1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Energy Tax Prevention  
5 Act of 2011”.

2 warming of the climate system based upon evidence  
3 from observations of increases in global average air  
4 and ocean temperatures, widespread melting of snow  
5 and ice, and rising global average sea level;

6           (2) addressing climate change is an inter-  
7 national issue, involving complex scientific and eco-  
8 nomic considerations;

9           (3) the United States has a role to play in re-  
10 solving global climate change matters on an inter-  
11 national basis; and

12           (4) Congress should fulfill that role by devel-  
13 oping policies that do not adversely affect the Amer-  
14 ican economy, energy supplies, and employment.
