

113TH CONGRESS

H. R. 3091

To promote the development of meaningful treatments for patients.

IN THE HOUSE OF REPRESENTATIVES

SEPTEMBER 12, 2013

Mr. LANCE (for himself, Mr. ROSKAM, Mr. GUTHRIE, Mr. PAULSEN, Mr. RANGEL, Mr. RUNYAN, Ms. SCHWARTZ, Mr. KING of New York, Mr. MCCAUL, Mr. WALDEN, Mr. TIBERI, Mr. LOEBSACK, Mr. BEN RAY LUJÁN of New Mexico, Mr. ELLISON, Mr. JONES, and Mr. LONG) introduced the following bill; which was referred to the Committee on Energy and Commerce, and in addition to the Committees on Ways and Means and the Judiciary, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To promote the development of meaningful treatments for patients.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Modernizing Our Drug
5 & Diagnostics Evaluation and Regulatory Network Cures
6 Act of 2013” or the “MODDERN Cures Act of 2013”.

1 **SEC. 2. TABLE OF CONTENTS.**

2 The table of contents for this Act is as follows:

- 3 Sec. 1. Short title.
- 4 Sec. 2. Table of contents.
- 5 Sec. 3. Findings.
- 6 Sec. 4. Definitions.

TITLE I—ADVANCING DIAGNOSTICS FOR PATIENTS

- 7 Sec. 101. Developing a common lexicon to facilitate progress on diagnostics.
- 8 Sec. 102. Creating incentives for innovative diagnostics.
- 9 Sec. 103. Promoting the development of innovative diagnostics.

TITLE II—CAPTURING LOST OPPORTUNITIES FOR PATIENTS

- 10 Sec. 201. Dormant therapies.
- 11 Sec. 202. Study regarding new indications for existing therapies.

12 **SEC. 3. FINDINGS.**

13 The Congress makes the following findings:

14 (1) More than 133 million Americans, or 45
15 percent of the population, have at least one chronic
16 condition. A quarter of Americans have multiple
17 chronic conditions.

18 (2) Chronic diseases have become the leading
19 cause of death and disability in the United States.
20 Seven out of every 10 deaths are attributable to
21 chronic disease. Chronic diseases also compromise
22 the quality of life of millions of Americans.

23 (3) Despite \$80 billion spent annually on re-
24 search and development, many diseases and condi-
25 tions lack effective treatments.

26 (4) Many commonly used drugs are effective in
27 only 50 to 75 percent of the patient population,
28 which can lead to devastating long-term side effects,
29

1 resulting in the potential risks outweighing the bene-
2 fits for some patients.

3 (5) Advanced and innovative diagnostic tests
4 have the potential to dramatically increase the effi-
5 cacy and safety of drugs by better predicting how
6 patients will respond to a given therapy.

7 (6) Despite their promise, many drugs and
8 diagnostics may go undeveloped due to uncertain
9 regulatory and reimbursement processes, among
10 other reasons.

11 (7) In addition, there is reason to believe that
12 potential treatments with tremendous value to pa-
13 tients are never developed or are discontinued during
14 research and development due to insufficiencies in
15 the intellectual property system.

16 (8) It is in the public interest to address the
17 hurdles that may be precluding new treatments from
18 reaching patients and to remove the disincentives for
19 the development of therapies for these unmet needs.

20 **SEC. 4. DEFINITIONS.**

21 In this Act:

23 meaning given to that term in section 351 of the
24 Public Health Service Act (42 U.S.C. 262).

19 an application filed pursuant to section
20 505(b)(2) or section 505(j) of the Federal
21 Food, Drug, and Cosmetic Act (21 U.S.C.
22 355(b)(2), (j)) or section 351(k) of the Public
23 Health Service Act (42 U.S.C. 262(k)) ref-
24 erencing or otherwise relying on the approval or
25 licensure of the dormant therapy;

1 (B) the Secretary shall not approve—

2 (i) an application filed pursuant to
3 such section 505(b)(2) or 505(j) that ref-
4 erences or otherwise relies on the approval
5 or licensure of a medicine that is not the
6 dormant therapy, was approved subsequent
7 to the approval of the dormant therapy,
8 and contains the same active moiety as the
9 active moiety in the dormant therapy (or if
10 the dormant therapy contains more than
11 one active moiety, all of the active moieties
12 are the same); or

13 (ii) an application filed pursuant to
14 such section 351(k) that references or oth-
15 erwise relies on the approval or licensure of
16 a medicine that is not the dormant ther-
17 apy, was approved subsequent to the ap-
18 proval or licensure of the dormant therapy,
19 and contains an active moiety that is high-
20 ly similar to the active moiety in the dor-
21 mant therapy (or if the dormant therapy
22 contains more than one active moiety, all
23 of the active moieties are highly similar);
24 and

1 (C) the Secretary shall not approve an ap-
2 plication filed pursuant to section 505(b)(1) of
3 the Federal Food, Drug, and Cosmetic Act (21
4 U.S.C. 355(b)(1)) for a drug that contains the
5 same active moiety as the active moiety in the
6 dormant therapy (or if the dormant therapy
7 contains more than one active moiety, all of the
8 active moieties are the same), or an application
9 filed pursuant to section 351(a) of the Public
10 Health Service Act (42 U.S.C. 262(a)) for a bi-
11 ological product that contains an active moiety
12 that is highly similar to the active moiety in the
13 dormant therapy (or if the dormant therapy
14 contains more than one active moiety, all of the
15 active moieties are highly similar), unless—

16 (i) the information provided to sup-
17 port approval of such application is com-
18 parable in scope and extent, including with
19 respect to design and extent of preclinical
20 and clinical testing, to the information pro-
21 vided to support approval of the applica-
22 tion for the dormant therapy under section
23 505(b) of the Federal Food, Drug and
24 Cosmetic Act (21 U.S.C. 355(b)) or sec-

1 tion 351(a) of the Public Health Service
2 Act (42 U.S.C. 262(a)); and

3 (ii) if such clinical testing had not
4 commenced before the approval of the ap-
5 plication for the dormant therapy, the clin-
6 ical testing establishes clinical superiority
7 in the form of a significant therapeutic ad-
8 vantage over and above that provided by
9 the dormant therapy in one or more of the
10 following ways:

11 (I) Greater effectiveness on a
12 clinically meaningful endpoint.

13 (II) Greater safety in a substan-
14 tial portion of the target populations.

15 (III) Where neither greater safe-
16 ty nor greater effectiveness has been
17 shown, a demonstration that the drug
18 otherwise makes a major contribution
19 to patient care.

20 (2) PATENT TERM ALIGNMENT WITH DATA
21 PACKAGE PROTECTION PERIOD.—

22 (A) IN GENERAL.—Notwithstanding any
23 provision of title 35, United States Code, a
24 sponsor of a medicine designated as a dormant
25 therapy under subsection (a)(1), upon the ap-

1 proval or licensure thereof under section 505 of
2 the Federal Food, Drug, and Cosmetic Act (21
3 U.S.C. 355) or section 351 of the Public Health
4 Service Act (42 U.S.C. 262), and in lieu of fil-
5 ing a patent term extension application under
6 section 156(d) of such title 35, shall be entitled
7 to patent term extensions in accordance with
8 this paragraph.

9 (B) SUBMISSION OF FINAL LISTING OF
10 PATENTS AND APPLICATIONS FOR PATENTS
11 FOLLOWING APPROVAL.—

12 (i) SUBMISSION.—The sponsor of the
13 dormant therapy, within a period to be set
14 by the Director of not less than 2 months
15 beginning on the date the Secretary ap-
16 proves or licenses the dormant therapy,
17 shall submit to the Director—

18 (I) the listing of patents and ap-
19 plications for patents provided to the
20 Secretary under subsection (b)(1);

21 (II) any revisions to such listing
22 as may be required for compliance
23 with subsection (b)(1); and

24 (III) any documentation the Di-
25 rector may require from the patentee

1 or patent applicant (as the case may
2 be) of the waiver of patent rights re-
3 quired under subsection (b)(2).

4 (ii) FAILURE TO PROVIDE SUFFICIENT
5 DOCUMENTATION OF WAIVER.—If the Di-
6 rector determines that the sponsor has not
7 complied with the waiver requirements
8 under subsection (c), after providing the
9 sponsor the opportunity to remedy any in-
10 sufficiency, the Director shall so notify the
11 Secretary that the patent waiver require-
12 ments for designation have not been satis-
13 fied.

14 (C) EXTENSION OF PATENTS.—

15 (i) IN GENERAL.—Unless the Director
16 has notified the Secretary of a determina-
17 tion under subparagraph (B)(ii), for each
18 patent identified in a submission pursuant
19 to subparagraph (B)(i), and for each pat-
20 ent issuing based upon an application for
21 patent so identified, the Director shall,
22 within the 3-month period beginning on
23 the date of the submission, extend the pat-
24 ent to expire at the end of the protection
25 period for the dormant therapy, if the pat-

1 ent would otherwise expire before the end
2 of the protection period. If the Director
3 has so notified the Secretary under sub-
4 paragraph (B)(ii), the Director shall ex-
5 tend one such patent, selected by the spon-
6 sor, for the period that would have been
7 applicable had an application for extension
8 been filed under section 156 of title 35,
9 United States Code, with respect to such
10 patent.

11 (ii) APPLICATION OF CERTAIN PROVI-
12 SIONS.—During the period of an extension
13 under clause (i)—

14 (I) the rights under the patent
15 shall be limited in the manner pro-
16 vided under section 156(b) of title 35,
17 United States Code; and

18 (II) the terms “product” and
19 “approved product” in such section
20 156(b) shall be deemed to include
21 forms of the active moiety of the dor-
22 mant therapy and highly similar ac-
23 tive moieties that might be approved
24 by the Secretary based upon an appli-
25 cation filed under section 505(b)(2) or

1 505(j) of the Federal Food, Drug,
2 and Cosmetic Act (21 U.S.C.
3 355(b)(2), (j)) or under section
4 351(k) of the Public Health Service
5 Act (42 U.S.C. 262(k)) that ref-
6 erences or otherwise relies upon the
7 dormant therapy.

8 (D) INTERIM PATENT EXTENSIONS.—Not-
9 withstanding any provision of title 35, United
10 States Code, with respect to any patent listed
11 (or patent issuing on an application listed)
12 under subsection (b)(1) that would otherwise
13 expire before the sponsor could make a submis-
14 sion under subparagraph (B), the Director,
15 upon application of the patentee, shall grant to
16 the patentee an interim extension of such pat-
17 ent, subject to the limitations in section
18 156(d)(5)(F) of such title 35, for such period
19 as may be necessary to permit the sponsor to
20 submit the listing under subparagraph (B) and,
21 if the patent is therein listed, to extend the pat-
22 ent as provided under subparagraph (C). The
23 Director may require, for any patent extended
24 under this subparagraph, that the sponsor of
25 the dormant therapy to which the patent relates

1 provide periodic certifications that development
2 of the dormant therapy is continuing. The Di-
3 rector may terminate any interim extension for
4 which a required certification has not been
5 made.

6 (E) NOTICE OF EXTENSION.—For each
7 patent that is extended under this paragraph,
8 the Director shall publish a notice of such ex-
9 tension and issue a certificate of extension de-
10 scribed in section 156(e)(1) of title 35, United
11 States Code.

12 (F) NOTICE OF WAIVER.—For each patent
13 identified in a submission under subparagraph
14 (B)(i), and each patent issuing based upon an
15 application for patent so identified, that expires
16 after the end of the protection period for the
17 dormant therapy, the Director shall publish a
18 notice that the patent is subject to the limited
19 waiver of the right to enforce described in sub-
20 section (c)(1).

21 (f) CERTAIN FDA PROTECTIONS INAPPLICABLE.—If
22 a medicine has been designated as a dormant therapy
23 under subsection (a), the protections otherwise applicable
24 with respect to such medicine under sections 505A, 505E,
25 and 527 of the Federal Food, Drug, and Cosmetic Act

1 (21 U.S.C. 355a, 355f, 360cc) shall not apply. The pre-
2 ceding sentence shall not be construed to affect any pro-
3 tections applicable with respect to a drug, including a drug
4 designated under section 526 of such Act (21 U.S.C.
5 360bb) for a rare disease or condition, under provisions
6 other than such sections 505A, 505E, and 527.

7 (g) DEVELOPMENT CERTIFICATIONS.—

8 (1) IN GENERAL.—The Secretary shall require
9 that the sponsor of a dormant therapy provide peri-
10 odic certifications that development of the dormant
11 therapy to address one or more unmet medical needs
12 is continuing.

13 (2) DETERMINATION OF NONCOMPLIANCE.—If
14 the Secretary concludes that the sponsor has not
15 complied with paragraph (1), after providing the
16 sponsor the opportunity to remedy any insufficiency,
17 the Secretary shall, for purposes of subsection
18 (d)(1), determine that the sponsor is not in compli-
19 ance with the certification requirement under para-
20 graph (1).

21 (h) COLLABORATION.—Nothing in this section shall
22 be construed as preventing a sponsor from collaborating
23 with other entities in developing a dormant therapy or ap-
24 plying for a dormant therapy designation.

25 (i) DEFINITIONS.—For purposes of this section:

1 (1) The term “address one or more unmet med-
2 ical needs” refers to—

3 (A) addressing a need for medicines for
4 the treatment of one or more life-threatening or
5 other serious diseases or conditions for which
6 no therapy exists; or

7 (B) if one or more therapies are available
8 for the treatment of such a disease or condition,
9 demonstrating through clinical investigations—

10 (i) one or more improved effects on
11 serious outcomes of the disease or condi-
12 tion that are affected by alternative thera-
13 pies, such as superiority of the medicine
14 used alone or in combination with other
15 therapies in an active controlled trial as-
16 sessing an endpoint reflecting serious mor-
17 bidity;

18 (ii) one or more effects on serious out-
19 comes of the disease or condition not
20 known to be affected by alternative thera-

23 have shown an effect on exacerbations but
24 have not shown an effect on progressive
25 disability;

1 (iii) an ability—

2 (I) to provide one or more bene-
3 fits in patients who are unable to tol-
4 erate or are unresponsive to alter-
5 native therapies, such as an
6 antipsychotic agent that is effective in
7 people failing standard therapy; or

8 (II) to be used effectively in com-
9 bination with other critical agents
10 that cannot be combined with alter-
11 native therapies;

12 (iv) an ability to provide one or more
13 benefits similar to those of alternative
14 therapies while—

15 (I) avoiding serious toxicity that
16 is present in alternative therapies; or

17 (II) avoiding less serious toxicity
18 that is common in alternative thera-
19 pies and causes discontinuation of
20 treatment of a life-threatening or seri-
21 ous disease; or

22 (v) an ability to provide one or more
23 benefits similar to those of alternative
24 therapies but with improvement in some
25 factor, such as compliance or convenience,

1 that is shown to lead to improved effects
2 on serious outcomes.

3 (2) The term “Director” means the Under Sec-
4 retary of Commerce for Intellectual Property and
5 Director of the United States Patent and Trade-
6 mark Office.

7 (3) The term “dormant therapy” means a med-
8 icine designated as a dormant therapy under sub-
9 section (a).

10 (4) The term “protection period” for a dormant
11 therapy means the period that—

12 (A) begins on the date on which the Sec-
13 retary first approves an application under sec-
14 tion 505(b) of the Federal Food, Drug, and
15 Cosmetic Act (21 U.S.C. 355(b)) or section
16 351(a) of the Public Health Service Act (42
17 U.S.C. 262(a)) for the dormant therapy for any

4 ment of this Act, the Secretary shall enter into an ar-
5 rangement with the Institute of Medicine (or, if the Insti-
6 tute declines, another appropriate entity)—

7 (1) to conduct a study on intellectual property
8 laws and their impact on therapy and diagnostic de-
9 velopment in order to formulate recommendations on
10 how to facilitate the clinical evaluation and develop-
11 ment of therapies currently available on the market
12 for new potential indications; and

13 (2) not later than 18 months after such date of
14 the enactment, to submit a report to the Secretary
