TITLE IX—FOREIGN ASSISTANCE
Subtitle A—General Provisions

SEC. 901. GOALS OF UNITED STATES ASSISTANCE.

(a) Goals of Assistance.—United States foreign assistance should be designed to further the national interests of the United States by achieving the following interrelated and mutually-reinforcing goals:

(1) Reduce global poverty and alleviate human suffering.

(2) Advance peace and mitigate crises.

(3) Support human rights and democracy.

(4) Build and reinforce strategic partnerships.

(5) Combat transnational threats.

(6) Sustain the global environment.

(7) Expand prosperity through trade and investment.
(b) FINDINGS.—Congress makes the following findings:

(1) In December 2007, the United States Government’s Commission on Helping to Enhance the Lives of Poor People Around the Globe, also known as the “HELP Commission,” reported that sustained economic growth is vital and necessary for a country to feed, educate, house and provide for the health of its citizens over the long term and that “foreign assistance alone is not sufficient to help developing countries achieve long-term, sustainable economic growth”.

(2) Private sector-led trade and investment are fundamental components of economic development and growth.

(3) The United States Agency for International Development’s Global Development Alliance program characterizes the rising importance of private resources and private actors as development tools in an expanding and more integrated globalized economy, aligning public resources with private capital through the establishment of public-private partnerships for the economic advancement of impoverished countries.

(4) In an increasingly interdependent world, the health, prosperity, freedom, and security of the people of the United States are strengthened when the people of all countries can enjoy these same advantages.
(5) United States foreign assistance should be designed to help build the capacity of other countries to meet the needs of their people and to conduct themselves responsibly in the international system.

(6) Foreign assistance is not only a reflection of the values, generosity, and goodwill of the people of the United States, but also an essential means for achieving United States foreign policy, economic, and national security objectives.

(c) STATEMENT OF POLICY.—It shall be the policy of the United States to—

(1) help build and sustain an international community composed of states that meet basic human needs, resolve conflicts peacefully, respect fundamental human rights, cooperate to address issues that transcend national boundaries, use wisely the world’s limited resources in a sustainable manner, and work toward the achievement of economic well-being for all people;

(2) emphasize the development of innovative partnerships between governments and organizations in the private sector (including corporations, foundations, universities, faith-based organizations, and other nongovernmental organizations) in the approach to and distribution of foreign assistance; and
(3) focus United States assistance programs on achieving sustainable economic growth and graduating United States aid recipients into a trade-based relationship with the United States.

SEC. 902. GUIDELINES FOR UNITED STATES FOREIGN ASSISTANCE PROGRAMS.

(a) PURPOSE.—The purpose of this section is to evaluate the performance of United States foreign assistance programs and their contribution to policy, strategies, projects, program goals, and priorities undertaken by the Federal Government, to foster and promote innovative programs to improve the effectiveness of such programs, and to coordinate the monitoring and evaluation processes of Federal departments and agencies that administer such programs.

(b) ESTABLISHMENT OF GUIDELINES.—The President, in consultation with the Secretary of State, the Administrator of the United States Agency for International Development, the head of the Millennium Challenge Corporation, and the Secretary of Defense, shall establish guidelines regarding the establishment of measurable goals, performance metrics, and monitoring and evaluation plans that can be applied on a uniform basis to United States foreign assistance programs, country assistance plans, and international and multilateral assistance programs receiving financial assistance from the United States. Such guidelines shall be
established according to best practices of monitoring and evaluation studies and analyses.

(c) Objectives of Guidelines.—

(1) In general.—Such guidelines shall provide direction to Federal departments and agencies that administer United States foreign assistance programs on how to develop the complete range of activities relating to the monitoring of resources, the evaluation of projects, the evaluation of program impacts, and analysis that is necessary for the identification of findings, generalizations that can be derived from those findings, and their applicability to proposed project and program design.

(2) Objectives.—Specifically, the guidelines shall provide direction on how to achieve the following objectives for monitoring and evaluation programs:

(A) Building measurable goals, performance metrics and monitoring and evaluation into program design at the outset, including the provision of sufficient program resources to conduct monitoring and evaluation.

(B) Disseminating guidelines for the development and implementation of monitoring and evaluation programs to all personnel, especially in the field, who are responsible for the design,
implementation and management of foreign assistance programs.

(C) Developing a clearinghouse capacity for the dissemination of knowledge and lessons learned to United States development professionals, implementing partners, the international aid community, and aid recipient governments, and as a repository of knowledge on lessons learned.

(D) Distributing monitoring and evaluation reports internally and making this material available online to the public. Furthermore, providing a summary including a description of methods, key findings and recommendations to the public on-line in a fully searchable form within 90 days after the completion of the evaluation. Principled exceptions will be made in cases of classified or proprietary material.

(E) Establishing annual monitoring and evaluation agendas and objectives that are responsive to policy and programmatic priorities.

(F) Applying rigorous monitoring and evaluation methodologies, choosing from among a wide variety of qualitative and quantitative
methods common in the field of social scientific inquiry.

(G) Partnering with the academic community, implementing partners, and national and international institutions that have expertise in monitoring and evaluation and analysis when such partnerships will provide needed expertise or will significantly improve the evaluation and analysis.

(H) Developing and implementing a training plan for aid personnel on the proper conduct of monitoring and evaluation programs.

(d) ROLE OF OTHER FEDERAL DEPARTMENTS AND AGENCIES.—The head of each Federal department and agency that administers United States foreign assistance programs shall implement such guidelines.

(e) EVALUATION DEFINED.—In this section, the term “evaluation” means, with respect to a United States foreign assistance program, the systematic collection and analysis of information about the characteristics and outcomes of the program and projects under the program as a basis for judgments, to improve effectiveness, and to inform decisions about current and future programming.
SEC. 903. REPORT.

Not later than one year after the date of the enactment of this Act, the Administrator shall submit to the appropriate congressional committees a report that contains a detailed description of the guidelines that have been developed on measurable goals, performance metrics, and monitoring and evaluation plans established under section 902 for United States foreign assistance programs.

Subtitle B—Authorizations of Appropriations

SEC. 911. BILATERAL ECONOMIC ASSISTANCE.

(a) In general.—Not more than $21,207,400,000 is authorized to be appropriated to the President for “Bilateral Economic Assistance” for fiscal year 2012.

(b) Development Credit Authority.—

(1) Sense of Congress.—It is the sense of Congress that—

(A) access to financial services for underserved populations and sectors in developing countries is essential to expanding economic opportunities for poor households and small businesses to build assets and invest in enterprise development and growth; and

(B) the Development Credit Authority, through the issuance of partial loan guarantees, has proven to be a vital and effective tool in bol-
stering microenterprise development in impover-
ished countries by reducing the risk of private
investors and financial institutions that invest
in underserved sectors or creditworthy borrowers
that otherwise would not qualify for such loans.

(2) LIMITATION ON AUTHORIZATION OF APPROPRIATIONS.—Of the amounts authorized to be appropriated under subsection (a), not more than $8,300,000 is authorized to be appropriated to the President for administrative expenses to carry out credit programs administered by the United States Agency for International Development for fiscal year 2012.

(c) MILLENNIUM CHALLENGE CORPORATION.—

(1) LIMITATION ON AUTHORIZATION OF APPROPRIATIONS.—Of the amounts authorized to be appropriated under subsection (a), not more than $900,000,000 is authorized to be appropriated to the President for necessary expenses to carry out the provisions of the Millennium Challenge Act of 2003 for fiscal year 2012.

(2) MAINTAINING CANDIDATE STATUS FOR PURPOSES OF INCOME CATEGORY.—Section 606 of the Millennium Challenge Act of 2003 (22 U.S.C. 7705) is amended—
(A) by redesignating subsection (c) as subsection (d); and

(B) by inserting after subsection (b) the following:

“(c) MAINTAINING CANDIDATE STATUS.—Any candidate country whose per capita income changes in a given fiscal year such that the country’s income-classification as ‘low income’ or ‘lower middle income’ changes, should retain its candidacy at the former income category only for the year of such transition.”.

(d) DEMOCRACY FUND.—Of the amounts authorized to be appropriated under subsection (a), not more than $115,000,000 is authorized to be appropriated to the President for necessary expenses to carry out the provisions of the Foreign Assistance Act of 1961 for the promotion of democracy globally for fiscal year 2012.

SEC. 912. UNITED STATES AGENCY FOR INTERNATIONAL DEVELOPMENT.

SEC. 913. NONPROLIFERATION, ANTITERRORISM, AND DEMINING.

SEC. 915. PARTNERSHIPS BETWEEN BUSINESSES AND POSTSECONDARY EDUCATIONAL INSTITUTIONS IN AFRICA.

(a) FINDINGS.—Congress finds the following:

(1) There is a growing need in developing countries in Africa to educate and properly train future business leaders in such a way to help them adapt to the demanding complexities of leadership.

(2) This growing need has led to the call for Africa to develop and train the next generation of leaders that will bring Africa forward into a peaceful and prosperous new century and ensure that democracy lasts across the continent.

(3) One of the ways to help train the next generation of leaders is through entrepreneurial education, entrepreneurship may be one of the most im-
important channels through which education raises eco-
nomic productivity.

(4) All youth should be provided with the access
to any and all opportunities to develop skills, atti-
tudes, and abilities that are needed in later life that
can lead to entrepreneurship and leadership.

(5) One of the goals of educators should be to
train students to become self-employed after gradua-
tion and produce the goods and services that are need-
ed locally, thereby initiating significant internal eco-
nomic activity.

(6) It is important that the youth be assisted to
achieve higher levels of access and entry into the econ-
yomy as potentially self-employed people since there
are simply not enough employment opportunities
within the private and public sectors for them all.

(7) Business and management education is espe-
cially critical in Africa where, in the face of huge
shortages in both the private and public sectors, only
50 business schools exist to serve nearly 800 million
people, compared with 1,000 business schools in India
and 1,200 in the United States.

(8) While many institutions in Africa do offer a
business certificate/degree, the training can lack cer-
tain practical elements, which makes it difficult for
graduates to readily apply their skills in the real-world.

(9) Educational institutions are not rapidly responding to this urgent challenge.

(b) **PARTNERSHIPS BETWEEN BUSINESSES AND POST-SECONDARY EDUCATIONAL INSTITUTIONS IN AFRICA.**—

Chapter 1 of part I of the Foreign Assistance Act of 1961 (22 U.S.C. 2151 et seq.) is amended by inserting after section 105 the following new section:

```
“SEC. 105A. ASSISTANCE TO ESTABLISH PARTNERSHIPS BETWEEN BUSINESS AND POSTSECONDARY EDUCATIONAL INSTITUTIONS IN DEVELOPING COUNTRIES IN AFRICA.

“(a) ASSISTANCE AUTHORIZED.—The President, acting through the Administrator of the United States Agency for International Development, is authorized to provide assistance, on such terms and conditions as the President may determine, to establish partnerships between businesses and postsecondary educational institutions in developing countries in Africa to further the education and entrepreneurship skills of students at such institutions in order to increase economic freedom and competitiveness, promote civil society, and improve the quality of life in such countries.
```
“(b) ACTIVITIES SUPPORTED.—Assistance provided under subsection (a) shall, to the maximum extent practicable, be used to—

“(1) enable students at postsecondary educational institutions in developing countries in Africa to practice in the field what they are learning in the classroom and thereby acquire relevant business and management experience;

“(2) provide opportunities for individuals in developing countries in Africa who are unable to receive a formal education to benefit from the transfer of knowledge and skills by students described in paragraph (1); and

“(3) carry out other appropriate activities, including—

“(A) training students described in paragraph (1) and faculty to build sustainable programs;

“(B) institutionalizing and promoting sustainability of program leadership;

“(C) supporting the launch and development of new in-country operations;

“(D) investing in other United States assistance programs for long-term sustainability and support of African programs; and
“(E) demonstrating results and sharing best practices.

“(c) REPORT.—The President shall transmit to Congress a report on the implementation of this section for each of the fiscal years 2012 through 2016. The report shall include an assessment of the impact of the assistance provided under subsection (a) and an analysis of the extent to which such assistance could be provided in other regions of the world.”.

Subtitle C—Prohibitions on Assistance

PART I—GENERAL PROVISIONS

SEC. 921. COUNTRIES THAT FAIL TO MEET MCC’S CORRUPTION PERFORMANCE INDICATOR.

(a) RESTRICTION.—Except as provided in subsection (b), no United States economic or development assistance authorized to be appropriated by this Act or any amendment made by this Act may be provided to the government of a country that does not meet the corruption performance indicator of the Millennium Challenge Corporation used for purposes of determining eligibility for assistance under the Millennium Challenge Act of 2003.

(b) WAIVER.—The President may waive the restriction on assistance under subsection (a) on a case-by-case basis for a period of not more than 6 months if—
(1) the President determines that such a waiver is important to the national security interests of United States; and

(2) the President provides to the appropriate congressional committees at least 15 days prior to exercising the waiver a report on concrete steps that the recipient country has undertaken to meet the corruption benchmarks and on United States implementation and enforcement of end-use monitoring mechanisms in the country to ensure United States assistance provided is being used as intended.

(c) APPROPRIATE CONGRESSIONAL COMMITTEES DEFINED.—In this section, the term “appropriate congressional committees” means—

(1) the Committee on Foreign Affairs and the Committee on Appropriations of the House of Representatives; and

(2) the Committee on Foreign Relations and the Committee on Appropriations of the Senate.

SEC. 922. FOREIGN ORGANIZATIONS THAT PROMOTE OR PERFORM ABORTION.

None of the funds authorized to be appropriated by this Act or any amendment made by this Act may be made available to any foreign nongovernmental organization that promotes or performs abortion, except in cases of rape or
incest or when the life of the mother would be endangered if the fetus were carried to term.

SEC. 923. DEVELOPMENT INNOVATION VENTURES PROGRAM.

(a) Prohibition.—No funds available to the United States Agency for International Development (USAID) may be used to carry out the Development Innovation Ventures (DIV) program or any successor program.

(b) Effective Date.—This section shall take effect on the date of the enactment of this Act and shall apply with respect to funds available to USAID for the DIV program or any successor program that are made available on or after such date of enactment.

SEC. 924. COUNTRIES THAT OPPOSE THE POSITION OF THE UNITED STATES IN THE UNITED NATIONS.

(a) Prohibition.—None of the funds authorized to be appropriated by this Act or any amendment made by this Act may be provided as bilateral economic assistance to a foreign government that opposed the position of the United States in the United Nations.

(b) Definitions.—In this section—

(1) the term “opposed the position of the United States” means, in the case of a country, that the country’s recorded votes in the United Nations General Assembly during the most recent session of the
General Assembly and, in the case of a country which
is a member of the United Nations Security Council,
the country’s recorded votes both in the Security
Council and the General Assembly during the most
recent session of the General Assembly, were the same
as the position of the United States less than 50 per-
cent of the time, using for this purpose a comparison
of the recorded vote cast by each member country with
the recorded vote cast by the United States, as de-
described in the annual report submitted to Congress
pursuant to section 406 of the Foreign Relations Au-
thorization Act, Fiscal Years 1990 and 1991; and

(2) the term “most recent session of the General
Assembly” means the most recently completed plenary
session of the General Assembly for which a compari-
son of the vote cast by each member country with the
vote cast by the United States is described in the most
recent report submitted to Congress pursuant to sec-
tion 406 of the Foreign Relations Authorization Act,

(c) WAIVER.—The President may waive the require-
ments in subsection (a) on a case-by-case basis if the Presi-
dent determines and certifies to the appropriate congress-
ional committees not less than 15 days prior to the exercise
of waiver authority that the exercise of such waiver author-
ity is important to the national interests of the United States.

SEC. 925. SUPPORT FOR ACTIVITIES OF THE GLOBAL CLIMATE CHANGE INITIATIVE.

None of the funds authorized to be appropriated by this Act or any amendment made by this Act may be made available to support activities of the Global Climate Change Initiative.

SEC. 926. TRILATERAL ASSISTANCE PROGRAM.

(a) FINDINGS.—Congress finds the following:

(1) During fiscal years 2009 and 2010, the United States Agency for International Development provided the Government of South Africa with $2,500,000 to support the Trilateral Assistance Program, a program through which the Government of South Africa provides technical assistance to third countries in Africa.

(2) $1,500,000 was requested for fiscal year 2011 and $1,530,000 has been requested for fiscal year 2012.

(3) South Africa has been recognized, along with Brazil, Russia, India, and China, as having one of the world’s largest, rapidly growing economies and has become a donor nation.
(4) Further, while South Africa still faces enormous development challenges, including one of the highest HIV/AIDS infections rates in the world, this funding is not used to support development programs within South Africa.

(5) Using the Government of South Africa as a pass-through for foreign assistance made available through the generosity of the American taxpayer diminishes the public diplomacy value of this assistance for the United States, while enhancing South Africa’s own standing in the region.

(6) In a time of domestic financial crisis, continued support for the Trilateral Assistance Program cannot continue.

(b) PROHIBITION.—None of the funds authorized to be appropriated under section 911(a) may be used to support the Trilateral Assistance Program in South Africa.

PART II—COUNTRY AND ORGANIZATION-SPECIFIC PROVISIONS

SEC. 931. LIMITATION ON ASSISTANCE TO ARGENTINA, VENEZUELA, NICARAGUA, ECUADOR, AND BOLIVIA.

None of the funds authorized to be appropriated under this Act may be made available for assistance to the govern-

(1) by redesignating the second section 620J (as added by section 651 of Public Law 110–161) as section 620M; and

“(1) the President shall certify in writing, to the Speaker of the House of Representatives, the President pro tempore of the Senate, and the Committees on
Foreign Affairs of the House of Representatives and Foreign Relations of the Senate that leaders of the Palestinian Authority or any caretaker or follow-on government have not unilaterally declared independence in 2011 or thereafter, are engaged in peace negotiations with the State of Israel, and are not pursuing recognition of Palestinian statehood at the United Nations; or

“(2) if the President is unable to make such a certification, the President shall transmit to the individuals and committees described in paragraph (1) a report that contains the reasons therefor.

“(c) WAIVER.—The President may waive subsection (a) if—

“(1) the President determines that it is vital to the national security interest of the United States to do so; and

“(2) the President transmits to the individuals and committees described in subsection (b)(1) a report detailing—

“(A) the justification for the waiver, the purposes for which the funds for the Palestinian Authority will be spent, and the reasons the President is unable to make the certification contained in subsection; and
“(B) the steps the Palestinian Authority has taken to arrest terrorists, confiscate weapons, dismantle terrorist infrastructure, halt incitement, and to promote peace with the Jewish state of Israel.”.

(1) IN GENERAL.—Except as provided in paragraph (2), none of the funds made available to carry out this Act may be used to provide assistance to Sri Lanka unless a certification described in subsection (b) is in effect.

(2) EXCEPTION.—The limitation on funds under paragraph (1) shall not apply with respect to democracy and governance assistance, humanitarian assistance, and assistance for demining activities.

(b) CERTIFICATION.—A certification described in this subsection is a certification submitted by the Secretary of State to the appropriate congressional committees that contains a determination of the Secretary of State that the Government of Sri Lanka is making demonstrable progress in the following areas:

(1) Accountability for those involved in violations of human rights and war crimes at the end of Sri Lanka’s civil war in May 2009, including by any
remaining members of the Liberation Tigers of Tamil Eelam (LTTE).

(2) Reconciliation, including —

(A) the establishment of a mechanism to account for events that occurred at the end of the civil war;

(B) information from the government on what happened to those missing at the end of the civil war; and

(C) expeditious release of those remaining in detention.

(3) Withdrawal of emergency regulations.

(4) An improved climate for freedom of the press throughout the country.

SEC. 935. FORMER YUGOSLAV REPUBLIC OF MACEDONIA.

(a) FINDINGS.—Congress finds the following:

(1) Greece has demonstrated an enormous good will gesture in agreeing that “Macedonia” may be included in the future name of the Former Yugoslav Republic of Macedonia (FYROM) as long as that term is combined with a geographic qualifier that makes it
clear that there are no territorial ambitions on the part of the FYROM with regard to the historical boundaries of the Greek province of Macedonia.

(2) The FYROM continues to utilize materials that violate provisions of the United Nations-brokered Interim Agreement between the FYROM and Greece regarding incendiary rallies, rhetoric, or propaganda, and United Nations-led negotiations between the FYROM and Greece have so far failed to achieve the longstanding goals of the United States and the United Nations to find a mutually acceptable, new official name for the FYROM.

(b) SENSE OF CONGRESS.—It is the sense of Congress that all United States assistance to the FYROM should be conditioned on the FYROM’s willingness to engage in meaningful discussions with Greece in accordance with United Nations Security Council Resolution 817.

(c) LIMITATION.—The Secretary of State may not use funds authorized to be appropriated under this Act for programs and activities that directly or indirectly promote incendiary rallies, rhetoric, or propaganda by state-controlled agencies of the FYROM or encourage acts by private entities likely to incite violence, hatred, or hostility, including support for printing and publishing of textbooks, maps, and
teaching aids that may include inaccurate information on
the histories and geographies of Greece and FYROM.

SEC. 942. LIMITATION ON FUNDS FOR USAID'S OFFICE OF BUDGET AND RESOURCE MANAGEMENT.

(a) STATEMENT OF POLICY.—In order to better align budget resources with United States foreign assistance strategic priorities and objectives, to establish clearer lines of authority and enhance accountability between agencies, to reduce replication of foreign assistance programs, and to ensure better efficiency and effectiveness of United States foreign assistance programs, it shall be the policy of the United States to vest budget authorities and policy planning for all United States foreign assistance within one office at the Department of State that shall complete the Federal budgets for both the Department of State and the United States Agency for International Development.

SEC. 943. LIMITATION ON USAID TRAINING CONTRACTS UNDER THE MERIDA INITIATIVE.

(a) FINDINGS.—Congress finds the following:
(1) In 2007, the United States and Mexico announced the Merida Initiative, a multi-year partnership to fight organized crime and associated violence while furthering respect for human rights and the rule of law in the region.

(2) One of the Merida Initiative’s four primary goals is to improve the capacity of justice systems in the region.

(3) In April 2009, USAID/Mexico awarded a 3-year, $44.1 million cost-type contract to Management Systems International (MSI) to work with Mexican state and federal justice institutions to strengthen their capacity to improve transparency, public oversight, and public accountability, and better serve Mexican citizens under the new constitutional reforms that shape the police and criminal procedure codes.

(4) A January 2011 USAID Office of the Inspector General audit determined that the contract mechanism that USAID/Mexico used to award the task order to MSI was not in accordance with procurement regulations, USAID/Mexico’s technical officers responsible for the rule of law projects have not effectively carried out all their responsibilities in accordance with USAID policy and internal mission orders, USAID/Mexico’s contractor has not developed systems
for evaluating the effectiveness of the training it delivers, and USAID/Mexico’s reported numbers of beneficiaries trained are not accurate.

(b) **LIMITATION.**—Notwithstanding any other provision of law, the Administrator of the United States Agency for International Development, in awarding contracts during a fiscal year to procure training services as part of the Merida Initiative, may not award more than 50 percent of the dollar amount of the contracts to one company.

(c) **MERIDA INITIATIVE DEFINED.**—In this section, the term “Merida Initiative” means the program announced by the United States and Mexico on October 22, 2007, to fight illicit narcotics trafficking and criminal organizations throughout the Western Hemisphere.

The head of each Fed-

Each type of information described in this paragraph shall be published on the website not later than 30 days after the date of issuance of the information and shall be continuously updated.

(c) Scope of Information.—The website shall contain such information relating to the current fiscal year and the immediately preceding 5 fiscal years. The website shall also contain a link to a searchable database available to the public containing such information relating to fiscal years prior to such immediately preceding 5 fiscal years.

Section 634 of the Foreign Assistance Act of 1961 (22 U.S.C. 2394) is amended—

(1) in subsection (a)—

(A) in the matter preceding paragraph (1), by striking “Chairman of the Development Coordination Committee” and insert “President”;

(B) by striking paragraphs (6) and (7); and

(C) by redesignating paragraphs (8) through (12) as paragraphs (6) through (10), respectively; and

(2) by adding at the end the following new subsection:

time that the President submits the annual budget request under section 1105 of title 31, United States Code, a report providing the most up-to-date and detailed information on aid commitments and disbursements by other donors and international organizations to countries and regions for which the President is seeking United States assistance funds.

“(2) USE OF READILY AVAILABLE RESOURCES AND STATISTICS.—In carrying out this subsection, the President shall utilize all readily available resources and statistics, including information provided by such organizations as the Development Assistance Committee (DAC) of the Organization for Economic Cooperation and Development (OECD).

“(3) APPROPRIATE CONGRESSIONAL COMMITTEES DEFINED.—In this subsection, the term ‘appropriate congressional committees’ means—

“(A) the Committee on Foreign Affairs of the House of Representatives; and

“(B) the Committee on Foreign Relations of the Senate.”.

“(k) Sex-selection Abortion.—The report required by subsection (b) of this section shall include, wherever applicable, systematic assessments and conclusions of the extent and nature of sex-selection abortion in each foreign country.”.
SEC. 954. SENSE OF CONGRESS REGARDING REDUCING MALARIA PREVALENCE AND DEATHS.

(a) FINDINGS.—Congress finds the following:

(1) Malaria is a leading cause of death and disease in many developing countries, despite being completely preventable and treatable.

(2) According to the Centers for Disease Control and Prevention, 35 countries, the majority of them in sub-Saharan Africa, account for 98 percent of global malaria deaths.

(3) Young children and pregnant women are particularly vulnerable and disproportionately affected by malaria.

(4) Malaria greatly affects child health, with estimates that children under the age of 5 account for 85 percent of malaria deaths each year.

(5) Malaria poses great risks to maternal health, causing complications during delivery, anemia, and low birth weights, with estimates that malaria infection causes 400,000 cases of severe maternal anemia and from 75,000 to 200,000 infant deaths annually in sub-Saharan Africa.

(6) Heightened national, regional, and international efforts to prevent and treat malaria over recent years have made measurable progress and have helped save hundreds of thousands of lives.
(7) The World Health Organization’s World Malaria Report 2010 reports that in 2010, more African households (42 percent) owned at least one insecticide-treated mosquito net (ITN), more children under 5 years of age (35 percent) were using an ITN compared to previous years, and household ITN ownership reached more than 50 percent in 19 African countries.

(8) The World Health Organization’s World Malaria Report 2010 further states that a total of 11 countries and one area in the African region showed a reduction of more than 50 percent in either confirmed malaria cases or malaria admissions and deaths in recent years (Algeria, Botswana, Cape Verde, Eritrea, Madagascar, Namibia, Rwanda, Sao Tome and Principe, South Africa, Swaziland, Zambia, and Zanzibar, United Republic of Tanzania), and that in all countries, the decreases are associated with intense malaria control interventions.

(9) Continued national, regional, and international investment is critical to continue to reduce malaria deaths and to prevent backsliding in those areas where progress has been made.

(10) The United States Government has played a major leadership role in the recent progress made
toward reducing the global burden of malaria, par-

ticularly through the President’s Malaria Initiative

(PMI) and the United States contribution to the
Global Fund to Fight AIDS, Tuberculosis, and Ma-

laria.

(11) Recognizing the burden of malaria on many
partner countries, PMI has set the target for 2015 of
reducing the burden of malaria by 50 percent for
450,000,000 people, representing 70 percent of the at-

risk population in Africa.

(b) SENSE OF CONGRESS.—Congress—

(1) supports the achievable target of ending ma-
laria deaths by 2015;

(2) recognizes the importance of reducing ma-
laria prevalence and deaths to improve overall child
and maternal health, especially in sub-Saharan Afri-

can;

(3) commends the recent progress made toward
reducing global malaria deaths and prevalence, par-
ticularly through the efforts of the President’s Malaria
Initiative and the Global Fund to Fight AIDS, Tu-
berculosis, and Malaria;

(4) welcomes ongoing public-private partnerships
to research and develop more effective and affordable
tools for malaria diagnosis, treatment, and vaccination;

(5) supports continued leadership by the United States in bilateral and multilateral efforts to combat malaria; and

(6) encourages other members of the international community to sustain and scale up their support and financial contributions for efforts worldwide to combat malaria.

SEC. 955. SENSE OF CONGRESS REGARDING SECOND MCC COMPACT WITH CAPE VERDE.

(a) FINDINGS.—Congress finds the following:

(1) The Millennium Challenge Corporation (MCC) provides access to financial services and helps create sustainability for financial institutions in Cape Verde, both of which are critical components to that country’s economic growth.

(2) The MCC strategy in Cape Verde, a developing nation in which 30 percent of its citizens live below the poverty level, focuses on microfinance development and improved access to credit for farmers.

(3) The MCC Compact with Cape Verde contributed to e-government service by investing in software, equipment, and technical assistance. As a result, the number of days it takes to start a business has de-
creased from an average of 52 days in 2007, to less than one day to do so in 2010.

(4) Preliminary findings of the MCC Compact with Cape Verde indicate substantial results for farmers receiving assistance through the Agricultural Support Project. For example, following a year of very bad rains, farmers who did not receive MCC assistance experienced a drop in income of 88 percent, while farmers who did receive such assistance faced a decrease of only 18 percent.

(5) As a result of the MCC Compact with Cape Verde, the following outputs have been completed:

(A) The construction of 28 reservoirs.

(B) 549 farmers have received training in new technologies.

(C) Four participating microfinance institutions have issued $617,000 in rural agricultural loans to 209 farmers on agribusiness.

(D) Increased financial intermediation and competition in the government securities market and development of the private sector.

(E) Eight microfinance institutions have received technical assistance, and capacity-building in accounting, credit appraisal, delivery, col-
lection, human resources management, and mar-
keting.

(6) As a result of the MCC, Cape Verde is
launching its first private credit bureau.

(7) Because the compact with Cape Verde was
among the first MCC compacts approved, a number
of unanticipated issues arose regarding timing and
design that required rescoping of projects and revision
of targets and indicators. Without the ability to ex-
tend the compact beyond the 5-year limit, the MCC
was unable to provide full support for the activities
initially envisioned.

(b) SENSE OF CONGRESS.—It is the sense of Congress
that—

(1) Cape Verde has demonstrated a commitment
to transforming its economy and creating sustainable
growth, as well as an ability to effectively utilize the
assistance provided by the Millennium Challenge Cor-
poration (MCC); and

(2) a second compact with the MCC would allow
Cape Verde to build on the success of its first com-
pact, accelerate economic growth, raise incentives in
other countries to maintain high levels of performance
on MCC programs, and exemplify the results-based
approach to foreign assistance.
SEC. 956. SENSE OF CONGRESS REGARDING MICROFINANCE

AND MICROENTERPRISE PROGRAMS.

It is the sense of Congress that—

(1) access to financial markets is essential to economic growth;

(2) microfinance and microenterprise programs have been successful in creating and expanding economic opportunities by providing access to financial markets and financial services, such as credit, small loans and savings services, to poor and vulnerable populations, particularly women and the rural poor, in developing countries;

(3) microfinance helps improve economic welfare in poor households, and has been shown to raise borrower income, stimulate the growth of the borrower’s business, and generate employment; and

(4) the United States should support and encourage, wherever possible and appropriate, microfinance and microenterprise development and programs in order to help generate stable economic growth in developing countries.

SEC. 957. SENSE OF CONGRESS REGARDING MICROENTERPRISE DEVELOPMENT ASSISTANCE TO SUB-SAHARAN AFRICA.

(a) In General.—It is the sense of Congress that—
(1) the United States Agency for International Development should seek to increase the reach, impact, and effectiveness of microenterprise development assistance in sub-Saharan Africa;

(2) the United States Agency for International Development should target half of all sustainable poverty-focused programs under subsection (a) of section 252 of the Foreign Assistance Act of 1961 (22 U.S.C. 2211a) to the very poor, as required by subsection (c) of such section; and

(3) the United States Agency for International Development should seek to improve poverty assessment tools used to provide microenterprise development assistance so that the tools can assist the management and outreach of partner organizations to the very poor.

(b) Definition.—In this section, the term “microenterprise development assistance” means assistance under title VI of chapter 2 of part I of the Foreign Assistance Act of 1961 (22 U.S.C. 2211 et seq.).

(c) ASSISTANCE FOR IRAQ.—
(1) **FINDINGS.**—Congress finds the following:

(A) United States support for the security of the Government of Iraq remains critical for the long-term success of United States efforts in that country.

(B) United States security assistance from the Iraq Security Forces Fund (ISFF) account administered by the Department of Defense has been discontinued in H.R. 2219, the Department of Defense Appropriations Act, 2012, as passed the House of Representatives, with the intent of transitioning responsibility for such activities to the Foreign Military Financing program administered by the Department of State.

(C) The ISFF account was funded at $1.5 billion for fiscal year 2011 under the Department of Defense and Full-Year Continuing Appropriations Act, 2011.

(D) The request for Foreign Military Financing program assistance for the Government of Iraq for fiscal year 2012 is $1 billion marking a $500 million reduction from previous levels of security assistance for Iraq.

(C) provides recommendations regarding additional actions to ensure greater accountability and transparency with respect to the provision of United States assistance to Iraq.

(d) CERTIFICATION ON FOREIGN MILITARY FINANCING FOR IRAQ.—Notwithstanding any other provision of this section or any amendment made by this section, 25 percent of the funds made available to the Department of State for the Foreign Military Financing program in Iraq for fiscal year 2012 may not be made available for contracts under
the program unless the Secretary of State submits to Con-

gram and certifies to Congress that sufficient management
and oversight practices are in place with respect to such
contracts.

authorized to be appropriated to the President to carry out
the purposes of this chapter $105,800,000 for fiscal year
2012”.

SEC. 1103. ANTIboycott PROVISIONS.

(a) SHORT TITLE.—This section may be cited as the “Antiboycott Act”.

(b) FINDINGS.—The Congress finds that—

(1) the Arab League boycott of Israel, and the secondary boycott of United States firms that have commercial ties with Israel, are an impediment to investment, trade, economic development, and peace in the Middle East and North Africa;

(2) it is in the common interest of the people of Israel and the Arab states that the Arab League boycott be terminated, that the Central Office for the Boycott of Israel be closed, and that Arab League
states normalize relations with their neighbor Israel; and

(3) the President, the Secretary of State, and the Secretary of Commerce should continue to vigorously oppose the Arab League boycott of Israel and use the authorities enacted into law by Congress to take concrete steps to seek an end to the Arab League boycott.

(c) POLICY.—It is the policy of the United States to—

(1) oppose restrictive trade practices or boycotts fostered or imposed by foreign countries against other countries friendly to the United States or against any United States person;

(2) encourage and, in specified cases, require United States persons engaged in the export of goods or technology or other information to refuse to take actions, including furnishing information or entering into or implementing agreements, which have the effect of furthering or supporting the restrictive trade practices or boycotts fostered or imposed by any foreign country against a country friendly to the United States or against any United States person; and

(3) foster international cooperation and the development of international rules and institutions to assure reasonable access to world supplies.

(d) PROHIBITIONS AND EXCEPTIONS.—
(1) Prohibitions.—In order to carry out the purposes set forth in subsection (c), the Secretary of Commerce (in this section referred to as the “Secretary”) shall issue regulations prohibiting any United States person, with respect to that person’s activities in the interstate or foreign commerce of the United States, from taking or knowingly agreeing to take any of the following actions with intent to comply with, further, or support any boycott fostered or imposed by a foreign country against a country that is friendly to the United States and is not itself the object of any form of boycott pursuant to United States law or regulation:

(A) Refusing, or requiring any other person to refuse, to do business with or in the boycotted country, with any business concern organized under the laws of the boycotted country, with any national or resident of the boycotted country, or with any other person, pursuant to an agreement with, or requirement of, or a request from or on behalf of the boycotting country. The mere absence of a business relationship with or in the boycotted country with any business concern organized under the laws of the boycotted country, with any national or resident of the
boycotted country, or with any other person, shall not indicate the existence of the intent required to establish a violation of regulations issued to carry out this subparagraph.

(B) Refusing, or requiring any other person to refuse, to employ or otherwise discriminate against any United States person on the basis of the race, religion, sex, or national origin of that person or of any owner, officer, director, or employee of such person.

(C) Furnishing information with respect to the race, religion, sex, or national origin of any United States person or of any owner, officer, director, or employee of such person.

(D) Furnishing information about whether any person has, has had, or proposes to have any business relationship (including a relationship by way of sale, purchase, legal or commercial representation, shipping or other transport, insurance, investment, or supply) with or in the boycotted country, with any business concern organized under the laws of the boycotted country, with any national or resident of the boycotted country, or with any other person which is known or believed to be restricted from having
any business relationship with or in the boycotting country. Nothing in this subparagraph shall prohibit the furnishing of normal business information in a commercial context as defined by the Secretary.

(E) Furnishing information about whether any person is a member of, has made a contribution to, or is otherwise associated with or involved in the activities of any charitable or fraternal organization that supports the boycotted country.

(F) Paying, honoring, confirming, or otherwise implementing a letter of credit that contains any condition or requirement the compliance with which is prohibited by regulations issued pursuant to this paragraph, and no United States person shall, as a result of the application of this paragraph, be obligated to pay or otherwise honor or implement such letter of credit.

(2) EXCEPTIONS.—Regulations issued pursuant to paragraph (1) may provide exceptions for—

(A) compliance, or agreement to comply, with requirements—
(i) prohibiting the import of items
from the boycotted country or items pro-
duced or provided, by any business concern
organized under the laws of the boycotted
country or by nationals or residents of the
boycotted country; or

(ii) prohibiting the shipment of items
to the boycotting country on a carrier of the
boycotted country or by a route other than
that prescribed by the boycotting country or
the recipient of the shipment;

(B) compliance, or agreement to comply,
with import and shipping document require-
ments with respect to the country of origin, the
name of the carrier and route of shipment, the
name of the supplier of the shipment, or the
name of the provider of other services, except
that, for purposes of applying any exception
under this subparagraph, no information know-
ingly furnished or conveyed in response to such
requirements may be stated in negative, black-
listing, or similar exclusionary terms, other than
with respect to carriers or route of shipment as
may be permitted by such regulations in order to
comply with precautionary requirements protecting against war risks and confiscation;

(C) compliance, or agreement to comply, in the normal course of business with the unilateral and specific selection by a boycotting country, or a national or resident thereof, of carriers, insurers, suppliers of services to be performed within the boycotting country, or specific items which, in the normal course of business, are identifiable by source when imported into the boycotting country;

(D) compliance, or agreement to comply, with export requirements of the boycotting country relating to shipment or transshipment of exports to the boycotted country, to any business concern of or organized under the laws of the boycotted country, or to any national or resident of the boycotted country;

(E) compliance by an individual, or agreement by an individual to comply, with the immigration or passport requirements of any country with respect to such individual or any member of such individual’s family or with requests for information regarding requirements of em-
ployment of such individual within the boy-
cotting country; and

(F) compliance by a United States person
resident in a foreign country, or agreement by
such a person to comply, with the laws of the
country with respect to the person’s activities ex-
clusively therein, and such regulations may con-
tain exceptions for such resident complying with
the laws or regulations of the foreign country
governing imports into such country of
trademarked, trade-named, or similarly specifi-
cally identifiable products, or components of
products for such person’s own use, including the
performance of contractual services within that
country.

(3) LIMITATION ON EXCEPTIONS.—Regulations
issued pursuant to paragraphs (2)(C) and (2)(F)
shall not provide exceptions from paragraphs (1)(B)
and (1)(C).

(4) ANTITRUST AND CIVIL RIGHTS LAWS NOT AF-
FECTED.—Nothing in this subsection may be con-
strued to supersede or limit the operation of the anti-
trust or civil rights laws of the United States.

(5) EVASION.—This section applies to any trans-
action or activity undertaken by or through a United
States person or any other person with intent to evade the provisions of this section or the regulations issued pursuant to this subsection. The regulations issued pursuant to this section shall expressly provide that the exceptions set forth in paragraph (2) do not permit activities or agreements (expressed or implied by a course of conduct, including a pattern of responses) otherwise prohibited, which are not within the intent of such exceptions.

(e) REPORTS.—

(1) IN GENERAL.—Regulations issued under this section shall require that any United States person receiving a request to furnish information, enter into or implement an agreement, or take any other action referred to in subsection (d) shall report that request to the Secretary, together with any other information concerning the request that the Secretary determines appropriate. The person shall also submit to the Secretary a statement regarding whether the person intends to comply, and whether the person has complied, with the request.

(2) PUBLIC AVAILABILITY OF REPORTS.—Any report filed pursuant to this subsection shall be made available promptly for public inspection and copying, except that information regarding the quantity, de-
scription, and value of any item to which such report relates may be kept confidential if the Secretary determines that disclosure of that information would place the United States person involved at a competitive disadvantage.

(3) Summaries to Secretary of State.—The Secretary shall periodically transmit to the Secretary of State summaries of the information contained in the reports filed pursuant to this subsection for such action as the Secretary of State, in consultation with the Secretary, considers appropriate to carry out the purposes set forth in subsection (c).

(f) Preemption.—The provisions of this section and the regulations issued under this section shall preempt any law, rule, or regulation that—

(1) is a law, rule, or regulation of any of the several States or the District of Columbia, or any of the territories or possessions of the United States, or of any governmental subdivision thereof; and

(2) pertains to participation in, compliance with, implementation of, or the furnishing of information regarding restrictive trade practices or boycotts fostered or imposed by foreign countries against other countries.

(g) Penalties.—
(1) **UNLAWFUL ACTS.**—It shall be unlawful for a person to violate, attempt to violate, conspire to violate, or cause a violation of this section or of any regulation or order issued under this section.

   (i) A fine of not more than $250,000.

   (ii) A prohibition on the person’s ability to export any goods, technology, or services, whether or not a license has been issued previously to authorize such an export.

(B) **PROCEDURES.**—Any civil penalty under this subsection may be imposed only after
notice and opportunity for an agency hearing on
the record in accordance with sections 554
through 557 of title 5, United States Code, and
shall be subject to judicial review in accordance
with chapter 7 of such title.

(C) Standards for levels of civil penalty.—The President may by regulation provide
standards for establishing levels of civil penalty
under this paragraph based upon the seriousness
of the violation, the culpability of the violator,
and the violator’s record of cooperation with the
Government in disclosing the violation.

the date of the enactment of this Act and annually there-

SEC. 1108. CLARIFICATION OF SENSITIVE TECHNOLOGIES FOR PURPOSES OF PROCUREMENT BAN.

(a) FINDINGS.—Congress finds the following:

(1) The Government of Iran continues to disrupt the free flow of information to the people of Iran.

(2) The Government of Iran continues to utilize information technology to conduct surveillance of dissidents’ communications in an effort to repress opponents of the regime.

(3) Congress passed the Comprehensive Iran Sanctions, Accountability, and Divestment Act of 2010 (CISADA) (which was enacted into law on July 1, 2010) to increase pressure on the Iranian regime to abandon nefarious policies, including the development of nuclear weapons, support for international terrorism, and violations of internationally recognized human rights.

(4) Section 106 of that Act provides for sanctions against firms that provide Iran with sensitive technologies that allow the Government of Iran to monitor, disrupt, or filter the free flow of information to and from the people of Iran.

(5) On September 23, 2010, the President delegated authorities provided under section 106 of that Act to the Secretary of State.

(7) That report notes that the Department of State has not identified any firms that have provided Iran with such sensitive technology, and that the Department of State has no intention “to further refine the definition of sensitive technologies beyond hardware, software, telecommunications equipment, or any other technology the President determines is to be used to monitor, filter, or disrupt information and communication flows in Iran”. The report further notes that many communications technologies may be used for legitimate purposes as well as disruption and surveillance, making a determination of the buyer’s or seller’s intent difficult to discern.

(8) The report also notes that, according to various sources, the Government of Iran has developed “indigenous” capabilities to disrupt and monitor information and communications in Iran.

(b) RESPONSIBILITIES OF SECRETARY OF STATE.—

The Secretary of State shall—

(1) not later than 90 days after the date of the enactment of this Act, issue guidelines to further de-
scribe the goods, services, and technologies that will be considered “sensitive technologies” for purposes of section 106 of the Comprehensive Iran Sanctions, Accountability, and Divestment Act of 2010 (22 U.S.C. 8515), and publish those guidelines in the Federal Register;

(2) determine the types of goods, services, and technologies that enable any indigenous capabilities that Iran has to disrupt and monitor information and communications in that country, and consider adding descriptions of those items to the guidelines; and

(3) periodically review, but in no case less than once each year, the guidelines and, if necessary, amend the guidelines on the basis of technological developments and new information regarding transfers of goods, services, and technologies to Iran and the development of Iran’s indigenous capabilities to disrupt and monitor information and communications in Iran.

SEC. 1109. CURTAILING THE FREQUENCY OF INTERNATIONAL MARITIME PIRACY.

(a) FINDINGS.—Congress finds the following:

(1) Maritime piracy is expanding in frequency, geographical scope, and cost, representing a growing
threat to United States national security and even
economic well-being. Somali pirates now operate in a
sea space of approximately 2.5 million square naut-
tical miles, an increase from 1 million square miles
two years ago.

(2) From 2007 to 2010, the number of reported
hijackings increased sevenfold. Last year witnessed the
highest number of successful pirate attacks and hos-
tages taken on record. Somali pirates captured six
times the number of hostages in 2010 than in 2007,
with the length of time held hostage increasing, along
with reports of abuse. Average ransom payments to
Somali pirates have risen to over $4,000,000.

(3) Central to curtailing maritime piracy are
internationally recognized “best management prac-
tices”, which entail practical steps ship owners and
seafarers can take to prevent pirate attacks from hap-
pening. “Best management practices” include steps
such as proceeding at full speed through high risk
areas, placing additional lookouts on watches, and
employing physical barriers such as razor wire.

(4) “Best management practices” have been de-
veloped by the shipping industry and are updated
based upon operation experience and lessons learned.
“Best Management Practice 3”, the third version of the document, was produced in June 2010.

(5) Use of the internationally recognized “best management practices” have been actively encouraged by the international Contact Group on Piracy off the Coast of Somalia, created in January 2009 pursuant to United Nations Security Council Resolution 1851.

(6) It is estimated that approximately 20 percent of all vessels operating off the Horn of Africa do not employ these “best management practices”. Reportedly, it is these ships that make up the vast majority of ships that are successfully pirated.

(7) On June 15, 2011, Assistant Secretary of State for Political-Military Affairs Andrew Shapiro testified before the Subcommittee on Terrorism, Non-proliferation and Trade of the Committee on Foreign Affairs of the House of Representatives that, “The problem is that the small number of ships that don’t follow best management practices are responsible for the vast majority of those that are actually pirated. . .we need to work with the shipping industry to put financial pressure and incentives on those who are not following best management practices and leading to this problem to take further action.”.
(b) Declaration of Policy.—It shall be the policy of the United States to publically identify persons who show continual disregard for internationally-recognized maritime best management practices promoted by the Contact Group on Piracy off the Coast of Somalia, putting the lives of their crew in jeopardy and contributing to the growing ransom demands of Somali pirates.

(c) Publication of Persons Who Show Continual Disregard for Internationally-recognized Maritime Best Management Practices.—

(1) In general.—Subject to paragraph (3), not later than 180 days after the date of the enactment of this Act and annually thereafter (or more frequently as new information becomes available), the President shall transmit to the appropriate congressional committees a list of persons who the President determines continually disregard internationally-recognized maritime best management practices promoted by the Contact Group on Piracy off the Coast of Somalia.

(2) Public Availability.—The lists required under paragraph (1) shall be printed in the Federal Register.

(3) Termination.—
(A) CERTIFICATION.—The lists required under paragraph (1) shall no longer be required on the date that is 30 days after the date on which the President certifies to the appropriate congressional committees that the insufficient use of internationally recognized “best management practices” is no longer a contributing factor in the rise of maritime piracy off the coast of Somalia.

(B) NOTIFICATION.—The President shall notify the appropriate congressional committees not less than 15 days before making a certification described in subparagraph (A).

(4) DEFINITIONS.—In this section:

(A) APPROPRIATE CONGRESSIONAL COMMITTEES.—The term “appropriate congressional committees” means—

(i) the Committee on Foreign Affairs and the Committee on Armed Services of the House of Representatives; and

(ii) the Committee on Foreign Relations and the Committee on Armed Services of the Senate.

(B) PERSON.—The term “person” means any natural person, or any business, legal enti-
ty, or association, including a corporation, part-
nership, or joint venture.

**SEC. 1110. UNITED NATIONS HIGH COMMISSIONER FOR
REFUGEES AND RELIGIOUS FREEDOM.**

(a) Sense of Congress.—It is the sense of Congress
that the United Nations High Commissioner for Refugees
(UNHCR) should, within the next 12 months, accomplish
the following:

(1) A review by UNHCR of the extent to which
UNHCR is processing Religion-Based Refugee Claims
consistent with Article 1A(2) of the 1951 Convention
or the 1967 Protocol relating to the Status of Refu-
gees.

(2) A thorough training of UNHCR staff uti-
lizing the UNHCR Guidelines for Religion-Based Ref-
ugee Claims, including any additional materials nec-
essary based on the review conducted pursuant to
paragraph (1), such as the Department of State’s An-
nual Report on International Religious Freedom
under section 102(b) of the International Religious
Freedom Act of 1998 (22 U.S.C. 6412(b)).

(b) Reporting.—

(1) In general.—Not later than one year after
the date of the enactment of this Act, the Secretary of
State shall submit to the appropriate congressional
committees a report on whether UNHCR has accom-
plished the measures specified in paragraphs (1) and
(2) of subsection (a), and any new steps UNHCR has
taken to strengthen implementation of the Guidelines
referred to in paragraph (2) of such subsection, with
a particular focus on countries that are contiguous to,
or hosting asylum-seekers from, countries identified as
“countries of particular concern for religious free-
dom” under section 402(b) of the International Reli-
gious Freedom Act of 1998 (22 U.S.C. 6442(b)) or
listed on the “Watchlist” of the United States Com-
mission on International Religious Freedom for viola-
tions of religious freedom.

(2) JUSTIFICATION AND DOCUMENTATION.—If
the Secretary determines in the report under para-
graph (1) that UNHCR has not accomplished the
aforementioned measures, or has not taken any new
steps to address the aforementioned concerns, the Sec-
retary shall submit to the appropriate congressional
committees the justification and documentation pro-
vided by UNHCR, if available, of the reasons why no
such actions were taken.
SEC. 1111. EXCHANGE PROGRAM FOR WOMEN LEGISLATORS
AND CIVIL SOCIETY LEADERS.

(a) In General.—The Secretary of State should encourage exchanges between women legislators and civil society leaders in politics and decision-making processes. The Secretary should focus such exchange program on the following countries:

(1) Afghanistan.

(2) The Democratic Republic of the Congo.

(3) Iraq.

(4) Liberia.

(5) South Sudan.

(b) Sense of Congress.—These exchanges should seek to—

(1) expand female participation in international exchange programs of the Department of State;

(2) promote the advancement of women leaders in national parliaments and civil society, reduce legal and discriminatory barriers to women’s civil, educational, and economic equality; and

(3) promote the human and civil rights of women and inclusion in decision-making structures as fundamental components of democratic governance, stability, and economic development.

“(c) NATIONAL INTEREST WAIVER.—The President may waive the application to a country of the prohibition in subsection (a) if—

“(1) the President determines that such waiver is in the national interest of the United States; and

“(2) the President provides to the appropriate congressional committees at least 15 days in advance of exercising the waiver a justification for granting such a waiver, including a certification that the government of the country has taken credible and verifiable steps to implement a plan of action to end the recruitment and use of child soldiers, including the demobilization of child soldiers.”.

(a) Sense of Congress.—It is the sense of Congress that—

(1) the Department of State should establish embassies in Antigua and Barbuda, Dominica, St. Kitts and Nevis, St. Lucia, and St. Vincent and the Grenadines, where the United States does not now have embassies;

(2) the United States Embassy in St. George’s, Grenada, should serve as a model for future United States embassies in such countries;

(b) Report, Conditionality, and Exception.—

(3) **Exception for Delay.**—The Secretary of State may delay for up to one year the establishment of the United States embassies in the five Caribbean countries identified in subsection (a)(1) if the Secretary determines that more time is needed to establish such embassies and submits to the appropriate

(a) In General.—The Secretary of State shall seek to enter into an agreement with the People’s Republic of China regarding the issuance of visas under section 101(a)(15)(I) of the Immigration and Nationality Act (8

SEC. 1128. PENDING CLAIMS AGAINST THE KINGDOM OF
SAUDI ARABIA.

(a) FINDINGS.—Congress finds the following:

(1) On May 19, 1992, the Subcommittee on Eu-
ropre and the Near East of the Committee on Foreign
Affairs of the House of Representatives held a hearing
concerning commercial abuses experienced by United
States companies in Saudi Arabia and brought the
matter to the attention of the Saudi Embassy.

(2) As a result of the May 19, 1992, hearing,
outstanding claims by United States companies
against the Kingdom of Saudi Arabia resulted in the
initiation by the Committee on Foreign Affairs of the
House of Representatives and the Committee on For-
eign Relations of the Senate of a special claims process to resolve the claims, which was included in subsequent legislation.

(3) Failure to resolve all such claims has set a poor precedent for dispute resolution processes and trade relations between the United States and the Kingdom of Saudi Arabia.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the Secretary of State should—

(1) immediately engage with the Kingdom of Saudi Arabia to resolve any outstanding claims described in subsection (a) through the special claims process described in that subsection; and

(2) take this matter into account when reviewing United States relations with the Kingdom of Saudi Arabia, including with respect to current and future trade agreements and related activities.

(c) REPORT.—The Secretary of State shall, not later than 30 days after the date of the enactment of this Act, and not later than 120 days thereafter, submit to the appropriate congressional committees a report on the progress achieved in resolving any remaining claims described in subsection (a).

SEC. 1129. PROMOTION OF HUMAN RIGHTS IN VIETNAM.

(a) FINDINGS.—Congress finds the following:
(1) The relationship between the United States and the Socialist Republic of Vietnam has grown substantially since the end of the trade embargo in 1994, with annual trade between the two countries exceeding $15,300,000,000 in 2009.

(2) The Government of Vietnam’s transition toward greater economic freedom and trade has not been matched by greater political freedom and substantial improvements in basic human rights for Vietnamese citizens, including freedom of religion, expression, association, and assembly.

(3) The United States Congress agreed to Vietnam becoming an official member of the World Trade Organization in 2006, amidst assurances that the Government of Vietnam was steadily improving its human rights record and would continue to do so.

(4) Vietnam remains a one-party state, ruled and controlled by the Communist Party of Vietnam (CPV), which continues to deny the right of citizens to change their Government.

(5) Although in recent years the National Assembly of Vietnam has played an increasingly active role as a forum for highlighting local concerns, corruption, and inefficiency, the National Assembly remains subject to the direction of the CPV and the CPV main-
tains control over the selection of candidates in na-
tional and local elections.

(6) The Government of Vietnam forbids public
challenge to the legitimacy of the one-party state, re-
stricts freedoms of opinion, the press, and association
and tightly limits access to the Internet and tele-
communication.

(7) Since Vietnam’s accession to the WTO on
January 11, 2007, the Government of Vietnam arbi-
trarily arrested and imprisoned numerous individ-
uals for their peaceful advocacy of religious freedom,
democracy, and human rights, including Father
Nguyen Van Ly, human rights lawyers Nguyen Van
Dai, Le Thi Cong Nhan, Cu Huy Ha Vu, and Le
Cong Dinh, and bloggers Nguyen Van Hai and Phan
Thanh Hai.

(8) The Government of Vietnam continues to de-
tain, imprison, place under house arrest, convict, or
otherwise restrict persons for the peaceful expression
of dissenting political or religious views.

(9) The Government of Vietnam has also failed
to improve labor rights, continues to arrest and har-
ass labor leaders, and restricts the right to organize
independently.
(10) The Government of Vietnam continues to limit the freedom of religion, restrict the operations of independent religious organizations, and persecute believers whose religious activities the Government regards as a potential threat to its monopoly on power.

(11) Despite reported progress in church openings and legal registrations of religious venues, the Government of Vietnam has halted most positive actions with respect to religious freedom since the Department of State lifted the “country of particular concern” (CPC) designation for Vietnam in November 2006.

(12) The Government of Vietnam controls all print and electronic media, including access to the Internet, jams the signals of some foreign radio stations, including Radio Free Asia, and has detained and imprisoned individuals who have posted, published, sent, or otherwise distributed democracy-related materials.

(13) People arrested in Vietnam because of their political or religious affiliations and activities often are not accorded due legal process as they lack full access to lawyers of their choice, may experience closed trials, have often been detained for years without trial, and have been subjected to the use of torture to
admit crimes they did not commit or to falsely denounce their own leaders.

(14) Vietnam continues to be a source country for the commercial sexual exploitation and forced labor of women and girls, as well as for men and women legally entering into international labor contracts who subsequently face conditions of debt bondage or forced labor, and is a destination country for child trafficking and continues to have internal human trafficking.

(15) Although the Government of Vietnam reports progress in combating human trafficking, it does not fully comply with the minimum standards for the elimination of trafficking, and is not making substantial efforts to comply.

(16) United States refugee resettlement programs, including the Humanitarian Resettlement (HR) Program, the Orderly Departure Program (ODP), Resettlement Opportunities for Vietnamese Returnees (ROVR) Program, general resettlement of boat people from refugee camps throughout Southeast Asia, the Amerasian Homecoming Act of 1988, and the Priority One Refugee resettlement category, have helped rescue Vietnamese nationals who have suffered persecution on account of their associations with the
United States or, in many cases, because of such associations by their spouses, parents, or other family members, as well as other Vietnamese nationals who have been persecuted because of race, religion, nationality, political opinion, or membership in a particular social group.

(17) While previous programs have served their purposes well, a significant number of eligible refugees from Vietnam were unfairly denied or excluded, including Amerasians, in some cases by vindictive or corrupt Vietnamese officials who controlled access to the programs, and in others by United States personnel who imposed unduly restrictive interpretations of program criteria. In addition, the Government of Vietnam has denied passports to persons who the United States has found eligible for refugee admission.

(18) Congress has passed numerous resolutions condemning human rights abuses in Vietnam, indicating that although there has been an expansion of relations with the Government of Vietnam, it should not be construed as approval of the ongoing and serious violations of fundamental human rights in Vietnam.
(b) Prohibition on increased nonhumanitarian assistance to the Government of Vietnam.—

(1) Assistance.—

(A) In general.—Except as provided in paragraph (2), the Federal Government may not provide any nonhumanitarian assistance authorized to be appropriated by this Act or any amendment made by this Act to the Government of Vietnam during any fiscal year in an amount that exceeds the amount of such assistance provided during fiscal year 2011 unless—

(i) the Federal Government provides assistance supporting the creation and facilitation of human rights training, civil society capacity building, noncommercial rule of law programming, and exchange programs between the Vietnamese National Assembly and the United States Congress at levels commensurate with, or exceeding, any increases in nonhumanitarian assistance to Vietnam authorized to be appropriated by this Act or any amendment made by this Act;

(ii) with respect to the limitation for fiscal year 2012, the President determines
and certifies to Congress, not later than 30
days after the date of the enactment of this
Act, that the requirements of clauses (i)
through (vii) of subparagraph (B) have been
met during the 12-month period ending on
the date of the certification; and

(iii) with respect to the limitation for
subsequent fiscal years, the President deter-
mines and certifies to Congress every 12
months after the certification required pur-
suant to clause (ii) of this subparagraph,
that the requirements of subparagraphs (i)
through (vii) of subparagraph (B) have been
met during the 12-month period prior to
such certification.

(B) REQUIREMENTS.—The requirements of
this subparagraph are the following:

(i) The Government of Vietnam has
made substantial progress toward releasing
all political and religious prisoners from
imprisonment, house arrest, and other forms
of detention.

(ii) The Government of Vietnam has
made substantial progress toward—
(I) respecting the right to freedom of religion, including the right to participate in religious activities and institutions without interference, harassment, or involvement of the Government, for all of Vietnam’s diverse religious communities; and

(II) returning estates and properties confiscated from the churches and religious communities.

(iii) The Government of Vietnam has made substantial progress toward respecting the right to freedom of expression, assembly, and association, including the release of independent journalists, bloggers, and democracy and labor activists.

(iv) The Government of Vietnam has made substantial progress toward repealing or revising laws that criminalize peaceful dissent, independent media, unsanctioned religious activity, and nonviolent demonstrations and rallies, in accordance with international standards and treaties to which Vietnam is a party.
(v) The Government of Vietnam has made substantial progress toward allowing Vietnamese nationals free and open access to United States refugee programs.

(vi) The Government of Vietnam has made substantial progress toward respecting the human rights of members of all ethnic and minority groups.

(vii) Neither any official of the Government of Vietnam nor any agency or entity wholly or partly owned by the Government of Vietnam was complicit in a severe form of trafficking in persons, or the Government of Vietnam took all appropriate steps to end any such complicity and hold such official, agency, or entity fully accountable for its conduct.

(2) Exception.—

(A) Continuation of assistance in the national interest.—Notwithstanding the failure of the Government of Vietnam to meet the requirements of clauses (i) through (vii) of paragraph (1)(B), the President may waive the application of paragraph (1) for any fiscal year if the President determines that the provision to the
Government of Vietnam of increased nonhumanitarian assistance authorized to be appropriated by this Act or any amendment made by this Act would promote the purpose of this section or is otherwise in the national interest of the United States.

(B) EXERCISE OF WAIVER AUTHORITY.—
The President may exercise the authority under subparagraph (A) with respect to—

(i) all United States nonhumanitarian assistance to Vietnam authorized to be appropriated by this Act or any amendment made by this Act; or

(ii) one or more programs, projects, or activities of such assistance.

(3) DEFINITIONS.—In this section:

(A) NONHUMANITARIAN ASSISTANCE.—The term “nonhumanitarian assistance” means—

(i) any assistance under the Foreign Assistance Act of 1961 (including programs under title IV of chapter 2 of part I of that Act, relating to the Overseas Private Investment Corporation) authorized to be appropriated by this Act or any amendment made by this Act, other than—
(I) disaster relief assistance, including any assistance under chapter 9 of part I of that Act;

(II) assistance which involves the provision of food (including monetization of food) or medicine;

(III) assistance for refugees; and

(IV) assistance to combat HIV/AIDS, including any assistance under section 104A of that Act; and

(ii) sales, or financing on any terms, under the Arms Export Control Act.

(B) SEVERE FORMS OF TRAFFICKING IN PERSONS.—The term “severe form of trafficking in persons” means any activity described in section 103(8) of the Trafficking Victims Protection Act of 2000 (Public Law 106–386 (114 Stat. 1470); 22 U.S.C. 7102(8)).

(c) EFFECTIVE DATE.—This section shall take effect on the date of the enactment of this Act and shall apply with respect to the provision of nonhumanitarian assistance to the Government of Vietnam authorized to be appropriated by this Act or any amendment made by this Act during fiscal year 2012 and subsequent fiscal years.

(d) UNITED STATES PUBLIC DIPLOMACY.—
(1) **Radio Free Asia Transmissions to Vietnam.**—It is the policy of the United States to take such measures as are necessary to overcome the jamming of Radio Free Asia by the Government of Vietnam.

(2) **United States Educational and Cultural Exchange Programs with Vietnam.**—It is the policy of the United States that programs of educational and cultural exchange with Vietnam should actively promote progress toward freedom and democracy in Vietnam by providing opportunities to Vietnamese nationals from a wide range of occupations and perspectives to see freedom and democracy in action and, also, by ensuring that Vietnamese nationals who have already demonstrated a commitment to these values are included in such programs.

(e) **Refugee Resettlement for Nationals of Vietnam.**—It is the policy of the United States to offer refugee resettlement to nationals of Vietnam (including members of the Montagnard ethnic minority groups) who were eligible for the Orderly Departure Program (ODP), the Humanitarian Resettlement (HR) Program, the Resettlement Opportunities for Vietnamese Returnees (ROVR) Program, the Amerasian Homecoming Act of 1988, or any other United States refugee program and who were deemed incli-
gible due to administrative error or who for reasons beyond
the control of such individuals (including insufficient or
contradictory information or the inability to pay bribes de-
manded by officials of the Government of Vietnam) were
unable or failed to apply for such programs in compliance
with deadlines imposed by the Department of State.

(a) FINDINGS.—Congress finds the following:

(1) The Syrian Arab Republic is governed by an authoritarian regime which continues to commit massive, systematic, and extraordinary human rights abuses, including the use of torture and arbitrary arrest and detention, and the most basic human and political rights to its citizens.

(2) The Government of Syria continues to ruthlessly suppress pro-democracy protests within its borders and has wantonly killed an estimated 1,500 people since the unrest began.

(3) The United States, European Union, and other responsible nations have imposed sanctions against the Syrian regime for its extensive human rights abuses.

(4) The Department of State’s Annual Country Reports on Human Rights Practices for 2010 states that—
(A) the Government of Syria “systematically repressed citizens’ ability to change their government. . . imposed severe restrictions on civil liberties: freedoms of speech and press, including Internet and academic freedom; freedoms of assembly and of association, including severe restrictions on nongovernmental organizations (NGOs); and freedoms of religion and movement”; and

SEC. 1137. COTE D’IVOIRE.

(a) FINDINGS.—Congress finds the following:

(1) The political crisis in Cote d’Ivoire, which
resulted from the disputed November 2010 Presi-
dential election, imperiled the civic, economic, and
human rights of its citizens and the political stability
of the entire sub-region.

(2) With 17 scheduled elections across Africa in
2011, Ivoirian and international acceptance of Mr.
Gbagbo’s electoral claim would have aided and abet-
ted the efforts of those individuals who may seek to
undermine the democratic will of Africa’s citizens and
reversed gains in democracy and governance across
the continent.

(3) On April 11, 2011, Mr. Gbagbo was arrested
and taken into the custody of the forces aligned with
the elected President, thereby creating an opportunity
for the political and security crisis in Cote d’Ivoire
to be resolved and for rule of law to be restored.

(4) The United States has a strong interest in
promoting democracy and peace in Cote d’Ivoire and
across all of Africa.

(b) STATEMENT OF CONGRESS.—Congress—

(3) welcomes the arrest of former president Laurent Gbagbo and calls upon him to urge his supporters to lay down their weapons and contribute to peace and reconciliation in the country;

(4) calls for an immediate end to acts of violence, human rights abuses, the intimidation of United Nations troops, and the hindrance of United Nations access to investigate alleged violations of international human rights and humanitarian law;

(5) asserts that Mr. Gbagbo and his military and paramilitary forces must be held accountable for any human rights crimes and abuses that they have perpetrated against citizens and residents of Cote d’Ivoire, as must all other persons or entities who have committed such violations;

(6) calls on the United States Government and international community to continue to provide support for the ongoing efforts of the Economic Community of West African States and the African Union ef-
forts to resolve the Ivoirian crisis, in particular
through support for implementation of the conflict
resolution framework and related recommendations
contained in the Report of the High Level Panel of
the African Union for the Resolution of the Crisis in
Cote d’Ivoire of March 10, 2011;

(7) calls on the United Nations Security Council,
with the support of the elected Government of Cote
d’Ivoire, the African Union, and ECOWAS, to con-
tinue to ensure that legal democratic processes and
international human rights and humanitarian law
are upheld in Cote d’Ivoire, and that there is account-
ability for violations thereof;

(8) supports the application of smart, targeted
sanctions against Mr. Gbagbo and his key supporters
by the United States Government and international
community in order to send a clear message that his
rejection of the democratic process is unacceptable
and that impunity for human rights violations and
economic crimes against the Ivoirian people will not
be tolerated;

(9) supports the Economic Community of West
African States and the African Union’s aggressive
steps to constrict the access of the Gbagbo regime’s ac-
cess to financial resources, including all actions taken
by the Central Bank of West African States (BCEAO)
of the West African Economic and Monetary Union
(UEMOA) to achieve that end;

(10) calls on the United States Government and
other responsible nations to continue, in a coordi-
nated manner, to provide humanitarian assistance to
those with emergency needs, both within Cote d’Ivoire
and in neighboring countries hosting Ivoirian refu-
gees, as necessary and appropriate;

(11) calls on President Ouattara to demonstrate
restraint and uphold rule of law with respect to the
capture and potential prosecution of Mr. Gbagbo and
his supporters, while demonstrating commitment to
reconciliation and recovery;

(12) calls for an independent, and impartial in-
vestigation of all allegations of mass killings and
other human rights abuses, and calls on President
Ouattara to provide unfettered access and the nec-
essary resources for such an investigation to occur,
with the support of the United States and other re-
sponsible nations, as necessary and appropriate;

(13) calls for the disarmament of all irregular
security forces and militias; and

(14) urges the Government of Cote d’Ivoire to
immediately commence national reconciliation efforts,
invest in rebuilding infrastructure, facilities, and institutions damaged as a result of the military and political crisis, to ensure the safety of all persons resident within Côte d’Ivoire and, facilitate the safe and voluntary return of refugees and internally displaced people.

(4) Diseases related to unsafe water and inadequate sanitation account for [80 percent of sicknesses in developing countries].

(b) STATEMENT OF POLICY.—It shall be the policy of the United States to address waterborne illnesses and conditions related to poor sanitation as priorities for United States global health policy.

(a) FINDINGS.—Congress finds the following:

(1) The Bureau of Educational and Cultural Affairs of the Department of State engages students, educators and rising leaders in more than 160 countries through academic, cultural, sports, and professional exchanges.

(3) The Department of State’s Competitive Grants Program within the Bureau of Educational and Cultural Affairs’ Exchange critically supports academic, cultural and professional exchange and training programs that seek mutual understanding and the free exchange of ideas between the people of the United States and the people of other countries.
(4) Broadening our understanding of other cultures, languages, foreign governments, and economies makes us stronger as a country.

(5) As Secretary of State Hillary Clinton noted in February 2011, “There is nothing that is more effective than having people break down barriers [through exchange].”

(6) The Bureau of Educational and Cultural Affairs’ focus on global education, women, youth, underserved audiences and the formation of critical global communities, as well as its concentration on countries of strategic importance, such as Afghanistan, Pakistan, Iraq, and Indonesia, serve the interests of the United States around the world.

(b) Matters to be included.—The code of conduct described in subsection (a) should outline necessary steps to ensure that Department of State contractors and subcontractors do not engage in trafficking in persons.

SEC. 1143. PUBLIC DIPLOMACY.

(a) Findings.—Congress finds the following:

(1) New media and communication technologies have given rise to explosive growth in the volume and frequency of information flowing to consumers worldwide.

(2) Individuals and entities that seek to undermine United States principles and ideals are actively engaged in shaping perceptions about the United States and its role in world affairs.
(3) The 9/11 Commission concluded in its report that long-term success against terrorism “demands the use of all elements of national power”, including foreign aid and public diplomacy. The Commission cautioned, “If we favor one tool while neglecting others, we leave ourselves vulnerable and weaken our national effort.”.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) strengthening United States public diplomacy through increased collaboration with the private sector should be a top United States foreign policy priority;

(2) the Secretary of State should consider ways to strengthen current outreach efforts to key audiences in Egypt, Pakistan, Turkey, and Russia.

SEC. 1144. HUMAN RIGHTS PRIORITIES.

It is the sense of Congress that, recognizing that standing for fundamental human rights and against human rights abuse abroad is in keeping with United States values, the Secretary of State should ensure that such issues are incorporated, on a basis at least equal to the attention given to economic and political factors, into United States bilateral relationships.
SEC. 1145. DISCOURAGING MURDER AND OTHER FORMS OF VIOLENCE.

It is the sense of Congress that the Secretary of State should discourage foreign governments from condoning murder and other forms of physical violence that is directed against individuals because of their sexual orientation or gender identity.

(1) The boundary, water, and fisheries commissions funded using the funds authorized to be appropriated under section 104 are longstanding treaty- and agreement-based organizations formed to address important border, water, and fisheries resource issues, and receive substantial financial support from United States taxpayers.
(2) Although paragraph (g) of Article 24 of the 1944 Water Treaty between Mexico and the United States (59 Stat. 1219) requires the International Boundary and Water Commission (United States and Mexico) to annually submit a joint report to the United States and Mexican Governments, the last English-language Annual Report was filed for 2006, and contained no detail regarding the cost of the Commission’s particular activities or the specific allocation of Commission resources.

(3) The International Joint Commission last filed an Annual Report for 2008 which, although it described past Commission projects and activities in general terms, contained no detail regarding the cost of its particular activities or the specific allocation of Commission resources.

(5) The Great Lakes Fishery Commission, the largest recipient of United States assistance to international fisheries commissions, last filed an Annual Report for 2006, which was six pages long and contained three lines of financial data.
(6) In contrast, the most recent Annual Report by the Pacific Salmon Commission (filed in September 2010 for the 2007/2008 period) was 189 pages long, and contained an independently audited financial statement.

(b) Sense of Congress.—It is the sense of Congress that timely reporting by the boundary, water, and fisheries commissions that sufficiently explains each such commission’s activities and the disposition of each such commission’s resources is necessary to maintain public support for their continued funding.

subsidiary, connected to this project to the Iran Sanctions Act of 1996, the Comprehensive Iran Sanctions, Accountability, and Divestment Act of 2010, and other provisions of United States law; and
(5) in accordance with all applicable rules and guidelines, the Secretary of State should promptly authorize the Presidential Permit for the Keystone XL pipeline.

(8) According to reports, China’s African investments may increase by 70 percent from 2009 to 2015, to $50 billion, and Chinese-African bilateral trade may double from 2010 to 2015, to $300 billion.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the United States Government should have a firm understanding of China’s rapid expansion in natural resource-rich, high-conflict areas of Africa; and

(2) the United States-China Economic and Security Review Commission should, as part of its existing mandate and resources, prepare a report on China’s activities in Africa as they relate to the United States-China relationship.
SEC. 1153. ACTIONS TO SECURE FREEDOM OF CHEN GUANGCHENG AND OTHER HUMAN RIGHTS DEFENDERS IN THE PEOPLE’S REPUBLIC OF CHINA.

(a) FINDINGS.—Congress finds the following:

(1) Blind, self-taught legal advocate Chen Guangcheng publicly exposed the fact that in 2005, 130,000 involuntary abortions and sterilizations were performed on women in Linyi County, Shandong Province in a single year.

(2) Mr. Chen was arrested on June 21, 2006, tried on November 27, 2006, and sentenced on December 1, 2006, to four years and three months in jail, on charges of “intentional destruction or damage to property” and “gathering people to disturb traffic order”.

(3) The prosecution and trial of Mr. Chen has drawn repeated criticism for its lack of due process of law, including the detention of his defense lawyers on the eve of trial and the alleged extraction of witness statements under torture.

(4) Time Magazine named Mr. Chen one of “2006’s Top 100 People Who Shape Our World”, in the category of “Heroes and Pioneers”.

(5) In August 2007, Chinese authorities stopped Mr. Chen’s wife, Yuan Weijing, at the airport, re-
voked her passport, and forcibly returned her to her village as she attempted to travel to Manila to collect Mr. Chen’s Magsaysay Award, known as Asia’s Nobel Prize.

(6) Mr. Chen was released from prison on September 9, 2010, with a chronic, debilitating intestinal illness contracted in prison, for which he has been allowed no medical treatment.

(7) Mr. Chen is now under house arrest, where he has been repeatedly and severely beaten, and denied adequate medical treatment and nutrition despite fragile and deteriorating health.

(8) Mr. Chen’s wife, Yuan Weijing, and their children have been subjected to harassment, surveillance, and confinement throughout Mr. Chen’s imprisonment and house arrest.

(9) Mr. Chen and Ms. Yuan secretly recorded a video describing the harsh conditions of their house arrest, which included constant surveillance by 66 security police, severed telephone and internet connections, lack of adequate food, and continued intimidation by officials, who enter their home at any time, without notice.

(10) In February 2011, following the video’s release, Mr. Chen’s legal team tried to assist him, but
several were placed under house arrest, and two of his
lawyers, Jiang Tianyong and Teng Biao, were beaten
and later disappeared.

(11) The Foreign Correspondents’ Club of China
issued the following warning on February 17, 2011,
“Correspondents should be careful if they attempt to
enter the village of activist Chen Guangcheng in
Shandong Province. In recent days several cor-
respondents have encountered groups of violent, plain-
clothes thugs. . . They have pushed reporters around,
threatened them with bricks, damaged their cars, con-
fiscated or destroyed their equipment and taken their
press credentials”.

(12) The 2010 Congressional-Executive Commis-
sion on China Report states that “Chinese authorities
continued to implement population planning policies
that interfere with and control the reproductive lives
of women, employing various methods including fines,
cancellation of state benefits and permits, forced steri-
lization, forced abortion, arbitrary detention, and
other abuses”.

(b) SENSE OF CONGRESS.—It is the sense of Congress
that—

(1) the Government of the People’s Republic of
China should cease its harassment of Chen
Guangcheng and his family, including his wife, daughter, son, and mother, and arrange medical treatment for him and his wife, Yuan Weijing;

(2) the Government of the People’s Republic of China should release Chen Guangcheng and his family from house arrest, allow them freedom of movement, and allow access to him by international diplomats and journalists;

(3) the President and the Secretary of State should actively and repeatedly seek diplomatic visits to Chen Guangcheng and his family;

(4) the President, Secretary of State, and other Administration officials should raise the issue of harassed, arrested, disappeared, and disbarred human rights lawyers and defenders with the Government of the People’s Republic of China and link this issue to United States interests in the rule of law and human rights;

(5) the President, Secretary of State, and other United States Government officials should aggressively and repeatedly raise the issue of the coercive implementation of China’s birth limitation policy with President Hu Jintao; and

(6) Chen Guangcheng and his wife, Yuan Weijing, are to be commended for their courage and
integrity and should be supported in their determination to expose and oppose coercive population control methods in China that violate the human rights of women.

SEC. 1154. CHINESE DRYWALL.

(a) FINDINGS.—Congress finds the following:

(1) Between 2001 through 2009, contaminated drywall manufactured in China was imported into the United States and used in home construction.

(2) It has been found through scientific studies, including a study by Sandia National Laboratories in New Mexico, that the contaminated drywall imported from China creates a corrosive environment for fire safety alarm devices, such as smoke and carbon monoxide alarms, electrical distribution components, such as receptacles, switches, and circuit breakers, and gas service piping and fire suppression sprinkler systems installed in the affected homes.

(3) Based on these scientific findings, the United States Consumer Product Safety Commission issued an updated Remediation Protocol for Homes with Problem Drywall on March 18, 2011, which recommends the replacement of all contaminated drywall and replacement of fire safety alarm devices, electrical...
distribution components, and gas service piping and
fire suppression sprinkler systems.

(4) In addition, homeowners with contaminated
drywall from China have indicated that the drywall
releases a strong sulfur-like odor that renders the
home uninhabitable.

(5) Companies in China that manufactured and
exported the contaminated drywall to the United
States have refused to meet with United States offi-
cials, including representatives of the Consumer Prod-
uct Safety Commission, have not provided financial
assistance to homeowners with contaminated drywall
from China, and have not submitted to jurisdiction in
United States Federal Courts that are hearing cases
on contaminated drywall from China.

(b) SENSE OF CONGRESS.—It is the sense of Congress

that—

(1) the Secretary of State should insist that Gov-
ernment of the People’s Republic of China, which has
ownership interests in the companies that manufac-
tured and exported contaminated drywall to the
United States, have the companies meet with rep-
resentatives of the United States Government on rem-
edying homeowners that have contaminated drywall
in their homes; and
(2) the Secretary of State should insist that the Government of the People’s Republic of China have the companies that manufactured and exported contaminated drywall submit to jurisdiction in United States Federal Courts and comply with any decisions issued by the Courts for homeowners with contaminated drywall.

SEC. 1155. RIGHTS OF RELIGIOUS MINORITIES IN EGYPT.

(a) Statement of Congress.—Congress is concerned about the state of religious freedom in Egypt and the plight of religious minorities in the country, including Coptic Christians.

(b) Sense of Congress.—The Office of International Religious Freedom and the Bureau of Democracy, Human Rights and Labor at the Department of State should dedicate all appropriate resources to promoting the rights of religious minorities in Egypt.

SEC. 1156. PLIGHT OF COPTIC CHRISTIANS IN EGYPT.

(a) Findings.—Congress finds the following:

(1) Coptic Christians in Egypt have been subject to discrimination, oppression, and violent attacks as documented by the United State Commission on International Religious Freedom (USCIRF) and other human rights groups.
(2) USCIRF has called for Egypt to be designated as a Country of Particular Concern pursuant to the International Religious Freedom Act of 1998.

(3) Credible reports concerning the disappearance, forced conversion, and forced marriages of Coptic Christian women and girls in Egypt reveal a consistent pattern of targeting such vulnerable individuals with deceptive practices, often involving psychological and physical abuse, including rape, beatings, confinement, and isolation from their families.

(4) The Government of Egypt has failed to credibly investigate these allegations, creating a climate of impunity for the perpetrators of these crimes and denying justice to the victims and their families.

(5) The current political uncertainty in Egypt has increased concerns as to whether the religious freedom and other human rights of Coptic Christians will be respected and protected.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the Administration should include the protection of Coptic Christian communities and respect for their human rights as a priority in diplomatic engagements with the Government of Egypt, including regular bilateral consultations on the status of investigations, prosecutions, sen-
tencing, and imprisonment of perpetrators of human rights violations against Coptic Christians.

SEC. 1157. STATE SPONSORSHIP OF TERRORISM BY ERITREA.

It is the sense of Congress that—

(1) given the growing security threat from al Shabaab, a United States-designated foreign terrorist organization, every effort should be made to tackle its outside sources of support;

(2) Eritrea’s ongoing and well-documented support for armed insurgents in Somalia, including al Shabaab, poses a significant threat to the national security interests of the United States and East African countries; and

(3) the Secretary of State should designate Eritrea as a state sponsor of terrorism pursuant to section 6(j) of the Export Administration Act of 1979, section 40 of the Arms Export Control Act, and section 620A of the Foreign Assistance Act of 1961.

SEC. 1158. HOLOCAUST-ERA PROPERTY RESTITUTION AND COMPENSATION BY CERTAIN EUROPEAN COUNTRIES.

It is the sense of Congress that—

(1) countries in Central and Eastern Europe that have not already done so should return looted
and confiscated properties from the Holocaust to their rightful owners or, where restitution is not possible, pay equitable compensation, in accordance with principles of justice and in an expeditious manner that is transparent and fair;

(2) to this end, such countries should follow the Terezin Declaration of June 30, 2009, and the Guidelines and Best Practices for the Restitution and Compensation of Immovable (Real) Property Confiscated or Otherwise Wrongfully Seized by the Nazis, Fascists and Their Collaborators during the Holocaust (Shoah) Era between 1933-1945, including the Period of World War II, both of which were adopted by more than 40 countries in Prague on June 9, 2010; and

(3) countries in Central and Eastern Europe should enact and implement appropriate restitution and compensation legislation to facilitate private, communal, and religious property restitution.

SEC. 1159. DEMOCRACY IN GEORGIA.

It is the sense of Congress that—

the rule of law, an independent media, and a vibrant civil society;

SEC. 1160. URGING THE IMMEDIATE RETURN OF UNITED STATES CHILDREN ABDUCTED TO JAPAN.

(a) FINDINGS.—Congress finds the following:
(1) More than 300 United States children have been wrongfully removed to and retained in Japan since the United States began keeping records in 1994.

(2) At least 31 United States children were wrongfully removed to and retained in Japan in 2010 alone.

(3) The Department of State currently has at least 113 open cases involving 156 children who have been reported to the Department and who are being retained in Japan against the wishes of their parent in the United States and, in many cases, in direct violation of a valid United States court order.

(4) Congress is not aware of any legal decision that has been issued and enforced by the Government of Japan to return a single abducted child to the United States.

(5) Japan has announced that it is preparing to ratify the 1980 Hague Convention on the Civil Aspects of International Child Abduction (the “Hague Convention”).

(6) The Hague Convention provides enumerated defenses designed to provide protection to children alleged to be subjected to a grave risk of physical or psychological harm in the left-behind country.
(7) The Hague Convention by its own terms would not apply to any abductions occurring before Japan’s ratification of the Hague Convention, therefore necessitating that a separate protocol be established to immediately address the existing abduction cases of all United States children wrongfully removed to and currently retained in Japan.

(8) According to the Department of State’s April 2009 Report on Compliance with the Hague Convention on the Civil Aspects of International Child Abduction, abducted children are at risk of serious emotional and psychological problems and have been found to experience anxiety, eating problems, nightmares, mood swings, sleep disturbances, aggressive behavior, resentment, guilt, and fearfulness, and as adults may struggle with identity issues, their own personal relationships, and parenting.

(9) Left-behind parents may encounter substantial psychological, emotional, and financial problems, and many may not have the financial resources to pursue civil or criminal remedies for the return of their children in foreign courts or political systems.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—
(1) the Hague Convention on the Civil Aspects of International Child Abduction (the “Hague Convention”), if ratified by Japan, will not provide for the resolution of the existing cases involving the abductions of more than 156 United States children to Japan;

(2) the United States, by way of a memorandum of understanding with the Government of Japan, and through all other appropriate means, should seek the immediate return of all United States children wrongfully removed to or retained in Japan; and

(3) the Secretary of State should take any and all other appropriate measures to ensure that left behind parents with United States children wrongfully removed or retained in Japan, have direct access and communications with their children.

SEC. 1161. RELATING TO THE QUARTET AND CONTACTS WITH ANY PALESTINIAN GOVERNMENT.

(a) FINDINGS.—Congress finds the following:

(1) On January 30, 2006, the Quartet stated that all members of a future Palestinian government must be committed to nonviolence, recognition of Israel, and acceptance of previous agreements and obligations, including the Roadmap, and recalled this
statement on March 30, 2006, following the formation of a Hamas-controlled Palestinian government.

(2) On July 5, 2011, the Quartet called for an end to the deplorable five-year detention of Gilad Shalit.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the Secretary of State should urge the Quartet to adopt the immediate and unconditional release of Gilad Shalit as an additional condition for contact with any Palestinian government in which Hamas participates.

   political parties and candidates by remov-
   ing unreasonable barriers to political party
   registration and to candidate acceptance on
   electoral ballots and by ensuring fair, im-
   partial, and timely consideration of all po-
   litical party registration applications; and

   (iv) undertake an impartial, inde-
   pendent investigation of the procedures used
   to deny the party registration application
   of the Party of the People’s Freedom
   (PARNAS) to ensure that the procedures
   used were consistent with international
   standards; and

(2) the President and the Secretary of State
should make respect for democracy, the rule of law,
and human rights a priority in the ongoing relation-
ship and dialogue between the Governments of the
United States and the Russian Federation, in par-
ticular in light of the upcoming parliamentary and
presidential elections in Russia.

in Sudan (UNMIS), which was established by United
Nations Security Council Resolution 1590 on March
24, 2005, and was instrumental in supporting the
implementation of the CPA, expired on July 9, 2011,
with the completion of the CPA Interim Period.

(6) Several outstanding issues relating to CPA implementation and potential points of conflict remain unresolved between North and South Sudan, including the final status of the contested area of Abyei, ongoing violence in Southern Kordofan and Blue Nile, disputed border areas, citizenship rights and nationality, division of oil resources and profits, currency, international debt and assets, the liberation of slaves from South Sudan still held in Sudan, and other matters.

(7) Lasting peace and stability for the region cannot be realized until all outstanding elements of the CPA are dealt with in a fair and peaceful manner and a comprehensive peace is secured in Darfur.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the independence of the Republic of South Sudan represents an historic opportunity for peace in the region and the people of South Sudan should be commended for freely and peacefully expressing their
desire for independence through a credible and transparent referendum;

(2) the people and leaders of South Sudan should be commended for their efforts to reach this historic milestone;

(5) the deployment of up to 4,200 Ethiopian peacekeepers to Abyei and the new United Nations Mission in South Sudan (UNMISS) are expected to help provide security and stability in the region;
(6) peace, rule of law, security, and good governance should be promoted throughout Sudan and South Sudan, particularly efforts to—

(B) promote respect for the human and civil rights of all, including southerners living in Sudan and northerners living in South Sudan;

(C) encourage the development of multi-party democracy, vibrant democratic institutions, and freedom of speech and association;

(E) encourage a productive relationship between Sudan and South Sudan that recognizes the mutual need for cooperation and an open flow of people and goods across borders and to refrain from the use of proxy forces to foment conflict;

(7) the United States and other responsible countries should support the Legislative Assembly of the
Republic of South Sudan, and the Auditor General’s office as it works to create a Petroleum Directorate, to ensure full accountability in the management of the country’s oil sector; and

(8) the Darfur peace process should remain a priority in United States relations with Sudan, particularly with regard to efforts to secure a just and lasting peace in Darfur, humanitarian access to vulnerable populations, and freedom of movement for the African Union-United Nations Mission in Darfur (UNAMID).

SEC. 1164. SALE OF F-16 FIGHTER AIRCRAFT TO TAIWAN.

(a) FINDINGS.—Congress finds the following:

(1) The Taiwan Relations Act (Public Law 96–8) codified in law the basis for continued commercial, cultural, and other relations between the people of the United States and the people of Taiwan.

(2) The Taiwan Relations Act states that “the United States will make available to Taiwan such defense articles and defense services in such quantity as may be necessary to enable Taiwan to maintain a sufficient self-defense capability”, and that “both the President and the Congress shall determine the nature and quantity of such defense articles and services based solely upon their judgment on the needs of Tai-
wan, in accordance with procedures established by law”.

(3) A Department of Defense report on the military power of the People’s Republic of China in 2010 stated that “China’s military build-up opposite [Taiwan] continued unabated. The [People’s Liberation Army] is developing the capability to deter Taiwan independence or influence Taiwan to settle the dispute on Beijing’s terms. . .[and] the balance of cross-Strait military forces continues to shift in the mainland’s favor”.

(4) A Defense Intelligence Agency assessment of Taiwan’s air defense status in 2010 concluded that while Taiwan has nearly 400 combat aircraft in service, “far fewer are operationally capable”.

(5) Taiwan’s president stated in a newspaper interview on February 17, 2011, that Taiwan needs both new F-16 C/D fighter jets and upgrades to the Taiwan Air Forces’ existing fleet of F-16 A/B fighter jets to “maintain a certain defensive and fighting capability”.

(6) The president of Taiwan stated his administration’s desire to acquire F-16 C/Ds in a May 12, 2010, video address to the United States where he
asked the United States to provide Taiwan with the
necessary weapons to keep its aerial integrity intact.

(b) Sense of Congress.—It is the sense of Congress
that—

(1) the United States, in accordance with the
Taiwan Relations Act, should continue to make avail-
able to Taiwan such defense articles and services as
may be necessary for Taiwan to maintain a sufficient
self-defense capability; and

(2) the President should take immediate steps to
sell to Taiwan—

(A) all the F-16 fighter jets that are needed
by Taiwan, including new F-16 C/D aircraft
and upgrades to the existing F-16 A/B fleet; and

(B) diesel submarines, offered to Taiwan by
the United States in 2001, once Taiwan has
budgeted for such submarines.

SEC. 1165. OFFICIAL CONTACTS WITH GOVERNMENT OF
TURKEY.

It is the sense of Congress that the Secretary of State,
in all official contacts with Turkish leaders and other Turk-
ish officials, should emphasize that Turkey should—

(1) end all forms of religious discrimination;

(2) allow the rightful church and lay owners of
Christian church properties, without hindrance or re-

SEC. 1166. RESTRICTIONS ON RELIGIOUS FREEDOM IN VIETNAM.

(a) FINDINGS.—Congress finds the following:

(1) The Secretary of State, under the International Religious Freedom Act of 1998 (22 U.S.C. 6401 et seq.) and authority delegated by the President, designates nations found guilty of “particularly
severe violations of religious freedom” as “Countries of Particular Concern” ("CPC").

(2) In November 2006, the Secretary of State announced that the Socialist Republic of Vietnam was no longer designated as a “Country of Particular Concern”.

(3) The Unified Buddhist Church of Vietnam (UBCV), the Hoa Hao Buddhists, and the Cao Dai groups continue to face unwarranted abuses because of their attempts to organize independently of the Government of Vietnam, including the detention and imprisonment of individual members of these religious communities.
