A BILL

To amend the Balanced Budget and Emergency Deficit Control Act of 1985 to reform the budget baseline.
Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Baseline Reform Act of 2013”.

SEC. 2. THE BASELINE.

Section 257 of the Balanced Budget and Emergency Deficit Control Act of 1985 is amended to read as follows:

“SEC. 257. THE BASELINE.

“(a) IN GENERAL.—(1) For any fiscal year, the baseline refers to a projection of current-year levels of new budget authority, outlays, or receipts and the surplus or deficit for the current year, the budget year, and the ensuing nine outyears based on laws enacted through the applicable date.

“(2) The baselines referred to in paragraph (1) shall be prepared annually.

“(b) DIRECT SPENDING AND RECEIPTS.—For the budget year and each outyear, estimates for direct spending in the baseline shall be calculated as follows:

“(1) IN GENERAL.—Laws providing or creating direct spending and receipts are assumed to operate in the manner specified in those laws for each such year and funding for entitlement authority is as-
sumed to be adequate to make all payments required by those laws.

“(2) EXCEPTIONS.—(A)(i) No program established by a law enacted on or before the date of enactment of the Balanced Budget Act of 1997 with estimated current year outlays greater than $50,000,000 shall be assumed to expire in the budget year or the outyears. The scoring of new programs with estimated outlays greater than $50,000,000 a year shall be based on scoring by the Committees on the Budget or OMB, as applicable. OMB, CBO, and the Committees on the Budget shall consult on the scoring of such programs where there are differences between CBO and OMB.

“(ii) On the expiration of the suspension of a provision of law that is suspended under section 171 of Public Law 104–127 and that authorizes a program with estimated fiscal year outlays that are greater than $50,000,000, for purposes of clause (i), the program shall be assumed to continue to operate in the same manner as the program operated immediately before the expiration of the suspension.

“(B) The increase for veterans’ compensation for a fiscal year is assumed to be the same as that
required by law for veterans’ pensions unless otherwise provided by law enacted in that session.

“(C) Excise taxes dedicated to a trust fund, if expiring, are assumed to be extended at current rates.

“(D) If any law expires before the budget year or any outyear, then any program with estimated current year outlays greater than $50,000,000 that operates under that law shall be assumed to continue to operate under that law as in effect immediately before its expiration.

“(3) HOSPITAL INSURANCE TRUST FUND.—Notwithstanding any other provision of law, the receipts and disbursements of the Hospital Insurance Trust Fund shall be included in all calculations required by this Act.

“(c) DISCRETIONARY SPENDING.—For the budget year and each of the nine ensuing outyears, the baseline shall be calculated using the following assumptions regarding all amounts other than those covered by subsection (b):

“(1) ESTIMATED APPROPRIATIONS.—Budgetary resources other than unobligated balances shall be at the level provided for the budget year in full-year appropriation Acts. If for any account a full-year ap-
provision has not yet been enacted, budgetary re-
sources other than unobligated balances shall be at
the level available in the current year.

“(2) CURRENT-YEAR APPROPRIATIONS.—If, for
any account, a continuing appropriation is in effect
for less than the entire current year, then the cur-
rent-year amount shall be assumed to equal the
amount that would be available if that continuing
appropriation covered the entire fiscal year. If law
permits the transfer of budget authority among
budget accounts in the current year, the current-
year level for an account shall reflect transfers ac-
complished by the submission of, or assumed for the
current year in, the President’s original budget for
the budget year.

“(d) UP-TO-DATE CONCEPTS.—In calculating the
baseline for the budget year or each of the nine ensuing
outyears, current-year amounts shall be calculated using
the concepts and definitions that are required for that
budget year.

“(e) ASSET SALES.—Amounts realized from the sale
of an asset shall not be included in estimates under section
251, 251A, 252, or 253 of this part or section 5 of the
Statutory Pay-As-You-Go Act of 2010 if that sale would
result in a financial cost to the Government as determined pursuant to scorekeeping guidelines.

“(f) LONG-TERM BUDGET OUTLOOK.—On or before July 1 of each year, OMB CBO shall submit to the Committees on the Budget of the House of Representatives and the Senate the Long-Term Budget Outlook for the fiscal year commencing on October 1 of that year and at least the ensuing 40 fiscal years.”.
