## A BILL

To authorize the Archivist of the United States to make grants to States for the preservation and dissemination of historical records.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Preserving the Amer-  
5 ican Historical Record Act”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

1           (1) Much of the American historical record,  
2           such as evidence of births, education, marriage, di-  
3           vorce, property owned, obligations satisfied, and  
4           criminal conduct, is held at the State and local level  
5           by organizations that preserve the records that pro-  
6           tect the rights of the Nation.

7           (2) The United States has recognized the im-  
8           portance of history by its support of national institu-  
9           tions such as the National Archives, the Library of  
10          Congress, and the Smithsonian Institution. Yet, this  
11          support is not adequate to reach the rest of the Na-  
12          tion’s archives being held in State and local histor-  
13          ical societies, archives, and library history collec-  
14          tions.

15          (3) More resources need to be directed to State  
16          and local organizations to ensure essential care of  
17          documents and archival records in their many forms  
18          so that they can be readily used by the people of this  
19          Nation.

20          (4) History connects people to community—  
21          whether the community is a family, a neighborhood,  
22          a city, a State, or a nation. Connections to the past  
23          are essential to sustaining democracy, educating stu-  
24          dents, creating a sense of place in family and com-  
25          munity, supporting information needs in business

1 and legal affairs, and making reasoned decisions  
2 about the Nation's future direction.

3 **SEC. 3. PURPOSES.**

4 The purposes of this Act are—

5 (1) to protect historical records from harm, to  
6 prolong their life, and to preserve them for public  
7 use, through the use of electronic records initiatives  
8 and plans for disaster preparedness, recovery and  
9 other preservation activities;

10 (2) to use historical records in new and creative  
11 ways to convey the importance of State, territorial,  
12 and community history, including the development of  
13 teaching materials for elementary, secondary, and  
14 post-secondary teachers, active participation in Na-  
15 tional History Day, and support for life-long learn-  
16 ing opportunities;

17 (3) to provide education and training to archi-  
18 vists and others who care for historical records, en-  
19 suring that they have the necessary knowledge and  
20 skills to fulfill their important responsibilities; and

21 (4) to create a wide variety of access tools, in-  
22 cluding archival finding aids, documentary editions,  
23 indexes, and images of key records maintained on  
24 Internet websites of State and local organizations.
