It is the policy of the United States—

(1) to deploy at the earliest practical date highly effective theater missile defenses (TMDs) to protect forward-deployed and expeditionary elements of the Armed Forces of the United States and to complement and support the missile defense capabilities of friendly forces and of allies of the United States; and
to deploy at the earliest practical date a national missile defense (NMD) system that is capable of providing a highly effective defense of the United States against limited ballistic missile attacks.

SEC. 233. IMPLEMENTATION OF POLICY.

(b) NMD SYSTEM ARCHITECTURE.—To implement the policy established in section 232(2), the Secretary of Defense shall develop for deployment at the earliest practical date an affordable, operationally-effective National Missile Defense (NMD) system designed to protect the United States against limited ballistic missile attacks. The system to be developed for deployment shall include the following:

(1) Up to 100 ground-based interceptors at a single site or a greater number of interceptors at a number of sites, as determined necessary by the Secretary.

(2) Fixed, ground-based radars.

(3) Space-based sensors, including, within the type of space-based sensors known as ABM-adjunct sensors (such sensors not being prohibited by the ABM Treaty), those sensor systems (such as the Space and
Missile Tracking System) that are capable of cuing
ground-based anti-ballistic missile interceptors and of
providing initial targeting vectors.

(4) Battle management, command, control, and
communications.

VELOPMENT.

(a) FOLLOW-ON NATIONAL AND THEATER MISSILE
DEFENSE TECHNOLOGY.—The Secretary shall pursue re-
search and development of technologies and systems related
to national missile defense and theater missile defense in
order to provide future options for—

(1) protecting the United States against limited
ballistic missile attacks; and

SEC. 235. POLICY ON COMPLIANCE WITH THE ABM TREATY.

(a) POLICY CONCERNING SYSTEMS SUBJECT TO ABM TREATY.—Congress finds that, unless and until a missile defense system, system upgrade, or system component is flight tested in an ABM-qualifying flight test (as defined in subsection (c)), such system, system upgrade, or system component—

(1) has not, for purposes of the ABM Treaty, been tested in an ABM mode nor been given capabilities to counter strategic ballistic missiles; and

(2) therefore is not subject to any application, limitation, or obligation under the ABM Treaty.
(b) **Prohibitions.**—(1) Funds appropriated to the Department of Defense may not be obligated or expended for the purpose of—

(A) prescribing, enforcing, or implementing any Executive order, regulation, or policy that would apply the ABM Treaty (or any limitation or obligation under such Treaty) to research, development, testing, or deployment of a theater missile defense system, a theater missile defense system upgrade, or a theater missile defense system component; or

(B) taking any other action to provide for the ABM Treaty (or any limitation or obligation under such Treaty) to be applied to research, development, testing, or deployment of a theater missile defense system, a theater missile defense system upgrade, or a theater missile defense system component.

(2) This subsection applies with respect to each missile defense system, missile defense system upgrade, or missile defense system component that is capable of countering modern theater ballistic missiles.

(3) This subsection shall cease to apply with respect to a missile defense system, missile defense system upgrade, or missile defense system component when that system, system upgrade, or system component has been flight tested in an ABM-qualifying flight test.
(c) ABM-Qualifying Flight Test Defined.—For purposes of this section, an ABM-qualifying flight test is a flight test against a ballistic missile which, in that flight test, exceeds (1) a range of 3,500 kilometers, or (2) a velocity of 5 kilometers per second.

SEC. 237. ABM TREATY DEFINED.
For purposes of this subtitle and subtitle D, the term
“ABM Treaty” means the Treaty Between the United States
and the Union of Soviet Socialist Republics on the Limita-
tion of Anti-Ballistic Missile Systems, and signed at Mos-
cow on May 26, 1972, and includes Protocols to that Trea-
ty, signed at Moscow on July 3, 1974.

The Missile Defense Act of 1991 is repealed.

Subtitle D—Other Ballistic Missile
Defense Provisions

SEC. 241. BALLISTIC MISSILE DEFENSE FUNDING FOR FISCAL YEAR 1996.
Of the amounts authorized to be appropriated pursu-
ant to section 201 for fiscal year 1996 or otherwise made
available to the Department of Defense for fiscal year 1996,
not more than $3,070,199,000 may be obligated for Ballistic
Missile Defense programs.
SEC. 242. POLICY CONCERNING BALLISTIC MISSILE DEFENSE.

(a) Ballistic Missile Defense and Other Counterproliferation Efforts.—The Congress views the deployment of ballistic missile defenses as a necessary, but not sufficient, element of a broader strategy to discourage both the proliferation of weapons of mass destruction and the proliferation of means of their delivery and to defend against the consequences of such proliferation. The Congress, therefore, endorses and supports measures designed to slow or halt the proliferation of advanced technologies that pose a threat to the safety and security of the United States and to international stability.

(b) Ballistic Missile Defense and Strategic Stability.—(1) The Congress views the deployment of ballistic missile defenses as a strategically stabilizing measure.

(2) The deployment of Theater Missile Defense systems at the earliest practical date pursuant to section 232(a)(1) will deny potential adversaries the option of escalating a conflict by threatening or attacking United States forces, coalition partners of the United States, or allies of the United States with ballistic missiles armed with weapons of mass destruction to offset the operational and technical advantages of the United States and its coalition partners and allies.
(3) The deployment of a National Missile Defense system at the earliest practical date pursuant to section 232(a)(2) against the threat of limited ballistic missile attacks—

(A) will strengthen deterrence at the levels of forces agreed to by the United States and Russia under the Strategic Arms Reduction Talks Treaties (START-I and START-II); and

(B) would further strengthen deterrence if reductions below the levels permitted under START-II should be agreed to in the future.

(c) PRESIDENTIAL DISCUSSIONS WITH OTHER NATIONS.—(1) The Congress—

(A) notes that on the basis of section 235 it is no longer necessary for the United States to continue discussions with Russia to clarify the distinction between ABM and TMD systems and, therefore, urges the President to discontinue any such discussions;

(B) notes that the ABM Treaty prohibits deployment of ground-based interceptors in a number that would be sufficient to assure that the entire continental United States, Alaska, and Hawaii are defended against limited ballistic missile attacks; and

(C) notes that past discussions with Russia, based on Russian President Yeltsin’s proposal for a
Global Protection System, held promise of an agreement to amend the ABM Treaty to allow defense against a limited ballistic missile attack that would have included (among other measures) permitted deployment of as many as four ground-based interceptor sites in addition to the one site currently permitted under the ABM Treaty and unrestricted exploitation of ground-based and space-based sensors.

(2) In light of the findings in paragraph (1), Congress urges the President to pursue high-level discussions with Russia to amend the ABM Treaty to permit—

(A) deployment of the number of ground-based ABM sites necessary to provide effective defense of the entire territory of the United States against limited ballistic missile attack; and

(B) the unrestricted exploitation of sensors based within the atmosphere and in space.

(3) It is in the interest of the United States to develop its own missile defense capabilities in a manner that will permit the United States to complement and support the missile defense capabilities developed and deployed by its allies and possible coalition partners. Therefore, the Congress urges the President—

(A) to pursue high-level discussions with allies and selected other states on the means and methods by
which the parties on a bilateral basis can cooperate in the development, deployment, and operation of ballistic missile defenses;

(B) to take the initiative within the North Atlantic Treaty Organization to develop consensus in the Alliance for a timely deployment of effective ballistic missile defenses by the Alliance; and

(C) in the interim, to seek agreement with allies and selected other states on steps the parties should take, consistent with their national interests, to reduce the risks posed by the threat of limited ballistic missile attacks, such steps to include—

(i) the sharing of early warning information derived from sensors deployed by the United States and other states;

(ii) the exchange on a reciprocal basis of technical data and technology to support both joint development programs and the sale and purchase of missile defense systems and components; and

(iii) operational level planning to exploit current missile defense capabilities and to help define future requirements.
SEC. 243. TESTING OF THEATER MISSILE DEFENSE INTERCEPTORS.

Subsection (a) of section 237 of the National Defense Authorization Act for Fiscal Year 1994 (Public Law 103-160; 107 Stat. 1600) is amended to read as follows:

"(a) Testing of Theater Missile Defense Interceptors.—(1) The Secretary of Defense may not approve a theater missile defense interceptor program proceeding beyond the low-rate initial production acquisition stage until the Secretary certifies to the congressional defense committees that such program has successfully completed initial operational test and evaluation.

"(2) In order to be certified under paragraph (1) as having been successfully completed, the initial operational test and evaluation conducted with respect to an interceptors program must have included flight tests—

"(A) that were conducted with multiple interceptors and multiple targets in the presence of realistic countermeasures; and

"(B) the results of which demonstrate the achievement by the interceptors of the baseline performance thresholds.

"(3) For purposes of this subsection, the baseline performance thresholds with respect to a program are the weapons systems performance thresholds specified in the baseline description for the system established (pursuant to
section 2435(a)(1) of title 10, United States Code) before the program entered the engineering and manufacturing development stage.

“(4) The number of flight tests described in paragraph (2) that are required in order to make the certification under paragraph (1) shall be a number determined by the Secretary of Defense to be sufficient for the purposes of this section.

“(5) The Secretary may augment live-fire testing to demonstrate weapons system performance goals for purposes of the certification under paragraph (1) through the use of modeling and simulation that is validated by ground and flight testing.”.

“§2473. Depot-level maintenance and repair workload

“(a) Importance of depot-level maintenance and repair core capabilities.—It is essential for the national defense that the United States maintain a core depot-level maintenance and repair capability (including skilled personnel, equipment, and facilities) within facilities owned and operated by the Department of Defense that—

“(1) is of the proper size (A) to ensure a ready and controlled source of technical competence and repair and maintenance capability necessary to meet the requirements of the National Military Strategy and other requirements for responding to military contingencies, and (B) to provide for rapid augmentation in time of emergency; and

“(2) is assigned sufficient workload to ensure cost efficiency and proficiency in time of peace.
“(b) Determination of Core Depot Maintenance Activities.—(1) The Secretary of each military department shall identify those depot-level maintenance and repair activities under that Secretary’s jurisdiction that are necessary to ensure for that military department the depot-level maintenance and repair capability described in subsection (a) and as required by section 2464 of this title.

“(2) The Secretary of each military department shall prescribe the procedures to be used to quantify the requirements necessary to support the capability described in subsection (a).

```

```
(f) DEPOT-LEVEL WORKLOAD COMPETITIONS.—In any competition under this section for a depot-level workload (whether among private firms or between Department of Defense activities and private firms), bids from any entity participating in the competition shall accurately disclose all costs properly and consistently derived from accounting systems and practices that comply with laws, policies, and standards applicable to that entity. That analysis shall be made with respect to—

(1) the distribution that would (using that standard) have been made during the five fiscal years ending with fiscal year 1995 of the depot-level maintenance and repair workload of the Department of Defense between organic Department of Defense depots and non-Government personnel, measured by direct labor hours and by amounts expended, and displayed,
for that five-year period and for each year of that pe-
period, so as to show (for each military department
(and separately for the Navy and Marine Corps))

workloads and of the capabilities and equipment
needed to perform depot-level maintenance and repair
for those core workloads.
(2) Identification, based on each analysis, of depot-level maintenance and repair work performed (or that would be performed) at organic Department of Defense depots and of depot-level maintenance and repair work performed (or that would be performed) by non-Government personnel.

(i) REVIEW BY GAO.—(1) The Comptroller General of the United States shall conduct an independent audit of the findings of the Secretary of Defense in the report under subsection (e). The Secretary of Defense shall provide to the Comptroller General for such purpose all information used by the Secretary in preparing such report.

Upon the request of a senior military college, the Secretary
of Defense shall detail an officer on the active-duty list to

(a) **Establishment of Program.**—(1) Subtitle E of title 10, United States Code, is amended by inserting after chapter 1213 the following new chapter:

"CHAPTER 1214—READY RESERVE INCOME INSURANCE"

"Sec.
"12521. Definitions.
"12522. Establishment and purpose of program.
"§ 12521. Definitions

In this chapter:

"(1) The term 'covered service' means active duty in the armed forces performed by a member of a reserve component under orders for more than 30 days which specify that the member's service is in support of an operational mission for which members of the reserve components have been ordered to active duty without their consent or in support of forces activated during a period of war or during a period of national emergency as declared by the President or Congress.

"(2) The term 'covered member' means a member of the Ready Reserve who is eligible for and who has not declined coverage under this chapter.

"(3) The term 'Secretary' means the Secretary of Defense.

"(4) The term 'Department' means the Department of Defense.

"(5) The term 'Board' means the Board of Actuaries established under section 2006(e)(1) of this title.

"(6) The term 'Fund' means the Department of Defense Ready Reserve Income Insurance Fund.
§ 12522. Establishment and purpose of program

(a) Establishment.—There is established an insurance program for members of the Ready Reserve to be known as the Department of Defense Ready Reserve Income Insurance Program which shall be administered by the Secretary. There is also established on the books of the Treasury a fund to be known as the Department of Defense Ready Reserve Income Insurance Fund, which shall be administered by the Secretary of the Treasury. The Fund shall be used for the accumulation of funds in order to finance on an actuarially sound basis liabilities of the Program.

(b) Assets of Fund.—There shall be deposited into the Fund the following, which shall constitute the assets of the Fund:

(1) Amounts paid into the Fund under sections 12526 and 12528 of this title.

(2) Any amount appropriated to the Fund.

(3) Any return on investment of the assets of the Fund.

(c) Board of Actuaries.—The Department of Defense Education Benefits Fund Board of Actuaries shall have the actuarial responsibility for the Program.

(d) Determination of Contributions to the Fund.—(1) Not later than six months after the Program is established, the Board shall determine (project) the premium rate for the coverage to be offered.
“(2) If at the time of any such valuation there has been a change in benefits under the Program that has been made since the last such valuation and such change in benefits increases or decreases the present value of amounts payable from the Fund, the Board shall determine a premium rate methodology and schedule for the liquidation of any liability (or actuarial gain to the Fund) created by such change and any previous such changes so that the present value of the sum of the scheduled premium payments (or reduction in payments that would otherwise be made) equals the cumulative increase (or decrease) in the present value of such benefits.

“(3) If at the time of any such valuation the Board determines that, based upon changes in actuarial assumptions since the last valuation, there has been an actuarial gain or loss to the Fund, the Board shall recommend a premium rate schedule for the amortization of the cumulative gain or loss to the Fund created by such change in assumptions and any previous such changes in assumptions through an increase or decrease in the payments that would otherwise be made to the Fund.

“(4) If at any time liabilities exceed assets of the Fund as a result of a call up, and funds are unavailable to pay benefits, the Secretary shall seek a special appropriation to cover the unfunded liability. If appropriations are not
made, in any fiscal year, the Secretary shall limit the value
of any benefits conferred by this program to an amount
that does not exceed assets of the Fund expected to accrue
at the end of such fiscal year. Benefits that cannot be paid
because of such limitation of funds shall be deferred and
paid only after funds become available.

"(e) Payments Into the Fund.—(1) Payment into
the Fund under this subsection shall accumulate in accord-
ance with the provisions of section 12526 of this title.

"(2) At the beginning of each fiscal year, the Secretary
shall determine the sum of the following:

"'(A) The projected amount of the premiums to be
collected, investment earnings, and any special appro-
priations received for that fiscal year.

"'(B) The amount for that year of any cumu-
lative unfunded liability (including any negative
amount or any gain to the Fund) resulting from pay-
ments of benefits.

"'(C) The amount for that year (including any
negative amount) of any cumulative actuarial gain or
loss to the Fund.

"'(f) Investment of Assets of Fund.—The Sec-
retary of the Treasury shall invest such portion of the Fund
as is not in the judgment of the Secretary of Defense re-
quired to meet current liabilities. Such investments shall
be in public debt securities with maturities suitable to the
needs of the Fund, as determined by the Secretary of De-
fense, and bearing interest at rates determined by the Sec-
retary of the Treasury, taking into consideration current
market yields on outstanding marketable obligations of the
United States of comparable maturities. The income on
such investments shall be credited to and form a part of
the Fund.

"§ 12523. Program administration"

"The insurance program provided for in this chapter
shall be administered by the Secretary, who is authorized
to adopt such rules, procedures, and policies as in the Sec-
retary’s judgment may be necessary or appropriate to carry
out the purposes of this chapter.

"§ 12524. Eligible insurance companies"

"(a) The Secretary may, without regard to section
3709 of the Revised Statutes (41 U.S.C. 5), purchase from
one or more insurance companies a policy or policies of
group insurance to offer benefits to all members. Each such
insurance company shall (1) be licensed to issue insurance
in each of the 50 States and in the District of Columbia,
and (2) as of the most recent December 31 for which infor-
mation is available to the Secretary, have in effect at least
1 percent of the total amount of insurance which all such
insurance companies have in effect in the United States.
“(b) Any insurance company which issues a policy under subsection (a) shall establish an administrative office at a place and under a name designated by the Secretary.

“(c) The Secretary may use the facilities and services of any insurance company issuing any policy under this chapter and may designate one such company as the representative of the other companies and contract to pay a reasonable fee to the designated company for its services.

“(d) The Secretary shall arrange with the insurance company issuing any policy under this chapter to reinsurance, under conditions approved by the Secretary, portions of the total amount of insurance under such policy or policies with such other insurance companies (which meet qualifying criteria set forth by the Secretary) as may elect to participate in such reinsurance.

“(e) The Secretary may at any time discontinue any policy purchased under this section.

“§ 12525. Persons insured; amount

“(a)(1) Any policy of insurance provided under this chapter shall insure each covered member of the Ready Reserve against covered service. Any covered member ordered into covered service shall be entitled to payment of a basic benefit of $1,000 for each month of covered service which is in excess of the initial 30 days of covered service, unless the member has elected in writing (A) not to be insured
under this chapter, (B) to be insured for a lower benefit of half the basic benefit, or (C) to be insured in a greater amount, in increments of $500, above the basic benefit not to exceed $5,000 per month of covered service (adjusted pursuant to paragraph (2)), following the initial 30 days of covered service, except that no member may be paid under this chapter for more than 12 months of covered service served during any period of 18 months. Payment for any period of covered service less than one month shall be at the rate of one-thirtieth of the monthly rate for each day served. Payment shall be based solely on insured status and on the period of covered service served; no proof of lost income or expenses incurred as a result of covered service shall be required.

"(2) The Secretary shall determine annually the effect of inflation on the benefits and establish an adjustment rate which ensures that there is no loss of value in the benefits payable to a member. Adjustments shall apply to benefits for members with existing coverage and for newly eligible members. Such adjustments for inflation will be rounded to the nearest $10 increment.

"(3) Members of the Ready Reserve who, under regulations prescribed by the Secretary of Defense in coordination with the Secretary of Transportation, are serving on active duty (or full-time National Guard duty) shall not be eligible
to purchase insurance under this chapter. Additional categories of members of the Ready Reserve, in the discretion of the Secretary of Defense, may also be excluded from eligibility to purchase insurance under this chapter.

“(b) Promptly following the effective date of this chapter, the Secretary shall make a one-time offer of insurance coverage under this chapter to all persons who were members of the Ready Reserve of an armed force on that date and who remain members of the Ready Reserve. Members of the Ready Reserve, first becoming eligible for coverage after the effective date of this chapter, shall be automatically enrolled for the basic benefit unless declined, or another amount is elected under subsection (a)(1).

“(c) Members shall be given a written explanation of the insurance and be advised that they have the right (1) to decline coverage altogether, (2) to select half the basic benefit, or (3) to select increased benefits. The right of a member of the Ready Reserve to decline, increase, or decrease coverage shall be exercised within 30 days of first being eligible for coverage.

“§ 12526. Deductions; payment

“(a)(1) During any period in which a member insured under this chapter is participating in paid reserve training or other duty, there shall be deducted each month from the member’s basic pay or compensation for inactive duty
training an amount determined by the Secretary to be the
same for all members of the Ready Reserve who subscribe
to the same amount of insurance as the share of the cost
attributable to insuring such member. As provided in sec-
tion 12525 of this title, the Secretary may establish grad-
uated monthly premiums for an amount of insurance less
than the basic amount of coverage or in excess of the basic
coverage amount.

“(2) Any member insured under this chapter who is
not in a pay status in which the member receives pay on
a monthly basis shall pay the cost attributable to insuring
such member in accordance with regulations to be adopted
by the Secretary.

“(b) An amount equal to the first amount due on in-
surance under this chapter may be advanced from current
appropriations for military pay to any such member, which
amount shall constitute a lien upon the pay for military
service accruing to the person to whom such advance was
made, and shall be collected therefrom if not otherwise paid.
No disbursing or certifying officer shall be responsible for
any loss by reason of such advance.

“(c) The sums withheld from the basic or other pay
of insured members or deposited by insured members, to-
gether with the income derived from any dividends or pre-
mium rate adjustments, shall be deposited to the credit of
the Fund. All premium payments for insurance issued under this chapter shall be deposited into the Fund.

§ 12527. Payment of insurance; beneficiaries

"(a) A member insured under this chapter who serves in excess of 30 days of covered service shall be paid the amount to which such member is entitled on a monthly basis, with the first payment due no later than one month following the 30th day of covered service. The Secretary shall adopt regulations prescribing the manner in which payments shall be made, either to the member or, in accordance with subsection (d), to a designated person or entity.

"(b) A member may designate in writing another person (including a spouse, parent, or other person with an insurable interest as determined by the Secretary by regulation) to whom the insurance payments to which such member is entitled are to be paid. Such designation may be made to a bank or other financial institution, to the credit of a designated person. In the latter event, insurance payments to which a member becomes entitled shall be paid to the designated person, bank or financial institution.

"(c) Any amount of insurance payable under this chapter on account of a deceased member's period of covered service shall be paid, upon the establishment of a valid claim therefor, to the beneficiary or beneficiaries which the former member had designated in writing. If no such des-
ignation has been made, the amount shall be payable in accordance with the laws of the State of the member's domicile.

"§ 12528. Premiums; accounting to the Secretary

"(a) Each policy of insurance provided by the Secretary under this chapter shall include for the first policy years a fixed monetary premium per $1,000 of insurance, based, in consultation with the Board, on the best available estimate of risk and financial exposure, levels of subscription by members, and other relevant factors. Different premium levels may be established for different amounts of coverage, provided that the premium rate established for the basic benefit shall not be at a premium rate higher than the premium rate set for increased coverages.

"(b) Each policy shall include provisions whereby the premium rate for the first policy year shall be continued for subsequent policy years (but the premium amount may be increased to account or inflation-adjusted benefit increases). The rate may be readjusted for any subsequent year with the consent of the Secretary based on prior consultation with the Board of Actuaries.

"§ 12529. Forfeiture

"Any person found guilty of mutiny, treason, spying, or desertion, or who refuses to perform service in the armed forces or refuses to wear the uniform of any of the armed
• forces, shall forfeit all rights to insurance under this chap-
ter.”.

(2) The tables of chapters at the beginning of subtitle E, and at the beginning of part II of subtitle E, of title 10, United States Code, are amended by inserting after the item relating to chapter 1213 the following new item:

“1214. Ready Reserve Income Insurance ................................12521”.

(b) COST-BENEFIT ANALYSIS.—The Secretary of the Army shall conduct a comparative cost-benefit analysis of various options for the reorganization of the regional head-
quarters and basic camp structure of the Army ROTC pro-
gram. As part of such analysis, the Secretary shall measure
each reorganization option considered against a common set of criteria.

(c) **Selection of Reorganization Option for Implementation.**—Based on the findings resulting from the cost-benefit analysis under subsection (b) and such other factors as the Secretary considers appropriate, the Secretary shall select one reorganization option for implementation. The Secretary may select an option for implementation only if the Secretary finds that the cost-benefit analysis and other factors considered clearly demonstrate that such option, better than any other option considered—

(1) provides the structure to meet projected mission requirements;

(2) achieves the most significant personnel and cost savings;

(3) uses existing basic and advanced camp facilities to the maximum extent possible;

(4) minimizes additional military construction costs; and

(5) makes maximum use of the reserve components to support basic and advanced camp operations, thereby minimizing the effect of those operations on active duty units.

(d) **Report.**—Not later than 60 days after the date of the enactment of this Act, the Secretary of the Army shall
submit to the Committee on Armed Services of the Senate and the Committee on National Security of the House of Representatives a report describing the reorganization option selected under subsection (c). The report shall include the results of the cost-benefit analysis under subsection (b) and a detailed rationale for the reorganization option selected.

§ 3201. Officers on active duty: minimum strength based on requirements

“(a) The Secretary of the Army shall ensure that (beginning with fiscal year 1999) the strength at the end of each fiscal year of officers on active duty is sufficient to enable the Army to meet at least 90 percent of the programmed manpower structure for the active component of the Army.

“(b) The number of officers on active duty shall be counted for purposes of this section in the same manner as applies under section 115(a)(1) of this title.

(a) In General.— During fiscal years 1996 through 2001, the Comptroller General of the United States shall analyze the plans of the Secretary of the Army for the allocation of assigned active component end strengths for the Army through the requirements process known as Total Army Analysis 2003 and through any subsequent similar requirements process of the Army that is conducted before 2002. The Comptroller General’s analysis shall consider whether the proposed active component end strengths and planned allocation of forces for that period will be sufficient to implement the national military strategy. In monitoring those plans, the Comptroller General shall determine the extent to which the Army will be able during that period—

(1) to man fully the combat force based on the projected active component Army end strength for each of fiscal years 1996 through 2001;
(2) to meet the support requirements for the force and strategy specified in the report of the Bottom-Up Review, including requirements for operations other than war; and

(3) to streamline further Army infrastructure in order to eliminate duplication and inefficiencies and replace active duty personnel in overhead positions, whenever practicable, with civilian or reserve personnel.

(b) Access to Documents, Etc.—The Secretary of the Army shall ensure that the Comptroller General is provided access, on a timely basis and in accordance with the needs of the Comptroller General, to all analyses, models, memoranda, reports, and other documents prepared or used in connection with the requirements process of the Army known as Total Army Analysis 2003 and any subsequent similar requirements process of the Army that is conducted before 2002.

The Secretary shall include in the report the number of such high-priority support units (shown by type of unit), the level of manning within such high-priority support units, and either the justification for manning of less than 100 percent or the status of corrective action.

SEC. 525. SENSE OF CONGRESS CONCERNING PERSONNEL TEMPO RATES.

(a) FINDINGS.—Congress makes the following findings:

(1) Excessively high personnel tempo rates for members of the Armed Forces resulting from high-tempo unit operations degrades unit readiness and morale and eventually can be expected to adversely affect unit retention.
(2) The Armed Forces have begun to develop methods to measure and manage personnel tempo rates.

(3) The Armed Forces have attempted to reduce operations and personnel tempo for heavily tasked units by employing alternative capabilities and reducing tasking requirements.

(b) Sense of Congress.—The Secretary of Defense should continue to enhance the knowledge within the Armed Forces of personnel tempo and to improve the techniques by which personnel tempo is managed with a view toward establishing and achieving reasonable personnel tempo standards for all personnel, regardless of unit or assignment.

Subtitle B—Naval Vessels and Shipyards

SEC. 1021. CONTRACT OPTIONS FOR LMSR VESSELS.

(a) FINDINGS.—Congress makes the following findings:

(1) A requirement for the Department of the Navy to acquire 19 large, medium-speed, roll-on/roll-off (LMSR) vessels was established by the Secretary of Defense in the Mobility Requirements Study conducted after the Persian Gulf War pursuant to section 909 of the National Defense Authorization Act for Fiscal Year 1991 (Public law 101–510; 104 Stat. 1623) and was revalidated by the Secretary of Defense in the report entitled “Mobility Requirements Study Bottom-Up Review Update”, submitted to Congress in April 1995.

(2) The Strategic Sealift Program is a vital element of the national military strategy calling for the Nation to be able to fight and win two nearly simultaneous major regional contingencies.

(3) The Secretary of the Navy has entered into contracts with shipyards covering acquisition of a total of 17 such LMSR vessels, of which five are vessel conversions and 12 are new construction vessels.
Under those contracts, the Secretary has placed orders for the acquisition of 11 vessels and has options for the acquisition of six more, all of which would be new construction vessels. The options allow the Secretary to place orders for one vessel to be constructed at each of two shipyards for award before December 31, 1995, December 31, 1996, and December 31, 1997, respectively.

(4) Acquisition of an additional two such LMSR vessels, for a total of 19 vessels (the requirement described in paragraph (1)) would contribute to preservation of the industrial base of United States shipyards capable of building auxiliary and sealift vessels.

(b) Sense of Congress.—It is the sense of Congress that the Secretary of the Navy should plan for, and budget to provide for, the acquisition as soon as possible of a total of 19 large, medium-speed, roll-on/roll-off (LMSR) vessels (the number determined to be required in the Mobility Requirements Study referred to in subsection (a)(1)), rather than only 17 such vessels (the number of vessels under contract as of May 1995).

(c) Additional New Construction Contract Option.—The Secretary of the Navy should negotiate with each of the two shipyards holding new construction con-
tracts referred to in subsection (a)(3) (Department of the Navy contracts numbered N00024-93-C-2203 and N00024-93-C-2205) for an option under each such contract for construction of one additional such LMSR vessel, with such option to be available to the Secretary for exercise during 1995, 1996, or 1997.

(d) *Report.*—The Secretary of the Navy shall submit to the congressional defense committees, by March 31, 1996, a report stating the intentions of the Secretary regarding the acquisition of options for the construction of two additional LMSR vessels as described in subsection (c).

vessel is subsequently assigned, unless the vessel is

contract that is delivered to the Navy while the con-

poral Joseph Vittori (1929-1951) of Beverly, Massachusetts,

SEC. 1227. SENSE OF CONGRESS ON ABM TREATY VIOLATIONS.

(a) FINDINGS.—The Congress finds the following:

(1) The 1972 Anti-Ballistic Missile Treaty prohibits either party from deploying ballistic missile early warning radars except at locations along the pe-
408

riphery of its national territory and oriented outward.

(2) The 1972 Anti-Ballistic Missile Treaty prohibits either party from deploying an ABM system to defend its national territory and from providing a base for any such nationwide defense.

(3) Large phased-array radars were recognized during negotiation of the Anti-Ballistic Missile Treaty as the critical long lead-time element of a nationwide defense against ballistic missiles.

(4) In 1983 the United States discovered the construction, in the interior of the Soviet Union near the town of Krasnoyarsk, of a large phased-array radar that was judged to be for ballistic missile early warning and tracking.

(5) The Krasnoyarsk radar was certified by the Reagan Administration and previous sessions of Congress as an unequivocal violation by the Soviet Union of the Anti-Ballistic Missile Treaty.

(6) Retired Soviet General Y.V. Votintsev, Director of the Soviet National Air Defense Forces from 1967 to 1985, has publicly stated that he was directed by the Chief of the Soviet General staff to locate the large phased-array radar at Krasnoyarsk despite the
recognition that its location would be a clear violation of the ABM Treaty.

(7) General Votintsev has publicly stated that Marshal D.F. Ustinov, Soviet Minister of Defense, threatened to relieve from duty any Soviet officer who continued to object to the construction of a large-phased array radar at Krasnoyarsk.

(b) Sense of Congress.—It is the sense of Congress that—

(1) the government of the Soviet Union intentionally violated its legal obligations under the 1972 Anti-Ballistic Missile Treaty in order to advance its national security interests; and

(2) the United States should remain vigilant in ensuring compliance by Russia with its arms control obligations and should, when pursuing future arms control agreements with Russia, bear in mind violations of arms control obligations by the Soviet Union.

SEC. 2704. EFFECTIVE DATE.

Titles XXI, XXII, XXIII, XXIV, XXV, and XXVI shall take effect on the later of—
(1) October 1, 1995; or
(2) the date of the enactment of this Act.

TITLE XXVIII—GENERAL PROVISIONS
Subtitle A—Military Construction Program and Military Family Housing Changes

SEC. 2801. ALTERNATIVE MEANS OF ACQUIRING AND IMPROVING MILITARY FAMILY HOUSING AND SUPPORTING FACILITIES FOR THE ARMED FORCES.

(a) FINDINGS AND PURPOSE.—(1) Congress finds the following:

(A) Adequate military family housing is essential to the retention of well-trained and professional members of the Armed Forces.

(B) Current military family housing is in many circumstances substandard, inadequately maintained, or obsolete. Of the more than 375,000 military families living on military installations, two-thirds of such families reside in unsuitable quarters.

(C) Traditional military construction techniques are frequently lengthy and more expensive than commercial methods. At current appropriation levels,
military installations could require more than 30
years to accomplish.

(D) A combination of private housing capital
and commercial construction techniques could help to
alleviate the shortage of suitable military family
housing in a far more timely and cost effective man-
ner.

(2) It is the purpose of this section to obtain new and
improved military family housing and ancillary support-
ing facilities for the Armed Forces using private capital
and expertise.

(b) ALTERNATIVE PROVISION OF HOUSING AND FA-
cilities.—(1) Chapter 169 of title 10, United States Code,
is amended by adding at the end the following new sub-
chapter:

``SUBCHAPTER IV—ALTERNATIVE PROVISION OF MILITARY FAMILY HOUSING

``Sec.
``2871. Definitions.
``2872. General limitations and authorities.
``2873. Department of Defense Family Housing Improvement Fund.
``2875. Housing finance and acquisition authorities.
``2876. Expiration of authority.

``§ 2871. Definitions
``In this subchapter:
``(1) The term `construction' means the construc-
tion of additional units of military family housing
and ancillary supporting facilities or the replacement
or renovation of existing units or ancillary supporting facilities.

“(2) The term ‘ancillary supporting facilities’ means facilities related to military family housing, such as day care centers, community centers, housing offices, maintenance complexes, tot lots, and parks. Such term does not include commercial facilities that could not otherwise be constructed using funds appropriated to the Department of Defense.

“(3) The term ‘contract’ includes any contract, lease, or other agreement entered into under the authority of this subchapter.

“(4) The term ‘Fund’ means the Department of Defense Family Housing Improvement Fund established under section 2873(a) of this title.

“§ 2872. General limitations and authorities

“(a) USE OF AUTHORITIES.—The Secretary concerned may use the authorities provided by this subchapter, singly or in conjunction with other authorities provided under this chapter, to help meet the military family housing needs of members of the armed forces and the dependents of such members at military installations at which there is a shortage of suitable housing for members and their dependents.

“(b) TERM.—Subject to section 2873(d)(2) of this title, a contract entered into under this subchapter may be for
such term as the Secretary concerned considers to be in the
best interests of the United States.

“(c) Phased Occupancy.—A contract under this sub-
chapter may provide for phased occupancy of completed
family housing units under one or more interim leases dur-
ing the period of the construction or renovation of the hous-
ing units. In no case shall any such interim lease extend
beyond the construction or renovation period.

“(d) Unit Size and Type.—Section 2826 of this title
shall not apply to military family housing units acquired
or constructed under this subchapter, except that room and
floor area size of such housing units should generally be
comparable to private sector housing available in the same
locality. When acquiring existing family housing in lieu of
construction under section 2824 of this title, the Secretary
concerned may vary the number of types of units to be ac-
quired as long as the total number of units is substantially
the same as authorized by law.

“(e) Location.—The Secretary concerned may use the
authorities provided under this subchapter to acquire or
construct military family housing units and ancillary sup-
porting facilities in the United States, the Commonwealth
of Puerto Rico, and in any territory or possession of the
United States.
“(f) Notification Required for Contracts.—The Secretary concerned may not enter into a contract under this subchapter until after the end of the 21-day period beginning on the date the Secretary concerned submits to the appropriate committees of Congress written notice of the nature and terms of the contract.

“(g) Assignments.—The Secretary concerned may assign members of the armed forces to any military family housing obtained using the authorities provided in this subchapter in accordance with section 403(b) of title 37.

“(h) Allotments.—The Secretary concerned may require a member of the armed forces to pay rent by allotment as a condition of occupying military family housing obtained using the authorities provided in this subchapter.

“(i) Supporting Facilities.—Any contract entered into under this subchapter may include provisions for the construction or acquisition of ancillary supporting facilities.

“(j) Authority To Lease or Sell Land, Housing, and Supporting Facilities.—(1) The Secretary concerned may lease or sell land, housing, and ancillary supporting facilities under the jurisdiction of the Secretary for the purpose of providing additional military family housing or improving existing military family housing under this subchapter, except that the authority to lease or sell

real property under this subchapter shall not extend to
property located at a military installation approved for clo-
sure.

“(2) A sale or lease under this subsection may be made
for such consideration and upon such terms and conditions
as the Secretary concerned shall determine to be consistent
with the purposes of this subchapter and the public interest.
The acreage and legal description of any property leased
or conveyed under this subsection shall be determined by
a survey satisfactory to the Secretary concerned.

“(3) Section 2667 of this title, the Federal Property
and Administrative Services Act of 1949 (40 U.S.C. 471),
section 501 of the Stewart B. McKinney Homeless Assist-
ance Act (42 U.S.C. 11411), and section 321 of the Act of
June 30, 1932 (47 Stat. 412) shall not apply to leases and
sales under this subsection.

“(4) As part or all of the consideration for the sale
or lease of property under this subsection, the Secretary con-
cerned shall require an ancillary agreement under which
the person receiving the property agrees to give priority to
military members and their dependents in the leasing of
existing or new housing units under the control or provided
by the person. Such agreements may provide for the pay-
ment by the Secretary concerned of security or damage de-
posits.
§ 2873. Department of Defense Family Housing Improvement Fund

(a) Establishment.—There is hereby established on the books of the Treasury an account to be known as the Department of Defense Family Housing Improvement Fund, which shall be administered by the Secretary of Defense as a single account. Amounts in the Fund shall be available without fiscal year limitation.

(b) Deposits.—There shall be deposited into the Fund the following:

(1) Amounts authorized for and appropriated into the Fund.

(2) Subject to subsection (c), any amounts that the Secretary of Defense may transfer to the Fund from amounts appropriated to the Department of Defense for construction of military family housing.

(3) Proceeds received from the conveyance or lease of real property under section 2872(j) of this title, income from operations conducted under this subchapter, including refunds of deposits, and any return of capital or return on investments entered into under this subchapter.

(c) Notification Required for Transfers.—A transfer of appropriated amounts to the Fund under subsection (b)(2) may be made only after the end of the 30-day period beginning on the date the Secretary of Defense...
submits written notice of, and justification for, the transfer
to the appropriate committees of Congress.

“(d) USE OF FUNDS.—(1) In such total amount as is
provided in advance in appropriation Acts, the Secretary
of Defense may use amounts in the Fund for alternative
means of financing military family housing and ancillary
supporting facilities as authorized in this subchapter.

“(2) The Secretary may not enter into a contract
under this subchapter unless the Fund contains sufficient
amounts, as of the time the contract is entered into, to sat-
ify the total obligations to be incurred by the United States
under the contract.

“(3) The total value in budget authority of all con-
tracts and investments undertaken using the authorities
provided in the subchapter shall not exceed $1,000,000,000.

“(e) LOANS AND LOAN GUARANTEES.—Loans and loan
guarantees may be entered into under this subchapter only
to the extent that appropriations of budget authority to
cover their costs (as defined in section 502(5) of the Federal
Credit Reform Act of 1990 (2 U.S.C. 661a(5))) are made
in advance, or authority is otherwise provided in appro-
priations Acts.

“(f) ANNUAL REPORT.—The Secretary of Defense shall
submit to the appropriate committees of Congress an an-
nual report detailing the expenditures from and deposits
into the Fund during the preceding year and the utilization
and effectiveness of the authorities provided by this sub-
chapter. The Secretary shall submit the report at the same
time that the President submits the budget to Congress
under section 1105 of title 31.

§ 2875. Housing finance and acquisition authorities

(a) GUARANTEES.—(1) The Secretary concerned may
enter into contracts that provide for guarantees, insurance,
or other contingent payments to owners, mortgagors, or as-
signees of housing units and ancillary supporting facilities
that are made available for use by members of the armed
forces.

(2) Contingencies under which payments may be
made under such a contract include the following:

els of, or rental income from, housing units covered
by a contract.

(3) Such contracts may be on such terms and condi-
tions as the Secretary concerned considers necessary or de-
sirable to induce the provision of housing and ancillary
supporting facilities, whether by acquisition or construc-
tion, for use by members of the armed forces, and to protect
the financial interests of the United States.

“(b) LEASES.—The Secretary concerned may enter
into a contract for the lease of housing units to be acquired
or constructed on or near a military installation. Such a
contract may provide for the owner of the property to oper-
ate and maintain the facilities.

“(c) DIFFERENTIAL PAYMENTS.—In entering into con-
tracts under this subchapter, the Secretary concerned may
make a differential payment in addition to rental payments
made by individual members.

“(d) INVESTMENTS.—(1) The Secretary concerned may
make investments in nongovernmental entities involved in
the acquisition or construction of housing and ancillary
supporting facilities on or near a military installation for
such consideration and upon such terms and conditions as
the Secretary concerned determines to be consistent with the
purposes of this subchapter and the public interest.

“(2) Such investments may take the form of limited
partnership interests, stock, debt instruments, or a com-
bination thereof.

“(3) The investment made by the Secretary concerned
in an acquisition or construction project under this sub-
section, whether the investment is in the form of cash, land
or buildings under section 2872(j) of this title, or other
form, may not exceed 35 percent of the capital costs of the
acquisition or construction project.

"(e) Collateral Incentive Agreements.—The
Secretary concerned may also enter into collateral incentive
agreements in connection with investments made under sub-
section (d) to ensure that a suitable preference will be af-
forded members of the armed forces to lease or purchase,
at affordable rates, a reasonable number of the housing
units covered by the investment contract.

§ 2876. Expiration of authority

"The authority of the Secretaries concerned to enter
into contracts and partnerships and to make investments
under this subchapter shall expire on September 30, 2000.".

Funds appropriated pursuant to such authorization shall remain available until expended.

SEC. 3402. PRICE REQUIREMENT ON SALE OF CERTAIN PETROLEUM DURING FISCAL YEAR 1996.
Notwithstanding section 7430(b)(2) of title 10, United States Code, during fiscal year 1996, any sale of any part of the United States share of petroleum produced from Naval Petroleum Reserves Numbered 1, 2, and 3 shall be made at a price not less than 90 percent of the current sales price, as estimated by the Secretary of Energy, of comparable petroleum in the same area.
SEC. 3403. SALE OF NAVAL PETROLEUM RESERVE NUMBERED 1 (ELK HILLS).

(a) SALE OF Elk Hills UNIT REQUIRED.—Chapter 641 of title 10, United States Code, is amended by inserting after section 7421 the following new section:

“§ 7421a. Sale of Naval Petroleum Reserve Numbered 1 (Elk Hills)

“(a) SALE REQUIRED.—(1) Notwithstanding any other provision of this chapter, the Secretary shall sell all right, title, and interest of the United States in and to lands owned or controlled by the United States inside Naval Petroleum Reserve Numbered 1, commonly referred to as the Elk Hills Unit, located in Kern County, California, and established by Executive order of the President, dated September 2, 1912. Within one year after the effective date, the Secretary shall enter into one or more contracts for the sale of all of the interest of the United States in the reserve.

“(2) In this section:

“(A) The term ‘reserve’ means Naval Petroleum Reserve Numbered 1.

“(B) The term ‘unit plan contract’ means the unit plan contract between equity owners of the lands within the boundaries of Naval Petroleum Reserve Numbered 1 entered into on June 19, 1944.
"(C) The term "effective date" means the date of the enactment of the National Defense Authorization Act for Fiscal Year 1996.

"(b) Equity Finalization.—(1) Not later than five months after the effective date, the Secretary shall finalize equity interests of the known oil and gas zones in Naval Petroleum Reserve Numbered 1 in the manner provided by this subsection.

"(2) The Secretary shall retain the services of an independent petroleum engineer, mutually acceptable to the equity owners, who shall prepare a recommendation on final equity figures. The Secretary may accept the recommendation of the independent petroleum engineer for final equity in each known oil and gas zone and establish final equity interest in the Naval Petroleum Reserve Numbered 1 in accordance with such recommendation, or the Secretary may use such other method to establish final equity interest in the reserve as the Secretary considers appropriate.

"(3) If, on the effective date, there is an ongoing equity redetermination dispute between the equity owners under section 9(b) of the unit plan contract, such dispute shall be resolved in the manner provided in the unit plan contract within five months after the effective date. Such resolution shall be considered final for all purposes under this section.
“(c) Timing and Administration of Sale.—(1) Not later than two months after the effective date, the Secretary shall retain the services of five independent experts in the valuation of oil and gas fields to conduct separate assessments, in a manner consistent with commercial practices, of the fair market value of the interest of the United States in Naval Petroleum Reserve Numbered 1. In making their assessments, the independent experts shall consider (among other factors) all equipment and facilities to be included in the sale, the net present value of the reserve, and the net present value of the anticipated revenue stream that the Secretary determines the Treasury would receive from the reserve if the reserve were not sold, adjusted for any anticipated increases in tax revenues that would result if the reserve were sold. The independent experts shall complete their assessments within five months after the effective date. In setting the minimum acceptable price for the reserve, the Secretary shall consider the average of the five assessments or, if more advantageous to the Government, the average of three assessments after excluding the high and low assessments.

“(2) Not later than two months after the effective date, the Secretary shall retain the services of an investment banker to independently administer, in a manner consistent with commercial practices and in a manner that maximizes
sale proceeds to the Government, the sale of Naval Petroleum Reserve Numbered 1 under this section.

“(3) Not later than five months after the effective date, the sales administrator selected under paragraph (2) shall complete a draft contract for the sale of Naval Petroleum Reserve Numbered 1, which shall accompany the invitation for bids and describe the terms and provisions of the sale of the interest of the United States in the reserve. The draft contract shall identify all equipment and facilities to be included in the sale. The draft contract, including the terms and provisions of the sale of the interest of the United States in the reserve, shall be subject to review and approval by the Secretary, the Secretary of the Treasury, and the Director of the Office of Management and Budget.

“(4) Not later than six months after the effective date, the Secretary shall publish an invitation for bids for the purchase of the reserve.

“(5) Not later than nine months after the effective date, the Secretary shall accept the highest responsible offer for purchase of the interest of the United States in Naval Petroleum Reserve Numbered 1 that meets or exceeds the minimum acceptable price determined under paragraph (1).

“(d) Future Liabilities.—The United States shall hold harmless and fully indemnify the purchaser of the interest of the United States in Naval Petroleum Reserve
Numbered 1 from and against any claim or liability as a result of ownership in the reserve by the United States.

"(e) Treatment of State of California Claim.—After deducting the costs incurred to conduct the sale of Naval Petroleum Reserve Numbered 1 under this section, seven percent of the remaining proceeds from the sale of the reserve shall be paid to the State of California, subject to the conditions that—

"(1) the State credit the payment to the Supplemental Benefits Maintenance Account within the Teachers' Retirement Fund; and

"(2) all claims against the United States by the State and the Teachers' Retirement Fund are released with respect to production and proceeds of sale from the reserve.

"(f) Production Allocation for Sale.—(1) As part of the contract for purchase of Naval Petroleum Reserve Numbered 1, the purchaser of the interest of the United States in the reserve shall agree to make up to 25 percent of the purchaser's share of annual petroleum production from the purchased lands available for sale to small refiners, which do not have their own adequate sources of supply of petroleum, for processing or use only in their own refineries. None of the reserved production sold to small refiners may be resold in kind. The purchaser of the reserve may reduce
the quantity of petroleum reserved under this subsection in the event of an insufficient number of qualified bids. The seller of this petroleum production has the right to refuse bids that are less than the prevailing market price of comparable oil.

"(2) The purchaser of the reserve shall also agree to ensure that the terms of every sale of the purchaser's share of annual petroleum production from the purchased lands shall be so structured as to give full and equal opportunity for the acquisition of petroleum by all interested persons, including major and independent oil producers and refiners alike.

"(g) MAINTAINING ELK HILLS UNIT PRODUCTION.— Until the sale of Naval Petroleum Reserve Numbered 1 is completed under this section, the Secretary shall continue to produce the reserve at the maximum daily oil or gas rate from a reservoir, which will permit maximum economic development of the reservoir consistent with sound oil field engineering practices in accordance with section 3 of the unit plan contract. The definition of maximum efficient rate in section 7420(6) of this title shall not apply to the reserve.

"(h) EFFECT ON EXISTING CONTRACTS.— (1) In the case of any contract, in effect on the effective date, for the purchase of production from any part of the United States'
share of Naval Petroleum Reserve Numbered 1, the sale of
the interest of the United States in the reserve shall be sub-
ject to the contract for a period of three months after the
closing date of the sale or until termination of the contract,
whichever occurs first. The term of any contract entered
into after the effective date for the purchase of such produc-
tion shall not exceed the anticipated closing date for the
sale of the reserve.

"(2) The Secretary shall exercise the termination pro-
cedures provided in the contract between the United States
and Bechtel Petroleum Operation, Inc., Contract Number
DE-AC01-85FE60520 so that the contract terminates not
later than the date of closing of the sale of Naval Petroleum
Reserve Numbered 1 under subsection (c).

"(3) The Secretary shall exercise the termination pro-
cedures provided in the unit plan contract so that the unit
plan contract terminates not later than the date of closing
of the sale of reserve under subsection (c).

"(i) EFFECT ON ANTITRUST LAWS.—Nothing in this
section shall be construed to alter the application of the
antitrust laws of the United States to the purchaser of
Naval Petroleum Reserve Numbered 1 or to the lands in
the reserve subject to sale under this section upon the com-
pletion of the sale.
“(j) Preservation of Private Right, Title, and Interest.—Nothing in this section shall be construed to adversely affect the ownership interest of any other entity having any right, title, and interest in and to lands within the boundaries of Naval Petroleum Reserve Numbered 1 and which are subject to the unit plan contract.

“(k) Congressional Notification.—Section 7431 of this title shall not apply to the sale of Naval Petroleum Reserve Numbered 1 under this section. However, the Secretary may not enter into a contract for the sale of the reserve until the end of the 31-day period beginning on the date on which the Secretary notifies the Committee on Armed Services of the Senate and the Committee on National Security and the Committee on Commerce of the House of Representatives of the proposed sale.”.
