PERFORMANCE PARTNERSHIP PILOTS

(INCLUDING TRANSFER OF FUNDS)

SEC. 523. (a) DEFINITIONS.—In this section,

(1) “Performance Partnership Pilot” (or “Pilot”) is a project that seeks to identify, through a demonstration, cost-effective strategies for providing services at the State, regional, or local level that—

(A) involve two or more Federal programs (administered by one or more Federal agencies)—

(i) which have related policy goals, and

(ii) at least one of which is administered (in whole or in part) by a State, local, or tribal government; and

(B) achieve better results for regions, communities, or specific at-risk populations through making better use of the budgetary resources that are available for supporting such programs.
(2) “To improve outcomes for disconnected youth” means to increase the rate at which individuals between the ages of 14 and 24 (who are homeless, in foster care, involved in the juvenile justice system, or are neither employed nor enrolled in an educational institution) achieve success in meeting educational, employment, or other key goals.

(3) The “lead Federal administering agency” is the Federal agency, to be designated by the Director of the Office of Management and Budget (from among the participating Federal agencies that have statutory responsibility for the Federal discretionary funds that will be used in a Performance Partnership Pilot), that will enter into and administer the particular Performance Partnership Agreement on behalf of that agency and the other participating Federal agencies.

(b) USE OF DISCRETIONARY FUNDS IN FISCAL YEAR 2013.—Federal agencies may use Federal discretionary funds that are made available in this Act to carry out up to 13 Performance Partnership Pilots involving up to a total of $130,000,000 in aggregate Federal discretionary budget authority. Such Pilots shall:

(1) be designed to improve outcomes for disconnected youth, and
(2) involve Federal programs targeted on dis-connected youth, or designed to prevent youth from disconnecting from school or work, that provide edu-
cation, training, employment, and other related so-
cial services.

(c) PERFORMANCE PARTNERSHIP AGREEMENTS.—
Federal agencies may use Federal discretionary funds, as
authorized in subsection (b), to participate in a Perform-
ance Partnership Pilot only in accordance with the terms
of a Performance Partnership Agreement that—

(1) is entered into between—

(A) the head of the lead Federal admin-
istering agency, on behalf of all of the partici-
pating Federal agencies (subject to the head of
the lead Federal administering agency having
received from the heads of each of the other
participating agencies their written concurrence
for entering into the Agreement), and

(B) the respective representatives of all of
the State, local, or tribal governments that are
participating in the Agreement; and

(2) specifies, at a minimum, the following infor-
mation:

(A) the length of the Agreement (which
shall not extend beyond September 30, 2017);
(B) the Federal programs and federally funded services that are involved in the Pilot;

(C) the Federal discretionary funds that are being used in the Pilot (by the respective Federal account identifier, and the total amount from such account that is being used in the Pilot), and the period (or periods) of availability for obligation (by the Federal Government) of such funds;

(D) the non-Federal funds that are involved in the Pilot, by source (which may include private funds as well as governmental funds) and by amount;

(E) the State, local, or tribal programs that are involved in the Pilot;

(F) the populations to be served by the Pilot;

(G) the cost-effective Federal oversight procedures that will be used for the purpose of maintaining the necessary level of accountability for the use of the Federal discretionary funds;

(H) the cost-effective State, local, or tribal oversight procedures that will be used for the purpose of maintaining the necessary level of
accountability for the use of the Federal discretionary funds;

(I) the outcome (or outcomes) that the Pilot is designed to achieve;

(J) the appropriate, reliable, and objective outcome-measurement methodology that the Federal Government and the participating State, local, or tribal governments will use, in carrying out the Pilot, to determine whether the Pilot is achieving, and has achieved, the specified outcomes that the Pilot is designed to achieve;

(K) the statutory, regulatory, or administrative requirements related to Federal mandatory programs that are barriers to achieving improved outcomes of the Pilot; and

(L) in cases where, during the course of the Pilot, it is determined that the Pilot is not achieving the specified outcomes that it is designed to achieve,

(i) the consequences that will result from such deficiencies with respect to the Federal discretionary funds that are being used in the Pilot, and
(ii) the corrective actions that will be taken in order to increase the likelihood that the Pilot, upon completion, will have achieved such specified outcomes.

(d) AGENCY HEAD DETERMINATIONS.—A Federal agency may participate in a Performance Partnership Pilot (including by providing Federal discretionary funds that have been appropriated to such agency) only upon the written determination by the head of such agency that the agency’s participation in such Pilot—

(1) will not result in denying or restricting the eligibility of any individual for any of the services that (in whole or in part) are funded by the agency’s programs and Federal discretionary funds that are involved in the Pilot, and

(2) based on the best available information, will not otherwise adversely affect vulnerable populations that are the recipients of such services.

In making this determination, the head of the agency may take into consideration the other Federal discretionary funds that will be used in the Pilot as well as any non-Federal funds (including from private sources as well as governmental sources) that will be used in the Pilot.

(e) TRANSFER AUTHORITY.—For the purpose of carrying out the Pilot in accordance with the Performance
Partnership Agreement, and subject to the written approval of the Director of the Office of Management and Budget, the head of each participating Federal agency may transfer Federal discretionary funds that are being used in the Pilot to an account of the lead Federal administering agency that includes Federal discretionary funds that are being used in the Pilot. Subject to the waiver authority under subsection (f), such transferred funds shall remain available for the same purposes for which such funds were originally appropriated: Provided, That such transferred funds shall remain available for obligation by the Federal Government until the expiration of the period of availability for those Federal discretionary funds (which are being used in the Pilot) that have the longest period of availability, except that any such transferred funds shall not remain available beyond September 30, 2017.

(f) WAIVER AUTHORITY.—In connection with a Federal agency’s participation in a Performance Partnership Pilot, and subject to the other provisions of this section (including subsection (e)), the head of the Federal agency to which the Federal discretionary funds were appropriated may waive (in whole or in part) the application, solely to such discretionary funds that are being used in
the Pilot, of any statutory, regulatory, or administrative requirement that such agency head—

(1) is otherwise authorized to waive (in accordance with the terms and conditions of such other authority), and

(2) is not otherwise authorized to waive, provided that in such case the agency head shall—

(A) not waive any requirement related to nondiscrimination, wage and labor standards, or allocation of funds to State and substate levels;

(B) issue a written determination, prior to granting the waiver, with respect to such discretionary funds that the granting of such waiver for purposes of the Pilot—

(i) is consistent with both—

(I) the statutory purposes of the Federal program for which such discretionary funds were appropriated, and

(II) the other provisions of this section, including the written determination by the agency head issued under subsection (d);
(ii) is necessary to achieve the outcomes of the Pilot as specified in the Performance Partnership Agreement, and is no broader in scope than is necessary to achieve such outcomes; and

(iii) will result in either—

(I) realizing efficiencies by simplifying reporting burdens or reducing administrative barriers with respect to such discretionary funds, or

(II) increasing the ability of individuals to obtain access to services that are provided by such discretionary funds; and

(C) provide at least 60 days advance written notice to the Committees on Appropriations and other committees of jurisdiction in the House of Representatives and the Senate.

Sec. 524. (a) The head of any department, agency, board, or commission funded by this Act shall submit quarterly reports to the Inspector General, or the senior ethics official for any entity without an Inspector General, of the appropriate department, agency, board, or commission regarding the costs and contracting procedures related to each conference held by the department, agency,
board, or commission during fiscal year 2013 for which
the cost to the United States Government was more than
$20,000.

(b) Each report submitted shall include, for each con-
ference held during the applicable quarter—

(1) a description of how the conference ad-
vanced the mission of the department, agency,
board, or commission;

(2) the number of individuals whose travel ex-
penses or other conference expenses were paid by the
department, agency, board, or commission;

(3) the date and location of the conference;

(4) a detailed statement of the costs to the de-
partment, agency, board, or commission relating to
that conference; and

(5) a description of the contracting procedures
relating to that conference, including whether con-
tracts were awarded on a competitive basis for that
conference.

(c) A grant or contract funded by amounts appro-
priated by this Act may not be used for the purpose of
defraying the costs of a conference that is not directly and
programmatically related to the purpose for which the
grant or contract was awarded.
(d) None of the funds made available in this Act may be used for travel and conference activities that are not in compliance with Office of Management and Budget Memorandum M–12–12 dated May 11, 2012.

Sec. 525. None of the funds made available in this Act may be used to send or otherwise pay for the attendance of more than 50 employees from a Federal department or agency at any single international conference unless the head of such department or agency reports to the Committees on Appropriations of the Senate and the House of Representatives at least 30 days in advance of the beginning of the conference that such attendance is important to the national interest: Provided, That for purposes of this section the term “international conference” shall mean a conference occurring outside of the United States attended by representatives of the United States Government and of foreign governments, international organizations, or nongovernmental organizations.

This Act may be cited as the “Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2013”.
