---

## A BILL

To establish Pinnacles National Park in the State of California as a unit of the National Park System, and for other purposes.

1        *Be it enacted by the Senate and House of Representa-*  
2        *tives of the United States of America in Congress assembled,*

3        **SECTION 1. SHORT TITLE.**

4        This Act may be cited as the “Pinnacles National  
5        Park Act”.

6        **SEC. 2. FINDINGS.**

7        The Congress makes the following findings:

8                (1) Pinnacles National Monument was estab-  
9        lished by Presidential Proclamation 796 on January  
10       16, 1908, for the purposes of protecting its rock for-

1 mations, and expanded by Presidential Proclamation  
2 1660 of May 7, 1923; Presidential Proclamation  
3 1704 of July 2, 1924; Presidential Proclamation  
4 1948 of April 13, 1931; Presidential Proclamation  
5 2050 of July 11, 1933; Presidential Proclamation  
6 2528 of December 5, 1941; Public Law 94–567; and  
7 Presidential Proclamation 7266 of January 11,  
8 2000.

9 (2) While the extraordinary geology of Pin-  
10 nacles National Monument has attracted and en-  
11 thralled visitors for well over a century, the ex-  
12 panded Monument now serves a critical role in pro-  
13 tecting other important natural and cultural re-  
14 sources and ecological processes. This expanded role  
15 merits recognition through legislation.

16 (3) Pinnacles National Monument provides the  
17 best remaining refuge for floral and fauna species  
18 representative of the central California coast and  
19 Pacific coast range, including 32 species holding spe-  
20 cial Federal or State status, not only because of its  
21 multiple ecological niches but also because of its  
22 long-term protected status with 14,500 acres of Con-  
23 gressionally designated wilderness.

24 (4) Pinnacles National Monument encompasses  
25 a unique blend of California heritage from pre-

1 historic and historic Native Americans to the arrival  
2 of the Spanish, followed by 18th and 19th century  
3 settlers, including miners, cowboys, vaqueros, ranch-  
4 ers, farmers, and homesteaders.

5 (5) Pinnacles National Monument is the only  
6 National Park System site within the ancestral home  
7 range of the California Condor. The reintroduction  
8 of the condor to its traditional range in California  
9 is important to the survival of the species, and as a  
10 result, the scientific community with centers at the  
11 Los Angeles Zoo and San Diego Zoo in California  
12 and Buenos Aires Zoo in Argentina looks to Pin-  
13 nacles National Monument as a leader in California  
14 Condor recovery, and as an international partner for  
15 condor recovery in South America.

16 (6) The preservation, enhancement, economic  
17 and tourism potential and management of the cen-  
18 tral California coast and Pacific coast range's impor-  
19 tant natural and cultural resources requires coopera-  
20 tion and partnerships among local property owners,  
21 Federal, State, and local government entities and  
22 the private sector.
