PART A—BETTER RESULTS FOR DISADVANTAGED
CHILDREN

SEC. 111. STATE PLANS.

Section 1111 (20 U.S.C. 6311) is amended to read as
follows:

“SEC. 1111. STATE PLANS.

“(a) PLANS REQUIRED.—

“(1) IN GENERAL.—Any State desiring to receive
a grant under this part shall submit to the Secretary,
by March 1, 2002, a plan prepared by the chief State
school official, in consultation with the Governor, that
satisfies the requirements of this section and that is
coordinated with other programs under this Act, the
Individuals with Disabilities Education Act, the Carl
D. Perkins Vocational and Technical Education Act
of 1998, the Adult Education and Family Literacy

“(2) CONSOLIDATION PLAN.—A State plan sub-
mitted under paragraph (1) may be submitted as
part of a consolidation plan under section 5506.

“(b) STANDARDS, ASSESSMENTS, AND ACCOUNT-
ABILITY.—
“(1) CHALLENGING STANDARDS.—(A) Each State plan shall demonstrate that the State has adopted challenging content standards and challenging student performance standards that will be used by the State, its local educational agencies, and its schools to carry out this part, except that a State shall not be required to submit such standards to the Secretary.

“(B) The standards required by subparagraph (A) shall be the same standards that the State applies to all schools and children in the State.

“(C) The State shall have the standards described in subparagraph (A) for all public elementary school and secondary school children in subjects determined by the State, but including at least mathematics, reading or language arts, history, and science, except that—

“(i) any State which does not have standards in mathematics or reading or language arts, for public elementary school and secondary school children who are not served under this part, on the date of enactment of the Better Education for Students and Teachers Act shall apply the standards described in subparagraph (A) to
such students not later than the beginning of the school year 2002–2003; and

“(ii) no State shall be required to meet the requirements under this part relating to history or science standards until the beginning of the 2005–2006 school year.

“(D) Standards under this paragraph shall include—

“(i) challenging content standards in academic subjects that—

“(I) specify what children are expected to know and be able to do;

“(II) contain coherent and rigorous content; and

“(III) encourage the teaching of advanced skills; and

“(ii) challenging student performance standards that—

“(I) are aligned with the State’s content standards; and

“(II) describe 2 levels of high performance, proficient and advanced, that determine how well children are mastering the material in the State content standards.
“(E) For the subjects in which students served under this part will be taught, but for which a State is not required by subparagraphs (A), (B), and (C) to develop standards, and has not otherwise developed standards, the State plan shall describe a strategy for ensuring that such students are taught the same knowledge and skills and held to the same expectations as are all children.

“(2) ACCOUNTABILITY.—(A) Each State plan shall demonstrate that the State has developed and is implementing a single, statewide State accountability system that has been or will be effective in ensuring that all local educational agencies, elementary schools, and secondary schools make adequate yearly progress as defined under subparagraphs (B) and (D). Each State accountability system shall—

“(i) be based on the standards and assessments adopted under paragraphs (1) and (3) and take into account the performance of all students;

“(ii) be used for all schools or all local educational agencies in the State, except that schools and local educational agencies not participating under this part are not subject to the requirements of section 1116(c);
“(iii) include performance indicators for local educational agencies and schools to measure student performance consistent with subparagraph (B); and

“(iv) include sanctions and rewards, such as bonuses or recognition, the State will use to hold local educational agencies and schools accountable for student achievement and performance and for ensuring that the agencies and schools make adequate yearly progress in accordance with the State’s definition under subparagraph (B).

“(B) Adequate yearly progress shall be defined in accordance with subparagraph (D) and in a manner that—

“(i) applies the same high standards of academic performance to all students in the State;

“(ii) is statistically valid and reliable;

“(iii) results in continuous and substantial academic improvement for all students;

“(iv) measures the progress of schools and local educational agencies based primarily on the assessments described in paragraph (3);
“(v) includes annual measurable objectives for continuing and significant improvement in—

“(I) the achievement of all students; and

“(II) the achievement of economically disadvantaged students, students with disabilities, students with limited English proficiency, migrant students, students by racial and ethnic group, and students by gender, except that such disaggregation shall not be required in any case in which the number of students in a category is insufficient to yield statistically reliable information or the results would reveal individually identifiable information about an individual student;

“(vi) includes a timeline for meeting the goal that each group of students described in clause (v) will meet or exceed the State’s proficient level of performance on the State assessment used for the purposes of this section and section 1116 not later than 10 years after the date of enactment of the Better Education for Students and Teachers Act; and
“(vii) includes school completion or graduation rates for secondary school students and at least 1 other academic indicator, as determined by the State, for elementary school students, except that inclusion of such indicators shall not decrease the number of schools or local educational agencies that would otherwise be subject to identification for improvement or corrective action if the indicators were not included.

“(C)(i) Each State plan shall include a detailed description of an objective system or formula that incorporates and gives appropriate weight to each of the elements described in subparagraph (B), including the progress of each of the groups of students described in subparagraph (B)(v)(II), in meeting the State’s annual measurable objectives for continuing and significant improvement under subparagraph (B)(v) and in making progress toward the 10-year goal described in subparagraph (B)(vi), and that is primarily based on academic progress as demonstrated by the assessments described in paragraph (3) in subjects for which assessments are required under this section, except that the State shall give greater weight to the groups—

“(I) performing at a level furthest from the proficient level; and
“(II) that make the greatest improvement.

“(ii) The system or formula shall be subject to peer review and approval by the Secretary under subsection (e). The Secretary shall not approve the system or formula unless the Secretary determines that the system or formula is sufficiently rigorous and reliable to ensure continuous and significant progress toward the goal of having all students proficient within 10 years.

“(D) A State shall define adequate yearly progress for the purpose of making determinations under this Act so that—

“(i) a school, local educational agency, or State, respectively, has failed to make adequate yearly progress if the school, local educational agency, or State, respectively, has not—

“(I) made adequate progress as determined by the system or formula described in subparagraph (C); or

“(II) for each group of students described in subparagraph (B)(v)(II) (other than those groups formed by gender and migrant status), achieved an increase of not less than 1 percent, in the percentage of students served by the school, local educational
agency, or State, respectively, meeting the
State’s proficient level of performance in
reading or language arts and mathematics,
for a school year compared to the preceding
school year; and
“(ii) for the purpose of making determina-
tions under clause (i) (I) or (II), the State may
establish a uniform procedure for averaging data
from the school year for which the determination
is made and 1 or 2 school years preceding such
school year.
“(E) Each State shall ensure that in developing
its plan, the State diligently seeks public comment
from a range of institutions and individuals in the
State with an interest in improved student achieve-
ment and performance, including parents, teachers,
local educational agencies, pupil services personnel,
administrators (including those described in other
parts of this title), and other staff, and that the State
will continue to make a substantial effort to ensure
that information under this part is widely known
and understood by the public, parents, teachers, and
school administrators throughout the State. Such ef-
forts shall include, at a minimum, publication of such
information and explanatory text, broadly to the pub-
lic through such means as the Internet, the media, and public agencies.

“(F) If a State educational agency provides evidence, which is satisfactory to the Secretary, that neither the State educational agency nor any other State government official, agency, or entity has sufficient authority, under State law, to adopt content and student performance standards, and assessments aligned with such standards, which will be applicable to all students enrolled in the State’s public schools, the State educational agency may meet the requirements of this subsection by—

“(i) adopting standards and assessments that meet the requirements of this subsection, on a statewide basis, and limiting the applicability of the standards and assessments to students served under this part; or

“(ii) adopting and implementing policies that ensure that each local educational agency in the State which receives a grant under this part will adopt content and student performance standards, and assessments aligned with such standards, which meet all of the criteria of this subsection.
“(G) Each State plan shall provide that in order for a school to make adequate yearly progress under subparagraph (B), not less than 95 percent of each group of students described in subparagraph (B)(v)(II), who are enrolled in the school at the time of the administration of the assessments, shall take the assessments (in accordance with paragraphs (3)(H)(ii) and (3)(I), and with accommodations, guidelines and alternate assessments provided in the same manner as they are provided under section 612(a)(17)(A) of the Individuals with Disabilities Education Act) on which adequate yearly progress is based, except that nothing in this subparagraph shall be construed to limit the requirement under paragraph (3)(H)(i) to assess all students.

“(H) Each State plan shall provide an assurance that the State’s accountability requirements for charter schools (as defined in section 5120), such as requirements established under the State’s charter school law and overseen by the State’s authorized chartering agencies for such schools, are at least as rigorous as the accountability requirements established under this Act, such as the requirements regarding standards, assessments, adequate yearly progress, school identification, receipt of technical ass-
istance, and corrective action, that are applicable to
other schools in the State under this Act.

“(3) ASSESSMENTS.—Each State plan shall
demonstrate that the State, in consultation with local
educational agencies, has a system of high-quality,
yearly student assessments in subjects that include, at
a minimum, mathematics, reading or language arts,
and science that will be used as the primary means
of determining the yearly performance of each local
educational agency and school in enabling all chil-
dren to meet the State’s student performance stand-
ards, except that no State shall be required to meet
the requirements of this part relating to science as-
sessments until the beginning of the 2007–2008 school
year. Such assessments shall—

“(A) be the same assessments used to meas-
ure the performance of all children;

“(B) be aligned with the State’s challenging
content and student performance standards and
provide coherent information about student at-
tainment of such standards;

“(C) be used for purposes for which such as-
sessments are valid and reliable, and be con-
sistent with relevant, nationally recognized pro-
fessional and technical standards for such assess-
ments developed and used by national experts on educational testing;

“(D) be used only if the State provides to the Secretary evidence from the test publisher or other relevant sources that the assessment used is of adequate technical quality for each purpose required under this Act, and such evidence is made public by the Secretary upon request;

“(E) involve multiple up-to-date measures of student performance, including measures that assess higher order thinking skills and understanding;

“(F)(i) beginning not later than school year 2001–2002, measure the proficiency of students served under this part in mathematics and reading or language arts and be administered not less than one time during—

“(I) grades 3 through 5;

“(II) grades 6 through 9; and

“(III) grades 10 through 12;

“(ii) beginning not later than school year 2002–2003, measure the proficiency of all students in mathematics and reading or language arts and be administered not less than one time during—
“(I) grades 3 through 5;
“(II) grades 6 through 9; and
“(III) grades 10 through 12;
“(iii) beginning not later than school year 2007–2008, measure the proficiency of all students in science and be administered not less than one time during—
“(I) grades 3 through 5;
“(II) grades 6 through 9; and
“(III) grades 10 through 12;
“(G) beginning not later than school year 2005–2006, measure the performance of students against the challenging State content and student performance standards annually in grades 3 through 8, and at least once in grades 10 through 12, in at least mathematics and reading or language arts, if the tests are aligned with State standards, except that—
“(i) a State may defer the commencement, or suspend the administration, of the assessments described in this paragraph, that were not required prior to the date of enactment of the Better Education for Students and Teachers Act, for 1 year, for each
year for which the amount appropriated for
grants under section 6204(c) is less than—

“(I) $370,000,000 for fiscal year
2002;

“(II) $380,000,000 for fiscal year
2003;

“(III) $390,000,000 for fiscal year
2004;

“(IV) $400,000,000 for fiscal year
2005;

“(V) $410,000,000 for fiscal year
2006;

“(VI) $420,000,000 for fiscal year
2007; and

“(VII) $430,000,000 for fiscal
year 2008; and

“(ii) the Secretary may permit a State
to commence the assessments, that were re-
quired by amendments made to this para-
graph by the Better Education for Students
and Teachers Act, in school year 2006–
2007, if the State demonstrates to the Sec-
retary that exceptional or uncontrollable
circumstances, such as a natural disaster or
a precipitous or unforeseen decline in the fi-
financial resources of the local educational agency or school, prevent full implementa-
tion of the assessments in school year 2005–
2006 and that the State will administer such assessments during school year 2006–
2007;

“(H) at the discretion of the State, measure the proficiency of students in academic subjects not described in subparagraphs (E), (F), and (G) in which the State has adopted challenging content and student performance standards;

“(I) provide for—

“(i) the participation in such assessments of all students;

“(ii) the reasonable adaptations and accommodations for students with disabilities defined under section 602(3) of the Individuals with Disabilities Education Act necessary to measure the achievement of such students relative to State content and State student performance standards;

“(iii) the inclusion of limited English proficient students who shall be assessed, to the extent practicable, in the language and form most likely to yield accurate and reli-
able information on what such students know and can do in content areas; and

“(iv) notwithstanding clause (iii), the assessment (using tests written in English) of reading or language arts of any student who has attended school in the United States (excluding the Commonwealth of Puerto Rico) for 3 or more consecutive years, except that if a local educational agency demonstrates to the State educational agency that assessments in another language and form is likely to yield more accurate and reliable information on what such a student knows and can do, then the State educational agency, on a case-by-case basis, may waive the requirement to use tests written in English for those students and permit those students to be assessed in the appropriate language for one or more additional years, but only if the total number of students so assessed does not exceed one-third of the number of students in the State who were not required to be assessed using tests written in English in the previous year because the students were in the
third year of the 3-year period described in this clause;

“(J) beginning not later than school year 2002–2003, provide for the annual assessment of the development of English proficiency (appropriate to students’ oral language, reading, and writing skills in English) of students with limited English proficiency who are served under this part or under title III and who do not participate in the assessment described in clause (iv) of subparagraph (I);

“(K) include students who have attended schools in a local educational agency for a full academic year but have not attended a single school for a full academic year, except that the performance of students who have attended more than 1 school in the local educational agency in any academic year shall be used only in determining the progress of the local educational agency;

“(L) produce individual student interpretive and descriptive reports to be provided to parents of all students, which shall include performance on assessments aligned with State standards, and other information on the attain-
moment of student performance standards, such as measures of student course work over time, student attendance rates, student dropout rates, and student participation in advanced level courses;

“(M) enable results to be disaggregated within each State, local educational agency, and school by gender, by racial and ethnic group, by English proficiency status, by migrant status, by students with disabilities as compared to non-disabled students, and by economically disadvantaged students as compared to students who are not economically disadvantaged, except that in the case of a local educational agency or a school such disaggregation shall not be required in a case in which the number of students in a category is insufficient to yield statistically reliable information or the results would reveal individually identifiable information about an individual student; and

“(N) enable itemized score analyses to be reported to schools and local educational agencies in a way that parents, teachers, schools, and local educational agencies can interpret and address the specific academic needs of individual
students as indicated by the students’ performance on assessment items.

“(4) SPECIAL RULES.—(A) Additional measures that do not meet the requirements of paragraph (3)(C) may be included in the assessments if a State includes in the State plan information regarding the State’s efforts to validate such measures, but such measures shall not be the primary or sole indicator of student progress toward meeting State standards.

“(B) Consistent with section 1112(b)(1)(D) States may measure the proficiency of students in the academic subjects in which a State has adopted challenging content and student performance standards or more times during grades kindergarten through 2.

“(5) LANGUAGE ASSESSMENTS.—Each State plan shall identify the languages other than English that are present in the participating student population and indicate the languages for which yearly student assessments are not available and are needed. The State shall make every effort to develop such assessments and may request assistance from the Secretary if linguistically accessible assessment measures are needed. Upon request, the Secretary shall assist with the identification of appropriate assessment
measures in the needed languages but shall not mandate a specific assessment or mode of instruction.

“(6) REQUIREMENT.—Each State plan shall describe—

“(A) how the State educational agency will help each local educational agency and school affected by the State plan to develop the capacity to comply with each of the requirements of sections 1112(c)(4), 1114(b), and 1115(c) that is applicable to such agency or school;

“(ii) adopt policies and practices concerning the school’s core academic subjects that have the greatest likelihood of ensuring that all groups of students specified in section 1111(b)(2)(B)(v)(II) and enrolled in the school will meet the State’s proficient level of performance on the State assessment described in section 1111(b)(3) within 10 years after the date of enactment of the Better Education for Students and Teachers Act;

“(iii) provide an assurance that the school will reserve not less than 10 percent of the funds made available to the school under this part for each fiscal year that the school is in school improvement status, for the purpose of providing to the school’s teachers and principal high-quality professional development that—

“(iv) specify how the funds described in clause (iii) will be used to remove the school from school improvement status;

“(v) establish specific annual, objective goals for continuous and significant progress by each group of students specified in section 1111 (b)(2)(B)(v)(II) and enrolled in the school that will ensure that all such groups of students will make continuous and significant progress towards meeting the goal of all students reaching the State’s proficient level of performance on the State assessment described in section 1111(b)(3) within 10 years after the date of enactment of the Better Education for Students and Teachers Act;

“(vi) identify how the school will provide written notification about the identification to the parents of each student enrolled in such school, in a format and, to the extent practicable, in a language the parents can understand;

“(ii) promptly review the school plan, work with the school as necessary, and approve the school plan if the plan meets the requirements of this paragraph.
“(4) Technical assistance.—(A) For each school identified for school improvement under paragraph (1), the local educational agency serving the school shall provide technical assistance as the school develops and implements the school plan.

“(B) Such technical assistance—

“(i) shall include assistance in analyzing data from the assessments required under section 1111(b)(3), and other samples of student work, to identify and address instructional problems including problems, if any, in implementing the parental involvement requirements described in section 1118, the professional development requirements described in section 1119, and the responsibilities of the school and local educational agency under the school plan and solutions;

“(ii) shall include assistance in identifying and implementing instructional strategies and methods that are tied to scientifically based research and that have proven effective in addressing the specific instructional issues that caused the school to be identified for school improvement;

“(iii) shall include assistance in analyzing and revising the school’s budget so that the school

under sections 1111(b)(2) (B) and (D), at the end of the first year after the school year for which the school was identified under paragraph (1), the local educational agency serving such school—

“(A) shall provide all students enrolled in the school with the option to transfer to another public school within the local educational agency, including a public charter school, that has not been identified for school improvement under paragraph (1), unless—

“(i) such an option is prohibited by State law or local law, which includes school board approved local educational agency policy; or

“(ii) the local educational agency demonstrates to the satisfaction of the State educational agency that the local educational agency lacks the capacity to provide that option to all students in the school who request the option, in which case the local educational agency shall permit as many students as possible (selected by the agency on an equitable basis and giving priority to the lowest achieving students) to make such a transfer, after giving notice to
the parents of affected children that it is not possible, consistent with State and local law, to accommodate the transfer request of every student;

“(B) may identify the school for, and take, corrective action under paragraph (7); and

“(C) shall continue to provide technical assistance while instituting any corrective action.

“(6) NOTIFICATION TO PARENTS.—A local educational agency shall promptly provide (in a format and, to the extent practicable, in a language the parents can understand) the parents of each student in an elementary school or a secondary school identified for school improvement under paragraph (1), for corrective action under paragraph (7), or for reconstitution under paragraph (8)—

“(D) an explanation of what the State educational agency or local educational agency is doing to help the school address the performance problem;

“(E) an explanation of how parents described in this paragraph can become involved in addressing the academic issues that caused the school to be identified; and

“(F) when the school is identified for corrective action under paragraph (7) or for reconstitution under paragraph (8), an explanation of the parents’ option to transfer their child to another public school (with transportation provided by the agency when required by paragraph (9)) or to obtain supplemental services for the child, in accordance with those paragraphs.

“(7) CORRECTIVE ACTION.—(A) In this subsection, the term ‘corrective action’ means action, consistent with State and local law, that—

“(i) substantially and directly responds to—

“(II) any underlying staffing, curriculum, or other problem in the school; and
“(ii) is designed to increase substantially the likelihood that students enrolled in the school identified for corrective action will perform at the State’s proficient and advanced levels of performance on the State assessment described in section 1111(b)(3).
“(B) In order to help students served under this part meet challenging State standards, each local educational agency shall implement a system of corrective action in accordance with subparagraphs (C) through (F) and paragraph (8).
“(C) In the case of any school served by the local educational agency under this part that fails to make adequate yearly progress, as defined by the State under sections 1111(b)(2) (B) and (D), at the end of the second year after the school year for which the school was identified under paragraph (1), the local educational agency shall—
“(i)(I) provide all students enrolled in the school with the option to transfer to another public school within the local educational agency, including a public charter school, that has not
been identified for school improvement under paragraph (1); and

“(II) if all public schools in the local educational agency to which children may transfer are identified under paragraph (1) or this paragraph, the agency shall, to the extent practicable, establish a cooperative agreement with other local educational agencies in the area for the transfer of as many of those children as possible, selected by the agency on an equitable basis;

“(ii) make supplemental educational services available, in accordance with subsection (f), to children who remain in the school;

for low-performing students; and
“(iv) continue to provide technical assistance to the school.

“(D) A local educational agency may delay, for a period not to exceed one year, implementation of corrective action only if the school’s failure to make adequate yearly progress was justified due to exceptional or uncontrollable circumstances, such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the local educational agency or school.

“(E) The local educational agency shall publish and disseminate information regarding any corrective action the local educational agency takes under this paragraph at a school to the public through such means as the Internet, the media, and public agencies.

“(ii) A rural local agency, as described in section 5231(b), may apply to the Secretary for a waiver of the requirements of this subparagraph if the agency submits to the Secretary an alternative plan for making significant changes to improve student performance in the school, such as providing an academically focused after school program for all students, changing school administration, or implementing a research based, proven effective, whole school reform program. The Secretary shall approve or reject an application for a waiver under this subparagraph not later than 30 days after the submission of information required by the Secretary to apply for the waiver. If the Secretary fails to make a determination with respect to the waiver application within such 30 days, the application shall be considered approved by the Secretary.

“(C) The local educational agency shall provide prompt notice to teachers and parents whenever subparagraph (A) or (B) applies, shall provide the teachers and parents an adequate opportunity to comment before taking any action under those subparagraphs and to participate in developing any plan under subparagraph (A)(iii).

“(B) Before identifying a local educational agency for improvement under this paragraph, the State educational agency shall provide the local educational agency with an opportunity to review the school-level data, including assessment data, on which such identification is based. If the local educational agency believes that such identification for improvement is in error due to statistical or other substantive reasons, such local educational agency may provide evidence to the State educational agency to support such belief.

“(C) Not later than 30 days after a State educational agency makes an initial determination under subparagraph (A), the State educational agency shall make public a final determination regarding the improvement status of the local educational agency.

“(i) using precisely the same factors for determining a grant as are used under this section; or

“(ii) using data that the State educational agency submits to the Secretary for approval that more accurately target poverty.

“(D) APPEAL.—The State educational agency shall provide the Secretary an assurance that a procedure is or will be established through which local educational agencies that are dissatisfied with determinations under subparagraph (B) may appeal directly to the Secretary for a final determination.

“(4) PUERTO RICO.—For each fiscal year, the Secretary shall determine the percentage which the average per-pupil expenditure in the Commonwealth of Puerto Rico is of the lowest average per-pupil expenditure of any of the 50 States. The grant which the Commonwealth of Puerto Rico shall be eligible to
receive under this section for a fiscal year shall be the
amount arrived at by multiplying the number of chil-
dren counted under subsection (c) for the Common-
wealth of Puerto Rico by the product of—

“(A) the percentage determined under the
preceding sentence; and

“(B) 32 percent of the average per-pupil ex-
penditure in the United States.

“(b) Minimum Number of Children To Qualify.—
A local educational agency is eligible for a basic grant
under this section for any fiscal year only if the number
of children counted under subsection (c) for that agency is—

“(1) 10 or more; and

“(2) more than 2 percent of the total school-age
population in the school district of the local edu-
cational agency.

“(c) Children To Be Counted.—

“(1) Categories of Children.—The number
of children to be counted for purposes of this section
is the aggregate of—

“(A) the number of children aged 5 to 17,
inclusive, in the school district of the local edu-
cational agency from families below the poverty
level as determined under paragraphs (2) and
(3);
“(B) the number of children aged 5 to 17, inclusive, in the school district of such agency from families above the poverty level as determined under paragraph (4); and

“(C) the number of children determined under paragraph (4) for the preceding year (as described in that paragraph, or for the second preceding year, as the Secretary finds appropriate) aged 5 to 17, inclusive, in the school district of such agency in institutions for neglected and delinquent children and youth (other than such institutions operated by the United States), but not counted pursuant to chapter 1 of subpart 1 of part D for the purposes of a grant to a State agency, or being supported in foster homes with public funds.

“(2) Determination of number of children.—For the purposes of this section, the Secretary shall determine the number of children aged 5 to 17, inclusive, from families below the poverty level on the basis of the most recent satisfactory data, described in paragraph (3), available from the Department of Commerce. The District of Columbia and the Commonwealth of Puerto Rico shall be treated as individual local educational agencies. If a local edu-
cational agency contains 2 or more counties in their
entirety, then each county shall be treated as if such
county were a separate local educational agency for
purposes of calculating grants under this part. The
total of grants for such counties shall be allocated to
such a local educational agency, which local edu-
cational agency shall distribute to schools in each
county within such agency a share of the local edu-
cational agency’s total grant that is no less than the
county’s share of the population counts used to cal-
culate the local educational agency’s grant.

“(3) POPULATION UPDATES.—In fiscal year
2001 and every 2 years thereafter, the Secretary shall
use updated data on the number of children, aged 5
to 17, inclusive, from families below the poverty level
for counties or local educational agencies, published
by the Department of Commerce, unless the Secretary
and the Secretary of Commerce determine that use of
the updated population data would be inappropriate
or unreliable. If the Secretary and the Secretary of
Commerce determine that some or all of the data re-
ferred to in this paragraph are inappropriate or un-
reliable, the Secretary and the Secretary of Commerce
shall publicly disclose their reasons. In determining
the families which are below the poverty level, the Sec-
retary shall utilize the criteria of poverty used by the
Bureau of the Census in compiling the most recent de-
cennial census, in such form as those criteria have
been updated by increases in the Consumer Price
Index for all urban consumers, published by the Bu-
reau of Labor Statistics.

“(4) OTHER CHILDREN TO BE COUNTED.—For
purposes of this section, the Secretary shall determine
the number of children aged 5 to 17, inclusive, from
families above the poverty level on the basis of the
number of such children from families receiving an
annual income, in excess of the current criteria of
poverty, from payments under a State program fund-
ed under part A of title IV of the Social Security Act.
In making such determinations the Secretary shall
utilize the criteria of poverty used by the Bureau of
the Census in compiling the most recent decennial
census for a family of 4 in such form as those criteria
have been updated by increases in the Consumer Price
Index for all urban consumers, published by the Bu-
reau of Labor Statistics. The Secretary shall deter-
mine the number of such children and the number of
children aged 5 through 17 living in institutions for
neglected or delinquent children, or being supported
in foster homes with public funds, on the basis of the
caseload data for the month of October of the pre-
ceeding fiscal year (using, in the case of children de-
scribed in the preceding sentence, the criteria of pov-
erty and the form of such criteria required by such
sentence which were determined for the calendar year
preceding such month of October) or, to the extent
that such data are not available to the Secretary be-
fore January of the calendar year in which the Sec-
retary’s determination is made, then on the basis of
the most recent reliable data available to the Sec-
retary at the time of such determination. The Sec-
retary of Health and Human Services shall collect
and transmit the information required by this sub-
paragraph to the Secretary not later than January 1
of each year. For the purpose of this section, the Sec-
retary shall consider all children who are in correc-
tional institutions to be living in institutions for del-
linquent children.

“(5) **ESTIMATE.**—When requested by the Sec-
retary, the Secretary of Commerce shall make a spe-
cial updated estimate of the number of children of
such ages who are from families below the poverty
level (as determined under paragraph (2)) in each
school district, and the Secretary is authorized to pay
(either in advance or by way of reimbursement) the
Secretary of Commerce the cost of making this special estimate. The Secretary of Commerce shall give consideration to any request of the chief executive of a State for the collection of additional census information.

“(d) STATE MINIMUM.—Notwithstanding section 1122, the aggregate amount allotted for all local educational agencies within a State may not be less than the lesser of—

“(1) 0.25 percent of the total amount made available to carry out this section for such fiscal year; or

“(2) the average of—

“(A) 0.25 percent of the total amount made available to carry out this section for such fiscal year; and

“(B) the number of children in such State counted under subsection (c) in the fiscal year multiplied by 150 percent of the national average per-pupil payment made with funds available under this section for that fiscal year.

“SEC. 1124A. CONCENTRATION GRANTS TO LOCAL EDUCATIONAL AGENCIES.

“(a) ELIGIBILITY FOR AND AMOUNT OF GRANTS.—

“(1) ELIGIBILITY.—
“(A) IN GENERAL.—Except as otherwise provided in this paragraph, each local educational agency in a State that is eligible for a grant under section 1124 for any fiscal year is eligible for an additional grant under this section for that fiscal year if the number of children counted under section 1124(c) who are served by the agency exceeds—

“(i) 6,500; or

“(ii) 15 percent of the total number of children aged 5 through 17 served by the agency.

“(B) MINIMUM.—Notwithstanding section 1122, no State shall receive under this section an amount that is less than the lesser of—

“(i) 0.25 percent of the total amount made available to carry out this section for such fiscal year; or

“(ii) the average of—

“(I) 0.25 percent of the sums available to carry out this section for such fiscal year; and

“(II) the greater of—

“(aa) $340,000; or
“(bb) the number of children in such State counted for purposes of this section in that fiscal year multiplied by 150 percent of the national average per-pupil payment made with funds available under this section for that fiscal year.

“(2) DETERMINATION.—For each county or local educational agency eligible to receive an additional grant under this section for any fiscal year the Secretary shall determine the product of—

“(A) the number of children counted under section 1124(c) for that fiscal year; and

“(B) the amount in section 1124(a)(1)(B) for all States except the Commonwealth of Puerto Rico, and the amount in section 1124(a)(3) for the Commonwealth of Puerto Rico.

“(3) AMOUNT.—The amount of the additional grant for which an eligible local educational agency or county is eligible under this section for any fiscal year shall be an amount that bears the same ratio to the amount available to carry out this section for that fiscal year as the product determined under paragraph (2) for such local educational agency for that
fiscal year bears to the sum of such products for all
local educational agencies in the United States for
that fiscal year.

“(4) LOCAL ALLOCATIONS.—

“(A) IN GENERAL.—Grant amounts under
this section shall be calculated in the same man-
ner as grant amounts are calculated under sec-
tion 1124(a) (2) and (3).

“(B) SPECIAL RULE.—For any fiscal year
for which the Secretary allocates funds under
this section on the basis of counties, a State may
reserve not more than 2 percent of the amount
made available to the State under this section for
any fiscal year to make grants to local edu-
cational agencies that meet the criteria in para-
graph (1)(A) (i) or (ii) but that are in ineligible
counties.

“(b) Ratably Reduction Rule.—If the sums avail-
able under subsection (a) for any fiscal year for making
payments under this section are not sufficient to pay in
full the total amounts which all States are eligible to receive
under subsection (a) for such fiscal year, the maximum
amounts that all States are eligible to receive under sub-
section (a) for such fiscal year shall be ratably reduced. In
the case that additional funds become available for making
such payments for any fiscal year during which the pre-
ceeding sentence is applicable, such reduced amounts shall
be increased on the same basis as they were reduced.

“(c) States Receiving 0.25 Percent or Less.—In
States that receive 0.25 percent or less of the total amount
made available to carry out this section for a fiscal year,
the State educational agency shall allocate such funds
among the local educational agencies in the State—

“(1) in accordance with paragraphs (2) and (4)
of subsection (a); or

“(2) based on their respective concentrations and
numbers of children counted under section 1124(c),
except that only those local educational agencies with
concentrations or numbers of children counted under
section 1124(c) that exceed the statewide average per-
centage of such children or the statewide average
number of such children shall receive any funds on
the basis of this paragraph.

“SEC. 1125. TARGETED GRANTS TO LOCAL EDUCATIONAL
AGENCIES.

“(a) Eligibility of Local Educational Agen-
cies.—

“(1) In general.—A local educational agency
in a State is eligible to receive a targeted grant under
this section for any fiscal year if—
“(A) the number of children in the local educational agency counted under section 1124(c), before application of the weighted child count described in subsection (c), is at least 10; and

“(B) if the number of children counted for grants under section 1124(c), before application of the weighted child count described in subsection (c), is at least 5 percent of the total number of children aged 5 to 17 years, inclusive, in the school district of the local educational agency.

“(2) Special rule.—For any fiscal year for which the Secretary allocates funds under this section on the basis of counties, funds made available as a result of applying this subsection shall be reallocated by the State educational agency to other eligible local educational agencies in the State in proportion to the distribution of other funds under this section.

“(b) Grants for Local Educational Agencies, the District of Columbia, and the Commonwealth of Puerto Rico.—

“(1) In general.—The amount of the grant that a local educational agency in a State (other than the Commonwealth of Puerto Rico) is eligible to re-
receive under this section for any fiscal year shall be the product of—

“(A) the weighted child count determined under subsection (c); and

“(B) the amount determined under section 1124(a)(1)(B).

“(2) PUERTO RICO.—For each fiscal year, the amount of the grant the Commonwealth of Puerto Rico is eligible to receive under this section shall be equal to the number of children counted under subsection (c) for the Commonwealth of Puerto Rico, multiplied by the amount determined in section 1124(a)(4) for the Commonwealth of Puerto Rico.

“(c) WEIGHTED CHILD COUNT.—

“(1) WEIGHTS FOR ALLOCATIONS TO COUNTIES.—

“(A) IN GENERAL.—For each fiscal year for which the Secretary uses county population data to calculate grants, the weighted child count used to determine a county’s allocation under this section is the larger of the 2 amounts determined under subparagraphs (B) and (C).

“(B) BY PERCENTAGE OF CHILDREN.—The amount referred to in subparagraph (A) is determined by adding—
“(i) the number of children determined under section 1124(c) for that county who constitute not more than 15.00 percent, inclusive, of the county’s total population aged 5 to 17, inclusive, multiplied by 1.0;

“(ii) the number of such children who constitute more than 15.00 percent, but not more than 19.00 percent, of such population, multiplied by 1.75;

“(iii) the number of such children who constitute more than 19.00 percent, but not more than 24.20 percent, of such population, multiplied by 2.5;

“(iv) the number of such children who constitute more than 24.20 percent, but not more than 29.20 percent, of such population, multiplied by 3.25; and

“(v) the number of such children who constitute more than 29.20 percent of such population, multiplied by 4.0.

“(C) BY NUMBER OF CHILDREN.—The amount referred to in subparagraph (A) is determined by adding—

“(i) the number of children determined under section 1124(c) who constitute not
more than 2,311, inclusive, of the county’s total population aged 5 to 17, inclusive, multiplied by 1.0;

“(ii) the number of such children between 2,312 and 7,913, inclusive, in such population, multiplied by 1.5;

“(iii) the number of such children between 7,914 and 23,917, inclusive, in such population, multiplied by 2.0;

“(iv) the number of such children between 23,918 and 93,810, inclusive, in such population, multiplied by 2.5; and

“(v) the number of such children in excess of 93,811 in such population, multiplied by 3.0.

“(D) PUERTO RICO.—Notwithstanding subparagraph (A), the weighting factor for the Commonwealth of Puerto Rico under this paragraph shall not be greater than the total number of children counted under section 1124(c) multiplied by 1.72.

“(2) WEIGHTS FOR ALLOCATIONS TO LOCAL EDUCATIONAL AGENCIES.—

“(A) IN GENERAL.—For each fiscal year for which the Secretary uses local educational agen-
cy data, the weighted child count used to determine a local educational agency’s grant under this section is the larger of the 2 amounts determined under subparagraphs (B) and (C).

“(B) BY PERCENTAGE OF CHILDREN.—The amount referred to in subparagraph (A) is determined by adding—

“(i) the number of children determined under section 1124(c) for that local educational agency who constitute not more than 15.233 percent, inclusive, of the agency’s total population aged 5 to 17, inclusive, multiplied by 1.0;

“(ii) the number of such children who constitute more than 15.233 percent, but not more than 22.706 percent, of such population, multiplied by 1.75;

“(iii) the number of such children who constitute more than 22.706 percent, but not more than 32.213 percent, of such population, multiplied by 2.5;

“(iv) the number of such children who constitute more than 32.213 percent, but not more than 41.452 percent, of such population, multiplied by 3.25; and
“(v) the number of such children who constitute more than 41.452 percent of such population, multiplied by 4.0.

“(C) By Number of Children.—The amount referred to in subparagraph (A) is determined by adding—

“(i) the number of children determined under section 1124(c) who constitute not more than 710, inclusive, of the agency’s total population aged 5 to 17, inclusive, multiplied by 1.0;

“(ii) the number of such children between 711 and 2,384, inclusive, in such population, multiplied by 1.5;

“(iii) the number of such children between 2,385 and 9,645, inclusive, in such population, multiplied by 2.0;

“(iv) the number of such children between 9,646 and 54,600, inclusive, in such population, multiplied by 2.5; and

“(v) the number of such children in excess of 54,600 in such population, multiplied by 3.0.

“(D) Puerto Rico.—Notwithstanding subparagraph (A), the weighting factor for the Com-
monwealth of Puerto Rico under this paragraph shall not be greater than the total number of children counted under section 1124(c) multiplied by 1.72.

“(d) Calculation of Grant Amounts.—Grant amounts under this section shall be calculated in the same manner as grant amounts are calculated under section 1124(a) (2) and (3).

“(e) State Minimum.—Notwithstanding any other provision of this section or section 1122, from the total amount available for any fiscal year to carry out this section, each State shall be allotted not less than 0.5 percent of the total amount made available to carry out this section for such fiscal year.

“SEC. 1125A. EDUCATION FINANCE INCENTIVE PROGRAM.

“(a) Grants.—From funds appropriated under subsection (e) the Secretary is authorized to make grants to States, from allotments under subsection (b), to carry out the purposes of this part.

“(b) Distribution Based Upon Fiscal Effort and Equity.—

“(1) In general.—

“(A) In general.—Except as provided in subparagraph (B), funds appropriated pursuant to subsection (e) shall be allotted to each State
based upon the number of children counted under section 1124(c) in such State multiplied by the product of—

“(i) such State’s effort factor described in paragraph (2); multiplied by

“(ii) 1.30 minus such State’s equity factor described in paragraph (3).

“(B) Minimum.—For each fiscal year no State shall receive under this section less than 0.5 percent of the total amount appropriated under subsection (e) for the fiscal year.

“(2) Effort Factor.—

“(A) In general.—Except as provided in subparagraph (B), the effort factor for a State shall be determined in accordance with the succeeding sentence, except that such factor shall not be less than 0.95 nor greater than 1.05. The effort factor determined under this sentence shall be a fraction the numerator of which is the product of the 3-year average per-pupil expenditure in the State multiplied by the 3-year average per capita income in the United States and the denominator of which is the product of the 3-year average per capita income in such State multi-
plied by the 3-year average per-pupil expenditure in the United States.

“(B) COMMONWEALTH OF PUERTO RICO.—

The effort factor for the Commonwealth of Puerto Rico shall be equal to the lowest effort factor calculated under subparagraph (A) for any State.

“(3) EQUITY FACTOR.—

“(A) DETERMINATION.—

“(i) IN GENERAL.—Except as provided in subparagraph (B), the Secretary shall determine the equity factor under this section for each State in accordance with clause (ii).

“(ii) COMPUTATION.—

“(I) IN GENERAL.—For each State, the Secretary shall compute a weighted coefficient of variation for the per-pupil expenditures of local educational agencies in accordance with subclauses (II), (III), and (IV).

“(II) VARIATION.—In computing coefficients of variation, the Secretary shall weigh the variation between per-pupil expenditures in each local educational agency and the average per-
pupil expenditures in the State according to the number of pupils served by the local educational agency.

“(III) NUMBER OF PUPILS.—In determining the number of pupils under this paragraph served by each local educational agency and in each State, the Secretary shall multiply the number of children from low-income families by a factor of 1.4.

“(IV) ENROLLMENT REQUIREMENT.—In computing coefficients of variation, the Secretary shall include only those local educational agencies with an enrollment of more than 200 students.

“(B) SPECIAL RULE.—The equity factor for a State that meets the disparity standard described in section 222.162 of title 34, Code of Federal Regulations (as such section was in effect on the day preceding the date of enactment of the Better Education for Students and Teachers Act) or a State with only 1 local educational agency shall be not greater than 0.10.
“(C) REVISIONS.—The Secretary may revise each State’s equity factor as necessary based on the advice of independent education finance scholars to reflect other need-based costs of local educational agencies in addition to low-income student enrollment, such as differing geographic costs, costs associated with students with disabilities, children with limited English-proficiency or other meaningful educational needs, which deserve additional support. In addition, after obtaining the advice of independent education finance scholars, the Secretary may revise each State’s equity factor to incorporate other valid and accepted methods to achieve adequacy of educational opportunity that may not be reflected in a coefficient of variation method.

“(c) USE OF FUNDS.—All funds awarded to each State under this section shall be allocated to local educational agencies and schools on a basis consistent with the distribution of other funds to such agencies and schools under sections 1124, 1124A, and 1125 to carry out activities under this part.

“(d) MAINTENANCE OF EFFORT.—

“(1) IN GENERAL.—Except as provided in paragraph (2), a State is entitled to receive its full allot-
ment of funds under this section for any fiscal year if the Secretary finds that either the combined fiscal effort per student or the aggregate expenditures within the State with respect to the provision of free public education for the fiscal year preceding the fiscal year for which the determination is made was not less than 90 percent of such combined fiscal effort or aggregate expenditures for the second fiscal year preceding the fiscal year for which the determination is made.

“(2) REDUCTION OF FUNDS.—The Secretary shall reduce the amount of funds awarded to any State under this section in any fiscal year in the exact proportion to which the State fails to meet the requirements of paragraph (1) by falling below 90 percent of both the fiscal effort per student and aggregate expenditures (using the measure most favorable to the State), and no such lesser amount shall be used for computing the effort required under paragraph (1) for subsequent years.

“(3) WAIVERS.—The Secretary may waive, for 1 fiscal year only, the requirements of this subsection if the Secretary determines that such a waiver would be equitable due to exceptional or uncontrollable circumstances such as a natural disaster or a precipi-
tous and unforeseen decline in the financial resources
of the State.

“(e) AUTHORIZATION OF APPROPRIATIONS.—There are
authorized to be appropriated to carry out this section
$200,000,000 for fiscal year 2002 and such sums as may
be necessary for each of the 6 succeeding fiscal years.

“(f) STUDY, EVALUATION AND REPORT OF SCHOOL FI-
NANCE EQUALIZATION.—(1) The Secretary shall conduct a
study to evaluate and report to the Congress on the degree
of disparity in expenditures per pupil among local edu-
cational agencies within and across each of the fifty States
and the District of Columbia. The Secretary shall also ana-
lyze the trends in State school finance legislation and judi-
cial action requiring that States equalize resources. The
Secretary shall evaluate and report to the Congress whether
or not it can be determined if these actions have resulted
in an improvement in student performance.

“(2) In preparing this report, the Secretary may also
consider the following: Various measures of determining
disparity; the relationship between education expenditures
and student performance; the effect of Federal education as-
sistance programs on the equalization of school finance re-
sources; and the effects of school finance equalization on
local and State tax burdens.
“(3) Such reports shall be submitted to the Congress not later than one year after the date of enactment of the Better Education for Students and Teachers Act.

“SEC. 1126. SPECIAL ALLOCATION PROCEDURES.

“(a) ALLOCATIONS FOR NEGLECTED CHILDREN.—

“(1) In general.—If a State educational agency determines that a local educational agency in the State is unable or unwilling to provide for the special educational needs of children who are living in institutions for neglected or delinquent children as described in section 1124(c)(1)(C), the State educational agency shall, if such agency assumes responsibility for the special educational needs of such children, receive the portion of such local educational agency’s allocation under sections 1124, 1124A, and 1125 that is attributable to such children.

“(2) Special rule.—If the State educational agency does not assume such responsibility, any other State or local public agency that does assume such responsibility shall receive that portion of the local educational agency’s allocation.

“(b) ALLOCATIONS AMONG LOCAL EDUCATIONAL AGENCIES.—The State educational agency may allocate the amounts of grants under sections 1124, 1124A, and 1125 among the affected local educational agencies—
“(1) if 2 or more local educational agencies serve, in whole or in part, the same geographical area;

“(2) if a local educational agency provides free public education for children who reside in the school district of another local educational agency; or

“(3) to reflect the merger, creation, or change of boundaries of 1 or more local educational agencies.

“(c) REALLOCATION.—If a State educational agency determines that the amount of a grant a local educational agency would receive under sections 1124, 1124A, and 1125 is more than such local educational agency will use, the State educational agency shall make the excess amount available to other local educational agencies in the State that need additional funds in accordance with criteria established by the State educational agency.

“SEC. 1127. CARRYOVER AND WAIVER.

“(a) LIMITATION ON CARRYOVER.—Notwithstanding section 421 of the General Education Provisions Act or any other provision of law, not more than 15 percent of the funds allocated to a local educational agency for any fiscal year under this subpart (but not including funds received through any reallocation under this subpart) may remain available for obligation by such agency for one additional fiscal year.
“(b) WAIVER.—A State educational agency may, once every 3 years, waive the percentage limitation in subsection (a) if—

“(1) the agency determines that the request of a local educational agency is reasonable and necessary; or

“(2) supplemental appropriations for this subpart become available.

“(c) EXCLUSION.—The percentage limitation under subsection (a) shall not apply to any local educational agency that receives less than $50,000 under this subpart for any fiscal year.”.

SEC. 120E. SCHOOL YEAR EXTENSION ACTIVITIES.

Subpart 1 of part A of title I (20 U.S.C. 6311 et seq.) is amended by adding at the end the following:

“SEC. 1120C. SCHOOL YEAR EXTENSION ACTIVITIES.

“(a) USE OF FUNDS.—

“(1) IN GENERAL.—A local educational agency may use funds received under this part to—

“(A) to extend the length of the school year to 210 days, including necessary increases in compensation to employees;

“(1) the activities to be carried out under this section;

“(2) any study or other information-gathering project for which funds will be used;

“(3) the strategies and methods the applicant will use to enrich and extend learning time for all students and to maximize high quality instruction in the core academic areas during the school day, such as block scheduling, team teaching, longer school days or years, and extending learning time through new distance-learning technologies;

“(4) the strategies and methods the applicant will use, including changes in curriculum and instruction, to challenge and engage students and to maximize the productiveness of common core learning
time, as well as the total time students spend in
school and in school-related enrichment activities;

“(5) the strategies and methods the applicant in-
tends to employ to provide continuing financial sup-
port for the implementation of any extended school
day or school year;

“(6) with respect to any application to carry out
activities described in subsection (b)(1)(A), a descrip-
tion of any feasibility or other studies demonstrating
the sustainability of a longer school year;

“(7) the extent of involvement of teachers and
other school personnel in investigating, designing, im-
plementing and sustaining the activities assisted
under this section;

“(8) the process to be used for involving parents
and other stakeholders in the development and imple-
mentation of the activities assistance under this sec-
tion;

“(9) any cooperation or collaboration among
public housing authorities, libraries, businesses, muse-
ums, community-based organizations, and other com-
munity groups and organizations to extend engaging,
high-quality, standards-based learning time outside of
the school day or year, at the school or at some other
site;

“(11) the goals and objectives of the activities assisted under this section, including a description of how such activities will assist all students to reach State standards;

“(12) the methods by which the applicant will assess progress in meeting such goals and objectives; and

“(13) how the applicant will use funds provided under this section in coordination with funds provided under other Federal laws.

SEC. 120F. ADEQUACY OF FUNDING OF TARGETED GRANTS TO LOCAL EDUCATIONAL AGENCIES IN FISCAL YEARS AFTER FISCAL YEAR 2001.

(a) FINDINGS.—Congress makes the following findings:

(1) The current Basic Grant Formula for the distribution of funds under part A of title I of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6311 et seq.), often does not provide funds for the economically disadvantaged students for which such funds are targeted.

(2) Any school district in which at least two percent of the students live below the poverty level quali-
ties for funding under the Basic Grant Formula. As a result, 9 out of every 10 school districts in the country receive some form of aid under the Formula.

(3) Fifty-eight percent of all schools receive at least some funding under title I of the Elementary and Secondary Education Act of 1965, including many suburban schools with predominantly well-off students.

(4) One out of every 5 schools with concentrations of poor students between 50 and 75 percent receive no funding at all under title I of the Elementary and Secondary Education Act of 1965.

(5) In passing the Improving America’s Schools Act in 1994, Congress declared that grants under title I of the Elementary and Secondary Education Act of 1965 would more sharply target high poverty schools by using the Targeted Grant Formula, but annual appropriation Acts have prevented the use of that Formula.

(6) The advantage of the Targeted Grant Formula over other funding formulas under title I of the Elementary and Secondary Education Act of 1965 is that the Targeted Grant Formula provides increased grants per poor child as the percentage of economi-
cally disadvantaged children in a school district increases.

(7) Studies have found that the poverty of a child’s family is much more likely to be associated with educational disadvantage if the family lives in an area with large concentrations of poor families.

(8) States with large populations of high poverty students would receive significantly more funding if more funds under title I of the Elementary and Secondary Education Act of 1965 were allocated through the Targeted Grant Formula.

(9) Congress has an obligation to allocate funds under title I of the Elementary and Secondary Education Act of 1965 so that such funds will positively affect the largest number of economically disadvantaged students.

“PART E—CLOSE UP FELLOWSHIP PROGRAM

“SEC. 2501. FINDINGS.

“Congress makes the following findings:

“(1) The strength of our democracy rests with the willingness of our citizens to be active participants in their governance. For young people to be such active participants, it is essential that they develop a strong sense of responsibility toward ensuring the common good and general welfare of their local communities, States and the Nation.

“(2) For the young people of our country to develop a sense of responsibility for their fellow citizens, communities and country, our educational system
must assist them in the development of strong moral character and values.

“(3) Civic education about our Federal Government is an integral component in the process of educating young people to be active and productive citizens who contribute to strengthening and promoting our democratic form of government.

“(4) There are enormous pressures on teachers to develop creative ways to stimulate the development of strong moral character and appropriate value systems among young people, and to educate young people about their responsibilities and rights as citizens.

“(5) Young people who have economically disadvantaged backgrounds, or who are from other under-served constituencies, have a special need for educational programs that develop a strong sense of community and educate them about their rights and responsibilities as citizens of the United States. Under-served constituencies include those such as economically disadvantaged young people in large metropolitan areas, ethnic minorities, who are members of recently immigrated or migrant families, Native Americans or the physically disabled.

“(6) The Close Up Foundation has thirty years of experience in providing economically disadvan-
taged young people and teachers with a unique and highly educational experience with how our federal system of government functions through its programs that bring young people and teachers to Washington, D.C. for a first-hand view of our government in action.

“(7) It is a worthwhile goal to ensure that economically disadvantaged young people and teachers have the opportunity to participate in Close Up’s highly effective civic education program. Therefore, it is fitting and appropriate to provide fellowships to students of limited economic means and the teachers who work with such students so that the students and teachers may participate in the programs supported by the Close Up Foundation. It is equally fitting and appropriate to support the Close Up Foundation’s ‘Great American Cities’ program that focuses on character and leadership development among economically disadvantaged young people who reside in our Nation’s large metropolitan areas.

“SEC. 2701. SHORT TITLE.

This part may be cited as the ‘Rural Technology Education Academies Act’.

“SEC. 2702. FINDINGS AND PURPOSE.

“(a) FINDINGS.—Congress makes the following findings:

“(1) Rural areas offer technology programs in existing public schools, such as those in career and technical education programs, but they are limited in numbers and are not adequately funded. Further, rural areas often cannot support specialized schools, such as magnet or charter schools.

“(2) Technology can offer rural students educational and employment opportunities that they otherwise would not have.

“(3) Schools in rural and small towns receive disproportionately less funding than their urban counterparts, necessitating that such schools receive
additional assistance to implement technology curriculum.

“(4) In the future, workers without technology skills run the risk of being excluded from the new global, technological economy.

“(5) Teaching technology in rural schools is vitally important because it creates an employee pool for employers sorely in need of information technology specialists.

“(6) A qualified workforce can attract information technology employers to rural areas and help bridge the digital divide between rural and urban American that is evidenced by the out-migration and economic decline typical of many rural areas.

“(b) PURPOSE.—It is the purpose of this part to give rural schools comprehensive assistance to train the technology literate workforce needed to bridge the rural-urban digital divide.

“(2) local educational agencies have struggled to fund adequately education services;

“(3) in the case of Plyler v. Doe, 457 U.S. 202 (1982), the Supreme Court held that States have a responsibility under the Equal Protection Clause of the Constitution to educate all children, regardless of immigration status; and

“(4) immigration policy is solely a responsibility of the Federal Government.

“(b) PURPOSE.—The purpose of this part is to assist eligible local educational agencies that experience unexpectedly large increases in their student population due to immigration to—
“(1) provide high-quality instruction to immigrant children and youth; and

“(2) help such children and youth—

“(A) with their transition into American society; and

“(B) meet the same challenging State performance standards expected of all children and youth.

“SEC. 3302. STATE ADMINISTRATIVE COSTS.

“For any fiscal year, a State educational agency may reserve not more than 1.5 percent (2 percent if the State educational agency distributes funds received under this part to local educational agencies on a competitive basis) of the amount allocated to such agency under section 3304 to pay the costs of performing such agency’s administrative functions under this part.

“SEC. 3303. WITHHOLDING.

“Whenver the Secretary, after providing reasonable notice and opportunity for a hearing to any State educational agency, finds that there is a failure to meet the requirement of any provision of this part, the Secretary shall notify that agency that further payments will not be made to the agency under this part, or in the discretion of the Secretary, that the State educational agency shall not make further payments under this part to specified local
educational agencies whose actions cause or are involved in such failure until the Secretary is satisfied that there is no longer any such failure to comply. Until the Secretary is so satisfied, no further payments shall be made to the State educational agency under this part, or payments by the State educational agency under this part shall be limited to local educational agencies whose actions did not cause or were not involved in the failure, as the case may be.

"SEC. 3304. STATE ALLOCATIONS.

such local educational agency, relative to the total number of immigrant children and youth so enrolled in all the States participating in the program assisted under this part.

“(2) **Eligible Local Educational Agencies.**—The local educational agencies referred to in paragraph (1) are those local educational agencies in which the sum of the number of immigrant children and youth who are enrolled in public elementary schools or secondary schools under the jurisdiction of such agencies, and in nonpublic elementary schools or secondary schools within the districts served by such agencies, during the fiscal year for which the payments are to be made under this part, is equal to—

“(1) **In General.**—Determinations by the Secretary under this section for any period with respect to the number of immigrant children and youth shall be made on the basis of data or estimates provided to
the Secretary by each State educational agency in accordance with criteria established by the Secretary, unless the Secretary determines, after notice and opportunity for a hearing to the affected State educational agency, that such data or estimates are clearly erroneous.

“(2) SPECIAL RULE.—No such determination with respect to the number of immigrant children and youth shall operate because of an underestimate or overestimate to deprive any State educational agency of the allocation under this section that such State would otherwise have received had such determination been made on the basis of accurate data.

“(d) REALLOCATION.—Whenever the Secretary determines that any amount of a payment made to a State under this part for a fiscal year will not be used by such State for carrying out the purpose for which the payment was made, the Secretary shall make such amount available for carrying out such purpose to 1 or more other States to the extent the Secretary determines that such other States will be able to use such additional amount for carrying out such purpose. Any amount made available to a State from any appropriation for a fiscal year in accordance with the preceding sentence shall, for purposes of this part, be regarded as part of such State’s payment (as determined
under subsection (b)) for such year, but shall remain available until the end of the succeeding fiscal year.

or in part any application for funds received under

sonable notice and opportunity for a hearing;

“(6) provide for making such reports as the Sec-
retary may reasonably require to perform the Sec-
retary's functions under this part;

“(7) provide assurances—
“(A) that to the extent consistent with the number of immigrant children and youth enrolled in the nonpublic elementary schools or secondary schools within the district served by a local educational agency, such agency, after consultation with appropriate officials of such schools, shall provide for the benefit of such children and youth secular, neutral, and nonideological services, materials, and equipment necessary for the education of such children and youth;

“(B) that the control of funds provided under this part to any materials, equipment, and property repaired, remodeled, or constructed with those funds shall be in a public agency for the uses and purpose provided in this part, and a public agency shall administer such funds and property; and

“(C) that the provision of services pursuant to this paragraph shall be provided by employees of a public agency or through contract by such public agency with a person, association, agency, or corporation who or which, in the provision of such services, is independent of such nonpublic elementary school or secondary school and of any religious organization, and such employment or

“(b) Services to Children Enrolled in Non-Public Schools.—If by reason of any provision of law a local educational agency is prohibited from providing educational services for children enrolled in nonpublic elementary schools and secondary schools, as required by section 3305(a)(7), or if the Secretary determines that a local educational agency has substantially failed or is unwilling to provide for the participation on an equitable basis of children enrolled in such schools, the Secretary may waive such requirement and shall arrange for the provision of services, subject to the requirements of this part, to such children. Such waivers shall be subject to consultation, withholding, notice, and judicial review requirements in accordance with the provisions of title I.

“SEC. 3307. USES OF FUNDS.

**TITLE IV—SAFE AND DRUG-FREE SCHOOLS AND COMMUNITIES**

**SEC. 401. AMENDMENT TO THE ELEMENTARY AND SECONDARY EDUCATION ACT OF 1965.**

Title IV (20 U.S.C. 7101 et seq.) is amended to read as follows:

“**TITLE IV—SAFE AND DRUG-FREE SCHOOLS AND COMMUNITIES**

“**PART A—STATE GRANTS**

“**SEC. 4001. SHORT TITLE.**

“This part may be cited as the ‘Safe and Drug-Free Schools and Communities Act of 1994’.

“**SEC. 4002. FINDINGS.**

“Congress makes the following findings:

“(1) Every student should attend a school in a drug- and violence-free learning environment.
“(2) The widespread illegal use of alcohol and drugs among the Nation’s secondary school students, and increasingly by students in elementary schools as well, constitutes a grave threat to such students’ physical and mental well-being, and significantly impedes the learning process. For example, data show that students who drink tend to receive lower grades and are more likely to miss school because of illness than students who do not drink.

“(3) Drug and violence prevention programs are essential components of a comprehensive strategy to promote school safety, youth development, positive school outcomes, and to reduce the demand for and illegal use of alcohol, tobacco and drugs throughout the Nation. Schools, local organizations, parents, students, and communities throughout the Nation have a special responsibility to work together to combat the continuing epidemic of violence and illegal drug use and should measure the success of their programs against clearly defined goals and objectives.

“(4) Drug and violence prevention programs are most effective when implemented within a scientifically based research, drug and violence prevention framework of proven effectiveness.
“(5) Research clearly shows that community contexts contribute to substance abuse and violence.

“(6) Substance abuse and violence are intricately related and must be dealt with in a holistic manner.

“(7) Research has documented that parental behavior and environment directly influence a child’s inclination to use alcohol, tobacco or drugs.

“SEC. 4003. PURPOSE.

“The purpose of this part is to support programs that prevent violence in and around schools and prevent the illegal use of alcohol, tobacco, and drugs, involve parents, and are coordinated with related Federal, State, school, and community efforts and resources, through the provision of Federal assistance to—

“(1) States for grants to local educational agencies and educational service agencies and consortia of such agencies to establish, operate, and improve local programs of school drug and violence prevention, early intervention, high quality alternative education for chronically disruptive, drug-abusing, and violent students that includes drug and violence prevention programs, rehabilitation referral, and education in elementary and secondary schools for the development and implementation of policies that set clear and appropriate standards regarding the illegal use of alco-
hol, tobacco and drugs, and for violent behavior (including intermediate and junior high schools);

“(2) States for grants to, and contracts with, community-based organizations and public and private entities for programs of drug and violence prevention including community mobilization, early intervention, rehabilitation referral, and education;

“(3) States for development, training, technical assistance, and coordination activities; and

“(4) public and private entities to provide technical assistance, conduct training, demonstrations, and evaluation, and to provide supplementary services and community mobilization activities for the prevention of drug use and violence among students and youth.

safety plans which involve the entire community,
policies which emphasize both prevention and inter-

their concerns or observations with trained personnel,
establishing procedures which allow rapid response
and intervention when early warning signs of violent
behavior are identified, and providing adequate sup-
port and access to services for troubled students.

“(4) to develop and implement education programs to improve school, student, and teacher performance, including professional development activities and class size reduction programs.

“(b) State and Local Responsibility.—The basic responsibility for the administration of funds made available under this subpart is within the State educational agencies, but it is the intent of Congress that the responsibility be carried out with a minimum of paperwork and that the responsibility for the design and implementation of programs assisted under this subpart will be mainly that of local educational agencies, school superintendents and principals, and classroom teachers and supporting personnel, because such agencies and individuals have the most direct contact with students and are most likely to be able to design programs to meet the educational needs of students in their own school districts.

“Sec. 5302. Authorization of Appropriations; Duration of Assistance.

the fiscal year for which the determination is
made.

“(2) Construction.—Nothing in this subsection
shall diminish the responsibility of local educational
agencies to contact, on an annual basis, appropriate
officials from private nonprofit schools within the
areas served by such agencies in order to determine
whether such schools desire that their children partici-
pate in programs assisted under this subpart.

“(3) Adjustments.—

“(A) In general.—Relative enrollments
under subsection (a) shall be adjusted, in accord-
ance with criteria approved by the Secretary
under subparagraph (B), to provide higher per
pupil allocations only to local educational agen-

ages of—

“(i) children living in areas with high
concentrations of low-income families;

“(B) REQUIREMENT.—In any fiscal year, any local educational agency that elects to allocate such additional funds in the manner described in subparagraph (A) shall allocate all additional funds to schools within the local educational agency in such manner.

“(C) CONSTRUCTION.—The provisions of subparagraphs (A) and (B) may not be construed to require any school to limit the use of such additional funds to the provision of services to specific students or categories of students.

“Chapter 4—General Administrative Provisions

“SEC. 5341. MAINTENANCE OF EFFORT; FEDERAL FUNDS SUPPLEMENTARY.

“(a) Maintenance of Effort.—
“(1) IN GENERAL.—Except as provided in paragraph (2), a State is entitled to receive its full allocation of funds under this subpart for any fiscal year if the Secretary finds that either the combined fiscal effort per student or the aggregate expenditures within the State with respect to the provision of free public education for the fiscal year preceding the fiscal year for which the determination is made was not less than 90 percent of such combined fiscal effort or aggregate expenditures for the second fiscal year preceding the fiscal year for which the determination is made.

“(2) REDUCTION OF FUNDS.—The Secretary shall reduce the amount of the allocation of funds under this subpart in any fiscal year in the exact proportion to which the State fails to meet the requirements of paragraph (1) by falling below 90 percent of both the fiscal effort per student and aggregate expenditures (using the measure most favorable to the State), and no such lesser amount shall be used for computing the effort required under paragraph (1) for subsequent years.

“(3) WAIVERS.—The Secretary may waive, for 1 fiscal year only, the requirements of this section if the Secretary determines that such a waiver would be eq-
suitable due to exceptional or uncontrollable circumstances such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the State.

“(b) Federal Funds Supplementary.—A State or local educational agency may use and allocate funds received under this subpart only so as to supplement and, to the extent practical, increase the level of funds that would, in the absence of Federal funds made available under this subpart, be made available from non-Federal sources, and in no case may such funds be used so as to supplant funds from non-Federal sources.

“Sec. 5342. Participation of Children Enrolled in Private Schools.

“(a) Participation on Equitable Basis.—

“(1) In General.—To the extent consistent with the number of children in the school district of a local educational agency which is eligible to receive funds under this subpart or which serves the area in which a program or project assisted under this subpart is located who are enrolled in private nonprofit elementary and secondary schools, or with respect to instructional or personnel training programs funded by the State educational agency from funds made available for State use, such agency, after consultation with ap-
propriate private school officials, shall provide for the
benefit of such children in such schools secular, neu-

equipment, including the participation of the teachers
of such children (and other educational personnel

repair, minor remodeling, or construction of public
facilities as may be necessary for their provision (con-
sistent with subsection (c) of this section), or, if such
services, materials, and equipment are not feasible or
necessary in one or more such private schools as de-

shall provide such other arrangements as will assure
equitable participation of such children in the pur-
poses and benefits of this subpart.

“(2) Other provisions for services.—If no
program or project is carried out under paragraph
(1) in the school district of a local educational agen-
cy, the State educational agency shall make arrange-
ments, such as through contracts with nonprofit agen-
cies or organizations, under which children in private
schools in such district are provided with services and
materials to the extent that would have occurred if the
local educational agency had received funds under this subpart.

“(3) APPLICATION OF REQUIREMENTS.—The re-
quirements of this section relating to the participa-
tion of children, teachers, and other personnel serving such children shall apply to programs and projects carried out under this subpart by a State or local educational agency, whether directly or through grants to or contracts with other public or private agencies, institutions, or organizations.

“(b) EQUAL EXPENDITURES.—Expenditures for pro-
grams pursuant to subsection (a) shall be equal (consistent with the number of children to be served) to expenditures for programs under this subpart for children enrolled in the public schools of the local educational agency, taking into account the needs of the individual children and other factors which relate to such expenditures, and when funds available to a local educational agency under this subpart are used to concentrate programs or projects on a particular group, attendance area, or grade or age level, children enrolled in private schools who are included within the group, attendance area, or grade or age level selected for such concentra-
tion shall, after consultation with the appropriate private school officials, be assured equitable participation in the purposes and benefits of such programs or projects.
“(c) FUNDS.—

“(1) ADMINISTRATION OF FUNDS AND PROPERTY.—The control of funds provided under this subpart, and title to materials, equipment, and property repaired, remodeled, or constructed with such funds, shall be in a public agency for the uses and purposes provided in this subpart, and a public agency shall administer such funds and property.

“(2) PROVISION OF SERVICES.—The provision of services pursuant to this subpart shall be provided by employees of a public agency or through contract by such public agency with a person, an association, agency, or corporation who or which, in the provision of such services, is independent of such private school and of any religious organizations, and such employment or contract shall be under the control and supervision of such public agency, and the funds provided under this subpart shall not be commingled with State or local funds.

“(d) STATE PROHIBITION WAIVER.—If by reason of any provision of law a State or local educational agency is prohibited from providing for the participation in programs of children enrolled in private elementary schools and secondary schools, as required by this section, the Secretary shall waive such requirements and shall arrange for
the provision of services to such children through arrangements which shall be subject to the requirements of this section.

“(e) WAIVER AND PROVISION OF SERVICES.—

“(1) FAILURE TO COMPLY.—If the Secretary determines that a State or a local educational agency has substantially failed or is unwilling to provide for the participation on an equitable basis of children enrolled in private elementary schools and secondary schools as required by this section, the Secretary may waive such requirements and shall arrange for the provision of services to such children through arrangements which shall be subject to the requirements of this section.

“(2) WITHHOLDING OF ALLOCATION.—Pending final resolution of any investigation or complaint that could result in a determination under this subsection or subsection (d), the Secretary may withhold from the allocation of the affected State or local educational agency the amount estimated by the Secretary to be necessary to pay the cost of those services.

“(f) DETERMINATION.—Any determination by the Secretary under this section shall continue in effect until the Secretary determines that there will no longer be any fail-
ure or inability on the part of the State or local educational agency to meet the requirements of subsections (a) and (b).

“(g) PAYMENT FROM STATE ALLOTMENT.—When the Secretary arranges for services pursuant to this section, the Secretary shall, after consultation with the appropriate public and private school officials, pay the cost of such services, including the administrative costs of arranging for those services, from the appropriate allotment of the State under this subpart.

“(h) REVIEW.—

“(1) WRITTEN OBJECTIONS.—The Secretary shall not take any final action under this section until the State educational agency and the local educational agency affected by such action have had an opportunity, for not less than 45 days after receiving written notice thereof, to submit written objections and to appear before the Secretary or the Secretary’s designee to show cause why that action should not be taken.

“(2) COURT ACTION.—If a State or local educational agency is dissatisfied with the Secretary’s final action after a proceeding under paragraph (1), such agency may, not later than 60 days after notice of such action, file with the United States court of appeals for the circuit in which such State is located a
petition for review of that action. A copy of the petition shall be transmitted by the clerk of the court to the Secretary. The Secretary thereupon shall file in the court the record of the proceedings on which the Secretary based this action, as provided in section 2112 of title 28, United States Code.

“(3) REMAND TO SECRETARY.—The findings of fact by the Secretary, if supported by substantial evidence, shall be conclusive; but the court, for good cause shown, may remand the case to the Secretary to take further evidence and the Secretary may make new or modified findings of fact and may modify the Secretary’s previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

“(4) COURT REVIEW.—Upon the filing of such petition, the court shall have jurisdiction to affirm the action of the Secretary or to set such action aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code.

“(i) PRIOR DETERMINATION.—Any bypass determination by the Secretary under chapter 2 of part I of this Act

“PART E—ADVANCED PLACEMENT PROGRAMS

“SEC. 5601. SHORT TITLE.

“This part may be cited as the ‘Access to High Standards Act’.

“SEC. 5602. FINDINGS AND PURPOSES.

“(a) Findings.—Congress finds that—

“(1) far too many students are not being provided sufficient academic preparation in secondary school, which results in limited employment opportunities, college dropout rates of over 25 percent for the first year of college, and remediation for almost one-third of incoming college freshmen;

“(2) there is a growing consensus that raising academic standards, establishing high academic expectations, and showing concrete results are at the core of improving public education;

“(3) modeling academic standards on the well-known program of advanced placement courses is an approach that many education leaders and almost half of all States have endorsed;
“(4) advanced placement programs already are providing 30 different college-level courses, serving almost 60 percent of all secondary schools, reaching over 1,000,000 students (of whom 80 percent attend public schools, 55 percent are females, and 30 percent are minorities), and providing test scores that are accepted for college credit at over 3,000 colleges and universities, every university in Germany, France, and Austria, and most institutions in Canada and the United Kingdom;

“(5) 24 States are now funding programs to increase participation in advanced placement programs, including 19 States that provide funds for advanced placement teacher professional development, 3 States that require that all public secondary schools offer advanced placement courses, 10 States that pay the fees for advanced placement tests for some or all students, and 4 States that require that their public universities grant uniform academic credit for scores of 3 or better on advanced placement tests; and

“(6) the State programs described in paragraph (5) have shown the responsiveness of schools and students to such programs, raised the academic standards both for students participating in such programs and for other children taught by teachers who are in-
volved in advanced placement courses, and have shown tremendous success in increasing enrollment, achievement, and minority participation in advanced placement programs.

“(b) PURPOSES.—The purposes of this part are—

“(1) to encourage more of the 600,000 students who take advanced placement courses but do not take advanced placement exams each year to demonstrate their achievements through taking the exams;

“(2) to build on the many benefits of advanced placement programs for students, which benefits may include the acquisition of skills that are important to many employers, Scholastic Aptitude Tests (SAT) scores that are 100 points above the national averages, and the achievement of better grades in secondary school and in college than the grades of students who have not participated in the programs;

“(3) to support State and local efforts to raise academic standards through advanced placement programs, and thus further increase the number of students who participate and succeed in advanced placement programs;

“(4) to increase the availability and broaden the range of schools that have advanced placement programs, which programs are still often distributed un-
evenly among regions, States, and even secondary schools within the same school district, while also increasing and diversifying student participation in the programs;

“(5) to build on the State programs described in subsection (a)(5) and demonstrate that larger and more diverse groups of students can participate and succeed in advanced placement programs;

“(6) to provide greater access to advanced placement courses for low-income and other disadvantaged students;

“(7) to provide access to advanced placement courses for secondary school juniors at schools that do not offer advanced placement programs, increase the rate of secondary school juniors and seniors who participate in advanced placement courses to 25 percent of the secondary school student population, and increase the numbers of students who receive advanced placement test scores for which college academic credit is awarded; and

“(8) to increase the participation of low-income individuals in taking advanced placement tests through the payment or partial payment of the costs of the advanced placement test fees.

“This part may be cited as the ‘Performance Agreements Act’.

“SEC. 5702. PURPOSE.

“The purpose of this part is to create options for selected State educational agencies and local educational agencies—

“(1) to improve the academic achievement of all students served by State educational agencies and local educational agencies, and to focus the resources of the Federal Government on that achievement;

“(4) to eliminate barriers to implementing effective State and local education reform, while preserving the goals of equality of opportunity for all students and accountability for student progress;

“(5) to hold participating State educational agencies and local educational agencies accountable for increasing the academic achievement of all students, especially disadvantaged students; and

“(B) under which the agencies may consolidate and use funds as described in section 5705.

“(2) SELECTION OF STATE EDUCATIONAL AGENCIES AND LOCAL EDUCATIONAL AGENCIES FOR PARTICIPATION.—

“(A) IN GENERAL.—Subject to subparagraphs (C) and (D), the Secretary shall select not more than 7 State educational agencies and 25 local educational agencies to enter into performance agreements under this part. The State educational agencies and local educational agencies shall be selected from among those State educational agencies and local educational agencies that—

“(i) demonstrate, to the satisfaction of the Secretary, that the proposed performance agreement of the agency—

“(ii) have developed, and are administering, the assessments described in section 1111(b)(3);

“(iii) provide information in the proposed performance agreement regarding how the State educational agency—

part, then the Secretary shall select local educational agencies for performance agreements under this part in a manner that ensures an equitable distribution of such agencies selected for performance agreements among such agencies serving urban and rural areas.

“(D) LOCAL EDUCATIONAL AGENCY PARTICIPATION.—

“(i) IN GENERAL.—If a local educational agency is located in a State that does not enter into a performance agreement under subparagraph (A), then the local educational agency may be selected to enter into a performance agreement with the Secretary under subparagraph (A), but only if the local educational agency—

“(I) meets the requirements of this part that are applicable to the local educational agency pursuant to clause (iii), except as provided under clause (v);

“(II) notifies the State educational agency of the local educational agency’s intent to enter into a performance agreement under this part; and
“(III) notifies the Governor of the State regarding the terms of the proposed performance agreement.

“(ii) PROHIBITION.—In the event that a local educational agency enters into a performance agreement under this part, the State educational agency serving the State in which the local educational agency is located may not enter into a performance agreement under this part unless—

“(I) the State educational agency has consulted the local educational agency; and

“(II) the term of the local educational agency’s original performance agreement has ended.

“(iii) APPLICABILITY.—Except as provided in clauses (iv) and (v), each requirement and limitation under this part that is applicable to a State educational agency with respect to a performance agreement under this part shall be applicable to a local educational agency with respect to a performance agreement under this section,
to the extent the Secretary determines appropriate.

“(iv) LOCAL EDUCATIONAL AGENCY WAIVER.—

“(I) Waiver.—If a local educational agency does not wish to participate in the State educational agency’s performance agreement, then the local educational agency shall apply to the State educational agency for a waiver within 45 days of notification from the State educational agency of the State educational agency’s desire to participate in a performance agreement.

“(II) Response.—A State educational agency that receives a waiver application under subclause (I) shall respond to the waiver application within 45 days of receipt of the application. In order to obtain the waiver, the local educational agency shall reasonably demonstrate to the State educational agency that the local educational agency would be better able to
exceed adequate yearly progress by opting out of the performance agreement and remaining subject to the requirements of the affected Federal programs. If the State educational agency denies the waiver, the State educational agency shall explain to the local educational agency the State educational agency’s reasons for the denial.

“(III) APPLICABILITY.—If a local educational agency receives a waiver under this clause, then the agency shall receive funds and be subject to the provisions of Federal law governing each Federal program included in the State educational agency’s performance agreement.

“(H) require that, in consolidating and using funds under the performance agreement, the State educational agency will comply with the equitable participation requirements described in section 5705(c);

“(I) provide that the State educational agency will, for the duration of the performance agreement, use funds consolidated and used under section 5705 only to supplement the amount of funds that would, in the absence of those Federal funds, be made available from non-Federal sources for the education of students participating in programs assisted with the consolidated funds and used under section 5705, and not to supplant those funds;

“(J) contain an assurance that the State educational agency will comply with the maintenance of effort requirements of paragraph (2);
“(K) provide that, not later than 1 year after the date on which the Secretary and the State educational agency enter into the performance agreement, and annually thereafter during the term of the agreement, the State educational agency will disseminate widely to parents (in a format and, to the extent practicable, in a language the parents can understand) and the general public, transmit to the Secretary, distribute to print and broadcast media, and post on the Internet, a report that includes—

“(i) the agency will not diminish its ability to provide a drug and violence free learning environment as a result of entering into the performance agreement, except that nothing in this clause shall be construed to limit the ability of the agency to participate in a program under title IV due to an unforeseen event involving drugs or violence;

“(ii) the agency will prepare the needs assessment described in section 4112(a)(2) and the report described in section 4117 (b) and (c), as appropriate, for each school year; and

“(iii) the agency will use the information in the assessment and report described in clause (ii) to ensure compliance with clause (i).

“(2) MAINTENANCE OF STATE FINANCIAL SUPPORT.—

“(A) IN GENERAL.—Each State entering into a performance agreement under this part shall not reduce the amount of State financial support for education for a fiscal year below the amount of such support for the preceding fiscal year.
“(B) Reduction of funds for failure to maintain effort.—The Secretary shall reduce the allotment of funds to a State pursuant to the terms of the performance agreement for any fiscal year following a fiscal year in which the State fails to comply with subparagraph (A) by the same amount by which the State fails to meet the requirements of subparagraph (A).

“(C) Waivers for exceptional or uncontrollable circumstances.—The Secretary may waive the requirement of subparagraph (A) for a State, for one fiscal year at a time, if the Secretary determines that granting a waiver would be equitable due to exceptional or uncontrollable circumstances such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the State.

“(D) Subsequent years.—If, for any year, a State fails to meet the requirement of subparagraph (A), including any year for which the State is granted a waiver under subparagraph (C), then the financial support required of the State in future years under subparagraph (A) shall be the amount that would have been re-
quired in the absence of that failure and not the reduced level of the State’s support.

“(3) MAINTENANCE OF LOCAL FINANCIAL SUPPORT.—

“(A) IN GENERAL.—Each local educational agency entering into a performance agreement under this part shall not reduce the amount of local educational agency financial support for education for a fiscal year below 90 percent of the amount of that support for the preceding fiscal year.

“(B) REDUCTION OF FUNDS FOR FAILURE TO MAINTAIN SUPPORT.—The Secretary shall reduce the amount made available to a local educational agency under a performance agreement under this part for any fiscal year following the fiscal year in which the local educational agency fails to comply with subparagraph (A) by the same amount by which the local educational agency fails to meet the requirements of subparagraph (A).

“(C) WAIVERS FOR EXCEPTIONAL OR UNCONTROLLABLE CIRCUMSTANCES.—The Secretary may waive the requirement of subparagraph (A) for a local educational agency if the Secretary
determines that granting a waiver would be equitable due to exceptional or uncontrollable circumstances such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the local educational agency, or to permit the local educational agency to adjust for changes in student population within the schools served by the local educational agency.

“(D) Subsequent years.—If, for any year, a local educational agency fails to meet the requirement of subparagraph (A), including any year for which the local educational agency is granted a waiver under subparagraph (C), then the financial support required of the local educational agency in future years under subparagraph (A) shall be the amount that would have been required in the absence of that failure and not the reduced level of the local educational agency’s support.

“(4) Program-specific provisions.—

“(A) Part A of Title I funds.—If part A of title I is included in the scope of the performance agreement, the performance agreement shall provide that sections 1113, and 1124 through 1127, shall apply to the allocation of funds
under such part, unless the State educational agency demonstrates, to the satisfaction of the Secretary and prior to approval of the performance agreement, that the State educational agency will use an alternative allocation method that will better target poverty or educational need. Any alternative method shall result in the percentage of such funds allocated to each local educational agency served by the State educational agency that meets the eligibility criteria for a concentration grant according to section 1124A exceeding the percentage of such funds allocated to such local educational agency under part A of title I. Such alternative allocation methods may include implementation of a State’s weighted formula, use of a State’s most current census data to better target poor children, or a State setting higher thresholds for poverty so that funding is more targeted to schools with higher concentrations of poverty.

“(B) NONTITLE I FUNDS.—The performance agreement shall provide that, for funds other than those under part A of title I that are consolidated and used under section 5705(b), the State educational agency will demonstrate, to the
satisfaction of the Secretary and prior to ap-

proval of the performance agreement, that the
State educational agency will allocate the funds
in a manner that, each year, allocates funds to
serve high concentrations of children from low-
income families at a level proportional to or
higher than the level that would occur without
such consolidation or use.

“(b) APPROVAL OF PERFORMANCE AGREEMENT.—

“(1) IN GENERAL.—Subject to section 5703(a),
not later than 90 days after the deadline established
by the Secretary for receipt of a complete proposed
performance agreement, the Secretary shall approve
the performance agreement, or provide the State edu-
cational agency with a written explanation for not
approving the performance agreement.

“(2) PEER REVIEW.—The Secretary shall—

“(A) establish a peer review process to assist
in the review of proposed performance agree-
ments under this part; and

“(B) appoint individuals to the peer review
process who are representative of parents, teach-
ers, State educational agencies, and local edu-
cational agencies, and who are familiar with
educational standards, assessments, account-
ability, curriculum, instruction and staff development, and other diverse educational needs of students.

“(c) Amendment to Performance Agreement.—

“(1) In general.—Not later than 1 year after entering into a performance agreement under this part, a State educational agency may amend its agreement to—

“(A) remove from the scope of the agreement any program described in section 5705(b); or

“(B) include in the scope of the agreement any additional program described in section 5705(b), or any additional achievement indicators for which the State educational agency will be held accountable.

“(2) Approval of Amendment.—

“(A) In general.—Not later than 90 days after the receipt of a complete proposed amendment described in paragraph (1), the Secretary shall approve the amendment unless the Secretary, by that deadline, provides the State educational agency with a written determination that the plan, as amended, would no longer have substantial promise of meeting the requirements of this part and meeting the State educational
agency’s objective to exceed adequate yearly progress.

“(B) TREATMENT AS APPROVED.—Each amendment for which the Secretary fails to take the action required under subparagraph (A) in the time period described in that subparagraph shall be considered to be approved.

“(3) ADDITIONAL AMENDMENTS.—In addition to the amendments described in paragraph (1), the State educational agency, at any time, may amend its performance agreement if the State educational agency demonstrates, to the satisfaction of the Secretary, that—

“(A) the plan, as amended, will continue to have substantial promise of meeting the requirements of this part; and

“(B) the amendment sought by the State will not substantially alter the original agreement.

“(4) TREATMENT OF PROGRAM FUNDS WITHDRAWN FROM AGREEMENT.—The addition, or removal, of a program to or from the scope of a performance agreement under paragraph (1) shall take effect with respect to the participating agency’s use of funds made available under that program beginning
on the first day of the first full academic year following the approval of the amendment.

“SEC. 5705. CONSOLIDATION AND USE OF FUNDS.

“(a) In General.—

“(1) Authority.—Under a performance agreement entered into under this part, a State educational agency may consolidate, subject to subsection (c), Federal funds made available to the State educational agency under the provisions listed in subsection (b) and use those funds for any purpose or use permitted under any of the eligible programs listed in section 5705(b), subject to paragraph (3).

“(2) Program Requirements.—Except as otherwise provided in this part, a State educational agency may use funds under paragraph (1) notwithstanding the requirements of the program under which the funds were made available to the State educational agency.

“(3) Continuation Awards.—A State educational agency shall make continuation awards for the duration of the grants to recipients of multiyear competitive grants under any of the programs described in subsection (b) that were initially awarded prior to entering into the performance agreement, and shall not consolidate any funds under subsection (b)
for any year until after those continuation awards are made.

**TITLE VII—INDIAN, NATIVE HAWAIIAN, AND ALASKA NATIVE EDUCATION**

**SEC. 701. PROGRAMS.**

Title VII (20 U.S.C. 7401 et seq.) is amended to read as follows:

“**TITLE VII—INDIAN, NATIVE HAWAIIAN, AND ALASKA NATIVE EDUCATION**

“**PART A—INDIAN EDUCATION**

“**SEC. 7101. FINDINGS.**

“Congress finds that—

“(1) the Federal Government has a special responsibility to ensure that educational programs for all American Indian and Alaska Native children and adults—

“(A) are based on high-quality, internationally competitive content standards and student performance standards, and build on Indian culture and the Indian community;

“(B) assist local educational agencies, Indian tribes, and other entities and individuals in providing Indian students the opportunity to
achieve the standards described in subparagraph (A); and

“(C) meet the unique educational and culturally related academic needs of American Indian and Alaska Native students;

“(2) since the date of enactment of the Indian Education Act in 1972, the level of involvement of Indian parents in the planning, development, and implementation of educational programs that affect such parents and their children has increased significantly, and schools should continue to foster such involvement;

“(3) although the number of Indian teachers, administrators, and university professors has increased since 1972, teacher training programs are not recruiting, training, or retraining a sufficient number of Indian individuals as educators to meet the needs of a growing Indian student population in elementary, secondary, vocational, adult, and higher education;

“(4) the dropout rate for Indian students is unacceptably high: 9 percent of Indian students who were eighth graders in 1988 had already dropped out of school by 1990;

“(5) during the period from 1980 to 1990, the percentage of Indian individuals living at or below
the poverty level increased from 24 percent to 31 percent, and the readiness of Indian children to learn is hampered by the high incidence of poverty, unemployment, and health problems among Indian children and their families; and

“(6) research related specifically to the education of Indian children and adults is very limited, and much of the research is of poor quality or is focused on limited local or regional issues.

“SEC. 7102. PURPOSE.

“(a) PURPOSE.—The purpose of this part is to support the efforts of local educational agencies, Indian tribes and organizations, postsecondary institutions, and other entities to meet the unique educational and culturally related academic needs of American Indian and Alaska Native students, so that such students can meet the same challenging State performance standards as are expected for all students.

“(b) PROGRAMS.—This part carries out the purpose described in subsection (a) by authorizing programs of direct assistance for—

“(1) meeting the unique educational and culturally related academic needs of American Indians and Alaska Natives;

“(2) the education of Indian children and adults;
“(3) the training of Indian persons as educators and counselors, and in other professions serving Indian people; and
“(4) research, evaluation, data collection, and technical assistance.

“Subpart 1—Formula Grants to Local Educational Agencies

“SEC. 7111. PURPOSE.

“The purpose of this subpart is to support local educational agencies in their efforts to reform elementary school and secondary school programs that serve Indian students in order to ensure that such programs—
“(1) are based on challenging State content standards and State student performance standards that are used for all students; and
“(2) are designed to assist Indian students to meet those standards.

“SEC. 7112. GRANTS TO LOCAL EDUCATIONAL AGENCIES.

“(a) In General.—The Secretary may make grants to local educational agencies and Indian tribes in accordance with this section.
“(b) Local Educational Agencies.—
“(1) Enrollment Requirements.—A local educational agency shall be eligible for a grant under this subpart for any fiscal year if the number of In-
dian children who are eligible under section 7117, and who were enrolled in the schools of the agency, and to whom the agency provided free public education, during the preceding fiscal year—

“(A) was at least 10; or

“(B) constituted not less than 25 percent of the total number of individuals enrolled in the schools of such agency.

“(2) Exclusion.—The requirement of paragraph (1) shall not apply in Alaska, California, or Oklahoma, or with respect to any local educational agency located on, or in proximity to, a reservation.

“(c) Indian Tribes.—

“(1) In general.—If a local educational agency that is otherwise eligible for a grant under this subpart does not establish a parent committee under section 7114(c)(4), an Indian tribe that represents not less than 1/2 of the eligible Indian children who are served by such local educational agency may apply for such grant by submitting an application in accordance with section 7114.

“(2) Special rule.—The Secretary shall treat each Indian tribe applying for a grant pursuant to paragraph (1) as if such Indian tribe were a local educational agency for purposes of this subpart, ex-
cept that any such tribe shall not be subject to section 7114(c)(4) (relating to a parent committee), section 7118(c) (relating to maintenance of effort), or section 7119 (relating to State review of applications).

"SEC. 7113. AMOUNT OF GRANTS."

“(1) IN GENERAL.—Except as provided in subsections (c) and (d), for purposes of making grants under this subpart the Secretary shall allocate to each local educational agency that has an approved application under this subpart an amount equal to the product of—

“(B) the greater of—

“(i) the average per-pupil expenditure of the State in which such agency is located; or

“(ii) 80 percent of the average per-pupil expenditure of all the States.

“(2) REDUCTION.—The Secretary shall reduce the amount of each allocation determined under paragraph (1) or subsection (b) in accordance with subsection (c).

“(2) SPECIAL RULE.—Any school described in paragraph (1) may apply for an allocation under
this subpart by submitting an application in accordance with section 7114. The Secretary shall treat the school as if the school were a local educational agency for purposes of this subpart, except that any such school shall not be subject to section 7114(c)(4), 7118(c), or 7119.

“(c) RATABLE REDUCTIONS.—If the sums appropriated for any fiscal year under section 7162(a) are insufficient to pay in full the amounts determined for local educational agencies under subsection (a) and for the Secretary of the Interior under subsection (b), each of those amounts shall be ratably reduced.

“(d) MINIMUM GRANT.—

“(2) Consortia.—Local educational agencies may form a consortium for the purpose of obtaining grants under this subpart.

“(3) Increase.—The Secretary may increase the minimum grant under paragraph (1) to not more than $4,000 for all grant recipients if the Secretary determines such increase is necessary to ensure quality programs.

“(e) Definition.—In this section, the term ‘average per-pupil expenditure’, for a State, means an amount equal to—

“(1) the sum of the aggregate current expenditures of all the local educational agencies in the State, plus any direct current expenditures by the State for the operation of such agencies, without regard to the sources of funds from which such local or State expenditures were made, during the second fiscal year preceding the fiscal year for which the computation is made; divided by

“(2) the aggregate number of children who were included in average daily attendance and for whom such agencies provided free public education during such preceding fiscal year.

“(f) **MONITORING AND EVALUATION REVIEW.**—

“(1) **IN GENERAL.**—

“(A) **REVIEW.**—For each fiscal year, in order to provide such information as is necessary to carry out the responsibility of the Secretary to provide technical assistance under this subpart, the Secretary shall conduct a monitoring and evaluation review of a sampling of the local educational agencies that are recipients of grants under this subpart. The sampling conducted under this paragraph shall take into account the size of such a local educational agency and the geographic location of such agency.

“(B) **EXCEPTION.**—A local educational agency may not be held liable to the United States or be subject to any penalty by reason of the findings of an audit that relates to the date
of completion, or the date of submission, of any forms used to establish, before April 28, 1988, the eligibility of a child for entitlement under the Indian Elementary and Secondary School Assistance Act.

“(2) False information.—Any local educational agency that provides false information in an application for a grant under this subpart shall—

“(2) A count of the number of students for whom the school has eligibility forms that comply with this section.

“(h) TIMING OF CHILD COUNTS.—For purposes of determining the number of children to be counted in computing the amount of a local educational agency’s grant award under section 7113 (other than in the case described in subsection (g)(1)), the local educational agency shall—

“(c) Reduction of Payment for Failure To Maintain Fiscal Effort.—

“(1) In general.—The Secretary may not pay a local educational agency in a State the full amount of a grant award computed under section 7113 for any fiscal year unless the State educational agency notifies the Secretary, and the Secretary determines, that with respect to the provision of free public education by the local educational agency for the preceding fiscal year, that the combined fiscal effort of the local educational agency and the State, computed on either a per student or aggregate expenditure basis was not less than 90 percent of the amount of the
combined fiscal effort, computed on the same basis, for the second preceding fiscal year.

“(2) FAILURE.—If, for any fiscal year, the Secretary determines that a local educational agency and State failed to maintain the combined fiscal effort at the level specified in paragraph (1), the Secretary shall—

“(A) reduce the amount of the grant that would otherwise be made to such agency under this subpart in the exact proportion of the failure to maintain the fiscal effort at such level; and

“(3) WAIVER.—

“(A) IN GENERAL.—The Secretary may waive the requirement of paragraph (1) for a local educational agency, for not more than 1 year at a time, if the Secretary determines that the failure to comply with such requirement is
due to exceptional or uncontrollable circumstances, such as a natural disaster or a precipitous and unforeseen decline in the agency’s financial resources.

“(B) FUTURE DETERMINATIONS.—The Secretary shall not use the reduced amount of the combined fiscal effort for the year for which the waiver is granted to determine compliance with paragraph (1) for any succeeding fiscal year, but shall use the amount of expenditures that would have been required to comply with paragraph (1) in the absence of the waiver during the fiscal year for which the waiver is granted.

“(d) REALLOCATIONS.—The Secretary may reallocate, in a manner that the Secretary determines will best carry out the purpose of this subpart, any amounts that—

“PART B—NATIVE HAWAIIAN EDUCATION

“SEC. 7201. SHORT TITLE.

“This part may be cited as the ‘Native Hawaiian Edu-
cation Act’.

“SEC. 7202. FINDINGS.

“Congress finds the following:

“(1) Native Hawaiians are a distinct and
unique indigenous people with a historical continuity
to the original inhabitants of the Hawaiian archi-
pelago, whose society was organized as a nation and
internationally recognized as a nation by the United
States, Britain, France, and Japan, as evidenced by
treaties governing friendship, commerce, and navigation.

“(2) At the time of the arrival of the first non-indigenous people in Hawai‘i in 1778, the Native Hawaiian people lived in a highly organized, self-sufficient subsistence social system based on a communal land tenure system with a sophisticated language, culture, and religion.

“(3) A unified monarchical government of the Hawaiian Islands was established in 1810 under Kamehameha I, the first King of Hawai‘i.

“(4) From 1826 until 1893, the United States recognized the sovereignty and independence of the Kingdom of Hawai‘i, which was established in 1810 under Kamehameha I, extended full and complete diplomatic recognition to the Kingdom of Hawai‘i, and entered into treaties and conventions with the Kingdom of Hawai‘i to govern friendship, commerce and navigation in 1826, 1842, 1849, 1875, and 1887.

“(5) In 1893, the sovereign, independent, internationally recognized, and indigenous government of Hawai‘i, the Kingdom of Hawai‘i, was overthrown by a small group of non-Hawaiians, including United States citizens, who were assisted in their efforts by the United States Minister, a United States naval
representative, and armed naval forces of the United States. Because of the participation of United States agents and citizens in the overthrow of the Kingdom of Hawai‘i, in 1993 the United States apologized to Native Hawaiians for the overthrow and the deprivation of the rights of Native Hawaiians to self-determination through Public Law 103–150 (107 Stat. 1510).

“(6) In 1898, the joint resolution entitled ‘Joint Resolution to provide for annexing the Hawaiian Islands to the United States’, approved July 7, 1898 (30 Stat. 750), ceded absolute title of all lands held by the Republic of Hawai‘i, including the government and crown lands of the former Kingdom of Hawai‘i, to the United States, but mandated that revenue generated from the lands be used ‘solely for the benefit of the inhabitants of the Hawaiian Islands for educational and other public purposes’.

“(7) By 1919, the Native Hawaiian population had declined from an estimated 1,000,000 in 1778 to an alarming 22,600, and in recognition of this severe decline, Congress enacted the Hawaiian Homes Commission Act, 1920 (42 Stat. 108), which designated approximately 200,000 acres of ceded public lands for homesteading by Native Hawaiians.
“(8) Through the enactment of the Hawaiian Homes Commission Act, 1920, Congress affirmed the special relationship between the United States and the Native Hawaiians, which was described by then Secretary of the Interior Franklin K. Lane, who said: ‘One thing that impressed me . . . was the fact that the natives of the island who are our wards, I should say, and for whom in a sense we are trustees, are falling off rapidly in numbers and many of them are in poverty.’.

“(9) In 1938, Congress again acknowledged the unique status of the Hawaiian people by including in the Act of June 20, 1938 (52 Stat. 781, chapter 530; 16 U.S.C. 391b, 391b–1, 392b, 392c, 396, 396a), a provision to lease lands within the National Parks extension to Native Hawaiians and to permit fishing in the area ‘only by native Hawaiian residents of said area or of adjacent villages and by visitors under their guidance.’.

“(10) Under the Act entitled ‘An Act to provide for the admission of the State of Hawai‘i into the Union’, approved March 18, 1959 (73 Stat. 4), the United States transferred responsibility for the administration of the Hawaiian Home Lands to the State of Hawai‘i but reaffirmed the trust relationship
between the United States and the Hawaiian people
by retaining the exclusive power to enforce the trust,
including the power to approve land exchanges and
amendments to such Act affecting the rights of bene-
ficiaries under such Act.

“(11) In 1959, under the Act entitled ‘An Act to
provide for the admission of the State of Hawai‘i into
the Union’, the United States also ceded to the State
of Hawai‘i title to the public lands formerly held by
the United States, but mandated that such lands be
held by the State ‘in public trust’ and reaffirmed the
special relationship that existed between the United
States and the Hawaiian people by retaining the
legal responsibility to enforce the public trust respon-
sibility of the State of Hawai‘i for the betterment of
the conditions of Native Hawaiians, as defined in sec-
tion 201(a) of the Hawaiian Homes Commission Act,
1920.

“(12) The United States has recognized and re-
affirmed that—

“(A) Native Hawaiians have a cultural,
historic, and land-based link to the indigenous
people who exercised sovereignty over the Hawai-
ian Islands, and that group has never relin-
quished its claims to sovereignty or its sovereign lands;

“(B) Congress does not extend services to Native Hawaiians because of their race, but because of their unique status as the indigenous people of a once sovereign nation as to whom the United States has established a trust relationship;

“(C) Congress has also delegated broad authority to administer a portion of the Federal trust responsibility to the State of Hawai‘i;

“(D) the political status of Native Hawaiians is comparable to that of American Indians and Alaska Natives; and

“(E) the aboriginal, indigenous people of the United States have—

“(i) a continuing right to autonomy in their internal affairs; and

“(ii) an ongoing right of self-determination and self-governance that has never been extinguished.

“(13) The political relationship between the United States and the Native Hawaiian people has been recognized and reaffirmed by the United States,
as evidenced by the inclusion of Native Hawaiians in—

“(A) the Native American Programs Act of 1974 (42 U.S.C. 2991 et seq.);

“(B) the American Indian Religious Freedom Act (42 U.S.C. 1996);

“(C) the National Museum of the American Indian Act (20 U.S.C. 80q et seq.);

“(D) the Native American Graves Protection and Repatriation Act (25 U.S.C. 3001 et seq.);

“(E) the National Historic Preservation Act (16 U.S.C. 470 et seq.);

“(F) the Native American Languages Act (25 U.S.C. 2901 et seq.);

“(G) the American Indian, Alaska Native, and Native Hawaiian Culture and Art Development Act (20 U.S.C. 4401 et seq.);

“(H) the Workforce Investment Act of 1998 (29 U.S.C. 2801 et seq.); and

“(I) the Older Americans Act of 1965 (42 U.S.C. 3001 et seq.).

“(14) In 1981, Congress instructed the Office of Education to submit to Congress a comprehensive report on Native Hawaiian education. The report, enti-
tled the ‘Native Hawaiian Educational Assessment Project’, was released in 1983 and documented that Native Hawaiians scored below parity with regard to national norms on standardized achievement tests, were disproportionately represented in many negative social and physical statistics indicative of special educational needs, and had educational needs that were related to their unique cultural situation, such as different learning styles and low self-image.

“(15) In recognition of the educational needs of Native Hawaiians, in 1988, Congress enacted title IV of the Augustus F. Hawkins-Robert T. Stafford Elementary and Secondary School Improvement Amendments of 1988 (102 Stat. 130) to authorize and develop supplemental educational programs to address the unique conditions of Native Hawaiians.

“(16) In 1993, the Kamehameha Schools Bishop Estate released a 10-year update of findings of the Native Hawaiian Educational Assessment Project, which found that despite the successes of the programs established under title IV of the Augustus F. Hawkins-Robert T. Stafford Elementary and Secondary School Improvement Amendments of 1988, many of the same educational needs still existed for Native Hawaiians. Subsequent reports by the Kamehameha
Schools Bishop Estate and other organizations have generally confirmed those findings. For example—

“(A) educational risk factors continue to start even before birth for many Native Hawaiian children, including—

“(i) late or no prenatal care;

“(ii) high rates of births by Native Hawaiian women who are unmarried; and

“(iii) high rates of births to teenage parents;

“(B) Native Hawaiian students continue to begin their school experience lagging behind other students in terms of readiness factors such as vocabulary test scores;

“(C) Native Hawaiian students continue to score below national norms on standardized education achievement tests at all grade levels;

“(D) both public and private schools continue to show a pattern of lower percentages of Native Hawaiian students in the uppermost achievement levels and in gifted and talented programs;

“(E) Native Hawaiian students continue to be overrepresented among students qualifying for special education programs provided to students
with learning disabilities, mild mental retardation, emotional impairment, and other such disabili-

“(F) Native Hawaiians continue to be underrepresented in institutions of higher edu-
cation and among adults who have completed 4 or more years of college;

“(G) Native Hawaiians continue to be dis-
proportionately represented in many negative so-
cial and physical statistics indicative of special educational needs, as demonstrated by the fact that—

“(i) Native Hawaiian students are more likely to be retained in grade level and
to be excessively absent in secondary school;

“(ii) Native Hawaiian students have the highest rates of drug and alcohol use in the State of Hawai‘i; and

“(iii) Native Hawaiian children con-
tinue to be disproportionately victimized by
child abuse and neglect; and

“(H) Native Hawaiians now comprise over
23 percent of the students served by the State of Hawai‘i Department of Education, and there are and will continue to be geographica
lated areas with a high Native Hawaiian popula-

tion density.

“(17) In the 1998 National Assessment of Edu-
cational Progress, Hawaiian fourth-graders ranked
39th among groups of students from 39 States in
reading. Given that Hawaiian students rank among
the lowest groups of students nationally in reading,
and that Native Hawaiian students rank the lowest
among Hawaiian students in reading, it is impera-
tive that greater focus be placed on beginning reading
and early education and literacy in Hawai‘i.

“(18) The findings described in paragraphs (16)
and (17) are inconsistent with the high rates of lit-
eracy and integration of traditional culture and
Western education historically achieved by Native
Hawaiians through a Hawaiian language-based pub-
clic school system established in 1840 by Kamehameha
III.

“(19) Following the overthrow of the Kingdom of
Hawai‘i in 1893, Hawaiian medium schools were
banned. After annexation, throughout the territorial
and statehood period of Hawai‘i, and until 1986, use
of the Hawaiian language as an instructional me-
dium in education in public schools was declared un-
lawful. The declaration caused incalculable harm to a
culture that placed a very high value on the power of language, as exemplified in the traditional saying: ‘I ka ‘ōlelo nō ke ola; I ka ‘ōlelo nō ka make. In the language rests life; In the language rests death.’.

“(20) Despite the consequences of over 100 years of nonindigenous influence, the Native Hawaiian people are determined to preserve, develop, and transmit to future generations their ancestral territory and their cultural identity in accordance with their own spiritual and traditional beliefs, customs, practices, language, and social institutions.

“(21) The State of Hawai‘i, in the constitution and statutes of the State of Hawai‘i—

“(A) reaffirms and protects the unique right of the Native Hawaiian people to practice and perpetuate their culture and religious customs, beliefs, practices, and language;

“(B) recognizes the traditional language of the Native Hawaiian people as an official language of the State of Hawai‘i, which may be used as the language of instruction for all subjects and grades in the public school system; and

“(C) promotes the study of the Hawaiian culture, language, and history by providing a Hawaiian education program and using commu-
nity expertise as a suitable and essential means
to further the program.

“PART C—ALASKA NATIVE EDUCATION

“SEC. 7301. SHORT TITLE.

“This part may be cited as the ‘Alaska Native Educational Equity, Support, and Assistance Act’.

“SEC. 7302. FINDINGS.

“Congress finds the following:
“(1) The attainment of educational success is critical to the betterment of the conditions, long-term well-being, and preservation of the culture of Alaska Natives.

“(2) It is the policy of the Federal Government to encourage the maximum participation by Alaska Natives in the planning and the management of Alaska Native education programs.

“(3) Alaska Native children enter and exit school with serious educational handicaps.

“(4) The educational achievement of Alaska Native children is far below national norms. Native performance on standardized tests is low, Native student dropout rates are high, and Natives are significantly underrepresented among holders of baccalaureate degrees in the State of Alaska. As a result, Native students are being denied their opportunity to become full participants in society by grade school and high school educations that are condemning an entire generation to an underclass status and a life of limited choices.

“(5) The programs authorized in this title, combined with expanded Head Start, infant learning and early childhood education programs, and parent edu-
education programs are essential if educational handicaps are to be overcome.

“(6) The sheer magnitude of the geographic barriers to be overcome in delivering educational services in rural Alaska and Alaska villages should be addressed through the development and implementation of innovative, model programs in a variety of areas.

“(7) Congress finds that Native children should be afforded the opportunity to begin their formal education on a par with their non-Native peers. The Federal Government should lend support to efforts developed by and undertaken within the Alaska Native community to improve educational opportunity for all students.

“SEC. 7303. PURPOSES.

“The purposes of this part are to—

“(d) Authorization of Appropriations.—

“(1) In general.—For fiscal year 2002 and each of the 6 succeeding fiscal years, there is authorized to be appropriated to carry out this section the same amount as is authorized to be appropriated
under section 7205 for activities under that section for that fiscal year.

“(a) IN GENERAL.—Notwithstanding any other provision of this Act, from funds appropriated under subsection (b) the Secretary shall continue to fund any multiyear grant or contract awarded under section 3141 or part A or C of title XIII (as such section or part was in effect on the day preceding the date of the enactment of the Better Education for Students and Teachers Act) for the duration of the multiyear award.
“(b) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated for each fiscal year such sums as may be necessary to carry out subsection (a).

“(c) REPEAL.—This section is repealed on the date of enactment of a law that—

“(1) reauthorizes a provision of the Educational Research, Development, Dissemination, and Improvement Act of 1994; and

“(2) is enacted after the date of enactment of the Better Education for Students and Teachers Act.”.

SEC. 1002. HELPING CHILDREN SUCCEED BY FULLY FUNDING THE INDIVIDUALS WITH DISABILITIES EDUCATION ACT (IDEA).

(a) FINDINGS.—Congress makes the following findings:

(1) All children deserve a quality education.

(3) In 1975, Congress passed what is now known as the Individuals with Disabilities Education Act
(referred to in this section as “IDEA”) (20 U.S.C. 1400 et seq.) to help States provide all children with disabilities a free, appropriate public education in the least restrictive environment. At full funding, Congress contributes 40 percent of the average per pupil expenditure for each child with a disability served.

(4) Before 1975, only 1/5 of the children with disabilities received a formal education. At that time, many States had laws that specifically excluded many children with disabilities, including children who were blind, deaf, or emotionally disturbed, from receiving such an education.

(5) IDEA currently serves an estimated 200,000 infants and toddlers, 600,000 preschoolers, and 5,400,000 children 6 to 21 years of age.

(6) IDEA enables children with disabilities to be educated in their communities, and thus, has assisted in dramatically reducing the number of children with disabilities who must live in State institutions away from their families.

(7) The number of children with disabilities who complete high school has grown significantly since the enactment of IDEA.
(8) The number of children with disabilities who enroll in college as freshmen has more than tripled since the enactment of IDEA.

(9) The overall effectiveness of IDEA depends upon well trained special education and general education teachers, related services personnel, and other school personnel. Congress recognizes concerns about the nationwide shortage of personnel serving students with disabilities and the need for improvement in the qualifications of such personnel.

(10) IDEA has raised the Nation’s awareness about the abilities and capabilities of children with disabilities.

(11) Improvements to IDEA in the 1997 amendments increased the academic achievement of children with disabilities and helped them to lead productive, independent lives.

(12) Changes made in 1997 also addressed the needs of those children whose behavior impedes learning by implementing behavioral assessments and intervention strategies to ensure that they receive appropriate supports in order to receive a quality education.

(13) IDEA requires a full partnership between parents of children with disabilities and education
professionals in the design and implementation of the educational services provided to children with disabilities.

(14) While the Federal Government has more than doubled funding for part B of IDEA since 1995, the Federal Government has never provided more than 15 percent of the maximum State grant allocation for educating children with disabilities.

(15) By fully funding IDEA, Congress will strengthen the ability of States and localities to implement the requirements of IDEA.

(b) LOCAL EDUCATIONAL AGENCY ELIGIBILITY.—Clauses (i) and (ii) of section 613(a)(2)(C) of the Individuals with Disabilities Education Act (20 U.S.C. 1413(a)(2)(C)) is amended to read as follows:

“(i) Notwithstanding clauses (ii) and (iii) of subparagraph (A), for any fiscal year for which amounts appropriated to carry out section 611 exceeds $4,100,000,000, a local educational agency may treat as local funds, for the purpose of such clauses, up to 55 percent of the amount of funds it receives under this part that exceeds the amount it received under this part for fiscal year 2001, except where a local

HR 1 EAS
educational agency shows that it is meeting
the requirements of this part, the local edu-
cational agency may petition the State to
waive, in whole or in part, the 55 percent
cap under this clause.

“(ii) Notwithstanding clause (i), if the
Secretary determines that a local edu-
cational agency is not meeting the require-
ments of this part, the Secretary may pro-
hibit the local educational agency from
treating funds received under this part as
local funds under clause (i) for any fiscal
year, and may redirect the use of those
funds to other educational programs within
the local educational agency.”.

(c) FUNDING.—Section 611(j) of the Individuals with
 Disabilities Education Act (20 U.S.C. 1411(j)) is amended
to read as follows:

“(j) FUNDING.—For the purpose of carrying out this
part, other than section 619, there are authorized to be ap-
propriated, and there are appropriated—

“(1) $8,823,685,000 for fiscal year 2002;
“(2) $11,323,685,000 for fiscal year 2003;
“(3) $13,823,685,000 for fiscal year 2004;
“(4) $16,323,685,000 for fiscal year 2005;
“(5) $18,823,685,000 for fiscal year 2006;

“(6) not more than $21,067,600,000, or the sum of the maximum amount that all States may receive under subsection (a)(2), whichever is lower, for fiscal year 2007;

“(7) not more than $21,742,019,000, or the sum of the maximum amount that all States may receive under subsection (a)(2), whichever is lower, for fiscal year 2008;

“(8) not more than $22,423,068,000, or the sum of the maximum amount that all States may receive under subsection (a)(2), whichever is lower, for fiscal year 2009;

“(9) not more than $23,095,622,000, or the sum of the maximum amount that all States may receive under subsection (a)(2), whichever is lower, for fiscal year 2010; and

“(10) not more than $23,751,456,000, or the sum of the maximum amount that all States may receive under subsection (a)(2), whichever is lower, for fiscal year 2011.”.

(a)Sense of the Senate.—It is the sense of the Senate that Congress should appropriate $3,000,000,000 for fiscal year 2002 to carry out part A of title II of the Elementary and Secondary Education Act of 1965 and thereby—

(1) provide that schools, local educational agencies, and States have the resources they need to put a highly qualified teacher in every classroom in each school in which 50 percent or more of the children are from low income families, over the next 4 years;

(2) provide 125,000 new teachers with mentors and year-long supervised internships; and

(3) provide high quality pedagogical training for every teacher in every school.

(b)Authorization of Appropriations.—There are authorized to be appropriated to carry out part A of title II of the Elementary and Secondary Education Act of 1965—

(1) $3,500,000,000 for fiscal year 2003;
(2) $4,000,000,000 for fiscal year 2004;
(3) $4,500,000,000 for fiscal year 2005;
(4) $5,000,000,000 for fiscal year 2006;
(5) $5,500,000,000 for fiscal year 2007; and
(6) $6,000,000,000 for fiscal year 2008.

SEC. 1004. SENSE OF THE SENATE REGARDING EDUCATION OPPORTUNITY TAX RELIEF.

(a) FINDINGS.—The Senate finds the following:

(1) Improving the education of our children is an essential and important responsibility facing this country.

(2) Strong parental involvement is a cornerstone for academic success; it is parents who know and understand the special, individual needs of their own children.

(3) Advanced technology has fueled unprecedented economic growth and positively transformed the way Americans conduct business and communicate with each other.

(4) Families will need ready access to the technical tools and skills necessary for their school age children to succeed in the classroom and the increasingly competitive international marketplace.

(5) Studies have shown that the presence of a computer in the home has a positive impact on a student’s level of academic achievement and performance in school.

(6) Tax relief, enabling the purchase of technology and tutorial services for K–12 education pur-
poses, would significantly help defray the cost of education expenses by: Empowering families financially and increasing education spending; allowing families to provide their children access to a far greater range of educational opportunities suited to their individual needs; and bridging the digital divide.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that Congress and the President should—

(1) act expeditiously to pass legislation in the First Session of the One Hundred Seventh Congress that provides tax relief to parents of K–12 students for the cost of their children’s education-related expenses, specifically, computers, peripherals and computer-related technology, educational software, Internet access and tutoring services; and

(2) that such tax relief would not apply toward the cost of private school tuition.

SEC. 1005. SENSE OF THE SENATE REGARDING TAX RELIEF FOR ELEMENTARY AND SECONDARY EDUCATORS.

(a) FINDINGS.—The Senate finds the following:

(1) The average salary for an elementary and secondary school teacher in the United States with a Master’s degree and 16 years of experience is approximately $40,582.
(2) The average starting salary for teachers in the United States is $26,000.

(3) Our educators make many personal and financial sacrifices to educate our youth.

(4) Teachers spend on average $408 a year, out of their own money, to bring educational supplies into their classrooms.

(5) Educators spend significant money out of their own pocket every year on professional development expenses so they can better educate our youth.

(6) Many educators accrue significant higher education student loans that must be repaid and whereas these loans are accrued by educators in order for them to obtain degrees necessary to become qualified to serve in our Nation’s schools.

(7) As a result of these numerous out of pocket expenses that our teachers spend every year, and other factors, 6 percent of the Nation’s teaching force leaves the profession every year, and 20 percent of all new hires leave the teaching profession within three years.

(8) This country is in the midst of a teacher shortage, with estimates that 2.4 million new teachers will be needed by 2009 because of teacher attrition, teacher retirement, and increased student enrollment.
(9) The Federal Government can and should play a role to help alleviate the Nation’s teaching shortage.

(10) The current tax code provides little recognition of the fact that our educators spend significant money out of their own pocket to better the education of our children.

(11) President Bush has recognized the importance of providing teachers with additional tax relief, in recognition of the many financial sacrifices our teachers make.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that Congress should pass legislation providing elementary and secondary level educators with additional tax relief in recognition of the many out of pocket, unreimbursed expenses educators incur to improve the education of our Nation’s students.

(a) SENSE OF THE SENATE.—It is the sense of the Senate that Congress should appropriate $750,000,000 for fiscal year 2002 to carry out part A and part D of title III
(1) provide that schools, local educational agencies, and States have the resources they need to assist all limited English proficient students in attaining proficiency in the English language, and meeting the same challenging State content and student performance standards that all students are expected to meet in core academic subjects;

(2) provide for the development and implementation of bilingual education programs and language instruction educational programs that are tied to scientifically based research, and that effectively serve limited English proficient students; and

(3) provide for the development of programs that strengthen and improve the professional training of educational personnel who work with limited English proficient students.

(b) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out part A and part D of title III of the Elementary and Secondary Education Act of 1965—

(1) $1,100,000,000 for fiscal year 2003;

(2) $1,400,000,000 for fiscal year 2004;

(3) $1,700,000,000 for fiscal year 2005;
(4) $2,100,000,000 for fiscal year 2006;
(5) $2,400,000,000 for fiscal year 2007; and
(6) $2,800,000,000 for fiscal year 2008.

SEC. 1007. GRANTS FOR THE TEACHING OF TRADITIONAL
AMERICAN HISTORY AS A SEPARATE SUBJECT.

Title IX (as added by section 1001) is amended by
adding at the end the following:

“PART C—TEACHING OF TRADITIONAL AMERICAN
HISTORY

“SEC. 9301. GRANTS FOR THE TEACHING OF TRADITIONAL
AMERICAN HISTORY AS A SEPARATE SUBJECT.

“(a) IN GENERAL.—There are authorized to be appro-
priated $100,000,000 to enable the Secretary to establish
and implement a program to be known as the ‘Teaching
American History Grant Program’ under which the Sec-
retary shall award grants on a competitive basis to local
educational agencies—

“(1) to carry out activities to promote the teach-
ing of traditional American history in schools as a
separate subject; and

“(2) for the development, implementation, and
strengthening of programs to teach American history
as a separate subject (not as a component of social
studies) within the school curricula, including the im-
plementation of activities to improve the quality of
instruction and to provide professional development
and teacher education activities with respect to Amer-
ican history.

“(b) REQUIRED PARTNERSHIP.—A local educational
agency that receives a grant under subsection (a) shall
carry out activities under the grant in partnership with
1 or more of the following:

“(1) An institution of higher education.

“(2) A non-profit history or humanities organi-
zation.

“(3) A library or museum.”.

SEC. 1008. STUDY AND INFORMATION.

(a) STUDY.—

(1) IN GENERAL.—The Director of the National
Institutes of Health and the Secretary of Education
jointly shall—

(A) conduct a study regarding how exposure
to violent entertainment (such as movies, music,
television, Internet content, video games, and ar-
cade games) affects children’s cognitive develop-
ment and educational achievement; and

(B) submit a final report to Congress re-
garding the study.
(2) **Plan.**—The Director and the Secretary jointly shall submit to Congress, not later than 6 months after the date of enactment of this Act, a plan for the conduct of the study.

(b) **Information.**—Section 411(b)(3) of the National Education Statistics Act of 1994 (20 U.S.C. 9010(b)(3) et seq.) is amended by adding at the end the following: “Notwithstanding the preceding sentence, in carrying out the National Assessment the Commissioner shall gather data regarding how much time children spend on various forms of entertainment, such as movies, music, television, Internet content, video games, and arcade games.”.

SEC. 1009. SENSE OF THE SENATE REGARDING TRANS-MITTAL OF S. 27 TO HOUSE OF REPRESENTA-TIVES.

(a) **Findings.**—The Senate finds that—

(1) on April 2, 2001, the Senate of the United States passed S. 27, the Bipartisan Campaign Reform Act of 2001, by a vote of 59 to 41; 

(2) it has been over 30 days since the Senate moved to third reading and final passage of S. 27;
(3) it was then in order for the bill to be engrossed and officially delivered to the House of Representatives of the United States;

(4) the precedents and traditions of the Senate dictate that bills passed by the Senate are routinely sent in a timely manner to the House of Representatives;

(5) the will of the majority of the Senate, having voted in favor of campaign finance reform is being unduly thwarted;

(6) the American people are taught that when a bill passes one body of Congress, it is routinely sent to the other body for consideration; and

(7) the delay in sending S. 27 to the House of Representatives appears to be an arbitrary action taken to deliberately thwart the will of the majority of the Senate.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that the Secretary of the Senate should properly engross and deliver S. 27 to the House of Representatives without any intervening delay.
SEC. 1010. SENSE OF THE SENATE; AUTHORIZATION OF APPROPRIATIONS FOR TITLE I OF THE ELEMENTARY AND SECONDARY EDUCATION ACT OF 1965.

(a) Sense of the Senate.—Congress finds that—

(1) Congress should continue toward the goal of providing the necessary funding for after-school programs by appropriating the authorized level of $1,500,000,000 for fiscal year 2002 to carry out part F of title I of the Elementary and Secondary Education Act of 1965;

(2) this funding should be the benchmark for future years in order to reach the goal of providing academically enriched activities during after school hours for the 7,000,000 children in need.

(b) Authorization of Appropriations.—There are authorized to be appropriated to carry out part F of title I of the Elementary and Secondary Education Act of 1965—

(5) $4,000,000,000 for fiscal year 2007; and
(6) $4,500,000,000 for fiscal year 2008.
SEC. 1011. EXCELLENCE IN ECONOMIC EDUCATION.

Title IX, as amended by section 1001, is further amended by adding at the end the following:

“PART D—EXCELLENCE IN ECONOMIC EDUCATION

SEC. 9401. SHORT TITLE; FINDINGS.

“(a) SHORT TITLE.—This part may be cited as the “Excellence in Economic Education Act of 2001”.

“(b) FINDINGS.—Congress makes the following findings:

“(1) The need for economic literacy in the United States has grown exponentially in the 1990’s as a result of rapid technological advancements and increasing globalization, giving individuals in the United States more numerous and complex economic and financial choices than ever before as members of the workforce, managers of their families’ resources, and voting citizens.

“(2) Studies show that many individuals in the United States lack essential knowledge in personal finance and economic literacy.

“(3) A 1998-1999 test conducted by the National Council on Economic Education pointed out that many individuals in the United States believe that there is a need for our Nation’s youth to possess an understanding of personal finance and economic...
principles, with 96 percent of adults tested believing
that basic economics should be taught in secondary
school.

“SEC. 9402. EXCELLENCE IN ECONOMIC EDUCATION.

“(a) PURPOSE.—The purpose of this part is to pro-
mote economic and financial literacy among all United
States students in kindergarten through grade 12 by award-
ing a competitive grant to a national nonprofit educational
organization that has as its primary purpose the improve-
ment of the quality of student understanding of personal
finance and economics.

“(b) GOALS.—The goals of this part are—

“(1) to increase students’ knowledge of and
achievement in economics to enable the students to be-
come more productive and informed citizens;

competency in economics to enable the teachers to in-
crease student mastery of economic principles and
their practical application;

“(3) to encourage economic education research
and development, to disseminate effective instruc-
tional materials, and to promote replication of best
practices and exemplary programs that foster eco-
nomic literacy;
“(4) to assist States in measuring the impact of education in economics, which is 1 of 9 national core content areas described in section 306(c) of the Goals 2000: Educate America Act (20 U.S.C. 5886(c)); and “(5) to leverage and expand private and public support for economic education partnerships at national, State, and local levels.

SEC. 1013. SENSE OF THE SENATE REGARDING THE BENE-
FITS OF MUSIC AND ARTS EDUCATION.

(a) FINDINGS.—The Senate finds that—
(1) there is a growing body of scientific research demonstrating that children who receive music instruction perform better on spatial-temporal reasoning tests and proportional math problems;

(2) music education grounded in rigorous academic instruction is an important component of a well-rounded academic program;

(3) opportunities in music and the arts have enabled children with disabilities to participate more fully in school and community activities;

(4) music and the arts can motive at-risk students to stay in school and become active participants in the educational process;

(5) according to the College Board, college-bound high school seniors in 1998 who received music or arts instruction scored 57 points higher on the verbal portion of the Scholastic Aptitude test and 43 points higher on the math portion of the test than college-bound seniors without any music or arts instruction;

(6) a 1999 report by the Texas Commission on Drug and Alcohol Abuse states that individuals who participated in band, choir, or orchestra reported the lowest levels of current and lifelong use of alcohol, tobacco, and illicit drugs; and
(7) comprehensive sequential music education instruction enhances early brain development and improves cognitive and communicative skills, self-discipline, and creativity.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that—

(1) music and arts education enhances intellectual development and enriches the academic environment for children of all ages; and

(2) music and arts educators greatly contribute to the artistic, intellectual, and social development of the children of our Nation, and play a key role in helping children to succeed in school.

SEC. 1014. SENSE OF THE SENATE CONCERNING POSTAL RATES FOR EDUCATIONAL MATERIALS.

(a) FINDINGS.—The Senate finds that—

(1) the President and Congress both agree that education is of the highest domestic priority;

(2) access to education is a basic right for all Americans regardless of age, race, economic status or geographic boundary;

(3) reading is the foundation of all educational pursuits;

(4) the objective of schools, libraries, literacy programs, and early childhood development programs is
to promote reading skills and prepare individuals for a productive role in our society;

(5) individuals involved in the activities described in paragraph (4) are less likely to be drawn into negative social behavior such as alcohol and drug abuse and criminal activity;

(6) a highly educated workforce in America is directly tied to a strong economy and our national security;

(7) the increase in postal rates by the United States Postal Service in the year 2000 for such reading materials sent for these purposes was substantially more than the increase for any other class of mail and threatens the affordability and future distribution of such materials;

(8) failure to provide affordable access to reading materials would seriously limit the fair and universal distribution of books and classroom publications to schools, libraries, literacy programs and early childhood development programs; and

(9) the Postal Service has the discretionary authority to set postal rates.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that, since educational materials sent to schools, libraries, literacy programs, and early childhood development
programs received the highest postal rate increase in the year 2000 rate case, the United States Postal Service should freeze the rates for those materials.

SEC. 1015. THE STUDY OF THE DECLARATION OF INDEPENDENCE, UNITED STATES CONSTITUTION, AND THE FEDERALIST PAPERS.

It is the sense of Congress that—

(1) State and local governments and local educational agencies are encouraged to dedicate at least 1 day of learning to the study and understanding of the significance of the Declaration of Independence, the United States Constitution, and the Federalist Papers; and

(2) State and local governments and local educational agencies are encouraged to include a requirement that, before receiving a certificate or diploma of graduation from secondary school, students be tested on the competency in understanding the Declaration of Independence, the United States Constitution, and the Federalist Papers.

SEC. 1016. STUDY AND RECOMMENDATION WITH RESPECT TO SEXUAL ABUSE IN SCHOOLS.

(a) FINDINGS.—Congress finds that—
(1) sexual abuse in schools between a student and a member of the school staff or a student and another student is a cause for concern in the United States;

(2) relatively few studies have been conducted on sexual abuse in schools and the extent of this problem is unknown;

(3) according to the Child Abuse and Neglect Reporting Act, a school administrator is required to report any allegation of sexual abuse to the appropriate authorities;

(4) an individual who is falsely accused of sexual misconduct with a student deserves appropriate legal and professional protections;

(5) it is estimated that many cases of sexual abuse in schools are not reported; and

(6) many of the accused staff quietly resign at their present school district and are then rehired at a new district which has no knowledge of their alleged abuse.

(b) STUDY AND RECOMMENDATIONS.—The Secretary of Education in conjunction with the Attorney General shall provide for the conduct of a comprehensive study of the prevalence of sexual abuse in schools. Not later than May 1, 2002, the Secretary and the Attorney General shall prepare and submit to the appropriate committees of Con-
gress and to State and local governments, a report con-
cerning the study conducted under this subsection, includ-
ing recommendations and legislative remedies for the prob-
lem of sexual abuse in schools.

SEC. 1017. SENSE OF SENATE ON THE PERCENTAGE OF FED-
ERAL EDUCATION FUNDING THAT IS SPENT
IN THE CLASSROOM.

(a) FINDINGS.—The Senate makes the following find-
ings:

(1) Effective and meaningful teaching begins by
helping children master basic academics, holding chil-
dren to high academic standards, using sound re-
search based methods of instruction in the classroom,
engaging and involving parents, establishing and
maintaining safe and orderly classrooms, and getting
funds to the classroom.

(2) America’s children deserve an educational
system that provides them with numerous opportuni-
ties to excel.

(3) States and localities spend a significant
amount of education tax dollars on bureaucratic red
tape by applying for and administering Federal edu-
cation dollars.

(4) Several States have reported that although
they receive less than 10 percent of their education
funding from the Federal Government, more than 50 percent of their education paperwork and administration efforts are associated with those Federal funds.

(5) According to the Department of Education, in 1998, 84 percent of the funds allocated by the Department for elementary and secondary education were allocated to local educational agencies and used for instruction and instructional support.

(6) The remainder of the funds allocated by the Department of Education for elementary and secondary education in 1998 was allocated to States, universities, national programs, and other service providers.

(7) The total spent by the Department of Education for elementary and secondary education does not take into account what States spend to receive Federal funds and comply with Federal requirements for elementary and secondary education, nor does it reflect the percentage of Federal funds allocated to school districts that is spent on students in the classroom.

(8) American students are not performing up to their full academic potential, despite significant Federal education initiatives and funding from a variety of Federal agencies.
(9) According to the Digest of Education Statistics, only 54 percent of $278,965,657,000 spent on elementary and secondary education during the 1995–96 school year was spent on “instruction”.

(10) According to the National Center for Education Statistics, only 52 percent of staff employed in public elementary and secondary school systems in 1996 were teachers, and, according to the General Accounting Office, Federal education dollars funded 13,397 full-time equivalent positions in State educational agencies in fiscal year 1993.

(11) In fiscal year 1998, the paperwork and data reporting requirements of the Department of Education amounted to 40,000,000 so-called “burden hours”, which is equivalent to nearly 20,000 people working 40 hours a week for one full year, time and energy which would be better spent teaching children in the classroom.

(12) Too large a percentage of Federal education funds is spent on bureaucracy, special interests, and ineffective programs, and too little is effectively and efficiently spent on our America’s youth.

(13) Requiring an allocation of 95 percent of all Federal elementary and secondary education funds to
classrooms would provide substantial additional funding per classroom across the United States.

(14) More education funding should be put in the hands of someone in a classroom who knows the children personally and frequently interacts with the children.

(15) Burdensome regulations, requirements, and mandates should be refined, consolidated or removed so that school districts can devote more resources to educating children in classrooms.

(b) SENSE OF THE SENATE.—It is the sense of the Senate to urge the Department of Education, the States, and local educational agencies to work together to ensure that not less than 95 percent of all funds appropriated for carrying out elementary and secondary education programs administered by the Department be spent to improve the academic achievement of our children in their classrooms.

SEC. 1024. DEPARTMENT OF EDUCATION CAMPAIGN TO PROMOTE ACCESS OF ARMED FORCES RECRUITERS TO STUDENT DIRECTORY INFORMATION.

(a) FINDINGS.—The Senate makes the following findings:

(1) Service in the Armed Forces of the United States is voluntary.
(2) Recruiting quality persons in the numbers necessary to maintain the strengths of the Armed Forces authorized by Congress is vital to the United States national defense.

(3) Recruiting quality servicemembers is very challenging, and as a result, Armed Forces recruiters must devote extraordinary time and effort to their work in order to fill monthly requirements for immediate accessions.

(4) In meeting goals for recruiting high quality men and women, each of the Armed Forces faces intense competition from the other Armed Forces, from the private sector, and from institutions offering post-secondary education.

(5) Despite a variety of innovative approaches taken by recruiters, and the extensive benefits that are available to those who join the Armed Forces, it is becoming increasingly difficult for the Armed Forces to meet recruiting goals.

(6) A number of high schools across the country have denied recruiters access to students or to student directory information.

(7) In 1999, the Army was denied access to students or student directories on 4,515 occasions, the Navy was denied access to students or student direc-
ories on 4,364 occasions, the Marine Corps was denied access to students or student directories on 4,884 occasions, and the Air Force was denied access to students or student directories on 5,465 occasions.

(8) As of the beginning of 2000, nearly 25 percent of all high schools in the United States did not release student directory information requested by Armed Forces recruiters.

(9) In testimony presented to the Committee on Armed Services of the Senate, recruiters stated that the single biggest obstacle to carrying out the recruiting mission was denial of access to student directory information, as the student directory is the basic tool of the recruiter.

(10) Denying recruiters direct access to students and to student directory information unfairly hurts the youth of the United States, as it prevents students from receiving important information on the education and training benefits offered by the Armed Forces and impairs students’ decisionmaking on careers by limiting the information on the options available to them.

(11) Denying recruiters direct access to students and to student directory information undermines United States national defense, and makes it more
difficult to recruit high quality young Americans in numbers sufficient to maintain the readiness of the Armed Forces and to provide for the national security.

(12) Section 503 of title 10, United States Code, requires local educational agencies, as of July 1, 2002, to provide recruiters access to secondary schools on the same basis that those agencies provide access to representatives of colleges, universities, and private sector employers.

(b) CAMPAIGN TO PROMOTE ACCESS.—

(1) REPORT.—Not later than 30 days after the date of enactment of this Act, each State shall transmit to the Secretary of Education a list of each school, if any, in that State that—

funds available under section 6205(c) of the Ele-

educators regarding career opportunities in the
Armed Forces, and the access standard required
under section 503 of title 10, United States Code.

(A), the Secretary shall give priority to selecting

retary of Defense from obtaining for military recruit-
ing purposes—
(A) entry to campuses or access to students on campuses; or

(B) access to directory information pertaining to students.

(2) EXEMPTION.—Institutions in paragraph (1) shall be exempt if they have a long-standing policy of pacifism based on historical religious affiliation.

(3) COVERED STUDENTS.—Students referred to in paragraph (1) are individuals who are 17 years of age or older.

(b) PROCEDURES FOR DETERMINATION.—The Secretary of Defense, in consultation with the Secretary of Education, shall prescribe regulations that contain procedures for determining if and when an educational institution has denied or prevented access to students or information described in subsection (a).

**SEC. 1031. SENSE OF CONGRESS ON ENHANCING AWARE-
NESS OF THE CONTRIBUTIONS OF VETERANS**

**TO THE NATION.**

(a) **FINDINGS.**—Congress makes the following findings

(1) Tens of millions of Americans have served in
the Armed Forces of the United States during the past
century.

(2) Hundreds of thousands of Americans have
given their lives while serving in the Armed Forces
during the past century.
(3) The contributions and sacrifices of the men and women who served in the Armed Forces have been vital in maintaining our freedoms and way of life.

(4) The advent of the all-volunteer Armed Forces has resulted in a sharp decline in the number of individuals and families who have had any personal connection with the Armed Forces.

(5) This reduction in familiarity with the Armed Forces has resulted in a marked decrease in the awareness by young people of the nature and importance of the accomplishments of those who have served in our Armed Forces, despite the current educational efforts of the Department of Veterans Affairs and the veterans service organizations.

(6) Our system of civilian control of the Armed Forces makes it essential that the Nation’s future leaders understand the history of military action and the contributions and sacrifices of those who conduct such actions.

(7) Senate Resolution 304 of the 106th Congress, adopted on September 25, 2000, designated the week that includes Veterans Day as “National Veterans Awareness Week” to focus attention on educating elementary and secondary school students about the contributions of veterans to the Nation.
(b) Sense of Congress.—It is the sense of the Congress that the Secretary of Education should work with the Secretary of Veterans Affairs, the Veterans Day National Committee, and the veterans service organizations to encourage, prepare, and disseminate educational materials and activities for elementary and secondary school students aimed at increasing awareness of the contributions of veterans to the prosperity and freedoms enjoyed by United States citizens.

Amounts appropriated pursuant to section 112(f)(1) of the Kids 2000 Act (42 U.S.C. 13751 note) and the initiative to be carried out under such Act shall be administered by the Secretary of Education.

(insert school name) may use pesticides to control pests. The Environmental Protection Agency (EPA) and __________

(insert name of State agency exercising jurisdiction over pesticide registration and use) registers pesticides for that use. EPA continues to examine registered pesticides to determine that use of the pesticides in accordance with instructions printed on the label does not pose unreasonable risks to human health and the environment. Nevertheless, EPA cannot guarantee that registered pesticides do not pose risks, and unnecessary exposure to pesticides should be avoided. Based in part on recommendations of a 1993 study by the National Academy of Sciences that reviewed registered pesticides and their potential to cause unreasonable adverse effects on human health, particularly on the health of pregnant women, infants, and children, Congress enacted the Food Quality Protection Act of 1996. That law requires EPA to reevaluate all registered pesticides and new pesticides to measure their safety, taking into account the unique exposures and sensitivity that pregnant women, infants, and children may have to pesticides. EPA review under that law is ongoing. You may request to be notified
at least 24 hours in advance of pesticide applications to be made and receive information about the applications by registering with the school. Certain pesticides used by the school (including baits, pastes, and gels) are exempt from notification requirements. “(iii) any pesticide that, as of the date of enactment of the School Environment Protection Act of 2001, is exempt from the requirements of this Act under section 25(b) (including regulations promulgated at section 152 of title 40, Code of Federal Regulations (or any successor regulation)).

“(D) NEW STAFF MEMBERS AND STUDENTS.—After the beginning of each school year, a local educational agency or school within a local educational agency shall provide each notice required under subparagraph (A) to—

TITLE XI—TEACHER PROTECTION

SEC. 1101. TEACHER PROTECTION.

The Act (20 U.S.C. 6301 et seq.) is amended by adding at the end the following:

“TITLE X—TEACHER PROTECTION

SEC. 10001. SHORT TITLE.

“This title may be cited as the ‘Paul D. Coverdell Teacher Protection Act of 2001’.

SEC. 10002. FINDINGS AND PURPOSE.

“(a) FINDINGS.—Congress makes the following findings:

“(1) The ability of teachers, principals and other school professionals to teach, inspire and shape the intellect of our Nation’s elementary and secondary
school students is deterred and hindered by frivolous lawsuits and litigation.

“(2) Each year more and more teachers, principals and other school professionals face lawsuits for actions undertaken as part of their duties to provide millions of school children quality educational opportunities.

“(3) Too many teachers, principals and other school professionals face increasingly severe and random acts of violence in the classroom and in schools.

“(4) Providing teachers, principals and other school professionals a safe and secure environment is an important part of the effort to improve and expand educational opportunities, which are critical for the continued economic development of the United States.

“(5) Frivolous lawsuits against teachers maintaining order in the classroom impose significant financial burdens on local educational agencies, and deprive the agencies of funds that would best be used for educating students.

“(6) Clarifying and limiting the liability of teachers, principals and other school professionals who undertake reasonable actions to maintain order, discipline and an appropriate educational environ-
ment is an appropriate subject of Federal legislation
because—

“(A) the scope of the problems created by the
legitimate fears of teachers, principals and other
school professionals about frivolous, arbitrary or
capricious lawsuits against teachers is of na-
tional importance; and

“(B) millions of children and their families
across the Nation depend on teachers, principals
and other school professionals for the intellectual
development of children.

“(b) PURPOSE.—The purpose of this title is to provide
teachers, principals and other school professionals the tools
they need to undertake reasonable actions to maintain
order, discipline, and an appropriate educational environ-
ment.

“SEC. 10003. PREEMPTION AND ELECTION OF STATE NON-
APPLICABILITY.

“(a) PREEMPTION.—This title preempts the laws of
any State to the extent that such laws are inconsistent with
this title, except that this title shall not preempt any State
law that provides additional protection from liability relat-
ing to teachers.

“(b) ELECTION OF STATE REGARDING NONAPPLICA-
BILITY.—This title shall not apply to any civil action in
a State court against a teacher with respect to claims arising within that State if such State enacts a statute in accordance with State requirements for enacting legislation—

“(1) citing the authority of this subsection;

“(2) declaring the election of such State that this title shall not apply, as of a date certain, to such civil action in the State; and

“(3) containing no other provisions.

“SEC. 10004. LIMITATION ON LIABILITY FOR TEACHERS.

“(a) LIABILITY PROTECTION FOR TEACHERS.—Except as provided in subsections (b) through (d), no teacher in a school shall be liable for harm caused by an act or omission of the teacher on behalf of the school if—

“(1) the teacher was acting within the scope of the teacher’s employment or responsibilities related to providing educational services;

“(2) the actions of the teacher were carried out in conformity with local, State, and Federal laws (including rules and regulations) in furtherance of efforts to control, discipline, expel, or suspend a student or maintain order or control in the classroom or school;

“(3) if appropriate or required, the teacher was properly licensed, certified, or authorized by the appropriate authorities for the activities or practice in
the State in which the harm occurred, where the activities were or practice was undertaken within the scope of the teacher’s responsibilities;

“(4) the harm was not caused by willful or criminal misconduct, gross negligence, reckless misconduct, or a conscious, flagrant indifference to the rights or safety of the individual harmed by the teacher; and

“(5) the harm was not caused by the teacher operating a motor vehicle, vessel, aircraft, or other vehicle for which the State requires the operator or the owner of the vehicle, craft, or vessel to—

“(A) possess an operator’s license; or

“(B) maintain insurance.

“(b) Concerning Responsibility of Teachers to Schools and Governmental Entities.—Nothing in this section shall be construed to affect any civil action brought by any school or any governmental entity against any teacher of such school.

“(c) Rule of Construction.—Nothing in this section shall be construed to affect any State or local law (including a rule or regulation) or policy pertaining to the use of corporal punishment.

“(d) Exceptions to Teacher Liability Protection.—If the laws of a State limit teacher liability subject
to 1 or more of the following conditions, such conditions shall not be construed as inconsistent with this section:

“(1) A State law that requires a school or governmental entity to adhere to risk management procedures, including mandatory training of teachers.

“(2) A State law that makes the school or governmental entity liable for the acts or omissions of its teachers to the same extent as an employer is liable for the acts or omissions of its employees.

“(3) A State law that makes a limitation of liability inapplicable if the civil action was brought by an officer of a State or local government pursuant to State or local law.

“(e) LIMITATION ON PUNITIVE DAMAGES BASED ON THE ACTIONS OF TEACHERS.—

“(1) GENERAL RULE.—Punitive damages may not be awarded against a teacher in an action brought for harm based on the action or omission of a teacher acting within the scope of the teacher’s responsibilities to a school or governmental entity unless the claimant establishes by clear and convincing evidence that the harm was proximately caused by an action or omission of such teacher which constitutes willful or criminal misconduct, or a conscious, fla-
grant indifference to the rights or safety of the individual harmed.

“(2) CONSTRUCTION.—Paragraph (1) does not create a cause of action for punitive damages and does not preempt or supersede any Federal or State law to the extent that such law would further limit the award of punitive damages.

“(f) EXCEPTIONS TO LIMITATIONS ON LIABILITY.—

“(1) In general.—The limitations on the liability of a teacher under this title shall not apply to any misconduct that—

“(A) constitutes a crime of violence (as that term is defined in section 16 of title 18, United States Code) or act of international terrorism (as that term is defined in section 2331 of title 18, United States Code) for which the defendant has been convicted in any court;

“(B) involves a sexual offense, as defined by applicable State law, for which the defendant has been convicted in any court;

“(C) involves misconduct for which the defendant has been found to have violated a Federal or State civil rights law; or

“(D) where the defendant was under the influence (as determined pursuant to applicable
State law) of intoxicating alcohol or any drug at
the time of the misconduct.

“(2) Hiring.—The limitations on the liability of
a teacher under this title shall not apply to mis-
conduct during background investigations, or during
other actions, involved in the hiring of a teacher.

“SEC. 10005. LIABILITY FOR NONECONOMIC LOSS.

“(a) General Rule.—In any civil action against a
teacher, based on an action or omission of a teacher acting
within the scope of the teacher’s responsibilities to a school
or governmental entity, the liability of the teacher for non-
economic loss shall be determined in accordance with sub-
section (b).

“(b) Amount of Liability.—

“(1) In general.—Each defendant who is a
teacher, shall be liable only for the amount of non-
economic loss allocated to that defendant in direct
proportion to the percentage of responsibility of that
defendant (determined in accordance with paragraph
(2)) for the harm to the claimant with respect to
which that defendant is liable. The court shall render
a separate judgment against each defendant in an
amount determined pursuant to the preceding sen-
tence.
“(2) Percentage of responsibility.—For purposes of determining the amount of noneconomic loss allocated to a defendant who is a teacher under this section, the trier of fact shall determine the percentage of responsibility of each person responsible for the claimant’s harm, whether or not such person is a party to the action.

“(c) Rule of Construction.—Nothing in this section shall be construed to preempt or supersede any Federal or State law that further limits the application of joint liability in a civil action described in subsection (a), beyond the limitations established in this section.

“(1) CLOSURE, CONSOLIDATION, OR CURTAILMENT.—

“(A) IN GENERAL.—A Bureau funded school may be closed or consolidated, and the programs of a Bureau funded school may be substantially curtailed by reason of facility conditions that constitute an immediate hazard to health and safety only if a health and safety officer of the Bureau and an individual designated by the tribe involved under subparagraph (B), determine that such conditions exist at a facility of the Bureau funded school.

In permitting the use of facilities under the preceding sentence, the Secretary may waive applicable minor standards under section 1121 relating to such facilities (such as the required number of exit lights or configuration of restrooms) so long as such waivers do not result in the creation of an environment that constitutes an immediate
and substantial threat to the health, safety, and life of students and staff.

“(B) ADMINISTRATIVE ACTIVITIES.—The provisions of subparagraph (A) shall apply with respect to administrative personnel if the facilities involved are suitable for activities performed by such personnel.

“(4) USE OF FUNDS.—With respect to a Bureau funded school that is closed under this subsection, the tribal governing body, or the designated local school board of each Bureau funded school, involved may authorize the use of funds allocated pursuant to section

“(ii) the local school board consents; and

“(B)(i) the student is a dependent of a Bureau, Indian Health Service, or tribal government employee who lives on or near the school site; or

Improvement Act of 2001, each local school
board of a Bureau school may establish a
rate of compensation or annual salary rate
described in clause (ii) for teachers and
counselors (including academic counselors)
who are new hires at the school and who
had not worked at the school, as of the first
day of such fiscal year.

“(ii) CONSISTENT RATES.—The rates
established under clause (i) shall be con-
sistent with the rates paid for individuals
in the same positions, with the same tenure
and training, as the teachers and coun-
selors, in any other school within whose
boundaries the Bureau school is located.

“(iii) DECREASES.—In an instance in
which the establishment of rates under
clause (i) causes a reduction in compensa-

tion that was in effect for the first fiscal year following the date of enactment of the Native American Education Improvement Act of 2001, the new rates of compensation may be applied to the compensation of employees of the school who worked at the school as of such date of enactment by applying those rates at each contract renewal for the employees so that the reduction takes effect in 3 equal installments.

“(iv) Increases.—In an instance in which the establishment of such rates at a school causes an increase in compensation from the rate of compensation that was in effect for the first fiscal year following the date of enactment of the Native American Education Improvement Act of 2001, the school board may apply the new rates at the next contract renewal so that either—

“(I) the entire increase occurs on 1 date; or

“(II) the increase takes effect in 3 equal installments.

“(D) Established regulations, procedures, and arrangements.—
“(i) Promotions and Advancements.—The establishment of rates of compensation and annual salary rates under subparagraphs (B) and (C) shall not preclude the use of regulations and procedures used by the Bureau prior to April 28, 1988, in making determinations regarding promotions and advancements through levels of pay that are based on the merit, education, experience, or tenure of an educator.

“(ii) Continued Employment or Compensation.—The establishment of rates of compensation and annual salary rates under subparagraphs (B) and (C) shall not affect the continued employment or compensation of an educator who was employed in an education position on October 31, 1979, and who did not make an election under subsection (o), as in effect on January 1, 1990.

“(2) Post Differential Rates.—

“(A) In General.—The Secretary may pay a post differential rate not to exceed 25 percent of the rate of compensation, for educators or education positions, on the basis of conditions of en-

“(B) SUPERVISOR’S AUTHORITY.—

“(i) IN GENERAL.—Except as provided in clause (ii) on the request of the supervisor and the local school board of a Bureau school, the Secretary shall grant the supervisor of the school authorization to provide 1 or more post differential rates under sub-paragraph (A).

“(ii) EXCEPTION.—The Secretary shall disapprove, or approve with a modification, a request for authorization to provide a post differential rate if the Secretary determines for clear and convincing reasons (and advises the board in writing of those reasons) that the rate should be disapproved or decreased because the disparity of compensation between the appropriate educators or positions in the Bureau school, and the comparable educators or positions at the nearest public school, is—

“(I)(aa) at least 5 percent; or

“(bb) less than 5 percent; and
“(II) does not affect the recruit-
ment or retention of employees at the
school.

“(iii) APPROVAL OF REQUESTS.—A re-
quest made under clause (i) shall be consid-
ered to be approved at the end of the 60th
day after the request is received in the Cen-
tral Office of the Bureau unless before that
time the request is approved, approved with
a modification, or disapproved by the Sec-
retary.

“(iv) DISCONTINUATION OR DE-
crease in Rates.—The Secretary or the
supervisor of a Bureau school may dis-
continue or decrease a post differential rate
provided for under this paragraph at the
beginning of an academic year if—

“(I) the local school board requests
that such differential be discontinued
or decreased; or

“(II) the Secretary or the super-
visor, respectively, determines for clear
and convincing reasons (and advises
the board in writing of those reasons)
that there is no disparity of compensa-
tion that would affect the recruitment
or retention of employees at the school
after the differential is discontinued or
decreased.

“(v) REPORTS.—On or before February
1 of each year, the Secretary shall submit to
Congress a report describing the requests
and approvals of authorization made under
this paragraph during the previous year
and listing the positions receiving post dif-
fferential rates under contracts entered into
under those authorizations.

“(i) LIQUIDATION OF REMAINING LEAVE UPON TER-

and

“(2) earned or was credited with leave under the
regulations prescribed under subsection (c)(9) and has

“(m) VOLUNTARY SERVICES.—Notwithstanding sec-
tion 1342 of title 31, United States Code, the Secretary
may, subject to the approval of the local school boards con-

“(B) all educators (other than principals and clerical employees) providing services at such Bureau school are placed on furloughs of equal length, except that the supervisor, with the approval of the local school board (or of the agency education line officer upon appeal under paragraph (2)), may continue 1 or more educators in pay status if—

Subtitle B—Tribally Controlled Schools Act of 1988

SEC. 1221. TRIBALLY CONTROLLED SCHOOLS.

Sections 5202 through 5213 of the Tribally Controlled Schools Act of 1988 (25 U.S.C. 2501 et seq.) are amended to read as follows:

“SEC. 5202. FINDINGS.

“Congress, after careful review of the Federal Government’s historical and special legal relationship with, and resulting responsibilities to, Indians, finds that—

“(1) the Indian Self-Determination and Education Assistance Act, which was a product of the legitimate aspirations and a recognition of the inherent authority of Indian nations, was and is a crucial positive step towards tribal and community control;
“(2) because of the Bureau of Indian Affairs’ administra-
tion and domination of the contracting process under such Act, Indians have not been provided with the full opportunity to develop leadership skills crucial to the realization of self-government and have been denied an effective voice in the planning and implementation of programs for the benefit of Indians that are responsive to the true needs of Indian communities;

“(3) Indians will never surrender their desire to control their relationships both among themselves and with non-Indian governments, organizations, and persons;

“(4) true self-determination in any society of people is dependent upon an educational process that will ensure the development of qualified people to fulfill meaningful leadership roles;

“PART C—READY TO LEARN; READY TO TEACH

“Subpart 1—Ready to Learn

“SEC. 11201. SHORT TITLE; FINDINGS.

“(a) SHORT TITLE.—This part may be cited as the ‘Ready to Learn, Ready to Teach Act of 2001’.

“(b) FINDINGS.—Congress makes the following findings:

“(1) In 1994, Congress and the Department collaborated to make a long-term, meaningful and public investment in the principle that high quality preschool television programming will help children be ready to learn by the time the children entered first grade.

“(2) The Ready to Learn Television Program through the Public Broadcasting Service (PBS) and local public television stations has proven to be an extremely cost-effective national response to improving early childhood cognitive development and helping parents, caregivers, and professional child care pro-
viders learn how to use television as a means to help children learn and develop social skills and values.

“(3) Independent research shows that parents who participate in Ready to Learn workshops are more selective of the programs that they choose for their children, limit the number of hours of television viewing of their children, and use the television programs as a catalyst for learning.

“(4) The Ready to Learn (RTL) Television Program is supporting and creating commercial-free broadcast programs for young children that are of the highest possible educational quality.

“(5) Through the Nation’s 350 local public television stations, these programs and other programming elements reach tens of millions of children, their parents, and caregivers without regard to their economic circumstances, location, or access to cable. Public television is a partner with Federal policy to make television an instrument of preschool children’s education and early development.

“(6) The Ready to Learn Television Program supports thousands of local workshops organized and run by local public television stations, child care service providers, Head Start Centers, Even Start family literacy centers and schools. These workshops have
trained 630,587 parents and professionals who, in turn, serve and support over 6,312,000 children across the Nation.

“(7) The Ready to Learn Television Program has published and distributed a periodic magazine entitled ‘PBS Families’ that contains developmentally appropriate material to strengthen reading skills and enhance family literacy.

“(8) Ready to Learn Television stations also have distributed millions of age-appropriate books in their communities. Each station receives a minimum of 300 books each month for free local distribution. Some stations are now distributing more than 1,000 books per month. Nationwide, more than 653,494 books have been distributed in low-income and dis-advantaged neighborhoods free of charge.

“(9) Demand for Ready To Learn Television Program outreach and training has increased from 10 Public Broadcasting Service stations to 133 stations in 5 years. This growth has put a strain on available resources resulting in an inability to meet the demand for the service and to reach all the children who would benefit from the service.

“(10) Federal policy played a crucial role in the evolution of analog television by funding the tele-
vision program entitled ‘Sesame Street’ in the 1960’s.

Federal policy should continue to play an equally crucial role for children in the digital television age.

“SEC. 11202. READY TO LEARN.

“(a) IN GENERAL.—The Secretary is authorized to award grants to eligible entities described in section 11203(b) to develop, produce, and distribute educational and instructional video programming for preschool and elementary school children and their parents in order to facilitate the achievement of the National Education Goals.

**Subpart 2—Ready to Teach**

**SEC. 11251. FINDINGS.**

“Congress makes the following findings:

“(1) Since 1995, the Telecommunications Demonstration Project for Mathematics (as established under this part pursuant to the Improving America’s Schools Act of 1994) has allowed the Public Broadcasting Service to pioneer and refine a new model of teacher professional development for kindergarten through grade 12 teachers. Video modeling of standards-based lessons, combined with professionally facilitated online learning communities of teachers has been proven to help mathematics teachers adopt and implement standards-based practices. This integrated, self-paced approach breaks down the isolation of classroom teaching while making standards-based best practices available to all participants.

“(2) More than 5,800 teachers have participated over the last 3 years in the demonstration. These teachers have taught more than 1,500,000 students cumulatively.
“(3) Independent evaluations indicate that teaching improves and students benefit as a result of the program.

“(4) The demonstration program should be expanded to reach more teachers in more subject areas under the title of Teacherline. The Teacherline Program will link the digitized public broadcasting infrastructure with education networks by working with the program’s digital membership, and Federal and State agencies, to expand and build upon the successful model and take advantage of greatly expanded access to the Internet and technology in schools, including digital television. The Teacherline Program will leverage the Public Broadcasting Service’s historic relationships with higher education to improve preservice teacher training.

“(5) Over the past several years tremendous progress has been made in wiring classrooms, equipping the classrooms with multimedia computers, and connecting the classrooms to the Internet.

“(6) There is a great need for high quality, curriculum-based digital content for teachers and students to easily access and use in order to meet State and local standards for student performance.
“(7) The congressionally appointed Web-based Education Commission called for the development of high quality public-private online educational content that meets the highest standards of educational excellence.

“(8) Most local public television stations and State networks provide high-quality video programs, and teacher professional development, as a part of their mission to serve local schools. Programs distributed by public broadcast stations are used by more classroom teachers than any other because of their high quality and relevance to the curriculum.

“(9) Digital broadcasting can dramatically increase and improve the types of services public broadcasting stations can offer kindergarten through grade 12 schools.

“SEC. 11252. PROJECT AUTHORIZED.

“(a) GRANTS AUTHORIZED.—The Secretary is authorized to make grants to a nonprofit telecommunications entity, or partnership of such entities, for the purpose of carrying out a national telecommunications-based program to improve teaching in core curriculum areas. “PART E—GIFTED AND TALENTED CHILDREN

“SEC. 11401. SHORT TITLE.

“This part may be cited as the ‘Jacob K. Javits Gifted
and Talented Students Education Act of 2001’.

“SEC. 11402. FINDINGS.

“Congress finds the following:

“(1) While the families or communities of some
gifted students can provide private programs with ap-
propriately trained staff to supplement public edu-
cational offerings, most high-ability students, espe-
sially those from inner cities, rural communities, or
low-income families, must rely on the services and
personnel provided by public schools. Therefore, gifted
education programs, provided by qualified profes-
sionals in the public schools, are needed to provide
equal educational opportunities.
“(2) Due to the wide dispersal of students who are gifted and talented and the national interest in a well-educated populace, the Federal Government can most effectively and appropriately conduct research and development to provide an infrastructure for, and to ensure that there is, a national capacity to educate students who are gifted and talented to meet the needs of the 21st century.

“(3) State and local educational agencies often lack the specialized resources and trained personnel to consistently plan and implement effective programs for the identification of gifted and talented students and for the provision of educational services and programs appropriate for their needs.

“(4) Because gifted and talented students generally are more advanced academically, are able to learn more quickly, and study in more depth and complexity than others their age, their educational needs require opportunities and experiences that are different from those generally available in regular education programs.

“(5) Typical elementary school students who are academically gifted and talented already have mastered 35 to 50 percent of the school year’s content in several subject areas before the year begins. Without
an advanced and challenging curriculum, they often lose their motivation and develop poor study habits that are difficult to break.

“(6) Elementary school and secondary school teachers have students in their classrooms with a wide variety of traits, characteristics, and needs. “SEC. 11751. SHORT TITLE.

“This subpart may be cited as the ‘Physical Education for Progress Act’.

“SEC. 11752. PURPOSE.

“The purpose of this subpart is to award grants and contracts to initiate, expand and improve physical education programs for all kindergarten through 12th grade students.

“SEC. 11753. FINDINGS.

“Congress makes the following findings:

“(1) Physical education is essential to the development of growing children.
“(2) Physical education helps improve the overall health of children by improving their cardiovascular endurance, muscular strength and power, and flexibility, and by enhancing weight regulation, bone development, posture, skillful moving, active lifestyle habits, and constructive use of leisure time.

“(3) Physical education helps improve the self esteem, interpersonal relationships, responsible behavior, and independence of children.

“(4) Children who participate in high quality daily physical education programs tend to be more healthy and physically fit.

“(5) The percentage of young people who are overweight has more than doubled in the 30 years preceding 1999.

“(6) Low levels of activity contribute to the high prevalence of obesity among children in the United States.

“(7) Obesity related diseases cost the United States economy more than $100,000,000,000 every year.

“(8) Inactivity and poor diet cause at least 300,000 deaths a year in the United States.

“(9) Physically fit adults have significantly reduced risk factors for heart attacks and stroke.
“(10) Children are not as active as they should be and fewer than one in four children get 20 minutes of vigorous activity every day of the week.

“(12) Twelve years after Congress passed House Concurrent Resolution 97, 100th Congress, agreed to December 11, 1987, encouraging State and local governments and local educational agencies to provide high quality daily physical education programs for all children in kindergarten through grade 12, little progress has been made.

“(13) Every student in our Nation’s schools, from kindergarten through grade 12, should have the opportunity to participate in quality physical education. It is the unique role of quality physical education programs to develop the health-related fitness, physical competence, and cognitive understanding about physical activity for all students so that the students can adopt healthy and physically active lifestyles.
“SEC. 11754. PROGRAM AUTHORIZED.

“The Secretary is authorized to award grants to, and enter into contracts with, local educational agencies and community based organizations such as Boys and Girls Clubs, Boy Scouts and Girl Scouts, and YMCA and YWCA, to pay the Federal share of the costs of initiating, expanding, and improving physical education programs, including after school programs for kindergarten through grade 12 students by—
