## RESOLUTION

Expressing the sense of the House of Representatives that the healthcare, energy, telecommunications, and other sectors of the United States economy should continue their sector-specific efforts to protect critical infrastructure, to prevent information security breaches, and to prevent cybersecurity breaches.

Whereas the United States economy is diverse, and has many different sectors;

Whereas each sector faces different challenges related to critical infrastructure, information security, and cybersecurity; and

Whereas the healthcare, energy, telecommunications, and other industry sectors are taking sector-specific steps to

protect critical infrastructure, to prevent information security breaches, and to prevent cybersecurity breaches: Now, therefore, be it

1       *Resolved*, That it is the sense of the House of Rep-  
2       resentatives that—

3               (1) the healthcare sector should continue its  
4       sector-specific efforts to protect critical infrastruc-  
5       ture, to prevent information security breaches, and  
6       to prevent cybersecurity breaches (other than for re-  
7       search and development purposes);

8               (2) the energy sector should continue its sector-  
9       specific efforts to protect critical infrastructure, to  
10      prevent information security breaches, and to pre-  
11      vent cybersecurity breaches (other than for research  
12      and development purposes);

13              (3) the telecommunications sector should con-  
14      tinue its sector-specific efforts to protect critical in-  
15      frastructure, to prevent information security  
16      breaches, and to prevent cybersecurity breaches  
17      (other than for research and development purposes);  
18      and

19              (4) other industry sectors should continue their  
20      sector-specific efforts to protect critical infrastruc-  
21      ture, to prevent information security breaches, and

- 1 to prevent cybersecurity breaches (other than for re-
- 2 search and development purposes).
