SEC. 1017. INFORMATION SHARING.

(a) Findings.—Congress makes the following findings:

(1) The effective use of information, from all available sources, is essential to the fight against terror and the protection of our homeland.
The United States Government has access to a vast amount of information, including not only traditional intelligence but also other government databases, such as those containing customs or immigration information.

In the period preceding September 11, 2001, there were instances of potentially helpful information that was available but that no person knew to ask for; information that was distributed only in compartmented channels, and information that was requested but could not be shared.

The current system, in which each intelligence agency has its own security practices, requires a demonstrated “need to know” before sharing.

The National Intelligence Director should pursue setting an executable government-wide security mode policy of “right-to-share,” one based on a proven blend of both integrity and access control models and supported by applicable law. No single agency can create a meaningful government-wide information sharing system on its own.

(b) Establishment of Information Sharing Environment.—The President shall establish a secure information sharing environment (ISE) for the sharing of intelligence and related information in a manner consistent
with national security and the protection of privacy and
civil liberties. The information sharing environment (ISE)
shall be based on clearly defined and consistently applied
policies and procedures, and valid investigative, analytical,
and operational requirements.

Subtitle K—Prevention of Terrorist Access to Destructive Weapons Act of 2004

SEC. 2401. SHORT TITLE.

This subtitle may be cited as the “Prevention of Terrorist Access to Destructive Weapons Act of 2004”.

SEC. 2402. FINDINGS AND PURPOSE.

(a) FINDINGS.—Congress finds the following:

(1) The criminal use of man-portable air defense systems (MANPADS) presents a serious threat to civil aviation worldwide, especially in the hands of terrorists or foreign states that harbor them.

(2) Atomic weapons or weapons designed to release radiation (“dirty bombs”) could be used by terrorists to inflict enormous loss of life and damage to property and the environment.

(3) Variola virus is the causative agent of smallpox, an extremely serious, contagious, and sometimes fatal disease. Variola virus is classified as a Category A agent by the Centers for Disease Control and Prevention, meaning that it is believed to pose the greatest potential threat for adverse public health impact and has a moderate to high potential for large-scale dissemination. The last case of smallpox in the United States was in 1949. The last naturally occur-
ring case in the world was in Somalia in 1977. Al-
though smallpox has been officially eradicated after a
successful worldwide vaccination program, there re-
main two official repositories of the variola virus for
research purposes. Because it is so dangerous, the
variola virus may appeal to terrorists.

(4) The use, or even the threatened use, of
MANPADS, atomic or radiological weapons, or the
variola virus, against the United States, its allies, or
its people, poses a grave risk to the security, foreign
policy, economy, and environment of the United
States. Accordingly, the United States has a compel-
ling national security interest in preventing unlawful
activities that lead to the proliferation or spread of
such items, including their unauthorized production,
construction, acquisition, transfer, possession, import,
or export. All of these activities markedly increase the
chances that such items will be obtained by terrorist
organizations or rogue states, which could use them to
attack the United States, its allies, or United States
nationals or corporations.

(5) There is no legitimate reason for a private
individual or company, absent explicit government
authorization, to produce, construct, otherwise ac-
quire, transfer, receive, possess, import, export, or use
MANPADS, atomic or radiological weapons, or the variola virus.

(b) PURPOSE.—The purpose of this subtitle is to combat the potential use of weapons that have the ability to cause widespread harm to United States persons and the United States economy (and that have no legitimate private use) and to threaten or harm the national security or foreign relations of the United States.

(4) Many of the international terrorists who planned and carried out large-scale attacks against foreign targets, including the attack in Bali, Indonesia, on October 11, 2002, and the attack in Madrid, Spain, on March 11, 2004, traveled across international borders to plan and carry out these attacks.

(5) Throughout the 1990s, international terrorists, including those involved in the attack on the World Trade Center on February 26, 1993, the plot to bomb New York City landmarks in 1993, and the millennium plot to bomb Los Angeles International Airport on December 31, 1999, traveled on fraudulent passports and often had more than one passport.

(6) Two of the September 11, 2001, hijackers were carrying passports that had been manipulated in a fraudulent manner and several other hijackers whose passports did not survive the attacks on the World Trade Center and Pentagon were likely to have carried passports that were similarly manipulated.

(7) The National Commission on Terrorist Attacks upon the United States, (commonly referred to as the 9/11 Commission), stated that “Targeting travel is at least as powerful a weapon against terrorists as targeting their money.”
(b) International Agreements to Track and Curtail Terrorist Travel.—

(1) International Agreement on Lost, Stolen, or Falsified Documents.—The President shall lead efforts to track and curtail the travel of terrorists by supporting the drafting, adoption, and implementation of international agreements, and by supporting the expansion of existing international agreements, to track and stop international travel by terrorists and other criminals through the use of lost, stolen, or falsified documents to augment existing United Nations and other international anti-terrorism efforts.

(2) Contents of International Agreement.—The President shall seek, in the appropriate fora, the drafting, adoption, and implementation of an effective international agreement requiring—

(A) the establishment of a system to share information on lost, stolen, and fraudulent passports and other travel documents for the purposes of preventing the undetected travel of persons using such passports and other travel documents that were obtained improperly;

(B) the establishment and implementation of a real-time verification system of passports
and other travel documents with issuing authorities;

(C) the assumption of an obligation by countries that are parties to the agreement to share with officials at ports of entry in any such country information relating to lost, stolen, and fraudulent passports and other travel documents;

(D) the assumption of an obligation by countries that are parties to the agreement—

(i) to criminalize—

(I) the falsification or counterfeiting of travel documents or breeder documents for any purpose;

(II) the use or attempted use of false documents to obtain a visa or cross a border for any purpose;

(III) the possession of tools or implements used to falsify or counterfeit such documents;

(IV) the trafficking in false or stolen travel documents and breeder documents for any purpose;

(V) the facilitation of travel by a terrorist; and
(VI) attempts to commit, including conspiracies to commit, the crimes specified above;

(ii) to impose significant penalties so as to appropriately punish violations and effectively deter these crimes; and

(iii) to limit the issuance of citizenship papers, passports, identification documents, and the like to persons whose identity is proven to the issuing authority, who have a bona fide entitlement to or need for such documents, and who are not issued such documents principally on account of a disproportional payment made by them or on their behalf to the issuing authority;

(E) the provision of technical assistance to State Parties to help them meet their obligations under the convention;

(F) the establishment and implementation of a system of self-assessments and peer reviews to examine the degree of compliance with the convention; and

(G) an agreement that would permit immigration and border officials to confiscate a lost, stolen, or falsified passport at ports of entry and
permit the traveler to return to the sending country without being in possession of the lost, stolen, or falsified passport, and for the detention and investigation of such traveler upon the return of the traveler to the sending country.

(3) INTERNATIONAL CIVIL AVIATION ORGANIZATION.—The United States shall lead efforts to track and curtail the travel of terrorists by supporting efforts at the International Civil Aviation Organization to continue to strengthen the security features of passports and other travel documents.

(c) REPORT.—

(2) TERMINATION.—Paragraph (1) shall cease to be effective when the President certifies to the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate that the goals described in subsection (b) have been fully achieved.
SEC. 3089. INTERNATIONAL STANDARDS FOR TRANSLATION
OF NAMES INTO THE ROMAN ALPHABET FOR
INTERNATIONAL TRAVEL DOCUMENTS AND
NAME-BASED WATCHLIST SYSTEMS.

(a) FINDINGS.—Congress finds that—

(1) the current lack of a single convention for
translating Arabic names enabled some of the 19 hi-
jackers of aircraft used in the terrorist attacks against
the United States that occurred on September 11, 2001, to vary the spelling of their names to defeat
name-based terrorist watchlist systems and to make
more difficult any potential efforts to locate them;
and

(2) although the development and utilization of
terrorist watchlist systems using biometric identifiers
will be helpful, the full development and utilization of
such systems will take several years, and name-based
terrorist watchlist systems will always be useful.

(b) SENSE OF CONGRESS.—It is the sense of Congress
that the President should seek to enter into an international
agreement to modernize and improve standards for the
translation of names into the Roman alphabet in order to
ensure one common spelling for such names for inter-
national travel documents and name-based watchlist sys-
tems.
SEC. 3090. BIOMETRIC ENTRY AND EXIT DATA SYSTEM.

(a) FINDING.—Consistent with the report of the National Commission on Terrorist Attacks Upon the United States, the Congress finds that completing a biometric entry and exit data system as expeditiously as possible is an essential investment in efforts to protect the United States by preventing the entry of terrorists.

(b) PLAN AND REPORT.—

(1) DEVELOPMENT OF PLAN.—The Secretary of Homeland Security shall develop a plan to accelerate the full implementation of an automated biometric entry and exit data system required by applicable sections of—

(A) the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (Public Law 104–208);

(v) an assessment of the effectiveness of the entry and exit data system in fulfilling its intended purposes, including preventing terrorists from entering the United States;

(B) a description of factors relevant to the accelerated implementation of the biometric entry and exit system, including—

(i) the earliest date on which the Secretary estimates that full implementation of the biometric entry and exit data system can be completed;

(ii) the actions the Secretary will take to accelerate the full implementation of the biometric entry and exit data system at all ports of entry through which all aliens must pass that are legally required to do so; and
(iii) the resources and authorities required to enable the Secretary to meet the implementation date described in clause (i);

(C) a description of any improvements needed in the information technology employed for the entry and exit data system; and

(D) a description of plans for improved or added interoperability with any other databases or data systems.

(d) Maintaining Accuracy and Integrity of Entry and Exit Data System.—

(1) In General.—The Secretary of Homeland Security, in consultation with other appropriate agencies, shall establish rules, guidelines, policies, and operating and auditing procedures for collecting, removing, and updating data maintained in, and adding information to, the entry and exit data system, and databases and data systems linked to the entry
and exit data system, that ensure the accuracy and integrity of the data.

(2) REQUIREMENTS.—The rules, guidelines, policies, and procedures established under paragraph (1) shall—

(i) correcting errors; and

(ii) clarifying information known to cause false hits or misidentification errors;

and

(B) include procedures for individuals to seek corrections of data contained in the data systems.

(e) EXPEDITE REGISTERED TRAVELERS ACROSS INTERNATIONAL BORDERS.—

(1) FINDINGS.—Consistent with the report of the National Commission on Terrorist Attacks Upon the United States, the Congress finds that—

(A) expediting the travel of previously screened and known travelers across the borders of the United States should be a high priority; and

(B) the process of expediting known travelers across the border can permit inspectors to
better focus on identifying terrorists attempting
to enter the United States.

(2) DEFINITION.—For purposes of this section,
the term “registered traveler program” means any
program designed to expedite the travel of previously
screened and known travelers across the borders of the
United States.

develop and implement a plan to expedite the
processing of registered travelers who enter and
exit the United States through a single registered
traveler program.

(B) INTEGRATION.—The registered traveler
program developed under this paragraph shall be
integrated into the automated biometric entry
and exit data system described in this section.

(C) REVIEW AND EVALUATION.—In devel-
oping the program under this paragraph, the
Secretary of Homeland Security shall—

(i) review existing programs or pilot
projects designed to expedite the travel of
registered travelers across the borders of the
United States;
(ii) evaluate the effectiveness of the programs described in clause (i), the costs associated with such programs, and the costs to travelers to join such programs; and

(iii) increase research and development efforts to accelerate the development and implementation of a single registered traveler program.

(4) REPORT.—Not later than 1 year after the date of the enactment of this Act, the Secretary of Homeland Security shall submit to the Congress a report describing the Department of Homeland Security’s progress on the development and implementation of the plan required by this subsection.

pending or under investigation before the Department of Homeland Security.

(2) Utilize a biometric based identity number tied to an applicant’s biometric algorithm established under the entry and exit data system to track all immigration related matters concerning the applicant.

(3) Provide that all information about an applicant’s immigration related history, including entry and exit history, can be queried through electronic means. Database access and usage guidelines shall include stringent safeguards to prevent misuse of data.

(4) Provide real-time updates to the information described in paragraph (3), including pertinent data from all agencies referenced in paragraph (1).

(5) Limit access to the information described in paragraph (4) (and any other database used for tracking immigration related processing or entry and exit) to personnel explicitly authorized to do so, and ensure that any such access may be ascertained by authorized persons by review of the person’s access authorization code or number.

(6) Provide continuing education in counterterrorism techniques, tools, and methods for all Federal personnel employed in the evaluation of immigration documents and immigration-related policy.
(g) **ENTRY-EXIT SYSTEM GOALS.**—The Department of Homeland Security shall continue to implement the system described in subsections (a) and (b) in such a manner that it fulfills the following goals:

CHAPTER 3—OTHER PUBLIC DIPLOMACY
PROVISIONS

SEC. 4041. PILOT PROGRAM TO PROVIDE GRANTS TO AMER-
ICAN-SPONSORED SCHOOLS IN PREDOMI-
NANTLY MUSLIM COUNTRIES TO PROVIDE
SCHOLARSHIPS.

(a) FINDINGS.—Congress finds the following:

(1) During the 2003–2004 school year, the Office
of Overseas Schools of the Department of State is fi-
nancially assisting 189 elementary and secondary
schools in foreign countries.
(2) American-sponsored elementary and secondary schools are located in more than 20 countries with significant Muslim populations in the Near East, Africa, South Asia, Central Asia, and East Asia.

(3) American-sponsored elementary and secondary schools provide an American-style education in English, with curricula that typically include an emphasis on the development of critical thinking and analytical skills.

(b) PURPOSE.—The United States has an interest in increasing the level of financial support provided to American-sponsored elementary and secondary schools in predominantly Muslim countries, in order to—

(1) increase the number of students in such countries who attend such schools;

(2) increase the number of young people who may thereby gain at any early age an appreciation for the culture, society, and history of the United States; and

(3) increase the number of young people who may thereby improve their proficiency in the English language.

(c) PILOT PROGRAM AUTHORIZED.—The Secretary of State, acting through the Director of the Office of Overseas
Schools of the Department of State, may conduct a pilot program to make grants to American-sponsored elementary and secondary schools in predominantly Muslim countries for the purpose of providing full or partial merit-based scholarships to students from lower- and middle-income families of such countries to attend such schools.

(d) **Determination of Eligible Students.**—For purposes of expending grant funds, an American-sponsored elementary and secondary school that receives a grant under subsection (c) is authorized to establish criteria to be implemented by such school to determine what constitutes lower- and middle-income families in the country (or region of the country, if regional variations in income levels in the country are significant) in which such school is located.

(e) **Restriction on Use of Funds.**—Amounts appropriated to the Secretary of State pursuant to the authorization of appropriations in subsection (h) shall be used for the sole purpose of making grants under this section, and may not be used for the administration of the Office of Overseas Schools of the Department of State or for any other activity of the Office.

(f) **Voluntary Participation.**—Nothing in this section shall be construed to require participation in the pilot program by an American-sponsored elementary or secondary school in a predominantly Muslim country.
(g) **REPORT.**—Not later than April 15, 2006, the Secretary shall submit to the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate a report on the pilot program. The report shall assess the success of the program, examine any obstacles encountered in its implementation, and address whether it should be continued, and if so, provide recommendations to increase its effectiveness.

(h) **FUNDING.**—There are authorized to be appropriated to the Secretary of State such sums as may be necessary for each of fiscal years 2005, 2006, and 2007 to carry out this section.

**SEC. 4042. ENHANCING FREE AND INDEPENDENT MEDIA.**

(a) **FINDINGS.**—Congress makes the following findings:

(1) Freedom of speech and freedom of the press are fundamental human rights.

(2) The United States has a national interest in promoting these freedoms by supporting free media abroad, which is essential to the development of free and democratic societies consistent with our own.

(3) Free media is undermined, endangered, or nonexistent in many repressive and transitional societies around the world, including in Eurasia, Africa, and the Middle East.
(4) Individuals lacking access to a plurality of free media are vulnerable to misinformation and propaganda and are potentially more likely to adopt anti-American views.

(5) Foreign governments have a responsibility to actively and publicly discourage and rebut unprofessional and unethical media while respecting journalistic integrity and editorial independence.

(b) STATEMENTS OF POLICY.—It shall be the policy of the United States, acting through the Secretary of State, to—

(1) ensure that the promotion of press freedoms and free media worldwide is a priority of United States foreign policy and an integral component of United States public diplomacy;

(2) respect the journalistic integrity and editorial independence of free media worldwide; and

(3) ensure that widely accepted standards for professional and ethical journalistic and editorial practices are employed when assessing international media.

(c) GRANTS TO PRIVATE SECTOR GROUP TO ESTABLISH MEDIA NETWORK.—

(1) IN GENERAL.—Grants made available to the National Endowment for Democracy (NED) pursuant
to paragraph (3) shall be used by NED to provide
funding to a private sector group to establish and
manage a free and independent media network in ac-
cordance with paragraph (2).

(2) PURPOSE.—The purpose of the network shall
be to provide an effective forum to convene a broad
range of individuals, organizations, and governmental
participants involved in journalistic activities and
the development of free and independent media to—

(A) fund a clearinghouse to collect and
share information concerning international
media development and training;

(B) improve research in the field of media
assistance and program evaluation to better in-
form decisions regarding funding and program
design for government and private donors;

(C) explore the most appropriate use of ex-
isting means to more effectively encourage the in-
volvement of the private sector in the field of
media assistance; and

(D) identify effective methods for the de-
velopment of a free and independent media in soci-
eties in transition.

(3) FUNDING.—For grants made by the Depart-
ment of State to NED as authorized by the National
Endowment for Democracy Act (Pub. L. 98–164, 97 Stat. 1039), there are authorized to be appropriated to the Secretary of State such sums as may be necessary for each of fiscal years 2005, 2006, and 2007 to carry out this section.

SEC. 4043. COMBATING BIASED OR FALSE FOREIGN MEDIA COVERAGE OF THE UNITED STATES.

(a) FINDINGS.—Congress finds the following:

(1) Biased or false media coverage of the United States and its allies is a significant factor encouraging terrorist acts against the people of the United States.

(2) Public diplomacy efforts designed to encourage an accurate understanding of the people of the United States and the policies of the United States are unlikely to succeed if foreign publics are subjected to unrelenting biased or false local media coverage of the United States.

(3) Where freedom of the press exists in foreign countries the United States can combat biased or false media coverage by responding in the foreign media or by communicating directly to foreign publics in such countries.

(4) Foreign governments which encourage biased or false media coverage of the United States bear a
significant degree of responsibility for creating a climate within which terrorism can flourish. Such governments are responsible for encouraging biased or false media coverage if they—

(A) issue direct or indirect instructions to the media to publish biased or false information regarding the United States;

(B) make deliberately biased or false charges expecting that such charges will be disseminated; or

(C) so severely constrain the ability of the media to express criticism of any such government that one of the few means of political expression available is criticism of the United States.

(b) STATEMENTS OF POLICY.—

(1) FOREIGN GOVERNMENTS.—It shall be the policy of the United States to regard foreign governments as knowingly engaged in unfriendly acts toward the United States if such governments—

(A) instruct their state-owned or influenced media to include content that is anti-American or prejudicial to the foreign and security policies of the United States; or
(B) make deliberately false charges regarding the United States or permit false or biased charges against the United States to be made while constraining normal political discourse.

(2) SEEKING MEDIA ACCESS; RESPONDING TO FALSE CHARGES.—It shall be the policy of the United States to—

(A) seek access to the media in foreign countries on terms no less favorable than those afforded any other foreign entity or on terms available to the foreign country in the United States; and

(B) combat biased or false media coverage in foreign countries of the United States and its allies by responding in the foreign media or by communicating directly to foreign publics.

(c) RESPONSIBILITIES REGARDING BIASED OR FALSE MEDIA COVERAGE.—

(1) SECRETARY OF STATE.—The Secretary of State shall instruct chiefs of mission to report on and combat biased or false media coverage originating in or received in foreign countries to which such chiefs are posted. Based on such reports and other information available to the Secretary, the Secretary shall prioritize efforts to combat such media coverage, giv-
ing special attention to audiences where fostering
popular opposition to terrorism is most important
and such media coverage is most prevalent.

(2) CHIEFS OF MISSION.—Chiefs of mission shall
have the following responsibilities:

(A) Chiefs of mission shall give strong pri-
ority to combatting biased or false media reports
in foreign countries to which such chiefs are
posted regarding the United States.

(B) Chiefs of mission posted to foreign
countries in which freedom of the press exists
shall inform the governments of such countries of
the policies of the United States regarding biased
or false media coverage of the United States, and
shall make strong efforts to persuade such gov-
ernments to change policies that encourage such
media coverage.

(d) REPORTS.—Not later than 120 days after the date
of the enactment of this Act and at least annually thereafter
until January 1, 2015, the Secretary shall submit to the
Committee on International Relations of the House of Rep-
resentatives and the Committee on Foreign Relations of the
Senate a report regarding the major themes of biased or
false media coverage of the United States in foreign coun-

change policies that encourage such media coverage (and the results of such actions), and any other actions taken to combat such media coverage in foreign countries.

SEC. 4044. REPORT ON BROADCAST OUTREACH STRATEGY.

(a) REPORT.—Not later than 180 days after the date of the enactment of this Act, the President shall transmit to the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate a report on the strategy of the United States to expand its outreach to foreign Muslim audiences through broadcast media.

(b) CONTENT.—The report required under subsection (a) shall contain the following:

(1) An assessment of the Broadcasting Board of Governors and the public diplomacy activities of the Department of State with respect to outreach to foreign Muslim audiences through broadcast media.

(2) An outline of recommended actions that the United States should take to more regularly and comprehensively present a United States point of view through indigenous broadcast media in countries with sizeable Muslim populations, including increasing appearances by United States Government officials, experts, and citizens.
(3) An assessment of potential incentives for, and costs associated with, encouraging United States broadcasters to dub or subtitle into Arabic and other relevant languages their news and public affairs programs broadcast in Muslim countries in order to present those programs to a much broader Muslim audience than is currently reached.

(4) An assessment of providing a training program in media and press affairs for members of the Foreign Service.

SEC. 4045. OFFICE RELOCATION.

As soon as practicable after the date of the enactment of this Act, the Secretary of State shall take such actions as are necessary to consolidate within the Harry S. SEC. 4046. STRENGTHENING THE COMMUNITY OF DEMOCRACIES FOR MUSLIM COUNTRIES.

(a) SENSE OF CONGRESS.—It is the sense of Congress that the United States—

(1) should work with the Community of Democracies to discuss, develop, and refine policies and assistance programs to support and promote political,
economic, judicial, educational, and social reforms in Muslim countries;

(2) should, as part of that effort, secure support to require countries seeking membership in the Community of Democracies to be in full compliance with the Community’s criteria for participation, as established by the Community’s Convening Group, should work to ensure that the criteria are part of a legally binding document, and should urge other donor countries to use compliance with the criteria as a basis for determining diplomatic and economic relations (including assistance programs) with such participating countries; and

(3) should seek support for international contributions to the Community of Democracies and should seek authority for the Community’s Convening Group to oversee adherence and compliance of participating countries with the criteria.

(b) Middle East Partnership Initiative and Broader Middle East and North Africa Initiative.—Amounts made available to carry out the Middle East Partnership Initiative and the Broader Middle East and North Africa Initiative may be made available to the Community of Democracies in order to strengthen and expand its work with Muslim countries.
(c) REPORT.—The Secretary of State shall include in the annual report entitled “Supporting Human Rights and Democracy: The U.S. Record” a description of efforts by the Community of Democracies to support and promote political, economic, judicial, educational, and social reforms in Muslim countries and the extent to which such countries meet the criteria for participation in the Community of Democracies.

Subtitle H—Improving International Standards and Co-operation to Fight Terrorist Financing

SEC. 4111. SENSE OF THE CONGRESS REGARDING SUCCESS IN MULTILATERAL ORGANIZATIONS.

(a) FINDINGS.—The Congress finds as follows:

(1) The global war on terrorism and cutting off terrorist financing is a policy priority for the United States and its partners, working bilaterally and multilaterally through the United Nations (UN), the UN Security Council and its Committees, such as the 1267 and 1373 Committees, the Financial Action Task Force (FATF) and various international financial institutions, such as the International Monetary Fund (IMF), the International Bank for Reconstruction and Development (IBRD), and the regional multilateral development banks, and other multilateral fora.

(2) The Secretary of the Treasury has engaged the international financial community in the global fight against terrorist financing. Specifically, the Department of the Treasury helped redirect the focus of
the Financial Action Task Force on the new threat
posed by terrorist financing to the international fi-
nancial system, resulting in the establishment of the
FATF’s Eight Special Recommendations on Terrorist
Financing as the international standard on com-
bating terrorist financing. The Secretary of the Treas-
ury has engaged the Group of Seven and the Group
of Twenty Finance Ministers to develop action plans
to curb the financing of terror. In addition, other eco-
nomic and regional fora, such as the Asia-Pacific
Economic Cooperation (APEC) Forum, the Western
Hemisphere Financial Ministers, have been used to
marshal political will and actions in support of coun-
tering the financing of terrorism (CFT) standards.

(3) FATF’s Forty Recommendations on Money
Laundering and the Eight Special Recommendations
on Terrorist Financing are the recognized global
standards for fighting money laundering and terrorist
financing. The FATF has engaged in an assessment
process for jurisdictions based on their compliance
with these standards.

(4) In March 2004, the IMF and IBRD Boards
agreed to make permanent a pilot program of collabor-
ation with the FATF to assess global compliance
with the FATF Forty Recommendations on Money
Laundering and the Eight Special Recommendations on Terrorist Financing. As a result, anti-money laundering (AML) and combating the financing of terrorism (CFT) assessments are now a regular part of their Financial Sector Assessment Program (FSAP) and Offshore Financial Center assessments, which provide for a comprehensive analysis of the strength of a jurisdiction’s financial system. These reviews assess potential systemic vulnerabilities, consider sectoral development needs and priorities, and review the state of implementation of and compliance with key financial codes and regulatory standards, among them the AML and CFT standards.

(5) To date, 70 FSAPs have been conducted, with over 24 of those incorporating AML and CFT assessments. The international financial institutions (IFIs), the FATF, and the FATF-style regional bodies together are expected to assess AML and CFT regimes in up to 40 countries or jurisdictions per year. This will help countries and jurisdictions identify deficiencies in their AML and CFT regimes and help focus technical assistance (TA) efforts.

(6) TA programs from the United States and other nations, coordinated with the Department of State and other departments and agencies, are play-
ing an important role in helping countries and jurisdic-
tions address shortcomings in their AML and CFT 
regimes and bringing their regimes into conformity 
with international standards. Training is coordinated 
within the United States Government, which leverages 
multilateral organizations and bodies and interna-
tional financial institutions to internationalize the 
conveyance of technical assistance.

(7) In fulfilling its duties in advancing incorpor-
ration of AML and CFT standards into the IFIs as 
part of the IFIs’ work on protecting the integrity of 
the international monetary system, the Department of 
the Treasury, under the guidance of the Secretary of 
the Treasury, has effectively brought together all of the 
key United States Government agencies. In par-
ticular, United States Government agencies continue 
to work together to foster broad support for this im-
portant undertaking in various multilateral fora, and 
United States Government agencies recognize the need 
for close coordination and communication within our 
own government.

(b) SENSE OF THE CONGRESS.—It is the sense of the 
Congress that the Secretary of the Treasury should continue 
to promote the dissemination of international AML and 
CFT standards, and to press for full implementation of the
FATF 40 + 8 Recommendations by all countries in order to curb financial risks and hinder terrorist financing around the globe.

SEC. 4112. EXPANDED REPORTING AND TESTIMONY REQUIREMENTS FOR THE SECRETARY OF THE TREASURY.

(a) REPORTING REQUIREMENTS.—Section 1503(a) of the International Financial Institutions Act (22 U.S.C. 2620-2(a)) is amended by adding at the end the following new paragraph:

“(A) foster strong global anti-money laundering (AML) and combat the financing of terrorism (CFT) regimes;

(b) TESTIMONY.—Section 1705(b) of such Act (22 U.S.C. 262r-4(b)) is amended—

(2) by striking the period at the end of paragraph (3) and inserting “; and” and

(3) by adding at the end the following:

“(4) the status of implementation of international anti-money laundering and counter-terrorist financing standards by the International Monetary Fund, the multilateral development banks, and other multilateral financial policymaking bodies.”.

SEC. 4113. COORDINATION OF UNITED STATES GOVERNMENT EFFORTS.

The Secretary of the Treasury, or the designee of the Secretary as the lead United States Government official to the Financial Action Task Force (FATF), shall continue to convene the interagency United States Government FATF working group. This group, which includes rep-
resentatives from all relevant federal agencies, shall meet at least once a year to advise the Secretary on policies to be pursued by the United States regarding the development of common international AML and CFT standards, to assess the adequacy and implementation of such standards, and to recommend to the Secretary improved or new standards as necessary.

(1) INTERNATIONAL FINANCIAL INSTITUTIONS.—The term “international financial institutions” has the meaning given in section 1701(c)(2) of the International Financial Institutions Act.

(2) FINANCIAL ACTION TASK FORCE.—The term “Financial Action Task Force” means the international policy-making and standard-setting body dedicated to combating money laundering and terrorist financing that was created by the Group of Seven in 1989.
TITLE V—GOVERNMENT RESTRUCTURING
Subtitle A—Faster and Smarter Funding for First Responders

SEC. 5001. SHORT TITLE.
This subtitle may be cited as the “Faster and Smarter Funding for First Responders Act of 2004”.

SEC. 5002. FINDINGS.
The Congress finds the following:
(1) In order to achieve its objective of minimizing the damage, and assisting in the recovery, from terrorist attacks, the Department of Homeland Security must play a leading role in assisting communities to reach the level of preparedness they need to respond to a terrorist attack.

(2) First responder funding is not reaching the men and women of our Nation’s first response teams quickly enough, and sometimes not at all.

(3) To reform the current bureaucratic process so that homeland security dollars reach the first responders who need it most, it is necessary to clarify and consolidate the authority and procedures of the Department of Homeland Security that support first responders.
(4) Ensuring adequate resources for the new national mission of homeland security, without degrading the ability to address effectively other types of major disasters and emergencies, requires a discrete and separate grant making process for homeland security funds for first response to terrorist acts, on the one hand, and for first responder programs designed to meet pre-September 11 priorities, on the other.

(5) While a discrete homeland security grant making process is necessary to ensure proper focus on the unique aspects of terrorism prevention, preparedness, and response, it is essential that State and local strategies for utilizing such grants be integrated, to the greatest extent practicable, with existing State and local emergency management plans.

(6) Homeland security grants to first responders must be based on the best intelligence concerning the capabilities and intentions of our terrorist enemies, and that intelligence must be used to target resources to the Nation’s greatest threats, vulnerabilities, and consequences.

(7) The Nation’s first response capabilities will be improved by sharing resources, training, planning, personnel, and equipment among neighboring jurisdictions through mutual aid agreements and regional
cooperation. Such regional cooperation should be supported, where appropriate, through direct grants from the Department of Homeland Security.

(8) An essential prerequisite to achieving the Nation’s homeland security objectives for first responders is the establishment of well-defined national goals for terrorism preparedness. These goals should delineate the essential capabilities that every jurisdiction in the United States should possess or to which it should have access.

(9) A national determination of essential capabilities is needed to identify levels of State and local government terrorism preparedness, to determine the nature and extent of State and local first responder needs, to identify the human and financial resources required to fulfill them, and to direct funding to meet those needs and to measure preparedness levels on a national scale.

(10) To facilitate progress in achieving, maintaining, and enhancing essential capabilities for State and local first responders, the Department of Homeland Security should seek to allocate homeland security funding for first responders to meet nationwide needs.
(11) Private sector resources and citizen volunteers can perform critical functions in assisting in preventing and responding to terrorist attacks, and should be integrated into State and local planning efforts to ensure that their capabilities and roles are understood, so as to provide enhanced State and local operational capability and surge capacity.

(12) Public-private partnerships, such as the partnerships between the Business Executives for National Security and the States of New Jersey and Georgia, can be useful to identify and coordinate private sector support for State and local first responders. Such models should be expanded to cover all States and territories.

(13) An important aspect of essential capabilities is measurability, so that it is possible to determine how prepared a State or local government is now, and what additional steps it needs to take, in order to respond to acts of terrorism.

(14) The Department of Homeland Security should establish, publish, and regularly update national voluntary consensus standards for both equipment and training, in cooperation with both public and private sector standard setting organizations, to assist State and local governments in obtaining the

“(c) MULTIPLE-PURPOSE FUNDS.—Nothing in this section shall be construed to preclude State and local governments from using covered grant funds in a manner that
also enhances first responder preparedness for emergencies and disasters unrelated to acts of terrorism, if such use assists such governments in achieving essential capabilities for terrorism preparedness established by the Secretary under section 1803.

“(d) Reimbursement of Costs.—In addition to the activities described in subsection (a), a covered grant may be used to provide a reasonable stipend to paid-on-call or volunteer first responders who are not otherwise compensated for travel to or participation in training covered by this section. Any such reimbursement shall not be considered compensation for purposes of rendering such a first responder an employee under the Fair Labor Standards Act of 1938 (29 U.S.C. 201 et seq.).

“(e) Assistance Requirement.—The Secretary may not request that equipment paid for, wholly or in part, with funds provided as a covered grant be made available for responding to emergencies in surrounding States, regions, and localities, unless the Secretary undertakes to pay the costs directly attributable to transporting and operating such equipment during such response.

“(f) Flexibility in Unspent Homeland Security Grant Funds.—Upon request by the recipient of a covered grant, the Secretary may authorize the grantee to transfer all or part of funds provided as the covered grant from uses
specified in the grant agreement to other uses authorized under this section, if the Secretary determines that such transfer is in the interests of homeland security.

“(g) STATE, REGIONAL, AND TRIBAL RESPONSIBILITIES.—

“(1) PASS-THROUGH.—The Secretary shall require a recipient of a covered grant that is a State to obligate or otherwise make available to local governments, first responders, and other local groups, to the extent required under the State homeland security plan or plans specified in the application for the grant, not less than 80 percent of the grant funds, resources purchased with the grant funds having a value equal to at least 80 percent of the amount of the grant, or a combination thereof, by not later than the end of the 45-day period beginning on the date the grant recipient receives the grant funds.

“(2) COST SHARING.—

“(A) IN GENERAL.—The Federal share of the costs of an activity carried out with a covered grant to a State, region, or directly eligible tribe awarded after the 2-year period beginning on the date of the enactment of this section shall not exceed 75 percent.
“(B) INTERIM RULE.—The Federal share of the costs of an activity carried out with a covered grant awarded before the end of the 2-year period beginning on the date of the enactment of this section shall be 100 percent.

“(C) IN-KIND MATCHING.—Each recipient of a covered grant may meet the matching requirement under subparagraph (A) by making in-kind contributions of goods or services that are directly linked with the purpose for which the grant is made, including, but not limited to, any necessary personnel overtime, contractor services, administrative costs, equipment fuel and maintenance, and rental space.

“(3) CERTIFICATIONS REGARDING DISTRIBUTION OF GRANT FUNDS TO LOCAL GOVERNMENTS.—Any State that receives a covered grant shall certify to the Secretary, by not later than 30 days after the expiration of the period described in paragraph (1) with respect to the grant, that the State has made available for expenditure by local governments, first responders, and other local groups the required amount of grant funds pursuant to paragraph (1).

“(4) QUARTERLY REPORT ON HOMELAND SECURITY SPENDING.—The Federal share described in
paragraph (2)(A) may be increased by up to 2 percent for any State, region, or directly eligible tribe that, not later than 30 days after the end of each fiscal quarter, submits to the Secretary a report on that fiscal quarter. Each such report must include, for each recipient of a covered grant or a pass-through under paragraph (1)—

“(A) the amount obligated to that recipient in that quarter;

“(B) the amount expended by that recipient in that quarter; and

“(C) a summary description of the items purchased by such recipient with such amount.

“(5) ANNUAL REPORT ON HOMELAND SECURITY SPENDING.—Each recipient of a covered grant shall submit an annual report to the Secretary not later than 60 days after the end of each fiscal year. Each recipient of a covered grant that is a region must simultaneously submit its report to each State of which any part is included in the region. Each recipient of a covered grant that is a directly eligible tribe must simultaneously submit its report to each State within the boundaries of which any part of such tribe is located. Each report must include the following:
“(A) The amount, ultimate recipients, and dates of receipt of all funds received under the grant during the previous fiscal year.

“(B) The amount and the dates of disbursements of all such funds expended in compliance with paragraph (1) or pursuant to mutual aid agreements or other sharing arrangements that apply within the State, region, or directly eligible tribe, as applicable, during the previous fiscal year.

“(C) How the funds were utilized by each ultimate recipient or beneficiary during the preceding fiscal year.

“(D) The extent to which essential capabilities identified in the applicable State homeland security plan or plans were achieved, maintained, or enhanced as the result of the expenditure of grant funds during the preceding fiscal year.

“(E) The extent to which essential capabilities identified in the applicable State homeland security plan or plans remain unmet.

“(6) Inclusion of Restricted Annexes.—A recipient of a covered grant may submit to the Secretary an annex to the annual report under para-
graph (5) that is subject to appropriate handling restrictions, if the recipient believes that discussion in the report of unmet needs would reveal sensitive but unclassified information.

“(7) Provision of reports.—The Secretary shall ensure that each annual report under paragraph (5) is provided to the Under Secretary for Emergency Preparedness and Response and the Director of the Office for Domestic Preparedness.

“(h) Incentives to Efficient Administration of Homeland Security Grants.—

“(1) Penalties for delay in passing through local share.—If a recipient of a covered grant that is a State fails to pass through to local governments, first responders, and other local groups funds or resources required by subsection (g)(1) within 45 days after receiving funds under the grant, the Secretary may—

“(A) reduce grant payments to the grant recipient from the portion of grant funds that is not required to be passed through under subsection (g)(1);

“(B) terminate payment of funds under the grant to the recipient, and transfer the appropriate portion of those funds directly to local
first responders that were intended to receive funding under that grant; or

“(C) impose additional restrictions or burdens on the recipient’s use of funds under the grant, which may include—

“(i) prohibiting use of such funds to pay the grant recipient’s grant-related overtime or other expenses;

“(ii) requiring the grant recipient to distribute to local government beneficiaries all or a portion of grant funds that are not required to be passed through under subsection (g)(1); or

“(iii) for each day that the grant recipient fails to pass through funds or resources in accordance with subsection (g)(1), reducing grant payments to the grant recipient from the portion of grant funds that is not required to be passed through under subsection (g)(1), except that the total amount of such reduction may not exceed 20 percent of the total amount of the grant.

“(2) EXTENSION OF PERIOD.—The Governor of a State may request in writing that the Secretary ex-
tend the 45-day period under section 1805(e)(5)(E) or paragraph (1) for an additional 15-day period. The Secretary may approve such a request, and may extend such period for additional 15-day periods, if the Secretary determines that the resulting delay in providing grant funding to the local government entities that will receive funding under the grant will not have a significant detrimental impact on such entities’ terrorism preparedness efforts.

“(3) PROVISION OF NON-LOCAL SHARE TO LOCAL GOVERNMENT.—

“(A) IN GENERAL.—The Secretary may upon request by a local government pay to the local government a portion of the amount of a covered grant awarded to a State in which the local government is located, if—

“(i) the local government will use the amount paid to expedite planned enhancements to its terrorism preparedness as described in any applicable State homeland security plan or plans;

“(ii) the State has failed to pass through funds or resources in accordance with subsection (g)(1); and
“(iii) the local government complies with subparagraphs (B) and (C).

“(B) SHOWING REQUIRED.—To receive a payment under this paragraph, a local government must demonstrate that—

“(i) it is identified explicitly as an ultimate recipient or intended beneficiary in the approved grant application;

“(ii) it was intended by the grantee to receive a severable portion of the overall grant for a specific purpose that is identified in the grant application;

“(iii) it petitioned the grantee for the funds or resources after expiration of the period within which the funds or resources were required to be passed through under subsection (g)(1); and

“(iv) it did not receive the portion of the overall grant that was earmarked or designated for its use or benefit.

“(C) EFFECT OF PAYMENT.—Payment of grant funds to a local government under this paragraph—
“(i) shall not affect any payment to another local government under this paragraph; and

“(ii) shall not prejudice consideration of a request for payment under this paragraph that is submitted by another local government.

“(D) DEADLINE FOR ACTION BY SECRETARY.—The Secretary shall approve or disapprove each request for payment under this paragraph by not later than 15 days after the date the request is received by the Department.

“(i) REPORTS TO CONGRESS.—The Secretary shall submit an annual report to the Congress by December 31 of each year—

“(1) describing in detail the amount of Federal funds provided as covered grants that were directed to each State, region, and directly eligible tribe in the preceding fiscal year;

“(2) containing information on the use of such grant funds by grantees; and

“(3) describing—

“(A) the Nation’s progress in achieving, maintaining, and enhancing the essential capabilities established under section 1803(a) as a re-
result of the expenditure of covered grant funds
during the preceding fiscal year; and

“(B) an estimate of the amount of expendi-
tures required to attain across the United States
the essential capabilities established under sec-
tion 1803(a).

“SEC. 1807. NATIONAL STANDARDS FOR FIRST RESPONDER
EQUIPMENT AND TRAINING.

“(a) Equipment Standards.—

“(1) In general.—The Secretary, in consulta-
tion with the Under Secretaries for Emergency Pre-
paredness and Response and Science and Technology
and the Director of the Office for Domestic Prepared-

enactment of this section, support the development of,
promulgate, and update as necessary national vol-
untary consensus standards for the performance, use,
and validation of first responder equipment for pur-
poses of section 1805(e)(7). Such standards—

“(A) shall be, to the maximum extent prac-
ticable, consistent with any existing voluntary
consensus standards;

“(B) shall take into account, as appro-
priate, new types of terrorism threats that may
not have been contemplated when such existing standards were developed;

“(b) TRAINING STANDARDS.—

“(1) IN GENERAL.—The Secretary, in consultation with the Under Secretaries for Emergency Preparedness and Response and Science and Technology and the Director of the Office for Domestic Preparedness, shall support the development of, promulgate, and regularly update as necessary national voluntary consensus standards for first responder training carried out with amounts provided under covered grant programs, that will enable State and local government first responders to achieve optimal levels of terrorism preparedness as quickly as practicable. Such standards shall give priority to providing training to—
“(A) enable first responders to prevent, prepare for, respond to, and mitigate terrorist threats, including threats from chemical, biological, nuclear, and radiological weapons and explosive devices capable of inflicting significant human casualties; and

“(B) familiarize first responders with the proper use of equipment, including software, developed pursuant to the standards established under subsection (a).

“(2) REQUIRED CATEGORIES.—In carrying out paragraph (1), the Secretary specifically shall include the following categories of first responder activities:

“(A) Regional planning.

“(B) Joint exercises.

“(C) Intelligence collection, analysis, and sharing.

“(D) Emergency notification of affected populations.

“(E) Detection of biological, nuclear, radiological, and chemical weapons of mass destruction.

“(F) Such other activities for which the Secretary determines that national voluntary consensus training standards would be appropriate.
“(3) CONSISTENCY.—In carrying out this subsection, the Secretary shall ensure that such training standards are consistent with the principles of emergency preparedness for all hazards.

“(c) CONSULTATION WITH STANDARDS ORGANIZATIONS.—In establishing national voluntary consensus standards for first responder equipment and training under this section, the Secretary shall consult with relevant public and private sector groups, including—

“(1) the National Institute of Standards and Technology;

“(2) the National Fire Protection Association;

“(3) the National Association of County and City Health Officials;

“(4) the Association of State and Territorial Health Officials;

“(5) the American National Standards Institute;

“(6) the National Institute of Justice;

“(d) COORDINATION WITH SECRETARY OF HHS.—In establishing any national voluntary consensus standards under this section for first responder equipment or training that involve or relate to health professionals, including emergency medical professionals, the Secretary shall coordinate activities under this section with the Secretary of Health and Human Services.”.

(b) DEFINITION OF EMERGENCY RESPONSE PROVIDERS.—Paragraph (6) of section 2 of the Homeland Security Act of 2002 (Public Law 107–296; 6 U.S.C. 101(6)) is amended by striking “includes” and all that follows and inserting “includes Federal, State, and local governmental and nongovernmental emergency public safety, law enforcement, fire, emergency response, emergency medical (including hospital emergency facilities), and related personnel, organizations, agencies, and authorities.”.
(c) Temporary Limitations on Application.—

SEC. 5004. COORDINATION OF INDUSTRY EFFORTS.

Section 102(f) of the Homeland Security Act of 2002 (Public Law 107–296; 6 U.S.C. 112(f)) is amended by striking “and” after the semicolon at the end of paragraph (6), by striking the period at the end of paragraph (7) and inserting “; and”, and by adding at the end the following:
“(8) coordinating industry efforts, with respect to functions of the Department of Homeland Security, to identify private sector resources and capabilities that could be effective in supplementing Federal, State, and local government agency efforts to prevent or respond to a terrorist attack.”.

SEC. 5005. SUPERSEDED PROVISION.

This subtitle supersedes section 1014 of Public Law 107–56.

SEC. 5006. SENSE OF CONGRESS REGARDING INTEROPERABLE COMMUNICATIONS.

(a) FINDING.—The Congress finds that—

(1) many emergency response providers (as defined under section 2 of the Homeland Security Act of 2002 (6 U.S.C. 101), as amended by this Act) working in the same jurisdiction or in different jurisdictions cannot effectively and efficiently communicate with one another; and

(2) their inability to do so threatens the public’s safety and may result in unnecessary loss of lives and property.

(b) SENSE OF CONGRESS.—It is the sense of the Congress that interoperable emergency communications systems and radios should continue to be deployed as soon as practicable for use by the emergency response provider commu-
nity, and that upgraded and new digital communications systems and new digital radios must meet prevailing national, voluntary consensus standards for interoperability.

SEC. 5007. SENSE OF CONGRESS REGARDING CITIZEN CORPS COUNCILS.

(a) FINDING.—The Congress finds that Citizen Corps councils help to enhance local citizen participation in terrorism preparedness by coordinating multiple Citizen Corps programs, developing community action plans, assessing possible threats, and identifying local resources.

(b) SENSE OF CONGRESS.—It is the sense of the Congress that individual Citizen Corps councils should seek to enhance the preparedness and response capabilities of all organizations participating in the councils, including by providing funding to as many of their participating organizations as practicable to promote local terrorism preparedness programs.

SEC. 5008. STUDY REGARDING NATIONWIDE EMERGENCY NOTIFICATION SYSTEM.

(a) STUDY.—The Secretary of Homeland Security, in consultation with the heads of other appropriate Federal agencies and representatives of providers and participants in the telecommunications industry, shall conduct a study to determine whether it is cost-effective, efficient, and fea-
sible to establish and implement an emergency telephonic
alert notification system that will—

(1) alert persons in the United States of immi-

tent or current hazardous events caused by acts of
terrorism; and

(2) provide information to individuals regarding
appropriate measures that may be undertaken to al-
leviate or minimize threats to their safety and welfare
posed by such events.

(b) TECHNOLOGIES TO CONSIDER.—In conducting the
study, the Secretary shall consider the use of the telephone,
wireless communications, and other existing communica-
tions networks to provide such notification.

(c) REPORT.—Not later than 9 months after the date
of the enactment of this Act, the Secretary shall submit to
the Congress a report regarding the conclusions of the study.

SEC. 5009. REQUIRED COORDINATION.

The Secretary of Homeland Security shall ensure that
there is effective and ongoing coordination of Federal efforts
to prevent, prepare for, and respond to acts of terrorism
and other major disasters and emergencies among the divi-
sions of the Department of Homeland Security, including
the Directorate of Emergency Preparedness and Response
and the Office for State and Local Government Coordina-
tion and Preparedness.
SECTION 5010. STUDY OF EXPANSION OF AREA OF JURISDICTION OF OFFICE OF NATIONAL CAPITAL REGION COORDINATION.

(a) STUDY.—The Secretary of Homeland Security, acting through the Director of the Office of National Capital Region Coordination, shall conduct a study of the feasibility and desirability of modifying the definition of “National Capital Region” applicable under section 882 of the Homeland Security Act of 2002 to expand the geographic area under the jurisdiction of the Office of National Capital Region Coordination.

(b) FACTORS.—In conducting the study under subsection (a), the Secretary shall analyze whether expanding the geographic area under the jurisdiction of the Office of National Region Coordination will—

(1) promote coordination among State and local governments within the Region, including regional governing bodies, and coordination of the efforts of first responders; and

(2) enhance the ability of such State and local governments and the Federal Government to prevent and respond to a terrorist attack within the Region.

(c) REPORT.—Not later than 6 months after the date of the enactment of this Act, the Secretary shall submit a report to Congress on the study conducted under subsection (a), and shall include in the report such recommendations
(including recommendations for legislation to amend section 882 of the Homeland Security Act of 2002) as the Secretary considers appropriate.

SEC. 5011. DIGITAL TELEVISION CONVERSION DEADLINE.

(a) FINDINGS.—The Congress finds the following:

(1) Congress granted television broadcasters additional 6 MHz blocks of spectrum to transmit digital broadcasts simultaneously with the analog broadcasts they transmit on their original 6 megahertz blocks of spectrum.

(2) Section 309(j)(14) of the Communications Act of 1934 requires each television broadcaster to cease analog transmissions and return 6 megahertz of spectrum by December 31, 2006, or once just over 85 percent of the television households in that broadcaster’s market can view digital broadcast television channels using a digital television, a digital-to-analog-converter box, cable service, or satellite service, whichever is later.

(3) Twenty-four megahertz of spectrum currently occupied by the television broadcasters has been earmarked for use by first responders once the television broadcasters return the spectrum broadcasters currently use to provide analog transmissions.
(4) This spectrum would be ideal to provide first responders with interoperable communications channels.

(5) Large parts of the vacated spectrum could be auctioned for advanced commercial services, such as wireless broadband.

(6) The “85-percent penetration test” could delay the termination of analog television broadcasts and the return of spectrum well beyond 2007, hindering the use of that spectrum for these important public-safety and advanced commercial uses.

(7) Proposals to require broadcasters to return, on a date certain, just the spectrum earmarked for future public-safety use would not adequately resolve the identified need for improved public-safety communications interoperability. Broadcasters estimate that the public-safety only approach would dislocate as many as 75 stations, including some in major markets, airing major network programming, sometimes even in digital form. Unless broadcasters are required to return concurrently all the spectrum currently used for analog transmissions, it will be exceedingly difficult to relocate these 75 stations, which also serve a critical public safety function by broadcasting weather, traffic, disaster, and other safety alerts.
(8) Proposals to require broadcasters to return, on a date certain, just the spectrum earmarked for future public-safety use also would neither address the digital television transition in a comprehensive fashion nor free valuable spectrum for advanced commercial services.

(b) Sense of Congress.—Now, therefore, it is the sense of Congress that section 309(j)(14) of the Communications Act of 1934 should be amended to eliminate the 85-percent penetration test and to require broadcasters to cease analog transmissions at the close of December 31, 2006, so that the spectrum can be returned and repurposed for important public-safety and advanced commercial uses.

For each such determination, the agency shall consider the following factors:

“(A) The continued need for the rule.
“(B) The nature of complaints or comments received from the public concerning the rule.

“(C) The complexity of the rule.

The list shall include a brief description of each such rule and the need for and legal basis of such rule and shall invite public comment upon the determination to be made under this subsection with respect to such rule.

“(f) Judicial review.—

“(1) In general.—For any rule subject to this section, an individual who is adversely affected or aggrieved by final agency action is entitled to judicial review of agency compliance with the requirements of subsections (b) and (c) in accordance with chapter 7. “(B) In the case where an agency delays the issuance of a final privacy impact assessment pursuant to subsection (c), an action for judicial review under this section shall be filed not later than—

agency to take corrective action consistent with this
section and chapter 7, including, but not limited to—

subsection shall be construed to limit the authority of
any court to stay the effective date of any rule or pro-
vision thereof under any other provision of law or to
grant any other relief in addition to the requirements
of this subsection.

“(6) RECORD OF AGENCY ACTION.—In an action
for the judicial review of a rule, the privacy impact
assessment for such rule, including an assessment pre-
pared or corrected pursuant to paragraph (4), shall
constitute part of the entire record of agency action
in connection with such review.

“(7) EXCLUSIVITY.—Compliance or noncompli-
ance by an agency with the provisions of this section
shall be subject to judicial review only in accordance
