1 SEC. 2. FINDINGS.

Congress finds the following:

(1) Employers have an obligation to ensure a safe and healthy work environment for all employees.

(2) To help fulfill that obligation, Congress must conduct oversight of executive branch agencies responsible for enforcing workplace safety laws and must revise and update Federal laws when necessary to protect the safety and health of the workforce of the United States.

(3) In response to several mining tragedies in early 2006, Congress quickly passed the most sweeping changes to mine safety laws in 30 years. The Mine Improvement and New Emergency Response Act of 2006 (Public Law 109–236, 120 Stat. 493), also known as the “MINER Act”, was signed into law on June 15, 2006.

(4) As a result of the MINER Act—
(A) coal miners are entitled to at least 2 hours of readily-accessible oxygen supplies for use in emergencies and additional oxygen supplies every 30 minutes along escape routes;

(B) mines are required to implement emergency response plans and have 2 rescue teams located within one hour from the mine;

(C) mine operators are subjected to penalties for failing to quickly notify the Mine Safety and Health Administration about accidents; and

(D) a new grant program was created to provide mine safety training.

(5) Although the MINER Act made significant improvements to mine rescue capabilities, Congress was again reminded of the need to continually improve and vigorously enforce our Federal mine safety laws when, on April 5, 2010, an explosion ripped through the Upper Big Branch Mine in Montcoal, West Virginia, killing 29 brave West Virginia coal miners and seriously injuring another. This was the worst coal mining disaster in the United States in nearly 40 years.

(6) We must never forget those who have been impacted by this tragedy—family members, friends,
coworkers, loved ones, and most importantly, the individuals who perished in the Upper Big Branch explosion: Carl “Pee Wee” Acord, Jason Matthew Atkins, Christopher Lee Bell, Sr., Gregory Steven Brock, Kenneth A. Chapman, Sr., Robert Eugene Clark, Cory Davis, Charles Timothy Davis, Michael Lee Elswick, William Ieldon Griffith, Steven J. “Smiley” Harrah, Edward “Dean” Jones, Richard Keith Lane, William Roosevelt Lynch, Joe Marcum, Ronald Lee Maynor, Nicolas D. McCroskey, James “Eddie” Mooney, Adam K. Morgan, Rex Lane Mullins, Joshua Scott Napper, Howard “Boone” Payne, Jr., Dillard Earl “Dewey” Persinger, Joel R. “Jody” Price, Gary Wayne Quarles, Deward Allan Scott, Grover Dale Skeens, Benny Ray Willingham, and Ricky L. Workman. Another miner, James Woods, was seriously injured in the explosion and a second survivor, Tim Blake, has been credited with heroically attempting to save the lives of his fellow miners by applying emergency breathing devices to them while they were unconscious.

(7) Five State, Federal, and independent entities have conducted investigations into the Upper Big Branch disaster. Together, these reports conclude that the Upper Big Branch disaster was a pre-
ventable explosion caused by a failure of the operator to follow known safety standards, including those that are intended to prevent large-scale explosions.

(8) The United States Attorney for the Southern District of West Virginia has launched a criminal investigation into the Upper Big Branch disaster, which to date has resulted in the conviction or guilty pleas from three employees or former employees of the Upper Big Branch mine.

(9) In the last two years, Congress has held 9 hearings into the Upper Big Branch disaster and on mine safety generally.

(10) Congress enacted, as part of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Public Law 111–203, 124 Stat. 1376), an amendment requiring publicly-traded mining companies to disclose serious safety violations to shareholders, the public, and the Securities and Exchange Commission.

(11) Congress appropriated $22,000,000 through the Supplemental Appropriations Act, 2010 (Public Law 111–212) to reduce the backlog of appeals at the Federal Mine Safety and Health Review Commission, investigate the Upper Big Branch dis-
aster, and purchase emergency response equipment. During the year that this funding was available, the Federal Mine Safety and Health Review Commission was able to hire 6 additional judges and support staff and, along with the Department of Labor, was able to dispose of 11,643 cases, including 6,924 cases that had been specifically targeted for backlog reduction.

(12) In September 2010, the Mine Safety and Health Administration issued an emergency temporary standard that strengthened rock dusting requirements to reduce the likelihood and severity of explosions in underground mines. In June 2011, the agency issued final regulations requiring mine operators to maintain incombustible content of combined dust of at least 80 percent in underground mines.

(13) During the 2-year period ending May 2012, the Mine Safety and Health Administration has increased its enforcement by implementing impact inspections that target violations at unsafe mines with poor compliance history or specific safety concerns. As of May 2012, the Administration had conducted 452 impact inspections resulting in 8,106 citations, 811 orders, and 32 safeguards.
(14) The Mine Safety and Health Administration has also—

(A) revised the screening criteria for placing mines onto pattern of violations status under section 104(e) of the Federal Mine Safety and Health Act of 1977 (30 U.S.C. 814(e)), which subjects unsafe mines to increased enforcement and oversight;

(B) created a new online tool to allow operators, miners, and the public to monitor whether a mine could be subject to a pattern of violations; and

(C) proposed new regulations that will eliminate regulatory loopholes that have allowed unsafe mines to avoid being placed onto pattern of violations status altogether.

(15) In April 2011, for the first time in history since the Federal Mine Safety and Health Act of 1977 (30 U.S.C. 801 et seq.) was enacted, the Mine Safety and Health Administration placed 2 mines onto pattern of violations status, and as of the end of 2011 had notified 94 mines that they faced a potential pattern of violations, which is the regulatory precursor to being placed onto pattern of violations status.
(16) The entities charged with investigating the
Upper Big Branch disaster have made several rec-
ommendations to improve the safety of miners that
can only be accomplished through the legislative
process. At this time, Congress has not passed com-
prehensive mine safety legislation that is critical to
improving the long-term structure of mine safety ef-
forts and providing the maximum level of protection
for our Nation’s miners and their families.

SEC. 3. REFERENCES.

Except in title VII and as otherwise expressly pro-
vided, whenever in this Act an amendment is expressed
as an amendment to a section or other provision, the ref-
ERENCE shall be considered to be made to a section or other
provision of the Federal Mine Safety and Health Act of
1977 (30 U.S.C. 801 et seq.).

TITLE I—ADDITIONAL INSPECTION AND INVESTIGATION
AUTHORITY

SEC. 101. INDEPENDENT ACCIDENT INVESTIGATIONS.

(a) In General.—Section 103(b) (30 U.S.C.
813(b)) is amended by striking “(b) For the purpose” and
inserting the following:

“(b) Accident Investigations.—
“(1) IN GENERAL.—For all accident investigations under this Act, the Secretary shall—

“(A) determine why the accident occurred;

“(B) determine whether there were violations of law, mandatory health and safety standards, or other requirements, and if such violations are found, issue citations and penalties, and in cases involving possible criminal actions, refer such matters to the Attorney General; and

“(C) make recommendations to avoid any recurrence.

“(2) INDEPENDENT ACCIDENT INVESTIGATIONS.—

“(A) IN GENERAL.—There shall be, in addition to an accident investigation under paragraph (1), an independent investigation by an independent investigation panel (referred to in this subsection as the ‘Panel’) appointed under subparagraph (B) for—

“(i) any accident involving 3 or more deaths; or

“(ii) any accident that is of such severity or scale for potential or actual harm that, in the opinion of the Secretary of
Health and Human Services, the accident merits an independent investigation.

“(B) APPOINTMENT.—

“(i) IN GENERAL.—As soon as practicable after an accident described in subparagraph (A), the Secretary of Health and Human Services shall appoint 5 members for the Panel required under this paragraph from among individuals who have expertise in accident investigations, mine engineering, or mine safety and health that is relevant to the particular investigation.

“(ii) CHAIRPERSON.—The Panel shall include, and be chaired by, a representative from the Office of Mine Safety and Health Research, of the National Institute for Occupational Safety and Health (referred to in this subsection as ‘NIOSH’).

“(iii) CONFLICTS OF INTEREST.—Panel members, and staff and consultants assisting the Panel with an investigation, shall be free from conflicts of interest with regard to the investigation, and be subject
to the same standards of ethical conduct
for persons employed by the Secretary.

“(iv) COMPOSITION.—The Secretary
of Health and Human Services shall ap-
point as members of the Panel—

“(I) 1 operator of a mine or indi-

gual representing mine operators, 
and

“(II) 1 member of a labor orga-
nization or other representative of 
miners,

and may not appoint more than 1 of either
such types of individuals as members of
the Panel.

“(v) STAFF AND EXPENSES.—The Di-
rector of NIOSH shall designate NIOSH
staff to facilitate the work of the Panel.
The Director may accept as staff personnel 
on detail from other Federal agencies or
re-employ annuitants. The detail of per-
sonnel under this paragraph may be on a
non-reimbursable basis, and such detail
shall be without interruption or loss of civil
service status or privilege. The Director of
NIOSH shall have the authority to procure
on behalf of the Panel such materials, sup-
plies or services, including technical ex-
perts, as requested in writing by a majority
of the Panel.

“(vi) COMPENSATION AND TRAVEL.—

pensated at a rate equal to the daily equiv-
alent of the annual rate of basic pay pre-
scribed for level IV of the Executive Sched-
ule under section 5315 of title 5, United
States Code, for each day (including travel
time) during which such member is en-
gaged in the performance of duties of the
Panel. The members of the Panel shall be
allowed travel expenses, including per diem
in lieu of subsistence, at rates authorized
for employees of agencies under subchapter
1 of chapter 57 of title 5, United States
Code, while away from their homes or reg-
ular places of business in the performance
of services for the Panel.

“(C) DUTIES.—The Panel shall—

“(i) assess and identify any factors
that caused the accident, including defi-

tices or guidelines, or organizational fail-
ures;

“(ii) identify and evaluate any con-
tributing actions or inactions of—

“(I) the operator;

“(I) includes the findings regarding the causal factors described in clauses (i) and (ii);

“(II) identifies any strengths and weaknesses in the Secretary’s investigation; and

“(III) includes recommendations, including interim recommendations where appropriate, to industry, labor organizations, State and Federal agencies, or Congress, regarding policy, regulatory, enforcement, administrative, or other changes, which in the judgment of the Panel, would prevent a recurrence at other mines; and

“(v) publish such findings and recommendations (excluding any portions which the Attorney General requests that the Secretary withhold in relation to a criminal referral) and hold public meetings to inform the mining community and families of affected miners of the Panel’s findings and recommendations.

“(D) HEARINGS; APPLICABILITY OF CERTAIN FEDERAL LAW.—The Panel shall have the
authority to conduct public hearings or meet-

STANDING.—Not later than 90 days after the
date of enactment of the Robert C. Byrd Mine
and Workplace Safety and Health Act of 2012,
the Secretary of Labor and the Secretary of
Health and Human Services shall conclude and
publically issue a memorandum of under-
standing that—

“(i) outlines administrative arrange-
ments which will facilitate a coordination
of efforts between the Secretary of Labor

In establishing such procedures, such Secretary shall consult with independent safety investigation agencies, sectors of the mining industry, representatives of miners, families of miners involved in fatal accidents,
State mine safety agencies, and mine rescue organizations. Such procedures shall include—

“(i) authority for the Panel to use evidence, samples, interviews, data, analyses, findings, or other information gathered by the Secretary of Labor, as the Panel determines valid;

SEC. 102. SUBPOENA AUTHORITY AND MINER RIGHTS DURING INSPECTIONS AND INVESTIGATIONS.

Section 103(b) (as amended by section 101(a)) (30 U.S.C. 813(b)) is further amended by adding at the end the following:

“(4) ADDITIONAL POWERS.—For the purpose of enabling the Secretary to perform any of the functions under this Act, the Secretary or the Secretary’s designee, may sign and issue subpoenas for the attendance and testimony of witnesses and the production of information, including all relevant data, papers, books, documents, and items of physical evidence, and administer oaths. Witnesses summoned shall be paid the same fees that are paid witnesses in the courts of the United States. In carrying out inspections and investigations under this subsection, authorized representatives of the Secretary and attorneys representing the Secretary are authorized to question any individual privately. Under this section, any individual who is willing to speak with or provide a statement to such authorized representatives or attorneys representing the Secretary may do so without the presence, involve-
ment, or knowledge of the operator or the operator’s agents or attorneys. The Secretary shall keep the identity of an individual providing such a statement confidential to the extent permitted by law. Nothing in this paragraph prevents any individual from being represented by that individual’s personal attorney.”.

SEC. 103. DESIGNATION OF MINER REPRESENTATIVE.

Section 103(f) (30 U.S.C. 813(f)) is amended by inserting before the last sentence the following: “If any miner is entrapped, disabled, killed, or otherwise prevented as the result of an accident in such mine from designating such a representative directly, such miner’s closest relative may act on behalf of such miner in designating such a representative. If any miner is not currently working in such mine as the result of an accident in such mine, but would be currently working in such mine but for such accident, such miner may designate such a representative.”.

SEC. 104. ADDITIONAL AMENDMENTS RELATING TO IN-SPECTIONS, INVESTIGATIONS, AND RECORD-KEEPING.

(a) HOURS OF INSPECTIONS.—Section 103(a) (30 U.S.C. 813(a)) is amended by inserting after the third sentence the following: “Such inspections shall be conducted during the various shifts and days of the week during which miners are normally present in the mine to en-
sure that the protections of this Act are afforded to all miners working all shifts. If an inspection of a working section of a mine occurs during a shift on which a mechanized mining unit is producing, or customarily produces, coal on such section, then such inspection shall be conducted while such unit is producing coal at a rate that is reasonably consistent with the average rate of production at the mine during the previous quarter.”.

(b) Increased Targeted Inspections.—Section 103(a) (as amended by subsection (a)) is further amended by inserting after the fifth sentence (as inserted by such subsection) the following: “If the Secretary determines that the operator has not properly maintained a record of all violations of this Act (including any mandatory health or safety standard or regulation promulgated under this Act) for a mine, the Secretary shall provide, during the 3-month period following such determination, a minimum of one spot inspection by his authorized representative of all or part of such mine, during every 15 working days and at irregular intervals. Such inspections shall be in addition to any other inspections required under this section.”.

(e) Conflict of Interest in the Representation of Miners.—Section 103(a) (30 U.S.C. 813(a)) is further amended by adding at the end the following: “Dur-
ing inspections and investigations under this section, and during any litigation under this Act, no attorney shall rep-
resent or purport to represent both the operator of a coal or other mine and any other individual, unless such indi-
vidual has knowingly and voluntarily waived all actual and reasonably foreseeable conflicts of interest resulting from such representation. The Secretary is authorized to take such actions as the Secretary considers appropriate to as-
certain whether such individual has knowingly and volun-
tarily waived all such conflicts of interest. If the Secretary finds that such an individual cannot be represented ade-
quately by such an attorney due to such conflicts of inter-
est, the Secretary may petition the appropriate United States District Court which shall have jurisdiction to dis-
qualify such attorney as counsel to such individual in the matter. The Secretary may make such a motion as part of an ongoing related civil action or as a miscellaneous action.”.

(d) INJURY AND ILLNESS REPORTING.—Section 103(d) (30 U.S.C. 813(d)) is amended by striking the last sentence and inserting the following: “The records to be kept and made available by the operator of the mine shall include man-hours worked and occupational injuries and illnesses, and shall be maintained separately for each mine and be reported at a frequency determined by the Sec-
retary, but at least annually. Operators shall be responsible for reporting on all miners working at such mine regardless of their employer, except that independent contractors (within the meaning of section 3(d)) shall only be responsible for reporting on miners in their employ or under their direction or authority.”.

(e) Orders Following an Accident.—Section 103(k) (30 U.S.C. 813(k)) is amended by striking “, when present,”.

(f) Electronic Database.—Section 103 (30 U.S.C. 813) is amended by adding at the end the following:

“(l) The Secretary shall establish and maintain a publicly available electronic database containing current and historical data on the safety records of each coal or other mine. Such database shall be user-friendly and searchable, and shall have the ability to provide aggregate data for each mine, each operator, and each controller of a mine and the ability to compare safety data between mines, operators, and controllers.”.

(g) Federal-State Coordination.—Section 103 is further amended by adding at the end the following:

“(m)(1) To the maximum extent practicable, when the Secretary identifies a mine as having a significant or persistent safety or health problem—
“(A) an authorized representative of the Secretary shall request a meeting with the appropriate State-level regulator to share the concerns of the Secretary when the Secretary determines that such actions would improve conditions of the mine; and

“(B) the Secretary and the State-level regulator may develop a joint plan designed to correct the identified problem.

“(2) Nothing in this subsection shall be construed to require the Secretary to take action that could delay or compromise any civil or criminal enforcement action or proceeding.”.

(h) OUTSIDE EXPERTS IN INVESTIGATIONS.—Section 112 (30 U.S.C. 822) is amended—

(1) by striking “Except as provided” and inserting the following:

“(a) CIVIL LITIGATION REPRESENTATION.—Except as provided”; and

(2) by adding at the end the following:

“(b) MINING EXPERTS IN INVESTIGATIONS.—The Attorney General shall designate 1 or more full-time employees with expertise in the mining industry to coordinate with the Department of Labor and assist United States attorneys in the investigation and prosecution of criminal violations under this Act.”.
TITLE II—ENHANCED
ENFORCEMENT AUTHORITY

SEC. 201. SIGNIFICANT AND SUBSTANTIAL VIOLATIONS.

Section 104(d)(1) (30 U.S.C. 814(d)(1)) is amended—

(1) in the first sentence—
(A) by striking “any mandatory health or safety standard” and inserting “any provision of this Act, including any mandatory health or safety standard or regulation promulgated under this Act”; and
(B) by striking “such mandatory health or safety standards” and inserting “such provisions, regulations, or mandatory health or safety standards”;

(2) in the second sentence, by striking “any mandatory health or safety standard” and inserting “any provision of this Act, including any mandatory health or safety standard or regulation promulgated under this Act,”; and

(3) by inserting after the first sentence the following: “For purposes of this Act, a violation of a provision of this Act, including any mandatory health or safety standard or regulation promulgated under this Act, is of such nature as could signifi-
cantly and substantially contribute to the cause and
effect of a safety or health hazard if there is a rea-
sonable possibility that such violation could result in
injury, illness, or death.”.

SEC. 202. A PATTERN OF RECURRING NONCOMPLIANCE OR
ACCIDENTS.

Section 104(e) (30 U.S.C. 814(e)) is amended to read
as follows:

“(e) PATTERN OF RECURRING NONCOMPLIANCE OR
ACCIDENTS.—

“(1) PATTERN STATUS.—

“(A) IN GENERAL.—For purposes of this
subsection, an operator of a coal or other mine
shall be in pattern status if the operator has,
as determined based on the regulations promul-
gated under paragraph (8)—

“(i) a pattern of—

“(I) citations for significant and
substantial violations;

“(II) citations and withdrawal or-
ders issued for unwarrantable failure
to comply with mandatory health and
safety standards under section 104(d);
“(III) citations for flagrant violations within the meaning of section 110(b);

“(IV) withdrawal orders issued under any other section of this Act; or

“(V) accidents, injuries, or illnesses; or

“(ii) a pattern consisting of any combination of citations, orders, accidents, injuries, or illnesses described in subclauses (I) through (V).

“(B) MITIGATING CIRCUMSTANCES.—Notwithstanding subparagraph (A), if the Secretary, after conducting an assessment of a coal or other mine that otherwise qualifies for pattern status, certifies that there are mitigating circumstances wherein the operator has eliminated any elevated risk to the health or safety of miners and has taken sufficient measures to ensure such elevated risk will not recur, the Secretary may deem such mine to not be in pattern status under this subsection. The Secretary shall issue any such certification of such mitigating circumstances that would preclude the placement of a mine in pattern status as a
written finding, which shall, not later than 10 days after the certification is made, be—

“(i) published in the Federal Register;

and

“(ii) transmitted to the Committee on Education and the Workforce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate.

“(2) ACTIONS FOLLOWING PLACEMENT OF MINE IN PATTERN STATUS.—For any coal or other mine that is in pattern status, the Secretary shall—

“(A) notify the operator of such mine that the mine is being placed in pattern status;

“(B) issue an order requiring such operator to cause all persons to be withdrawn from such mine, except those persons referred to in subsection (c) or authorized by an order of the Secretary issued under this subsection;

“(C) issue a remediation order described in paragraph (3) to such operator; and

“(D) require that the number of regular inspections of such mine required under section 103 be increased to 8 per year for an under-
ground mine and 4 per year for a surface mine while the mine is in pattern status.

Notice advising operators that they face potential placement in pattern status shall not be a requirement for issuing a withdrawal order to operators under this subsection.

“(3) REMEDIATION ORDER.—

“(A) IN GENERAL.—A remediation order issued to an operator under paragraph (2)(C) may require the operator to carry out one or more of the following requirements, pursuant to a timetable for commencing and completing such actions or as a condition of miners reentering the mine:

“(i) Provide specified training, including training not otherwise required under this Act.

“(ii) Institute and implement an effective health and safety management program approved by the Secretary, including—

“(I) the employment of safety professionals, certified persons, and adequate numbers of personnel for the
mine, as may be required by the Secretary;

“(II) specific inspection, record-keeping, reporting and other requirements for the mine as the Secretary may establish; and

“(III) other requirements to ensure compliance and to protect the health and safety of miners or prevent accidents or injuries as the Secretary may determine are necessary.

“(iii) Facilitate any effort by the Secretary to communicate directly with miners employed at the mine outside the presence of the mine operators or its agents, for the purpose of obtaining information about mine conditions, health and safety practices, and advising miners of their rights under this Act.

“(B) MODIFICATION OF AND FAILURE TO COMPLY WITH REMEDIATION ORDER.—The Secretary may modify the remediation order, as necessary, to protect the health and safety of miners. If the mine operator fails to fully comply with the remediation order during the time
a mine is in pattern status, the Secretary shall reinstate the withdrawal order under paragraph (2)(B).

“(C) EXTENSION OF DEADLINES.—An extension of a deadline under the remediation order may be granted on a temporary basis and only upon a showing that the operator took all feasible measures to comply with the order and only to the extent that the operator’s failure to comply is beyond the control of the operator.

“(4) CONDITIONS FOR LIFTING WITHDRAWAL ORDER.—A withdrawal order issued under paragraph (2)(B) shall not be lifted until the Secretary verifies that—

“(A) any and all violations or other conditions in the mine identified in the remediation order have been or are being fully abated or corrected as outlined in the remediation order; and

“(B) the operator has completed any other actions under the remediation order that are required for reopening the mine.

“(5) PERFORMANCE EVALUATION.—

“(A) PERFORMANCE BENCHMARKS.—The Secretary shall evaluate the performance of
each operator whose mine is in pattern status

every 90 days during which the mine is pro-
ducing and determine if, for such 90-day pe-
period—

“(i) the operator’s rate of citations for

significant and substantial violations—

“(I) are, on average, in the top

performing 35th percentile of such

rates, respectively, for all mines of

similar size and type; or

“(II) have been reduced by 70

percent since such mine was placed on

pattern status;

“(ii) the operator’s accident and in-
jury rates are, on average, in the top per-
forming 35th percentile of such rates, re-
spectively, for all mines of similar size and

type; and

“(iii) no citation or withdrawal order

for a violation under section 104(d), no

withdrawal order for imminent danger

under section 107 arising from a signifi-
cant and substantial violation, and no fla-
grant violations within the meaning of sec-
tion 110(b), were issued for such mine.
“(B) Reissuance of withdrawal orders.—If an operator being evaluated fails to achieve the performance benchmarks described in subparagraph (A), the Secretary may reissue a withdrawal order under paragraph (2)(B) to remedy any recurring conditions that led to pattern status under this subsection, and may modify the remediation order, as necessary, to protect the health and safety of miners.

“(6) Termination of pattern status.—

“(A) Retaliation for complaint or testimony.—No person shall discharge or in any manner discriminate against or cause to be discharged or cause discrimination against or otherwise interfere with the exercise of the statutory rights of any miner or other employee of an operator, representative of miners, or applicant for employment, because—

“(i) such miner or other employee, representative, or applicant for employment—
“(I) has filed or made a complaint, including a complaint notifying the operator or the operator’s agent, or the representative of the miners at the coal or other mine of an alleged danger or safety or health violation in a coal or other mine;

“(ii) Standard.—For purposes of clause (i), the circumstances causing the miner’s or other employee’s good-faith belief that performing such duties would pose a safety or health hazard shall be of such a nature that a reasonable person, under the circumstances confronting the miner or other employee, would conclude that there is such a hazard. In order to qualify for protection under this paragraph, the miner or other employee, when practicable, shall
have communicated or attempted to com-
municate the safety or health concern to
the operator and have not received from
the operator a response reasonably cal-
culated to allay such concern.

If either the Secretary or the miner or other employee pursues the underlying complaint, such reinstatement shall remain in effect until the Commission has disposed of such complaint on the merits, regardless of whether the Secretary pursues such complaint by filing a complaint under subparagraph (D) or the miner or other employee pursues such complaint by filing an action under paragraph (4). If neither the Sec-
the Secretary nor the miner or other employee pursues
the underlying complaint within the periods
specified in paragraph (4), such reinstatement
shall remain in effect until such time as the
Commission may, upon motion of the operator
and after providing notice and an opportunity
to be heard to the parties, vacate such com-
plaint for failure to prosecute.

“(C) INVESTIGATION.—Such investigation

of fact, affirming, modifying, or vacating the
Secretary’s proposed order, or directing other
appropriate relief. Such order shall become final
30 days after its issuance. The complaining
miner or other employee, representative, or ap-
plicant for employment may present additional
evidence on his or her own behalf during any
hearing held pursuant to this paragraph.

“(F) RELIEF.—The Commission shall have
authority in such proceedings to require a per-
son committing a violation of this subsection to
take such affirmative action to abate the viola-
tion and prescribe a remedy as the Commission
considers appropriate, including—
“(i) the rehiring or reinstatement of the miner or other employee with back pay and interest and without loss of position or seniority, and restoration of the terms, rights, conditions, and privileges associated with the complainant’s employment;

“(ii) any other compensatory and consequential damages sufficient to make the complainant whole, and exemplary damages where appropriate; and

“(iii) expungement of all warnings, reprimands, or derogatory references that have been placed in paper or electronic records or databases of any type relating to the actions by the complainant that gave rise to the unfavorable personnel action, and, at the complainant’s direction, transmission of a copy of the decision on the complaint to any person whom the complainant reasonably believes may have received such unfavorable information.

“(C) HEARING AND DECISION.—The Commission shall afford an opportunity for a hearing (in accordance with section 554 of title 5, United States Code, but without regard to subsection (a)(3) of such section), and thereafter shall issue an order, based upon findings of fact, dismissing or sustaining the complainant’s charges and, if the charges are sustained, granting such relief as it deems appropriate as described in paragraph (3)(F). Such order shall become final 30 days after its issuance.
“(5) **BURDEN OF PROOF.**—In adjudicating a complaint pursuant to this subsection, the Commission may determine that a violation of paragraph (1) has occurred only if the complainant demonstrates that any conduct described in paragraph (1) with respect to the complainant was a contributing factor in the adverse action alleged in the complaint. A decision or order that is favorable to the complainant shall not be issued pursuant to this subsection if the respondent demonstrates by clear and convincing evidence that the respondent would have taken the same adverse action in the absence of such conduct.

“(6) **ATTORNEY’S FEES.**—Whenever an order is issued sustaining the complainant’s charges under this subsection, a sum equal to the aggregate amount of all costs and expenses, including attorney’s fees, as determined by the Commission to have been reasonably incurred by the complainant for, or in connection with, the institution and prosecution of such proceedings shall be assessed against the person committing such violation.
