11 Act, 2009 (Public Law 111–32).

12 **SEC. 3. FINDINGS.**

13 Congress finds the following:

14 (1) The people of the Islamic Republic of Paki-  
15 stan and the United States share a long history of  
16 friendship and comity, and the interests of both na-  
17 tions are well-served by strengthening and deepening  
18 this friendship.

19 (2) Since 2001, the United States has contrib-  
20 uted more than \$15,000,000,000 to Pakistan, of  
21 which more than \$10,000,000,000 has been security-  
22 related assistance and direct payments.

23 (3) With the free and fair election of February  
24 18, 2008, Pakistan returned to civilian rule, revers-  
25 ing years of political tension and mounting popular

1 concern over military rule and Pakistan's own demo-  
2 cratic reform and political development.

3 (4) Pakistan is a major non-NATO ally of the  
4 United States and has been a valuable partner in  
5 the battle against al Qaeda and the Taliban, but  
6 much more remains to be accomplished by both na-  
7 tions.

8 (5) The struggle against al Qaeda, the Taliban,  
9 and affiliated terrorist groups has led to the deaths  
10 of several thousand Pakistani civilians and members  
11 of the security forces of Pakistan over the past seven  
12 years.

13 (6) Despite killing or capturing hundreds of al  
14 Qaeda operatives and other terrorists—including  
15 major al Qaeda leaders, such as Khalid Sheikh Mu-  
16 hammad, Ramzi bin al-Shibh, and Abu Faraj al-  
17 Libi—the FATA, parts of the NWFP, Quetta in  
18 Balochistan, and Muridke in Punjab remain a sanc-  
19 tuary for al Qaeda, the Afghan Taliban, the Terikh-  
20 e Taliban and affiliated groups from which these  
21 groups organize terrorist actions against Pakistan  
22 and other countries.

23 (7) The security forces of Pakistan have strug-  
24 gled to contain a Taliban-backed insurgency, re-  
25 cently taking direct action against those who threat-

1 en Pakistan’s security and stability, including mili-  
2 tary operations in the FATA and the NWFP.

3 (8) On March 27, 2009, President Obama  
4 noted, “Multiple intelligence estimates have warned  
5 that al Qaeda is actively planning attacks on the  
6 United States homeland from its safe-haven in Paki-  
7 stan.”.

8 (9) According to a Government Accountability  
9 Office report (GAO–08–622), “since 2003, the  
10 [A]dministration’s national security strategies and  
11 Congress have recognized that a comprehensive plan  
12 that includes all elements of national power—diplo-  
13 matic, military, intelligence, development assistance,  
14 economic, and law enforcement support—was needed  
15 to address the terrorist threat emanating from the  
16 FATA” and that such a strategy was also mandated  
17 by section 7102(b)(3) of the Intelligence Reform and  
18 Terrorism Prevention Act of 2004 (Public Law 108–  
19 458; 22 U.S.C. 2656f note) and section 2042(b)(2)  
20 of the Implementing the Recommendations of the 9/  
21 11 Commission Act of 2007 (Public Law 110–53; 22  
22 U.S.C. 2375 note).

23 (10) During 2008 and 2009, the people of  
24 Pakistan have been especially hard hit by rising food  
25 and commodity prices and severe energy shortages,

1 with  $\frac{2}{3}$  of the population living on less than \$2 a  
2 day and  $\frac{1}{5}$  of the population living below the pov-  
3 erty line according to the United Nations Develop-  
4 ment Program.

5 (11) Economic growth is a fundamental founda-  
6 tion for human security and national stability in  
7 Pakistan, a country with more than 175,000,000  
8 people, an annual population growth rate of two per-  
9 cent, and a ranking of 136 out of 177 countries in  
10 the United Nations Human Development Index.

11 (12) The 2009 Pakistani military offensive in  
12 the NWFP and the FATA displaced millions of resi-  
13 dents in one of the gravest humanitarian crises  
14 Pakistan has faced, and despite the heroic efforts of  
15 Pakistanis to respond to the needs of the displaced  
16 millions and facilitate the return of many, it has  
17 highlighted the need for Pakistan to develop an ef-  
18 fective national counterinsurgency strategy.

19 **SEC. 4. STATEMENT OF PRINCIPLES.**

20 Congress declares that the relationship between the  
21 United States and Pakistan should be based on the fol-  
22 lowing principles:

23 (1) Pakistan is a critical friend and ally to the  
24 United States, both in times of strife and in times  
25 of peace, and the two countries share many common

1 goals, including combating terrorism and violent  
2 radicalism, solidifying democracy and rule of law in  
3 Pakistan, and promoting the social and economic de-  
4 velopment of Pakistan.

5 (2) United States assistance to Pakistan is in-  
6 tended to supplement, not supplant, Pakistan's own  
7 efforts in building a stable, secure, and prosperous  
8 Pakistan.

9 (3) The United States requires a balanced, inte-  
10 grated, countrywide strategy for Pakistan that pro-  
11 vides assistance throughout the country and does  
12 not disproportionately focus on security-related as-  
13 sistance or one particular area or province.

14 (4) The United States supports Pakistan's  
15 struggle against extremist elements and recognizes  
16 the profound sacrifice made by Pakistan in the fight  
17 against terrorism, including the loss of more than  
18 1,900 soldiers and police since 2001 in combat with  
19 al Qaeda, the Taliban, and other extremist and ter-  
20 rorist groups.

21 (5) The United States intends to work with the  
22 Government of Pakistan—

23 (A) to build mutual trust and confidence  
24 by actively and consistently pursuing a sus-  
25 tained, long-term, multifaceted relationship be-

1           tween the two countries, devoted to strength-  
2           ening the mutual security, stability, and pros-  
3           perity of both countries;

4           (B) to support the people of Pakistan and  
5           their democratic government in their efforts to  
6           consolidate democracy, including strengthening  
7           Pakistan’s parliament, helping Pakistan rees-  
8           tablish an independent and transparent judicial  
9           system, and working to extend the rule of law  
10          in all areas in Pakistan;

11          (C) to promote sustainable long-term de-  
12          velopment and infrastructure projects, including  
13          in healthcare, education, water management,  
14          and energy programs, in all areas of Pakistan,  
15          that are sustained and supported by each suc-  
16          cessive democratic government in Pakistan;

17          (D) to ensure that all the people of Paki-  
18          stan, including those living in areas governed by  
19          the Frontier Crimes Regulation, have access to  
20          public, modernized education and vocational  
21          training to enable them to provide for them-  
22          selves, for their families, and for a more pros-  
23          perous future for their children;

24          (E) to support the strengthening of core  
25          curricula and the quality of schools across Paki-

1 stan, including madrassas, in order to improve  
2 the prospects for Pakistani children's futures  
3 and eliminate incitements to violence and intol-  
4 erance;

5 (F) to encourage and promote public-pri-  
6 vate partnerships in Pakistan in order to bol-  
7 ster ongoing development efforts and strength-  
8 en economic prospects, especially with respect  
9 to opportunities to build civic responsibility and  
10 professional skills of the people of Pakistan, in-  
11 cluding support for institutions of higher learn-  
12 ing with international accreditation;

13 (G) to expand people-to-people engagement  
14 between the two countries, through increased  
15 educational, technical, and cultural exchanges  
16 and other methods;

17 (H) to encourage the development of local  
18 analytical capacity to measure program effec-  
19 tiveness and progress on an integrated basis,  
20 especially across the areas of United States as-  
21 sistance and payments to Pakistan, and in-  
22 crease accountability for how such assistance  
23 and payments are being spent;

24 (I) to assist Pakistan's efforts to improve  
25 counterterrorism financing and anti-money

1           laundrying regulatory structure in order to  
2           achieve international standards and encourage  
3           Pakistan to apply for “Financial Action Task  
4           Force” observer status and adhere to the  
5           United Nations International Convention for  
6           the Suppression of the Financing of Terrorism;

7           (J) to strengthen Pakistan’s counterinsur-  
8           gency and counterterrorism strategy to help  
9           prevent any territory of Pakistan from being  
10          used as a base or conduit for terrorist attacks  
11          in Pakistan or elsewhere;

12          (K) to strengthen Pakistan’s efforts to de-  
13          velop strong and effective law enforcement and  
14          national defense forces under civilian leader-  
15          ship;

16          (L) to achieve full cooperation in matters  
17          of counter-proliferation of nuclear materials and  
18          related networks;

19          (M) to strengthen Pakistan’s efforts to  
20          gain control of its under-governed areas and ad-  
21          dress the threat posed by any person or group  
22          that conducts violence, sabotage, or other ter-  
23          rorist activities in Pakistan or its neighboring  
24          countries; and

1 (N) to explore means to consult with and  
2 utilize the relevant expertise and skills of the  
3 Pakistani-American community.
