Overview of This Information Collection

Title: Collection of Advance Information from Certain Undocumented Individuals on the Land Border.

OMB Number: 1651-0140.

Form Number: N/A.

Current Actions: Reinstatement with change.

Type of Review: Reinstatement with change.

Affected Public: Individuals.

Abstract: The Department of Homeland Security (DHS), in consultation with U.S. Customs and Border Protection (CBP), has established a process to streamline the processing of undocumented noncitizens under Title 8 of the United States Code at certain ports of entry (POEs), as these individuals require secondary processing upon their arrival, which takes longer than when individuals arrive with sufficient travel documentation.

CBP is proposing extending and amending this data collection, which was established on an emergency basis on May 3, 2021. This data collection expands on the previous collection process for persons who may warrant an exception to the CDC's *Order Suspending the Right To Introduce Certain Persons from Countries Where a Quarantinable Communicable Disease Exists* (“CDC Order”) (85 FR 65806), to include undocumented noncitizens who will be processed under Title 8 at the time they arrive at the POE after the CDC Order is rescinded, in whole or in part. The purpose is to continue to achieve efficiencies to process undocumented noncitizens under Title 8 upon their arrival at the POE, consistent with public health protocols, space limitations, and other restrictions.

CBP collects certain biographic and biometric information from undocumented noncitizens prior to their arrival at a POE, to streamline their processing at the POE. The requested information is that which CBP would

otherwise collect from these individuals during primary and/or secondary processing. This information is voluntarily provided by undocumented noncitizens, directly or through non-governmental organizations (NGOs) and international organizations (IOs). Providing this information is not a prerequisite for processing under Title 8, but reduces the amount of data entered by CBP Officers (CBPOs) and the length of time an undocumented noncitizen remains in CBP custody.

The biographic and biometric information being collected in advance, that would otherwise be collected during primary and/or secondary processing at the POEs includes, but is not limited to, descriptive information such as: Name, Date of Birth, Country of Birth, City of Birth, Country of Residence, Contact Information, Addresses, Nationality, Employment history (optional), Travel history, Emergency Contact (optional), U.S. and foreign addresses, Familial Information (optional), Marital Status (optional), Identity Document (not a Western Hemisphere Travel Initiative (WHTI) compliant document) (optional), Gender, Preferred Language, Height, Weight, Eye color and Photograph.

This information is submitted to CBP by undocumented noncitizens (directly or through NGOs and IOs) on a voluntary basis, for the purpose of facilitating and implementing CBP's mission. This collection is consistent with DHS' and CBP's authorities, including under 6 U.S.C. 202 and 211(c). Pursuant to these sections, DHS and CBP are generally charged with “[s]ecuring the borders, territorial waters, ports, terminals, waterways, and air, land, and sea transportation systems of the United States,” and “implement[ing] screening and targeting capabilities, including the screening, reviewing, identifying, and prioritizing of passengers and cargo across all international modes of transportation, both inbound and outbound.”

Proposed Changes:

This information collection is being changed to require the submission of the photograph—previously optional—for all who choose to provide advance information. The submission of a photograph in advance will provide CBPOs with a mechanism to match a noncitizen who arrives at the POE with the photograph submitted in advance, therefore identifying those individuals, and verifying their identity. The photograph is particularly important for identity verification once NGOs/IOs are no longer facilitating the presentation of all individuals for CBP processing (NGOs/IOs will be able to continue

assisting for some individuals but others will be able to participate on their own).

CBP will also allow individuals to request to present themselves for processing at a specific POE on a specific day and time, although such a request does not guarantee that an individual will be processed at a given time. Individuals will have the opportunity to modify their requests within the CBP One™ application to an alternate day or time. In all cases, CBP will inspect, and process individuals based on available capacity at the POE. This new functionality does not require the collection of new Personal Identifiable Information (PII) data elements.

Type of Information Collection:
Advance Information on Undocumented Travelers.

Estimated Number of Respondents:
91,250.

Estimated Number of Annual Responses per Respondent: 1.

Estimated Number of Total Annual Responses: 91,250.

Estimated Time per Response: 16 minutes.

Estimated Total Annual Burden Hours: 24,333.

Dated: December 21, 2021.

Seth D. Renkema,

*Branch Chief, Economic Impact Analysis
Branch, U.S. Customs and Border Protection.*
