H. R. 3264

To empower States with authority for most taxing and spending for highway programs and mass transit programs, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

OCTOBER 26, 2011

Mr. GRAVES of Georgia (for himself, Mr. WESTMORELAND, Mr. DUNCAN of South Carolina, Mr. GOWDY, Mr. MULVANEY, Mr. BROUN of Georgia, Mr. LANKFORD, Mr. CHAFFETZ, Mr. WILSON of South Carolina, Mr. WOODALL, Mr. SCOTT of South Carolina, and Mr. GOHMERT) introduced the following bill; which was referred to the Committee on Transportation and Infrastructure, and in addition to the Committees on Ways and Means and the Budget, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To empower States with authority for most taxing and spending for highway programs and mass transit programs, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Transportation Em-
5 powerment Act”.

1 **SEC. 2. FINDINGS AND PURPOSES.**

2 (a) FINDINGS.—Congress finds that—

3 (1) the objective of the Federal highway pro-
4 gram has been to facilitate the construction of a
5 modern freeway system that promotes efficient inter-
6 state commerce by connecting all States;

7 (2) that objective has been attained, and the
8 Interstate System connecting all States is near com-
9 pletion;

10 (3) each State has the responsibility of pro-
11 viding an efficient transportation network for the
12 residents of the State;

13 (4) each State has the means to build and oper-
14 ate a network of transportation systems, including
15 highways, that best serves the needs of the State;

16 (5) each State is best capable of determining
17 the needs of the State and acting on those needs;

18 (6) the Federal role in highway transportation
19 has, over time, usurped the role of the States by tax-
20 ing motor fuels used in the States and then distrib-
21 uting the proceeds to the States based on the Fed-
22 eral Government's perceptions of what is best for the
23 States;

24 (7) the Federal Government has used the Fed-
25 eral motor fuels tax revenues to force all States to

1 take actions that are not necessarily appropriate for
2 individual States;

3 (8) the Federal distribution, review, and en-
4 forcement process wastes billions of dollars on un-
5 productive activities;

6 (9) Federal mandates that apply uniformly to
7 all 50 States, regardless of the different cir-
8 cumstances of the States, cause the States to waste
9 billions of hard-earned tax dollars on projects, pro-
10 grams, and activities that the States would not oth-
11 erwise undertake; and

12 (10) Congress has expressed a strong interest
13 in reducing the role of the Federal Government by
14 allowing each State to manage its own affairs.

15 (b) PURPOSES.—The purposes of this Act are—

16 (1) to return to the individual States maximum
17 discretionary authority and fiscal responsibility for
18 all elements of the national surface transportation
19 systems that are not within the direct purview of the
20 Federal Government;

21 (2) to preserve Federal responsibility for the
22 Dwight D. Eisenhower National System of Inter-
23 state and Defense Highways;

24 (3) to preserve the responsibility of the Depart-
25 ment of Transportation for—

1 (A) design, construction, and preservation
2 of transportation facilities on Federal public
3 land;

4 (B) national programs of transportation
5 research and development and transportation
6 safety; and

7 (C) emergency assistance to the States in
8 response to natural disasters;

9 (4) to eliminate to the maximum extent prac-
10 ticable Federal obstacles to the ability of each State
11 to apply innovative solutions to the financing, de-
12 sign, construction, operation, and preservation of
13 Federal and State transportation facilities; and

14 (5) with respect to transportation activities car-
15 ried out by States, local governments, and the pri-
16 vate sector, to encourage—

17 (A) competition among States, local gov-
18 ernments, and the private sector; and

19 (B) innovation, energy efficiency, private
20 sector participation, and productivity.
