference.

In each of the basic groups the first and largest table is entitled "General Legislation," and contains listings of all laws affected which have not been codified in the Revised Statutes, the Internal Revenue Codes, or in those titles of the United States Code which have been enacted into positive law. Succeeding tables cover these codified provisions, as well as other instruments such as reorganization plans, veterans' regulations, Executive orders and proclamations, and treaties and international agreements. The numbering of the tables in the two groups is parallel. Thus Table 2 and Table 12 both relate to the Revised Statutes; Table 7 and Table 17 both relate to veterans' regulations.

Table 1 is arranged chronologically. In preparing this table the "basic act" principle has been followed. Under this principle the key listing of amendatory legislation will be found under the basic act affected, rather than under intervening amendments thereto. Furthermore, all laws included are treated as if tables covering prior volumes of the United States Statutes at Large were in existence. Thus, no attempt is made to give an historical picture of a law, and only the latest amendment in the chain will be reflected. Occasionally, to promote clarity, cross references have been supplied at key points.

Users of Table 1 should, therefore, look under the date, public law number, or statutes volume and page number of the basic act affected, in order to determine whether changes have been made by the public laws contained in this volume. Although a given section of any act may have been added at a later date, the section is carried under the date and statutes citation of the basic act. For this reason the page numbers in the column headed "Statutes volume and page" are the numbers of the page on which each act begins.

All tables are arranged chronologically, except where the existence of a system of codification makes possible a sequential arrangement from the lowest to the highest title or section number. In Tables 1–10 there is a "Comment" column, in which the nature of the affecting action is described. These are editorial comments, intended to reflect what is patent in the laws reviewed, and every effort has been made to avoid interpretations.

In Tables 11–19 the "Comment" column is unnecessary, since in each instance the comment would be "Cited" or "Referred to." In these tables, moreover, the number of columns has been held to a minimum in the interest of brevity. Thus Table 11 contains only three columns listing the date and number of the law referred to, and the page number in this volume at which the reference may be found.

Caveat.

All the tables are editorially compiled and presented as reference guides only. Hence they have no evidentiary status or legal effect. Indirect or implied relationships are not included. These may be found through use of the Subject Index or through research based on the text itself.

The Office of the Federal Register invites criticisms or suggestions with a view to improving the tables wherever possible.
