 7 this Act is as follows:

1 **TITLE I—PROHIBITION ON**
 2 **ENERGY TAX**

3 **SEC. 101. PROHIBITION ON ENERGY TAX.**

4 (a) FINDINGS; PURPOSES.—

5 (1) FINDINGS.—Congress finds that—

6 (A) on June 25, 2013, President Obama
 7 issued a Presidential memorandum directing
 8 the Administrator of the Environmental Protec-
 9 tion Agency to issue regulations relating to
 10 power sector carbon pollution standards for ex-
 11 isting coal fired power plants;

12 (B) the issuance of that memorandum cir-
 13 cumvents Congress and the will of the people of
 14 the United States;

15 (C) any action to control emissions of
 16 greenhouse gases from existing coal fired power
 17 plants in the United States by mandating a na-
 18 tional energy tax would devastate major sectors
 19 of the economy, cost thousands of jobs, and in-
 20 crease energy costs for low-income households,
 21 small businesses, and seniors on fixed income;

1 (D) joblessness increases the likelihood of
2 hospital visits, illnesses, and premature deaths;

3 (E) according to testimony on June 15,
4 2011, before the Committee on Environment
5 and Public Works of the Senate by Dr. Harvey
6 Brenner of Johns Hopkins University, “The
7 unemployment rate is well established as a risk
8 factor for elevated illness and mortality rates in
9 epidemiological studies performed since the
10 early 1980s. In addition to influences on mental
11 disorder, suicide and alcohol abuse and alco-
12 holism, unemployment is also an important risk
13 factor in cardiovascular disease and overall de-
14 creases in life expectancy.”;

15 (F) according to the National Center for
16 Health Statistics, “children in poor families
17 were four times as likely to be in fair or poor
18 health as children that were not poor”;

19 (G) any major decision that would cost the
20 economy of the United States millions of dollars
21 and lead to serious negative health effects for
22 the people of the United States should be de-
23 bated and explicitly authorized by Congress, not
24 approved by a Presidential memorandum or
25 regulations; and

1 (H) any policy adopted by Congress should
2 make United States energy as clean as prac-
3 ticable, as quickly as practicable, without in-
4 creasing the cost of energy for struggling fami-
5 lies, seniors, low-income households, and small
6 businesses.

7 (2) PURPOSES.—The purposes of this section
8 are—

9 (A) to ensure that—

10 (i) a national energy tax is not im-
11 posed on the economy of the United
12 States; and

13 (ii) struggling families, seniors, low-
14 income households, and small businesses
15 do not experience skyrocketing electricity
16 bills and joblessness;

17 (B) to protect the people of the United
18 States, particularly families, seniors, and chil-
19 dren, from the serious negative health effects of
20 joblessness;

21 (C) to allow sufficient time for Congress to
22 develop and authorize an appropriate mecha-
23 nism to address the energy needs of the United
24 States and the potential challenges posed by se-
25 vere weather; and

1 (D) to restore the legislative process and
 2 congressional authority over the energy policy
 3 of the United States.

4 (b) PRESIDENTIAL MEMORANDUM.—Notwith-
 5 standing any other provision of law, the head of a Federal
 6 agency shall not promulgate any regulation relating to
 7 power sector carbon pollution standards or any substan-
 8 tially similar regulation on or after June 25, 2013, unless
 9 that regulation is explicitly authorized by an Act of Con-
 10 gress.

11 **TITLE II—PERMITS**

12 **SEC. 201. NATIONAL POLLUTANT DISCHARGE ELIMINATION** 13 **SYSTEM.**

10 other provision of law, in making a determina-
11 tion whether to approve a new permit or a re-
12 newed permit, the permitting authority—

13 “(i) shall base the determination only
14 on compliance with regulations issued by
15 the Administrator or the permitting au-
16 thority; and

17 “(ii) shall not base the determination
18 on the extent of adherence of the applicant
19 for the new permit or renewed permit to
20 guidance.

21 “(B) NEW PERMITS.—If the permitting
22 authority does not approve or deny an applica-
23 tion for a new permit by the date that is 270
24 days after the date of receipt of the application
25 for the new permit, the applicant may operate

1 as if the application were approved in accord-
2 ance with Federal law for the period of time for
3 which a permit from the same industry would
4 be approved.

5 “(C) SUBSTANTIAL COMPLETENESS.—In
6 determining whether an application for a new
7 permit or a renewed permit received under this
8 paragraph is substantially complete, the permit-
9 ting authority shall use standards for deter-
10 mining substantial completeness of similar per-
11 mits for similar facilities submitted in fiscal
12 year 2007.”.

13 (b) STATE PERMIT PROGRAMS.—

14 (1) IN GENERAL.—Section 402 of the Federal

16 amended by striking subsection (b) and inserting the
17 following:

18 “(b) STATE PERMIT PROGRAMS.—

19 “(1) IN GENERAL.—At any time after the pro-
20 mulgation of the guidelines required by section
21 304(a)(2), the Governor of each State desiring to
22 administer a permit program for discharges into
23 navigable waters within the jurisdiction of the State
