(1) augments existing programs, projects (including construction projects), or activities;

(2) reduces by 10 percent funding for any existing program, project, or activity, or numbers of personnel by 10 percent as approved by Congress; or

(3) results from any general savings from a reduction in personnel which would result in a change in existing programs, activities, or projects as approved by Congress;

unless the Committees on Appropriations of the House of Representatives and the Senate are notified 15 days in advance of such reprogramming or of an announcement of intent relating to such reprogramming, whichever occurs earlier.

Sec. 515. (a) None of the funds made available in this Act may be used to request that a candidate for ap-

SEC. 516. Such report shall
include the name of the contractor or grantee, the amount of funding, the governmental purpose, including a justification for issuing the award on a non-competitive basis. Such report shall be transmitted to the Committees within 30 days after the end of the quarter for which the report is submitted.

Sec. 518. None of the funds appropriated or otherwise made available by this Act may be used to enter into a contract in an amount greater than $5,000,000 or to award a grant in excess of such amount unless the prospective contractor or grantee certifies in writing to the agency awarding the contract or grant that, to the best of its knowledge and belief, the contractor or grantee has filed all Federal tax returns required during the 3 years preceding the certification, has not been convicted of a criminal offense under the Internal Revenue Code of 1986, and has not, more than 90 days prior to certification, been notified of any unpaid Federal tax assessment for which the liability remains unsatisfied, unless the assessment is the subject of an installment agreement or offer in compromise that has been approved by the Internal Revenue Service and is not in default, or the assessment is the subject of a non-frivolous administrative or judicial proceeding.
Sec. 519. Of the funds made available for performance

(INCLUDING TRANSFER OF FUNDS)

SEC. 522. (a) DEFINITIONS.—In this section,

(1) “Performance Partnership Pilot” (or “Pilot”) is a project that seeks to identify, through
a demonstration, cost-effective strategies for providing services at the State, regional, or local level that—

(A) involve two or more Federal programs (administered by one or more Federal agencies)—

(i) which have related policy goals, and

(ii) at least one of which is administered (in whole or in part) by a State, local, or tribal government; and

(B) achieve better results for regions, communities, or specific at-risk populations through making better use of the budgetary resources that are available for supporting such programs.

(2) “To improve outcomes for disconnected youth” means to increase the rate at which individuals between the ages of 14 and 24 (who are low-income and either homeless, in foster care, involved in the juvenile justice system, unemployed, or not enrolled in or at risk of dropping out of an educational institution) achieve success in meeting educational, employment, or other key goals.
(3) The “lead Federal administering agency” is the Federal agency, to be designated by the Director of the Office of Management and Budget (from among the participating Federal agencies that have statutory responsibility for the Federal discretionary funds that will be used in a Performance Partnership Pilot), that will enter into and administer the particular Performance Partnership Agreement on behalf of that agency and the other participating Federal agencies.

(b) USE OF DISCRETIONARY FUNDS IN FISCAL YEAR 2014.—Federal agencies may use Federal discretionary funds that are made available in this Act to carry out up to 13 Performance Partnership Pilots. Such Pilots shall:

(1) be designed to improve outcomes for disconnected youth, and

(2) involve Federal programs targeted on disconnected youth, or designed to prevent youth from disconnecting from school or work, that provide education, training, employment, and other related social services.

(c) PERFORMANCE PARTNERSHIP AGREEMENTS.—Federal agencies may use Federal discretionary funds, as authorized in subsection (b), to participate in a Perform-
ance Partnership Pilot only in accordance with the terms
of a Performance Partnership Agreement that—

(1) is entered into between—

(A) the head of the lead Federal admin-
istering agency, on behalf of all of the partici-
pating Federal agencies (subject to the head of
the lead Federal administering agency having
received from the heads of each of the other
participating agencies their written concurrence
for entering into the Agreement), and

(B) the respective representatives of all of
the State, local, or tribal governments that are
participating in the Agreement; and

(2) specifies, at a minimum, the following infor-
mation:

(A) the length of the Agreement (which
shall not extend beyond September 30, 2018);

(B) the Federal programs and federally
funded services that are involved in the Pilot;

(C) the Federal discretionary funds that
are being used in the Pilot (by the respective
Federal account identifier, and the total
amount from such account that is being used in
the Pilot), and the period (or periods) of avail-
ability for obligation (by the Federal Government) of such funds;

(D) the non-Federal funds that are involved in the Pilot, by source (which may include private funds as well as governmental funds) and by amount;

(E) the State, local, or tribal programs that are involved in the Pilot;

(F) the populations to be served by the Pilot;

(G) the cost-effective Federal oversight procedures that will be used for the purpose of maintaining the necessary level of accountability for the use of the Federal discretionary funds;

(H) the cost-effective State, local, or tribal oversight procedures that will be used for the purpose of maintaining the necessary level of accountability for the use of the Federal discretionary funds;

(I) the outcome (or outcomes) that the Pilot is designed to achieve;

(J) the appropriate, reliable, and objective outcome-measurement methodology that the Federal Government and the participating
State, local, or tribal governments will use, in carrying out the Pilot, to determine whether the Pilot is achieving, and has achieved, the specified outcomes that the Pilot is designed to achieve;

(K) the statutory, regulatory, or administrative requirements related to Federal mandatory programs that are barriers to achieving improved outcomes of the Pilot; and

(L) in cases where, during the course of the Pilot, it is determined that the Pilot is not achieving the specified outcomes that it is designed to achieve,

(i) the consequences that will result from such deficiencies with respect to the Federal discretionary funds that are being used in the Pilot, and

(ii) the corrective actions that will be taken in order to increase the likelihood that the Pilot, upon completion, will have achieved such specified outcomes.

(d) AGENCY HEAD DETERMINATIONS.—A Federal agency may participate in a Performance Partnership Pilot (including by providing Federal discretionary funds that have been appropriated to such agency) only upon
the written determination by the head of such agency that
the agency’s participation in such Pilot—

(1) will not result in denying or restricting the
eligibility of any individual for any of the services
that (in whole or in part) are funded by the agency’s
programs and Federal discretionary funds that are
involved in the Pilot, and

(2) based on the best available information, will
not otherwise adversely affect vulnerable populations
that are the recipients of such services.

In making this determination, the head of the agency may
take into consideration the other Federal discretionary
funds that will be used in the Pilot as well as any non-
Federal funds (including from private sources as well as
governmental sources) that will be used in the Pilot.

(e) TRANSFER AUTHORITY.—For the purpose of car-
rying out the Pilot in accordance with the Performance
Partnership Agreement, and subject to the written ap-
proval of the Director of the Office of Management and
Budget, the head of each participating Federal agency
may transfer Federal discretionary funds that are being
used in the Pilot to an account of the lead Federal admin-
istering agency that includes Federal discretionary funds
that are being used in the Pilot. Subject to the waiver
authority under subsection (f), such transferred funds
shall remain available for the same purposes for which such funds were originally appropriated: Provided, That such transferred funds shall remain available for obligation by the Federal Government until the expiration of the period of availability for those Federal discretionary funds (which are being used in the Pilot) that have the longest period of availability, except that any such transferred funds shall not remain available beyond September 30, 2018.

(f) WAIVER AUTHORITY.—In connection with a Federal agency’s participation in a Performance Partnership Pilot, and subject to the other provisions of this section (including subsection (e)), the head of the Federal agency to which the Federal discretionary funds were appropriated may waive (in whole or in part) the application, solely to such discretionary funds that are being used in the Pilot, of any statutory, regulatory, or administrative requirement that such agency head—

(1) is otherwise authorized to waive (in accordance with the terms and conditions of such other authority), and

(2) is not otherwise authorized to waive, provided that in such case the agency head shall—

(A) not waive any requirement related to nondiscrimination, wage and labor standards,
or allocation of funds to State and substate levels;

(B) issue a written determination, prior to granting the waiver, with respect to such discretionary funds that the granting of such waiver for purposes of the Pilot—

(i) is consistent with both—

(I) the statutory purposes of the Federal program for which such discretionary funds were appropriated, and

(II) the other provisions of this section, including the written determination by the agency head issued under subsection (d);

(ii) is necessary to achieve the outcomes of the Pilot as specified in the Performance Partnership Agreement, and is no broader in scope than is necessary to achieve such outcomes; and

(iii) will result in either—

(I) realizing efficiencies by simplifying reporting burdens or reducing administrative barriers with respect to such discretionary funds, or
(II) increasing the ability of individuals to obtain access to services that are provided by such discretionary funds; and

(C) provide at least 60 days advance written notice to the Committees on Appropriations and other committees of jurisdiction in the House of Representatives and the Senate.

Sec. 523. (a) The head of any Executive branch department, agency, board, commission, or office funded by this Act shall submit annual reports to the Inspector General or senior ethics official for any entity without an Inspector General, regarding the costs and contracting procedures related to each conference held by any such department, agency, board, commission, or office during fiscal year 2014 for which the cost to the United States Government was more than $100,000.

(b) Each report submitted shall include, for each conference described in subsection (a) held during the applicable period—

(1) a description of its purpose;
(2) the number of participants attending;
(3) a detailed statement of the costs to the United States Government, including—

(A) the cost of any food or beverages;
(B) the cost of any audio-visual services;

(C) the cost of employee or contractor travel to and from the conference; and

(D) a discussion of the methodology used to determine which costs relate to the conference; and

(4) a description of the contracting procedures used including—

(A) whether contracts were awarded on a competitive basis; and

(B) a discussion of any cost comparison conducted by the departmental component or office in evaluating potential contractors for the conference.

(c) Within 15 days of the date of a conference held by any Executive branch department, agency, board, commission, or office funded by this Act during fiscal year 2014 for which the cost to the United States Government was more than $20,000, the head of any such department, agency, board, commission, or office shall notify the Inspector General or senior ethics official for any entity without an Inspector General, of the date, location, and number of employees attending such conference.

(d) A grant or contract funded by amounts appropriated by this Act to an Executive branch agency may
not be used for the purpose of defraying the costs of a
conference described in subsection (c) that is not directly
and programmatically related to the purpose for which the
grant or contract was awarded, such as a conference held
in connection with planning, training, assessment, review,
or other routine purposes related to a project funded by
the grant or contract.

(e) None of the funds made available in this Act may
be used for travel and conference activities that are not
in compliance with Office of Management and Budget

Sec. 524. Each Federal agency, or in the case of an
agency with multiple bureaus, each bureau (or operating
division) funded under this Act that has research and de-
velopment expenditures in excess of $100,000,000 per
year shall develop a Federal research public access policy
that provides for—

(1) the submission to the agency, agency bu-
reau, or designated entity acting on behalf of the
agency, a machine-readable version of the author’s
final peer-reviewed manuscripts that have been ac-
cepted for publication in peer-reviewed journals de-
scribing research supported, in whole or in part,
from funding by the Federal Government;
(2) free online public access to such final peer-reviewed manuscripts or published versions not later than 12 months after the official date of publication; and

(3) compliance with all relevant copyright laws.
