To enhance ecosystem protection and the range of outdoor opportunities protected by statute in the Skykomish River valley of the State of Washington by designating certain lower-elevation Federal lands as wilderness, and for other purposes.

IN THE SENATE OF THE UNITED STATES

February 7, 2007

Mrs. Murray (for herself and Ms. Cantwell) introduced the following bill; which was read twice and referred to the Committee on Energy and Natural Resources

A BILL

To enhance ecosystem protection and the range of outdoor opportunities protected by statute in the Skykomish River valley of the State of Washington by designating certain lower-elevation Federal lands as wilderness, and for other purposes.

Be it enacted by the Senate and House of Representa-
tives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Wild Sky Wilderness Act of 2007”.

SEC. 2. ADDITIONS TO THE NATIONAL WILDERNESS PRESERVATION SYSTEM.

(a) Additions.—The following Federal lands in the State of Washington are hereby designated as wilderness and, therefore, as components of the National Wilderness Preservation System: certain lands which comprise approximately 106,000 acres, as generally depicted on a map entitled “Wild Sky Wilderness Proposal” and dated February 6, 2007, which shall be known as the “Wild Sky Wilderness”.

(b) Maps and Legal Descriptions.—As soon as practicable after the date of enactment of this Act, the Secretary of Agriculture shall file a map and a legal description for the wilderness area designated under this Act with the Committee on Energy and Natural Resources of the Senate and the Committee on Resources of the House of Representatives. The map and description shall have the same force and effect as if included in this Act, except that the Secretary of Agriculture may correct clerical and typographical errors in the legal description and map. The map and legal description shall be on file and available for public inspection in the office of the Chief of the Forest Service, Department of Agriculture.

SEC. 3. ADMINISTRATION PROVISIONS.

(a) In General.—
(1) Subject to valid existing rights, lands designated as wilderness by this Act shall be managed by the Secretary of Agriculture in accordance with the Wilderness Act (16 U.S.C. 1131 et seq.) and this Act, except that, with respect to any wilderness areas designated by this Act, any reference in the Wilderness Act to the effective date of the Wilderness Act shall be deemed to be a reference to the date of enactment of this Act.

(2) To fulfill the purposes of this Act and the Wilderness Act and to achieve administrative efficiencies, the Secretary of Agriculture may manage the area designated by this Act as a comprehensive part of the larger complex of adjacent and nearby wilderness areas.

(b) New Trails.—

(1) The Secretary of Agriculture shall consult with interested parties and shall establish a trail plan for Forest Service lands in order to develop—

(A) a system of hiking and equestrian trails within the wilderness designated by this Act in a manner consistent with the Wilderness Act (16 U.S.C. 1131 et seq.); and
(B) a system of trails adjacent to or to provide access to the wilderness designated by this Act.

(2) Within two years after the date of enactment of this Act, the Secretary of Agriculture shall complete a report on the implementation of the trail plan required under this Act. This report shall include the identification of priority trails for development.

(c) REPEATER SITE.—Within the Wild Sky Wilderness, the Secretary of Agriculture is authorized to use helicopter access to construct and maintain a joint Forest Service and Snohomish County telecommunications repeater site, in compliance with a Forest Service approved communications site plan, for the purposes of improving communications for safety, health, and emergency services.

(d) FLOAT PLANE ACCESS.—As provided by section 4(d)(1) of the Wilderness Act (16 U.S.C. 1133(d)(1)), the use of floatplanes on Lake Isabel, where such use has already become established, shall be permitted to continue subject to such reasonable restrictions as the Secretary of Agriculture determines to be desirable.

(e) EVERGREEN MOUNTAIN LOOKOUT.—The designation under this Act shall not preclude the operation
and maintenance of the existing Evergreen Mountain
Lookout in the same manner and degree in which the op-
eration and maintenance of such lookout was occurring
as of the date of enactment of this Act.

SEC. 4. AUTHORIZATION FOR LAND ACQUISITION.

(a) In General.—The Secretary of Agriculture is
authorized to acquire lands and interests therein, by pur-
chase, donation, or exchange, and shall give priority con-
sideration to those lands identified as “Priority Acquisi-
tion Lands” on the map described in section 2(a). The
boundaries of the Mt. Baker-Snoqualmie National Forest
and the Wild Sky Wilderness shall be adjusted to encom-
pass any lands acquired pursuant to this section.

(b) Access.—Consistent with section 5(a) of the Wil-
derness Act (16 U.S.C. 1134(a)), the Secretary of Agri-
culture shall ensure adequate access to private inholdings
within the Wild Sky Wilderness.

(c) Appraisal.—Valuation of private lands shall be
determined without reference to any restrictions on access
or use which arise out of designation as a wilderness area
as a result of this Act.

SEC. 5. LAND EXCHANGES.

The Secretary of Agriculture shall exchange lands
and interests in lands, as generally depicted on a map enti-
tled “Chelan County Public Utility District Exchange”
and dated May 22, 2002, with the Chelan County Public Utility District in accordance with the following provisions:

(1) If the Chelan County Public Utility District, within ninety days after the date of enactment of this Act, offers to the Secretary of Agriculture approximately 371.8 acres within the Mt. Baker-Snoqualmie National Forest in the State of Washington, the Secretary shall accept such lands.

(2) Upon acceptance of title by the Secretary of Agriculture to such lands and interests therein, the Secretary of Agriculture shall convey to the Chelan County Public Utility District a permanent easement, including helicopter access, consistent with such levels as used as of date of enactment, to maintain an existing telemetry site to monitor snow pack on 1.82 acres on the Wenatchee National Forest in the State of Washington.

(3) The exchange directed by this Act shall be consummated if Chelan County Public Utility District conveys title acceptable to the Secretary and provided there is no hazardous material on the site, which is objectionable to the Secretary.

(4) In the event Chelan County Public Utility District determines there is no longer a need to
maintain a telemetry site to monitor the snow pack for calculating expected runoff into the Lake Chelan hydroelectric project and the hydroelectric projects in the Columbia River Basin, the Secretary shall be notified in writing and the easement shall be extinguished and all rights conveyed by this exchange shall revert to the United States.
