(b) MANDATORY USE OF E-VERIFY SYSTEM.—
•HR 830 IH

(1) **IN GENERAL.**—Subject to paragraphs (2) and (3), every person or other entity that hires one or more individuals for employment in the United States shall verify through the E-Verify Program, established by section 403(a) of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (division C of Public Law 104–208; 8 U.S.C. 1324a note), that each such individual is authorized to work in the United States. The Secretary of Homeland Security shall ensure that verification by means of a toll-free telephone line is an available option in complying with the preceding sentence.

years after the date of the enactment of this
Act.

(4) VERIFYING EMPLOYMENT AUTHORIZATION
of current employees.—Every person or other
entity that employs one or more persons in the
United States shall verify through the E-Verify pro-
gram by not later than four years after the date of
the enactment of this Act that each employee is au-

(5) DEFENSE.—In accordance with section
274A(a)(3) of the Immigration and Nationality Act
(8 U.S.C. 1324a(a)(3)), a person or entity that es-
stablishes that it has complied in good faith with the
requirements of section 274A(b) of such Act with re-
spect to the hiring, recruiting, or referral for em-
ployment of an alien in the United States has estab-
lished an affirmative defense that the person or enti-
ty has not violated section 274A(a)(1)(A) of such
Act with respect to such hiring, recruiting or refer-
ral. Furthermore an employer who has complied
with the requirements in paragraphs (1) and (4) of

ment authorization of new hires or current employ-
ees.

(8) State Interference.—No State may
prohibit a person or other entity from using the E-
Verify program to verify the employment authorization of new hires or current employees.

(9) E-VERIFY STUDY.—

(A) FINDINGS.—The Congress finds as follows:

(i) A majority of the 0.4 percent of tentative non-confirmations that are issued within E-Verify to work authorized individuals occur due to incorrect or outdated information in the databases utilized by the system. For instance, an individual may have changed his or her name legally but has not updated their Social Security information to account for this change. This person would likely receive a tentative non-confirmation if their work eligibility were checked using E-Verify.

(ii) E-Verify already provides employers and employees with simple and clear instructions on how inconsistencies in data can be corrected in order to verify the work eligibility of an employee. However, giving an individual the ability to verify his or her own employment eligibility in advance of an official E-Verify query by an
employer would allow that individual to correct data errors at his or her convenience. This may also serve to lessen peak demand on Social Security Administration field offices.

(B) Study.—The Government Accountability Office shall conduct a study to examine the potential of a secure method of allowing individuals to check their own work eligibility, so that they can address inconsistencies in their personal data that might otherwise cause them to be issued a tentative non-confirmation by E-Verify. The study shall be published within 6 months after the date of enactment of this Act.

(10) Document Fraud Study.—The Government Accountability Office shall conduct a study to examine methods to combat document fraud, theft and forgery in the use and expansion of the E-Verify program. The report shall make recommendations to the appropriate agencies on ways to reduce instances of document fraud, theft and forgery. The report shall be published within six months after enactment of this Act.

(2) Increase as necessary the number of fulltime employees dedicated to outreach to employers using E-Verify and the creation of informational tools and corrective action procedures that will provide compliance assistance to these employers. These employees may also be utilized in the operation of the toll free compliance assistance call center.

(3) Establish procedures for the identification of cases of potential fraud or misuse of E-Verify.

(4) Establish procedures for the sharing of information on these selected cases with Immigration and Customs Enforcement for further investigation as necessary.
(5) Report to Congress within one year of the
date of enactment of this Act on the activities of the
Office of Monitoring and Compliance which shall in-
clude—

(A) a description of the types of fraud and

the Office;

(4) an SSA telephone number that an individual may call to report inaccuracies in the use of their SSN.

(b) Information Sharing With the Department of Homeland Security.—

(1) Not later than 180 days following the date of enactment of this act, the Commissioner of Social Security shall promulgate regulations in accord with section 1306, title 42 (42 U.S.C. 1306), to require that information regarding all multiple use notifications that lead to the identification of an unauthorized user of a Social Security account number be shared with the Secretary of the Department of Homeland Security on a timely basis.

(2) Information to be shared with the Secretary shall include, at a minimum, the name and mailing address of all employees who are the subject of an
unresolved mismatch notification or who are unauthorized users of another individual’s Social Security account number. The names and addresses of the employers of these employees must also be provided.

State birth registries.

(6) Not later than 1 year after the date of the
enactment of this Act, establish a process with the
Department of Defense that will result in the shar-
ing of data, with the States and the Social Security
Administration, regarding deaths of United States
military personnel and the birth and death of their
dependents.

(7) Not later than 1 year after the date of the
enactment of this Act, establish a process with the
Department of State to improve registration, notifi-
cation, and the sharing of data with the States and
the Social Security Administration, regarding births
and deaths of United States citizens abroad.

(8) Not later than 3 years after the date of es-
tablishment of databases provided for under this sec-
tion, require States to record and retain electronic records of pertinent identification information collected from requestors who are not the registrants.

(9) Not later than 6 months after the date of the enactment of this Act, submit to Congress a report on whether there is a need for Federal laws to address penalties for fraud and misuse of vital records and whether violations are sufficiently enforced.
