H. R. 1202

To prevent a fiscal crisis by enacting legislation to balance the Federal budget through reductions of discretionary and mandatory spending.

IN THE HOUSE OF REPRESENTATIVES
MARCH 14, 2013

Mr. AUSTIN SCOTT of Georgia (for himself, Mr. DUNCAN of South Carolina, and Mr. WESTMORELAND) introduced the following bill, which was referred to the Committee on the Budget, and in addition to the Committee on Rules, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL
To prevent a fiscal crisis by enacting legislation to balance the Federal budget through reductions of discretionary and mandatory spending.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.
This Act may be cited as the “One Percent Spending Reduction Act of 2013”.

SEC. 2. CONGRESSIONAL FINDINGS AND PURPOSE.
(a) FINDINGS.—The Congress finds the following:
(1) The fiscal crisis faced by the Federal Government demands immediate action.

(2) The dramatic growth in spending and debt in recent years threatens our economic and national security:

(A) Federal spending has grown from 18 percent of GDP in 2001 to nearly 23 percent of GDP in 2012.

(B) Total Federal debt exceeds $16,000,000,000,000 and is projected to increase each year over the next 10 years.

(C) Without action, the Federal Government will continue to run massive deficits in the next decade and total Federal debt will rise to $26,000,000,000,000 by 2023.

(D) Interest payments on this debt will soon rise to the point where balancing the budget as a matter of policy is beyond the reach of Congress.

(3) Due to recent tax hikes, Federal revenues are scheduled to rise to approximately 19 percent of GDP, a full percentage point above the average of about 18 percent of GDP over the past 40 years.

(4) Absent reform, the growth of Social Security, Medicare, Medicaid, and other health-related
spending will overwhelm all other Federal programs and consume all projected tax revenues.

(b) PURPOSE.—The purpose of this Act is to address the fiscal crisis by—

(1) acting quickly to balance the Federal budget and eliminate the parade of deficits and ballooning interest payments;

(2) achieving balance by reducing spending one percent per year until spending equals projected long-term revenues; and

(3) reforming entitlement programs to ensure long-term fiscal stability and balance.

SEC. 3. ESTABLISHMENT AND ENFORCEMENT OF SPENDING CAP.
