SEC. 904. AMERICAN FORCES NETWORK.

(a) FINDINGS.—The Senate makes the following findings:

(1) The mission of the American Forces Radio and Television Service (AFRTS) and its American Forces Network (AFN), a worldwide radio and television broadcast network, is to deliver command information by providing United States military commanders overseas and at sea with a broadcast media
that effectively communicates information to personnel under their commands, including information from the Department of Defense, information from the Armed Forces, and information unique to the theater and localities in which such personnel are stationed or deployed.

(2) The American Forces Radio and Television Service and the American Forces Network provide a “touch of home” to members of the Armed Forces, civilian employees of the Department of Defense, and their families stationed at bases and at embassies and consulates in more than 179 countries, as well as Navy, Coast Guard, and Military Sealift Command ships at sea, by providing the same type and quality of radio and television programming (including news, information, sports, and entertainment) that would be available in the continental United States. Additionally, the American Forces Network plays an important role in enabling military commanders to disseminate official information to members of the Armed Forces and their families, thus making popularity and acceptance key factors in ensuring effective communication.

(3) It is American Forces Radio and Television Service and American Forces Network policy that, ex-
cept for the Pentagon Channel service, programming is acquired from distributors of the most popular television program airing in the continental United States. Much of the programming is provided at no cost to the United States Government. The remainder of the programming is provided at less-than-market rates to cover distributors’ costs and obligations. Depending on the audience segment or demographic targeted, programs that perform well are acquired and scheduled to maximize audiences for internal and command information exposure.

(4) American Forces Radio and Television Service and American Forces Network select programming that represents a cross-section of popular American radio and television, tailored toward the worldwide audience of the American Forces Radio and Television Service and the American Forces Network. Schedules emulate programming practices in the United States, and programs are aired in accordance with network broadcast standards. Specifically, policy on programming seeks—

(A) to provide balance and diversity;

(B) to deliver a cross-section of popular programming;
(C) to target appropriate demographics; and

(D) to maintain network broadcast standards.

(5) The “Voice Channel”, or radio programming, of the American Forces Radio and Television Service and American Forces Network is chosen to address requirements specified by the military broadcasting services and the detachment commanders of their affiliate radio stations. American Forces Network Radio makes a best faith effort to obtain the top-rated program of its sort at the time of selection, at no cost to the United States Government. American Forces Network Radio usually retains a scheduled program until it is no longer produced, too few American Forces Network affiliates choose to schedule the program locally, or a similar program so thoroughly dominates its audience in the United States that the American Forces Radio and Television Service switches to this program to offer the higher rated show to the overseas audience.

(6) American Forces Network Radio personnel review the major trade publications to monitor announcements of new programs, follow the ratings of established programs, and keep aware of program-
ming trends. When a program addressing a need identified by a Military Broadcasting Service or an American Forces Network affiliate becomes available to the American Forces Network, or a program seems especially worthy of consideration, American Forces Network Radio informs the affiliates and supplies samples to gauge affiliate interest. If affiliates commit to broadcasting the new show, American Forces Network Radio seeks to schedule it.

(7) The managers of the American Forces Radio and Television Service continually update their programming options and, in November 2005, decided to include additional programs that meet the criteria that American Forces Radio and Television Service managers apply to such decisions, and that, consistent with American Forces Radio and Television Service and American Forces Network procedures, local programmers at 33 locations around the globe decide which programs actually are broadcast. American Forces Radio and Television Service have consistently sought to provide a broad, high quality range of choices for local station managers.

(b) SENSE OF SENATE.—It is the sense of the Senate that—
(1) the men and women of the American Forces Radio and Television Service and the Armed Forces Network should be commended for providing a vital service to the military community worldwide; and

(2) the programming mission, themes, and practices of the Department of Defense with respect to its television and radio programming have fairly and responsively fulfilled their mission of providing a “touch of home” to members of the Armed Forces and their families around the world and have contributed immeasurably to high morale and quality of life in the Armed Forces.

(c) AUTHORITY TO APPOINT OMBUDSMAN AS INTERMEDIARY.—The Secretary of Defense may appoint an individual to serve as ombudsman of the American Forces Network. Any ombudsman so appointed shall act as an intermediary between the staff of the American Forces Network and the Department of Defense, military commanders, and listeners to the programming of the American Forces Network.

(b) Support for Youth Organizations.—

(1) Definitions.—In this subsection—

(A) the term “Federal agency” means each department, agency, instrumentality, or other entity of the United States Government; and

(B) the term “youth organization”—

(i) means any organization that is designated by the President as an organization that is primarily intended to—

(I) serve individuals under the age of 21 years;

(II) provide training in citizenship, leadership, physical fitness, service to community, and teamwork; and
(III) promote the development of character and ethical and moral values; and

(ii) shall include—

(I) the Boy Scouts of America;

(II) the Girl Scouts of the United States of America;

(III) the Boys Clubs of America;

(IV) the Girls Clubs of America;

(V) the Young Men’s Christian Association;

(VI) the Young Women’s Christian Association;

(VIII) the United States Olympic Committee;

(IX) the Special Olympics;

(X) Campfire USA;

(XI) the Young Marines;

(XII) the Naval Sea Cadets Corps;

(XIII) 4–H Clubs;

(XIV) the Police Athletic League;

(XV) Big Brothers—Big Sisters of America; and
(XVI) National Guard Youth Challenge.

(2) IN GENERAL.—

(A) SUPPORT FOR YOUTH ORGANIZATIONS.—

(i) SUPPORT.—No Federal law (including any rule, regulation, directive, instruction, or order) shall be construed to limit any Federal agency from providing any form of support for a youth organization (including the Boy Scouts of America or any group officially affiliated with the Boy Scouts of America) that would result in that Federal agency providing less support to that youth organization (or any similar organization chartered under the chapter of title 36, United States Code, relating to that youth organization) than was provided during the preceding fiscal year. This clause shall be subject to the availability of appropriations.

(ii) YOUTH ORGANIZATIONS THAT CEASE TO EXIST.—Clause (i) shall not apply to any youth organization that ceases to exist.

(iii) WAIVERS.—The head of a Federal agency may waive the application of clause (i) to any youth organization with respect to each conviction or investigation described
under subclause (I) or (II) for a period of
not more than 2 fiscal years if—

(I) any senior officer (including
any member of the board of directors)
of the youth organization is convicted
of a criminal offense relating to the of-
ficial duties of that officer or the youth
organization is convicted of a criminal
offense; or

(II) the youth organization is the
subject of a criminal investigation re-
lating to fraudulent use or waste of
Federal funds.

(B) Types of Support.—Support de-
scribed under this paragraph shall include—

(i) holding meetings, camping events,
or other activities on Federal property;

(ii) hosting any official event of such
organization;

(iii) loaning equipment; and

(iv) providing personnel services and
logistical support.

(c) Support for Scout Jamborees.—

(1) Findings.—Congress makes the following
findings:
(A) Section 8 of article I of the Constitution of the United States commits exclusively to Congress the powers to raise and support armies, provide and maintain a Navy, and make rules for the government and regulation of the land and naval forces.

(B) Under those powers conferred by section 8 of article I of the Constitution of the United States to provide, support, and maintain the Armed Forces, it lies within the discretion of Congress to provide opportunities to train the Armed Forces.

(C) The primary purpose of the Armed Forces is to defend our national security and prepare for combat should the need arise.

(D) One of the most critical elements in defending the Nation and preparing for combat is training in conditions that simulate the preparation, logistics, and leadership required for defense and combat.

(E) Support for youth organization events simulates the preparation, logistics, and leadership required for defending our national security and preparing for combat.
(F) For example, Boy Scouts of America’s
National Scout Jamboree is a unique training
event for the Armed Forces, as it requires the
construction, maintenance, and disassembly of a
“tent city” capable of supporting tens of thous-
ands of people for a week or longer. Camporees
at the United States Military Academy for Girl
Scouts and Boy Scouts provide similar training
opportunities on a smaller scale.

(2) SUPPORT.—Section 2554 of title 10, United
States Code, is amended by adding at the end the fol-
lowing:

“(i)(1) The Secretary of Defense shall provide at least
the same level of support under this section for a national
or world Boy Scout Jamboree as was provided under this
section for the preceding national or world Boy Scout Jam-
boree.

“(2) The Secretary of Defense may waive paragraph
(1), if the Secretary—

“(A) determines that providing the support sub-
ject to paragraph (1) would be detrimental to the na-
tional security of the United States; and

“(B) reports such a determination to the Con-
gress in a timely manner, and before such support is
not provided.”.
(d) **E**QUAL **A**ccess for Youth Organizations.—

Section 109 of the Housing and Community Development Act of 1974 (42 U.S.C. 5309) is amended—

(1) in the first sentence of subsection (b) by inserting “or (e)” after “subsection (a)”; and

(2) by adding at the end the following:

“(e) **E**QUAL **A**ccess.—

“(1) **D**efinition.—In this subsection, the term ‘youth organization’ means any organization described under part B of subtitle II of title 36, United States Code, that is intended to serve individuals under the age of 21 years.

“(2) **I**n **G**eneral.—No State or unit of general local government that has a designated open forum, limited public forum, or nonpublic forum and that is a recipient of assistance under this chapter shall deny equal access or a fair opportunity to meet to, or discriminate against, any youth organization, including the Boy Scouts of America or any group officially affiliated with the Boy Scouts of America, that wishes to conduct a meeting or otherwise participate in that designated open forum, limited public forum, or non-public forum.”.

(c) LIMITATION ON SUPERSEDURE.—The provisions of this section shall not be superseded, except by a provision of law enacted after the date of the enactment of this Act which specifically repeals, modifies, or supersedes the provisions of this section.

(d) CRUEL, INHUMAN, OR DEGRADING TREATMENT OR PUNISHMENT DEFINED.—In this section, the term “cruel, inhuman, or degrading treatment or punishment” means the cruel, unusual, and inhumane treatment or punishment prohibited by the Fifth, Eighth, and Fourteenth Amendments to the Constitution of the United States, as defined in the United States Reservations, Declarations and Understandings to the United Nations Convention Against Torture and Other Forms of Cruel, Inhuman or Degrading Treatment or Punishment done at New York, December 10, 1984.

SEC. 1076. POLICY OF THE UNITED STATES ON THE INTER-CONTINENTAL BALLISTIC MISSILE FORCE.

(a) FINDINGS.—Congress makes the following findings:

(1) Consistent with warhead levels agreed to in the Moscow Treaty, the United States is modifying
the capacity of the Minuteman III intercontinental ballistic missile (ICBM) from its prior capability to carry up to 3 independent reentry vehicles (RVs) to carry as few as a single reentry vehicle, a process known as downloading.

(2) A series of Department of Defense studies of United States strategic forces, including the 2001 Nuclear Posture Review, has confirmed the continued need for 500 intercontinental ballistic missiles.

(3) In a potential nuclear crisis it is important that the nuclear weapons systems of the United States be configured so as to discourage other nations from making a first strike.

(4) The intercontinental ballistic missile force is currently being considered as part of the deliberations of the Department of Defense for the Quadrennial Defense Review.

(b) STATEMENT OF UNITED STATES POLICY.—It is the policy of the United States to continue to deploy a force of 500 intercontinental ballistic missiles, provided that unanticipated strategic developments may compel the United States to make changes to this force structure in the future.

(c) MOSCOW TREATY DEFINED.—In this section, the term “Moscow Treaty” means the Treaty Between the United States of America and the Russian Federation on

Reg. 16187) and consistent with the resolution of ratification of the Chemical Weapons convention, may be employed by members of the Armed Forces in war in defensive military modes to save lives, including the illustrative purposes cited in Executive Order 11850.

SEC. 1081. DRUG TRAFFICKING DETERRENCE.

(a) FINDINGS.—

(1) According to the Department of State, drug trafficking organizations shipped approximately nine tons of cocaine to the United States through the Dominican Republic in 2004, and are increasingly using small, high-speed watercraft.

(2) Drug traffickers use the Caribbean corridor to smuggle narcotics to the United States via Puerto Rico and the Dominican Republic. This route is ideal for drug trafficking because of its geographic expanse, numerous law enforcement jurisdictions and fragmented investigative efforts.

(3) The tethered aerostat system in Lajas, Puerto Rico contributes to deterring and detecting smugglers moving illicit drugs into Puerto Rico. The aerostat’s range and operational capabilities allow it to provide surveillance coverage of the eastern Caribbean corridor and the strategic waterway between Puerto Rico
and the Dominican Republic, known as the Mona Passage.

(4) Including maritime radar on the Lajas aerostat will expand its ability to detect suspicious vessels in the eastern Caribbean corridor.

(b) Sense of the Senate.—Given the above findings, it is the Sense of the Senate that—

(1) Congress and the Department of Defense fully fund the Counter-Drug Tethered Aerostat program.

(2) Department of Defense install maritime radar on the Lajas, Puerto Rico aerostat.

(2) expresses its support for all appropriate measures to strengthen the Nuclear Non-Proliferation Treaty and to attain its objectives; and

(3) calls on all parties to the Nuclear Non-Proliferation Treaty—

(A) to insist on strict compliance with the non-proliferation obligations of the Nuclear Non-Proliferation Treaty and to undertake effective enforcement measures against states that are in violation of their obligations under the Treaty;
(B) to agree to establish more effective controls on enrichment and reprocessing technologies that can be used to produce materials for nuclear weapons;

(C) to expand the ability of the International Atomic Energy Agency to inspect and monitor compliance with safeguard agreements and standards to which all states should adhere through existing authority and the additional protocols signed by the states party to the Nuclear Non-Proliferation Treaty;

(D) to demonstrate the international community’s unified opposition to a nuclear weapons program in Iran by—

(ii) using all appropriate diplomatic means at their disposal to convince the Government of Iran to abandon its uranium enrichment program;

ible disarmament of North Korea’s nuclear weapons programs and to use all appropriate diplomatic means to achieve this result;

SEC. 1210. THE UNITED STATES-CHINA ECONOMIC AND SECURITY REVIEW COMMISSION.

(a) FINDINGS.—Congress finds the following:

(1) The 2004 Report to Congress of the United States-China Economic and Security Review Commission states that—

(A) China’s State-Owned Enterprises (SOEs) lack adequate disclosure standards, which creates the potential for United States investors to unwittingly contribute to enterprises that are involved in activities harmful to United States security interests;

(B) United States influence and vital long-term interests in Asia are being challenged by China’s robust regional economic engagement and diplomacy;

(C) the assistance of China and North Korea to global ballistic missile proliferation is extensive and ongoing;
(D) China’s transfers of technology and components for weapons of mass destruction (WMD) and their delivery systems to countries of concern, including countries that support acts of international terrorism, has helped create a new tier of countries with the capability to produce WMD and ballistic missiles;

(E) the removal of the European Union arms embargo against China that is currently under consideration in the European Union would accelerate weapons modernization and dramatically enhance Chinese military capabilities;

(F) China is developing a leading-edge military with the objective of intimidating Taiwan and deterring United States involvement in the Strait, and China’s qualitative and quantitative military advancements have already resulted in a dramatic shift in the cross-Strait military balance toward China; and

(G) China’s growing energy needs are driving China into bilateral arrangements that undermine multilateral efforts to stabilize oil supplies and prices, and in some cases may involve dangerous weapons transfers.
(2) On March 14, 2005, the National People’s Congress approved a law that would authorize the use of force if Taiwan formally declares independence.

(b) Sense of Congress.—

(1) Plan.—It is the sense of Congress that the President should take immediate steps to establish a coherent and comprehensive plan to address the emergence of China economically, diplomatically, and militarily, to promote mutually beneficial trade relations with China, and to encourage China’s adherence to international norms in the areas of trade, international security, and human rights.

(2) Contents.—The plan should contain the following:

(A) Actions to address China’s policy of undervaluing its currency, including—

(i) encouraging China to continue to upwardly revalue the Chinese yuan against the United States dollar;

(ii) allowing the yuan to float against a trade-weighted basket of currencies; and

(iii) concurrently encouraging United States trading partners with similar interests to join in these efforts.
(B) Actions to make better use of the World Trade Organization (WTO) dispute settlement mechanism and applicable United States trade laws to redress China’s trade practices, including exchange rate manipulation, denial of trading and distribution rights, insufficient intellectual property rights protection, objectionable labor standards, subsidization of exports, and forced technology transfers as a condition of doing business. The United States Trade Representative should consult with our trading partners regarding any trade dispute with China.

(C) Actions to encourage United States diplomatic efforts to identify and pursue initiatives to revitalize United States engagement in East Asia. The initiatives should have a regional focus and complement bilateral efforts. The Asia-Pacific Economic Cooperation forum (APEC) offers a ready mechanism for pursuit of such initiatives.

(D) Actions by the administration to work with China to prevent proliferation of prohibited technologies and to secure China’s agreement to renew efforts to curtail North Korea’s commercial export of ballistic missiles.
(E) Actions by the Secretaries of State and Energy to consult with the International Energy Agency with the objective of upgrading the current loose experience-sharing arrangement whereby China engages in some limited exchanges with the organization, to a more structured arrangement.

(F) Actions by the administration to develop a coordinated, comprehensive national policy and strategy designed to maintain United States scientific and technological leadership and competitiveness, in light of the rise of China and the challenges of globalization.

(G) Actions to review laws and regulations governing the Committee on Foreign Investment in the United States (CFIUS), including exploring whether the definition of national security should include the potential impact on national economic security as a criterion to be reviewed, and whether the chairmanship of CFIUS should be transferred from the Secretary of the Treasury to a more appropriate executive branch agency.

(H) Actions by the President and the Secretaries of State and Defense to press strongly
their European Union counterparts to maintain the EU arms embargo on China.

(I) Actions by the administration to discourage foreign defense contractors from selling sensitive military use technology or weapons systems to China. The administration should provide a comprehensive annual report to the appropriate committees of Congress on the nature and scope of foreign military sales to China, particularly sales by Russia and Israel.

ance, and Security Indicators to Conditions for Sta-

bilizing Iraq), and any subsequent updates to that 

campaign plan, that must be met in order to provide 

for the transition of security responsibility to Iraqi 

security forces.

(4) To the extent that these conditions are not 

covered under paragraph (3), the following should 

also be addressed:

(A) The number of battalions of the Iraqi 

Armed Forces that must be able to operate inde-

pendently or to take the lead in

SEC. 2885. ONE-YEAR EXTENSION OF DEPARTMENT OF DEFENSE LABORATORY REVITALIZATION PROGRAM.

† HR 1815 EAS
SEC. 2886. SENSE OF CONGRESS ON ESTABLISHMENT OF

BAKERS CREEK MEMORIAL.

(a) FINDINGS.—Congress makes the following findings:

(1) In 1943 and 1944, the United States Armed Forces operated a rest and relaxation facility in Mackay, Queensland, Australia, for troops serving in the Pacific Theater during World War II.

(2) On June 14, 1943, a Boeing B–17C was transporting 6 crew members and 35 servicemen from Mackay to Port Moresby, New Guinea, to return the servicemen to duty after 10 days of rest and relaxation leave at an Army/Red Cross facility.

(3) The aircraft crashed shortly after take-off at Bakers Creek, Australia, killing all 6 crew members and 34 of the 35 servicemen being transported in what was at that point the worst crash in American air transport history, and what remains the worst air disaster in Australian history.

(4) Due to wartime censorship rules related to the movement of troops, the tragic crash and loss of life were not reported to the Australian or United States public.

(5) Many family members of those killed did not learn the circumstances of the troops deaths until they were contacted by the Bakers Creek Memorial Foundation beginning in 1992.
(6) As of May 2005, the Bakers Creek Memorial
Foundation had contacted 36 of the 40 families that
lost loved ones in the tragic crash, and was con-
tinuing efforts to locate the remaining four families
to inform them of the true events of the crash at
Bakers Creek.

(7) The Australian people marked the tragic
crash at Bakers Creek with a memorial established in
1992, but no similar memorial has been established in
the United States.

(b) SENSE OF CONGRESS.—It is the sense of Congress
that the Secretary of the Army may establish an appro-
priate marker, at a site to be chosen at the discretion of
the Secretary, to commemorate the 40 members of the
United States Armed Forces who lost their lives in the air
crash at Bakers Creek, Australia, on June 14, 1943.

(2) the Department of Defense should work with other Federal agencies to provide community impact assistance to those communities directly impacted by the location of the outlying landing field, including, where appropriate—

(A) economic development assistance;

(ii) for any property that is not a site described in clause (i), the date on which each appropriate State and tribal government official concurs with the identification.

(B) FAILURE TO ACT.—The Administrator, or a State or tribal government official, shall be considered to concur with an identification under paragraph (1) if the Administrator or government official fails to make a determination with respect to a request for concurrence with such identification under paragraph (2)(B) by not later than 90 days after the date on which such request for concurrence is received.

(b) EXPEDITING ENVIRONMENTAL RESPONSE.—The Secretary of Defense shall coordinate with appropriate Federal, State, tribal, and local governmental officials, as determined by the Secretary, to expedite environmental response at military installations approved for closure or realign-

SEC. 2894. SENSE OF CONGRESS ON LIMITATION ON TRANS-
FER OF UNITS FROM CLOSED AND RE-
ALIGNED MILITARY INSTALLATIONS PEND-
ING READINESS OF RECEIVING LOCATIONS.

(a) FINDINGS.—
1. The Commission on Review of Overseas Mili-
tary Facility Structure of the United States, also
known as the Overseas Basing Commission, trans-
mitted a report to the President and Congress on Au-
gust 15, 2005, that discussed considerations for the re-
turn to the United States of up to 70,000 service per-
sonnel and 100,000 family members and civilian em-
ployees from overseas garrisons.
(2) The 2005 Base Closure and Realignment Commission released a report on September 8, 2005, to the President that assessed the closure and realignment decisions of the Department of Defense, which would affect 26,830 military personnel positions.

(3) Both of these reports expressed concerns that massive movements of units, service personnel, and families may disrupt unit operational effectiveness and the quality of life for family members if not carried out with adequate planning and resources.

(4) The 2005 Base Closure and Realignment Commission, in its decision to close Fort Monmouth, included a provision requiring the Secretary of Defense to provide a report that “movement of organizations, functions, or activities from Fort Monmouth to Aberdeen Proving Ground will be accomplished without disruption of their support to the Global War on Terrorism or other critical contingency operations, and that safeguards exist to ensure that necessary redundant capabilities are put in place to mitigate potential degradation of such support, and to ensure maximum retention of critical workforce”.

(5) The Overseas Basing Commission found that “base closings at home along with the return of yet additional masses of service members and dependents
from overseas will have major impact on local communities and the quality of life that can be expected. Movements abroad from established bases into new locations, or into locations already in use that will be put under pressure by increases in populations, will impact on living conditions.”

(6) The Overseas Basing Commission notes that the four most critical elements of quality of life as they relate to restructuring of the global defense posture are housing, military child education, healthcare, and service member and family services.

(7) The Overseas Basing Commission recommended that “planners must take a ‘last day-first day’ approach to the movement of units and families from one location to another”, meaning that they must maintain the support infrastructure for personnel until the last day they are in place and must have the support infrastructure in place on the first day troops arrive in the new location.

(8) The Overseas Basing Commission further recommended that it is “imperative that the ‘last day-first day’ approach should be taken whether the movement is abroad from one locale to another, from overseas to the United States, or from one base in CONUS..."
[the continental United States] to yet another as a result of base realignment and closures”.

(b) Sense of Congress.—It is the sense of Congress that the Secretary of Defense should not transfer any unit from a military installation closed or realigned due to the relocation of forces under the Integrated Global Presence and Basing Strategy or the 2005 round of defense base closure and realignment until adequate facilities and infrastructure necessary to support the unit’s mission and quality of life requirements for military families are ready for use at the receiving location.
