(3) Administrative regulations or similar actions implementing a sequestration shall be made within 120 days of the sequestration order. To the extent that formula allocations differ at different levels of budgetary resources within an account, program, project, or activity, the sequestration shall be interpreted as producing a lower total appropriation, with the remaining amount of the appropriation being obligated in a manner consistent with program allocation formulas in substantive law.

(4) Except as otherwise provided in this subtitle, obligations or budgetary resources in sequestered accounts shall be reduced only in the fiscal year in which a sequester occurs.

(5) Budgetary resources sequestered in special fund accounts and offsetting collections sequestered
in appropriation accounts shall not be available for
obligation during the fiscal year in which the seque-
tration occurs, but shall be available in subsequent
years to the extent otherwise provided in law.

(d) Submission and Availability of Reports.—
Each report required by this section shall be submitted,
in the case of CBO, to the House of Representatives, the
Senate, and OMB and, in the case of OMB, to the House
of Representatives, the Senate, and the President on the
day it is issued. On the following day a notice of the report
shall be printed in the Federal Register.

(A) In general.—On the dates specified in section 202(a), OMB shall report to the President and Congress and CBO shall report to Congress a Discretionary Sequestration Preview Report regarding discretionary sequestration based on laws enacted through those dates.

(B) President’s budget.—When the President submits the budget under section 1105 of title 31, United States Code, OMB shall calculate and the budget shall include adjustments to discretionary spending limits (and those limits as cumulatively adjusted) for the budget year and each outyear to reflect changes in concepts and definitions.

(C) Consultation.—Any determination or change under subparagraph (B) may only be
made after consultation with the Committees on Appropriations and the Budget of the House of Representatives and the Senate, and that consultation shall include written communication to such committees that affords such committees the opportunity to comment before official action is taken with respect to such changes.

(2) DISCRETIONARY.—The Discretionary Sequestration Preview Report shall set forth estimates for the current year and each subsequent year through 2009 of the applicable discretionary spending limits and an explanation of any adjustments in such limits under section 212, and a projection of budget authority exceeding discretionary caps subject to sequester.

(3) EXPLANATION OF DIFFERENCES.—The OMB reports shall explain the differences between OMB and CBO estimates for each item set forth in this subsection.

(b) DISCRETIONARY SEQUESTRATION REPORTS.—On the dates specified in section 202(a), OMB and CBO shall issue Discretionary Sequestration Reports, reflecting laws enacted through those dates, containing all of the information required in the Discretionary Sequestration Preview Reports.
(c) Final Discretionary Sequestration Reports.—

(1) Reporting requirements.—On the dates specified in section 202(a), OMB and CBO shall each issue a Final Discretionary Sequestration Report, updated to reflect laws enacted through those dates.

(2) Discretionary spending.—The Final Discretionary Sequestration Reports shall set forth estimates for each of the following:

(A) For the current year and each subsequent year through 2009; the applicable discretionary spending limits.

(B) For the current year, if applicable, and the budget year; the new budget authority and the breach, if any.

(C) The sequestration percentages necessary to eliminate the breach.

(D) For the budget year, for each account to be sequestered, the level of enacted, sequesterable budget authority and resulting estimated outlays to be sequestered.

(3) Explanation of differences.—The OMB report shall explain any differences between OMB and CBO estimates for any breach and any
required discretionary sequestration percentages.

The OMB report shall also explain differences in the amount of sequesterable resources for any budget account to be reduced if such difference is greater than $5,000,000.

(d) Economic and Technical Assumptions.—In all reports required by this section, OMB shall use the same economic and technical assumptions as used in the most recent budget submitted by the President under section 1105(a) of title 31, United States Code.

(e) Adjustments.—When OMB submits a report under this section for a fiscal year, OMB shall calculate, and the subsequent reports and budgets submitted by the President under section 1105(a) of title 31, United States Code shall include, adjustments to discretionary spending limits (and those limits as adjusted) for the fiscal year and each succeeding year.

SEC. 212. LIMITS.

(a) Discretionary Spending Limits.—As used in this subtitle, the term “discretionary spending limit” means—

(1) with respect to fiscal year 2007, $872,504,000,000 in new budget authority;

(2) with respect to fiscal year 2008, $895,358,000,000 in new budget authority;
(3) with respect to fiscal year 2009, $919,516,000,000 in new budget authority; and

(4) with respect to fiscal years following 2009, The President shall recommend and the Congress shall consider legislation setting limits for those fiscal years.

(b) Adjustments.—

(1) Emergency Spending.—If, for fiscal year 2007, 2008, or 2009, appropriations for discretionary accounts are enacted that the President designates as emergency requirements, and that the Congress so designates in statute, the adjustment shall be the total of such appropriations in discretionary accounts designated as emergency requirements, but not to exceed $90,000,000,000 for fiscal year 2007, $50,000,000,000 for 2008, and $30,000,000,000 for 2009. Appropriations designated as emergencies in excess of these limitations shall be treated as new budget authority for the purpose of calculating a breach of the discretionary spending limits.

(2) Federal Tax Gap Initiative.—If an appropriation bill or joint resolution is enacted for fiscal year 2007, 2008, or 2009, that includes $6,824,000,000 plus an additional amount for the
enhanced tax enforcement initiative of the Internal Revenue Service, the adjustment shall be the amount of budget authority in that measure for that initiative but not to exceed—

(A) with respect to fiscal year 2007, $274,000,000 in new budget authority;

(B) with respect to fiscal year 2008, $414,000,000 in new budget authority; and

(c) ENFORCEMENT.—

(1) SEQUESTRATION.—On the date specified in section 202(a), there shall be a sequestration to eliminate a budget-year breach.

(2) ELIMINATING A BREACH.—Each account shall be reduced by a dollar amount calculated by multiplying the enacted level of budget authority for that year in that account at that time by the uniform percentage necessary to eliminate a breach of the discretionary spending limit.

(3) PART-YEAR APPROPRIATIONS.—If, on the date the report is issued under paragraph (1), there is in effect an Act making continuing appropriations for part of a fiscal year for any budget account, then
the dollar sequestration calculated for that account
under paragraph (2) shall be subtracted from—

(A) the annualized amount otherwise avail-
able by law in that account under that or a sub-
sequent part-year appropriation; and

(B) when a full-year appropriation for that
account is enacted, from the amount otherwise
provided by the full-year appropriation.

(4) Look-back.—If, after June 30, an appro-
priation for the fiscal year in progress is enacted
that causes a breach for that year (after taking into
account any previous sequestration), the discre-
tionary spending limit for the next fiscal year shall
be reduced by the amount of that breach.

(5) Within-session sequestration reports
and order.—If an appropriation for a fiscal year
in progress is enacted (after Congress adjourns to
end the session for that budget year and before July
1 of that fiscal year) that causes a breach, 10 days
later CBO shall issue a report containing the infor-
mation required in section 211(c). Fifteen days after
enactment, OMB shall issue a report containing the
information required in section 211(c). On the same
day as the OMB report, the President shall issue an
order fully implementing without change all seques-
trations required by the OMB calculations set forth in that report. This order shall be effective on issuance.

(d) Estimates.—

(1) CBO estimates.—As soon as practicable after Congress completes action on any legislation providing discretionary appropriations, CBO shall provide an estimate to OMB of that legislation.

(2) OMB estimates.—Not later than 7 calendar days (excluding Saturdays, Sundays, and legal holidays) after the date of enactment of any discretionary appropriations, OMB shall transmit a report to the House of Representatives and to the Senate containing—

(A) the CBO estimate of that legislation;

(B) an OMB estimate of that legislation using current economic and technical assumptions; and

(C) an explanation of any difference between the 2 estimates.

(3) Differences.—If during the preparation of the report under paragraph (2), OMB determines that there is a difference between the OMB and CBO estimates, OMB shall consult with the Committees on the Budget of the House of Representa-
atives and the Senate regarding that difference and that consultation, to the extent practicable, shall in-
clude written communication to such committees that affords such committees the opportunity to comment before the issuance of that report.

(4) **ASSUMPTIONS AND GUIDELINES.**—OMB and CBO shall prepare estimates under this para-
graph in conformance with scoring guidelines determined after consultation among the House and Senate Committees on the Budget, CBO, and OMB.

**Subtitle C—Maximum Deficit Amount Limitation**

**SEC. 221. MAXIMUM DEFICIT AMOUNT.**

In this subtitle, the term “maximum deficit amount” means—

(A) the deficit;

(B) the maximum deficit amount; and

(C) any excess deficit amount for the budget year.

(2) Report.—OMB shall report to the President and Congress and CBO shall report to Congress estimating the budget base levels of total revenues and total budget outlays for the budget year; identifying the deficit, the maximum deficit amount,
and the amount of any deficit excess for such fiscal year, the base from which direct spending reductions are taken and the amounts and percentages by which such direct spending accounts must be reduced for the budget year, in accordance with the succeeding provisions of this part, in order to eliminate such excess based on laws enacted through those dates.

(3) Determination of Reductions.—The amounts and percentages by which accounts must be reduced for the budget year shall be determined by, subject to the exemptions set forth in section 227, the reductions necessary to eliminate the excess deficit amount for the fiscal year.

(4) Basis for Directors’ Estimates, Determinations, and Specifications.—

(A) Budget Base.—In computing the amounts and percentages by which accounts must be reduced during a fiscal year as set forth in the report required under paragraph (2) for such fiscal year, OMB and CBO shall use current economic and technical assumptions consistent with the methodology set forth in section 257 of the Balanced Budget and Enforcement Deficit Control Act of 1985.

adjusting the determinations for the
effects of any discretionary sequestration that
may be required under subtitle B.
The reconciliation report submitted under this para-
graph shall contain estimates, determinations, and
specifications for all of the items contained in the
preview report and the OMB report shall be based
on the same economic and technical assumptions
and employ the same methodologies as applied in the
supplemental budget estimates submitted under sec-
tion 1106 of title 31, United States Code, and the
CBO report shall be based on the most recent report
required by section 202(c)(2) of the Congressional
Budget Act of 1974. Estimates shall be consistent
with methodology in section 257 of the Balanced

1985. The reports shall provide for the determina-

section (a)(3).

(2) EXPLANATION OF DIFFERENCES.—The
OMB shall explain the differences between OMB
and CBO estimates for each item in the reconcili-

(c) DATES FOR SUBMISSION OF REPORTS AND

SEC. 223. CONGRESSIONAL RESPONSE TO OMB AND CBO RECONCILIATION REPORT.

(a) Reporting of Resolutions, and Reconciliation Bills and Resolutions, in the Senate.—

(1) Committee alternatives to presidential order.—For the purpose of assisting the Committees on the Budget of the House and Senate in preparing Reconciliation Directive Reports under paragraph (3) and not later than 20 days after the submission of the OMB Reconciliation Report, each standing committee of the House and Senate may submit to the Committees on the Budget of the House and Senate information of the type described in section 301(d) of the Congressional Budget Act of 1974 with respect to alternatives to the order envi-
sioned by such report insofar as such order affects
laws within the jurisdiction of the committee.

(2) CBA.—Sections 305 and 310 of the Con-
gressional Budget Act of 1974 shall apply to any bill
considered under this section, except as otherwise
provided in this section.

(3) Reconciliation directives.—On the
date specified in section 202(a), the Chairmen of the
Committees on the Budget of the House and Senate
shall submit a Reconciliation Directive Report to the
President of the Senate or the Speaker of the House
for appropriate referral to the committees of its
House; the OMB Reconciliation Report containing
the maximum deficit amount and the excess deficit
and reconciliation directives. Such directives shall—

(A) specify the total amount by which—

(i) direct spending budget authority
and outlays for such fiscal year; and

(ii) governmental receipts, other than
income taxes, estate and gift taxes, excise
taxes, payroll taxes, or tariffs, for such fis-
cal year, are to be changed; and

(B) include directives to committees to rec-
ommend changes in laws within their jurisdic-
tion to accomplish the total amount of deficit
reduction necessary to eliminate the excess deficit so that the deficit does not exceed the maximum deficit amount set forth in the OMB Reconciliation Report.

(4) RESPONSE OF COMMITTEES.—Committees directed pursuant to paragraph (3), shall submit their recommendations to comply with the directives to the Budget Committee no later than 20 days after the directives referred to in paragraph (3) are issued:

(5) BUDGET COMMITTEE ACTION.—Upon receipt of the recommendations received in response to directives referred to in paragraph (3), the Budget Committees shall report to the House and Senate, a reconciliation bill carrying out all such recommendations:

(b) LEGISLATIVE PROCEDURE.—If a Reconciliation Directive Report containing reconciliation directives to 1 or more committees to determine and recommend changes in laws, bills, or resolutions is issued in accordance with subsection (a)(3)—

(1) each such committee so directed shall make such recommendations to the Committee on the Budget of its House, which upon receiving all such recommendations, shall report to its House reconcili-
ation legislation carrying out all such recommendations without any substantive revision; and

(2) in the event that any committee fails to comply with its directive, then the Committees on the Budget may report amendments recommending changes within the jurisdiction of the noncompliant committee to achieve the changes contained in the directive.

(c) Adjustment of Budget Targets.—Upon enactment of a reconciliation bill conference report, the chairmen of the Committees on the Budget of the Senate and the House of Representatives shall revise spending and revenue levels under section 311(a) of the Congressional Budget Act of 1974 and adjust the committee allocations under section 302(a) of the Congressional Budget Act of 1974, or any other adjustments as may be appropriate to reflect any changes made in the reconciliation bill. Notwithstanding any other provision of law, the revised allocations and aggregates shall be considered to have been made under a concurrent resolution on the budget agreed to under the Congressional Budget Act of 1974, and shall be enforced under the procedures of that Act.

(d) Compliance With Reconciliation Directives.—Secondary or indirect effects of the legislative
recommendations submitted by any committee of the House of Representatives or the Senate that is directed, shall be attributed to the committee proposing the change in law, but shall not be considered for the purpose of determining compliance with such directives.

(e) Limitation on Amendments to Reconciliation Bills.—

(1) House of Representatives.—It shall not be in order in the House of Representatives to consider any amendment to a reconciliation bill if such amendment would have the effect of increasing any specific budget outlays above the level of such outlays provided in the bill (for the fiscal years covered by the reconciliation directives), or would have the effect of reducing any specific governmental receipts below the level of such governmental receipts provided in the bill (for such fiscal year), unless such amendment makes at least an equivalent reduction in other specific budget outlays, an equivalent increase in other specific governmental receipts, or an equivalent combination thereof (for such fiscal year).

(2) Senate.—It shall not be in order in the Senate to consider any amendment to a reconciliation bill if such amendment would have the effect of increasing any specific budget outlay level above
the level of such outlay reductions provided (for the
fiscal year covered) in the reconciliation directives or
would have the effect of reducing governmental re-
ceipts increases below the level of such increases in
such governmental receipts provided (for such fiscal
year) in the reconciliation directives, unless such
amendment makes a reduction in other specific
budget outlays, an increase in other specific govern-
mental receipts, or a combination thereof (for such
fiscal year) at least equivalent to any increase in
outlays or decrease in governmental receipts pro-
vided by such amendment, except that a motion to
strike a provision shall always be in order.

(3) BUDGET AUTHORITY, OUTLAYS, AND RE-
CEIPTS.—For purposes of this section, the levels of
budget authority, outlays, and governmental receipts
for a fiscal year shall be determined on the basis of
estimates made by the Committee on the Budget of
the House of Representatives or of the Senate, as
the case may be.

(4) HOUSE RULES.—The Committee on Rules
of the House of Representatives may make in order
amendments to achieve changes specified by rec-
ciliation directives if a committee or committees of
the House fail to submit recommended changes to
its Committee on the Budget pursuant to its instruction.

(f) Procedure in the Senate.—

(1) In general.—Except as provided in paragraph (2), the provisions of section 305 for the consideration in the Senate of concurrent resolutions on the budget and conference reports thereon, shall also apply to the consideration in the Senate of reconciliation bills reported under this subsection, motions in relation to a request for conference, and conference reports thereon.

(2) Senate consideration.—Consideration in the Senate on any reconciliation bill reported under this subsection, and all amendments thereto and debatable motions and appeals in connection therewith, shall be limited to not more than 20 hours.

(g) Limitation on Changes to the Social Security Act.—Notwithstanding any other provision of law, it shall not be in order in the Senate or the House of Representatives to consider any reconciliation bill, or any amendment thereto or conference report thereon, that contains recommendations with respect to the old-age, survivors, and disability insurance program established under title II of the Social Security Act.
(h) Extraneous Matter in Reconciliation Legislation.—

(1) IN GENERAL.—When the Senate is considering a reconciliation bill pursuant to this section (whether that bill originated in the Senate or the House), upon a point of order being made by any Senator against material extraneous to the instructions to a committee which is contained in any title or provision of the bill or offered as an amendment to the bill, and the point of order is sustained by the Chair, any part of said title or provision that contains material extraneous to the directives to said Committee as defined in paragraph (2), shall be deemed stricken from the bill and may not be offered as an amendment from the floor.

(2) Extraneous Provisions.—Except as provided in paragraph (3)—

(A) a provision of a reconciliation bill considered pursuant to this subsection shall be considered extraneous if such provision does not produce a decrease in outlays or an increase in governmental receipts, including changes in outlays and governmental receipts brought about by changes in the terms and conditions under
which outlays are made or governmental receipts are required to be collected;

(B) a provision that is not in the jurisdiction of the Committee with jurisdiction over said title or provision shall be considered extraneous (except that amendments reported by the Committee on the Budget to achieve compliance with reconciliation directives shall not be deemed extraneous);

(C) a provision shall be considered to be extraneous if it increases, or would increase, net outlays, or if it decreases, or would decrease, governmental receipts during a fiscal year after the fiscal years covered by such reconciliation bill; and such increases or decreases are greater than outlay reductions or governmental receipts increases resulting from other provisions in such title in such year; and

(D) a provision shall be considered extraneous if it violates section 310(g) of the Congressional Budget Act of 1974.

(3) Senate-originated provisions.—A Senate-originated provision shall not be considered extraneous under paragraph (2) if the Chairman and Ranking Minority Member of the Committee on the
Budget and the Chairman and Ranking Minority
Member of the Committee which reported the provi-
sion certify that—

(A) the provision mitigates direct effects
clearly attributable to a provision changing out-
lays or revenue and both provisions together
produce a net reduction in the deficit;

(B) the provision will result in a substan-
tial reduction in outlays or a substantial in-
crease in governmental receipts during fiscal
years after the fiscal years covered by the rec-
conciliation bill or reconciliation resolution;

(C) a reduction of outlays or an increase in
governmental receipts is likely to occur as a re-
sult of the provision, in the event of new regula-
tions authorized by the provision or likely to be
proposed, court rulings on pending litigation, or
relationships between economic indices and stip-
ulated statutory triggers pertaining to the pro-
vision, other than the regulations, court rulings,
or relationships currently projected by the Con-
gressional Budget Office for scorekeeping pur-
poses; or

(D) such provision will be likely to produce
a significant reduction in outlays or increase in
governmental receipts but, due to insufficient data, such reduction or increase cannot be reliably estimated.

(4) **Committee reported provisions.**—a provision reported by a committee shall not be considered extraneous under paragraph (2) if—

(A) the provision is an integral part of a provision or title, which if introduced as a bill, would be referred to such committee, and the provision sets forth the procedure to carry out or implement the substantive provisions that were reported and which fall within the jurisdiction of such committee; or

(B) the provision states an exception to, or a special application of, the general provision or title of which it is a part and such general provision or title if introduced as a bill, would be referred to such committee.

(5) **Technical and conforming amendments.**—Technical and conforming provisions shall not be considered extraneous under this subsection.

(6) **Extraneous materials.**—Upon the reporting of a reconciliation bill pursuant to this subsection in the Senate, and again upon the submission of a conference report on such a reconciliation
bill, the Committee on the Budget of the Senate shall submit for the record a list of material considered to be extraneous under paragraph (2) (A), (C), and (D), to the instructions of a committee as provided in this section. The inclusion or exclusion of a provision shall not constitute a determination of extraneousness by the Presiding Officer of the Senate.

(7) Conference Reports.—When the Senate is considering a conference report on, or an amendment between the Houses in relation to, a reconciliation bill pursuant to this section, upon a point of order being made by any Senator against extraneous material meeting the definition of this subsection, and such point of order being sustained, such material contained in such conference report or amendment shall be deemed stricken, and the Senate shall proceed, without intervening action or motion, to consider the question of whether the Senate shall re-ecede from its amendment and concur with a further amendment, or concur in the House amendment with a further amendment, as the case may be, which further amendment shall consist of only that portion of the conference report or House amendment, as the case may be, not so stricken. Any such
motion in the Senate shall be debatable for two hours. In any case in which such point of order is sustained against a conference report (or Senate amendment derived from such conference report by operation of this subsection), no further amendment shall be in order.

(i) Determinations and Points of Order.—Notwithstanding any other law or rule of the Senate, it shall be in order for a Senator to raise a single point of order that several provisions of a bill, resolution, amendment, motion, or conference report violate this section. The Presiding Officer may sustain the point of order as to some or all of the provisions against which the Senator raised the point of order. If the Presiding Officer so sustains the point of order as to some of the provisions (including provisions of an amendment, motion, or conference report) against which the Senator raised the point of order, then only those provisions (including provisions of an amendment, motion, or conference report) against which the Presiding Officer sustains the point of order shall be deemed stricken pursuant to this section. Before the Presiding Officer rules on such a point of order, any Senator may move to waive such a point of order as it applies to some or all of the provisions against which the point of order was raised. Such a motion to waive is amendable in accordance
with the rules and precedents of the Senate. After the Presiding Officer rules on such a point of order, any Senator may appeal the ruling of the Presiding Officer on such a point of order as it applies to some or all of the provisions on which the Presiding Officer ruled.

SEC. 224. REVISED ESTIMATES AND FINAL MAXIMUM DEFICIT AMOUNT SEQUESTRATION REPORTS.

(a) Revised Estimates, Determinations, and Final Maximum Deficit Amount Sequestration Reports.—On the dates specified in section 202(a), OMB shall submit to the President and Congress, and CBO shall submit to Congress, a revised report—

(1) indicating whether and to what extent, as a result of laws enacted and regulations promulgated after the submission of their preview report under section 222(a), the excess deficit identified in the report submitted under such subsection has been eliminated, reduced, or increased; and

(2) adjusting the determinations made under section 222(a) to the extent necessary.

The final report submitted under this subsection shall contain estimates, determinations, and specifications for all of the items contained in the maximum deficit amount reconciliation report and shall be based on the same economic and technical assumptions and employ the same meth-

Estimates shall be consistent with section 257 of the Balanced Budget and Enforcement Act Deficit Control Act of 1985. The reports shall provide for the determination of reductions in the manner specified in section 222(a)(3).

(b) Dates for Submission of Reports and Issuance of Orders.—If the date specified for the submission of a report by the Director of OMB under this section falls on a Sunday or legal holiday, such report shall be submitted or such order issued on the following day.

SEC. 225. MAXIMUM DEFICIT AMOUNT-PRESIDENTIAL ORDER.

(a) In General.—On the date specified in section 202(a) and following the submission of a report by the Director of OMB to the President and Congress under
section 224 that identifies an amount by which the deficit for a fiscal year will exceed the maximum deficit amount for such fiscal year the President, in strict accordance with the requirements set forth in section 227, shall eliminate the full amount of the deficit excess by issuing an order that eliminates the direct spending authority and outlays resulting therefrom in accordance with such report from each budget account activity as identified in the program and financing schedules contained in the appendix to the Budget of the United States Government for that fiscal year, applying the same reduction percentage as the percentage by which the account is reduced in such report.

(b) ORDER TO BE BASED ON OMB REPORT.—The order must provide for reductions in the manner specified in section 224, and must be consistent with such report in all respects. The President may not modify or recalculate any of the estimates, determinations, specifications, bases, amounts or percentages set forth in the report submitted under section 224 in determining the reductions to be specified in the order with respect to budget activities, within an account.

(c) EFFECT OF SEQUESTRATION UNDER PRESIDENTIAL ORDER.—Amounts sequestered under an order issued by the President under subsection (a) for a fiscal
year shall be permanently cancelled in accordance with such final order.

(d) Accompanying Message.—At the time the actions described in the preceding provisions of this subsection with respect to any fiscal year are taken, the President shall transmit to both Houses of the Congress a message containing all the information required by this section and further specifying in strict accordance with subsection (b)—

(1) within each account, and the amounts which are to be sequestered or reduced for each such program, project, and activity or budget account activity; and

(2) such other supporting details as the President may determine to be appropriate.

Upon receipt in the Senate and the House of Representatives, the message shall be referred to all committees with jurisdiction over programs, projects, and activities affected by the order.

(e) Effective Date of Initial Order.—The order issued by the President under subsection (a) with respect to any fiscal year shall be effective as of the date of its issuance.
SEC. 226. CONGRESSIONAL RESPONSE TO LOW GROWTH.

(a) Special Procedures in the Event of Low Economic Growth.—

(1) In General.—The Director of the Congressional Budget Office shall notify the Congress at any time if—

(A) during the period consisting of the quarter during which such notification is given, the quarter preceding such notification, and the four quarters following such notification, such Office or the Office of Management and Budget has determined that real economic growth is projected or estimated to be less than zero with respect to each of any two consecutive quarters within such period; or

(B) the Department of Commerce preliminary reports of actual real economic growth (or any subsequent revision thereof) indicate that the rate of real economic growth for each of the most recent reported quarter and the immediately preceding quarter is less than one percent.

Upon such notification the majority leader of each House shall introduce a joint resolution (in the form set forth in paragraph (2)) declaring that the conditions specified in this paragraph are met and sus-
pending the relevant provisions of this title for the
remainder of the current fiscal year or for the fol-

(3) Administrative regulations or similar actions implementing a sequestration shall be made within
120 days of the sequestration order. To the extent that formula allocations differ at different levels of budgetary resources within an account, program, project, or activity, the sequestration shall be interpreted as producing a lower total appropriation, with the remaining amount of the appropriation being obligated in a manner consistent with program allocation formulas in substantive law.

(4) Except as otherwise provided in this subtitle, obligations or budgetary resources in sequestered accounts shall be reduced only in the fiscal year in which a sequester occurs.

(5) Budgetary resources sequestered in special fund accounts and offsetting collections sequestered in appropriation accounts shall not be available for obligation during the fiscal year in which the sequestration occurs, but shall be available in subsequent years to the extent otherwise provided in law.

under this section for a fiscal year, OMB shall calculate,
and the subsequent reports and budgets submitted by the
President under section 1105(a) of title 31, United States

$90,000,000,000 for fiscal year 2007, $50,000,000,000 for 2008, and $30,000,000,000 for 2009. Appropriations designated as emergencies in excess of these limitations shall be treated as new budget authority for the purpose of calculating a breach of the discretionary spending limits.

(2) FEDERAL TAX GAP INITIATIVE.—If an appropriation bill or joint resolution is enacted for fiscal year 2007, 2008, or 2009, that includes $6,824,000,000 plus an additional amount for the enhanced tax enforcement initiative of the Internal Revenue Service, the adjustment shall be the amount of budget authority in that measure for that initiative but not to exceed—

(A) the annualized amount otherwise available by law in that account under that or a subsequent part-year appropriation; and

(B) when a full-year appropriation for that account is enacted, from the amount otherwise provided by the full-year appropriation.

(4) **Look-Back.**—If, after June 30, an appropriation for the fiscal year in progress is enacted that causes a breach for that year (after taking into account any previous sequestration), the discretionary spending limit for the next fiscal year shall be reduced by the amount of that breach.
(5) WITHIN-SESSION SEQUESTRATION REPORTS

AND ORDER.—If an appropriation for a fiscal year in progress is enacted (after Congress adjourns to end the session for that budget year and before July 1 of that fiscal year) that causes a breach, 10 days later CBO shall issue a report containing the information required in section 211(c). Fifteen days after enactment, OMB shall issue a report containing the information required in section 211(c). (4) ASSUMPTIONS AND GUIDELINES.—OMB and CBO shall prepare estimates under this paragraph in conformance with scorekeeping guidelines determined after consultation among the House and Senate Committees on the Budget, CBO, and OMB.

(5) DEFERRALS AND RESCISSIONS.—Deferrals and rescissions proposed under the Impoundment Control Act of 1974 for the budget year shall not be taken into account in determining such budget base.

for the budget year, in accordance with the succeeding
provisions of this part, in order to eliminate such ex-

The reconciliation report submitted under this paragraph shall contain estimates, determinations, and specifications for all of the items contained in the preview report and the OMB report shall be based on the same economic and technical assumptions and employ the same methodologies as applied in the supplemental budget estimates submitted under section 1106 of title 31, United States Code, and the CBO report shall be based on the most recent report required by section 202(e)(2) of the Congressional Budget Act of 1974. that report.

CBO shall prepare estimates under this paragraph in
conformance with scorekeeping guidelines determined
after consultation among the House and Senate Com-

cal year;
are to be changed; and

(B) include directives to committees to rec-

deficit reduction necessary to eliminate the
excess deficit so that the deficit does not ex-

in the OMB Reconciliation Report; and

(ii) with amounts required for each
committee proportionally based on the out-
lays allocated to that committee for pro-
grams under section 302(a) of the Congres-

(5) BUDGET COMMITTEE ACTION.—Upon receipt of the recommendations received in response to directives referred to in paragraph (3), the Budget Committees shall report to the House and Senate, a reconciliation bill carrying out all such recommendations.

(b) LEGISLATIVE PROCEDURE.—If a Reconciliation Directive Report containing reconciliation directives to committees to determine and recommend changes in laws, bills, or resolutions is issued in accordance with subsection (a)(3)—

(2) in the event that any committee fails to comply with its directive, then the Committees on the Budget may report amendments recommending changes within the jurisdiction of the noncompliant committee to achieve the changes contained in the directive.

(c) ADJUSTMENT OF BUDGET TARGETS.—Upon enactment of a reconciliation bill conference report, the chairmen of the Committees on the Budget of the Senate and the House of Representatives shall revise spending and revenue levels under section 311(a) of the Congressional Budget Act of 1974 and adjust the committee allocations under section 302(a) of the Congressional Budget Act of 1974, or any other adjustments as may be appropriate to reflect any changes made in the reconciliation bill. Notwithstanding any other provision of law, the revised allocations and aggregates shall be considered to have been made under a concurrent resolution on the budget agreed to under the Congressional Budget Act of 1974, and shall be enforced under the procedures of that Act.

(d) COMPLIANCE WITH RECONCILIATION DIRECTIVES.—Secondary or indirect effects of the legislative recommendations submitted by any committee of the House of Representatives or the Senate that is directed, shall be attributed to the committee proposing the change in law,
but shall not be considered for the purpose of determining compliance with such directives.

(e) LIMITATION ON AMENDMENTS TO RECONCILIATION BILLS.—

(1) HOUSE OF REPRESENTATIVES.—It shall not be in order in the House of Representatives to consider any amendment to a reconciliation bill if such amendment would have the effect of increasing any specific budget outlays above the level of such outlays provided in the bill (for the fiscal years covered by the reconciliation directives), or would have the effect of reducing any specific governmental receipts below the level of such governmental receipts provided in the bill (for such fiscal year), unless such amendment makes at least an equivalent reduction in other specific budget outlays, an equivalent increase in other specific governmental receipts, or an equivalent combination thereof (for such fiscal year).

(2) SENATE.—It shall not be in order in the Senate to consider any amendment to a reconciliation bill if such amendment would have the effect of increasing any specific budget outlay level above the level of such outlay reductions provided (for the fiscal year covered) in the reconciliation directives or would have the effect of reducing governmental receipts in-
creases below the level of such increases in such govern-
mental receipts provided (for such fiscal year) in
the reconciliation directives, unless such amendment
makes a reduction in other specific budget outlays, an
increase in other specific governmental receipts, or a
combination thereof (for such fiscal year) at least
equivalent to any increase in outlays or decrease in
governmental receipts provided by such amendment,
except that a motion to strike a provision shall al-
ways be in order.

(3) Budget Authority, Outlays, and Re-
ceipts.—For purposes of this section, the levels of
budget authority, outlays, and governmental receipts
for a fiscal year shall be determined on the basis of
estimates made by the Committee on the Budget of the
House of Representatives or of the Senate, as the case
may be.

(4) House Rules.—The Committee on Rules of
the House of Representatives may make in order
amendments to achieve changes specified by reconcili-
ation directives if a committee or committees of the
House fail to submit recommended changes to its
Committee on the Budget pursuant to its instruction.

(f) Procedure in the Senate.—Consideration in
the Senate on any reconciliation bill reported under this
subsection, and all amendments thereto and debatable motions and appeals in connection therewith, shall be limited
to not more than 20 hours.

(g) LIMITATION ON CHANGES TO THE SOCIAL SECURITY ACT.—Notwithstanding any other provision of law, it shall not be in order in the Senate or the House of Representatives to consider any reconciliation bill, or any amendment thereto or conference report thereon, that contains recommendations with respect to the old-age, survivors, and disability insurance program established under title II of the Social Security Act.

(h) EXTRANEOUS MATTER IN RECONCILIATION LEGISLATION.—

(1) IN GENERAL.—When the Senate is considering a reconciliation bill pursuant to this section (whether that bill originated in the Senate or the House), upon a point of order being made by any Senator against material extraneous to the instructions to a committee which is contained in any title or provision of the bill or offered as an amendment to the bill, and the point of order is sustained by the Chair, any part of said title or provision that contains material extraneous to the directives to said Committee as defined in paragraph (2), shall be
deemed stricken from the bill and may not be offered
as an amendment from the floor.

(2) **EXTRANEOUS PROVISIONS.**—Except as pro-
vided in paragraph (3)—

(A) a provision of a reconciliation bill con-
sidered pursuant to this subsection shall be con-
sidered extraneous if such provision does not
produce a decrease in outlays or an increase in
governmental receipts, including changes in out-
lays and governmental receipts brought about by
changes in the terms and conditions under which
outlays are made or governmental receipts are
required to be collected;

(B) a provision that is not in the jurisdic-
tion of the Committee with jurisdiction over said
title or provision shall be considered extraneous
(except that amendments reported by the Com-
mittee on the Budget to achieve compliance with
reconciliation directives shall be in order not-
withstanding any other rule of the Senate and
not be deemed extraneous);

(C) a provision shall be considered to be ex-
traneous if it increases, or would increase, net
outlays, or if it decreases, or would decrease, gov-
ernmental receipts during a fiscal year after the
fiscal years covered by such reconciliation bill, and such increases or decreases are greater than outlay reductions or governmental receipts increases resulting from other provisions in such title in such year; and

(D) a provision shall be considered extraneous if it violates section 310(g) of the Congressional Budget Act of 1974.

(3) Senate-Originated Provisions.—A Senate-originated provision shall not be considered extraneous under paragraph (2) if the Chairman and Ranking Minority Member of the Committee on the Budget and the Chairman and Ranking Minority Member of the Committee which reported the provision certify that—

(A) the provision mitigates direct effects clearly attributable to a provision changing outlays or revenue and both provisions together produce a net reduction in the deficit;

(B) the provision will result in a substantial reduction in outlays or a substantial increase in governmental receipts during fiscal years after the fiscal years covered by the reconciliation bill or reconciliation resolution;
(C) a reduction of outlays or an increase in governmental receipts is likely to occur as a result of the provision, in the event of new regulations authorized by the provision or likely to be proposed, court rulings on pending litigation, or relationships between economic indices and stipulated statutory triggers pertaining to the provision, other than the regulations, court rulings, or relationships currently projected by the Congressional Budget Office for scorekeeping purposes; or

(D) such provision will be likely to produce a significant reduction in outlays or increase in governmental receipts but, due to insufficient data, such reduction or increase cannot be reliably estimated.

(4) COMMITTEE REPORTED PROVISIONS.—A provision reported by a committee shall not be considered extraneous under paragraph (2) if—

(A) the provision is an integral part of a provision or title, which if introduced as a bill, would be referred to such committee, and the provision sets forth the procedure to carry out or implement the substantive provisions that were
reported and which fall within the jurisdiction of such committee; or

(B) the provision states an exception to, or a special application of, the general provision or title of which it is a part and such general provision or title if introduced as a bill, would be referred to such committee.

(5) Technical and conforming amendments.—Technical and conforming provisions shall not be considered extraneous under this subsection.

(6) Extraneous materials.—Upon the reporting of a reconciliation bill pursuant to this subsection in the Senate, and again upon the submission of a conference report on such a reconciliation bill, the Committee on the Budget of the Senate shall submit for the record a list of material considered to be extraneous under paragraph (2) (A), (C), and (D), to the instructions of a committee as provided in this section. The inclusion or exclusion of a provision shall not constitute a determination of extraneousness by the Presiding Officer of the Senate.

(7) Conference reports.—When the Senate is considering a conference report on, or an amendment between the Houses in relation to, a reconciliation bill pursuant to this section, upon a point of order being
made by any Senator against extraneous material meeting the definition of this subsection, and such point of order being sustained, such material contained in such conference report or amendment shall be deemed stricken, and the Senate shall proceed, without intervening action or motion, to consider the question of whether the Senate shall recede from its amendment and concur with a further amendment, or concur in the House amendment with a further amendment, as the case may be, which further amendment shall consist of only that portion of the conference report or House amendment, as the case may be, not so stricken. Any such motion in the Senate shall be debatable for two hours. In any case in which such point of order is sustained against a conference report (or Senate amendment derived from such conference report by operation of this subsection), no further amendment shall be in order.

(i) Determinations and Points of Order.—Notwithstanding any other law or rule of the Senate, it shall be in order for a Senator to raise a single point of order that several provisions of a bill, resolution, amendment, motion, or conference report violate this section. The Presiding Officer may sustain the point of order as to some or all of the provisions against which the Senator raised the point
of order. If the Presiding Officer so sustains the point of order as to some of the provisions (including provisions of an amendment, motion, or conference report) against which the Senator raised the point of order, then only those provisions (including provisions of an amendment, motion, or conference report) against which the Presiding Officer sustains the point of order shall be deemed stricken pursuant to this section. Before the Presiding Officer rules on such a point of order, any Senator may move to waive such a point of order as it applies to some or all of the provisions against which the point of order was raised. Such a motion to waive is amendable in accordance with the rules and precedents of the Senate. After the Presiding Officer rules on such a point of order, any Senator may appeal the ruling of the Presiding Officer on such a point of order as it applies to some or all of the provisions on which the Presiding Officer ruled.
