“(A) RECOMMENDATIONS TO SECRETARY.—

“(i) IN GENERAL.—Under the process
under subsection (b), the APM contracting
entity shall at least quarterly recommend,
in accordance with clause (ii), to the Sec-

“(I) Alternative Payment Models
submitted under subsection (c) to be
tested and evaluated through a dem-
onstration program under subsection
(e); and
“(II) Alternative Payment Models

submitted under subsection (c) to be
implemented under subsection (f) without testing and evaluation through
such a demonstration program.

Such a recommendation under subclause (I)
may be made with respect to a model for
which a waiver would be required under
paragraph (2). Any reference in this sub-
section to an Alternative Payment Model
under this clause is a reference to such
model as may be modified under clause
(iii).

“(ii) REQUIREMENTS.—In recom-
mending an Alternative Payment Model
under clause (i), each of the following shall apply:

“(I) The APM contracting entity
may recommend an Alternative Pay-

the entity determines that the model
satisfies the criteria described in sub-

“(III) The APM contracting entity shall include with the recommended Alternative Payment Model recommendations for rules of coordination described in clause (v).

“(iii) MODIFICATIONS BY APM CONTRACTING ENTITY.—For purposes of this subparagraph, to the extent necessary to meet the applicable requirements of clause (ii), the APM contracting entity may modify an Alternative Payment Model submitted under subsection (c) to ensure that the model would—

“(I) reduce spending under this title without reducing the quality of care; or
“(II) improve the quality of care without increasing spending under this title.

“(iv) FORMS OF MODIFICATIONS.—

Such a modification under clause (iii) may include one or more of the following:

“(I) A change to the payment arrangement under which eligible professionals participating in such model would be paid for covered professional services furnished under such model.

“(II) A change to the criteria for eligible professionals to be eligible to participate under such model in order to ensure that the requirement described in subclause (I) or (II) is satisfied.

“(III) A change to the rules of coordination described in clause (v).

“(IV) The application of a withhold mechanism under the payment arrangement under which the distribution of withheld amounts is based on the success of the model in meeting spending reduction requirements.
“(V) Such other change as the contracting entity may specify.

“(v) RULES OF COORDINATION FOR APPLICATION OF PAYMENT ARRANGEMENTS UNDER MODELS.—

“(I) IN GENERAL.—Rules of coordination described in this clause for an Alternative Payment Model shall be designed to determine, for purposes of applying subsection (a) and section 1848(d)(16), under what circumstances an eligible professional is treated as having a payment arrangement under a particular model.

“(II) NONDUPICATION OF PAYMENT.—Such rules of coordination shall ensure coordination and nonduplication of payment of services that might be covered under more than one payment arrangement or under section 1848(d)(16).

“(III) APPLICATION TO NON-APM PAYMENT.—In applying such rules of coordination for purposes of section 1848(d)(16), an eligible professional
shall not be treated as having a payment arrangement in effect under such a model for any covered professional services not treated as furnished under the model.

“(B) CRITERIA FOR RECOMMENDING MODELS FOR DEMONSTRATION.—For purposes of subparagraph (A)(ii)(I), the criteria described in this subparagraph, with respect to an Alternative Payment Model, are each of the following:

“(i) The model has been supported by meaningful clinical and non-clinical data, with respect to a sufficient population sample, that indicates the model would be successful at addressing each of the abilities described in clause (iv).

“(ii)(I) In the case of a model that has already been evaluated and supported by data with respect to a population of individuals enrolled under this part, if the model were evaluated under the demonstration under subsection (e) such a population would represent a sufficient number of individuals enrolled under this part to ensure a
meaningful evaluation of the likely effect of expanding the demonstration.

“(II) In the case of a model that has not been so evaluated and supported by data with respect to such a population, the population that would be furnished services under such model if the model were evaluated under the demonstration under subsection (e) would represent a sufficient number of individuals enrolled under this part to ensure a meaningful evaluation of the likely effect of expanding the demonstration.

“(iii) Such model, including if tested and evaluated under the demonstration under subsection (e), would not deny or limit the coverage or provision of benefits under this title for applicable individuals.

“(iv) The proposal for such model demonstrates—

“(I) the significant likelihood to successfully manage the cost of furnishing items and services under this title so as to not result in expenditures under this title being greater than ex-
penditures under this title if the APM were not implemented; and

“(II) the ability to maintain or improve the overall quality of patient care provided to individuals enrolled under this part.

“(v) The model provides for a payment arrangement—

“(I) that specifies the items and services covered under the arrangement and specifies rules of coordination described in subparagraph (A)(v) between the items and services covered under the arrangement and other items and services not covered under the arrangement;

“(II) in the case such payment arrangement does not provide for payment under the fee schedule under section 1848 for such items and services furnished by such eligible professionals, that provides for a payment adjustment based on meaningful EHR use comparable to such adjustment that
would otherwise apply under section 1848; and

“(III) that provides for a payment adjustment based on quality measures comparable to such adjustment that would otherwise apply under section 1848.

“(C) CRITERIA FOR RECOMMENDING MODELS FOR APPROVAL WITHOUT EVALUATION UNDER DEMONSTRATION.—For purposes of subparagraph (A)(ii)(II), the criteria described in this subparagraph, with respect to an Alternative Payment Model, is that the model has already been tested and evaluated for a sufficient enough period and through such testing and evaluation the model was shown—

“(i) to have satisfied the criteria described in each of clauses (i), (ii), (iii), and (v) of subparagraph (B); and

“(ii)(I) to have reduced spending under this title without reducing the quality of care; or

“(II) to have improved the quality of patient care without increasing such spending.
“(D) TRANSPARENCY AND DISCLOSURES.—

“(i) DISCLOSURES.—Not later than 90 days after receipt of a submission of a model under subsection (c) by the APM contracting entity, the APM contracting entity shall submit to the Secretary and the model submitter and make publicly available a notification on whether or not, and if so how, the model meets criteria for recommending such model under subparagraph (A), including whether or not such model requires a waiver under paragraph (2). In the case that the APM contracting entity determines not to recommend such model under this paragraph, such notification shall include an explanation of the reasons for not making such a recommendation. Any information made publicly available pursuant to the previous sentence shall not include proprietary data.

“(II) The models recommended under subparagraph (A)(i)(II) and the data and analyses on such recommended models that support the criteria described in subparagraph (C).

“(iii) EXPLANATION FOR NO RECOMMENDATIONS.—For any year beginning with 2015 that the APM contracting entity does not recommend any models under subparagraph (A)(i), the entity shall instead satisfy this clause by submitting to the Secretary and making publicly available an explanation for not having any such recommendations.

“(iv) JUSTIFICATIONS FOR RECOMMENDATIONS.—In submitting data and
analyses under subclause (I) or (II) of clause (ii) with respect to a model, the APM contracting entity shall include a specific explanation of how the model would (and recommendations for ensuring that the model will) meet the criteria described in subparagraph (B) or (C), respectively.

“(v) CONFIRMATION OF SPENDING ESTIMATES BY CMS CHIEF ACTUARY.—For each Alternative Payment Model described in subclause (I) or (II) of clause (ii), the Chief Actuary of the Centers for Medicare & Medicaid Services shall submit to the Secretary a determination of whether or not the Chief Actuary confirms that the model satisfies the criterion described in subparagraph (B)(iv)(I) or (C)(ii), respectively.

“(2) MODELS REQUIRING WAIVER APPROVAL.—

“(A) IN GENERAL.—In the case that an Alternative Payment Model recommended under paragraph (1)(A)(i) would require a waiver from any requirement under this title, in determining approval of such model, the Secretary may make such a waiver solely in order for such
model to be tested and evaluated under the demonstration program.

“(B) APPROVAL.—Not later than 180 days after the date of the receipt of such submission for a model, the Secretary shall notify the APM contracting entity and the entity submitting such model under subsection (c) whether or not such a waiver for such model is approved and the reason for any denial of such a waiver.

under subsection (d)(1)(D)(ii), with respect to an Alternative Payment Model recommended under subsection (d)(1)(A)(i)(I), the Secretary shall—

“(i) review the basis for such recommendation in order to assess, taking into account the determination of the Chief Actuary under subsection (d)(1)(D)(v) with respect to such model, if the model is significantly likely to—

“(I) reduce spending under this title without reducing the quality of care; or

“(II) improve the quality of care without increasing spending under this title;

“(ii) assess whether the model is significantly likely to result in participation under such model of a sufficient number of those eligible professionals for whom the model was designed consistent with clause (i) to be able to evaluate the likely effect of expanding the demonstration; and

“(iii) approve such model for a demonstration program under this subsection,
including as modified under subparagraph (B), only if the Secretary determines—

“(III) the model applies rules of coordination described in subparagraph (C) applicable to such model; and

“(IV) the model satisfies the criteria described in subsection (d)(1)(B).

The Secretary shall periodically make available a list of such models approved under clause (iii).

“(V) Such other change as the Secretary may specify.

“(ii) TERMINATION OR MODIFICATION DURING DEMONSTRATION.—The Secretary
shall terminate or modify the design and implementation of an Alternative Payment Model approved under subparagraph (A)(iii) for a demonstration program, after testing has begun, unless the Secretary determines (and the Chief Actuary of the Centers for Medicare & Medicaid Services, with respect to program spending under this title, certifies) that the model is expected to continue to satisfy the requirements described in such paragraph relating to quality of care and reduced spending. Such termination may occur at any time after such testing has begun and before completion of the testing.

“(C) RULES OF COORDINATION FOR APPLICATION OF PAYMENT ARRANGEMENTS UNDER MODELS.—

“(i) IN GENERAL.—Rules of coordination described in this subparagraph for an Alternative Payment Model shall be designed to determine, for purposes of applying subsection (a) and section 1848(d)(16), under what circumstances an eligible profes-
