SEC. 212. (a) The Secretary of Commerce shall implement a fishing capacity reduction program for the West Coast groundfish fishery pursuant to section 212 of Public Law 107-206 and 16 U.S.C. 1861a (b)–(e); except that the program may apply to multiple fisheries; except that within 90 days after the date of enactment of this Act, the Secretary shall publish a public notice in the Federal Register and issue an invitation to bid for reduction payments that specifies the contractual terms and conditions under which bids shall be made and accepted under this section; except that section 144(d)(1)(K)(3) of title I, division B of Public Law 106-554 shall apply to the program implemented by this section.

(b) A reduction fishery is eligible for capacity reduction under the program implemented under this section; except that no vessel harvesting and processing whiting in the catcher-processors sector (section 19 660.323(a)(4)(A) of title 50, Code of Federal Regulations) may participate in any capacity reduction referendum or industry fee established under this section.

(c) A referendum on the industry fee system shall occur after bids have been submitted, and such bids have been accepted by the Secretary, as follows: members of the reduction fishery, and persons who have been issued Washington, Oregon, or California Dungeness crab and Pink shrimp permits, shall be eligible to vote in the referendum to approve an industry fee system; referendum votes cast in each fishery shall be weighted in proportion to the debt obligation of each fishery, as calculated in subsection (f) of this section; the industry fee system shall be approved if the referendum votes cast in favor of the proposed system constitute a simple majority of the participants voting; except that notwithstanding 5 U.S.C. 553 and 16 U.S.C. 1861a(e), the Secretary shall not prepare or publish proposed or final regulations for the implementation of the program under this section before the referendum is conducted.

(d) Nothing in this section shall be construed to prohibit the Pacific Fishery Management Council from recommending, or the Secretary from approving, changes to any fishery management plan, in accordance with applicable law; or the Secretary from promulgating regulations (including regulations governing this program), after an industry fee system has been approved by the reduction fishery.

(e) The Secretary shall determine, and state in the public notice published under paragraph (a), all program implementation aspects the Secretary deems relevant.

(f) Any bid submitted in response to the invitation to bid issued by the Secretary under this section shall be irrevocable; the Secretary shall use a bid acceptance procedure that ranks each bid in accordance with this paragraph and with additional criteria, if any, established by the Secretary: for each bid from a qualified bidder that meets the bidding requirements in the public notice or the invitation to bid, the Secretary shall determine a bid score by dividing the bid's dollar amount by the average annual total ex-vessel dollar value of landings of Pacific groundfish, Dungeness crab, and Pink shrimp based on the 3 highest total annual revenues earned from such stocks that the bidder's reduction vessel landed during 1998, 1999, 2000, or 2001. For purposes of this paragraph, the term "total annual revenue" means the revenue earned in a single year from such stocks. The Secretary shall accept each qualified bid in rank order of bid score from the lowest to the highest until acceptance of the next qualified bid with the next lowest bid score would cause the reduction cost to exceed the reduction loan's maximum amount. Acceptance of a bid by the Secretary shall create a binding reduction contract between the United States and the person whose bid is accepted, the performance of which shall be subject only to the conclusion of a successful referendum, except that a person whose bid is accepted by the Secretary under this section shall relinquish all permits in the reduction fishery and any Dungeness crab and Pink shrimp permits issued by Washington, Oregon, or California; except that the Secretary shall revoke the Pacific groundfish permit, as well as all Federal fishery licenses, fishery permits, area, and species endorsements, and any other fishery privileges issued to a vessel or vessels (or to persons on the basis of their operation or ownership of that vessel or vessels) removed under the program.

(g) The Secretary shall establish separate reduction loan sub-amounts and repayment fees for fish sellers in the reduction fishery and for fish sellers in each of the fee-share fisheries by dividing the total ex-vessel dollar value during the bid scoring period of all reduction vessel landings from the reduction fishery and from each of the fee-share fisheries by the total such value of all such landings for all such fisheries; and multiplying the reduction loan amount by each of the quotients resulting from each of the divisions above. Each of the resulting products shall be the reduction loan sub-amount for the reduction fishery and for each of the fee-share fisheries to which each of such products pertains; except that, each fish seller in the reduction fishery and in each of the fee-share fisheries shall pay the fees required by the reduction loan sub-amounts allocated to it under this paragraph; except that, the Secretary may enter into agreements with Washington, Oregon, and California to collect any fees established under this paragraph.

(h) Notwithstanding 46 U.S.C. App. 1279(b)(4), the reduction loan's term shall not be less than 30 years.

(i) It is the sense of the Congress that the States of Washington, Oregon, and California should revoke all relinquishment permits in each of the fee-share fisheries immediately after reduction payment, and otherwise to implement appropriate State fisheries management and conservation provisions in each of the fee-share fisheries that establishes a program that meets the requirements

of 16 U.S.C. 141861a(b)(1)(B) as if it were applicable to fee-share fisheries.

(j) The term “fee-share fishery” means a fishery, other than the reduction fishery, whose members are eligible to vote in a referendum for an industry fee system under paragraph (c). The term “reduction fishery” means that portion of a fishery holding limited entry fishing permits endorsed for the operation of trawl gear and issued under the Federal Pacific Coast Groundfish Fishery Management Plan.

(b) Neither the National Oceanic and Atmospheric Administration National Weather Service nor Galveston County will charge the other rent for use of the space and each will be responsible for the operation, maintenance and renovation costs it incurs.

SEC. 315. Notwithstanding any other provision of law, for fiscal year 2003 the Secretaries of Agriculture and the Interior are authorized to limit competition for watershed restoration project contracts as part of the “Jobs in the Woods” Program established in Region 10 of the Forest Service to individuals and entities in historically timber-dependent areas in the States of Washington, Oregon, northern California, Idaho, Montana, and Alaska that have been affected by reduced timber harvesting on Federal lands. The Secretaries shall consider the benefits to the local economy in evaluating

bids and designing procurements which create economic opportunities for local contractors.

SEC. 316. Amounts deposited during fiscal year 2002 in the roads and trails fund provided for in the 14th paragraph under the heading "FOREST SERVICE" of the Act of March 4, 1913 (37 Stat. 843; 16 U.S.C. 501), shall be used by the Secretary of Agriculture, without regard to the State in which the amounts were derived, to repair or reconstruct roads, bridges, and trails on National Forest System lands or to carry out and administer projects to improve forest health conditions, which may include the repair or reconstruction of roads, bridges, and trails on National Forest System lands in the wildland-community interface where there is an abnormally high risk of fire. The projects shall emphasize reducing risks to human safety and public health and property and enhancing ecological functions, long-term forest productivity, and biological integrity. The projects may be completed in a subsequent fiscal year. Funds shall not be expended under this section to replace funds which would otherwise appropriately be expended from the timber salvage sale fund. Nothing in this section shall be construed to exempt any project from any environmental law.

SEC. 317. Other than in emergency situations, none of the funds in this Act may be used to operate telephone answering machines during core business hours unless such answering machines include an option that enables callers to reach promptly an individual on-duty with the agency being contacted.

SEC. 318. No timber sale in Region 10 shall be advertised if the indicated rate is deficit when appraised using a residual value approach that assigns domestic Alaska values for western redcedar. Program accomplishments shall be based on volume sold. Should Region 10 sell, in fiscal year 2003, the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan in sales which are not deficit when appraised using a residual value approach that assigns domestic Alaska values for western redcedar, all of the western redcedar timber from those sales which is surplus to the needs of domestic processors in Alaska, shall be made available to domestic processors in the contiguous 48 United States at prevailing domestic prices. Should Region 10 sell, in fiscal year 2003, less than the annual average portion of the decadal allowable sale quantity called for in the Tongass Land Management Plan in sales which are not deficit when appraised using a residual value approach that assigns domestic Alaska values for western redcedar, the volume of western redcedar timber available to domestic processors at prevailing domestic prices in the contiguous 48 United States shall be that volume: (i) which is surplus to the needs of domestic processors in Alaska, and (ii) is that percent of the surplus western redcedar volume determined by calculating the ratio of the total timber volume which has been sold on the Tongass to the annual average portion of the decadal allowable sale quantity called for in the current Tongass Land Management Plan. The percentage shall be calculated by Region 10 on a rolling basis as each sale is sold (for purposes of this amendment, a "rolling basis" shall mean that the determination of how much western redcedar is eligible for sale to various markets shall be made at the time each sale is awarded). Western redcedar shall be deemed "surplus to the needs of domestic processors in Alaska" when the

timber sale holder has presented to the Forest Service documentation of the inability to sell western redcedar logs from a given sale to domestic Alaska processors at a price equal to or greater than the log selling value stated in the contract. All additional western redcedar volume not sold to Alaska or contiguous 48 United States domestic processors may be exported to foreign markets at the election of the timber sale holder. All Alaska yellow cedar may be sold at prevailing export prices at the election of the timber sale holder.

SEC. 319. A project undertaken by the Forest Service under the Recreation Fee Demonstration Program as authorized by section 315 of the Department of the Interior and Related Agencies Appropriations Act for Fiscal Year 1996, as amended, shall not result in—

(1) displacement of the holder of an authorization to provide commercial recreation services on Federal lands. Prior to initiating any project, the Secretary shall consult with potentially affected holders to determine what impacts the project may have on the holders. Any modifications to the authorization shall be made within the terms and conditions of the authorization and authorities of the impacted agency.

(2) the return of a commercial recreation service to the Secretary for operation when such services have been provided in the past by a private sector provider, except when—

(A) the private sector provider fails to bid on such opportunities;

(B) the private sector provider terminates its relationship with the agency; or

TITLE V—NATIONAL FOREST ORGANIZATIONAL CAMP FEE IMPROVEMENT ACT OF 2003

SEC. 501. SHORT TITLE.

This title may be cited as the “National Forest Organizational Camp Fee Improvement Act of 2003”.

SEC. 502. FINDINGS, PURPOSE, AND DEFINITIONS.

(a) **FINDINGS.**—Congress finds the following:

(1) Organizational camps, such as those administered by the Boy Scouts, Girl Scouts, and faith-based and community-based organizations, provide a valuable service to young people, individuals with a disability, and their families by promoting physical, mental, and spiritual health through activities conducted in a natural environment.

(2) The 192,000,000 acres of national forests and grasslands of the National Forest System managed for multiple uses by the Forest Service provides an ideal setting for such organizational camps.

(3) The Federal Government should charge land use fees for the occupancy and use of National Forest System lands by such organizational camps that, while based on the fair market value of the land in use, also recognize the benefits provided to society by such organizational camps, do not preclude the ability of such organizational camps from utilizing these lands, and permit capital investment in, and maintenance of, camp facilities by such organizational camps or their sponsoring organizations.

(4) Organizational camps should—

(A) ensure that their facilities meet applicable building and safety codes, including fire and health codes;

(B) have annual inspections as required by local law, including at a minimum inspections for fire and food safety; and

(C) have in place safety plans that address fire and medical emergencies and encounters with wildlife.

(b) **PURPOSE.**—It is the purpose of this Act to establish a land use fee system that provides for an equitable return to the Federal Government for the occupancy and use of National Forest System lands by organizational camps that serve young people or individuals with a disability.

(c) **DEFINITIONS.**—In this Act:

(1) The term “organizational camp” means a public or semipublic camp that—

(A) is developed on National Forest System lands by a nonprofit organization or governmental entity;

(B) provides a valuable service to the public by using such lands as a setting to introduce young people or individuals with a disability to activities that they may not otherwise experience and to educate them on natural resource issues; and

(C) does not have as its primary purpose raising revenue through commercial activities.

(2) The term “Secretary” means the Secretary of Agriculture, acting through the Chief of the Forest Service.

(3) The term “individual with a disability” has the meaning given the term in section 7(20) of the Rehabilitation Act of 1973 (29 U.S.C. 705(20)).

(4) The term “children at risk” means children who are raised in poverty or in single-parent homes or are subject to such circumstances as parental drug abuse, homelessness, or child abuse.

(5) The term “change in control” means—

(A) for a corporation, the sale or transfer of a controlling interest in the corporation;

(B) for a partnership or limited liability company, the sale or transfer of a controlling interest in the partnership or limited liability company; and

(C) for an individual, the sale or transfer or an organizational camp subject to this Act to another party.

SEC. 503. FEES FOR OCCUPANCY AND USE OF NATIONAL FOREST SYSTEM LANDS AND FACILITIES BY ORGANIZATIONAL CAMPS.

(A) The total number of acres of National Forest System lands authorized for the organizational camp.

(B) The estimated per-acre market value of land and buildings in the county where the camp is located, as reported in the most recent Census of Agriculture conducted by the National Agricultural Statistics Service.

(2) ANNUAL ADJUSTMENT.—The land use fee determined under paragraph (1) for an organizational camp shall be adjusted annually by the annual compounded rate of change between the two most recent Censuses of Agriculture.

(3) REDUCTION IN FEES.—

(A) TYPE OF PARTICIPANTS.—The Secretary shall reduce the land use fee determined under paragraph (1) proportionate to the number of individuals with a disability and children at risk who annually attend the organizational camp.

(B) TYPE OF PROGRAMS.—After making the reduction required by subparagraph (A), the Secretary shall reduce the remaining land use fee amount by up to 60 percent, proportionate to the number of persons who annually attend the organizational camp who participate in youth

programs through organized and supervised social, citizenship, character-building, or faith-based activities oriented to outdoor-recreation experiences.

(C) RELATION TO MINIMUM FEE.—The reductions made under this paragraph may not reduce the land use fee for an organizational camp below the minimum land use fee required to be charged under paragraph (4).

(D) SPECIAL CONSIDERATIONS.—For purposes of determining the amount of the land use fee reduction required under subparagraph (A) or (B), the Secretary may not take into consideration the existence of sponsorships or scholarships to assist persons in attending the organizational camp.

(4) MINIMUM LAND USE FEE.—The Secretary shall charge a minimum land use fee under paragraph (1) that represents, on average, the Secretary's cost annually to administer an organizational camp special use authorization in the National Forest Region in which the organizational camp is located. Notwithstanding paragraph (3) or subsection (d), the minimum land use fee shall not be subject to a reduction or waiver.

(b) FACILITY USE FEE.—

(1) PERCENTAGE OF FACILITIES VALUE.—If an organizational camp uses a Government-owned facility on National Forest System lands pursuant to section 7 of the Act of April 24, 1950 (commonly known as the Granger-Thye Act; 16 U.S.C. 580d), the Secretary shall charge, in addition to the land use fee imposed under subsection (a), a facility use fee equal to 5 percent of the value of the authorized facilities, as determined by the Secretary.

(2) REDUCTION IN FEES PROHIBITED.—Notwithstanding subsection (d), the facility use fees determined under paragraph (1) shall not be subject to a reduction or waiver.

(c) FEE RELATED TO RECEIPT OF OTHER REVENUES.—If an organizational camp derives revenue from the use of National Forest System lands or authorized facilities described in subsection (b) for purposes other than to introduce young people or individuals with a disability to activities that they may not otherwise experience and to educate them on natural resource issues, the Secretary shall charge, in addition to the land use fee imposed under subsection (a) and the facility use fee imposed under subsection (b), an additional fee equal to 5 percent of that revenue.

(d) WORK-IN-LIEU PROGRAM.—Subject to subsections (a)(4) and (b)(2), section 3 of the Federal Timber Contract Payment Modification Act (16 U.S.C. 539f) shall apply to the use fees imposed under this section.

SEC. 504. IMPLEMENTATION.

(a) PROMPT IMPLEMENTATION.—The Secretary shall issue direction regarding implementation of this Act by interim directive within 180 days after the date of the enactment of this Act. The Secretary shall implement this Act beginning with the first billing cycle for organizational camp special use authorizations occurring more than 180 days after the date of the enactment of this Act.

(b) PHASE-IN OF USE FEE INCREASES.—In issuing any direction regarding implementation of this Act under subsection (a), the Secretary shall consider whether to phase-in any significant

increases in annual land or facility use fees for organizational camps.

SEC. 505. RELATIONSHIP TO OTHER LAWS.

Except as specifically provided by this Act, nothing in this Act supersedes or otherwise affects any provision of law, regulation, or policy regarding the issuance or administration of authorizations for organizational camps regarding the occupancy and use of National Forest System lands.
