“(1) Level I.—Coverage level I shall be available only to those producers who do not purchase insurance at coverage levels II, III, or IV and shall provide for the indemnification of those producers for losses in yield to the extent that such losses exceed 65 percent of the determined yield of the commodity for the farm, as established under subsection (b).
“(2) Levels II, III, and IV.—Coverage levels II, III, and IV shall provide for the indemnification of producers for those losses in yield to the extent that such losses exceed 50, 35, and 25 percent, respectively, of—

“(A) the average proven yield on the farm for a representative period based on the actual production history of the farm, as determined from the producer’s records; or

Use of such higher yield shall be subject to an additional premium for the coverage at such a rate as the Board determines appropriate to accurately reflect the increased risk involved and that the Board determines to be actuarially sufficient to cover claims for losses on such insurance and to establish a reasonable reserve against unforeseen losses. No premium subsidy or administrative subsidy may be provided by the Corporation in connection with any additional coverage provided under this subsection.

“(d) PRICE ELECTIONS.—The Corporation shall establish a high and low price election for each agricultural
commodity for which insurance is available under this title. The high price shall not be less than the projected market price of the commodity. Coverage levels II, III, and IV shall be available to producers at any price election that is equal to or less than the high price election and shall be quoted in terms of dollars per acre coverage that may be purchased. SEC. 4001. SHORT TITLE; REFERENCES.

(a) SHORT TITLE.—This subtitle may be cited as the “Student Loan Reform Act of 1993”.

(b) REFERENCES.—References in this subtitle to “the Act” are references to the Higher Education Act of 1965 (20 U.S.C. 1001 et seq.).

SEC. 4002. FEDERAL DIRECT STUDENT LOAN PROGRAM.

Part D of title IV of the Act (20 U.S.C. 1087a et seq.) is amended to read as follows:

“PART D—FEDERAL DIRECT STUDENT LOAN PROGRAM

SEC. 451. PURPOSE; PROGRAM AUTHORIZATION.

“(a) PURPOSE.—It is the purpose of this part—

“(1) to simplify the delivery of student loans to borrowers and eliminate borrower confusion;

“(2) to provide a variety of repayment plans, including income contingent repayment through the EXCEL Account, to borrowers so that they have flexibility in managing their student loan repayment obligations, and so that those obligations do not
foreclose community service-oriented career choices
for those borrowers;

“(3) to replace, through an orderly transition,
the Federal Family Education Loan Program under
part B of this title with the Federal Direct Student
Loan Program under this part;

“(4) to avoid the unnecessary cost, to taxpayers
and borrowers, and administrative complexity associ-
ated with the Federal Family Education Loan Pro-
gram under part B of this title through the use of
a direct student loan program; and

“(5) to create a more streamlined student loan
program that can be managed more effectively at
the Federal level.

“(b) PROGRAM AUTHORITY.—There are hereby made
available, in accordance with the provisions of this part,
such sums as may be necessary to make loans to all eligi-
ble students in attendance at participating institutions of
higher education selected by the Secretary (and the eligi-
ble parents of such students), to enable such students to
pursue their courses of study at such institutions during
the period beginning July 1, 1994. Such loans shall be
made by participating institutions that have agreements
with the Secretary to originate loans, or by alternative
originators designated by the Secretary to make loans for
students in attendance at participating institutions (and their parents).

“SEC. 452. FUNDS FOR ORIGINATION OF DIRECT STUDENT LOANS.

“(a) IN GENERAL.—The Secretary shall provide, on the basis of the need and the eligibility of students at each participating institution, and parents of such students, for such loans, funds for student and parent loans under this part—

“(1) directly to an institution of higher education that has an agreement with the Secretary under section 454(a) to participate in the direct student loan programs under this part and that also has an agreement with the Secretary under section 454(b) to originate loans under this part, or

“(2) through an alternative originator designated by the Secretary to students and parents of students attending institutions of higher education that have an agreement with the Secretary under section 454(a) but that do not have an agreement with the Secretary under section 454(b).

“(b) FEES FOR ORIGINATION SERVICES.—

“(1) FEES FOR INSTITUTIONS.—The Secretary shall pay fees to institutions of higher education (or a consortium of such institutions) with agreements
under section 454(b), in an amount established by
the Secretary, to assist in meeting the costs of loan
origination. Such fees—

“(A) shall be paid by the Secretary based
on all the loans made under this part to a par-
ticular borrower in the same academic year;

“(B) shall be subject to a sliding scale that
decreases the amount of such fees as the num-
ber of borrowers increases; and

“(C)(i) for academic year 1994–1995, shall
not exceed a program-wide average of $10 per
borrower for all the loans made under this part
in the same academic year; and

“(ii) for succeeding academic years, shall
not exceed such average fee as the Secretary
shall establish in regulations.

“(2) FEES FOR ALTERNATIVE ORIGINATORS.—
The Secretary shall pay fees for loan origination
services to alternative originators of loans made
under this part in an amount established by the Sec-
retary in accordance with the terms of the contract
between the Secretary and each such alternative
originator.

“(c) NO ENTITLEMENT TO PARTICIPATE OR ORIGI-
nate.—No institution of higher education shall have a
right to participate in the programs authorized by this part, to originate loans, or to perform any program function under this part. Nothing in this subsection shall be construed so as to limit the entitlement of an eligible student attending a participating institution (or the eligible parent of such student) to borrow under this part.

"SEC. 453. SELECTION OF INSTITUTIONS FOR PARTICIPATION AND ORIGINATION.

"(a) PHASE-IN OF PROGRAM.—

“(1) GENERAL AUTHORITY.—The Secretary shall enter into agreements pursuant to section 454(a) with institutions of higher education to participate in the direct student loan programs under this part, and agreements pursuant to section 454(b) with institutions of higher education to originate loans in such programs, for academic years beginning on or after July 1, 1994. Alternative origination services, through which an entity other than the participating institution at which the student is in attendance originates the loan, shall be provided by the Secretary, through one or more contracts under section 456 or such other means as the Secretary may provide, for students attending participating institutions that do not originate direct student loans under this part. Such agreements for the
first year of the program shall, to the extent feasible, be entered into not later than January 1, 1994.

“(2) Transition provisions.—In order to ensure an expeditious but orderly transition from the loan programs under part B of this title to the direct student loan programs under this part, the Secretary shall, in the exercise of his or her discretion, determine the number of institutions with which he or she shall enter into agreements under sections 454 (a) and (b) for any academic year, except that the Secretary shall exercise such discretion so as to achieve the following goals:

“(A) for academic year 1994–1995, loans made under this part shall represent 4 percent of the sum of new student loan volume under this part and part B of this title;

“(B) for academic year 1995–1996, loans made under this part shall represent 25 percent of the sum of new student loan volume under this part and part B of this title;

“(C) for academic year 1996–1997, loans made under this part shall represent 60 percent of the sum of new student loan volume under this part and part B of this title; and
“(D) for academic year 1997–1998, loans made under this part shall represent 100 percent of the sum of new student loan volume under this part and part B of this title.

“(3) CASH MANAGEMENT.—The requirements of the Cash Management Improvement Act of 1990 (Public Law 101–453) shall apply to the program under this part only to the extent specified in a schedule established by the Secretaries of Education and the Treasury, except that such schedule shall provide for the application of all such requirements not later than July 1, 1998.

“(b) SELECTION CRITERIA FOR PARTICIPATION.—

“(1) APPLICATION.—Each institution of higher education desiring to participate in the direct student loan program under this part shall submit an application satisfactory to the Secretary containing such information and assurances as the Secretary may require.

“(2) AGREEMENT.—When the program authorized under this part is fully implemented, the Secretary shall enter into agreements under section 454(a) with institutions that submit applications in accordance with paragraph (1).
“(3) Transition selection criteria.—Until such full implementation, the Secretary shall select institutions for participation in the direct student loan program under this part, and shall enter into agreements with them under section 454(a), from among those institutions that submit the applications described in paragraph (1), and meet such other eligibility requirements as the Secretary may prescribe, by—

“(A)(i) categorizing such institutions according to anticipated loan volume, length of academic program, and control of the institution; and

“(ii) selecting institutions that are reasonably representative of the respective categories; and

“(B) if needed to carry out the purposes of this part, selecting additional institutions.

“(c) Selection criteria for origination.—

“(1) In general.—The Secretary may enter into a supplemental agreement with an institution (or a consortium of such institutions) that—

“(A) has an agreement under subsection 454(a);
“(B) desires to originate loans under this part; and

“(C) meets the criteria specified in paragraph (2).

“(2) TRANSITION SELECTION CRITERIA.—For academic year 1994–1995, the Secretary may approve an institution to originate loans only if such institution—

“(A) made loans under part E of this title in academic year 1993–1994 and did not exceed the applicable maximum default rate under section 464(g) for the most recent fiscal year for which data are available;

“(B) is not on the reimbursement system of payment for any of the programs under subpart 1 or 3 of part A, part C, or part E;

“(C) is not overdue on program or financial reports or audits required under this title;

“(D) is not subject to an emergency action, or a limitation, suspension, or termination under section 428(b)(1)(T), 432(h), or 487(c);

“(E) in the opinion of the Secretary, has not had significant deficiencies identified by the State postsecondary review entity under subpart 1 of part H of this title;
“(F) in the opinion of the Secretary, has not had severe performance deficiencies for any of the programs under this title, including those demonstrated by audits or program reviews submitted or conducted during the 5 calendar years immediately preceding the date of application;

“(G) provides an assurance that it has no delinquent outstanding debts to the United States, unless such debts are being repaid under or in accordance with a repayment arrangement satisfactory to the United States, or the Secretary in his or her discretion determines that the existence or amount of such debts has not been finally determined by the cognizant Federal agency or agencies; and

“(H) meets such other criteria as the Secretary may establish to protect the financial interest of the United States and to promote the purposes of this part.

“(3) REGULATIONS GOVERNING APPROVAL AFTER TRANSITION.—For academic year 1995–1996 and subsequent academic years, the Secretary shall publish regulations governing the approval of institutions to originate loans.
“(d) CONSORTIA.—Subject to such requirements as
the Secretary may prescribe, eligible institutions of higher
education with agreements under section 454(a) may
apply as consortia to originate loans under this part for
students in attendance at such institutions. Such institu-
tions shall each be required to meet the requirements of
subsection (c) with respect to loan origination.

“SEC. 454. AGREEMENTS WITH INSTITUTIONS.

“(a) PARTICIPATION AGREEMENTS.—An agreement
with any institution of higher education for participation
in the direct student loan program under this part shall—

“(1) provide for the establishment and mainte-
nance of a direct student loan program at the insti-
tution under which the institution will—

“(A) identify eligible students who seek
student financial assistance at such institution
in accordance with section 484;

“(B) estimate the need of each such stu-
dent as required by part F of this title for an
academic year, provided that any loan obtained
by a student under this part with the same
terms (except as otherwise provided in this
part) as loans made under section 428A or
428H, or a loan obtained by a parent under
this part with the same terms (except as other-
wise provided in this part) as loans made under section 428B, or obtained under any State-sponsored or private loan program, may be used to offset the expected family contribution of the student for that year;

“(C) provide a statement that certifies the eligibility of any student to receive a loan under this part that is not in excess of the annual or aggregate limit applicable to the amount of such loan, except that the institution may, in exceptional circumstances specified in regulations prescribed by the Secretary, refuse to certify a statement that permits a student to receive a loan under this part, or certify a loan amount that is less than the student’s determination of need (as determined under part F of this title), if the reason for such action is documented and provided in written form to such student;

“(D) set forth a schedule for disbursement of the proceeds of the loan in installments, consistent with the requirements of section 428G (other than subsection (b)(1) of such section); and
“(E) provide timely and accurate information—

“(i) concerning the status of student borrowers (and students on whose behalf parents borrow under this part) while such students are in attendance at the institution and concerning any new information of which the institution becomes aware for such students (or their parents) after they leave the institution, to the Secretary for the servicing and collecting of loans made under this part; and

“(ii) if the institution does not have an agreement with the Secretary under subsection (b), concerning student eligibility and need, as determined under subparagraphs (A) and (B), to the Secretary as needed for the alternative origination of loans to eligible students and parents in accordance with this part;

“(2) provide assurances that the institution will comply with requirements established by the Secretary relating to student loan information with respect to loans made under this part;
“(3) provide that the institution accepts responsibility and financial liability stemming from its failure to perform its functions pursuant to the agreement;

“(4) provide that students at the institution and their parents (with respect to such students) will not be eligible to participate in the programs under part B of this title for the period during which such institution participates in the direct student loan program under this part;

“(5) provide for the implementation of a quality assurance system, as established by the Secretary, to ensure that the institution is complying with program requirements and meeting program objectives;

“(6) provide that the institution will not charge any fees of any kind, however described, to student or parent borrowers for origination activities or the provision of any information necessary for a student or parent to receive a loan under this part, or any benefits associated with such loan; and

“(7) include such other provisions as the Secretary determines are necessary to protect the interests of the United States and to promote the purposes of this part.
“(b) ORIGINATION.—An agreement with any institution of higher education for the origination of loans under this part shall—

“(1) supplement the agreement entered into in accordance with subsection (a);

“(2) include provisions established by the Secretary that are similar to the participation agreement provisions described in paragraphs (1)(E)(ii), (2), (3), (4), (5), (6), and (7) of subsection (a), as modified to relate to the origination of loans by the institution;

the Secretary shall charge the borrower of a loan made
under this part a loan fee of 3.65 percent of the principal amount of the loan.

“(d) Repayment Plans.—

“(1) Design and Selection.—Consistent with criteria established by the Secretary, the Secretary shall offer to a borrower of a loan made under this part a variety of plans for repayment of such loan, including principal and interest on the loan. The borrower shall be entitled to accelerate, without penalty, repayment on his or her loans. The borrower may choose—

“(A) a standard repayment plan, with a fixed annual repayment amount paid over a fixed period of time, consistent with subsection (a)(1) of this section;

“(B) an extended repayment plan, with a fixed annual repayment amount paid over an extended period of time, provided that the borrower annually repays a minimum amount determined by the Secretary, consistent with the requirements of section 428(b)(1)(L);

“(C) a graduated repayment plan, with annual repayment amounts established at two or more graduated levels and paid over a fixed or extended period of time, provided that any of
the borrower’s scheduled payments shall not be
less than 50 percent, nor more than 150 per-
cent, of what the amortized payment on the
amount owed would be if the loan were repaid
under the standard repayment plan; and

“(D) except for the borrower of a Federal
Direct PLUS Loan, an income contingent re-
payment plan known as the ‘EXCEL Account,’
with varying annual repayment amounts based
on the income of the borrower, paid over an ex-
tended period of time, not to exceed a maxi-
mum length of time determined by the Sec-
retary.

“(2) SELECTION BY SECRETARY.—If a bor-
rower of a loan made under this part does not select
a repayment plan described in paragraph (1), the
Secretary may provide the borrower with a repay-
ment plan described in subparagraph (A), (B), or
(C) of paragraph (1).

“(3) CHANGES IN SELECTIONS.—The borrower
of a loan made under this part may change his or
her selection of a repayment plan under paragraph
(1), or the Secretary’s selection of a plan for the
borrower under paragraph (2), as the case may be,
under such terms and conditions as may be estab-
lished by the Secretary.

“(4) ALTERNATIVE REPAYMENT PLANS.—The
Secretary may provide, on a case-by-case basis, an
alternative repayment plan to a borrower of a loan
under this part who demonstrates to the satisfaction
of the Secretary that the terms and conditions of the
repayment plans available under paragraph (1) are
not adequate to accommodate the borrower’s excep-
tional circumstances. In designing such alternative
repayment plans, the Secretary shall ensure that
such plans do not exceed the cost to the Federal
Government, as determined on the basis of the
present value of future payments by such borrowers,
of loans made using the plans available under para-
graph (1).

“(5) REPAYMENT AFTER DEFAULT.—The Sec-
retary may require any borrower who has defaulted
on a loan made under this part to—

“(A) pay all reasonable collection costs as-
associated with such loan; and

“(B) repay the loan pursuant to an
EXCEL Account in accordance with subsection
(e).

“(e) REPAYMENT THROUGH EXCEL ACCOUNTS.—
“(1) INFORMATION AND PROCEDURES.—The Secretary may obtain such information as is reasonably necessary regarding the income of a borrower (and the borrower’s spouse, if applicable) of a loan made under this part that is, or may be, repaid pursuant to an EXCEL Account for the purpose of determining the annual repayment obligation of the borrower. Return and return information (as defined in section 6103 of the Internal Revenue Code of 1986) may be obtained under the preceding sentence only to the extent authorized by section 6103(l)(13) of such Code. The Secretary shall establish procedures for determining the borrower’s repayment obligation on that loan for such year, and such other procedures as are necessary to implement effectively repayment pursuant to an EXCEL Account.

“(2) REPAYMENT BASED ON ADJUSTED GROSS INCOME.—A repayment schedule for a loan made under this part and repaid pursuant to an EXCEL Account shall be based on adjusted gross income (as defined in section 62 of the Internal Revenue Code of 1986, 26 U.S.C. 62) of the borrower or, if the borrower is married and files a Federal income tax return jointly with his or her spouse, on adjusted gross income of the borrower and his or her spouse.
“(3) ADDITIONAL DOCUMENTS.—A borrower who chooses, or is required, to repay a loan made under this part pursuant to an EXCEL Account, and for whom adjusted gross income is unavailable or does not reasonably reflect his or her current income, shall provide to the Secretary other documentation of income satisfactory to the Secretary, which documentation the Secretary may use to determine an appropriate repayment schedule.

“(4) REPAYMENT SCHEDULES.—EXCEL Account repayment schedules shall be established by the Secretary through regulations and shall require payments measured as a percentage of the appropriate portion of the annual income of the borrower (and the borrower’s spouse, if applicable) as determined by the Secretary.

“(5) CALCULATION OF BALANCE DUE.—The balance due on a loan made under this part that is repaid pursuant to an EXCEL Account shall equal the unpaid principal amount of the loan, any accrued interest, and any fees, such as late charges, assessed on such loan. The Secretary may limit by regulation the amount of interest that may be capitalized on such loan, and the timing of any such capitalization.
“(6) NOTIFICATION TO BORROWERS.—The Secretary shall establish procedures under which a borrower of a loan made under this part who chooses or is required to repay such loan pursuant to an EXCEL Account is notified of the terms and conditions of such plan, including notification of such borrower—

“(A) that the Internal Revenue Service will disclose to the Secretary tax return information as authorized under section 6103(l)(13) of the Internal Revenue Code of 1986; and

“(B) that if a borrower considers that special circumstances, such as a loss of employment by the borrower or his or her spouse, warrant an adjustment in the borrower’s loan repayment as determined using the information described in subparagraph (A), or the alternative documentation described in paragraph (3), the borrower may contact the Secretary, who shall determine whether such adjustment is appropriate, in accordance with criteria established by the Secretary.

“(f) DEFERMENT.—

“(1) EFFECT ON PRINCIPAL AND INTEREST.—

A borrower of a loan made under this part who
meets the requirements described in paragraph (2) shall be eligible for a deferment, during which periodic installments of principal need not be paid, and interest—

“(A) shall not accrue, in the case of a Federal Direct Student Loan or a Federal Direct Consolidation Loan that consolidated only Federal Direct Student Loans, or a combination of such loans and Federal Student Loans for which the student borrower received an interest subsidy under section 428; or

“(B) shall accrue and be capitalized or paid by the borrower, in the case of a Federal Direct Supplemental Loan for Students loan, a Federal Direct PLUS Loan, a Federal Direct Unsubsidized Student Loan, or a Federal Direct Consolidation Loan other than those described in subparagraph (A).

“(2) ELIGIBILITY.—A borrower of a loan made under this part shall be eligible for a deferment during any period—

“(A) during which the borrower—

“(i) is pursuing at least a half-time course of study at an eligible institution, as determined by such institution; or
“(ii) is pursuing a course of study pursuant to a graduate fellowship program approved by the Secretary, or pursuant to a rehabilitation training program for individuals with disabilities approved by the Secretary, except that no borrower shall be eligible for a deferment under this subparagraph, or a loan made under this part (other than a Federal Direct PLUS Loan, or a Federal Direct Consolidation Loan), while serving in a medical internship or residency program;

“(B) not in excess of 3 years during which the borrower is seeking and unable to find full-time employment; or

“(C) not in excess of 3 years during which the Secretary determines, in accordance with regulations prescribed under section 435(o), that the borrower has experienced or will experience an economic hardship, regardless of the reason for such hardship.

“(g) FEDERAL DIRECT CONSOLIDATION LOANS.—A borrower of a loan made under this part may consolidate such loan with the loans described in subsections (a)(4) and (d)(1)(C) of section 428C only under the terms and
conditions established by the Secretary under this part.

Loans made under this subsection shall be known as ‘Federal Direct Consolidation Loans’.

“(h) Borrower Defenses.—Notwithstanding any other provision of State or Federal law, the Secretary shall specify in regulations (except as authorized under section 458(a)) which acts or omissions of an institution of higher education a borrower may assert as a defense to repayment of a loan made under this part, except that in no event may a borrower recover from the Secretary, in any action arising from or relating to a loan made under this part, an amount in excess of the amount such borrower has repaid on such loan.

“(i) Nondischargeability in Bankruptcy.—Notwithstanding any other provision of law, a loan made under this part shall not be dischargeable in bankruptcy.

“Sec. 456. Contracts.

“(a) Contracts for Supplies and Services.—

“(1) In General.—The Secretary may award one or more contracts for services and supplies under subsection (b). The entities with which the Secretary may enter into such contracts may include, but are not limited to, agencies with agreements with the Secretary under sections 428(b) and (c), if such agencies are otherwise qualified and com-
ply with the procedures applicable to the award of such contracts.

Subtitle C—Communications Licensing Improvement

SEC. 5200. TABLE OF CONTENTS.

The table of contents is as follows:
CHAPTER 1—COMPETITIVE BIDDING AUTHORITY

SEC. 5201. SHORT TITLE.

This chapter may be cited as the “Licensing Improvement Act of 1993”.

SEC. 5202. FINDINGS.

The Congress finds that—

(1) current licensing procedures often delay delivery of services to the public and can result in the unjust enrichment of applicants on the basis of the value of the public airwaves;

(2) if licensees are engaged in reselling the use of the public airwaves to subscribers for a fee, the
licensee should pay reasonable compensation to the
public for those public resources;

(3) a carefully designed system to obtain com-
petitive bids from competing qualified applicants can
speed delivery of services, promote efficient and in-
tensive use of the electromagnetic spectrum, prevent
unjust enrichment, and produce revenues to com-
pensate the public for the use of the public airwaves;
and

(4) therefore, the Federal Communications
Commission should have the authority to differenti-
tate among multiple qualified applicants for a single
license using a system of competitive bids.

SEC. 5203. AUTHORITY TO USE COMPETITIVE BIDDING.

Section 309 of the Communications Act of 1934 (47
U.S.C. 309) is amended by adding at the end the following
new subsection:

“(j) USE OF COMPETITIVE BIDDING.—

“(1) GENERAL AUTHORITY.—If mutually exclu-
sive applications are filed for any initial license or
construction permit which will involve a use of the
electromagnetic spectrum described in paragraph
(2), then the Commission shall have the authority to
grant such license or permit to a qualified applicant
through the use of a system of competitive bidding that meets the requirements of this subsection.

“(2) USES TO WHICH BIDDING MAY APPLY.—A use of the electromagnetic spectrum is described in this paragraph if the Commission determines that—

“(A) the principal use of such spectrum will involve, or is reasonably likely to involve, the licensee receiving compensation from subscribers in return—

“(i) for the licensee enabling those subscribers to receive communications signals that are transmitted utilizing frequencies on which the licensee is licensed to operate; or

“(ii) for the licensee enabling those subscribers to transmit directly communications signals utilizing frequencies on which the licensee is licensed to operate; and

“(B) a system of competitive bidding will promote the objectives described in paragraph (3).

“(3) DESIGN OF SYSTEMS OF COMPETITIVE BIDDING.—For each license or permit, or class of licenses or permits, that the Commission grants
through the use of a competitive bidding system, the
Commission shall, by rule, establish a competitive
bidding methodology. The Commission shall seek to
design and test multiple alternative methodologies
under appropriate circumstances. In identifying li-
censes and permits to be issued by competitive bid-
ding, in specifying eligibility and other characteris-
tics of such licenses and permits, and in designing
the methodologies for use under this subsection, the
Commission shall seek to promote the purposes
specified in section 1 of this Act and the following
objectives:

“(A) the development and rapid deploy-
ment of new technologies, products, and serv-
ices for the benefit of the public, including
those residing in rural areas, without adminis-
trative or judicial delays;

“(B) promoting economic opportunity and
competition and ensuring that new and innova-
tive technologies are readily accessible to the
American people by avoiding excessive con-
centration of licenses and by disseminating li-
censes among a wide variety of applicants, in-
cluding small businesses and businesses owned
by members of minority groups and women;
“(C) recovery for the public of a portion of
the value of the public spectrum resource made
available for commercial use and avoidance of
unjust enrichment through the methods em-
ployed to award uses of that resource; and

“(D) efficient and intensive use of the elec-
tromagnetic spectrum.

“(4) CONTENTS OF REGULATIONS.—In pre-
scribing rules pursuant to paragraph (3), the Com-
mission shall—

“(A) consider alternative payment sched-
ules and methods of calculation, including ini-
tial lump sums, installment or royalty pay-
ments, guaranteed annual minimum payments,
or other schedules or methods that promote the
objectives described in paragraph (3)(B), and
combinations of such schedules and methods;

“(B) include performance requirements,
such as appropriate deadlines and penalties for
performance failures, to ensure prompt delivery
of service to rural areas, to prevent stockpiling
or warehousing of spectrum by licensees or per-
mittees, and to promote investment in and
rapid deployment of new technologies and serv-
ices;
“(C) consistent with the public interest, convenience, and necessity, the purposes of this Act, and the characteristics of the proposed service, prescribe area designations and bandwidth assignments that promote (i) an equitable distribution of licenses and services among geographic areas, (ii) economic opportunity for a wide variety of applicants, including small businesses and businesses owned by members of minority groups and women, and (iii) investment in and rapid deployment of new technologies and services; and

“(D) require such transfer disclosures and antitrafficking restrictions and payment schedules as may be necessary to prevent unjust enrichment as a result of the methods employed to issue licenses and permits.

“(5) BIDDER AND LICENSEE QUALIFICATION.—

No person shall be permitted to participate in a system of competitive bidding pursuant to this subsection unless such bidder submits such information and assurances as the Commission may require to demonstrate that such bidder’s application is acceptable for filing. No license shall be granted to an applicant selected pursuant to this subsection unless
the Commission determines that the applicant is qualified pursuant to subsection (a) and sections 308(b) and 310. Consistent with the objectives described in paragraph (3), the Commission shall, by rule, prescribe expedited procedures consistent with the procedures authorized by subsection (i)(2) for the resolution of any substantial and material issues of fact concerning qualifications.

“(6) RULES OF CONSTRUCTION.—Nothing in this subsection, or in the use of competitive bidding, shall—

“(A) limit or otherwise affect the requirements of subsection (h) of this section, section 301, 304, 307, 310, or 706, or any other provision of this Act (other than subsections (d)(2) and (e) of this section);

“(B) be construed to convey any rights, including any expectation of renewal of a license, that differ from the rights that apply to other licenses within the same service that were not issued pursuant to this subsection; or

“(C) be construed to prohibit the Commission from issuing nationwide licenses or permits.
“(7) LIMITATION OF EFFECT ON ALLOCATION DECISIONS.—In making a decision pursuant to section 303(c) to assign a band of frequencies to a use for which licenses or permits will be issued pursuant to this subsection, and in prescribing regulations pursuant to paragraph (4)(A) and (4)(C) of this subsection, the Commission may not base a finding of public interest, convenience, and necessity solely or predominantly on the expectation of Federal revenues from the use of a system of competitive bidding under this subsection.

“(8) TREATMENT OF REVENUES.—All proceeds from the use of a competitive bidding system under this subsection shall be deposited in the Treasury in accordance with chapter 33 of title 31, United States Code. A license or permit issued by the Commission under this section shall not be treated as the property of the licensee for tax purposes by any State or local government entity.

“(9) TERMINATION; EVALUATION.—The authority of the Commission to grant a license or permit under this subsection shall expire September 30, 1998. Not later than September 30, 1997, the Commission shall conduct a public inquiry and submit to the Congress a report—
“(A) describing the methodologies established by the Commission pursuant to paragraphs (3) and (4);

“(B) comparing the relative advantages and disadvantages of such methodologies in terms of attaining the objectives described in such paragraphs;

“(C) evaluating the extent to which such methodologies have secured prompt delivery of service to rural areas; and

“(D) containing a statement of the revenues obtained, and a projection of the future revenues, from the use of competitive bidding systems under this subsection.”.

SEC. 5204. CONFORMING AMENDMENTS.

Section 309 of the Communications Act of 1934 is further amended—

(1) by striking subsection (i)(1) and inserting the following:

“(i) RANDOM SELECTION.—

“(1) GENERAL AUTHORITY.—If—

“(A) there is more than one application for any initial license or construction permit which will involve a use of the electromagnetic spectrum; and

...
“(B) the Commission has determined that
the use is not described in subsection (j)(2)(A);
then the Commission shall have the authority to
grant such license or permit to a qualified applicant
through the use of a system of random selection.”;

(2) in paragraph (2)—

SEC. 5205. REGULATORY PARITY.

(a) Amendment.—Section 332 of the Communications Act of 1934 (47 U.S.C. 332) is amended—

(1) by striking “PRIVATE LAND” from the heading of the section; and

(2) by amending striking subsection (c) and inserting the following:

“(c) REGULATORY TREATMENT OF MOBILE SERVICES.—

“(1) COMMON CARRIER TREATMENT OF COMMERCIAL MOBILE SERVICES.—(A) A person engaged in the provision of commercial mobile services shall, in so far as such person is so engaged, be treated as
a common carrier for purposes of this Act, except for such provisions of title II as the Commission may, consistent with the public interest, specify as inapplicable by rule. In prescribing any such rule, the Commission may not specify section 201, 202, or 208, or any other provision that the Commission determines to be necessary in order to ensure that the charges, practices, classifications, or regulations for or in connection with commercial mobile services are just and reasonable and are not unjustly or unreasonably discriminatory or is otherwise in the public interest.

“(B) Upon reasonable request of any person providing commercial mobile service, the Commission shall order a common carrier to establish physical connections with such service pursuant to the provisions of section 201 of this Act. Except to the extent that the Commission is required to respond to such a request, this subparagraph shall not be construed as a limitation or expansion of the Commission’s authority to order interconnection pursuant to this Act.

“(2) NONCOMMON CARRIER TREATMENT OF PRIVATE LAND MOBILE SERVICES.—A person engaged in private land mobile service shall not, inso-
far as such person is so engaged, be treated as a common carrier for any purpose under this Act. A common carrier (other than a person that was treated as provider of private land mobile services prior to the enactment of the Licensing Improvement Act of 1993) shall not provide any dispatch service on any frequency allocated for common carrier service, except to the extent such dispatch service is provided on stations licensed in the domestic public land mobile radio service before January 1, 1982. The Commission may by regulation terminate, in whole or in part, the prohibition contained in the preceding sentence if the Commission determines that such termination will serve the public interest.

“(3) **STATE AUTHORITY TO REGULATE.**—(A) Notwithstanding sections 2(b) and 221(b), no State or local government shall have any authority to impose any rate or entry regulation upon any commercial mobile service or any private land mobile service, except that this paragraph shall not prohibit a State from regulating the other terms and conditions of commercial mobile services.

“(B) Notwithstanding subparagraph (A), a State may petition the Commission for authority to regulate the rates for any commercial mobile service
and the Commission shall grant such petition if such
State demonstrates that (i) such service is a sub-
stitute for land line telephone exchange service for a
substantial portion of the public within such State,
or (ii) market conditions with respect to such serv-
ices fail to protect subscribers adequately from un-
just and unreasonable rates or rates that are un-
justly or unreasonably discriminatory. The Commis-
sion shall provide reasonable opportunity for public
comment in response to such petition, and shall,
within 9 months after the date of its submission,
grant or deny such petition. If the Commission
grants such petition, the Commission shall authorize
the State to exercise under State law such authority
over rates, for such periods of time, as the Commis-
sion deems necessary to ensure that such rates are
just and reasonable and not unjustly or unreason-
ably discriminatory.

“(4) REGULATORY TREATMENT OF COMMU-
NICATIONS SATELLITE CORPORATION.—Nothing in
this subsection shall be construed to alter or affect
the regulatory treatment required by title IV of the
Communications Satellite of 1962 of the corporation
authorized by title III of such Act.

“(d) DEFINITIONS.—For purposes of this section—
“(1) the term ‘commercial mobile service’ means all mobile services (as defined in section 3(n)) that—

“(A) are provided for profit (i) to the public, (ii) on an indiscriminate basis, or (iii) to such broad classes of eligible users as to be effectively available to a substantial portion of the public; and

“(B) are interconnected (or have requested interconnection pursuant to paragraph (1)(B)) with the public switched network (as such terms are defined by regulation by the Commission); and

“(2) the term ‘private mobile service’ means any mobile service (as defined in section 3(n)) that is not a commercial mobile service.”.

way land mobile radio communications by
eligible users over designated areas of op-
eration, and (3) any service for which a li-
cense is required in a personal communica-
tions service established pursuant to the
proceeding entitled ‘Amendment of the
Commission’s Rules to Establish New Per-

(e) SPECIAL RULE.—The Federal Communications Commission shall not issue any license or permit pursuant to section 309(i) of the Communications Act of 1934 after the date of enactment of this Act unless the Commission has made the determination required by paragraph (1)(B) of such section (as added by this chapter).
CHAPTER 2—EMERGING

TELECOMMUNICATIONS TECHNOLOGIES

SEC. 5221. SHORT TITLE.

This chapter may be cited as the “Emerging Telecommunications Technologies Act of 1993”.

SEC. 5222. AMENDMENT TO THE NATIONAL TELECOMMUNICATIONS AND INFORMATION ADMINISTRATION ORGANIZATION ACT.

The National Telecommunications and Information Administration Organization Act is amended—

(1) by striking the heading of part B and inserting the following:

“PART D—SPECIAL AND TEMPORARY PROVISIONS”;

(2) by redesignating sections 131 through 135 as sections 151 through 155, respectively; and

(3) by inserting after part A the following new part:

“PART B—EMERGING TELECOMMUNICATIONS TECHNOLOGIES

“SEC. 111. FINDINGS.

“The Congress finds that—

“(1) the Federal Government currently reserves for its own use, or has priority of access to, approxi-
that is assigned for use pursuant to the Communications Act of 1934;

“(2) many of such frequencies are underutilized by Federal Government licensees;

“(3) the public interest requires that many of such frequencies be utilized more efficiently by Federal Government and non-Federal licensees;

“(4) additional frequencies are assigned for services that could be obtained more efficiently from commercial carriers or other vendors;

“(5) scarcity of assignable frequencies for licensing by the Commission can and will—

“(A) impede the development and commercialization of new telecommunications products and services;

“(B) limit the capacity and efficiency of the United States telecommunications systems;

“(C) prevent some State and local police, fire, and emergency services from obtaining urgently needed radio channels; and

“(D) adversely affect the productive capacity and international competitiveness of the United States economy;

“(6) a reassignment of these frequencies can produce significant economic returns; and
“(7) the Secretary of Commerce, the President, and the Federal Communications Commission should be directed to take appropriate steps to correct these deficiencies.

“SEC. 112. NATIONAL SPECTRUM PLANNING.

“(a) Planning Activities.—The Assistant Secretary and the Chairman of the Commission shall meet, at least biannually, to conduct joint spectrum planning with respect to the following issues—

“(1) the future spectrum requirements for public and private uses, including State and local government public safety agencies;

“(2) the spectrum allocation actions necessary to accommodate those uses; and

“(3) actions necessary to promote the efficient use of the spectrum, including spectrum management techniques to promote increased shared use of the spectrum that does not cause harmful interference as a means of increasing commercial access.

“(b) Reports.—The Assistant Secretary and the Chairman of the Commission shall submit a joint annual report to the Committee on Energy and Commerce of the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, the Secretary, and the Commission on the joint spectrum planning activi-
ties conducted under subsection (a) and recommendations for action developed pursuant to such activities.

“(c) REPORTING REQUIREMENTS.—The first annual report submitted after the date of the report by the advisory committee under section 113(d)(4) shall—

“(1) include an analysis of and response to that committee report; and

“(2) include an analysis of the effect on spectrum efficiency and the cost of equipment to Federal spectrum users of maintaining separate allocations for Federal Government and non-Federal Government licensees for the same or similar services.

“SEC. 113. IDENTIFICATION OF REALLOCABLE FREQUENCIES.

“(a) IDENTIFICATION REQUIRED.—The Secretary shall, within 24 months after the date of the enactment of this part, prepare and submit to the President and the Congress a report identifying bands of frequencies that—

“(1) are allocated on a primary basis for Federal Government use and eligible for licensing pursuant to section 305(a) of the Act (47 U.S.C. 305(a));

“(2) are not required for the present or identifiable future needs of the Federal Government;

“(3) can feasibly be made available, as of the date of submission of the report or at any time dur-
ing the next 15 years, for use under the Act (other
than for Federal Government stations under such
section 305);

“(4) will not result in costs to the Federal Gov-
ernment, or losses of services or benefits to the pub-
lic, that are excessive in relation to the benefits that
may be obtained by non-Federal licensees; and

“(5) are most likely to have the greatest poten-
tial for productive uses and public benefits under the
Act.

“(b) Minimum Amount of Spectrum Rec-
ommended.—

“(1) In general.—Based on the report re-
quired by subsection (a), the Secretary shall rec-
ommend for reallocation, for use other than by Fed-
eral Government stations under section 305 of the
Act (47 U.S.C. 305), bands of frequencies that span
a total of not less than 200 megahertz, that are lo-
cated below 6 gigahertz, and that meet the criteria
specified in paragraphs (1) through (4) of subsection
(a). The Secretary may not include, in such 200
megahertz, bands of frequencies that span more
than 20 megahertz and that are located between 5
and 6 gigahertz. If the report identifies (as meeting
such criteria) bands of frequencies spanning more
than 200 megahertz, the report shall identify and recommend for reallocation those bands (spanning not less than 200 megahertz) that meet the criteria specified in paragraph (5) of such subsection.

“(2) **Mixed uses permitted to be counted.**—Bands of frequencies which the Secretary’s report recommends be partially retained for use by Federal Government stations, but which are also recommended to be reallocated to be made available under the Act for use by non-Federal stations, may be counted toward the minimum spectrum required by paragraph (1) of this subsection, except that—

“(A) the bands of frequencies counted under this paragraph may not count toward more than one-half of the minimum required by paragraph (1) of this subsection;

“(B) a band of frequencies may not be counted under this paragraph unless the assignments of the band to Federal Government stations under section 305 of the Act (47 U.S.C. 305) are limited by geographic area, by time, or by other means so as to guarantee that the potential use to be made by such Federal Government stations is substantially less (as measured by geographic area, time, or otherwise) than the
potential use to be made by non-Federal stations; and

“(C) the operational sharing permitted under this paragraph shall be subject to coordination procedures which the Commission shall establish and implement to ensure against harmful interference.

“(c) CRITERIA FOR IDENTIFICATION.—

“(1) NEEDS OF THE FEDERAL GOVERNMENT.—

In determining whether a band of frequencies meets the criteria specified in subsection (a)(2), the Secretary shall—

“(A) consider whether the band of frequencies is used to provide a communications service that is or could be available from a commercial carrier or other vendor;

“(B) seek to promote—

“(i) the maximum practicable reliance on commercially available substitutes;

“(ii) the sharing of frequencies (as permitted under subsection (b)(2));

“(iii) the development and use of new communications technologies; and

“(iv) the use of nonradiating communications systems where practicable; and
“(C) seek to avoid—

“(i) serious degradation of Federal Government services and operations; and

“(ii) excessive costs to the Federal Government and users of Federal Government services.

“(2) FEASIBILITY OF USE.—In determining whether a frequency band meets the criteria specified in subsection (a)(3), the Secretary shall—

“(A) assume such frequencies will be assigned by the Commission under section 303 of the Act (47 U.S.C. 303) over the course of not less than 15 years;

“(B) assume reasonable rates of scientific progress and growth of demand for telecommunications services;

“(C) determine the extent to which the reallocation or reassignment will relieve actual or potential scarcity of frequencies available for licensing by the Commission for non-Federal use;

“(D) seek to include frequencies which can be used to stimulate the development of new technologies; and
“(E) consider the immediate and recurring costs to reestablish services displaced by the reallocation of spectrum.

“(3) ANALYSIS OF BENEFITS.—In determining whether a band of frequencies meets the criteria specified in subsection (a)(4), the Secretary shall consider—

“(A) the extent to which equipment is or will be available that is capable of utilizing the band;

“(B) the proximity of frequencies that are already assigned for commercial or other non-Federal use; and

“(C) the activities of foreign governments in making frequencies available for experimentation or commercial assignments in order to support their domestic manufacturers of equipment.

“(4) POWER AGENCY FREQUENCIES.—

“(A) ELIGIBLE FOR MIXED USE ONLY.—

The frequencies assigned to any Federal power agency may only be eligible for mixed use under subsection (b)(2) in geographically separate areas and shall not be recommended for the purposes of withdrawing that assignment. In
any case where a frequency is to be shared by an affected Federal power agency and a non-Federal user, such use by the non-Federal user shall, consistent with the procedures established under subsection (b)(2)(C), not cause harmful interference to the affected Federal power agency or adversely affect the reliability of its power system.

“(B) DEFINITION.—As used in this paragraph, the term ‘Federal power agency’ means the Tennessee Valley Authority, the Bonneville Power Administration, the Western Area Power Administration, or the Southwestern Power Administration.

“(d) PROCEDURE FOR IDENTIFICATION OF REALLOCABLE BANDS OF FREQUENCIES.—

“(1) SUBMISSION OF PRELIMINARY IDENTIFICATION TO CONGRESS.—Within 12 months after the date of the enactment of this part, the Secretary shall prepare and submit to the Congress a report which makes a preliminary identification of reallocable bands of frequencies which meet the criteria established by this section.

“(2) CONVENING OF ADVISORY COMMITTEE.—Not later than the date the Secretary submits the
report required by paragraph (1), the Secretary shall
convene an advisory committee to—

“(A) review the bands of frequencies identified in such report;

“(B) advise the Secretary with respect to
(i) the bands of frequencies which should be included in the final report required by subsection (a), and (ii) the effective dates which should be established under subsection (e) with respect to such frequencies;

“(C) receive public comment on the Secretary’s report and on the final report; and

“(D) prepare and submit the report required by paragraph (4).

The advisory committee shall meet at least monthly until each of the actions required by section 114(a) have taken place.

“(3) COMPOSITION OF COMMITTEE; CHAIRMAN.—The advisory committee shall include—

“(A) the Chairman of the Commission and the Assistant Secretary, and one other representative of the Federal Government as designated by the Secretary; and

“(B) representatives of—
“(i) United States manufacturers of spectrum-dependent telecommunications equipment;

“(ii) commercial carriers;

“(iii) other users of the electromagnetic spectrum, including radio and television broadcast licensees, State and local public safety agencies, and the aviation industry; and

“(iv) other interested members of the public who are knowledgeable about the uses of the electromagnetic spectrum.

A majority of the members of the committee shall be members described in subparagraph (B), and one of such members shall be designated as chairman by the Secretary.

“(4) RECOMMENDATIONS ON SPECTRUM ALLOCATION PROCEDURES.—The advisory committee shall, not later than 36 months after the date of the enactment of this part, submit to the Secretary, the Commission, the Committee on Energy and Commerce of the House of Representatives, and the Committee on Commerce, Science, and Transportation of the Senate, a report containing such recommendations as the advisory committee considers
appropriate for the reform of the process of allocating the electromagnetic spectrum between Federal and non-Federal use, and any dissenting views thereon.

"(e) Timetable for Reallocation and Limitation.—

"(1) Timetable Required.—The Secretary shall, as part of the report required by subsection (a), include a timetable that recommends immediate and delayed effective dates by which the President shall withdraw or limit assignments on the frequencies specified in the report.

"(2) Expedited Reallocation of Initial 30 MHz Permitted.—The Secretary may prepare and submit to the President a report which specifically identifies an initial 30 megahertz of spectrum that meets the criteria described in subsection (a) and that can be made available for reallocation immediately upon issuance of the report required by this section.

"(3) Delayed Effective Date.—The recommended delayed effective dates shall—

"(A) permit the earliest possible reallocation of the frequency bands, taking into account the requirements of section 115(1);
“(B) be based on the useful remaining life of equipment that has been purchased or contracted for to operate on identified frequencies;

“(C) be based on the need to coordinate frequency use with other nations; and

“(D) take into account the relationship between the costs to the Federal Government of changing to different frequencies and the benefits that may be obtained from commercial and other non-Federal uses of the reassigned frequencies.

“SEC. 114. WITHDRAWAL OF ASSIGNMENT TO FEDERAL GOVERNMENT STATIONS.

“(a) IN GENERAL.—The President shall—

“(1) within 6 months after receipt of the Secretary’s report under section 113(a), withdraw the assignment to a Federal Government station of any frequency which the report recommends for immediate reallocation;

“(2) within such 6-month period, limit the assignment to a Federal Government station of any frequency which the report recommends be made immediately available for mixed use under section 113(b)(2);
“(3) by the delayed effective date recommended by the Secretary under section 113(e) (except as provided in subsection (b)(4) of this section), withdraw or limit the assignment to a Federal Government station of any frequency which the report recommends be reallocated or made available for mixed use on such delayed effective date;

“(4) assign or reassign other frequencies to Federal Government stations as necessary to adjust to such withdrawal or limitation of assignments; and

“(5) transmit a notice and description to the Commission and each House of Congress of the actions taken under this subsection.

“(b) EXCEPTIONS.—

“(1) AUTHORITY TO SUBSTITUTE.—If the President determines that a circumstance described in paragraph (2) exists, the President—

“(A) may substitute an alternative frequency or band of frequencies for the frequency or band that is subject to such determination and withdraw (or limit) the assignment of that alternative frequency or band in the manner required by subsection (a); and

“(B) shall submit a statement of the reasons for taking the action described in subpara-
graph (A) to the Committee on Energy and Commerce of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate.

“(2) GROUNDS FOR SUBSTITUTION.—For purposes of paragraph (1), the following circumstances are described in this paragraph:

“(A) the reassignment would seriously jeopardize the national defense interests of the United States;

“(B) the frequency proposed for reassignment is uniquely suited to meeting important governmental needs;

“(C) the reassignment would seriously jeopardize public health or safety; or

“(D) the reassignment will result in costs to the Federal Government that are excessive in relation to the benefits that may be obtained from commercial or other non-Federal uses of the reassigned frequency.

“(3) CRITERIA FOR SUBSTITUTED FREQUENCIES.—For purposes of paragraph (1), a frequency may not be substituted for a frequency identified by the report of the Secretary under section
113(a) unless the substituted frequency also meets each of the criteria specified by section 113(a).

“(4) DELAYS IN IMPLEMENTATION.—If the President determines that any action cannot be completed by the delayed effective date recommended by the Secretary pursuant to section 113(e), or that such an action by such date would result in a frequency being unused as a consequence of the Commission’s plan under section 115, the President may—

“(A) withdraw or limit the assignment to Federal Government stations on a later date that is consistent with such plan, except that the President shall notify each committee specified in paragraph (1)(B) and the Commission of the reason that withdrawal or limitation at a later date is required; or

“(B) substitute alternative frequencies pursuant to the provisions of this subsection.

“(c) LIMITATION ON DELEGATION.—Notwithstanding any other provision of law, the authorities and duties established by this section may not be delegated.
“SEC. 115. DISTRIBUTION OF FREQUENCIES BY THE COM-
MISSION.

“Not later than 1 year after the President notifies
the Commission pursuant to section 114(a)(5), the Com-
mission shall prepare, in consultation with the Assistant
Secretary when necessary, and submit to the President
and the Congress, a plan for the distribution under the
Act of the frequency bands reallocated pursuant to the
requirements of this part. Such plan shall—

“(1) not propose the immediate distribution of
all such frequencies, but, taking into account the
timetable recommended by the Secretary pursuant to
section 113(e), shall propose—

“(A) gradually to distribute the frequencies
remaining, after making the reservation re-
quired by subparagraph (B), over the course of
a period of not less than 10 years beginning on
the date of submission of such plan; and

“(B) to reserve a significant portion of
such frequencies for distribution beginning after
the end of such 10-year period;

“(2) contain appropriate provisions to ensure—

“(A) the availability of frequencies for new
technologies and services in accordance with the
policies of section 7 of the Act (47 U.S.C. 157); and
“(B) the availability of frequencies to stimulate the development of such technologies;

“(3) address (A) the feasibility of reallocating spectrum from current commercial and other non-Federal uses to provide for more efficient use of the spectrum, and (B) innovation and marketplace developments that may affect the relative efficiencies of different spectrum allocations; and

“(4) not prevent the Commission from allocating bands of frequencies for specific uses in future rulemaking proceedings.

“SEC. 116. AUTHORITY TO RECOVER REASSIGNED FREQUENCIES.

“(a) AUTHORITY OF PRESIDENT.—Subsequent to the withdrawal of assignment to Federal Government stations pursuant to section 114, the President may reclaim reassigned frequencies for reassignment to Federal Government stations in accordance with this section.

“(b) PROCEDURE FOR RECLAIMING FREQUENCIES.—

“(1) UNALLOCATED FREQUENCIES.—If the frequencies to be reclaimed have not been allocated or assigned by the Commission pursuant to the Act, the President shall follow the procedures for substi-
tution of frequencies established by section 114(b) of this part.

“(2) ALLOCATED FREQUENCIES.—If the frequencies to be reclaimed have been allocated or assigned by the Commission, the President shall follow the procedures for substitution of frequencies established by section 114(b) of this part, except that the notification required by section 114(b)(1)(A) shall include—

“(A) a timetable to accommodate an orderly transition for licensees to obtain new frequencies and equipment necessary for its utilization; and

“(B) an estimate of the cost of displacing spectrum users licensed by the Commission.

“(c) COSTS OF RECLAIMING FREQUENCIES; APPROPRIATIONS AUTHORIZED.—The Federal Government shall bear all costs of reclaiming frequencies pursuant to this section, including the cost of equipment which is rendered unusable, the cost of relocating operations to a different frequency band, and any other costs that are directly attributable to the reclaiming of the frequency pursuant to this section. There are authorized to be appropriated such sums as may be necessary to carry out the purposes of this section.
“(d) Effective Date of Reclaimed Frequencies.—The Commission shall not withdraw licenses for any reclaimed frequencies until the end of the fiscal year following the fiscal year in which the President’s notification is received.

“(e) Effect on Other Law.—Nothing in this section shall be construed to limit or otherwise affect the authority of the President under sections 305 and 706 of the Act (47 U.S.C. 305, 606).

“SEC. 117. DEFINITIONS.

“As used in this part:

“(1) The term ‘allocation’ means an entry in the National Table of Frequency Allocations of a given frequency band for the purpose of its use by one or more radiocommunication services.

“(2) The term ‘assignment’ means an authorization given to a station licensee to use specific frequencies or channels.

“(3) The term ‘commercial carrier’ means any entity that uses a facility licensed by the Federal Communications Commission pursuant to the Communications Act of 1934 for hire or for its own use, but does not include Federal Government stations licensed pursuant to section 305 of the Act (47 U.S.C. 305).
“(4) The term ‘the Act’ means the Communications Act of 1934 (47 U.S.C. 151 et seq.).”

TITLE VI—COMMITTEE ON
FOREIGN AFFAIRS

In order to implement its reconciliation instructions, the Committee on Foreign Affairs recommends changes in law that are also recommended by the Committee on Post Office and Civil Service. These changes in law, which are contained in title X of this Act, would reduce direct spending under the Foreign Service Retirement and Disability Fund and the Foreign Service Pension System by requiring a 3-month delay in cost-of-living adjustments in each of the fiscal years 1994, 1995, and 1996.

(c) Technical Correction.—

(1) Correction.—Section 10402(a) of the Omnibus Budget Reconciliation Act of 1990 (104
Stat. 1388–398) is amended by striking “in the second paragraph”.

(2) EFFECTIVE DATE.—The amendment made by paragraph (1) shall be effective on and after November 5, 1990.

SEC. 8002. SENSE OF THE CONGRESS ON THE INLAND WATERWAYS FUEL TAX.

(a) FINDINGS.—The Congress finds the following:

(1) The Administration has proposed to increase the tax on inland barge fuels from $0.19 to $1.19 per gallon by 1997, which represents an increase of 525 percent.

(2) The General Accounting Office has recently identified 117 forms of Federal fees, taxes, and assessments, not including customs duties, which raise some $2,000,000,000 in Federal revenues each year.

(3) Barge transportation is one of the most competitive, efficient, safe, and environmentally friendly modes of transportation.

(4) Barges transport 15 percent of our Nation’s commerce and provide jobs to some 180,000 Americans.

(5) The Administration’s proposed increase would add $420,000,000 in new taxes for operators
on inland waterways, which is more than their pretax profits.

(6) This increase would cause barge rates to skyrocket, increasing costs to consumers and devastating industries dependent upon the commercial use of barges such as coal, agriculture, and petrochemicals, and would add to our unfavorable balance of trade payments by hurting the competitiveness of United States exports.

(7) Because the price of certain agricultural commodities, such as grain, are set in the world marketplace, increased inland barge fuel taxes could not be passed on to consumers and would largely be borne by our Nation’s farmers.

(8) The Senate on March 18, 1993, voted 88 to 12 to reject any further increase in inland barge fuel taxes.

(9) This huge tax increase would cause many barge companies to go out of business, would result in thousands of lost American jobs, and would further burden the already beleaguered United States maritime industry.

(b) SENSE OF CONGRESS.—It is the sense of the Congress that the inland waterways fuel tax should not
be further increased beyond those increases already mandated by law.

**TITLE IX—COMMITTEE ON NATURAL RESOURCES**

**SEC. 9001. ANNUAL DIRECT GRANT ASSISTANCE.**

(a) REPEAL.—Sections 3 and 4 of the Act of March 24, 1976 entitled “a Joint Resolution to approve the ‘Covenant To Establish a Commonwealth of the Northern Mariana Islands in Political Union with the United States of America’, and for other purposes” (90 Stat. 263 and following; 48 U.S.C. 1681 note) are repealed, effective on October 1, 1993.

ing the dead in the World War II Mariana Islands campaign.

(B) $19,000,000 for fiscal year 1994, to be held in trust in a special account by the Secretary of the Interior for American Samoa, the Commonwealth of the Northern Mariana Islands, Guam, the Trust Territory of the Pacific Islands, and the Virgin Islands, and to be disbursed by the Secretary during fiscal year 1994 for essential capital improvement projects. Such disbursements shall be made by the Secretary for projects described in plans submitted to the Secretary by the governments of American Samoa, the Commonwealth of the Northern Mariana Islands, Guam, the Trust Territory of the Pacific Islands, and the Virgin Islands. No such disbursements shall be made pursuant to any such plan until after the expiration of a period of 60 days after such plan has been submitted to the committees. No such disbursements shall be made to the Commonwealth of the Northern Mariana Islands during fiscal year 1994 pursuant to
any such plan until the committees have received the reports required under sub-
section (d)(3) and a Joint Resolution has been adopted expressing the sense of Con-
gress that disbursements are appropriate. The Inspector General of the Department of the Interior shall (i) monitor the ex-
penditure of such funds to determine whether such funds are expended in ac-
cordance with applicable law, and (ii) submit a report of the findings to the commit-
tees not later than January 1, 1995.

riod beginning October 1, 1994, for the government of the Commonwealth of the Northern Mariana Islands, for capital im-
provement projects, at annual amounts that shall not exceed those specified for the Federal contribution within the general funding schedule contained in the Rec-
ommendations.

SEC. 15102. DISCRETIONARY LIMITS.

Section 251 is amended to read as follows:
“SEC. 251. DISCRETIONARY LIMITS.

“(a) INITIAL AMOUNTS.—Subject to adjustments under subsection (b), the discretionary limits are as set forth in section 601 of the Congressional Budget Act of 1974.

“(b) ADJUSTMENTS TO LIMITS.—Whenever appropriate, adjustments to the discretionary limits (as they exist at the time of the adjustment) for one or more fiscal years shall be made as follows:

“(1) CHANGES IN ACCOUNTING CONCEPTS.—For any fiscal year, the discretionary limits shall be adjusted to reflect any change in budget accounting concepts (including scorekeeping conventions, budget classifications, and definitions), which change shall equal the baseline levels of new budget authority and outlays using up-to-date concepts minus those levels using the concepts in effect before the change.

“(2) CHANGES IN INFLATION.—(A) For the budget year and each outyear, the discretionary limit on new budget authority for each such year shall be multiplied by the inflation adjustment factor (for the fiscal year immediately preceding the current year) calculated under subparagraph (B). The discretionary limit on outlays for each such year shall be adjusted by applying the composite discretionary
outlay rate to the change in the limits on new budget authority under the preceding sentence.

“(B) The inflation adjustment factor shall be the ratio of (i) the level of year-over-year inflation measured for the fiscal year immediately preceding the current year, and (ii) the applicable estimated level for that year set forth below:

“For 1993, 1.030.
“For 1994, 1.027.
“For 1995, 1.026.
“For 1996, 1.025.

Inflation shall be measured by the average of the estimated fixed-weight gross domestic product price index for a fiscal year divided by the average index for the prior fiscal year.

“(3) IMF FUNDING.—If for any fiscal year an appropriation is enacted to provide to the International Monetary Fund the dollar equivalent, in terms of Special Drawing Rights, of the increase in the United States quota, the limit on discretionary new budget authority shall be increased by the amount of that appropriation.

“(4) IRS FUNDING.—To the extent discretionary appropriations are enacted for fiscal year 1994 or 1995 that provide new budget authority or
result in outlays greater than the amount in the CBO baseline of June 1990 for the IRS compliance initiative, the discretionary limits shall be adjusted upward by those amounts, but not to exceed $187,000,000 in new budget authority and $183,000,000 in outlays for fiscal year 1994 and $188,000,000 in new budget authority and outlays for fiscal year 1995.

“(5) NET GUARANTEE COSTS.—The discretionary limits for each fiscal year shall be adjusted by the net costs for that year of the appropriation made under section 601 of Public Law 102–391.

“(6) EXPIRING HOUSING CONTRACTS.—For any fiscal year, the adjustment shall be the amounts by which the costs of renewing expiring multiyear subsidized housing contracts or providing contracts to replace units lost due to prepayments differ from the amounts in OMB’s baseline of February 1993.

“(7) EMERGENCIES.—If for any fiscal year discretionary appropriations are enacted that are designated as emergency requirements by statute, the adjustment shall be the amount of those appropriations that the President also designates in writing as emergency requirements and the outlays estimated to flow therefrom in each fiscal year. If any amount
previously designated as an emergency requirement is rescinded, the adjustment shall be the amount of that rescission and the outlays estimated to be saved thereby in each fiscal year.

“(8) **Technical estimating differences.**—

“(A) If for any fiscal year the amount of discretionary new budget authority provided in appropriation Acts exceeds the discretionary limit on new budget authority due to technical estimates made by OMB, the adjustment is the amount of the excess, but not to exceed \(\frac{1}{10}\) of 1 percent of that limit.

“(B) If for any fiscal year discretionary outlays exceed the discretionary limit on outlays but discretionary new budget authority does not exceed its limit (after application of a sequestration under subsection (d)(1)(A), if necessary), the adjustment in outlays is the amount of that excess; but the adjustment in any fiscal year shall not exceed the lesser of (i) $6,500,000,000 less the outlay adjustments made under section 251(b)(2)(E) of the Balanced Budget and Emergency Deficit Control Act of 1985 as in effect immediately before the enactment of this Act (or that would have been
made under that subparagraph if that Act had applied through fiscal year 1998, with adjust-
ments in new budget authority occurring through fiscal year 1995 and in outlays through fiscal year 1998), or (ii) 1 percent of the discre-
tionary limit on outlays for that year.

“(c) DISCRETIONARY SCORECARD: 1994–1998.—

“(1) Establishment of scorecard.—Starting for budget year 1994 and ending for fiscal year 1998, there shall be a scorecard upon which shall be entered the amount of discretionary new budget au-
thority and outlays enacted into law for the budget year and the current year (except current year 1993). Entries shall be made separately for each fis-
cal year. Discretionary new budget authority and outlays for the budget year resulting from the enact-
ment of a law in a previous session shall be attrib-
uted to the corresponding law enacted in the current session. Reductions in new budget authority and outlays through the imposition of a sequestration under this section shall also be entered upon the scorecard. Amounts shall be entered on the scorecard within 5 days after the enactment of each such law or the imposition of any sequestration, shall equal the amounts contained in the bill cost reports
under section 254(e), and may not thereafter be al-
tered except to correct clerical errors or errors in the
application of this Act. The entry for each such law
or sequestration shall be displayed separately.

“(2) LOOKBACK.—(A) If after June 30 any dis-
cre tionary appropriation is enacted that would
breach the discretionary limit on new budget author-
ity or outlays for the current year, then that breach
shall be entered on the scorecard as a cost under the
column for the budget year.

“(B) If any discretionary appropriation is en-
acted after June 30, 1993, that would have breached
a discretionary spending limit for fiscal year 1993
(under this Act and title VI of the Congressional
Budget Act of 1974 as in effect immediately before
the date of enactment of the Budget Enforcement
Act of 1993), then that breach shall be entered on
the scorecard as a cost under the column for the
budget year.

“(d) ENFORCING DISCRETIONARY LIMITS.—

“(1) SEQUESTRATION.—Within 15 days after
Congress adjourns to end a session there shall be a
sequestration to reduce the amount of nonexempt
discretionary budget authority in the current policy
baseline for the budget year of that session by—
“(A) the amount needed to eliminate a breach of the discretionary limit on new budget authority for that year, and

“(B) if any breach of the discretionary limit on outlays remains, the amount needed to eliminate that breach for that year,
as measured under subsection (c), unless the total amount under subparagraphs (A) and (B) is less than $50,000,000.

“(2) UNIFORM REDUCTION.—Each nonexempt account (or activity within an account) shall be re-
duced by a dollar amount calculated by multiplying the baseline level of nonexempt gross discretionary budget authority for that account or activity by the uniform percent necessary to reduce net new budget authority by the amount in paragraph (1), except that the health programs set forth in section 256(e) shall not be reduced more than 2 percent and the uniform percent applicable to all other programs shall be increased (if necessary) to a level sufficient to achieve the amount in paragraph (1).

“(3) MILITARY PERSONNEL.—If the President uses the authority under section 255(f) to exempt any amounts appropriated for military personnel from sequestration, all remaining nonexempt discre-
tionary budget authority within subfunction 051 shall be further reduced by the uniform percent needed to fully offset the reduction in the amount sequestered resulting from that exemption.

“(4) Part-Year Appropriations.—If, on the date of a sequestration under paragraph (1), there is in effect an Act making or continuing appropriations for part of a fiscal year for any budget account, then the dollar reduction calculated for that account under paragraphs (2) and (3) shall be applied to—

“(A) the annualized amount otherwise available by law in that account under that or a subsequent part-year appropriation; and

“(B) when a full-year appropriation for that account is enacted, from the amount otherwise provided by that appropriation.

“(e) Within-Session Enforcement.—If, after Congress adjourns to end the session for a budget year but before July 1 of that fiscal year, an appropriation for that fiscal year is enacted that causes a discretionary limit to be breached, within 15 days after there shall be a sequestration to eliminate that breach, following the rules and procedures set forth in subsection (d).”
SEC. 15103. PAY-AS-YOU-GO.

Section 252 is amended to read as follows:

“SEC. 252. PAY-AS-YOU-GO.

“(a) Pay-as-You-Go Scorecard.—

“(1) Establishment of scorecard: 1994—2002.—There shall be a scorecard for each fiscal year through 2002 upon which shall be entered the 5-year estimated increase or decrease in the deficit (relative to the current policy baseline described in section 257) for the budget year and each outyear, as calculated under this subsection, resulting from—

“(A) the enactment, after the date of enactment of this Act and before October 1, 1998, of any direct spending or receipts law, or

“(B) the change in the baseline from the application of section 257(b)(3), which relates to certain expiring provisions of law and to veterans’ compensation.

Entries under the preceding sentence shall exclude resulting debt service changes and any incidental changes in intragovernmental receipts of Federal retirement trust funds. Amounts shall be entered on the scorecard within 5 days after the enactment of each such law and may not thereafter be altered except to correct clerical errors or errors in the appli-
cation of this Act. Each entry shall be displayed separately.

“(2) **Rolling 5-Year Scorekeeping.—**
Amounts entered on the scorecard established by paragraph (1) shall equal the amounts contained in the bill cost reports under section 254(e) for the budget year and the 4 subsequent fiscal years (except for budget years after 1998), plus any amount required by the lookback provision of paragraph (3).

“(3) **Lookback.—**If in any session a law is enacted affecting the current-year level of direct spending or receipts, the amount of that current-year effect shall be entered on the scorecard under the column for the budget year (except for budget years after 1998).

“(4) **Emergencies.—**If after the enactment of this Act a provision of direct spending or receipts legislation is enacted that is designated as an emergency requirement by statute and that the President also designates, in writing, as an emergency requirement, then no entries related to that provision shall be made on the scorecard.

“(5) **Deposit Insurance.—**Provisions of law that provide full funding of, and continuation of, the deposit insurance commitment in effect on Septem-
ber 30, 1993, shall not have their estimated effects entered on the scorecard.

“(b) ENFORCING PAY-AS-YOU-GO.—

“(1) SEQUESTRATION.—Within 15 calendar days after Congress adjourns to end a session, there shall be a sequestration to offset the amount of any net deficit increase recorded on the pay-as-you-go scorecard under subsection (a) for the budget year, unless that amount is less than $50,000,000.

“(2) ELIMINATING A DEFICIT INCREASE.—The amount required to be sequestered in a fiscal year under paragraph (1) shall be obtained from nonexempt direct spending accounts (which are assumed to be at the level in the baseline) by sequestration actions taken in the following order:

“(A) The maximum reductions in automatic spending increases permissible under section 256(b) shall be made.

“(B) If additional reductions in direct spending accounts are required to be made, the maximum reductions permissible under section 256(c) (foster care and adoption assistance) shall be made.

“(C) If additional reductions in direct spending accounts are required to be made,
each remaining nonexempt direct spending ac-
count shall be reduced by the uniform percent
necessary to make the reductions in direct
spending required by paragraph (1); except that
the medicare programs specified in section
256(d) shall not be reduced by more than 4
percent and the uniform percent applicable to
all other direct spending programs under this
subparagraph shall be increased (if necessary)
to a level sufficient to achieve the required re-
duction in direct spending.

“(3) UNIFORM PERCENT.—The uniform percent
under paragraph (2) shall be calculated so that the
total amount estimated to be saved in all fiscal years
by the budget-year or other sequestrations under
section 256 shall equal the amount required to be
saved under paragraph (1). The total amount esti-
mated to be saved shall exclude resulting debt serv-
ice changes and any incidental changes in
intragovernmental receipts of Federal retirement
trust funds.”.

Except to the extent required by paragraphs (6) and (7),
the concurrent resolution shall not include the outlays and
revenue totals of the old age, survivors, and disability in-
surance program established under title II of the Social
Security Act or the related provisions of the Internal Reven-
ue Code of 1986 in the surplus or deficit totals required
by this subsection or in any other surplus or deficit totals
required by this title. Notwithstanding any other provision
of law, the receipts and disbursements of the Hospital In-
insurance Trust Fund shall be included in the computations required by paragraphs (1) through (5), and no separate display of Hospital Insurance Trust Fund receipts or alternative displays of budget totals excluding Hospital insurance receipts and disbursements are required to be included in any concurrent resolution on the budget.

“(b) ADDITIONAL MATTERS IN CONCURRENT RESOLUTION.—The concurrent resolution on the budget may—

“(1) set forth, if required by subsection (f), the calendar year in which, in the opinion of the Congress, the goals for reducing unemployment set forth in section 4(b) of the Employment Act of 1946 should be achieved;

“(2) include reconciliation directives described in section 310;

“(3) set forth the appropriate level of the public debt for purposes of rule XLIX of the Rules of the House of Representatives; and

“(4) set forth such other matters, and require such other procedures, relating to the budget, as may be appropriate to carry out the purposes of this Act.

“(c) CONSIDERATION OF PROCEDURES OR MATTERS WHICH HAVE THE EFFECT OF CHANGING ANY RULE OF THE HOUSE OF REPRESENTATIVES.—If the Committee
on the Budget of the House of Representatives reports any concurrent resolution on the budget which includes any procedure or matter which has the effect of changing any rule of the House of Representatives, such concurrent resolution shall then be referred to the Committee on Rules with instructions to report it within five calendar days (not counting any day on which the House is not in session). The Committee on Rules shall have jurisdiction to report any concurrent resolution referred to it under this paragraph with an amendment or amendments changing or striking out any such procedure or matter.

“(d) Views and Estimates of Other Committees.—Within 6 weeks after the President submits a budget under section 1105(a) of title 31, United States Code, each committee of the House of Representatives having legislative jurisdiction may submit to the Committee on the Budget of the House and each committee of the Senate having legislative jurisdiction may submit to the Committee on the Budget of the Senate its views and estimates (as determined by the committee making such submission) with respect to all matters set forth in subsections (a) and (b) which relate to matters within the jurisdiction or functions of such committee. The Joint Economic Committee shall submit to the Committees on the Budget of both Houses its recommendations as to the
fiscal policy appropriate to the goals of the Employment Act of 1946. Any other committee of the House of Representatives or the Senate may submit to the Committee on the Budget of its House, and any joint committee of the Congress may submit to the Committees on the Budget of both Houses, its views and estimates with respect to all matters set forth in subsections (a) and (b) which relate to matters within its jurisdiction or functions.

“(e) Hearings and Report.—In developing the concurrent resolution on the budget referred to in subsection (a) for each fiscal year, the Committee on the Budget of each House shall hold hearings and shall receive testimony from Members of Congress and such appropriate representatives of Federal departments and agencies, the general public, and national organizations as the committee deems desirable. Each of the recommendations as to short-term and medium-term goals set forth in the report submitted by the members of the Joint Economic Committee under subsection (d) may be considered by the Committee on the Budget of each House as part of its consideration of such concurrent resolution, and its report may reflect its views thereon, including its views on how the estimates of revenues and total levels of new budget authority and outlays set forth in such concurrent resolution are designed to achieve any economic goals it is rec-
ommending. The report accompanying such concurrent resolution shall include, but not be limited to—

“(1) a comparison of revenues estimated by the committee with those estimated in the budget submitted by the President;

“(2) a comparison of the appropriate levels of total budget outlays and total new budget authority as set forth in such concurrent resolution with those estimated or requested in the budget submitted by the President;

“(3) with respect to each major functional category, an estimate of budget outlays and an appropriate level of new budget authority for all proposed programs and for all existing programs (including renewals thereof), with the estimate and level for existing programs being divided between permanent authority and funds provided in appropriation Acts, and with each such division being subdivided between controllable amounts and all other amounts;

“(4) an allocation of the level of Federal revenues recommended in the concurrent resolution among the major sources of such revenues;

“(5) the economic assumptions and objectives which underlie each of the matters set forth in such concurrent resolution and any alternative economic
assumptions and objectives which the committee considered;

“(6) the estimated levels of tax expenditures (the tax expenditures budget) by major functional categories;

“(7) a statement of any significant changes in the proposed levels of Federal assistance to State and local governments;

“(8) information, data, and comparisons indicating the manner in which, and the basis on which, the committee determined each of the matters set forth in the concurrent resolution; and

“(9) allocations described in sections 302(a) and 311(a).

“(f) ACHIEVEMENT OF GOALS FOR REDUCING UNEMPLOYMENT.—

“(1) If, pursuant to section 4(c) of the Employment Act of 1946, the President recommends in the Economic Report that the goals for reducing unemployment set forth in section 4(b) of such Act be achieved in a year after the close of the five-year period prescribed by such subsection, the concurrent resolution on the budget for the fiscal year beginning after the date on which such Economic Report is received by the Congress may set forth the year
in which, in the opinion of the Congress, such goals can be achieved.

“(2) After the Congress has expressed its opinion pursuant to paragraph (1) as to the year in which the goals for reducing unemployment set forth in section 4(b) of the Employment Act of 1946 can be achieved, if, pursuant to section 4(e) of such Act, the President recommends in the Economic Report that such goals be achieved in a year which is different from the year in which the Congress has expressed its opinion that such goals should be achieved, either in its action pursuant to paragraph (1) or in its most recent action pursuant to this paragraph, the concurrent resolution on the budget for the fiscal year beginning after the date on which such Economic Report is received by the Congress may set forth the year in which, in the opinion of the Congress, such goals can be achieved.

“(g) ECONOMIC ASSUMPTIONS.—

“(1) It shall not be in order in the Senate to consider any concurrent resolution on the budget for a fiscal year, or any amendment thereto, or any conference report thereon, that sets forth amounts and levels that are determined on the basis of more than one set of economic and technical assumptions.
“(2) The joint explanatory statement accompany-
ning a conference report on a concurrent resolu-
tion on the budget shall set forth the common eco-
nomic assumptions upon which such joint statement
and conference report are based, or upon which any
amendment contained in the joint explanatory state-
ment to be proposed by the conferees in the case of
technical disagreement, is based.

“(3) Determinations by the Committee on the
Budget of the House of Representatives or the Sen-
ate, as the case may be, under titles III and IV of
the Congressional Budget Act of 1974 shall be based
upon such common economic and technical
assumptions.

“(h) BUDGET COMMITTEES CONSULTATION WITH
COMMITTEES.—The Committee on the Budget of the
House of Representatives shall consult with the commit-
tees of its House having legislative jurisdiction during the
preparation, consideration, and enforcement of the concur-
rent resolution on the budget with respect to all matters
which relate to the jurisdiction or functions of such com-
mittees. The Committee on the Budget of the House of
Representatives may not report a concurrent resolution on
the budget containing the matter referred to in subsection
(b)(3) except after consultation with the Committee on Ways and Means about that matter.

“(i) Social Security Point of Order in the Senate.—It shall not be in order in the Senate to consider any concurrent resolution on the budget as reported to the Senate or any amendment thereto that would decrease the excess of social security revenues over social security outlays in any of the fiscal years covered by the concurrent resolution. No change in chapter 1 of the Internal Revenue Code of 1986 shall be treated as affecting the amount of social security revenues unless such provision changes the income tax treatment of social security benefits.

“SEC. 302. APPROPRIATION COMMITTEEALLOCATIONS AND ENFORCEMENT.

“(a) Committee Spending Allocations.—The joint explanatory statement accompanying a conference report on a budget resolution shall include an allocation, consistent with the resolution recommended in the conference report, of the appropriate levels (for the budget year covered by that resolution) of total new budget authority and total outlays for the Committee on Appropriations of each House. The amounts so allocated shall be further divided between discretionary and mandatory amounts, as appropriate.
“(b) Subdivisions by Appropriations Committees.—As soon as practicable after a budget resolution is agreed to, the Committee on Appropriations of each House shall subdivide each amount allocated to it for the budget year under subsection (a) among its subcommittees. Each Committee on Appropriations shall promptly report to its House subdivisions made or revised under this subsection.

“(c) Point of Order.—It shall not be in order in the House of Representatives or the Senate to consider any appropriation measure, or amendment thereto, or motion or conference report thereon, unless and until the Committee on Appropriations of that House reports subdivisions required by subsection (b) consistent with the most recently agreed to concurrent resolution on the budget.

“(d) Subsequent Concurrent Resolutions.—In the case of a concurrent resolution on the budget referred to in section 304, the allocations under subsection (a) and the subdivisions under subsection (b) shall be required only to the extent necessary to take into account revisions made in the most recently agreed to concurrent resolution on the budget.

“(e) Alteration of Subdivisions.—At any time after the Committee on Appropriations of either House re-
ports the subdivisions required to be made under subsection (b), that committee may report to its House an alteration of such subdivisions. Any alteration of such subdivisions must be consistent with any actions already taken by its House on measures within that committee’s jurisdiction.

“(f) LEGISLATION SUBJECT TO POINT OF ORDER.—

(1) It shall not be in order in the House of Representatives or the Senate to consider any appropriation measure or amendment thereto or motion or conference report thereon, if the new budget authority provided in that measure when added to already enacted levels of new budget authority would cause—

“(A) any allocation of new budget authority made pursuant to subsection (a) under the most recently agreed to concurrent resolution on the budget to be exceeded; or

“(B) any subdivision of new budget authority made pursuant to subsection (b) under the most recently agreed to concurrent resolution on the budget to be exceeded except for a supplemental appropriation for the current fiscal year.
“(2) An appropriation measure, amendment, or conference report shall be considered to violate paragraph (1) only if—

“(A) the enactment of such appropriation measure in the form it will be considered as original text for purposes of amendment;

“(B) the amendment is not an amendment considered as original text for purposes of amendment and the adoption of such amendment and enactment of that measure as so amended; or

“(C) the enactment of such measure in the form recommended in such conference report, would cause such a violation.

“(g) DETERMINATIONS BY BUDGET COMMITTEES.—
For purposes of this section, the levels of new budget authority shall be determined on the basis of estimates made by the Committee on the Budget of the House of Representatives or the Senate, as the case may be.

“(h) ADJUSTMENTS OF ALLOCATIONS OF DISCRETIONARY SPENDING.—

“(1) If a concurrent resolution on the budget is not adopted by April 30, the chairman of the Committee on the Budget of the House of Representatives shall submit to the House, on the first legisla-
tive day following April 30, an allocation under sub-
section (a) to the Committee on Appropriations con-
sistent with the discretionary spending limits con-
tained in the most recent budget submitted by the
President under section 1105(a) of title 31, United
States Code.

“(2) As soon as practicable after an allocation
under paragraph (1) is submitted to the House, the
Committee on Appropriations shall make subdivi-
sions and promptly report those subdivisions to the
House of Representatives.

“(3) Allocations and subdivisions made under
this subsection shall, for all purposes of this title, be
deemed to be allocations and subdivisions made
under subsections (a) and (b), until superseded by
allocations and subdivisions made under those sec-
tions for the same fiscal year.

“SEC. 303. LEGISLATION PROVIDING NEW BUDGET AU-
THORITY OR CHANGES IN REVENUES OR THE
PUBLIC DEBT LIMIT MAY ONLY DO SO FOR
YEARS COVERED BY MOST RECENT BUDGET
RESOLUTION.

“(a) IN GENERAL.—

“(1) It shall not be in order in the House of
Representatives or the Senate to consider any bill,
joint resolution, amendment, motion, or conference report which contains a provision that—

“(A) increases new budget authority;

“(B) decreases revenues; or

“(C) increases or decreases the public debt limit,

first effective in the last fiscal year covered by the most recently agreed to concurrent resolution on the budget or any subsequent fiscal year.

“(2) A bill, joint resolution, amendment, or conference report shall be considered to violate paragraph (1) only if—

“(A) the enactment of such bill or resolution in the form it will be considered as original text for purposes of amendment;

“(B) the amendment is not an amendment considered as original text for purposes of amendment and the adoption of such amendment and enactment of the bill or joint resolution as so amended; or

“(C) the enactment of such bill or resolution in the form recommended in such conference report,

would cause such a violation.

“(b) WAIVER IN THE SENATE.—
“(1) The committee of the Senate which reports any bill or resolution (or amendment thereto) to which subsection (a) applies may at or after the time it reports such bill or resolution (or amendment), report a resolution to the Senate (A) providing for the waiver of subsection (a) with respect to such bill or resolution (or amendment), and (B) stating the reasons why the waiver is necessary. The resolution shall then be referred to the Committee on the Budget of the Senate. That committee shall report the resolution to the Senate within 10 days after the resolution is referred to it (not counting any day on which the Senate is not in session) beginning with the day following the day on which it is so referred, accompanied by that committee’s recommendations and reasons for such recommendations with respect to the resolution. If the committee does not report the resolution within such 10-day period, it shall automatically be discharged from further consideration of the resolution and the resolution shall be placed on the calendar.

“(2) During the consideration of any such resolution, debate shall be limited to one hour, to be equally divided between, and controlled by, the majority leader and minority leader or their designees,
and the time on any debatable motion or appeal shall be limited to twenty minutes, to be equally divided between, and controlled by, the mover and the manager of the resolution. In the event the manager of the resolution is in favor of any such motion or appeal, the time in opposition thereto shall be controlled by the minority leader or his designee. Such leaders, or either of them, may, from the time under their control on the passage of such resolution, allot additional time to any Senator during the consideration of any debatable motion or appeal. No amendment to the resolution is in order.

“(3) If, after the Committee on the Budget has reported (or been discharged from further consideration of) the resolution, the Senate agrees to the resolution, then subsection (a) shall not apply with respect to the bill or resolution (or amendment thereto) to which the resolution so agreed to applies.

“SEC. 304. PERMISSIBLE REVISIONS OF CONCURRENT RESOLUTIONS ON THE BUDGET.

“The two Houses may adopt a concurrent resolution on the budget which revises or reaffirms the concurrent resolution on the budget most recently agreed to and which satisfies the requirements of section 301.
“SEC. 305. PROVISIONS RELATING TO THE CONSIDERATION OF CONCURRENT RESOLUTIONS ON THE BUDGET.

“(a) Procedure in House of Representatives After Report of Committee; Debate.—

“(1) When the Committee on the Budget of the House of Representatives has reported any concurrent resolution on the budget, it is in order subject to clause (2)(l)(6) of rule XI of the Rules of the House of Representatives to move that the House resolve itself into the Committee of the Whole House on the State of the Union for the consideration of the concurrent resolution. The motion is highly privileged and is not debatable. An amendment to the motion is not in order, and it is not in order to move to reconsider the vote by which the motion is agreed to or disagreed to. A motion to resolve into the Committee of the Whole may be made even though a previous motion has been disagreed to.

“(2) General debate on any concurrent resolution on the budget in the House of Representatives shall be limited to not more than 10 hours, which shall be divided equally between the majority and minority parties, and such additional hours of debate as are consumed pursuant to paragraph (3). A motion further to limit debate is not debatable.
“(3) Following the presentation of opening statements on the concurrent resolution on the budget for a fiscal year by the chairman and ranking minority member of the Committee on the Budget of the House, there shall be a period of up to four hours for debate on economic goals and policies.

“(4) Only if a concurrent resolution on the budget reported by the Committee on the Budget of the House sets forth the economic goals (as described in sections 3(a)(2) and (4)(b) of the Full Employment Act of 1946) which the estimates, amounts, and levels (as described in section 301(a)) set forth in such resolution are designed to achieve, shall it be in order to offer to such resolution an amendment relating to such goals, and such amendment shall be in order only if it also proposes to alter such estimates, amounts, and levels in germane fashion in order to be consistent with the goals proposed in such amendment.

“(5) Consideration of any concurrent resolution on the budget by the House of Representatives shall be in the Committee of the Whole, and the resolution shall be considered for amendment under the five-minute rule in accordance with the applicable provisions of rule XXIII of the Rules of the House.
of Representatives. After the Committee rises and fin-
nally reports the resolution back to the House, the
previous question shall be considered as ordered on
the resolution and any amendments thereto to final
passage without intervening motion; except that it
shall be in order at any time prior to final passage
(notwithstanding any other rule or provision of law)
to consider an amendment (or a series of amend-
ments) changing any figure or figures in the resolu-
tion as so reported to the extent necessary solely to
achieve mathematical consistency. The concurrent
resolution is not divisible in the House or in the
Committee of the Whole. A motion to recommit the
concurrent resolution is not in order, and it is not
in order to move to reconsider the vote by which the
concurrent resolution is agreed to or disagreed to.

“(6) Debate in the House of Representatives on
a conference report on a concurrent resolution on
the budget shall be limited to not more than 5
hours, which shall be divided equally between the
majority and minority parties. A motion further to
limit debate is not debatable. A motion to recommit
the conference report is not in order, and it is not
in order to move to reconsider the vote by which the
conference report is agreed to or disagreed to.
“(7) Appeals from decisions of the Chair relating to the application of the Rules of the House of Representatives to the procedure relating to any concurrent resolution on the budget shall be decided without debate.

“(b) Procedure in Senate After Report of Committee; Debate; Amendments.—

“(1) Debate in the Senate on any concurrent resolution on the budget, and all amendments thereto and debatable motions and appeals in connection therewith, shall be limited to not more than 50 hours, except that with respect to any concurrent resolution referred to in section 304(a) all such debate shall be limited to not more than 15 hours. The time shall be equally divided between, and controlled by, the majority leader and the minority leader or their designees.

“(2) Debate in the Senate on any amendment to a concurrent resolution on the budget shall be limited to 2 hours, to be equally divided between, and controlled by, the mover and the manager of the concurrent resolution, and debate on any amendment to an amendment, debatable motion, or appeal shall be limited to 1 hour, to be equally divided between, and controlled by, the mover and the man-
ager of the concurrent resolution, except that in the
event the manager of the concurrent resolution is in
favor of any such amendment, motion, or appeal, the
time in opposition thereto shall be controlled by the
minority leader or his designee. No amendment that
is not germane to the provisions of such concurrent
resolution shall be received. Such leaders, or either
of them, may, from the time under their control on
the passage of the concurrent resolution, allot addi-
tional time to any Senator during the consideration
of any amendment, debatable motion, or appeal.

“(3) Following the presentation of opening
statements on the concurrent resolution on the
budget for a fiscal year by the chairman and rank-
ing minority member of the Committee on the Budg-
et of the Senate, there shall be a period of up to
four hours for debate on economic goals and policies.

“(4) Subject to the other limitations of this Act,
only if a concurrent resolution on the budget re-
ported by the Committee on the Budget of the Sen-
ate sets forth the economic goals (as described in
sections 3(a)(2) and 4(b) of the Employment Act of
1946) which the estimates, amounts, and levels (as
described in section 301(a)) set forth in such resolu-
tion are designed to achieve, shall it be in order to
offer to such resolution an amendment relating to such goals, and such amendment shall be in order only if it also proposes to alter such estimates, amounts, and levels in germane fashion in order to be consistent with the goals proposed in such amendment.

“(5) A motion to further limit debate is not debatable. A motion to recommit (except a motion to recommit with instructions to report back within a specified number of days, not to exceed 3, not counting any day on which the Senate is not in session) is not in order. Debate on any such motion to recommit shall be limited to 1 hour, to be equally divided between, and controlled by, the mover and the manager of the concurrent resolution.

“(6) Notwithstanding any other rule, an amendment or series of amendments to a concurrent resolution on the budget proposed in the Senate shall always be in order if such amendment or series of amendments proposes to change any figure or figures then contained in such concurrent resolution so as to make such concurrent resolution mathematically consistent or so as to maintain such consistency.
“(c) Action on Conference Reports in the Senate.—

“(1) A motion to proceed to the consideration of the conference report on any concurrent resolution on the budget (or a reconciliation bill or resolution) may be made even though a previous motion to the same effect has been disagreed to.

“(2) During the consideration in the Senate of the conference report (or a message between Houses) on any concurrent resolution on the budget, and all amendments in disagreement, and all amendments thereto, and debatable motions and appeals in connection therewith, debate shall be limited to 10 hours, to be equally divided between, and controlled by, the majority leader and minority leader or their designees. Debate on any debatable motion or appeal related to the conference report (or a message between Houses) shall be limited to 1 hour, to be equally divided between, and controlled by, the mover and the manager of the conference report (or a message between Houses).

“(3) Should the conference report be defeated, debate on any request for a new conference and the appointment of conferees shall be limited to 1 hour, to be equally divided between, and controlled by, the
manager of the conference report and the minority
leader or his designee, and should any motion be
made to instruct the conferees before the conferees
are named, debate on such motion shall be limited
to one-half hour, to be equally divided between, and
controlled by, the mover and the manager of the
conference report. Debate on any amendment to any
such instructions shall be limited to 20 minutes, to
be equally divided between and controlled by the
mover and the manager of the conference report. In
all cases when the manager of the conference report
is in favor of any motion, appeal, or amendment, the
time in opposition shall be under the control of the
minority leader or his designee.

“(4) In any case in which there are amend-
ments in disagreement, time on each amendment
shall be limited to 30 minutes, to be equally divided
between, and controlled by, the manager of the con-
ference report and the minority leader or his des-
ignee. No amendment that is not germane to the
provisions of such amendments shall be received.

“(d) CONCURRENT RESOLUTION MUST BE CONSIST-
ENT IN THE SENATE.—It shall not be in order in the Sen-
ate to vote on the question of agreeing to—

•HR 2264 EH
“(1) a concurrent resolution on the budget unless the figures then contained in such resolution are mathematically consistent; or

“(2) a conference report on a concurrent resolution on the budget unless the figures contained in such resolution, as recommended in such conference report, are mathematically consistent.

“SEC. 306. LEGISLATION DEALING WITH CONGRESSIONAL BUDGET MUST BE HANDLED BY BUDGET COMMITTEES.

“No bill, resolution, amendment, motion, or conference report dealing with any matter which is within the jurisdiction of the Committee on the Budget of either House shall be considered in that House unless it is a bill or resolution which has been reported by the Committee on the Budget of that House (or from the consideration of which such committee has been discharged) or unless it is an amendment to such a bill or resolution.

“SEC. 307. HOUSE COMMITTEE ACTION ON ALL APPROPRIATION BILLS TO BE COMPLETED BY JUNE 10.

“On or before June 10 of each year, the Committee on Appropriations of the House of Representatives shall report annual appropriation bills providing new budget authority under the jurisdiction of all of its subcommittees for the fiscal year which begins on October 1 of that year.
“SEC. 308. REPORTS, SUMMARIES, AND PROJECTIONS OF
CONGRESSIONAL BUDGET ACTIONS.

“(a) Reports on Legislation Providing New
Budget Authority or Providing an Increase or
Decrease in Revenues or Tax Expenditures.—

“(1) Whenever a committee of either House re-
ports to its House a bill or joint resolution providing
new budget authority (other than continuing appro-
priations) or providing an increase or decrease in
revenues or tax expenditures for a fiscal year (or fis-
cal years), the report accompanying that bill or joint
resolution shall contain—

“(A) a cost statement comparing the levels
in such measure as recommended by that com-
mittee to the appropriate allocations and sub-
divisions submitted under subsections (a) and
(b) of section 302 or the appropriate allocation
pursuant to section 311(a) for the most re-
cently agreed to concurrent resolution on the
budget; or

“(B) the Congressional Budget Office cost
estimate required in section 202(f)(5), if timely
submitted before such report is filed.

“(2) Whenever a conference report is filed in ei-
ther House and such conference report or any
amendment reported in disagreement or any motion
printed in the joint statement of managers to dispose of such amendment on such bill or resolution provides new budget authority (other than continuing appropriations) or provides an increase or decrease in revenues for a fiscal year (or fiscal years), the statement of managers accompanying such conference report shall contain the information required by paragraph (1), if available on a timely basis. If such information is not available when the conference report is filed, the committee shall make such information available to Members as soon as practicable.

“(b) Up-To-Date Tabulations of Congressional Budget Action.—

“(1) The Director of the Congressional Budget Office shall issue to the committees of the House of Representatives and the Senate reports on at least a monthly basis detailing and tabulating the progress of congressional action on bills and resolutions providing new budget authority or providing an increase or decrease in revenues or tax expenditures for each fiscal year covered by a concurrent resolution on the budget. Such reports shall include but are not limited to an up-to-date tabulation comparing the appropriate aggregate and functional levels
(including outlays) included in the most recently
adopted concurrent resolution on the budget with
the levels provided in bills and resolutions reported
by committees or adopted by either House or by the
Congress, and with the levels provided by law for the
fiscal year preceding the first fiscal year covered by
the appropriate concurrent resolution.

“(2) The Committee on the Budget of each
House shall make available to Members of its House
summary budget scorekeeping reports. Such
reports—

“(A) shall be made available on at least a
monthly basis, but in any case frequently
enough to provide Members of each House an
accurate representation of the current status of
congressional consideration of revenue and
spending measures;

“(B) shall include, but are not limited to
summaries of tabulations provided under sub-
section (b)(1); and

“(C) shall be based on information pro-
vided under subsection (b)(1) without sub-
stantive revision.

The chairman of the Committee on the Budget of
the House of Representatives shall submit such re-
ports to the Speaker and such reports shall be printed in the Congressional Record.

“SEC. 309. HOUSE APPROVAL OF REGULAR APPROPRIATION BILLS.

“In order that all annual appropriation bills may be considered and approved by the House of Representatives by June 30, bills authorizing budget authority contained in those appropriation bills should be reported to the House of Representatives by May 15.

“SEC. 310. RECONCILIATION.

“(a) Inclusion of Reconciliation Directives in Concurrent Resolutions on the Budget.—A concurrent resolution on the budget for any fiscal year, to the extent necessary to effectuate the provisions and requirements of such resolution, shall—

“(1) specify the total amount by which direct spending contained in laws within the jurisdiction of a committee is to be increased or decreased and direct that committee to determine and recommend changes to accomplish a change of such total amount;

“(2) specify the total amount by which revenues are to be increased or decreased and direct that the committees having jurisdiction to determine and rec-
ommend changes in the revenue laws to accomplish
a change of such total amount;

“(3) specify the amounts by which the statutory
limit on the public debt is to be increased or de-
creased and direct the committee having jurisdiction
to recommend such change; or

“(4) specify and direct any combination of the
matters described in paragraphs (1), (2), and (3)
(including a direction to achieve deficit reduction).

“(b) LEGISLATIVE PROCEDURE.—If a concurrent
resolution containing directives to one or more committees
to determine and recommend changes in laws is agreed
to in accordance with subsection (a) and—

“(1) only one committee of the House or the
Senate is directed to determine and recommend
changes, that committee shall promptly make such
determination and recommendations and report to
its House reconciliation measure containing such
recommendations; or

“(2) more than one committee of the House or
the Senate is directed to determine and recommend
changes, each such committee so directed shall
promptly make such determination and rec-
ommendations and submit such recommendations to
the Committee on the Budget of its House, which
upon receiving all such recommendations, shall re-
port to its House a reconciliation measure carrying
out all such recommendations without any sub-
stantive revision.

“(c) AMENDMENTS TO RECONCILIATION BILLS.—

“(1) It shall not be in order in the House of Repre-
sentatives to consider any amendment to a re-
conciliation bill if such amendment would have the ef-
flect of increasing direct spending above the level of
such direct spending provided in the bill (for the fis-
cal years covered by the reconciliation instructions
set forth in the most recently agreed to concurrent
resolution on the budget), or would have the effect
of reducing any specific Federal revenues below the
level of such revenues provided in the bill (for such
fiscal years), unless such amendment makes at least
an equivalent reduction in other direct spending, an
equivalent increase in other specific Federal reve-
nues, or an equivalent combination thereof (for such
fiscal years). A motion to strike a provision provid-
ing new budget authority may be in order.

“(2) It shall not be in order in the Senate to
consider any amendment to a reconciliation bill if
such amendment would have the effect of decreasing
any direct spending reductions below the level of
such direct spending reductions provided (for the fiscal years covered) in the reconciliation instructions which relate to such bill set forth in a resolution providing for reconciliation, or would have the effect of reducing Federal revenue increases below the level of such revenue increases provided (for such fiscal years) in such instructions relating to such bill, unless such amendment makes a reduction in other direct spending, an increase in other specific Federal revenues, or a combination thereof (for such fiscal years) at least equivalent to any increase in direct spending or decrease in revenues provided by such amendment, except that a motion to strike a provision shall always be in order.

“(3) Paragraphs (1) and (2) shall not apply if a declaration of war by the Congress is in effect.

“(4) For purposes of this section, the levels of direct spending and Federal revenues for a fiscal year shall be determined on the basis of estimates made by the Committee on the Budget of either House, as the case may be.

“(5) If a committee or committees of the House fail to meet its directive in recommended changes it has submitted to its Committee on the Budget pursuant to its instruction, the Committee on Rules of
the House of Representatives may recommend that
the House make in order amendments to achieve
changes specified by reconciliation directives con-
tained in a concurrent resolution on the budget.

“(d) PROCEDURE IN THE SENATE.—

“(1) Except as provided in paragraph (2), the
provisions of section 305 for the consideration in the
Senate of concurrent resolutions on the budget and
conference reports thereon shall also apply to the
consideration in the Senate of reconciliation bills re-
ported under subsection (b) and conference reports
thereon.

“(2) Debate in the Senate on any reconciliation
bill reported under subsection (b), and all amend-
ments thereto and debatable motions and appeals in
connection therewith, shall be limited to not more
than 20 hours.

“(e) LIMITATION ON CHANGES TO THE SOCIAL SE-
CURITY ACT.—Notwithstanding any other provision of
law, it shall not be in order in the Senate or the House
of Representatives to consider any reconciliation bill re-
ported pursuant to a concurrent resolution on the budget
agreed to under section 301 or 304, or any amendment
thereo or conference report thereon, that contains rec-
ommendations to reduce benefits under the old-age, survi-
vors, and disability insurance program established under title II of the Social Security Act.

"SEC. 311. DIRECT SPENDING AND REVENUE LEGISLATION MUST BE WITHIN APPROPRIATE LEVELS.

“(a) COMMITTEE ALLOCATIONS.—The joint explanatory statement accompanying a conference report on a budget resolution shall include an allocation, consistent with the resolution recommended in the conference report, of the appropriate deficit impact number (or surplus impact number) for the budget year and a total for all fiscal years covered by that resolution for each committee of each House of Congress, except for the Committees on Appropriations. Any item assumed in an allocation to one committee may not be assumed in an allocation to another committee of the same House.

“(b) DISPLAY ALLOCATIONS.—The joint explanatory statement accompanying a conference report on a budget resolution may include an allocation for display purposes only, consistent with the resolution recommended in the conference report, of the total amount of direct spending and revenue under existing law within the jurisdiction of each committee.

“(c) LEGISLATION SUBJECT TO POINT OF ORDER.—

“(1) It shall not be in order in the House of Representatives or the Senate to consider any bill or
joint resolution or amendment increasing the deficit
(or lowering the surplus) in any fiscal year covered
by the most recently agreed to concurrent resolution
on the budget, or any motion or conference report
on any such bill or joint resolution, if it would
produce a higher deficit (or lower surplus) than an
appropriate impact number allocated pursuant to
subsection (a).

“(2) A bill, joint resolution, amendment, or con-
ference report shall be considered to exceed an ap-
propriate impact number only if—

“(A) the enactment of such bill or resolu-
tion in the form it will be considered as original
text for purposes of amendment;

“(B) the amendment is not an amendment
considered as original text for purposes of
amendment and the adoption of such amend-
ment and enactment of the bill or joint resolu-
tion as so amended; or

“(C) the enactment of such bill or resolu-
tion in the form recommended in such con-
ference report,

would cause an appropriate impact number allocated pur-
suant to subsection (a) to be exceeded.
“(d) Determinations by Budget Committees.—For purposes of this section, impact numbers shall be determined on the basis of estimates made by the Committee on the Budget of either House, as the case may be.

“SEC. 312. EFFECTS OF POINTS OF ORDER.

“(a) Points of Order in the Senate Against Amendments Between the Houses.—Each provision of this Act that establishes a point of order against an amendment also establishes a point of order in the Senate against an amendment between the Houses. If a point of order under this Act is raised in the Senate against an amendment between the Houses, and the Presiding Officer sustains the point of order, the effect shall be the same as if the Senate had disagreed to the amendment.

“(b) Effect of a Point of Order on a Bill in the Senate.—In the Senate, if the Chair sustains a point of order under this Act against a bill, the Chair shall then send the bill to the committee of appropriate jurisdiction for further consideration.

“SEC. 313. EXTRANEOUS MATTER IN RECONCILIATION LEGISLATION.

“(a) In General.—When the Senate is considering a reconciliation bill or a reconciliation resolution pursuant to section 310 (whether that bill or resolution originated in the Senate or the House) or section 258C of the Bal-
anced Budget and Emergency Deficit Control Act of 1985,
upon a point of order being made by any Senator against
material extraneous to the instructions to a committee
which is contained in any title or provision of the bill or
resolution or offered as an amendment to the bill or reso-
lution, and the point of order is sustained by the Chair,
any part of said title or provision that contains material
extraneous to the instructions to said Committee as de-
ined in subsection (b) shall be deemed stricken from the
bill and may not be offered as an amendment from the
floor.

“(b) EXTRANEOUS PROVISIONS.—
“(1)(A) Except as provided in paragraph (2), a
provision of a reconciliation bill or reconciliation res-
olution considered pursuant to section 310 shall be
considered extraneous if such provision does not
produce a change in outlays or revenue, including
changes in outlays and revenues brought about by
changes in the terms and conditions under which
outlays are made or revenues are required to be col-
lected (but a provision in which outlay decreases or
revenue increases exactly offset outlay increases or
revenue decreases shall not be considered extraneous
by virtue of this subparagraph); (B) any provision
producing an increase in outlays or decrease in reve-
nues shall be considered extraneous if the net effect of provisions reported by the Committee reporting the title containing the provision is that the Committee fails to achieve its reconciliation instructions; (C) a provision that is not in the jurisdiction of the Committee with jurisdiction over said title or provision shall be considered extraneous; (D) a provision shall be considered extraneous if it produces changes in outlays or revenues which are merely incidental to the non-budgetary components of the provision; (E) a provision shall be considered to be extraneous if it increases, or would increase, net outlays, or if it decreases, or would decrease, revenues during a fiscal year after the fiscal years covered by such reconciliation bill or reconciliation resolution, and such increases or decreases are greater than outlay reductions or revenue increases resulting from other provisions in such title in such year; and (F) a provision shall be considered extraneous if it violates section 310(e).

“(2) A Senate-originated provision shall not be considered extraneous under paragraph (1)(A) if the Chairman and Ranking Minority Member of the Committee on the Budget and the Chairman and Ranking Minority Member of the Committee which
reported the provision certify that: (A) the provision mitigates direct effects clearly attributable to a provision changing outlays or revenue and both provisions together produce a net reduction in the deficit; (B) the provision will result in a substantial reduction in outlays or a substantial increase in revenues during fiscal years after the fiscal years covered by the reconciliation bill or reconciliation resolution; (C) a reduction of outlays or an increase in revenues is likely to occur as a result of the provision, in the event of new regulations authorized by the provision or likely to be proposed, court rulings on pending litigation, or relationships between economic indices and stipulated statutory triggers pertaining to the provision, other than the regulations, court rulings or relationships currently projected by the Congressional Budget Office for scorekeeping purposes; or (D) such provision will be likely to produce a significant reduction in outlays or increase in revenues but, due to insufficient data, such reduction or increase cannot be reliably estimated.

“(3) A provision reported by a committee shall not be considered extraneous under paragraph (1)(C) if (A) the provision is an integral part of a provision or title, which if introduced as a bill or res-
olution would be referred to such committee, and the provision sets forth the procedure to carry out or implement the substantive provisions that were reported and which fall within the jurisdiction of such committee; or (B) the provision states an exception to, or a special application of, the general provision or title of which it is a part and such general provision or title if introduced as a bill or resolution would be referred to such committee.

“(c) EXTRANEOUS MATERIALS.—Upon the reporting or discharge of a reconciliation bill or resolution pursuant to section 310 in the Senate, and again upon the submission of a conference report on such a reconciliation bill or resolution, the Committee on the Budget of the Senate shall submit for the record a list of material considered to be extraneous under subsections (b)(1)(A), (b)(1)(B), and (b)(1)(E) of this section to the instructions of a committee as provided in this section. The inclusion or exclusion of a provision shall not constitute a determination of extraneousness by the Presiding Officer of the Senate.

“(d) CONSIDERATION OF CONFERENCE REPORTS.—When the Senate is considering a conference report on, or an amendment between the Houses in relation to, a reconciliation bill or reconciliation resolution pursuant to section 310, upon—
“(1) a point of order being made by any Senator against extraneous material meeting the definition of subsections (b)(1)(A), (b)(1)(B), (b)(1)(D), (b)(1)(E), or (b)(1)(F), and

“(2) such point of order being sustained,
such material contained in such conference report or amendment shall be deemed stricken, and the Senate shall proceed, without intervening action or motion, to consider the question of whether the Senate shall recede from its amendment and concur with a further amendment, or concur in the House amendment with a further amendment, as the case may be, which further amendment shall consist of only that portion of the conference report or House amendment, as the case may be, not so stricken. Any such motion in the Senate shall be debatable for two hours. In any case in which such point of order is sustained against a conference report (or Senate amendment derived from such conference report by operation of this subsection), no further amendment shall be in order.

“(e) General Point of Order.—Notwithstanding any other law or rule of the Senate, it shall be in order for a Senator to raise a single point of order that several provisions of a bill, resolution, amendment, motion, or conference report violate this section. The Presiding Officer may sustain the point of order as to some or all of the
provisions against which the Senator raised the point of order. If the Presiding Officer so sustains the point of order as to some of the provisions (including provisions of an amendment, motion, or conference report) against which the Senator raised the point of order, then only those provisions (including provisions of an amendment, motion, or conference report) against which the Presiding Officer sustains the point of order shall be deemed stricken pursuant to this section. Before the Presiding Officer rules on such a point of order, any Senator may move to waive such a point of order as it applies to some or all of the provisions against which the point of order was raised. Such a motion to waive is amendable in accordance with the rules and precedents of the Senate. After the Presiding Officer rules on such a point of order, any Senator may appeal the ruling of the Presiding Officer on such a point of order as it applies to some or all of the provisions on which the Presiding Officer ruled.

"(f) Determination of Levels.—For purposes of this section, the levels of new budget authority, budget outlays, new entitlement authority, and revenues for a fiscal year shall be determined on the basis of estimates made by the Committee on the Budget of the Senate."

SEC. 16001. SHORT TITLE; PURPOSE.

(a) Short Title.—This title may be cited as the “Budget Control Act of 1993”.

(b) Purpose.—The purpose of this title is to create a mechanism to monitor total costs of direct spending programs, and, in the event that actual or projected costs exceed targeted levels, to require the President and Congress to address adjustments in direct spending.

SEC. 16002. ESTABLISHMENT OF DIRECT SPENDING TARGETS.

(a) In General.—The initial direct spending targets for each of fiscal years 1994 through 1997 shall equal total outlays for all direct spending except net interest and deposit insurance as determined by the Director of the Office of Management and Budget (hereinafter referred to in this title as the “Director”) under subsection (b).

(b) Initial Report by Director.—

(1) Not later than 30 days after the date of enactment of this Act, the Director shall submit a report to Congress setting forth projected direct spending targets for each of fiscal years 1994 through 1997.

(2) The Director’s projections shall be based on legislation enacted as of 5 days before the report is
submitted under paragraph (1). To the extent feasible, the Director shall use the same economic and
technical assumptions used in preparing the concurrent resolution on the budget for fiscal year 1994
(H.Con.Res. 64).

(c) Adjustments.—Direct spending targets shall be subsequently adjusted by the Director under section 16006.

SEC. 16003. ANNUAL REVIEW OF DIRECT SPENDING AND RECEIPTS BY PRESIDENT.

As part of each budget submitted under section 1105(a) of title 31, United States Code, the President shall provide an annual review of direct spending and receipts, which shall include (1) information supporting the adjustment of direct spending targets pursuant to section 16006, (2) information on total outlays for programs covered by the direct spending targets, including actual outlays for the prior fiscal year and projected outlays for the current fiscal year and the 5 succeeding fiscal years, and (3) information on the major categories of Federal receipts, including a comparison between the levels of those receipts and the levels projected as of the date of enactment of this Act.
SEC. 16004. SPECIAL DIRECT SPENDING MESSAGE BY PRESIDENT.

(a) TRIGGER.—In the event that the information submitted by the President under section 16003 indicates—

(1) that actual outlays for direct spending in the prior fiscal year exceeded the applicable direct spending target, or

(2) that outlays for direct spending for the current or budget year are projected to exceed the applicable direct spending targets,

the President shall include in his budget a special direct spending message meeting the requirements of subsection (b).

(b) CONTENTS.—

(1) The special direct spending message shall include:

(A) An explanation of any adjustments to the direct spending targets pursuant to section 16006.

(B) An analysis of the variance in direct spending over the adjusted direct spending targets.

(C) The President’s recommendations for addressing the direct spending overages, if any, in the prior, current, or budget year.
(2) The President’s recommendations may consist of any of the following:

(A) Proposed legislative changes to reduce outlays, increase revenues, or both, in order to recoup or eliminate the overage for the prior, current, and budget years in the current year, the budget year, and the 4 outyears.

(B) Proposed legislative changes to reduce outlays, increase revenues, or both, in order to recoup or eliminate part of the overage for the prior, current, and budget year in the current year, the budget year, and the 4 outyears, accompanied by a finding by the President that, because of economic conditions or for other specified reasons, only some of the overage should be recouped or eliminated by outlay reductions or revenue increases, or both.

(C) A proposal to make no legislative changes to recoup or eliminate any overage, accompanied by a finding by the President that, because of economic conditions or for other specified reasons, no legislative changes are warranted.

(3) Any proposed legislative change under paragraph (2) to reduce outlays may include reductions
in direct spending or in the discretionary spending limits under section 601 of the Congressional Budget Act of 1974.

(c) PROPOSED SPECIAL DIRECT SPENDING RESOLUTION.—

(1) President’s recommendations to be submitted as draft resolution.—If the President recommends reductions consistent with subsection (b)(2)(A) or (B), the special direct spending message shall include the text of a special direct spending resolution implementing the President’s recommendations through reconciliation directives instructing the appropriate committees of the House of Representatives and Senate to determine and recommend changes in laws within their jurisdictions to reduce outlays or increase revenues by specified amounts. If the President recommends no reductions pursuant to (b)(2)(C), the special direct spending message shall include the text of a special resolution concurring in the President’s recommendation of no legislative action.

(2) Resolution to be introduced in House.—Within 10 days after the President’s special direct spending message is submitted, the text required by paragraph (1) shall be introduced as a
concurrent resolution in the House of Representatives by the chairman of the Committee on the Budget of the House of Representatives without substantive revision. If the chairman fails to do so, after the tenth day the resolution may be introduced by any Member of the House of Representatives. A concurrent resolution introduced under this paragraph shall be referred to the Committee on the Budget.

SEC. 16005. REQUIRED RESPONSE BY CONGRESS.

(a) REQUIREMENT FOR SPECIAL DIRECT SPENDING RESOLUTION.—Whenever the President submits a special direct spending message under section 16004, the Committee on the Budget of the House of Representatives shall report, not later than April 15, the concurrent resolution on the budget and include in it a separate title that meets the requirements of subsections (b) and (e).

(b) CONTENTS OF SEPARATE TITLE.—The separate title of the concurrent resolution on the budget shall contain reconciliation directives to the appropriate committees of the House of Representatives and Senate to determine and recommend changes in laws within their jurisdictions to reduce outlays or increase revenues by specified amounts (which in total equal or exceed the reductions recommended by the President, up to the amount of the overage). If this separate title recommends that no legisla-
tive changes be made to recoup or eliminate an overage, then a statement to that effect shall be set forth in that title.

(c) Requirement for Separate Vote To Increase Targets.—If the separate title of a concurrent resolution on the budget proposes to recoup or eliminate less than the entire overage for the prior, current, and budget years, then the Committee on the Budget of the House of Representatives shall report a resolution directing the Committee on Government Operations to report legislation increasing the direct spending targets for each applicable year by the full amount of the overage not recouped or eliminated. It shall not be in order in the House of Representatives to consider that concurrent resolution on the budget until the House of Representatives has agreed to the resolution directing the increase in direct spending targets.

(d) Conference Reports Must Fully Address Overage.—It shall not be in order in the House of Representatives to consider a conference report on a concurrent resolution on the budget unless that conference report fully addresses the entirety of any overage contained in the applicable report of the President under section 16004 through reconciliation directives requiring spending reduc-
1. tions, revenue increases, or changes in the direct spending
targets.

(c) Procedure if House Budget Committee
Fails To Report Required Resolution.—

(1) Automatic discharge of house budget
committee.—If a special direct spending resolution
is required and the Committee on the Budget of the
House of Representatives fails to report a resolution
meeting the requirements of subsections (b) and (c)
by April 15, then the committee shall be automatic-
cally discharged from further consideration of the
concurrent resolution reflecting the President’s rec-
ommendations introduced pursuant to section
16004(c)(2) and the concurrent resolution shall be
placed on the appropriate calendar.

(2) Consideration by house.—Ten days
after the Committee on the Budget of the House of
Representatives has been discharged under para-
graph (1), any Member may move that the House
proceed to consider the resolution. Such motion shall
be highly privileged and not debatable.

(f) Application of Congressional Budget
Act.—To the extent that they are relevant and not incon-
sistent with this title, the provisions of title III of the Con-
gressional Budget Act of 1974 shall apply in the House
of Representatives and the Senate to special direct spending resolutions, resolutions increasing targets under subsection (c), and reconciliation legislation reported pursuant to directives contained in those resolutions.

SEC. 16006. ADJUSTMENTS TO DIRECT SPENDING TARGETS.

(a) Required Annual Adjustments.—Prior to the submission of the President’s budget for each of fiscal years 1995 through 1997, the Director shall adjust the direct spending targets in accordance with this section. Any such adjustments shall be reflected in the targets used in the President’s report under section 16003 and message (if any) under section 16004.

(b) Adjustment for Increases in Beneficiaries.—

(1) The Director shall adjust the direct spending targets for increases (if any) in actual or projected numbers of beneficiaries under direct spending programs for which the number of beneficiaries is a variable in determining costs.

(2) The adjustment shall be made by —

(A) computing, for each program under paragraph (1), the percentage change between (i) the annual average number of beneficiaries under that program (including actual numbers of beneficiaries for the prior fiscal year and pro-
jections for the budget and subsequent fiscal years) to be used in the President’s budget with which the adjustments will be submitted, and (ii) the annual average number of beneficiaries used in the adjustments made by the Director in the previous year (or, in the case of adjustments made in 1994, the annual average number of beneficiaries used in the Director’s initial report under section 16002(b));

(B) applying the percentages computed under subparagraph (A) to the projected levels of outlays for each program consistent with the direct spending targets in effect immediately prior to the adjustment; and

(C) adding the results of the calculations required by subparagraph (B) to the direct spending targets in effect immediately prior to the adjustment.

(3) No adjustment shall be made for any program for a fiscal year in which the percentage increase computed under paragraph (2)(A) is less than or equal to zero.

(e) ADJUSTMENTS FOR REVENUE LEGISLATION.—

(1) The Director shall adjust the targets as follows—
(A) they shall be increased by the amount
of any increase in receipts; or

(B) they shall be decreased by the amount
of any decrease in receipts,
resulting from receipts legislation enacted after the date
of enactment of this title, except legislation enacted under
section 16005.

(d) Adjustments to Reflect Congressional
Decisions.—Upon enactment of a reconciliation bill pur-
suant to instructions under section 16005, the Director
shall adjust direct spending targets for the current year,
the budget year, and each outyear through 1997 by—

(1) increasing the target for the current year
and the budget year by the amount stated for that
year in that reconciliation bill (but if a separate vote
was required by section 16005(c), only if that vote
has occurred); and

(2) decreasing the target for the current, budg-
et, and outyears through 1997 by the amount of re-
ductions in direct spending enacted in that reconcili-
ation bill.

(e) Designated Emergencies.—The Director shall
adjust the targets to reflect the costs of legislation that
is designated as an emergency by Congress and the Presi-
dent under section 252(b) of the Balanced Budget and Emergency Deficit Control Act of 1985.

SEC. 16007. RELATIONSHIP TO BALANCED BUDGET AND EMERGENCY DEFICIT CONTROL ACT.

Reductions in outlays or increases in receipts resulting from legislation reported pursuant to section 16005 shall not be taken into account for purposes of any budget enforcement procedures under the Balanced Budget and Emergency Deficit Control Act of 1985.

SEC. 16008. ESTIMATING MARGIN.

For any fiscal year for which the overage is less than one-half of 1 percent of the direct spending target for that year, the procedures set forth in sections 16004 and 16005 shall not apply.

SEC. 16009. CONSIDERATION OF APPROPRIATION BILLS.

(a) POINT OF ORDER.—It shall not be in order in the House of Representatives to consider any general appropriation bill if the President has submitted a direct spending message under section 16004 until Congress has adopted a concurrent resolution on the budget for the budget year that meets the requirements of section 16005.

(b) WAIVER.—The point of order established by subsection (a) may only be waived for all general appropriation bills for that budget year through the adoption of one resolution waiving that point of order.
SEC. 16010. MEANS-TESTED PROGRAMS.

In making recommendations under sections 16004 and 16005, the President and the Congress should seriously consider all other alternatives before proposing reductions in means-tested programs.

SEC. 16011. EFFECTIVE DATE.

This title shall apply to direct spending targets for fiscal years 1994 through 1997 and shall expire at the end of fiscal year 1997.

Passed the House of Representatives May 27, 1993.
