In the Senate of the United States,
April 19, 2016.

Resolved, That the bill from the House of Representa-
tives (H.R. 636) entitled “An Act to amend the Internal Rev-
ene Code of 1986 to permanently extend increased expens-
ing limitations, and for other purposes.”, do pass with the
following

AMENDMENTS:

Strike all after the enacting clause and insert the
following:

1 SECTION 1. SHORT TITLE; TABLE OF CONTENTS.
2 (a) SHORT TITLE.—This Act may be cited as the
3 “Federal Aviation Administration Reauthorization Act of
4 2016”.
5 (b) TABLE OF CONTENTS.—The table of contents of this
6 Act is as follows:

Sec. 1. Short title; table of contents.
Sec. 2. References to title 49, United States Code.
Sec. 3. Definition of appropriate committees of Congress.
Sec. 4. Effective date.
TITLE I—AUTHORIZATIONS

Subtitle A—Funding of FAA Programs

Sec. 1001. Airport planning and development and noise compatibility planning and programs.
Sec. 1002. Air navigation facilities and equipment.
Sec. 1003. FAA operations.
Sec. 1004. FAA research and development.
Sec. 1005. Funding for aviation programs.
Sec. 1006. Extension of expiring authorities.

Subtitle B—Airport Improvement Program Modifications

Sec. 1201. Small airport regulation relief.
Sec. 1202. Priority review of construction projects in cold weather States.
Sec. 1203. State block grants updates.
Sec. 1204. Contract Tower Program updates.
Sec. 1205. Approval of certain applications for the contract tower program.
Sec. 1206. Remote towers.
Sec. 1207. Midway Island airport.
Sec. 1208. Airport road funding.
Sec. 1209. Repeal of inherently low-emission airport vehicle pilot program.
Sec. 1210. Modification of zero-emission airport vehicles and infrastructure pilot program.
Sec. 1211. Repeal of airport ground support equipment emissions retrofit pilot program.
Sec. 1212. Funding eligibility for airport energy efficiency assessments.
Sec. 1213. Recycling plans; safety projects at unclassified airports.
Sec. 1214. Transfers of instrument landing systems.
Sec. 1215. Non-movement area surveillance pilot program.
Sec. 1216. Amendments to definitions.
Sec. 1217. Clarification of noise exposure map updates.
Sec. 1218. Provision of facilities.
Sec. 1219. Contract weather observers.
Sec. 1220. Federal share adjustment.
Sec. 1221. Miscellaneous technical amendments.
Sec. 1222. Mothers’ rooms at airports.
Sec. 1223. Eligibility for airport development grants at airports that enter into certain leases with components of the Armed Forces.
Sec. 1224. Clarification of definition of aviation-related activity for hangar use.
Sec. 1225. Use of airport improvement program funds for runway safety repairs.
Sec. 1226. Definition of small business concern.

Subtitle C—Passenger Facility Charges

Sec. 1301. PFC streamlining.
Sec. 1302. Intermodal access projects.
Sec. 1303. Use of revenue at a previously associated airport.
Sec. 1304. Future aviation infrastructure and financing study.

TITLE II—SAFETY

Subtitle A—Unmanned Aircraft Systems Reform

PART I—PRIVACY AND TRANSPARENCY

Sec. 2101. Unmanned aircraft systems privacy policy.
Sec. 2102. Sense of Congress.
Sec. 2103. Federal Trade Commission authority.
Sec. 2104. National Telecommunications and Information Administration multi-stakeholder process.
Sec. 2105. Identification standards.
Sec. 2106. Commercial and governmental operators.
Sec. 2107. Analysis of current remedies under Federal, State, and local jurisdictions.

PART II—UNMANNED AIRCRAFT SYSTEMS

Sec. 2121. Definitions.
Sec. 2122. Utilization of unmanned aircraft system test sites.
Sec. 2123. Additional research, development, and testing.
Sec. 2124. Safety standards.
Sec. 2125. Unmanned aircraft systems in the Arctic.
Sec. 2126. Special authority for certain unmanned aircraft systems.
Sec. 2127. Additional rulemaking authority.
Sec. 2128. Governmental unmanned aircraft systems.
Sec. 2129. Special rules for model aircraft.
Sec. 2130. Unmanned aircraft systems aeronautical knowledge and safety.
Sec. 2131. Safety statements.
Sec. 2132. Treatment of unmanned aircraft operating underground.
Sec. 2133. Enforcement.
Sec. 2134. Aviation emergency safety public services disruption.
Sec. 2135. Pilot project for airport safety and airspace hazard mitigation.
Sec. 2136. Contribution to financing of regulatory functions.
Sec. 2137. Sense of Congress regarding small UAS rulemaking.
Sec. 2138. Unmanned aircraft systems traffic management.
Sec. 2139. Emergency exemption process.
Sec. 2140. Public UAS operations by tribal governments.
Sec. 2141. Carriage of property by small unmanned aircraft systems for compensation or hire.
Sec. 2142. Collegiate Training Initiative program for unmanned aircraft systems.
Sec. 2143. Incorporation of Federal Aviation Administration occupations relating to unmanned aircraft into veterans employment programs of the Administration.

PART III—TRANSITION AND SAVINGS PROVISIONS

Sec. 2151. Senior advisor for unmanned aircraft systems integration.
Sec. 2152. Effect on other laws.
Sec. 2153. Spectrum.
Sec. 2154. Applications for designation.
Sec. 2155. Use of unmanned aircraft systems at institutions of higher education.
Sec. 2156. Transition language.

PART IV—OPERATOR SAFETY

Sec. 2161. Short title.
Sec. 2162. Findings; sense of Congress.
Sec. 2163. Unsafe operation of unmanned aircraft.
Subtitle B—FAA Safety Certification Reform

PART I—GENERAL PROVISIONS

Sec. 2211. Definitions.
Sec. 2212. Safety oversight and certification advisory committee.

PART II—AIRCRAFT CERTIFICATION REFORM

Sec. 2221. Aircraft certification performance objectives and metrics.
Sec. 2222. Organization designation authorizations.
Sec. 2223. ODA review.
Sec. 2224. Type certification resolution process.
Sec. 2225. Safety enhancing technologies for small general aviation airplanes.
Sec. 2226. Streamlining certification of small general aviation airplanes.

PART III—FLIGHT STANDARDS REFORM

Sec. 2231. Flight standards performance objectives and metrics.
Sec. 2232. FAA task force on flight standards reform.
Sec. 2233. Centralized safety guidance database.
Sec. 2234. Regulatory Consistency Communications Board.
Sec. 2235. Flight standards service realignment feasibility report.
Sec. 2236. Additional certification resources.

PART IV—SAFETY WORKFORCE

Sec. 2241. Safety workforce training strategy.
Sec. 2242. Workforce study.

PART V—INTERNATIONAL AVIATION

Sec. 2251. Promotion of United States aerospace standards, products, and services abroad.
Sec. 2252. Bilateral exchanges of safety oversight responsibilities.
Sec. 2253. FAA leadership abroad.
Sec. 2254. Registration, certification, and related fees.

Subtitle C—Airline Passenger Safety and Protections

Sec. 2301. Pilot records database deadline.
Sec. 2302. Access to air carrier flight decks.
Sec. 2303. Aircraft tracking and flight data.
Sec. 2304. Automation reliance improvements.
Sec. 2305. Enhanced mental health screening for pilots.
Sec. 2306. Flight attendant duty period limitations and rest requirements.
Sec. 2307. Training to combat human trafficking for certain air carrier employees.
Sec. 2308. Report on obsolete test equipment.
Sec. 2309. Plan for systems to provide direct warnings of potential runway incursions.
Sec. 2310. Laser pointer incidents.
Sec. 2311. Helicopter air ambulance operations data and reports.
Sec. 2312. Part 135 accident and incident data.
Sec. 2313. Definition of human factors.
Sec. 2314. Sense of Congress; pilot in command authority.
Sec. 2315. Enhancing ASILAS.
Sec. 2316. Improving runway safety.
Sec. 2317. Safe air transportation of lithium cells and batteries.
Sec. 2318. Prohibition on implementation of policy change to permit small, non-locking knives on aircraft.
Sec. 2319. Aircraft cabin evacuation procedures.
Sec. 2320. GAO study of universal deployment of advanced imaging technologies.

Subtitle D—General Aviation Safety

Sec. 2401. Automated weather observing systems policy.
Sec. 2402. Tower marking.
Sec. 2403. Crash-resistant fuel systems.
Sec. 2404. Requirement to consult with stakeholders in defining scope and requirements for Future Flight Service Program.
Sec. 2405. Heads-up guidance system technologies.

Subtitle E—General Provisions

Sec. 2501. Designated agency safety and health officer.
Sec. 2502. Repair stations located outside United States.
Sec. 2503. FAA technical training.
Sec. 2504. Safety critical staffing.
Sec. 2505. Approach control radar in all air traffic control towers.
Sec. 2506. Airspace management advisory committee.

Subtitle F—Third Class Medical Reform and General Aviation Pilot Protections

Sec. 2601. Short title.
Sec. 2602. Medical certification of certain small aircraft pilots.
Sec. 2603. Expansion of pilot’s bill of rights.
Sec. 2604. Limitations on reexamination of certificate holders.
Sec. 2605. Expediting updates to NOTAM program.
Sec. 2606. Accessibility of certain flight data.
Sec. 2607. Authority for legal counsel to issue certain notices.

TITLE III—AIR SERVICE IMPROVEMENTS

Sec. 3001. Definitions.

Subtitle A—Passenger Air Service Improvements

Sec. 3101. Causes of airline delays or cancellations.
Sec. 3102. Involuntary changes to itineraries.
Sec. 3103. Additional consumer protections.
Sec. 3104. Addressing the needs of families of passengers involved in aircraft accidents.
Sec. 3105. Emergency medical kits.
Sec. 3106. Travelers with disabilities.
Sec. 3107. Extension of Advisory Committee for Aviation Consumer Protection.
Sec. 3108. Extension of competitive access reports.
Sec. 3109. Refunds for delayed baggage.
Sec. 3110. Refunds for other fees that are not honored by a covered air carrier.
Sec. 3111. Disclosure of fees to consumers.
Sec. 3112. Seat assignments.
Sec. 3113. Lasting improvements to family travel.
Sec. 3114. Consumer complaint process improvement.
Sec. 3115. Online access to aviation consumer protection information.
Sec. 3116. Study on in cabin wheelchair restraint systems.
Sec. 3117. Training policies regarding assistance for persons with disabilities.
Sec. 3118. Advisory committee on the air travel needs of passengers with disabilities.
Sec. 3119. Report on covered air carrier change, cancellation, and baggage fees.
Sec. 3120. Enforcement of aviation consumer protection rules.
Sec. 3121. Dimensions for passenger seats.
Sec. 3122. Cell phone voice communications.
Sec. 3123. Availability of slots for new entrant air carriers at Newark Liberty International Airport.

Subtitle B—Essential Air Service

Sec. 3201. Essential air service.
Sec. 3202. Small community air service development program.
Sec. 3203. Small community program amendments.
Sec. 3204. Waivers.
Sec. 3205. Working group on improving air service to small communities.

TITLE IV—NEXTGEN AND FAA ORGANIZATION

Sec. 4001. Definitions.

Subtitle A—Next Generation Air Transportation System

Sec. 4101. Return on investment assessment.
Sec. 4102. Ensuring FAA readiness to use new technology.
Sec. 4103. NextGen annual performance goals.
Sec. 4104. Facility outage contingency plans.
Sec. 4105. ADS–B mandate assessment.
Sec. 4106. NextGen interoperability.
Sec. 4107. NextGen transition management.
Sec. 4108. Implementation of NextGen operational improvements.
Sec. 4109. Cybersecurity.
Sec. 4110. Securing aircraft avionics systems.
Sec. 4111. Defining NextGen.
Sec. 4112. Human factors.
Sec. 4113. Major acquisition reports.
Sec. 4114. Equipage mandates.
Sec. 4115. Workforce.
Sec. 4116. Architectural leadership.
Sec. 4117. Programmatic risk management.
Sec. 4118. NextGen prioritization.

Subtitle B—Administration Organization and Employees

Sec. 4201. Cost-saving initiatives.
Sec. 4202. Treatment of essential employees during furloughs.
Sec. 4203. Controller candidate interviews.
Sec. 4204. Hiring of air traffic controllers.
Sec. 4205. Computation of basic annuity for certain air traffic controllers.
Sec. 4206. Air traffic services at aviation events.
Sec. 4207. Full annuity supplement for certain air traffic controllers.
Sec. 4208. Inclusion of disabled veteran leave in Federal Aviation Administration personnel management system.
Sec. 5001. National Transportation Safety Board investigative officers.
Sec. 5002. Performance-Based Navigation.
Sec. 5003. Overflights of national parks.
Sec. 5004. Navigable airspace analysis for commercial space launch site runways.
Sec. 5005. Survey and report on spaceport development.
Sec. 5006. Aviation fuel.
Sec. 5008. Advanced Materials Center of Excellence.
Sec. 5009. Interference with airline employees.
Sec. 5010. Secondary cockpit barriers.
Sec. 5011. GAO evaluation and audit.
Sec. 5012. Federal Aviation Administration performance measures and targets.
Sec. 5013. Staffing of certain air traffic control towers.
Sec. 5014. Critical airfield markings.
Sec. 5015. Research and deployment of certain airfield pavement technologies.
Sec. 5016. Report on general aviation flight sharing.
Sec. 5017. Increase in duration of general aviation aircraft registration.
Sec. 5018. Modification of limitation of liability relating to aircraft.
Sec. 5019. Government Accountability Office study of illegal drugs seized at international airports in the United States.
Sec. 5020. Sense of Congress on preventing the transportation of disease-carrying mosquitoes and other insects on commercial aircraft.
Sec. 5021. Work plan for the New York/New Jersey/Philadelphia metroplex program.
Sec. 5022. Report on plans for air traffic control facilities in the New York City and Newark region.
Sec. 5023. GAO study of international airline alliances.
Sec. 5024. Treatment of multi-year lesses of large and turbine-powered multiengine aircraft.
Sec. 5025. Evaluation of emerging technologies.
Sec. 5026. Student outreach report.
Sec. 5027. Right to privacy when using air traffic control system.
Sec. 5028. Conduct of security screening by the Transportation Security Administration at certain airports.
Sec. 5029. Aviation cybersecurity.
Sec. 5030. Prohibitions against smoking on passenger flights.
Sec. 5031. National multimodal freight advisory committee.
Sec. 5032. Technical and conforming amendments.
Sec. 5033. Visible Deterrent.
Sec. 5034. Law enforcement training for mass casualty and active shooter incidents.
Sec. 5035. Assistance to airports and surface transportation systems.
Sec. 5036. Authorization of certain flights by Stage 2 airplanes.

TITLE VI—TRANSPORTATION SECURITY AND TERRORISM PREVENTION

Subtitle A—Airport Security Enhancement and Oversight Act

Sec. 6101. Short title.
Sec. 6102. Findings.
Sec. 6103. Definitions.
Sec. 6104. Threat assessment.
Sec. 6105. Oversight.
Sec. 6106. Credentials.
Sec. 6107. Vetting.
Sec. 6108. Metrics.
Sec. 6109. Inspections and assessments.
Sec. 6110. Covert testing.
Sec. 6111. Security directives.
Sec. 6112. Implementation report.
Sec. 6113. Miscellaneous amendments.

Subtitle B—TSA PreCheck Expansion Act

Sec. 6201. Short title.
Sec. 6202. Definitions.
Sec. 6203. PreCheck Program authorization.
Sec. 6204. PreCheck Program enrollment expansion.

Subtitle C—Securing Aviation From Foreign Entry Points and Guarding Airports Through Enhanced Security Act of 2016

Sec. 6301. Short title.
Sec. 6302. Last point of departure airport security assessment.
Sec. 6303. Security coordination enhancement plan.
Sec. 6304. Workforce assessment.
Sec. 6305. Donation of screening equipment to protect the United States.
Sec. 6306. National cargo security program.

Subtitle D—Miscellaneous

Sec. 6401. International training and capacity development.
Sec. 6402. Checkpoints of the future.

TITLE VII—AIRPORT AND AIRWAY TRUST FUND PROVISIONS AND RELATED TAXES

Sec. 7101. Expenditure authority from Airport and Airway Trust Fund.
Sec. 7102. Extension of taxes funding Airport and Airway Trust Fund.

1 SEC. 2. REFERENCES TO TITLE 49, UNITED STATES CODE.
2
3 Except as otherwise expressly provided, wherever in this Act an amendment or repeal is expressed in terms of an amendment to, or repeal of, a section or other provision, the reference shall be considered to be made to a section or other provision of title 49, United States Code.
SEC. 3. DEFINITION OF APPROPRIATE COMMITTEES OF CONGRESS.

In this Act, unless expressly provided otherwise, the term “appropriate committees of Congress” means the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives.

SEC. 4. EFFECTIVE DATE.

Except as otherwise expressly provided, this Act and the amendments made by this Act shall take effect on the date of enactment of this Act.

TITLE I—AUTHORIZATIONS

Subtitle A—Funding of FAA Programs

SEC. 1001. AIRPORT PLANNING AND DEVELOPMENT AND NOISE COMPATIBILITY PLANNING AND PROGRAMS.

(a) AUTHORIZATION.—Section 48103(a) is amended by striking “section 47505(a)(2), and carrying out noise compatibility programs under section 47504(c) $3,350,000,000 for each of fiscal years 2012 through 2015 and $2,652,083,333 for the period beginning on October 1, 2015, and ending on July 15, 2016” and inserting “section 47505(a)(2), carrying out noise compatibility programs under section 47504(c), for an airport cooperative research program under section 44511, for Airports Technology-
Safety research, and Airports Technology-Efficiency research, $3,350,000,000 for fiscal year 2016 and $3,750,000,000 for fiscal year 2017.”.

(b) Obligational Authority.—Section 47104(c) is amended in the matter preceding paragraph (1) by striking “July 15, 2016” and inserting “September 30, 2017”.

SEC. 1002. AIR NAVIGATION FACILITIES AND EQUIPMENT.

Section 48101(a) is amended by striking paragraphs (1) through (5) and inserting the following:

“(1) $2,855,241,025 for fiscal year 2016.

“(2) $2,862,020,524 for fiscal year 2017.”.

SEC. 1003. FAA OPERATIONS.

(a) In General.—Section 106(k)(1) is amended by striking subparagraphs (A) through (E) and inserting the following:

“(A) $9,910,009,314 for fiscal year 2016; and

“(B) $10,025,361,111 for fiscal year 2017.”.

(b) Authorized Expenditures.—Section 106(k)(2) is amended by striking “for fiscal years 2012 through 2015” each place it appears and inserting “for fiscal years 2016 through 2017”.

(c) Authority To Transfer Funds.—Section 106(k)(3) is amended by striking “2012 through 2015 and
for the period beginning on October 1, 2015, and ending on July 15, 2016” and inserting “2016 through 2017”.

**SEC. 1004. FAA RESEARCH AND DEVELOPMENT.**

Section 48102 is amended—

(1) in subsection (a)—

(A) in the matter preceding paragraph (1)—

(i) by striking “44511–44513” and inserting “44512–44513”; and

(ii) by striking “and, for each of fiscal years 2012 through 2015, under subsection (g)”;

(B) in paragraph (8), by striking “; and” and inserting a semicolon; and

(C) by striking paragraph (9) and inserting the following:

“(9) $166,000,000 for fiscal year 2016; and

“(10) $169,000,000 for fiscal year 2017.”; and

(2) in subsection (b), by striking paragraph (3).

**SEC. 1005. FUNDING FOR AVIATION PROGRAMS.**

(a) AIRPORT AND AIRWAY TRUST FUND GUARANTEE.—Section 48114(a)(1)(A) is amended to read as follows:

“(A) IN GENERAL.—The total budget resources made available from the Airport and
Airway Trust Fund each fiscal year under sections 48101, 48102, 48103, and 106(k)—

“(i) shall in each of fiscal years 2016 through 2017, be equal to the sum of—

“(I) 90 percent of the estimated level of receipts plus interest credited to the Airport and Airway Trust Fund for that fiscal year; and

“(II) the actual level of receipts plus interest credited to the Airport and Airway Trust Fund for the second preceding fiscal year minus the total amount made available for obligation from the Airport and Airway Trust Fund for the second preceding fiscal year; and

“(ii) may be used only for the aviation investment programs listed in subsection (b)(1).”.

(b) ENFORCEMENT OF GUARANTEES.—Section 48114(c)(2) is amended by striking “2016” and inserting “2017”.

SEC. 1006. EXTENSION OF EXPIRING AUTHORITIES.

(a) MARSHALL ISLANDS, MICRONESIA, AND PALAU.—Section 47115(j) is amended by striking “2015 and for the
period beginning on October 1, 2015, and ending on July 15, 2016,” and inserting “2017”.

(b) Extension of Compatible Land Use Planning and Projects by State and Local Governments.—Section 47141(f) is amended by striking “July 15, 2016” and inserting “September 30, 2017”.

(c) Inspector General Report on Participation in FAA Programs by Disadvantaged Small Business Concerns.—

(1) In General.—For each of fiscal years 2016 through 2017, the Inspector General of the Department of Transportation shall submit to Congress a report on the number of new small business concerns owned and controlled by socially and economically disadvantaged individuals, including those owned by veterans, that participated in the programs and activities funded using the amounts made available under this Act.

(2) New Small Business Concerns.—For purposes of paragraph (1), a new small business concern is a small business concern that did not participate in the programs and activities described in paragraph (1) in a previous fiscal year.

(3) Contents.—The report shall include—
(A) a list of the top 25 and bottom 25 large and medium hub airports in terms of providing opportunities for small business concerns owned and controlled by socially and economically disadvantaged individuals to participate in the programs and activities funded using the amounts made available under this Act;

(B) the results of an assessment, to be conducted by the Inspector General, on the reasons why the top airports have been successful in providing such opportunities; and

(C) recommendations to the Administrator of the Federal Aviation Administration and Congress on methods for other airports to achieve results similar to those of the top airports.

(d) EXTENSION OF PILOT PROGRAM FOR REDEVELOPMENT OF AIRPORT PROPERTIES.—Section 822(k) of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 47141 note) is amended by striking “July 15, 2016” and inserting “September 30, 2017”.

Subtitle B—Airport Improvement Program Modifications

SEC. 1201. SMALL AIRPORT REGULATION RELIEF.

Section 47114(c)(1)(F) is amended to read as follows:
“(F) Special rule for fiscal years 2016 through 2017.—Notwithstanding subparagraph (A), the Secretary shall apportion to a sponsor of an airport under that subparagraph for each of fiscal years 2016 through 2017 an amount based on the number of passenger boardings at the airport during calendar year 2012 if the airport—

“(i) had 10,000 or more passenger boardings during calendar year 2012;

“(ii) had fewer than 10,000 passenger boardings during the calendar year used to calculate the apportionment for fiscal year 2016 or 2017 under subparagraph (A); and

“(iii) had scheduled air service in the calendar year used to calculate the apportionment.”.

SEC. 1202. PRIORITY REVIEW OF CONSTRUCTION PROJECTS IN COLD WEATHER STATES.

(a) In general.—The Administrator of the Federal Aviation Administration, to the extent practicable, shall schedule the Administrator’s review of construction projects so that projects to be carried out in the States in which the weather during a typical calendar year prevents major
construction projects from being carried out before May 1 are reviewed as early as possible.

(b) REPORT.—The Administrator shall update the appropriate committees of Congress annually on the effectiveness of the review and prioritization.

SEC. 1203. STATE BLOCK GRANTS UPDATES.

Section 47128(a) is amended by striking “9 qualified States for fiscal years 2000 and 2001 and 10 qualified States for each fiscal year thereafter” and inserting “15 qualified States for fiscal year 2016 and each fiscal year thereafter”.

SEC. 1204. CONTRACT TOWER PROGRAM UPDATES.

(a) SPECIAL RULE.—Section 47124(b)(1)(B) is amended by striking “after such determination is made” and inserting “after the end of the period described in subsection (d)(6)(C)”.

(b) CONTRACT AIR TRAFFIC CONTROL TOWER COST-SHARE PROGRAM; FUNDING.—Section 47124(b)(3)(E) is amended to read as follows:

“(E) FUNDING.—Of the amounts appropriated under section 106(k)(1), such sums as may be necessary may be used to carry out this paragraph.”.
(c) Cap on Federal Share of Cost of Construction.—Section 47124(b)(4)(C) is amended by striking “$2,000,000” and inserting “$4,000,000”.

(d) Cost Benefit Ratio Revision.—Section 47124 is amended by adding at the end the following:

“(d) Cost Benefit Ratios.—

“(1) Contract Air Traffic Control Tower Program at Cost-Share Airports.—Beginning on the date of enactment of the Federal Aviation Administration Reauthorization Act of 2016, if an air traffic control tower is operating under the Cost-share Program, the Secretary shall annually calculate a new benefit-to-cost ratio for the tower.

“(2) Contract Tower Program at Non-Cost-Share Airports.—Beginning on the date of enactment of the Federal Aviation Administration Reauthorization Act of 2016, if a tower is operating under the Contract Tower Program and continued under subsection (b)(1), the Secretary shall not calculate a new benefit-to-cost ratio for the tower unless the annual aircraft traffic at the airport where the tower is located decreases by more than 25 percent from the previous year or by more than 60 percent over a 3-year period.
“(3) CONSIDERATIONS.—In establishing a benefit-to-cost ratio under paragraph (1) or paragraph (2), the Secretary may consider only the following costs:

“(A) The Federal Aviation Administration’s actual cost of wages and benefits of personnel working at the tower.

“(B) The Federal Aviation Administration’s actual telecommunications costs of the tower.

“(C) Relocation and replacement costs of equipment of the Federal Aviation Administration associated with the tower, if paid for by the Federal Aviation Administration.

“(D) Logistics, such as direct costs associated with establishing or updating the tower’s interface with other systems and equipment of the Federal Aviation Administration, if paid for by the Federal Aviation Administration.

“(4) EXCLUSIONS.—In establishing a benefit-to-cost ratio under paragraph (1) or paragraph (2), the Secretary may not consider the following costs:

“(A) Airway facilities costs, including labor and other costs associated with maintaining and repairing the systems and equipment of the Federal Aviation Administration.
“(B) Costs for depreciating the building and equipment owned by the Federal Aviation Administration.

“(C) Indirect overhead costs of the Federal Aviation Administration.

“(D) Costs for utilities, janitorial, and other services paid for or provided by the airport or the State or political subdivision of a State having jurisdiction over the airport where the tower is located.

“(E) The cost of new or replacement equipment, or construction of a new or replacement tower, if the costs incurred were incurred by the airport or the State or political subdivision of a State having jurisdiction over the airport where the tower is or will be located.

“(F) Other expenses of the Federal Aviation Administration not directly associated with the actual operation of the tower.

“(5) MARGIN OF ERROR.—The Secretary shall add a 5 percent margin of error to a benefit-to-cost ratio determination to acknowledge and account for any direct or indirect factors that are not included in the criteria the Secretary used in calculating the benefit-to-cost ratio.
“(6) PROCEDURES.—The Secretary shall establish procedures—

“(A) to allow an airport or the State or political subdivision of a State having jurisdiction over the airport where the tower is located not less than 90 days following the receipt of an initial benefit-to-cost ratio determination from the Secretary—

“(i) to request the Secretary reconsider that determination; and

“(ii) to submit updated or additional data to the Secretary in support of the reconsideration;

“(B) to allow the Secretary not more than 90 days to review the data submitted under subparagraph (A)(ii) and respond to the request under subparagraph (A)(i);

“(C) to allow the airport, State, or political subdivision of a State, as applicable, 30 days following the date of the response under subparagraph (B) to review the response before any action is taken based on a benefit-to-cost determination; and

“(D) to provide, after the end of the period described in subparagraph (C), an 18-month
grace period before cost-share payments are due from the airport, State, or political subdivision of a State if as a result of the benefit-to-cost ratio determination the airport, State, or political subdivision, as applicable, is required to transition to the Cost-share Program.

“(e) DEFINITIONS.—In this section:

“(1) CONTRACT TOWER PROGRAM.—The term ‘Contract Tower Program’ means the level I air traffic control tower contract program established under subsection (a) and continued under subsection (b)(1).

“(2) COST-SHARE PROGRAM.—The term ‘Cost-share Program’ means the cost-share program established under subsection (b)(3).”.

(e) CONFORMING AMENDMENTS.—Section 47124(b) is amended—

(1) in paragraph (1)(C), by striking “the program established under paragraph (3)” and inserting “the Cost-share Program”; 

(2) in paragraph (3)—

(A) in the heading, by striking “CONTRACT AIR TRAFFIC CONTROL TOWER PROGRAM” and inserting “COST-SHARE PROGRAM”; 

(B) in subparagraph (A), by striking “contract tower program established under subsection 

† HR 636 EAS
(a) and continued under paragraph (1) (in this paragraph referred to as the ‘Contract Tower Program’) and inserting “Contract Tower Program”;

(C) in subparagraph (B), by striking “In carrying out the program” and inserting “In carrying out the Cost-share Program”;

(D) in subparagraph (C), by striking “participate in the program” and inserting “participate in the Cost-share Program”;

(E) in subparagraph (D), by striking “under the program” and inserting “under the Cost-share Program”; and

(F) in subparagraph (F), by striking “the program continued under paragraph (1)” and inserting “the Contract Tower Program”; and

(3) in paragraph (4)(B)(i)(I), by striking “contract tower program established under subsection (a) and continued under paragraph (1) or the pilot program established under paragraph (3)” and inserting “Contract Tower Program or the Cost-share Program”.

(f) EXEMPTION.—Section 47124(b)(3)(D) is amended by adding at the end the following: “Airports with both Part 121 air service and more than 25,000 passenger
enplanements in calendar year 2014 shall be exempt from any cost share requirement under the Cost-share Program.”.

(g) SAVINGS PROVISION.—Notwithstanding the amendments made by this section, the towers for which assistance is being provided under section 41724 of title 49, United States Code, on the day before the date of enactment of this Act may continue to be provided such assistance under the terms of that section as in effect on that day.

SEC. 1205. APPROVAL OF CERTAIN APPLICATIONS FOR THE CONTRACT TOWER PROGRAM.

(a) IN GENERAL.—If the Administrator of the Federal Aviation Administration has not implemented a revised cost-benefit methodology for purposes of determining eligibility for the Contract Tower Program before the date that is 30 days after the date of enactment of this Act, any air traffic control tower with an application for participation in the Contract Tower Program pending as of January 1, 2016, shall be approved for participation in the Contract Tower Program if the Administrator determines the tower is eligible under the criteria set forth in the Federal Aviation Administration report, Establishment and Discontinuance Criteria for Airport Traffic Control Towers, dated August 1990 (FAA–APO–90–7).

(b) REQUESTS FOR ADDITIONAL AUTHORITY.—The Administrator shall respond not later than 30 days after
the date the Administrator receives a formal request from an airport and air traffic control contractor for additional authority to expand contract tower operational hours and staff to accommodate flight traffic outside of current tower operational hours.

(c) DEFINITION OF CONTRACT TOWER PROGRAM.—In this section, the term “Contract Tower Program” has the meaning given the term in section 47124(e) of title 49, United States Code.

SEC. 1206. REMOTE TOWERS.

(a) PILOT PROGRAM.—

(1) ESTABLISHMENT.—The Administrator of the Federal Aviation Administration shall establish—

(A) in consultation with airport operators and general aviation users, a pilot program at public-use airports to construct and operate remote towers; and

(B) a selection process for participation in the pilot program.

(2) SAFETY CONSIDERATIONS.—In establishing the pilot program, the Administrator shall consult with operators of remote towers in foreign countries to design the pilot program in a manner that leverages as many safety and airspace efficiency benefits as possible.
(3) REQUIREMENTS.—In selecting the airports for participation in the pilot program, the Administrator shall—

(A) to the extent practicable, ensure that at least 2 different vendors of remote tower systems participate;

(B) include at least 1 airport currently in the Contract Tower Program and at least 1 airport that does not have an air traffic control tower; and

(C) clearly identify the research questions that will be addressed at each airport.

(4) RESEARCH.—In selecting an airport for participation in the pilot program, the Administrator shall consider—

(A) how inclusion of that airport will add research value to assist the Administrator in evaluating the feasibility, safety, and cost-benefits of remote towers;

(B) the amount and variety of air traffic at an airport; and

(C) the costs and benefits of including that airport.

(5) DATA.—The Administrator shall clearly identify and collect air traffic control information
and data from participating airports that will assist the Administrator in evaluating the feasibility, safety, and cost-benefits of remote towers.

(6) REPORT.—Not later than 1 year after the date the first remote tower is operational, and annually thereafter, the Administrator shall submit to the appropriate committees of Congress a report—

(A) detailing any benefits, costs, or safety improvements associated with the use of the remote towers; and

(B) evaluating the feasibility of using remote towers, particularly in the Contract Tower Program and for airports without any air traffic control tower, or to improve safety at airports with towers.

(7) DEADLINE.—Not later than 1 year after the date of enactment of this Act, the Administrator shall select airports for participation in the pilot program.

(8) DEFINITIONS.—In this subsection:

(A) CONTRACT TOWER PROGRAM.—The term “Contract Tower Program” has the meaning given the term in section 47124(e) of title 49, United States Code.

(B) REMOTE TOWER.—The term “remote tower” means a system whereby air traffic serv-
ices are provided to operators at an airport from
a location that may not be on or near the air-
port.

(b) AIP FUNDING ELIGIBILITY.—For purposes of the
pilot program under subsection (a), and after certificated
systems are available, constructing a remote tower or ac-
quiring and installing air traffic control, communications,
or related equipment for a remote tower shall be considered
airport development (as defined in section 47102 of title
49, United States Code) for purposes of subchapter I of
chapter 471 of that title if components are installed and
used at the airport, except for off-airport sensors installed
on leased towers, as needed.

SEC. 1207. MIDWAY ISLAND AIRPORT.

Section 186(d) of the Vision 100—Century of Aviation
Reauthorization Act (Public Law 108–176; 117 Stat. 2518)
is amended by striking “and for the period beginning on
October 1, 2015, and ending on July 15, 2016,” and insert-
ing “and for fiscal years 2016 through 2017”.

SEC. 1208. AIRPORT ROAD FUNDING.

(a) AIRPORT DEVELOPMENT GRANT ASSURANCES.—
Section 47107(b) is amended by adding at the end the fol-
lowing:

“(4) This subsection does not prevent the use of
airport revenue for the maintenance and improve-
ment of the on-airport portion of a surface transportation facility providing access to an airport and non-airport locations if the surface transportation facility is owned or operated by the airport owner or operator and the use of airport revenue is prorated to airport use and limited to portions of the facility located on the airport. The Secretary shall determine the maximum percentage contribution of airport revenue toward surface transportation facility maintenance or improvement, taking into consideration the current and projected use of the surface transportation facility located on the airport for airport and non-airport purposes. The de minimus use, as determined by the Secretary, of a surface transportation facility for non-airport purposes shall not require prorating.”.

(b) Restrictions on the Use of Airport Revenue.—Section 47133(c) is amended—

(1) by inserting “(1)” before “Nothing” and indenting appropriately; and

(2) by adding at the end the following:

“(2) Nothing in this section may be construed to prevent the use of airport revenue for the prorated maintenance and improvement costs of the on-airport
portion of the surface transportation facility, subject
to the provisions of section 47107(b)(4).”.

SEC. 1209. REPEAL OF INHERENTLY LOW-EMISSION AIR-
PORT VEHICLE PILOT PROGRAM.

(a) REPEAL.—Section 47136 is repealed.

(b) TECHNICAL AND CONFORMING AMENDMENTS.—
The table of contents for chapter 471 is amended by striking
the item relating to section 47136 and inserting the fol-
lowing:

“47136. [Reserved].”.

SEC. 1210. MODIFICATION OF ZERO-EMISSION AIRPORT VE-
HICLES AND INFRASTRUCTURE PILOT PRO-
GRAM.

Section 47136a is amended—

(1) in subsection (a), by striking “, including”
and inserting “used exclusively for transporting pas-
sengers on-airport or for employee shuttle buses with-
in the airport, including”; and

(2) in subsection (f), by inserting “, as in effect
on the day before the date of enactment of the Federal
Aviation Administration Reauthorization Act of
2016,” after “section 47136”.

SEC. 1211. REPEAL OF AIRPORT GROUND SUPPORT EQUIP-
MENT EMISSIONS RETROFIT PILOT PRO-
GRAM.

(a) REPEAL.—Section 47140 is repealed.
(b) TECHNICAL AND CONFORMING AMENDMENTS.—
The table of contents for chapter 471 is amended by striking the item relating to section 47140 and inserting the following:

“47140. [Reserved].”.

SEC. 1212. FUNDING ELIGIBILITY FOR AIRPORT ENERGY EFFICIENCY ASSESSMENTS.

(a) COST REIMBURSEMENTS.—Section 47140a(a) is amended by striking “airport.” and inserting “airport, and to reimburse the airport sponsor for the costs incurred in conducting the assessment.”.

(b) SAFETY PRIORITY.—Section 47140a(b)(2) is amended by inserting “, including a certification that no safety projects would be deferred by prioritizing a grant under this section,” after “an application”.

SEC. 1213. RECYCLING PLANS; SAFETY PROJECTS AT UNCLASSIFIED AIRPORTS.

Section 47106(a) is amended—

(1) in paragraph (5), by striking “; and” and inserting a semicolon;

(2) in paragraph (6)—

(A) in the matter preceding subparagraph (A), by striking “for an airport that has an airport master plan, the master plan addresses” and inserting “a master plan project, it will address”; and
(B) in subparagraph (E), by striking the period at the end and inserting “; and”; and

(3) by adding at the end the following:

“(7) if the project is at an unclassified airport, the project will be funded with an amount apportioned under subsection 47114(d)(3)(B) and is—

“(A) for maintenance of the pavement of the primary runway;

“(B) for obstruction removal for the primary runway;

“(C) for the rehabilitation of the primary runway; or

“(D) a project that the Secretary considers necessary for the safe operation of the airport.”.

SEC. 1214. TRANSFERS OF INSTRUMENT LANDING SYSTEMS.

Section 44502(e) is amended by striking the first sentence and inserting “An airport may transfer, without consideration, to the Administrator of the Federal Aviation Administration an instrument landing system consisting of a glide slope and localizer that conforms to performance specifications of the Administrator if an airport improvement project grant was used to assist in purchasing the system, and if the Federal Aviation Administration has determined that a satellite navigation system cannot provide a suitable approach.”.
SEC. 1215. NON-MOVEMENT AREA SURVEILLANCE PILOT PROGRAM.

(a) In general.—Subchapter I of chapter 471 is amended by adding at the end the following:

“§ 47143. Non-movement area surveillance surface display systems pilot program

“(a) In general.—The Administrator of the Federal Aviation Administration may carry out a pilot program to support non-Federal acquisition and installation of qualifying non-movement area surveillance surface display systems and sensors if—

“(1) the Administrator determines that acquisition and installation of qualifying non-movement area surveillance surface display systems and sensors improve safety or capacity in the National Airspace System; and

“(2) the non-movement area surveillance surface display systems and sensors are supplemental to existing movement area systems and sensors at the selected airports established under other programs administered by the Administrator.

“(b) Project grants.—

“(1) In general.—For purposes of carrying out the pilot program, the Administrator may make a project grant out of funds apportioned under paragraph (1) or paragraph (2) of section 47114(c) to not
more than 5 eligible sponsors to acquire and install qualifying non-movement area surveillance surface display systems and sensors. The Administrator may distribute not more than $2,000,000 per sponsor from the discretionary fund. The airports selected to participate in the pilot program shall have existing Federal Aviation Administration movement area systems and airlines that are participants in Federal Aviation Administration’s Airport Collaborative Decision Making process.

“(2) PROCEDURES.—In accordance with the authority under section 106, the Administrator may establish procurement procedures applicable to grants issued under this subsection. The procedures may permit the sponsor to carry out the project with vendors that have been accepted in the procurement procedure or using Federal Aviation Administration contracts. The procedures may provide for the direct reimbursement (including administrative costs) of the Administrator by the sponsor using grant funds under this subsection, for the ordering of system-related equipment and its installation, or for the direct ordering of system-related equipment and its installation by the sponsor, using such grant funds, from the suppliers with which the Administrator has contracted.
“(3) DATA EXCHANGE PROCESSES.—The Administrator may establish data exchange processes to allow airport participation in the Federal Aviation Administration’s Airport Collaborative Decision Making process and fusion of the non-movement surveillance data with the Administration’s movement area systems.

“(c) DEFINITIONS.—In this section:

“(1) NON-MOVEMENT AREA.—The term ‘non-movement area’ is the portion of the airfield surface that is not under the control of air traffic control.

“(2) NON-MOVEMENT AREA SURVEILLANCE SURFACE DISPLAY SYSTEM AND SENSORS.—The term ‘non-movement area surveillance surface display system and sensors’ is a non-Federal surveillance system that uses on-airport sensors that track vehicles or aircraft that are equipped with transponders in the non-movement area.

“(3) QUALIFYING NON-MOVEMENT AREA SURVEILLANCE SURFACE DISPLAY SYSTEM AND SENSORS.—The term ‘qualifying non-movement area surveillance surface display system and sensors’ is a non-movement area surveillance surface display system that—
“(A) provides the required transmit and receive data formats consistent with the National Airspace System architecture at the appropriate service delivery point;

“(B) is on-airport; and

“(C) is airport operated.”.

(b) TECHNICAL AND CONFORMING AMENDMENTS.—

The table of contents of chapter 471 is amended by inserting after the item relating to section 47142 the following:

“47143. Non-movement area surveillance surface display systems pilot program.”.

SEC. 1216. AMENDMENTS TO DEFINITIONS.

Section 47102 is amended—

(1) by redesignating paragraphs (10) through (28) as paragraphs (12) through (30), respectively;

(2) by redesigning paragraphs (7) through (9) as paragraphs (8) through (10), respectively;

(3) in paragraph (3)—

(A) in subparagraph (B)—

(i) by redesigning clauses (iii) through (x) as clauses (iv) through (xi), respectively; and

(ii) by striking clause (ii) and inserting the following:

“(II) security equipment owned and operated by the airport, including explosive detection devices, universal
access control systems, perimeter fencing, and emergency call boxes, which
the Secretary may require by regulation for, or approve as contributing
significantly to, the security of individuals and property at the airport;

“(III) safety apparatus owned
and operated by the airport, which the
Secretary may require by regulation
for, or approve as contributing signifi-
cantly to, the safety of individuals and
property at the airport, and integrated
in-pavement lighting systems for run-
ways and taxiways and other runway
and taxiway incursion prevention de-
vices;”;

(B) in subparagraph (K), by striking “such
project will result in an airport receiving appro-
priate” and inserting “the airport would be able
to receive”; and

(C) in subparagraph (L)—

(i) by striking “or conversion of vehi-
cles and” and inserting “of vehicles used ex-
clusively for transporting passengers on-air-

port, employee shuttle buses within the airport, or”;

(ii) by striking “airport, to” and inserting “airport and equipped with”; and

(iii) by striking “7505a) and if such project will result in an airport receiving appropriate” and inserting “7505a)) and if the airport would be able to receive”;

(4) in paragraph (5), by striking “regulations” and inserting “requirements”;

(5) by inserting after paragraph (6) the following:

“(7) ‘categorized airport’ means a nonprimary airport that has an identified role in the National Plan of Integrated Airport Systems.”;

(6) in paragraph (9), as redesignated, by striking “public” and inserting “public-use”;

(7) by inserting after paragraph (10), as redesignated, the following:

“(11) ‘joint use airport’ means an airport owned by the Department of Defense, at which both military and civilian aircraft make shared use of the airfield.”;

(8) in paragraph (24), as redesignated, by amending subparagraph (B)(i) to read as follows:
“(i) determined by the Secretary to have at least—

“(I) 100 based aircraft that are currently registered with the Federal Aviation Administration under chapter 445 of this title; and

“(II) 1 based jet aircraft that is currently registered with the Federal Aviation Administration where, for the purposes of this clause, ‘based’ means the aircraft or jet aircraft overnights at the airport for the greater part of the year; or”; and

(9) by adding at the end the following:

“(31) ‘unclassified airport’ means a nonprimary airport that is included in the National Plan of Integrated Airport Systems that is not categorized by the Administrator of the Federal Aviation Administration in the most current report entitled General Aviation Airports: A National Asset.”.

SEC. 1217. CLARIFICATION OF NOISE EXPOSURE MAP UPDATES.

DATES.

Section 47503(b) is amended—

(1) by striking “a change in the operation of the airport would establish” and inserting “there is a
change in the operation of the airport that would es-
establish”; and

(2) by inserting after “reduction” the following:

“if the change has occurred during the longer of—

“(1) the noise exposure map period forecast by
the airport operator under subsection (a); or

“(2) the implementation timeframe of the opera-
tor’s noise compatibility program”.

SEC. 1218. PROVISION OF FACILITIES.

Section 44502 is amended by adding at the end the
following:

“(f) AIRPORT SPACE.—

“(1) RESTRICTION.—The Administrator may not
require an airport owner or sponsor (as defined in
section 47102) to provide to the Federal Aviation Ad-
ministration without cost any of the following:

“(A) Building construction, maintenance, utilities, or expenses for services relating to air
traffic control, air navigation, or weather report-
ing.

“(B) Space in a facility owned by the air-
port owner or sponsor for services relating to air
traffic control, air navigation, or weather report-
ing.
“(2) RULE OF CONSTRUCTION.—Nothing in this subsection may be construed to affect—

“(A) any agreement the Secretary may have or make with an airport owner or sponsor for the airport owner or sponsor to provide any of the items described in subparagraph (A) or subparagraph (B) of paragraph (1) at below-market rates; or

“(B) any grant assurance that requires an airport owner or sponsor to provide land to the Administration without cost for an air traffic control facility.”.

SEC. 1219. CONTRACT WEATHER OBSERVERS.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall submit to the appropriate committees of Congress a report—

(1) which includes public and stakeholder input, and examines all safety risks, hazard effects, efficiency and operational effects on airports, airlines, and other stakeholders that could result from loss of contract weather observer service at the 57 airports targeted for the loss of this service;

(2) detailing how the Federal Aviation Administration will accurately report rapidly changing severe
weather conditions at these airports, including thunderstorms, lightning, fog, visibility, smoke, dust, haze, cloud layers and ceilings, ice pellets, and freezing rain or drizzle without contract weather observers;

(3) indicating how airports can comply with applicable Federal Aviation Administration orders governing weather observations given the current documented limitations of automated surface observing systems; and

(4) identifying the process through which the Federal Aviation Administration analyzed the safety hazards associated with the elimination of the contract weather observer program.

(b) CONTINUED USE OF CONTRACT WEATHER OBSERVERS.—The Administrator may not discontinue the contract weather observer program at any airport until October 1, 2017.

(c) REPORT ON GOLDEN TRIANGLE INITIATIVE OF NOAA.—

(1) REPORT REQUIRED.—Not later than 1 year after the date of enactment of this Act, the Administrator of the National Oceanic and Atmospheric Administration and the Administrator of the Federal Aviation Administration shall jointly submit to the appropriate committees of Congress a report on the
Golden Triangle Initiative of the National Oceanic and Atmospheric Administration.

(2) ELEMENTS.—The report shall include the following:

(A) An assessment of the impacts of enhanced aviation forecast services provided as part of the Golden Triangle Initiative on weather-related air traffic delays.

(B) A description of the costs of providing such enhanced aviation forecast services.

(C) A description of potential alternative mechanisms to provide enhanced aviation forecast services comparable to such enhanced aviation forecast services for airports in rural or low population density areas.

SEC. 1220. FEDERAL SHARE ADJUSTMENT.

Section 47109(a)(5) is amended to read as follows:

“(5) 95 percent for a project at an airport for which the United States Government’s share would otherwise be capped at 90 percent under paragraph (2) or paragraph (3) if the Administrator determines that the project is a successive phase of a multi-phased construction project for which the sponsor received a grant in fiscal year 2011 or earlier.”.
SEC. 1221. MISCELLANEOUS TECHNICAL AMENDMENTS.

(a) AIRPORT SECURITY PROGRAM.—Section 47137 is amended—

(1) in subsection (a), by striking “Transportation” and inserting “Homeland Security”; 

(2) in subsection (e), by striking “Homeland Security” and inserting “Transportation”; and 

(3) in subsection (g), by inserting “of Transportation” after “Secretary” the first place it appears.

(b) SECTION 516 PROPERTY CONVEYANCE RELEASES.—Section 817(a) of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 47125 note) is amended—

(1) by striking “or section 23” and inserting “, section 23”; and 

(2) by inserting before the period at the end the following: “, or section 47125 of title 49, United States Code”.

SEC. 1222. MOTHERS’ ROOMS AT AIRPORTS.

(a) LACTATION AREA DEFINED.—Section 47102, as amended by section 1216 of this Act, is further amended—

(1) by redesignating paragraphs (12) through (31) as paragraphs (13) through (32), respectively; 

and 

(2) by inserting after paragraph (11) the following:
“(12) ‘lactation area’ means a room or other location in a commercial service airport that—

“(A) provides a location for members of the public to express breast milk that is shielded from view and free from intrusion from the public;

“(B) has a door that can be locked;

“(C) includes a place to sit, a table or other flat surface, and an electrical outlet;

“(D) is readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs; and

“(E) is not located in a restroom.”.

(b) Project Grants Written Assurances for Large and Medium Hub Airports.—

(1) In general.—Section 47107(a) is amended—

(A) in paragraph (20), by striking “and” at the end;

(B) in paragraph (21), by striking the period at the end and inserting “; and”;

(C) by adding at the end the following:

“(22) with respect to a medium or large hub airport, the airport owner or operator will maintain a lactation area in each passenger terminal building of
the airport in the sterile area (as defined in section 1540.5 of title 49, Code of Federal Regulations) of the building.”.

(2) APPLICABILITY.—

(A) IN GENERAL.—The amendment made by paragraph (1) shall apply to a project grant application submitted for a fiscal year beginning on or after the date that is 2 years after the date of enactment of this Act.

(B) SPECIAL RULE.—The requirement in the amendments made by paragraph (1) that a lactation area be located in the sterile area of a passenger terminal building shall not apply with respect to a project grant application for a period of time, determined by the Secretary of Transportation, if the Secretary determines that construction or maintenance activities make it impracticable or unsafe for the lactation area to be located in the sterile area of the building.

(c) TERMINAL DEVELOPMENT COSTS.—Section 47119(a) is amended by adding at the end the following:

“(3) LACTATION AREAS.—In addition to the projects described in paragraph (1), the Secretary may approve a project for terminal development for

† HR 636 EAS
the construction or installation of a lactation area at
a commercial service airport.”.

(d) PRE-EXISTING FACILITIES.—On application by an
airport sponsor, the Secretary of Transportation may deter-
dine that a lactation area in existence on the date of enact-
ment of this Act complies with the requirement of para-
graph (22) of section 47107(a) of title 49, United States
Code, as added by subsection (b), notwithstanding the ab-
sence of one of the facilities or characteristics referred to
in the definition of the term “lactation area” in paragraph
(12) of section 47102 of such title, as added by subsection
(a).

SEC. 1223. ELIGIBILITY FOR AIRPORT DEVELOPMENT
GRANTS AT AIRPORTS THAT ENTER INTO
CERTAIN LEASES WITH COMPONENTS OF THE
ARMED FORCES.

Section 47107, as amended by section 1208 of this Act,
is further amended by adding at the end the following:
“(t) AIRPORTS THAT ENTER INTO CERTAIN LEASES
WITH THE ARMED FORCES.—The Secretary of Transpor-
tation may not disapprove a project grant application
under this subchapter for an airport development project
at an airport solely because the airport renews a lease for
the use, at a nominal rate, of airport property by a regular
or reserve component of the Armed Forces, including the
National Guard, without regard to whether that component operates aircraft at the airport.”.

SEC. 1224. CLARIFICATION OF DEFINITION OF AVIATION-RELATED ACTIVITY FOR HANGAR USE.

Section 47107, as amended by section 1223 of this Act, is further amended by adding at the end the following:

“(u) CONSTRUCTION OF RECREATIONAL AIRCRAFT.—

“(1) IN GENERAL.—The construction of a covered aircraft shall be treated as an aeronautical activity for purposes of—

“(A) determining an airport’s compliance with a grant assurance made under this section or any other provision of law; and

“(B) the receipt of Federal financial assistance for airport development.

“(2) COVERED AIRCRAFT DEFINED.—In this subsection, the term ‘covered aircraft’ means an aircraft—

“(A) used or intended to be used exclusively for recreational purposes; and

“(B) constructed or under construction, repair, or restoration by a private individual at a general aviation airport.”.
SEC. 1225. USE OF AIRPORT IMPROVEMENT PROGRAM FUNDS FOR RUNWAY SAFETY REPAIRS.

(a) IN GENERAL.—Subchapter I of chapter 471, as amended by this subtitle, is further amended by adding at the end the following:

“§ 47144. Use of funds for repairs for runway safety repairs

“(a) IN GENERAL.—The Secretary of Transportation may make project grants under this subchapter to an airport described in subsection (b) from funds under section 47114 apportioned to that airport or funds available for discretionary grants to that airport under section 47115 to conduct airport development to repair the runway safety area of the airport damaged as a result of a natural disaster in order to maintain compliance with the regulations of the Federal Aviation Administration relating to runway safety areas, without regard to whether construction of the runway safety area damaged was carried out using amounts the airport received under this subchapter.

“(b) AIRPORTS DESCRIBED.—An airport is described in this subsection if—

“(1) the airport is a public-use airport;

“(2) the airport is listed in the National Plan of Integrated Airport Systems of the Federal Aviation Administration;
“(3) the runway safety area of the airport was damaged as a result of a natural disaster;

“(4) the airport was denied funding under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 4121 et seq.) with respect to the disaster;

“(5) the operator of the airport has exhausted all legal remedies, including legal action against any parties (or insurers thereof) whose action or inaction may have contributed to the need for the repair of the runway safety area;

“(6) there is still a demonstrated need for the runway safety area to accommodate current or imminent aeronautical demand; and

“(7) the cost of repairing or replacing the runway safety area is reasonable in relation to the anticipated operational benefit of repairing the runway safety area, as determined by the Administrator of the Federal Aviation Administration.”.

(b) CONFORMING AMENDMENT.—The table of contents for chapter 471, as amended by this subtitle, is further amended by inserting after the item relating to section 47143 the following:

“47144. Use of funds for repairs for runway safety repairs.”.

SEC. 1226. DEFINITION OF SMALL BUSINESS CONCERN.

Section 47113(a)(1) is amended to read as follows:

† HR 636 EAS
“(1) ‘small business concern’—

“(A) except as provided in subparagraph (B), has the same meaning given that term in section 3 of the Small Business Act (15 U.S.C. 632); and

“(B) in the case of a concern in the construction industry, a concern shall be considered a small business concern if the concern meets the size standard for the North American Industry Classification System Code 237310, as adjusted by the Small Business Administration;”.

**Subtitle C—Passenger Facility Charges**

**SEC. 1301. PFC STREAMLINING.**

(a) **Passenger Facility Charges; General Authority.**—Section 40117(b)(4) is amended—

(1) in the matter preceding subparagraph (A), by striking “, if the Secretary finds—” and inserting a period; and

(2) by striking subparagraphs (A) and (B).

(b) **Pilot Program for Passenger Facility Charge Authorizations at Nonhub Airports.**—Section 40117(l) is amended—

(1) in the heading by striking “NONHUB” and inserting “CERTAIN”; and
in paragraph (1), by striking “nonhub” and inserting “nonhub, small hub, medium hub, and large hub”.

SEC. 1302. INTERMODAL ACCESS PROJECTS.

Section 40117 is amended by adding at the end the following:

“(n) PFC ELIGIBILITY FOR INTERMODAL GROUND ACCESS PROJECTS.—

“(1) IN GENERAL.—The Secretary may authorize a passenger facility charge imposed under subsection (b)(1) to be used to finance the eligible capital costs of an intermodal ground access project.

“(2) DEFINITION OF INTERMODAL GROUND ACCESS PROJECT.—In this subsection, the term ‘intermodal ground access project’ means a project for constructing a local facility owned or operated by an eligible agency that—

“(A) is located on airport property; and

“(B) is directly and substantially related to the movement of passengers or property traveling in air transportation.

“(3) ELIGIBLE CAPITAL COSTS.—The eligible capital costs of an intermodal ground access project shall be the lesser of—
“(A) the total capital cost of the project multiplied by the ratio that the number of individuals projected to use the project to gain access to or depart from the airport bears to the total number of individuals projected to use the local facility; or

“(B) the total cost of the capital improvements that are located on airport property.

“(4) DETERMINATIONS.—The Secretary shall determine the projected use and cost of a project for purposes of paragraph (3) at the time the project is approved under this subsection, except that, in the case of a project to be financed in part using funds administered by the Federal Transit Administration, the Secretary shall use the travel forecasting model for the project at the time the project is approved by the Federal Transit Administration to enter preliminary engineering to determine the projected use and cost of the project for purposes of paragraph (3).

“(5) NONATTAINMENT AREAS.—For airport property, any area of which is located in a non-attainment area (as defined under section 171 of the Clean Air Act (42 U.S.C. 7501)) for 1 or more criteria pollutant, the airport emissions reductions from less airport surface transportation and parking as a
direct result of the development of an intermodal project on the airport property would be eligible for air quality emissions credits.”.

**SEC. 1303. USE OF REVENUE AT A PREVIOUSLY ASSOCIATED AIRPORT.**

Section 40117, as amended by section 1302 of this Act, is further amended by adding at the end the following:

“(o) USE OF REVENUES AT A PREVIOUSLY ASSOCIATED AIRPORT.—Notwithstanding the requirements relating to airport control under subsection (b)(1), the Secretary may authorize use of a passenger facility charge under subsection (b) to finance an eligible airport-related project if—

“(1) the eligible agency seeking to impose the new charge controls an airport where a $2.00 passenger facility charge became effective on January 1, 2013; and

“(2) the location of the project to be financed by the new charge is at an airport that was under the control of the same eligible agency that had controlled the airport described in paragraph (1).”.

**SEC. 1304. FUTURE AVIATION INFRASTRUCTURE AND FINANCING STUDY.**

(a) Future Aviation Infrastructure and Financing Study.—Not later than 60 days after the date of enactment of this Act, the Secretary of Transportation shall enter
into an agreement with the Transportation Research Board of the National Academies to conduct a study and make recommendations on the actions needed to upgrade and restore the national aviation infrastructure system to its role as a premier system that meets the growing and shifting demands of the 21st century, including airport infrastructure needs and existing financial resources for commercial service airports.

(b) Consultation.—In carrying out the study, the Transportation Research Board shall convene and consult with a panel of national experts, including—

(1) nonhub airports;
(2) small hub airports;
(3) medium hub airports;
(4) large hub airports;
(5) airports with international service;
(6) non-primary airports;
(7) local elected officials;
(8) relevant labor organizations;
(9) passengers;
(10) air carriers; and
(11) representatives of the tourism industry.

(c) Considerations.—In carrying out the study, the Transportation Research Board shall consider—
(1) the ability of airport infrastructure to meet current and projected passenger volumes;

(2) the available financial tools and resources for airports of different sizes;

(3) the current debt held by airports, and its impact on future construction and capacity needs;

(4) the impact of capacity constraints on passengers and ticket prices;

(5) the purchasing power of the passenger facility charge from the last increase in 2000 to the year of enactment of this Act;

(6) the impact to passengers and airports of indexing the passenger facility charge for inflation;

(7) how long airports are constrained with current passenger facility charge collections;

(8) the impact of passenger facility charges to promote competition;

(9) the additional resources or options to fund terminal construction projects;

(10) the resources eligible for use toward noise reduction and emission reduction projects;

(11) the gap between AIP-eligible projects and the annual Federal funding provided;

(12) the impact of regulatory requirements on airport infrastructure financing needs;
(13) airline competition;
(14) airline ancillary fees and their impact on
ticket pricing and taxable revenue; and
(15) the ability of airports to finance necessary
safety, security, capacity, and environmental projects
identified in capital improvement plans.
(d) REPORT.—Not later than 15 months after the date
of enactment of this Act, the Transportation Research
Board shall submit to the Secretary and the appropriate
committees of Congress a report on its findings and rec-
ommendations.
(e) FUNDING.—The Secretary is authorized to use such
sums as are necessary to carry out the requirements of this
section.

TITLE II—SAFETY
Subtitle A—Unmanned Aircraft
Systems Reform

SEC. 2001. DEFINITIONS.
(a) IN GENERAL.—Unless expressly provided other-
wise, the terms used in this subtitle have the meanings given
the terms in section 44801 of title 49, United States Code,
as added by section 2121 of this Act.
(b) DEFINITION OF CIVIL AIRCRAFT.—The term “civil
aircraft” has the meaning given the term in section 40102
of title 49, United States Code.
PART I—PRIVACY AND TRANSPARENCY

SEC. 2101. UNMANNED AIRCRAFT SYSTEMS PRIVACY POLICY.

It is the policy of the United States that the operation of any unmanned aircraft or unmanned aircraft system shall be carried out in a manner that respects and protects personal privacy consistent with the United States Constitution and Federal, State, and local law.

SEC. 2102. SENSE OF CONGRESS.

It is the sense of Congress that—

(1) each person that uses an unmanned aircraft system for compensation or hire, or in the furtherance of a business enterprise, except for news gathering, should have a written privacy policy consistent with section 2101 that is appropriate to the nature and scope of the activities regarding the collection, use, retention, dissemination, and deletion of any data collected during the operation of an unmanned aircraft system;

(2) each privacy policy described in paragraph (1) should be periodically reviewed and updated as necessary; and

(3) each privacy policy described in paragraph (1) should be publicly available.
SEC. 2103. FEDERAL TRADE COMMISSION AUTHORITY.

A violation of a privacy policy by a person that uses an unmanned aircraft system for compensation or hire, or in the furtherance of a business enterprise, in the national airspace system shall be an unfair and deceptive practice in violation of section 5(a) of the Federal Trade Commission Act (15 U.S.C. 45(a)).

SEC. 2104. NATIONAL TELECOMMUNICATIONS AND INFORMATION ADMINISTRATION MULTI-STAKEHOLDER PROCESS.

Not later than July 31, 2016, the Administrator of the National Telecommunications and Information Administration shall submit to the appropriate committees of Congress a report on the industry privacy best practices developed through the multi-stakeholder engagement process (established under Presidential Memorandum of February 15, 2015 (80 Fed. Reg. 9355)) on unmanned aircraft systems transparency and accountability. In addition to the agreed upon best practices, this report shall include relevant stakeholder recommendations for legislative or regulatory action regarding privacy, accountability, and transparency, including ways to encourage the adoption of privacy policies by companies that use unmanned aircraft systems for compensation or hire, or in the furtherance of a business enterprise. The report shall take into account existing rights protected under the First Amendment to the United States.
Constitution in public spaces and the First Amendment rights of journalists to control their archives.

**SEC. 2105. IDENTIFICATION STANDARDS.**

(a) In General.—The Director of the National Institute of Standards and Technology, in collaboration with the Administrator of the Federal Aviation Administration, and in consultation with the Secretary of Transportation, the President of RTCA, Inc., and the Administrator of the National Telecommunications and Information Administration, shall convene industry stakeholders to facilitate the development of consensus standards for remotely identifying operators and owners of unmanned aircraft systems and associated unmanned aircraft.

(b) Considerations.—As part of the standards developed under subsection (a), the Director shall consider—

(1) requirements for remote identification of unmanned aircraft systems;

(2) appropriate requirements for different classifications of unmanned aircraft systems operations, including public and civil;

(3) the role of manufacturers, the Federal Aviation Administration, and the owners of the systems described in paragraphs (1) and (2) in reporting and verifying identification data; and
(4) the feasibility of the development and operation of a publicly searchable online database to further enable the immediate remote identification of any unmanned aircraft and its operator by the general public and potential exceptions to inclusion in the online database.

(c) DEADLINE.—Not later than 1 year after the date of enactment of this Act, the Director shall submit to the appropriate committees of Congress a report on the consensus identification standards.

(d) GUIDANCE.—Not later than 1 year after the date that the Director submits the report on the consensus identification standards under subsection (c), the Administrator of the Federal Aviation Administration shall issue regulatory guidance based on the consensus identification standards.

SEC. 2106. COMMERCIAL AND GOVERNMENTAL OPERATORS.

(a) IN GENERAL.—Except for model aircraft under section 44808 of title 49, United States Code, in authorizing the operation of any public unmanned aircraft system or the operation of any unmanned aircraft system by a person conducting civil aircraft operations, the Administrator of the Federal Aviation Administration, to the extent practicable and consistent with applicable law and without compromising national security, homeland defense, or law
enforcement, shall make the identifying information in subsection (b) available to the public via an easily searchable online database. The Administrator shall place a clear and conspicuous link to the database on the home page of the Federal Aviation Administration’s website.

(b) CONTENTS.—The database described in subsection (a) shall contain the following:

(1) The name of each individual, or agency, as applicable, authorized to conduct civil or public unmanned aircraft systems operations described in subsection (a).

(2) The name of each owner of an unmanned aircraft system described in paragraph (1).

(3) The expiration date of any authorization related to a person identified in paragraph (1) or paragraph (2).

(4) The contact information for each person identified in paragraphs (1) and (2), including a telephone number and an electronic mail address, in accordance with applicable privacy laws.

(5) The tail number or specific identification number of all unmanned aircraft authorized for use that links each unmanned aircraft to the owner of that aircraft.
(6) For any unmanned aircraft system that will collect personally identifiable information about individuals, including the use of facial recognition—

(A) the circumstance under which the system will be used;

(B) the specific kinds of personally identifiable information that the system will collect about individuals; and

(C) how the information referred to in sub-paragraph (B), and the conclusions drawn from such information, will be used, disclosed, and otherwise handled, including—

(i) how the collection or retention of such information that is unrelated to the specific use will be minimized;

(ii) under what circumstances such information might be sold, leased, or otherwise provided to third parties;

(iii) the period during which such information will be retained;

(iv) when and how such information, including information no longer relevant to the specified use, will be destroyed; and

(v) steps that will be used to protect against the unauthorized disclosure of any
information or data, such as the use of
encryption methods and other security fea-
tures.

(7) With respect to public unmanned aircraft
systems—

(A) the locations where the unmanned air-
craft system will operate;

(B) the time during which the unmanned
aircraft system will operate;

(C) the general purpose of the flight; and

(D) the technical capabilities that the un-
manned aircraft system possesses.

(c) RECORDS.—Each person described in subsection
(b)(1), to the extent practicable without compromising na-
tional security, homeland defense, or law enforcement shall
maintain and make available to the Administrator for not
less than 1 year a record of the name and contact informa-
tion of each person on whose behalf the unmanned aircraft
system has been operated.

(d) DEADLINE.—The Administrator shall make the
database available not later than 1 year after the date of
enactment of this Act.

(e) TERMINATION.—The Administrator may cease the
operation of such database on September 30, 2017.
SEC. 2107. ANALYSIS OF CURRENT REMEDIES UNDER FEDERAL, STATE, AND LOCAL JURISDICTIONS.

Not later than 1 year after the date of enactment of this Act, the Comptroller General of the United States shall conduct and submit to the appropriate committees of Congress a review of the privacy issues and concerns associated with the operation of unmanned aircraft systems in the national airspace system that—

(1) examines and identifies the existing Federal, State, or local laws, including constitutional law, that address an individual’s personal privacy;

(2) identifies specific issues and concerns that may limit the availability of existing civil or criminal legal remedies regarding inappropriate operation of unmanned aircraft systems in the national airspace system;

(3) identifies any deficiencies in current Federal, State, or local privacy protections; and

(4) recommends legislative or other actions to address the limitations and deficiencies identified in paragraphs (2) and (3).

PART II—UNMANNED AIRCRAFT SYSTEMS

SEC. 2121. DEFINITIONS.

(a) In General.—Part A of subtitle VII is amended by inserting after chapter 447 the following:
CHAPTER 448—UNMANNED AIRCRAFT SYSTEMS

"Sec. 44801. Definitions.

§44801. Definitions

"In this chapter—

“(1) ‘appropriate committees of Congress’ means the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives.

“(2) ‘Arctic’ means the United States zone of the Chukchi Sea, Beaufort Sea, and Bering Sea north of the Aleutian chain.

“(3) ‘certificate of waiver’ and ‘certificate of authorization’ mean a Federal Aviation Administration grant of approval for a specific flight operation.

“(4) ‘permanent areas’ means areas on land or water that provide for launch, recovery, and operation of small unmanned aircraft.

“(5) ‘public unmanned aircraft system’ means an unmanned aircraft system that meets the qualifications and conditions required for operation of a public aircraft (as defined in section 40102(a)).

“(6) ‘sense and avoid capability’ means the capability of an unmanned aircraft to remain a safe
distance from and to avoid collisions with other airborne aircraft.

“(7) ‘small unmanned aircraft’ means an unmanned aircraft weighing less than 55 pounds, including the weight of anything attached to or carried by the aircraft.

“(8) ‘test range’ means a defined geographic area where research and development are conducted as authorized by the Administrator of the Federal Aviation Administration.

“(9) ‘test site’ means any of the 6 test ranges established by the Administrator of the Federal Aviation Administration under section 332(c) of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note), as in effect on the day before the date of enactment of the Federal Aviation Administration Reauthorization Act of 2016, and any public entity authorized by the Federal Aviation Administration as an unmanned aircraft system flight test center before January 1, 2009.

“(10) ‘unmanned aircraft’ means an aircraft that is operated without the possibility of direct human intervention from within or on the aircraft.

“(11) ‘unmanned aircraft system’ means an unmanned aircraft and associated elements (including
communication links and the components that control
the unmanned aircraft) that are required for the oper-
ator to operate safely and efficiently in the national
airspace system.”.

(b) Table of Chapters.—The table of chapters for
subtitle VII is amended by inserting after the item relating
to chapter 447 the following:

“448. Unmanned Aircraft Systems ............................................. 44801”.

SEC. 2122. UTILIZATION OF UNMANNED AIRCRAFT SYSTEM
TEST SITES.

(a) In General.—Chapter 448, as designated by sec-
tion 2121 of this Act, is amended by inserting after section
44801 the following:

“§ 44802. Unmanned aircraft system test sites

“(a)(1) In General.—The Administrator of the Fed-
eral Aviation Administration shall establish and update, as
appropriate, a program for the use of the 6 test sites estab-
lished under section 332(c) of the FAA Modernization and
Reform Act of 2012 (49 U.S.C. 40101 note), and any public
entity authorized by the Federal Aviation Administration
as an unmanned aircraft system flight test center before
January 1, 2009, to facilitate the safe integration of un-
manned aircraft systems into the national airspace system.

“(2) Termination.—The program shall terminate on
September 30, 2022.
“(b) PROGRAM REQUIREMENTS.—In establishing the program under subsection (a), the Administrator shall—

“(1) designate airspace for safely testing the integration of unmanned flight operations in the national airspace system;

“(2) develop operational standards and air traffic requirements for unmanned flight operations at test sites, including test ranges;

“(3) coordinate with and leverage the resources of the National Aeronautics and Space Administration and the Department of Defense;

“(4) address both civil and public unmanned aircraft systems;

“(5) ensure that the program is coordinated with relevant aspects of the Next Generation Air Transportation System;

“(6) provide for verification of the safety of unmanned aircraft systems and related navigation procedures as it relates to continued development of standards for integration into the national airspace system;

“(7) engage each test site operator in projects for research, development, testing, and evaluation of unmanned aircraft systems to facilitate the Federal Aviation Administration’s development of standards
for the safe integration of unmanned aircraft into the national airspace system, which may include solutions for—

“(A) developing and enforcing geographic and altitude limitations;

“(B) classifications of airspace where manufacturers must prevent flight of an unmanned aircraft system;

“(C) classifications of airspace where manufacturers of unmanned aircraft systems must alert the operator to hazards or limitations on flight;

“(D) sense and avoid capabilities;

“(E) beyond-line-of-sight, nighttime operations and unmanned traffic management, or other critical research priorities; and

“(F) improving privacy protections through the use of advances in unmanned aircraft systems technology;

“(8) coordinate periodically with all test site operators to ensure test site operators know which data should be collected, what procedures should be followed, and what research would advance efforts to safely integrate unmanned aircraft systems into the national airspace system;
“(9) allow a test site to develop multiple test ranges within the test site;

“(10) streamline the approval process for test sites when processing unmanned aircraft certificates of waiver or authorization for operations at the test sites;

“(11) require each test site operator to protect proprietary technology, sensitive data, or sensitive research of any civil or private entity when using that test site without the need to obtain an experimental or special airworthiness certificate;

“(12) evaluate options for the operation of 1 or more small unmanned aircraft systems beyond the visual line of sight of the operator for testing under controlled conditions that ensure the safety of persons and property, including on the ground; and

“(13) allow test site operators to receive Federal funding, other than from the Federal Aviation Administration, including in-kind contributions, from test site participants in the furtherance of research, development, and testing objectives.

“(c) TEST SITE LOCATIONS.—In determining the location of a test site under subsection (a), the Administrator shall—
“(1) take into consideration geographic and climatic diversity;

“(2) take into consideration the location of ground infrastructure and research needs; and

“(3) consult with the Administrator of the National Aeronautics and Space Administration and the Secretary of Defense.

“(d) REPORT TO CONGRESS.—

“(1) IN GENERAL.—Not later than 1 year after the date of enactment of the Federal Aviation Administration Reauthorization Act of 2016, the Administrator shall submit to the appropriate committees of Congress a report on the establishment and implementation of the program under subsection (a).

“(2) BRIEFINGS.—Beginning 180 days after the date of enactment of the Federal Aviation Administration Reauthorization Act of 2016, and every 180 days thereafter until September 30, 2017, the Administrator shall provide to the appropriate committees of Congress a briefing that includes—

“(A) a current summary of unmanned aircraft systems operations at the test sites since the last briefing to Congress;

“(B) a description of all of the data generated from the operations described in subpara-
graph (A), and shared with the Federal Aviation Administration through a cooperative research and development agreement authorized in section 2123 of the Federal Aviation Administration Re-authorization Act of 2016, that relate to unmanned aircraft systems research priorities, including beyond-line-of-sight, unmanned traffic management, nighttime operations, and sense and avoid technology;

“(C) a description of how the data described in subparagraph (B) will be or is used—

“(i) to advance Federal Aviation Administration priorities;

“(ii) to validate the safety of unmanned aircraft systems and related technology; and

“(iii) to inform future rulemaking related to the integration of unmanned aircraft systems into the national airspace;

“(D) an evaluation of the activities and specific outcomes from activities at the test sites that support the safe integration of unmanned aircraft systems under this chapter; and

“(E) recommendations for future Federal Aviation Administration test site operations that
would generate data necessary to inform future
rulemaking related to unmanned aircraft sys-
tems.

“(e) REVIEW OF OPERATIONS BY TEST SITE OPERA-
tORS.—The operator of each test site under subsection (a)
shall—

“(1) review the operations of unmanned aircraft
systems conducted at the test site, including—

“(A) ongoing or completed research; and

“(B) data regarding operations by private
and public operators; and

“(2) submit to the Administrator, in such form
and manner as specified by the Administrator, the re-
sults of the review, including recommendations to fur-
ther enable private research and development oper-
ations at the test sites that contribute to the Federal
Aviation Administration’s safe integration of un-
manned aircraft systems into the national airspace
system, on a quarterly basis until the program termi-
nates.

“(f) TESTING.—The Secretary may authorize an oper-
ator of a test site described in subsection (a) to administer
testing requirements established by the Administrator for
unmanned aircraft systems operations.”.

(b) TECHNICAL AND CONFORMING AMENDMENTS.—
(1) TABLE OF CONTENTS.—The table of contents for chapter 448, as added by section 2121 of this Act, is further amended by inserting after the item relating to section 44801 the following:

“44802. Unmanned aircraft system test sites.”.

(2) PILOT PROJECTS.—Section 332 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note) is amended by striking subsection (c).

SEC. 2123. ADDITIONAL RESEARCH, DEVELOPMENT, AND TESTING.

(a) RESEARCH PLAN.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration and the United States Unmanned Aircraft System Executive Committee, jointly, and in coordination with industry, users, the Center of Excellence for Unmanned Aircraft Systems, and test site operators, shall develop a research plan to identify ongoing research into the broad range of technical, procedural, and policy concerns arising from the integration of unmanned aircraft systems into the national airspace system, and research needs regarding those concerns. In developing the plan, the Administrator shall determine and engage the appropriate entities to meet the research needs identified in the plan.

(b) COLLABORATIVE RESEARCH AND DEVELOPMENT AGREEMENTS.—The Administrator may use the other
transaction authority under section 106(l)(6) of title 49, United States Code, and enter into collaborative research and development agreements, to direct research related to unmanned aircraft systems, including at any test site under section 44802(a) of that title, and in coordination with the Center of Excellence for Unmanned Aircraft Systems.

(c) Use of Center of Excellence for Unmanned Aircraft Systems.—The Administrator, in carrying out research necessary to establish the consensus safety standards and certification requirements in section 44803 of title 49, United States Code, as added by section 2124, shall, to the maximum extent practicable, leverage the research and testing capacity and capabilities of the Center of Excellence for Unmanned Aircraft Systems and the test sites (as defined in 44801 of such title, as added by section 2121).

SEC. 2124. SAFETY STANDARDS.

(a) In General.—Chapter 448, as amended by section 2122 of this Act, is further amended by inserting after section 44802 the following:

“SEC. 44803. AIRCRAFT SAFETY STANDARDS.

“(a) Consensus Aircraft Safety Standards.—Not later than 60 days after the date of enactment of the Federal Aviation Administration Reauthorization Act of 2016, the Director of the National Institute of Standards
and Technology and the Administrator of the Federal Aviation Administration, in consultation with government and industry stakeholders and appropriate standards-setting organizations, shall initiate a collaborative process to develop risk-based, consensus industry airworthiness standards related to the safe integration of small unmanned aircraft systems into the national airspace system.

“(b) CONSIDERATIONS.—In developing the consensus aircraft safety standards, the Director and Administrator shall consider the following:

“(1) Technologies or standards related to geographic limitations, altitude limitations, and sense and avoid capabilities.

“(2) Using performance-based standards.

“(3) Predetermined action to maintain safety in the event that a communications link between a small unmanned aircraft and its operator is lost or compromised.

“(4) Detectability and identifiability to pilots, the Federal Aviation Administration, and air traffic controllers, as appropriate.

“(5) Means to prevent tampering with or modification of any system, limitation, or other safety mechanism or standard under this section or any
other provision of law, including a means to identify
any tampering or modification that has been made.

“(6) Consensus identification standards under
section 2105.

“(7) How to update or modify a small un-
manned aircraft system that was commercially dis-
tributed prior to the development of the consensus air-
craft safety standards so that, to the greatest extent
practicable, such systems meet the consensus aircraft
safety standards.

“(8) Any technology or standard related to small
unmanned aircraft systems that promotes aviation
safety.

“(c) CONSULTATION.—In developing the consensus air-
craft safety standards under subsection (a), the Director
and Administrator shall consult with—

“(1) the Administrator of the National Aero-
nautics and Space Administration;

“(2) the President of RTCA, Inc.;

“(3) the Secretary of Defense;

“(4) each operator of a test site under section
44802;

“(5) the Center of Excellence for Unmanned Air-
craft Systems;
“(6) unmanned aircraft systems stakeholders; and

“(7) community-based aviation organizations.

“(d) FAA APPROVAL.—Not later than 1 year after the date of enactment of the Federal Aviation Administration Reauthorization Act of 2016, the Administrator of the Federal Aviation Administration shall establish a process for the approval of small unmanned aircraft systems make and models based upon the consensus aircraft safety standards developed under subsection (a). The consensus aircraft safety standards developed under subsection (a) shall allow the Administrator to approve small unmanned aircraft systems for operation within the national airspace system without requiring the type certification process in parts 21 and 23 of the Code of Federal Regulations.

“(e) ELIGIBILITY.—The consensus aircraft safety standards for approval of small unmanned aircraft systems developed under this section shall set eligibility requirements for an airworthiness approval of a small unmanned aircraft system which shall include the following:

“(1) An applicant must provide the Federal Aviation Administration with—

“(A) the aircraft’s operating instructions; and
“(B) the manufacturer’s statement of compliance as described in subsection (f) of this section.

“(2) A sample aircraft must be inspected by the Federal Aviation Administration and found to be in a condition for safe operation and in compliance with the consensus aircraft safety standards required by the Administrator in subsection (d).

“(f) MANUFACTURER’S STATEMENT OF COMPLIANCE FOR SMALL UAS.—The manufacturer’s statement of compliance shall—

“(1) identify the aircraft make and model, and consensus aircraft safety standard used;

“(2) state that the aircraft make and model meets the provisions of the standard identified in paragraph (1);

“(3) state that the aircraft make and model conforms to the manufacturer’s design data, using the manufacturer’s quality assurance system that meets the identified consensus standard adopted by the Administrator in subsection (d), and is manufactured in way that ensures consistency in the production process so that every unit produced meets the applicable consensus aircraft safety standards;
“(4) state that the manufacturer will make available to any interested person—

“(A) the aircraft’s operating instructions, that meet the standard identified in paragraph (1); and

“(B) the aircraft’s maintenance and inspection procedures, that meet the standard identified in paragraph (1);

“(5) state that the manufacturer will monitor and correct safety-of-flight issues through a continued airworthiness system that meets the standard identified in paragraph (1);

“(6) state that at the request of the Administration, the manufacturer will provide access by the Administration to its facilities; and

“(7) state that the manufacturer, in accordance with a production acceptance test procedure that meets an applicable consensus aircraft safety standard has—

“(A) ground and flight tested random samples of the aircraft;

“(B) found the sample aircraft performance acceptable; and

“(C) determined that the make and model of aircraft is suitable for safe operation.
“(g) Prohibition.—It shall be unlawful for any person to introduce or deliver for introduction into interstate commerce any unmanned aircraft manufactured after the date that the Administrator adopts consensus aircraft safety standards under this section, unless the manufacturer has received approval under subsection (d) for each make and model.”.

(b) Table of Contents.—The table of contents for chapter 448, as amended by section 2122 of this Act, is further amended by inserting after the item relating to section 44802 the following:

“44803. Aircraft safety standards.”.

SEC. 2125. UNMANNED AIRCRAFT SYSTEMS IN THE ARCTIC.

(a) In General.—Chapter 448, as amended by section 2124 of this Act, is further amended by inserting after section 44803 the following:

“§ 44804. Unmanned aircraft systems in the Arctic

“(a) In General.—The Secretary of Transportation shall develop a plan and initiate a process to work with relevant Federal agencies and national and international communities to designate permanent areas in the Arctic where small unmanned aircraft may operate 24 hours per day for research and commercial purposes.

“(b) Plan Contents.—The plan under subsection (a) shall include the development of processes to facilitate the safe operation of unmanned aircraft beyond line of sight.

† HR 636 EAS
“(c) REQUIREMENTS.—Each permanent area designated under subsection (a) shall enable over-water flights from the surface to at least 2,000 feet in altitude, with ingress and egress routes from selected coastal launch sites.

“(d) AGREEMENTS.—To implement the plan under subsection (a), the Secretary may enter into an agreement with relevant national and international communities.

“(e) AIRCRAFT APPROVAL.—Not later than 1 year after the entry into force of an agreement necessary to effectuate the purposes of this section, the Secretary shall work with relevant national and international communities to establish and implement a process, or may apply an applicable process already established, for approving the use of unmanned aircraft in the designated permanent areas in the Arctic without regard to whether an unmanned aircraft is used as a public aircraft, a civil aircraft, or a model aircraft.”.

(b) TECHNICAL AND CONFORMING AMENDMENTS.—

(1) TABLE OF CONTENTS.—The table of contents for chapter 448, as amended by section 2124 of this Act, is further amended by inserting after the item relating to section 44803 the following:

“44804. Unmanned aircraft systems in the Arctic.”.

(2) EXPANDING USE OF UNMANNED AIRCRAFT SYSTEMS IN ARCTIC.—Section 332 of the FAA Mod-
ernization and Reform Act of 2012 (49 U.S.C. 40101 note) is amended by striking subsection (d).

SEC. 2126. SPECIAL AUTHORITY FOR CERTAIN UNMANNED AIRCRAFT SYSTEMS.

(a) IN GENERAL.—Chapter 448, as amended by section 2125 of this Act, is further amended by inserting after section 44804 the following:

“§ 44805. Special authority for certain unmanned aircraft systems

“(a) IN GENERAL.—Notwithstanding any other requirement of this chapter, the Secretary of Transportation shall use a risk-based approach to determine if certain unmanned aircraft systems may operate safely in the national airspace system notwithstanding completion of the comprehensive plan and rulemaking required by section 332 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note) or the guidance required by section 44807.

“(b) ASSESSMENT OF UNMANNED AIRCRAFT SYSTEMS.—In making the determination under subsection (a), the Secretary shall determine, at a minimum—

“(1) which types of unmanned aircraft systems, if any, as a result of their size, weight, speed, operational capability, proximity to airports and populated areas, and operation within or beyond visual line of sight, or operation during the day or night, do
not create a hazard to users of the national airspace system or the public; and

“(2) whether a certificate under section 44703 or section 44704 of this title, or a certificate of waiver or certificate of authorization, is required for the operation of unmanned aircraft systems identified under paragraph (1) of this subsection.

“(c) REQUIREMENTS FOR SAFE OPERATION.—If the Secretary determines under this section that certain unmanned aircraft systems may operate safely in the national airspace system, the Secretary shall establish requirements for the safe operation of such aircraft systems in the national airspace system, including operation related to research, development, and testing of proprietary systems.

“(d) PILOT CERTIFICATION EXEMPTION.—If the Secretary proposes, under this section, to require an operator of an unmanned aircraft system to hold an airman certificate, a medical certificate, or to have a minimum number of hours operating a manned aircraft, the Secretary shall set forth the reasoning for such proposal and seek public notice and comment before imposing any such requirements.

“(e) SUNSET.—The authority under this section for the Secretary to determine if certain unmanned aircraft sys-
tems may operate safely in the national airspace system terminates effective September 30, 2017.

“(f) Operation by Owners and Operators of Critical Infrastructure.—

“(1) In general.—Any application process established under subsection (a) shall allow for a covered person to apply to the Administrator to operate an unmanned aircraft system to conduct activities described in paragraph (2)—

“(A) beyond the visual line of sight of the individual operating the unmanned aircraft system; and

“(B) operation during the day or at night.

“(2) Activities described.—The activities described in this paragraph that a covered person may use an unmanned aircraft system to conduct are the following:

“(A) Activities for which compliance with current law or regulation can be accomplished by the use of manned aircraft, including—

“(i) conducting activities to ensure compliance with Federal or State regulatory, permit, or other requirements, including to conduct surveys associated with applications for permits for new pipeline or
pipeline systems construction or maintenance or rehabilitation of existing pipelines or pipeline systems; or

“(ii) conducting activities relating to ensuring compliance with—

“(I) the requirements of part 192 or 195 of title 49, Code of Federal Regulations; or

“(II) any Federal, State, or local governmental or regulatory body or industry best practice pertaining to the construction, ownership, operation, maintenance, repair, or replacement of covered facilities.

“(B) Activities to inspect, repair, construct, maintain, or protect covered facilities, including to respond to a pipeline, pipeline system, or electric energy infrastructure incident, or in response to or in preparation for a natural disaster, man-made disaster, severe weather event, or other incident beyond the control of the covered person that may cause material damage to a covered facility.

“(3) DEFINITIONS.—In this subsection:
“(A) COVERED FACILITY.—The term ‘covered facility’ means a pipeline, pipeline system, electric energy generation, transmission, or distribution facility (including renewable electric energy), oil or gas production, refining, or processing facility, or other critical infrastructure.

“(B) COVERED PERSON.—The term ‘covered person’ means a person that—

“(i) owns or operates a covered facility;

“(ii) is the sponsor of a covered facility project;

“(iii) is an association of persons described by clause (i) or (ii) and is seeking programmatic approval for an activity in accordance with this subsection; or

“(iv) is an agent of any person described in clause (i), (ii), or (iii).

“(C) CRITICAL INFRASTRUCTURE.—The term ‘critical infrastructure’ has the meaning given that term in section 2339D of title 18.

“(4) DEADLINE.—Within 90 days from the date of enactment of the FAA Reauthorization of 2016 the Administrator must certify to the appropriate committees of Congress that a process has been established
to facilitate applications for operations provided for under this subsection. If the Administrator cannot provide this certification, the Administrator, within 180 days of from the due date of that certification, shall update the process under (a) to provide for such applications.”.

(b) **Technical and Conforming Amendments.**—

(1) **Table of Contents.**—The table of contents for chapter 448, as amended by section 2125 of this Act, is further amended by inserting after the item relating to section 44804 the following:

“44805. Special rules for certain unmanned aircraft systems.”.

(2) **Special Rules for Certain Unmanned Aircraft Systems.**—Section 333 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note) and the item relating to that section in the table of contents under section 1(b) of that Act (126 Stat. 13) are repealed.

**SEC. 2127. ADDITIONAL RULEMAKING AUTHORITY.**

(a) **Sense of Congress.**—It is the sense of Congress that—

(1) beyond visual line of sight and nighttime operations of unmanned aircraft systems have tremendous potential—

(A) to enhance research and development both commercially and in academics;
(B) to spur economic growth and development through innovative applications of this emerging technology; and

(C) to improve emergency response efforts as it relates to assessing damage to critical infrastructure such as roads, bridges, and utilities, including water and power, ultimately speeding response time;

(2) advancements in miniaturization of safety technologies, including for aircraft weighing under 4.4 pounds, have increased economic opportunities for using unmanned aircraft systems while reducing kinetic energy and risk compared to unmanned aircraft that may weigh as much as 55 pounds;

(3) advancements in unmanned technology will have the capacity to ultimately improve manned aircraft safety; and

(4) integrating unmanned aircraft systems safely into the national airspace, including beyond visual line of sight and nighttime operations on a routine basis should remain a top priority for the Federal Aviation Administration as it pursues additional rulemakings under the amendments made by this section.
(b) In general.—Chapter 448, as amended by section 2126 of this Act, is further amended by inserting after section 44805 the following:

"§ 44806. Additional rulemaking authority"

"(a) In general.—Notwithstanding the rulemaking required by section 332 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note) or the guidance required by section 44807 of this title and subject to subsection (b)(2) of this section and section 44808, the Administrator may issue regulations under which a person may operate certain unmanned aircraft systems (as determined by the Administrator) in the United States—

"(1) without an airman certificate;

"(2) without an airworthiness certificate for the associated unmanned aircraft; or

"(3) that are not registered with the Federal Aviation Administration.

"(b) Micro unmanned aircraft systems operational rules.—

"(1) In general.—Notwithstanding the rulemaking required by section 332 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note), the Administrator shall issue regulations not later than 270 days after the date of enactment of the Federal Aviation Administration Reauthorization Act
of 2016 under which any person may operate a micro
unmanned aircraft system classification of unmanned
aircraft systems, the aircraft component of which
weighs 4.4 pounds or less, including payload, without
the person operating the system being required to pass
any airman certification requirement, including any
requirements under section 44703 of this title, part 61
of title 14, Code of Federal Regulations, or any other
rule or regulation relating to airman certification.

“(2) OPERATIONAL RULES.—The rulemaking re-
quired by paragraph (1) relating to micro unmanned
aircraft systems shall consider the following rules, or
any appropriate modifications thereof concerning al-
titude, airspeed, geographic location, and time of day
as the Administrator considers appropriate, for oper-
ation of such systems:

“(A) Operation an altitude of less than 400
feet above ground level.

“(B) Operation with an airspeed of not
greater than 40 knots.

“(C) Operation within the visual line of
sight of the operator.

“(D) Operation during the hours between
sunrise and sunset.
“(E) Operation not less than 5 statute miles from the geographic center of an airport with an operational air traffic control tower or an airport denoted on a current aeronautical chart published by the Federal Aviation Administration, except that a micro unmanned aircraft system may be operated within 5 statute miles of such an airport if the operator of the system—

“(i) provides notice to the airport operator; and

“(ii) in the case of an airport with an operational air traffic control tower, receives approval from the air traffic control tower.

“(c) SCOPE OF REGULATIONS.—

“(1) IN GENERAL.—In determining whether a person may operate an unmanned aircraft system under 1 or more of the circumstances described under paragraphs (1) through (3) of subsection (a), the Administrator shall use a risk-based approach and consider, at a minimum, the physical and functional characteristics of the unmanned aircraft system.

“(2) LIMITATION.—The Administrator may only issue regulations under this section for unmanned aircraft systems that the Administrator determines
may be operated safely in the national airspace sys-
tem.

“(d) RULES OF CONSTRUCTION.—Nothing in this sec-
tion may be construed—

“(1) to prohibit a person from operating an un-
manned aircraft system under a circumstance de-
scribed under paragraphs (1) through (3) of sub-
section (a) if—

“(A) the circumstance is allowed by regula-
tions issued under this section; and

“(B) the person operates the unmanned air-
craft system in a manner prescribed by the regu-
lations; and

“(2) to limit or affect in any way the Adminis-
trator’s authority to conduct a rulemaking, make a
determination, or carry out any activity related to
unmanned aircraft or unmanned aircraft systems
under any other provision of law.”.

(c) TABLE OF CONTENTS.—The table of contents for
chapter 448, as amended by section 2126 of this Act, is fur-
ther amended by inserting after the item relating to section
44805 the following:

“44806. Additional rulemaking authority.”.
SEC. 2128. GOVERNMENTAL UNMANNED AIRCRAFT SYSTEMS.

(a) In General.—Chapter 448, as amended by section 2127 of this Act, is further amended by inserting after section 44806 the following:

§ 44807. Public unmanned aircraft systems

“(a) GUIDANCE.—The Secretary of Transportation shall issue guidance regarding the operation of a public unmanned aircraft system—

“(1) to streamline the process for the issuance of a certificate of authorization or a certificate of waiver;

“(2) to provide for a collaborative process with public agencies to allow for an incremental expansion of access to the national airspace system as technology matures and the necessary safety analyses and data become available, and until standards are completed and technology issues are resolved;

“(3) to facilitate the capability of public agencies to develop and use test ranges, subject to operating restrictions required by the Federal Aviation Administration, to test and operate public unmanned aircraft systems; and

“(4) to provide guidance on a public agency’s responsibilities when operating an unmanned aircraft
without a civil airworthiness certificate issued by the Administration.

“(b) STANDARDS FOR OPERATION AND CERTIFICATION.—The Administrator of the Federal Aviation Administration shall develop and implement operational and certification requirements for the operation of a public unmanned aircraft system in the national airspace system.

“(c) AGREEMENTS WITH GOVERNMENT AGENCIES.—

“(1) IN GENERAL.—The Secretary shall enter into an agreement with each appropriate public agency to simplify the process for issuing a certificate of waiver or a certificate of authorization with respect to an application for authorization to operate a public unmanned aircraft system in the national airspace system.

“(2) CONTENTS.—An agreement under paragraph (1) shall—

“(A) with respect to an application described in paragraph (1)—

“(i) provide for an expedited review of the application;

“(ii) require a decision by the Administrator on approval or disapproval not later than 60 business days after the date of submission of the application;
“(iii) allow for an expedited appeal if
the application is disapproved; and

“(iv) if applicable, include verification
of the data minimization policy required
under subsection (d);

“(B) allow for a one-time approval of simi-
lar operations carried out during a fixed period
of time; and

“(C) allow a government public safety agen-
cy to operate an unmanned aircraft weighing 25
pounds or less if that unmanned aircraft is oper-
ated—

“(i) within or beyond the line of sight
of the operator;

“(ii) less than 400 feet above the
ground;

“(iii) during daylight conditions;

“(iv) within Class G airspace; and

“(v) outside of 5 statute miles from
any airport, heliport, seaplane base, space-
port, or other location with aviation activi-
ties.

“(d) DATA MINIMIZATION FOR CERTAIN PUBLIC UN-
MANNED AIRCRAFT SYSTEM OPERATORS.—Not later than
180 days after the date of enactment of the Federal Aviation
Administration Reauthorization Act of 2016 each Federal agency authorized by the Secretary to operate an unmanned aircraft system shall develop and update a data minimization policy that requires, at a minimum, that—

“(1) prior to the deployment of any new unmanned aircraft system technology, and at least every 3 years, existing policies and procedures relating to the collection, use, retention, and dissemination of information obtained by an unmanned aircraft system must be examined to ensure that privacy, civil rights, and civil liberties are protected;

“(2) if the unmanned aircraft system is the platform for information collection, information must be collected, used, retained, and disseminated consistent with the Constitution, Federal law, and other applicable regulations and policies, such as the Privacy Act of 1974 (5 U.S.C. 552a);

“(3) the Federal agency or person operating on its behalf, only collect information using the unmanned aircraft system, or use unmanned aircraft system-collected information, to the extent that the collection or use is consistent with and relevant to an authorized purpose as determined by the head of a Federal agency and consistent with the law;
“(4) any information collected, using an unmanned aircraft or an unmanned aircraft system, that may contain personal information will not be retained by any Federal agency for more than 180 days after the date of collection unless—

“(A) the head of the Federal agency determines that retention of the information is directly relevant and necessary to accomplish the specific purpose for which the Federal agency used the unmanned aircraft system;

“(B) that Federal agency maintains the information in a system of records under section 552a of title 5; or

“(C) the information is required to be retained for a longer period under other applicable law, including regulations;

“(5) any information collected, using an unmanned aircraft or unmanned aircraft system, that is not maintained in a system of records under section 552a of title 5, will not be disseminated outside of that Federal agency unless—

“(A) dissemination is required by law; or

“(B) dissemination satisfies an authorized purpose and complies with that Federal agency’s disclosure requirements;
“(6) to the extent it does not compromise law enforce-
ment or national security a Federal agency shall—

“(A) provide notice to the public regarding where in the national airspace system the Fed-
eral agency is authorized to operate the un-
manned aircraft system;

“(B) keep the public informed about the Federal agency’s unmanned aircraft system pro-
gram, including any changes to that program that would significantly affect privacy, civil
rights, or civil liberties;

“(C) make available to the public, on an annual basis, a general summary of the Federal agency’s unmanned aircraft system operations during the previous fiscal year, including—

“(i) a brief description of types or categories of missions flown; and

“(ii) the number of times the Federal agency provided assistance to other agencies or to State, local, tribal, or territorial gov-
ernments; and

“(D) make available on a public and searchable Internet website the data minimiza-
tion policy of the Federal agency;
“(7) ensures oversight of the Federal agency’s unmanned aircraft system use, including—

“(A) the use of audits or assessments that comply with existing Federal agency policies and regulations;

“(B) the verification of the existence of rules of conduct and training for Federal Government personnel and contractors who work on programs, and procedures for reporting suspected cases of misuse or abuse of unmanned aircraft system technologies;

“(C) the establishment of policies and procedures, or confirmation that policies and procedures are in place, that provide meaningful oversight of individuals who have access to sensitive information, including personal information, collected using an unmanned aircraft system;

“(D) ensuring that any data-sharing agreements or policies, data use policies, and record management policies applicable to an unmanned aircraft system conform to applicable laws, regulations, and policies;

“(E) the establishment of policies and procedures, or confirmation that policies and procedures are in place, to authorize the use of an un-
manned aircraft system in response to a request
for unmanned aircraft system assistance in sup-
port of Federal, State, local, tribal, or territorial
government operations; and

“(F) a requirement that State, local, tribal,
and territorial government recipients of Federal
grant funding for the purchase or use of un-
manned aircraft systems for their own oper-
ations have in place policies and procedures to
safeguard individuals’ privacy, civil rights, and
civil liberties prior to expending such funds; and

“(8) ensures the protection of civil rights and
civil liberties, including—

“(A) ensuring that policies are in place to
prohibit the collection, use, retention, or dissemi-
nation of data in any manner that would violate
the First Amendment or in any manner that
would discriminate against persons based upon
their ethnicity, race, gender, national origin, re-
ligion, sexual orientation, or gender identity, in
violation of law;

“(B) ensuring that unmanned aircraft sys-
tem activities are performed in a manner con-
sistent with the Constitution and applicable
laws, Executive Orders, and other Presidential directives; and

“(C) ensuring that adequate procedures are in place to receive, investigate, and address, as appropriate, privacy, civil rights, and civil liberties complaints.

“(e) LAW ENFORCEMENT AND NATIONAL SECURITY.—Each Federal agency shall effectuate a requirement under subsection (d) only to the extent it does not compromise law enforcement or national security.

“(f) DEFINITION OF FEDERAL AGENCY.—In subsections (d) and (e), the term ‘Federal agency’ has the meaning given the term ‘agency’ in section 552(f) of title 5, United States Code.”.

(b) TECHNICAL AND CONFORMING AMENDMENTS.—

(1) TABLE OF CONTENTS.—The table of contents for chapter 448, as amended by section 2127 of this Act, is further amended by inserting after the item relating to section 44806 the following:

“44807. Public unmanned aircraft systems.”.

(2) PUBLIC UNMANNED AIRCRAFT SYSTEMS.—
Section 334 of the FAA Modernization and reform Act of 2012 (49 U.S.C. 40101 note) and the item relating to that section in the table of contents under section 1(b) of that Act (126 Stat. 13) are repealed.
SEC. 2129. SPECIAL RULES FOR MODEL AIRCRAFT.

(a) IN GENERAL.—Chapter 448, as amended by section 2128 of this Act, is further amended by inserting after section 44807 the following:

“§ 44808. Special rules for model aircraft

“(a) IN GENERAL.—Notwithstanding any other provision of law relating to the incorporation of unmanned aircraft systems into Federal Aviation Administration plans and policies, including this chapter, the Administrator of the Federal Aviation Administration may not promulgate any new rule or regulation specific only to an unmanned aircraft operating as a model aircraft if—

“(1) the aircraft is flown strictly for hobby or recreational use;

“(2) the aircraft is operated in accordance with a community-based set of safety guidelines and within the programming of a nationwide community-based organization;

“(3) not flown beyond visual line of sight of persons co-located with the operator or in direct communication with the operator;

“(4) the aircraft is operated in a manner that does not interfere with and gives way to any manned aircraft;

“(5) when flown within 5 miles of an airport, the operator of the aircraft provides the airport oper-
ator, where applicable, and the airport air traffic control tower (when an air traffic facility is located at the airport) with prior notice and receives approval from the tower, to the extent practicable, for the operation from each (model aircraft operators flying from a permanent location within 5 miles of an airport should establish a mutually agreed upon operating procedure with the airport operator and the airport air traffic control tower (when an air traffic facility is located at the airport));

“(6) the aircraft is flown from the surface to not more than 400 feet in altitude, except under special conditions and programs established by a community-based organization; and

“(7) the operator has passed an aeronautical knowledge and safety test administered by the Federal Aviation Administration online for the operation of unmanned aircraft systems subject to the requirements of section 44809 and maintains proof of test passage to be made available to the Administrator or law enforcement upon request.

“(b) UPDATES.—

“(1) IN GENERAL.—The Administrator, in collaboration with government and industry stakeholders, including nationwide community-based orga-
nizations, shall initiate a process to update the operational parameters under subsection (a), as appropriate.

“(2) CONSIDERATIONS.—In updating an operational parameter under paragraph (1), the Administrator shall consider—

“(A) appropriate operational limitations to mitigate aviation safety risk and risk to the uninvolved public;

“(B) operations outside the membership, guidelines, and programming of a nationwide community-based organization;

“(C) physical characteristics, technical standards, and classes of aircraft operating under this section;

“(D) trends in use, enforcement, or incidents involving unmanned aircraft systems; and

“(E) ensuring, to the greatest extent practicable, that updates to the operational parameters correspond to, and leverage, advances in technology.

“(3) SAVINGS CLAUSE.—Nothing in this subsection shall be construed as expanding the authority of the Administrator to require operators of model aircraft under the exemption of this subsection to be
required to seek permissive authority of the Administrator prior to operation in the national airspace system.

“(c) STATUTORY CONSTRUCTION.—Nothing in this section shall be construed to limit the authority of the Administrator to pursue enforcement action against persons operating model aircraft.

“(d) MODEL AIRCRAFT DEFINED.—In this section, the term ‘model aircraft’ means an unmanned aircraft that—

“(1) is capable of sustained flight in the atmosphere; and

“(2) is limited to weighing not more than 55 pounds, including the weight of anything attached to or carried by the aircraft, unless otherwise approved through a design, construction, inspection, flight test, and operational safety program administered by a community-based organization.”.

(b) TECHNICAL AND CONFORMING AMENDMENTS.—

(1) TABLE OF CONTENTS.—The table of contents for chapter 448, as amended by section 2128 of this Act, is further amended by inserting after the item relating to section 44807 the following:

“44808. Special rules for model aircraft.”.

(2) SPECIAL RULE FOR MODEL AIRCRAFT.—Section 336 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note) and the item relating
to that section in the table of contents under section 1(b) of that Act (126 Stat. 13) are repealed.

**SEC. 2130. UNMANNED AIRCRAFT SYSTEMS AERONAUTICAL KNOWLEDGE AND SAFETY.**

(a) IN GENERAL.—Chapter 448, as amended by section 2129 of this Act, is further amended by inserting after section 44808 the following:

“§ 44809. Aeronautical knowledge and safety test

“(a) IN GENERAL.—An individual may not operate an unmanned aircraft system unless—

“(1) the individual has successfully completed an aeronautical knowledge and safety test under subsection (c);

“(2) the individual has authority to operate an unmanned aircraft under other Federal law; or

“(3) the individual is a holder of an airmen certificate issued under section 44703.

“(b) EXCEPTION.—This section shall not apply to the operation of an unmanned aircraft system that has been authorized by the Federal Aviation Administration under section 44802, 44805, 44806, or 44807. The Administrator may waive the requirements of this section for operators of aircraft weighing less than 0.55 pounds or for operators under the age of 13 operating the unmanned aircraft system.
under the supervision of an adult as determined by the Administrator.

“(c) Aeronautical Knowledge and Safety Test.—Not later than 180 days after the date of enactment of the Federal Aviation Administration Reauthorization Act of 2016, the Administrator of the Federal Aviation Administration, in consultation with manufacturers of unmanned aircraft systems, other industry stakeholders, and community-based aviation organizations, shall develop an aeronautical knowledge and safety test that can be administered electronically.

“(d) Requirements.—The Administrator shall ensure that the aeronautical knowledge and safety test is designed to adequately demonstrate an operator’s—

“(1) understanding of aeronautical safety knowledge, as applicable; and

“(2) knowledge of Federal Aviation Administration regulations and requirements pertaining to the operation of an unmanned aircraft system in the national airspace system.

“(e) Record of Compliance.—

“(1) In General.—Each operator of an unmanned aircraft system described under subsection (a) shall maintain and make available for inspection, upon request by the Administrator or a Federal,
State, or local law enforcement officer, a record of compliance with this section through—

“(A) an identification number, issued by the Federal Aviation Administration certifying passage of the aeronautical knowledge and safety test;

“(B) if the individual has authority to operate an unmanned aircraft system under other Federal law, the requisite proof of authority under that law; or

“(C) an airmen certificate issued under section 44703.

“(2) COORDINATION.—The Administrator may coordinate the identification number under paragraph (1)(A) with an operator’s registration number to the extent practicable.

“(3) LIMITATION.—No fine or penalty may be imposed for the initial failure of an operator of an unmanned aircraft system to comply with paragraph (1) unless the Administrator finds that the conduct of the operator actually posed a risk to the national airspace system.”.

(b) TABLE OF CONTENTS.—The table of contents for chapter 448, as amended by section 2129 of this Act, is fur-
ther amended by inserting after the item relating to section 44808 the following:

“44809. Aeronautical knowledge and safety test.”.

SEC. 2131. SAFETY STATEMENTS.

(a) In General.—Chapter 448, as amended by section 2130 of this Act, is further amended by inserting after section 44809 the following:

“§ 44810. Safety statements

“(a) Prohibition.—Beginning on the date that is 1 year after the date of publication of the guidance under subsection (b)(1), it shall be unlawful for any person to introduce or deliver for introduction into interstate commerce any unmanned aircraft manufactured unless a safety statement is attached to the unmanned aircraft or accompanying the unmanned aircraft in its packaging.

“(b) Safety Statement.—

“(1) In General.—Not later than 1 year after the date of enactment of the Federal Aviation Administration Reauthorization Act of 2016, the Administrator of the Federal Aviation Administration shall issue guidance for implementing this section.

“(2) Requirements.—A safety statement described in subsection (a) shall include—

“(A) information about laws and regulations applicable to unmanned aircraft systems;
“(B) recommendations for using unmanned aircraft in a manner that promotes the safety of persons and property;

“(C) the date that the safety statement was created or last modified; and

“(D) language approved by the Administrator regarding the following:

“(i) A person may operate the unmanned aircraft as a model aircraft (as defined in section 44808) or otherwise in accordance with Federal Aviation Administration authorization or regulation, including requirements for the completion of the aeronautical knowledge and safety test under section 44809.

“(ii) The definition of a model aircraft under section 44808.

“(iii) The requirements regarding a model aircraft under paragraphs (1) through (7) of section 44808(a).

“(iv) The Administrator of the Federal Aviation Administration may pursue enforcement action against a person operating model aircraft who endangers the safety of the national airspace system.
“(c) **Civil Penalty.**—A person who violates subsection (a) shall be liable for each violation to the United States Government for a civil penalty described in section 46301(a).”.

(b) **Table of Contents.**—The table of contents for chapter 448, as amended by section 2130 of this Act, is further amended by inserting after the item relating to section 44809 the following:

“44810. Safety statements.”.

**SEC. 2132. TREATMENT OF UNMANNED AIRCRAFT OPERATING UNDERGROUND.**

An unmanned aircraft system that is operated underground for mining purposes shall not be subject to regulation or enforcement by the Federal Aviation Administration under chapter 448 of title 49, United States Code.

**SEC. 2133. ENFORCEMENT.**

(a) **UAS Safety Enforcement.**—The Administrator of the Federal Aviation Administration shall establish a program to utilize available remote detection and identification technologies for safety oversight, including enforcement actions against operators of unmanned aircraft systems that are not in compliance with applicable Federal aviation laws, including regulations.

(b) **Civil Penalties.**—

(1) **In General.**—Section 46301 is amended—
(A) in subsection (a)(1)(A), by inserting “chapter 448,” after “chapter 447 (except sections 44717 and 44719–44723),”;

(B) in subsection (a)(5), by inserting “chapter 448,” after “chapter 447 (except sections 44717–44723),”;

(C) in subsection (d)(2), by inserting “chapter 448,” after “chapter 447 (except sections 44717 and 44719–44723),”;

and

(D) in subsection (f), by inserting “chapter 448,” after “chapter 447 (except 44717 and 44719–44723),”.

(2) Rule of construction.—Nothing in this subsection shall be construed to limit the authority of the Administrator to pursue an enforcement action for a violation of this Act, a regulation prescribed or order or authority issued under this Act, or any other applicable provision of aviation safety law or regulation.

(c) Reporting.—As part of the program, the Administrator shall establish and publicize a mechanism for the public and Federal, State, and local law enforcement to report a suspected abuse or a violation of chapter 448 of title 49, United States Code, for enforcement action.
(d) AUTHORIZATION OF APPROPRIATIONS.—To carry out this section, there is authorized to be appropriated $5,000,000 for each of the fiscal years 2016 through 2017.

SEC. 2134. AVIATION EMERGENCY SAFETY PUBLIC SERVICES DISRUPTION.

(a) IN GENERAL.—Chapter 463 is amended—

(1) in section 46301(d)(2), by inserting “section 46320,” after “section 46319,”; and

(2) by adding at the end the following:

“§46320. Interference with firefighting, law enforcement, or emergency response activities

“(a) PROHIBITION.—No person may operate an aircraft so as to interfere with firefighting, law enforcement, or emergency response activities.

“(b) DEFINITION.—For purposes of this section, an aircraft interferes with the activities specified in subsection (a) when its operation prevents the initiation of, interrupts, or endangers a person or property engaged in those activities.

“(c) CIVIL PENALTY.—A person violating subsection (a) shall be liable for a civil penalty of not more than $20,000.

“(d) COMPROMISE AND SETOFF.—The United States Government may deduct the amount of a civil penalty im-
posed or compromised under this section from the amounts the Government owes the person liable for the penalty.”.

(b) Table of Contents.—The table of contents for chapter 463 is amended by inserting after the item relating to section 46319 the following:

“46320. Interference with firefighting, law enforcement, or emergency response activities.”.

SEC. 2135. PILOT PROJECT FOR AIRPORT SAFETY AND AIRSPACE HAZARD MITIGATION.

(a) In General.—The Administrator of the Federal Aviation Administration shall carry out a pilot program for airspace hazard mitigation at airports and other critical infrastructure.

(b) Consultation.—In carrying out the pilot program under subsection (a), the Administrator shall work with the Secretary of Defense, Secretary of Homeland Security, and the heads of relevant Federal agencies for the purpose of ensuring technologies that are developed, tested, or deployed by those departments and agencies to mitigate threats posed by errant or hostile unmanned aircraft system operations do not adversely impact or interfere with safe airport operations, navigation, and air traffic services.

(c) Authorization of Appropriations.—There is authorized to be appropriated from the Airport and Airway Trust Fund to carry out this section $6,000,000, to remain available until expended.
SEC. 2136. CONTRIBUTION TO FINANCING OF REGULATORY FUNCTIONS.

(a) In General.—Chapter 448, as amended by section 2131 of this Act, is further amended by inserting after section 44810 the following:

§44811. Regulatory and administrative fees

(a) In General.—Subject to subsection (b), the Administrator may assess and collect regulatory and administrative fees to recover the costs of regulatory and administrative activities under this chapter related to authorization to operate unmanned aircraft systems for compensation or hire, or in the furtherance of a business enterprise.

(b) Limitations.—Fees authorized under subsection (a) shall be reasonable, cost-based relative to the regulatory or administrative activity, and may not be discriminatory or a deterrent to compliance.

(c) Receipts Credited to Account.—Notwithstanding section 3302 of title 31, all fees and amounts collected under this section shall be credited to the separate account established under section 45303(c). Section 41742 shall not apply to fees and amounts collected under this section.

(d) Regulations.—Not later than 1 year after the date of enactment of the Federal Aviation Administration Reauthorization Act of 2016, the Administrator shall issue regulations to carry out this section.”.

†HR 636 EAS
(b) Table of Contents.—The table of contents for chapter 448, as amended by section 2131 of this Act, is further amended by inserting after the item relating to section 44810 the following:

“44811. Regulatory and administrative fees.”

SEC. 2137. SENSE OF CONGRESS REGARDING SMALL UAS RULEMAKING.

It is the sense of the Congress that the Administrator of the Federal Aviation Administration and Secretary of Transportation should take every necessary action to expedite final action on the notice of proposed rulemaking dated February 23, 2015 (80 Fed. Reg. 9544), entitled “Operation and Certification of Small Unmanned Aircraft Systems”.

SEC. 2138. UNMANNED AIRCRAFT SYSTEMS TRAFFIC MANAGEMENT.

(a) Research Plan for UTM Development.—

(1) In general.—The Administrator of the Federal Aviation Administration, in coordination with the Administrator of the National Aeronautics and Space Administration, shall develop a research plan for unmanned aircraft systems traffic management (referred to in this section as “UTM”) development.

(2) Requirements.—In developing the research plan under paragraph (1), the Administrator shall—

(A) identify research goals related to:
(i) operational parameters related to altitude, geographic coverage, classes of airspace, and critical infrastructure;
(ii) avionics capability requirements or standards;
(iii) operator identification and authentication requirements and capabilities;
(iv) communication protocols with air traffic control facilities that will not interfere with existing responsibility to deconflict manned aircraft in the national airspace system;
(v) collision avoidance requirements;
(vi) separation standards for manned and unmanned aircraft; and
(vii) spectrum needs;
(B) evaluate options for the administration and management structure for the traffic management of low altitude operations of small unmanned aircraft systems; and
(C) ensure the plan is consistent with the broader Federal Aviation Administration regulatory and operational framework encompassing all unmanned aircraft systems operations ex-
pected to be authorized in the national airspace system.

(3) ASSESSMENT.—The research plan under paragraph (1) shall include an assessment of—

(A) the ability to allow near-term small unmanned aircraft system operations without need of an automated UTM system;

(B) the full range of operational capability any automated UTM system should possess;

(C) the operational characteristics and metrics that would drive incremental adoption of automated capability and procedures consistent with a rising aggregate community demand for service for low altitude operations of small unmanned aircraft systems; and

(D) the integration points for small unmanned aircraft system traffic management with the existing national airspace system planning and traffic management systems.

(4) DEADLINES.—The Administrator shall—

(A) initiate development of the research plan not later than 90 days after the date of enactment of this Act; and

(B) not later than 180 days after the date of enactment of this Act—
(i) complete the research plan;

(ii) submit the research plan to the appropriate committees of Congress; and

(iii) publish the research plan on the Federal Aviation Administration’s Web site.

(b) PILOT PROGRAM.—

(1) IN GENERAL.—Not later than 120 days after the date the research plan under subsection (a) is submitted under paragraph (4)(B) of that subsection, the Administrator of the Federal Aviation Administration shall coordinate with the Administrator of the National Aeronautics and Space Administration and the small unmanned aircraft systems industry to develop operational concepts and top-level system requirements for a UTM system pilot program, consistent with subsection (a).

(2) SOLICITATION.—The Administrator shall issue a solicitation for operational prototype systems that meet the necessary objectives for use in a pilot program to demonstrate, validate, or modify, as appropriate, the requirements developed under paragraph (1).

(c) COMPREHENSIVE PLAN.—

(1) IN GENERAL.—Not later than 270 days after the date the pilot program under subsection (b) is
complete, the Administrator of the Federal Aviation Administration, in coordination with the Administrator of the National Aeronautics and Space Administration, and in consultation with the head of each relevant Federal agency, shall develop a comprehensive plan for the deployment of UTM systems in the national airspace.

(2) SYSTEM REQUIREMENTS.—The comprehensive plan under paragraph (1) shall include requirements or standards consistent with established or planned rulemaking for, at a minimum—

(A) the flight of small unmanned aircraft systems in controlled and uncontrolled airspace;

(B) communications, as applicable—

(i) among small unmanned aircraft systems;

(ii) between small unmanned aircraft systems and manned aircraft operating in the same airspace; and

(iii) between small unmanned aircraft systems and air traffic control as considered necessary; and

(C) air traffic management for small unmanned aircraft systems operations.
(d) **SYSTEM IMPLEMENTATION.**—Based on the comprehensive plan under subsection (c), including the requirements under paragraph (2) of that subsection, and the pilot program under subsection (b), the Administrator shall determine the operational need and implementation schedule for evolutionary use of automation support systems to separate and deconflict manned and unmanned aircraft systems.

SEC. 2139. EMERGENCY EXEMPTION PROCESS.

(a) **IN GENERAL.**—Not later than 90 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall publish guidance for applications for, and procedures for the processing of, on an emergency basis, exemptions or certificates of authorization or waiver for the use of unmanned aircraft systems by civil or public operators in response to a catastrophe, disaster, or other emergency to facilitate emergency response operations, such as firefighting, search and rescue, and utility and infrastructure restoration efforts. This guidance shall outline procedures for operations under both sections 44805 and 44807, of title 49, United States Code, with priority given to applications for public unmanned aircraft systems engaged in emergency response activities.

(b) **REQUIREMENTS.**—In providing guidance under subsection (a), the Administrator shall—
(1) make explicit any safety requirements that must be met for the consideration of applications that include requests for beyond visual line of sight, nighttime operations, or the suspension of otherwise applicable operating restrictions, consistent with public interest and safety; and

(2) explicitly state the procedures for coordinating with an incident commander, if any, to ensure operations granted under procedures developed under subsection (a) do not interfere with manned catastrophe, disaster, or other emergency response operations or otherwise impact response efforts.

(c) REVIEW.—In processing applications on an emergency basis for exemptions or certificates of authorization or waiver for unmanned aircraft systems operations in response to a catastrophe, disaster, or other emergency, the Administrator of the Federal Aviation Administration shall act on such applications as expeditiously as practicable and without requiring public notice and comment.

SEC. 2140. PUBLIC UAS OPERATIONS BY TRIBAL GOVERNMENTS.

(a) Public UAS Operations by Tribal Governments.—Section 40102(a)(41) is amended by adding at the end the following:
“(F) An unmanned aircraft that is owned and operated by or exclusively leased for at least 90 consecutive days by an Indian tribal government (as defined in section 102 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122)), except as provided in section 40125(b).”.

(b) CONFORMING AMENDMENT.—Section 40125(b) is amended by striking “or (D)” and inserting “(D), or (F)”.

SEC. 2141. CARRIAGE OF PROPERTY BY SMALL UNMANNED AIRCRAFT SYSTEMS FOR COMPENSATION OR HIRE.

(a) IN GENERAL.—Chapter 448, as amended by section 2136 of this Act, is further amended by adding after section 44811 the following:

“§44812. Carriage of property by small unmanned aircraft systems for compensation or hire

“(a) IN GENERAL.—Not later than 2 years after the date of enactment of this section, the Secretary of Transportation shall issue a final rule authorizing the carriage of property by operators of small unmanned aircraft systems for compensation or hire within the United States.

“(b) CONTENTS.—The final rule required under subsection (a) shall provide for the following:
“(1) **Small UAS Air Carrier Certificate.**—

The Administrator of the Federal Aviation Administration, at the direction of the Secretary, shall establish a certificate (to be known as a ‘small UAS air carrier certificate’) for persons that undertake directly, by lease, or other arrangement the operation of small unmanned aircraft systems to carry property in air transportation, including commercial fleet operations with highly automated unmanned aircraft systems. The requirements to operate under a small UAS air carrier certificate shall—

“(A) consider the unique characteristics of highly automated, small unmanned aircraft systems; and

“(B) include requirements for the safe operation of small unmanned aircraft systems that, at a minimum, address—

“(i) airworthiness of small unmanned aircraft systems;

“(ii) qualifications for operators and the type and nature of the operations; and

“(iii) operating specifications governing the type and nature of the unmanned aircraft system air carrier operations.
“(2) SMALL UAS AIR CARRIER CERTIFICATION

PROCESS.—The Administrator, at the direction of the Secretary, shall establish a process for the issuance of small UAS air carrier certificates established pursuant to paragraph (1) that is performance-based and ensures required safety levels are met. Such certification process shall consider—

“(A) safety risks and the mitigation of those risks associated with the operation of highly automated, small unmanned aircraft around other manned and unmanned aircraft, and over persons and property on the ground;

“(B) the competencies and compliance programs of manufacturers, operators, and companies that manufacture, operate, or both small unmanned aircraft systems and components; and

“(C) compliance with the requirements established pursuant to paragraph (1).

“(3) SMALL UAS AIR CARRIER CLASSIFICATION.—The Secretary shall develop a classification system for persons issued small UAS air carrier certificates pursuant to this subsection to establish economic authority for the carriage of property by small unmanned aircraft systems for compensation or hire. Such classification shall only require—
“(A) registration with the Department of Transportation; and

“(B) a valid small UAS air carrier certificate issued pursuant to this subsection.”.

(b) Table of Contents.—The table of contents for chapter 448, as amended by section 2136 of this Act, is further amended by adding after the item relating to section 44811 the following:

“44812. Carriage of property by small unmanned aircraft systems for compensation or hire.”.

SEC. 2142. COLLEGIATE TRAINING INITIATIVE PROGRAM FOR UNMANNED AIRCRAFT SYSTEMS.

(a) In General.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall establish a Collegiate Training Initiative program relating to unmanned aircraft systems by making new agreements or continuing existing agreements with institutions of higher education (as defined by the Administrator) under which the institutions prepare students for careers involving unmanned aircraft systems. The Administrator may establish standards for the entry of such institutions into the program and for their continued participation in the program.

(b) Unmanned Aircraft System Defined.—In this section, the term “unmanned aircraft system” has the
meaning given that term by section 44801 of title 49, United States Code, as added by section 2121 of this Act.

SEC. 2143. INCORPORATION OF FEDERAL AVIATION ADMINISTRATION OCCUPATIONS RELATING TO UNMANNED AIRCRAFT INTO VETERANS EMPLOYMENT PROGRAMS OF THE ADMINISTRATION.

Not later than 180 days after the date of the enactment of this Act, the Administrator of the Federal Aviation Administration, in consultation with the Secretary of Veterans Affairs, the Secretary of Defense, and the Secretary of Labor, shall determine whether occupations of the Administration relating to unmanned aircraft systems technology and regulations can be incorporated into the Veterans Employment Program of the Administration, particularly in the interaction between such program and the New Sights Work Experience Program and the Vet-Link Cooperative Education Program.

PART III—TRANSITION AND SAVINGS

PROVISIONS

SEC. 2151. SENIOR ADVISOR FOR UNMANNED AIRCRAFT SYSTEMS INTEGRATION.

(a) In general.—There shall be in the Federal Aviation Administration a Senior Advisor for Unmanned Aircraft Systems Integration.
(b) QUALIFICATIONS.—The Senior Advisor for Unmanned Aircraft Systems Integration shall have a demonstrated ability in management and knowledge of or experience in aviation.

(c) RESPONSIBILITIES.—Unless otherwise determined by the Administrator of the Federal Aviation Administration—

(1) the Senior Advisor shall report directly to the Deputy Administrator of the Federal Aviation Administration; and

(2) the responsibilities of the Senior Advisor shall include the following:

(A) Providing advice to the Administrator and Deputy Administrator related to the integration of unmanned aircraft systems into the national airspace system.

(B) Reviewing and evaluating Federal Aviation Administration policies, activities, and operations related to unmanned aircraft systems.

(C) Facilitating coordination and collaboration among components of the Federal Aviation Administration with respect to activities related to unmanned aircraft systems integration.

(D) Interacting with Congress, and Federal, State, or local agencies, and stakeholder organi-
zations whose operations and interests are affected by the activities of the Federal Aviation Administration on matters related to unmanned aircraft systems integration.

SEC. 2152. EFFECT ON OTHER LAWS.

(a) Federal Preemption.—No State or political subdivision of a State may enact or enforce any law, regulation, or other provision having the force and effect of law relating to the design, manufacture, testing, licensing, registration, certification, operation, or maintenance of an unmanned aircraft system, including airspace, altitude, flight paths, equipment or technology requirements, purpose of operations, and pilot, operator, and observer qualifications, training, and certification.

(b) Preservation of State and Local Authority.—Nothing in this subtitle shall be construed to limit a State or local government’s authority to enforce Federal, State, or local laws relating to nuisance, voyeurism, privacy, data security, harassment, reckless endangerment, wrongful death, personal injury, property damage, or other illegal acts arising from the use of unmanned aircraft systems if such laws are not specifically related to the use of an unmanned aircraft system.

(c) No Preemption of Common Law or Statutory Causes of Action.—Nothing in this subtitle, nor any
standard, rule, requirement, standard of performance, safety determination, or certification implemented pursuant to this subtitle, shall be construed to preempt, displace, or supplant any State or Federal common law rights or any State or Federal statute creating a remedy for civil relief, including those for civil damage, or a penalty for a criminal conduct. Notwithstanding any other provision of this subtitle, nothing in this subtitle, nor any amendments made by this subtitle, shall preempt or preclude any cause of action for personal injury, wrongful death, property damage, or other injury based on negligence, strict liability, products liability, failure to warn, or any other legal theory of liability under any State law, maritime law, or Federal common law or statutory theory.

**SEC. 2153. SPECTRUM.**

(a) In General.—Small unmanned aircraft systems may operate wireless control link, tracking, diagnostics, payload communication, and collaborative-collision avoidance, such as vehicle-to-vehicle communication, and other uses, if permitted by and consistent with the Communications Act of 1934 (47 U.S.C. 151 et seq.), Federal Communications Commission rules, and the safety-of-life determination made by the Federal Aviation Administration, and with carrier consent, whether they are operating within
the UTM system under section 2138 of this Act or outside such a system.

(b) REPORT.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration, the National Telecommunications and Information Administration, and the Federal Communications Commission, shall submit to the Committee on Commerce, Science, and Transportation of the Senate, the Committee on Transportation and Infrastructure of the House of Representatives, and the Committee on Energy and Commerce of the House of Representatives a report—

(1) on whether small unmanned aircraft systems operations should be permitted to operate on spectrum designated for aviation use, on an unlicensed, shared, or exclusive basis, for operations within the UTM system or outside of such a system;

(2) that addresses any technological, statutory, regulatory, and operational barriers to the use of such spectrum; and

(3) that, if it is determined that spectrum designated for aviation use is not suitable for operations by small unmanned aircraft systems, includes recommendations of other spectrum frequencies that may be appropriate for such operations.
SEC. 2154. APPLICATIONS FOR DESIGNATION.

(a) APPLICATIONS FOR DESIGNATION.—Not later than 180 days after the date of enactment of this Act, the Secretary of Transportation shall establish a process to allow applicants to petition the Administrator of the Federal Aviation Administration to prohibit or otherwise limit the operation of an aircraft, including an unmanned aircraft, over, under, or within a specified distance from a fixed site facility.

(b) REVIEW PROCESS.—

(1) APPLICATION PROCEDURES.—

(A) IN GENERAL.—The Administrator shall establish the procedures for the application for designation under subsection (a).

(B) REQUIREMENTS.—The procedures shall—

(i) allow individual fixed site facility applications; and

(ii) allow for a group of similar facilities to apply for a collective designation.

(C) CONSIDERATIONS.—In establishing the procedures, the Administrator shall consider how the process will apply to—

(i) critical infrastructure, such as energy production, transmission, and distribution facilities and equipment;
(ii) oil refineries and chemical facilities;

(iii) amusement parks; and

(iv) other locations that may benefit from such restrictions.

(2) DETERMINATION.—

(A) IN GENERAL.—The Secretary shall provide for a determination under the review process established under subsection (a) not later than 90 days from the date of application, unless the applicant is provided with written notice describing the reason for the delay.

(B) AFFIRMATIVE DESIGNATIONS.—An affirmative designation shall outline—

(i) the boundaries for unmanned aircraft operation near the fixed site facility; and

(ii) such other limitations that the Administrator determines may be appropriate.

(C) CONSIDERATIONS.—In making a determination whether to grant or deny an application for a designation, the Administrator may consider—

(i) aviation safety;
(ii) personal safety of the uninvolved public;

(iii) national security; or

(iv) homeland security.

(D) Opportunity for resubmission.—If an application is denied and the applicant can reasonably address the reason for the denial, the Administrator may allow the applicant to reapply for designation.

(c) Public information.—Designations under subsection (a) shall be published by the Federal Aviation Administration on a publicly accessible website.

SEC. 2155. USE OF UNMANNED AIRCRAFT SYSTEMS AT INSTITUTIONS OF HIGHER EDUCATION.

(a) In general.—Not later than 270 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall establish procedures and standards, as applicable, to facilitate the safe operation of unmanned aircraft systems by institutions of higher education, including faculty, students, and staff.

(b) Standards.—The procedures and standards required under subsection (a) shall outline risk-based operational parameters to ensure the safety of the national airspace system and the uninvolved public that facilitates the
use of unmanned aircraft systems for educational or re-
search purposes.

(c) UNMANNED AIRCRAFT SYSTEM APPROVAL.—The
procedures required under subsection (a) shall allow un-
manned aircraft systems operated under this section to be
modified for research purposes without iterative approval
from the Administrator.

(d) ADDITIONAL PROCEDURES.—The Administrator
shall establish a procedure to provide for streamlined, risk-
based operational approval for unmanned aircraft systems
operated by institutions of higher education, including fac-
ulty, students, and staff, outside of the parameters or pur-
poses set forth in subsection (b).

(e) DEADLINES.—

(1) IN GENERAL.—If, by the date that is 270
days after the date of enactment of this Act, the Ad-
ministrator has not set forth standards and proce-
dures required under subsections (a), (b), and (c), an
institution of higher education may—

(A) without specific approval from the Fed-
eral Aviation Administration, operate small un-
manned aircraft at model aircraft fields ap-
proved by the Academy of Model Aeronautics
and with the permission of the local club of the
Academy of Model Aeronautics; and
(B) submit to the Federal Aviation Administration applications for approval of the institution’s designation of 1 or more outdoor flight fields.

(2) CONSEQUENCE OF FAILURE TO APPROVE.—If the Administrator does not take action with respect to an application submitted under paragraph (1)(B) within 30 days of the submission of the application, the failure to do so shall be treated as approval of the application.

(f) DEFINITIONS.—In this section:

(1) INSTITUTION OF HIGHER EDUCATION.—The term “institution of higher education” has the meaning given that term by section 101(a) of the Higher Education Act of 1965 (20 U.S.C. 1001(a)).

(2) UNMANNED AIRCRAFT SYSTEM.—The term “unmanned aircraft system” has the meaning given the term in section 44801 of title 49, United States Code, as added by section 2121 of this Act.

(3) EDUCATIONAL OR RESEARCH PURPOSES.—The term “educational or research purposes”, with respect to the operation of an unmanned aircraft system by an institution of higher education, includes—

(A) instruction of students at the institution;
(B) academic or research related use of unmanned aircraft systems by student organizations recognized by the institution, if such use has been approved by the institution;

(C) activities undertaken by the institution as part of research projects, including research projects sponsored by the Federal Government; and

(D) other academic activities at the institution, including general research, engineering, and robotics.

SEC. 2156. TRANSITION LANGUAGE.

(a) REGULATIONS.—Notwithstanding the repeals under sections 2122(b)(2), 2125(b)(2), 2126(b)(2), 2128(b)(2), and 2129(b)(2) of this Act, all orders, determinations, rules, regulations, permits, grants, and contracts, which have been issued under any law described under subsection (b) of this section on or before the effective date of this Act shall continue in effect until modified or revoked by the Secretary of Transportation, acting through the Administrator of the Federal Aviation Administration, as applicable, by a court of competent jurisdiction, or by operation of law other than this Act.

(b) LAWS DESCRIBED.—The laws described under this subsection are as follows:
(1) Section 332(c) of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note).

(2) Section 332(d) of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note).

(3) Section 333 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 40101 note).

(c) EFFECT ON PENDING PROCEEDINGS.—This Act shall not affect administrative or judicial proceedings pending on the effective date of this Act.

PART IV—OPERATOR SAFETY

SEC. 2161. SHORT TITLE.

This part may be cited as the “Drone Operator Safety Act”.

SEC. 2162. FINDINGS; SENSE OF CONGRESS.

(a) FINDING.—Congress finds that educating operators of unmanned aircraft about the laws and regulations that govern such aircraft helps to ensure their safe operation.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the Administrator of the Federal Aviation Administration should continue to prioritize the education of operators
of unmanned aircraft through public outreach efforts like
the “Know Before You Fly” campaign.

SEC. 2163. UNSAFE OPERATION OF UNMANNED AIRCRAFT.
(a) In General.—Chapter 2 of title 18, United States
Code, is amended—

(1) in section 31—

(A) in subsection (a)—

(i) by redesignating paragraph (10) as
paragraph (11); and

(ii) by inserting after paragraph (9)
the following:

“(10) UNMANNED AIRCRAFT.—The term ‘un-
manned aircraft’ has the meaning given such term in
section 44801 of title 49.”; and

(B) in subsection (b), by inserting “‘air-
port’,” before “‘appliance’”; and

(2) by inserting after section 39A the following:

“§39B. Unsafe operation of unmanned aircraft

“(a) Offense.—Any person who operates an un-
manned aircraft and, in so doing, knowingly or recklessly
interferes with, or disrupts the operation of, an aircraft car-
rying 1 or more occupants operating in the special aircraft
jurisdiction of the United States, in a manner that poses
an imminent safety hazard to such occupants, shall be pun-
ished as provided in subsection (b).
“(b) **Penalty.**—

“(1) **In General.**—Except as provided in paragraph (2), the punishment for an offense under subsection (a) shall be a fine under this title, imprisonment for not more than 1 year, or both.

“(2) **Serious Bodily Injury or Death.**—Any person who attempts to cause, or knowingly or recklessly causes, serious bodily injury or death during the commission of an offense under subsection (a) shall be fined under this title, imprisoned for any term of years or for life, or both.

“(c) **Operation of Unmanned Aircraft in Close Proximity to Airports.**—

“(1) **In General.**—The operation of an unmanned aircraft within a runway exclusion zone shall be considered a violation of subsection (a) unless such operation is approved by the airport’s air traffic control facility or is the result of a circumstance, such as a malfunction, that could not have been reasonably foreseen or prevented by the operator.

“(2) **Runway Exclusion Zone Defined.**—In this subsection, the term ‘runway exclusion zone’ means a rectangular area—

“(A) centered on the centerline of an active runway of an airport immediately around which
the airspace is designated as class B, class C, or class D airspace at the surface under part 71 of title 14, Code of Federal Regulations; and

“(B) the length of which extends parallel to the runway’s centerline to points that are 1 statute mile from each end of the runway and the width of which is ¼ statute mile.”.

(b) CLERICAL AMENDMENT.—The table of sections for chapter 2 of title 18, United States Code, is amended by inserting after the item relating to section 39A the following:

“39B. Unsafe operation of unmanned aircraft.”.

Subtitle B—FAA Safety Certification Reform

PART I—GENERAL PROVISIONS

SEC. 2211. DEFINITIONS.

In this subtitle:

(1) ADMINISTRATOR.—The term “Administrator” means the Administrator of the Federal Aviation Administration.

(2) ADVISORY COMMITTEE.—The term “Advisory Committee” means the Safety Oversight and Certification Advisory Committee established under section 2212.

(3) FAA.—The term “FAA” means the Federal Aviation Administration.

† HR 636 EAS
(4) SECRETARY.—The term “Secretary” means the Secretary of Transportation.

(5) SYSTEMS SAFETY APPROACH.—The term “systems safety approach” means the application of specialized technical and managerial skills to the systematic, forward-looking identification and control of hazards throughout the lifecycle of a project, program, or activity.

SEC. 2212. SAFETY OVERSIGHT AND CERTIFICATION ADVISORY COMMITTEE.

(a) ESTABLISHMENT.—Not later than 60 days after the date of enactment of this Act, the Secretary shall establish a Safety Oversight and Certification Advisory Committee in accordance with this section.

(b) DUTIES.—The Advisory Committee shall provide advice to the Secretary on policy-level issues facing the aviation community that are related to FAA safety oversight and certification programs and activities, including the following:

(1) Aircraft and flight standards certification processes, including efforts to streamline those processes.

(2) Implementation and oversight of safety management systems.

(3) Risk-based oversight efforts.
(4) Utilization of delegation and designation authorities, including organization designation authorization.

(5) Regulatory interpretation standardization efforts.

(6) Training programs.

(7) Expediting the rulemaking process and prioritizing safety-related rules.

(8) Enhancing global competitiveness of U.S. manufactured and FAA type-certificate aircraft products and services throughout the world.

(c) FUNCTIONS.—In carrying out its duties under subsection (b) related to FAA safety oversight and certification programs and activities, the Advisory Committee shall—

(1) foster aviation stakeholder collaboration in an open and transparent manner;

(2) consult with, and ensure participation by—

(A) the private sector, including representatives of—

(i) general aviation;

(ii) commercial aviation;

(iii) aviation labor;

(iv) aviation, aerospace, and avionics manufacturing; and
(v) unmanned aircraft systems industry; and

(B) the public;

(3) recommend consensus national goals, strategic objectives, and priorities for the most efficient, streamlined, and cost-effective safety oversight and certification processes in order to maintain the safety of the aviation system while allowing the FAA to meet future needs and ensure that aviation stakeholders remain competitive in the global marketplace;

(4) provide policy recommendations for the FAA’s safety oversight and certification efforts;

(5) periodically review and provide recommendations regarding the FAA’s safety oversight and certification efforts;

(6) periodically review and evaluate registration, certification, and related fees;

(7) provide appropriate legislative, regulatory, and guidance recommendations for the air transportation system and the aviation safety regulatory environment;

(8) recommend performance objectives for the FAA and aviation industry;

(9) recommend performance metrics for the FAA and the aviation industry to be tracked and reviewed
as streamlining certification reform, flight standards reform, and regulation standardization efforts progress;

(10) provide a venue for tracking progress toward national goals and sustaining joint commitments;

(11) recommend recruiting, hiring, staffing levels, training, and continuing education objectives for FAA aviation safety engineers and aviation safety inspectors;

(12) provide advice and recommendations to the FAA on how to prioritize safety rulemaking projects;

(13) improve the development of FAA regulations by providing information, advice, and recommendations related to aviation issues;

(14) encourage the validation of U.S. manufactured and FAA type-certificate aircraft products and services throughout the world; and

(15) any other functions as determined appropriate by the chairperson of the Advisory Committee and the Administrator.

(d) MEMBERSHIP.—

(1) VOTING MEMBERS.—The Advisory Committee shall be composed of the following voting members:
(A) The Administrator, or the Administrator's designee.

(B) At least 1 representative, appointed by the Secretary, of each of the following:

(i) Aircraft and engine manufacturers.

(ii) Avionics and equipment manufacturers.

(iii) Aviation labor organizations, including collective bargaining representatives of FAA aviation safety inspectors and aviation safety engineers.

(iv) General aviation operators.

(v) Air carriers.

(vi) Business aviation operators.

(vii) Unmanned aircraft systems manufacturers and operators.

(viii) Aviation safety management experts.

(2) NONVOTING MEMBERS.—

(A) IN GENERAL.—In addition to the members appointed under paragraph (1), the Advisory Committee shall be composed of nonvoting members appointed by the Secretary from among individuals representing FAA safety oversight program offices.
(B) DUTIES.—A nonvoting member may—

(i) take part in deliberations of the Advisory Committee; and

(ii) provide input with respect to any report or recommendation of the Advisory Committee.

(C) LIMITATION.—A nonvoting member may not represent any stakeholder interest other than that of an FAA safety oversight program office.

(3) TERMS.—Each voting member and nonvoting member of the Advisory Committee shall be appointed for a term of 2 years.

(4) RULE OF CONSTRUCTION.—Public Law 104–65 (2 U.S.C. 1601 et seq.) may not be construed to prohibit or otherwise limit the appointment of any individual as a member of the Advisory Committee.

(e) COMMITTEE CHARACTERISTICS.—The Advisory Committee shall have the following characteristics:

(1) Each voting member under subsection (d)(1)(B) shall be an executive that has decision authority within the member’s organization and can represent and enter into commitments on behalf of that organization in a way that serves the entire
group of organizations that member represents under
that subsection.

(2) The ability to obtain necessary information
from experts in the aviation and aerospace commu-
nities.

(3) A membership size that enables the Advisory
Committee to have substantive discussions and reach
consensus on issues in an expeditious manner.

(4) Appropriate expertise, including expertise in
certification and risk-based safety oversight processes,
operations, policy, technology, labor relations, train-
ing, and finance.

(f) CHAIRPERSON.—

(1) In general.—The chairperson of the Advi-
sory Committee shall be appointed by the Secretary
from among the voting members under subsection
(d)(1)(B).

(2) Term.—Each member appointed under
paragraph (1) shall serve a term of 2 years as chair-
person.

(g) MEETINGS.—

(1) Frequency.—The Advisory Committee shall
convene at least 2 meetings a year at the call of the
chairperson.
(2) **PUBLIC ATTENDANCE.**—Each meeting of the
Advisory Committee shall be open and accessible to
the public.

(h) **SPECIAL COMMITTEES.**—

(1) **ESTABLISHMENT.**—The Advisory Committee
may establish 1 or more special committees composed
of private sector representatives, members of the pub-
lie, labor representatives, and other relevant parties
in complying with consultation and participation re-
quirements under subsection (c)(2).

(2) **RULEMAKING ADVICE.**—A special committee
established by the Advisory Committee may—

(A) provide rulemaking advice and rec-
ommendations to the Advisory Committee;

(B) provide the FAA additional opportuni-
ties to obtain firsthand information and insight
from those persons that are most affected by ex-
isting and proposed regulations; and

(C) assist in expediting the development, re-
vision, or elimination of rules in accordance
with, and without circumventing, established
public rulemaking processes and procedures.

(3) **FEDERAL ADVISORY COMMITTEE ACT.**—The
Federal Advisory Committee Act (5 U.S.C. App.)
shall not apply to a special committee under this subsection.

(i) SUNSET.—The Advisory Committee shall cease to exist on September 30, 2017.

PART II—AIRCRAFT CERTIFICATION REFORM

SEC. 2221. AIRCRAFT CERTIFICATION PERFORMANCE OBJECTIVES AND METRICS.

(a) In General.—Not later than 120 days after the date the Advisory Committee is established under section 2212, the Administrator shall establish performance objectives and apply and track performance metrics for the FAA and the aviation industry relating to aircraft certification in accordance with this section.

(b) Collaboration.—The Administrator shall carry out this section in collaboration with the Advisory Committee and update agency performance objectives and metrics after considering the proposals recommended by the Advisory Committee under paragraphs (8) and (9) of section 2212(c).

(c) Performance Objectives.—In establishing performance objectives under subsection (a), the Administrator shall ensure progress is made toward, at a minimum—

(1) eliminating certification delays and improving cycle times;
(2) increasing accountability for both FAA and the aviation industry;

(3) achieving full utilization of FAA delegation and designation authorities, including organizational designation authorization;

(4) fully implementing risk management principles and a systems safety approach;

(5) reducing duplication of effort;

(6) increasing transparency;

(7) developing and providing training, including recurrent training, in auditing and a systems safety approach to certification oversight;

(8) improving the process for approving or accepting the certification actions between the FAA and bilateral partners;

(9) maintaining and improving safety;

(10) streamlining the hiring process for—

(A) qualified systems safety engineers at staffing levels to support the FAA’s efforts to implement a systems safety approach; and

(B) qualified systems safety engineers to guide the engineering of complex systems within the FAA; and

(11) maintaining the leadership of the United States in international aviation and aerospace.
(d) PERFORMANCE METRICS.—In carrying out subsection (a), the Administrator shall—

(1) apply and track performance metrics for the FAA and the aviation industry; and

(2) transmit to the appropriate committees of Congress an annual report on tracking the progress toward full implementation of the recommendations under section 2212.

(e) DATA.—

(1) BASELINES.—Not later than 1 year after the date the Advisory Committee recommends initial performance metrics under section 2212(c)(9), the Administrator shall generate initial data with respect to each of the performance metrics applied and tracked under this section.

(2) BENCHMARKS.—The Administrator shall use the performance metrics applied and tracked under this section to generate data on an ongoing basis and to measure progress toward the consensus national goals, strategic objectives, and priorities recommended under section 2212(c)(3).

(f) PUBLICATION.—

(1) IN GENERAL.—Subject to paragraph (2), the Administrator shall make data generated using the performance metrics applied and tracked under this
section available in a searchable, sortable, and downloadable format through the Internet Web site of the FAA or other appropriate methods.

(2) LIMITATIONS.—The Administrator shall make the data under paragraph (1) available in a manner that—

(A) protects from disclosure identifying information regarding an individual or entity; and

(B) protects from inappropriate disclosure proprietary information.

SEC. 2222. ORGANIZATION DESIGNATION AUTHORIZATIONS.

(a) IN GENERAL.—Chapter 447 is amended by adding at the end the following:

"§44736. Organization designation authorizations

"(a) DELEGATIONS OF FUNCTIONS.—

"(1) IN GENERAL.—Except as provided in paragraph (3), in the oversight of an ODA holder, the Administrator of the Federal Aviation Administration, in accordance with Federal Aviation Administration standards, shall—

"(A) require, based on an application submitted by the ODA holder and approved by the Administrator (or the Administrator’s designee),
a procedures manual that addresses all procedures and limitations regarding the specified functions to be performed by the ODA holder subject to regulations prescribed by the Administrator;

“(B) delegate fully to the ODA holder each of the functions specified in the procedures manual, unless the Administrator determines, after the date of the delegation and as a result of an inspection or other investigation, that the public interest and safety of air commerce requires a limitation with respect to 1 or more of the functions; and

“(C) conduct oversight activities, including by inspecting the ODA holder’s delegated functions and taking action based on validated inspection findings.

“(2) DUTIES OF ODA HOLDERS.—An ODA holder shall—

“(A) perform each specified function delegated to the ODA holder in accordance with the approved procedures manual for the delegation;

“(B) make the procedures manual available to each member of the appropriate ODA unit; and
“(C) cooperate fully with oversight activities conducted by the Administrator in connection with the delegation.

“(3) **EXISTING ODA HOLDERS.**—With regard to an ODA holder operating under a procedures manual approved by the Administrator before the date of enactment of the Federal Aviation Administration Reauthorization Act of 2016, the Administrator shall—

“(A) at the request of the ODA holder, and in an expeditious manner, consider revisions to the ODA holder’s procedures manual;

“(B) delegate fully to the ODA holder each of the functions specified in the procedures manual, unless the Administrator determines, after the date of the delegation and as a result of an inspection or other investigation, that the public interest and safety of air commerce requires a limitation with respect to 1 or more of the functions; and

“(C) conduct oversight activities, including by inspecting the ODA holder’s delegated functions and taking action based on validated inspection findings.

“(b) **ODA OFFICE.**—
“(1) Establishment.—Not later than 120 days after the date of enactment of Federal Aviation Administration Reauthorization Act of 2016, the Administrator shall identify, within the Office of Aviation Safety, a centralized policy office to be responsible for the organization designation authorization (referred to in this subsection as the ODA Office). The Director of the ODA Office shall report to the Director of the Aircraft Certification Service.

“(2) Purpose.—The purpose of the ODA Office shall be to provide oversight and ensure consistency of the Federal Aviation Administration audit functions under the ODA program across the agency.

“(3) Functions.—The ODA Office shall—

“(A)(i) at the request of an ODA holder, eliminate all limitations specified in a procedures manual in place on the date of enactment of the Federal Aviation Administration Reauthorization Act of 2016 that are low and medium risk as determined by a risk analysis using criteria established by the ODA Office and disclosed to the ODA holder, except where an ODA holder’s performance warrants the retention of a specific limitation due to documented concerns
about inadequate current performance in carrying out that authorized function;

“(ii) require an ODA holder to establish a corrective action plan to regain authority for any retained limitations;

“(iii) require an ODA holder to notify the ODA Office when all corrective actions have been accomplished;

“(iv) make a reassessment to determine if subsequent performance in carrying out any retained limitation warrants continued retention and, if such reassessment determines performance meets objectives, lift such limitation immediately;

“(B) improve the Administration and the ODA holder performance and ensure full use of the authorities delegated under the ODA program;

“(C) develop a more consistent approach to audit priorities, procedures, and training under the ODA program;

“(D) expeditiously review a random sample of limitations on delegated authorities under the ODA program to determine if the limitations are appropriate;
“(E) review and approve new limitations to ODA functions; and

“(F) ensure national consistency in the interpretation and application of the requirements of the ODA program, including any limitations, and in the performance of the ODA program.

“(c) DEFINITIONS.—In this section:

“(1) ODA ORGANIZATION DESIGNATION AUTHORIZATION.—The term ‘ODA’ or ‘organization designation authorization’ means an authorization under section 44702(d) to perform approved functions on behalf of the Administrator of the Federal Aviation Administration under subpart D of part 183 of title 14, Code of Federal Regulations.

“(2) ODA HOLDER.—The term ‘ODA holder’ means an entity authorized under section 44702(d)—

“(A) to which the Administrator of the Federal Aviation Administration issues an ODA letter of designation under subpart D of part 183 of title 14, Code of Federal Regulations (or any corresponding similar regulation or ruling); and

“(B) that is responsible for administering 1 or more ODA units.

“(3) ODA PROGRAM.—The term ‘ODA program’ means the program to standardize Federal Aviation
Administration management and oversight of the organizations that are approved to perform certain functions on behalf of the Administration under section 44702(d).

“(4) ODA UNIT.—The term ‘ODA unit’ means a group of 2 or more individuals under the supervision of an ODA holder who perform the specified functions under an ODA.

“(5) ORGANIZATION.—The term ‘organization’ means a firm, a partnership, a corporation, a company, an association, a joint-stock association, or a governmental entity.”.

(b) TECHNICAL AND CONFORMING AMENDMENTS.—
The table of contents of chapter 447 is amended by adding after the item relating to section 44735 the following:

“44736. Organization designation authorizations.”.

SEC. 2223. ODA REVIEW.

(a) EXPERT REVIEW PANEL.—

(1) ESTABLISHMENT.—Not later than 60 days after the date of enactment of this Act, the Administrator of the FAA shall convene a multidisciplinary expert review panel (referred to in this section as the “Panel”).

(2) COMPOSITION.—
(A) IN GENERAL.—The Panel shall be composed of not more than 20 members appointed by the Administrator.

(B) QUALIFICATIONS.—The members appointed to the Panel shall—

(i) each have a minimum of 5 years of experience in processes and procedures under the ODA program; and

(ii) include representatives of ODA holders, aviation manufacturers, safety experts, and FAA labor organizations, including labor representatives of FAA aviation safety inspectors and aviation safety engineers.

(b) SURVEY.—The Panel shall survey ODA holders and ODA program applicants to document FAA safety oversight and certification programs and activities, including the FAA’s use of the ODA program and the speed and efficiency of the certification process. In carrying out this subsection, the Administrator shall consult with the appropriate survey experts and the Panel to best design and conduct the survey.

(c) ASSESSMENT.—The Panel shall—

(1) conduct an assessment of—
(A) the FAA’s processes and procedures under the ODA program and whether the processes and procedures function as intended;

(B) the best practices of and lessons learned by ODA holders and the FAA personnel who provide oversight of ODA holders;

(C) the performance incentive policies, related to the ODA program for FAA personnel, that do not conflict with the public interest;

(D) the training activities related to the ODA program for FAA personnel and ODA holders; and

(E) the impact, if any, that oversight of the ODA program has on FAA resources and the FAA’s ability to process applications for certifications outside of the ODA program; and

(2) make recommendations for improving FAA safety oversight and certification programs and activities based on the results of the survey under subsection (b) and each element of the assessment under paragraph (1) of this subsection.

(d) REPORT.—Not later than 180 days after the date the Panel is convened under subsection (a), the Panel shall submit to the Administrator, the Advisory Committee established under section 2212, and the appropriate committees
of Congress a report on results of the survey under subsection (b) and the assessment and recommendations under subsection (c).

(e) **DEFINITIONS.**—The terms used in this section have the meanings given the terms in section 44736 of title 49, United States Code.

(f) **FEDERAL ADVISORY COMMITTEE ACT.**—The Federal Advisory Committee Act (5 U.S.C. App.) shall not apply to the Panel.

(g) **SUNSET.**—The Panel shall terminate on the date the report is submitted under subsection (d).

**SEC. 2224. TYPE CERTIFICATION RESOLUTION PROCESS.**

(a) **IN GENERAL.**—Section 44704(a) is amended by adding at the end the following:

“(6) **TYPE CERTIFICATION RESOLUTION PROCESS,**—

“(A) **IN GENERAL.**—Not later than 15 months after the date of enactment of Federal Aviation Administration Reauthorization Act of 2016, the Administrator shall establish an effective, expeditious, and milestone-based issue resolution process for type certification activities under this subsection.

“(B) **PROCESS REQUIREMENTS.**—The resolution process shall provide for—
“(i) the resolution of technical issues at preestablished stages of the certification process, as agreed to by the Administrator and the type certificate applicant;

“(ii) the automatic escalation to appropriate management personnel of the Federal Aviation Administration and the type certificate applicant of any major certification process milestone that is not completed or resolved within a specific period of time agreed to by the Administrator and the type certificate applicant; and

“(iii) the resolution of a major certification process milestone escalated under clause (ii) within a specific period of time agreed to by the Administrator and the type certificate applicant.

“(C) Definition of major certification process milestone.—In this paragraph, the term ‘major certification process milestone’ means a milestone related to a type certification basis, type certification plan, type inspection authorization, issue paper, or other major type certification activity agreed to by the Administrator and the type certificate applicant.”.
(b) TECHNICAL AND CONFORMING AMENDMENTS.—

Section 44704 is amended in the heading by striking “airworthiness certificates,” and inserting “airworthiness certificates.”

SEC. 2225. SAFETY ENHANCING TECHNOLOGIES FOR SMALL GENERAL AVIATION AIRPLANES.

(a) POLICY.—In a manner consistent with the Small Airplane Revitalization Act of 2013 (49 U.S.C. 44704 note), not later than 180 days after the date of enactment of this Act, the Administrator shall establish and begin implementing a risk-based policy that streamlines the installation of safety enhancing technologies for small general aviation airplanes in a manner that reduces regulatory delays and significantly improves safety.

(b) INCLUSIONS.—The safety enhancing technologies for small general aviation airplanes described in subsection (a) shall include, at a minimum, the replacement or retrofit of primary flight displays, auto pilots, engine monitors, and navigation equipment.

(c) COLLABORATION.—In carrying out this section, the Administrator shall collaborate with general aviation operators, general aviation manufacturers, and appropriate FAA labor organizations, including representatives of FAA aviation safety inspectors and aviation safety engineers, certified under section 7111 of title 5, United States Code.

† HR 636 EAS
(d) **Definition of Small General Aviation Airplane.**—In this section, the term “small general aviation airplane” means an airplane that—

(1) is certified to the standards of part 23 of title 14, Code of Federal Regulations;

(2) has a seating capacity of not more than 9 passengers; and

(3) is not used in scheduled passenger-carrying operations under part 121 of title 14, Code of Federal Regulations.

**SEC. 2226. Streamlining Certification of Small General Aviation Airplanes.**

(a) **Final Rulemaking.**—Not later than December 31, 2016, the Administrator shall issue a final rulemaking to comply with section 3 of the Small Airplane Revitalization Act of 2013 (49 U.S.C. 44704 note).

(b) **Government Review.**—The Federal Government’s review process shall be streamlined to meet the deadline in subsection (a).

**PART III—Flight Standards Reform**

**SEC. 2231. Flight Standards Performance Objectives and Metrics.**

(a) **In General.**—Not later than 120 days after the date the Advisory Committee is established under section 2212, the Administrator shall establish performance objec-
tives and apply and track performance metrics for the FAA and the aviation industry relating to flight standards activities in accordance with this section.

(b) COLLABORATION.—The Administrator shall carry out this section in collaboration with the Advisory Committee and update agency performance objectives and metrics after considering the recommendations of the Advisory Committee under paragraphs (8) and (9) of section 2212(c).

(c) PERFORMANCE OBJECTIVES.—In carrying out subsection (a), the Administrator shall ensure that progress is made toward, at a minimum—

(1) eliminating delays with respect to such activities;

(2) increasing accountability for both FAA and the aviation industry;

(3) fully implementing risk management principles and a systems safety approach;

(4) reducing duplication of effort;

(5) promoting appropriate compliance activities and eliminating inconsistent regulatory interpretations and inconsistent enforcement activities;

(6) improving and providing greater opportunities for training, including recurrent training, in auditing and a systems safety approach to oversight;
(7) developing and allowing the use of a single master source for guidance;

(8) providing and using a streamlined appeal process for the resolution of regulatory interpretation questions;

(9) maintaining and improving safety; and

(10) increasing transparency.

(d) PERFORMANCE METRICS.—In carrying out subsection (a), the Administrator shall—

(1) apply and track performance metrics for the FAA and the aviation industry; and

(2) transmit to the appropriate committees of Congress an annual report tracking the progress toward full implementation of the performance metrics under section 2212.

(e) DATA.—

(1) BASELINES.—Not later than 1 year after the date the Advisory Committee recommends initial performance metrics under section 2212(c)(9), the Administrator shall generate initial data with respect to each of the performance metrics applied and tracked that are approved based on the recommendations required under this section.

(2) BENCHMARKS.—The Administrator shall use the performance metrics applied and tracked under
this section to generate data on an ongoing basis and
to measure progress toward the consensus national
goals, strategic objectives, and priorities recommended
under section 2212(c)(3).

(f) PUBLICATION.—

(1) In general.—Subject to paragraph (2), the
Administrator shall make data generated using the
performance metrics applied and tracked under this
section available in a searchable, sortable, and
downloadable format through the Internet Web site of
the FAA or other appropriate methods.

(2) Limitations.—The Administrator shall
make the data under paragraph (1) available in a
manner that—

(A) protects from disclosure identifying in-
formation regarding an individual or entity;
and

(B) protects from inappropriate disclosure
proprietary information.

SEC. 2232. FAA TASK FORCE ON FLIGHT STANDARDS RE-
FORM.

(a) Establishment.—Not later than 90 days after
the date of enactment of this Act, the Administrator shall
establish the FAA Task Force on Flight Standards Reform
(referred to in this section as the “Task Force”).
(b) Membership.—

(1) Appointment.—The membership of the Task Force shall be appointed by the Administrator.

(2) Number.—The Task Force shall be composed of not more than 20 members.

(3) Representation Requirements.—The membership of the Task Force shall include representatives, with knowledge of flight standards regulatory processes and requirements, of—

(A) air carriers;

(B) general aviation;

(C) business aviation;

(D) repair stations;

(E) unmanned aircraft systems operators;

(F) flight schools;

(G) labor unions, including those representing FAA aviation safety inspectors and those representing FAA aviation safety engineers; and

(H) aviation safety experts.

(c) Duties.—The duties of the Task Force shall include, at a minimum, identifying cost-effective best practices and providing recommendations with respect to—

(1) simplifying and streamlining flight standards regulatory processes;
(2) reorganizing the Flight Standards Service to establish an entity organized by function rather than geographic region, if appropriate;

(3) FAA aviation safety inspector training opportunities;

(4) FAA aviation safety inspector standards and performance; and

(5) achieving, across the FAA, consistent—

(A) regulatory interpretations; and

(B) application of oversight activities.

(d) REPORT.—Not later than 1 year after the date of enactment of this Act, the Task Force shall submit to the Administrator, Advisory Committee established under section 2212, and appropriate committees of Congress a report detailing—

(1) the best practices identified and recommendations provided by the Task Force under subsection (c); and

(2) any recommendations of the Task Force for additional regulatory action or cost-effective legislative action.

(e) FEDERAL ADVISORY COMMITTEE ACT.—The Federal Advisory Committee Act (5 U.S.C. App.) shall not apply to the Task Force.
(f) **Sunset.**—The Task Force shall cease to exist on the date that the Task Force submits the report required under subsection (d).

**SEC. 2233. CENTRALIZED SAFETY GUIDANCE DATABASE.**

(a) **Establishment.**—Not later than 1 year after the date of enactment of this Act, the Administrator of the FAA shall establish a centralized safety guidance database for all of the regulatory guidance issued by the FAA Office of Aviation Safety regarding compliance with 1 or more aviation safety-related provisions of the Code of Federal Regulations.

(b) **Requirements.**—The database under subsection (a) shall—

(1) for each guidance, include a link to the specific provision of the Code of Federal Regulations;

(2) subject to paragraph (3), be accessible to the public; and

(3) be provided in a manner that—

(A) protects from disclosure identifying information regarding an individual or entity; and

(B) protects from inappropriate disclosure proprietary information.

(c) **Data Entry Timing.**—

(1) **Existing Documents.**—Not later than 14 months after the date the database is established, the
Administrator shall have completed entering into the
database any applicable regulatory guidance that are
in effect and were issued before that date.

(2) New regulatory guidance and updates.—Beginning on the date the database is estab-
lished, the Administrator shall ensure that any appli-
cable regulatory guidance that are issued on or after
that date are entered into the database as they are
issued.

(d) Consultation requirement.—In establishing
the database under subsection (a), the Administrator shall
consult and collaborate with appropriate stakeholders, in-
cluding labor organizations (including those representing
aviation workers, FAA aviation safety engineers, and FAA
aviation safety inspectors) and aviation industry stake-
holders.

(e) Definition of regulatory guidance.—In this
section, the term “regulatory guidance” means all forms of
written information issued by the FAA that an individual
or entity may use to interpret or apply FAA regulations
and requirements, including information an individual or
entity may use to determine acceptable means of compliance
with such regulations and requirements, such as an order,
manual, circular, policy statement, legal interpretation
memorandum, and rulemaking documents.
SEC. 2234. REGULATORY CONSISTENCY COMMUNICATIONS BOARD.

(a) Establishment.—Not later than 180 days after the date of enactment of this Act, the Administrator of the FAA shall establish a Regulatory Consistency Communications Board (referred to in this section as the “Board”).

(b) Consultation Requirement.—In establishing the Board, the Administrator shall consult and collaborate with appropriate stakeholders, including FAA labor organizations (including labor organizations representing FAA aviation safety inspectors and labor organizations representing FAA aviation safety engineers) and aviation industry stakeholders.

(c) Membership.—The Board shall be composed of FAA representatives, appointed by the Administrator, from—

(1) the Flight Standards Service;
(2) the Aircraft Certification Service; and
(3) the Office of the Chief Counsel.

(d) Functions.—The Board shall carry out the following functions:

(1) Recommend, at a minimum, processes by which—

(A) FAA personnel and persons regulated by the FAA may submit regulatory interpretation questions without fear of retaliation;
(B) FAA personnel may submit written questions as to whether a previous approval or regulatory interpretation issued by FAA personnel in another office or region is correct or incorrect; and

(C) any other person may submit anonymous regulatory interpretation questions.

(2) Meet on a regular basis to discuss and resolve questions submitted under paragraph (1) and the appropriate application of regulations and policy with respect to each question.

(3) Provide to a person that submitted a question under subparagraph (A) or subparagraph (B) of paragraph (1) an expeditious written response to the question.

(4) Recommend a process to make the resolution of common regulatory interpretation questions publicly available to FAA personnel and the public in a manner that—

(A) does not reveal any identifying data of the person that submitted a question; and

(B) protects any proprietary information.

(5) Ensure that responses to questions under this subsection are incorporated into regulatory guidance (as defined in section 2233(e)).
† HR 636 EAS

(e) PERFORMANCE METRICS, TIMELINES, AND GOALS.—Not later than 180 days after the date that the Advisory Committee recommends performance objectives and performance metrics for the FAA and the aviation industry under paragraphs (8) and (9) of section 2212(c), the Administrator, in collaboration with the Advisory Committee, shall—

(1) establish performance metrics, timelines, and goals to measure the progress of the Board in resolving regulatory interpretation questions submitted under subsection (d)(1); and

(2) implement a process for tracking the progress of the Board in meeting the performance metrics, timelines, and goals under paragraph (1).

SEC. 2235. FLIGHT STANDARDS SERVICE REALIGNMENT FEASIBILITY REPORT.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator, in consultation with relevant industry stakeholders, shall—

(1) determine the feasibility of realigning flight standards service regional field offices to specialized areas of aviation safety oversight and technical expertise; and

(2) submit to the appropriate committees of Congress a report on the findings under paragraph (1).
(b) CONSIDERATIONS.—In making a determination under subsection (a), the Administrator shall consider a flight standards service regional field office providing support in the area of its technical expertise to flight standards district offices and certificate management offices.

SEC. 2236. ADDITIONAL CERTIFICATION RESOURCES.

(a) IN GENERAL.—Notwithstanding any other provision of law, and subject to the requirements of subsection (b), the Administrator may enter into a reimbursable agreement with an applicant or certificate holder for the reasonable travel and per diem expenses of the FAA associated with official travel to expedite the acceptance or validation by a foreign authority of an FAA certificate or design approval.

(b) CONDITIONS.—The Administrator may enter into an agreement under subsection (a) only if—

(1) the travel covered under the agreement is determined to be necessary, by both the Administrator and the applicant or certificate holder, to expedite the acceptance or validation of the relevant certificate or approval;

(2) the travel is conducted at the request of the applicant or certificate holder;
(3) the travel plans and expenses are approved by the applicant or certificate holder prior to travel; and

(4) the agreement requires payment in advance of FAA services and is consistent with the processes under section 106(l)(6) of title 49, United States Code.

(c) REPORT.—Not later than 2 years after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report on—

(1) the number of occasions on which the Administrator entered into reimbursable agreements under this section;

(2) the number of occasions on which the Administrator declined a request by an applicant or certificate holder to enter into a reimbursable agreement under this section;

(3) the amount of reimbursements collected in accordance with agreements under this section; and

(4) the extent to which reimbursable agreements under this section assisted in reducing the amount of time necessary for foreign authorities’ validations of FAA certificates and design approvals.

(d) DEFINITIONS.—In this section:
(1) APPLICANT.—The term “applicant” means a person that has applied to a foreign authority for the acceptance or validation of an FAA certificate or design approval.

(2) CERTIFICATE HOLDER.—The term “certificate holder” means a person that holds a certificate issued by the Administrator under part 21 of title 14, Code of Federal Regulations.

PART IV—SAFETY WORKFORCE

SEC. 2241. SAFETY WORKFORCE TRAINING STRATEGY.

(a) SAFETY WORKFORCE TRAINING STRATEGY.—Not later than 60 days after the date of enactment of this Act, the Administrator of the FAA shall review and revise its safety workforce training strategy to ensure that it—

(1) aligns with an effective risk-based approach to safety oversight;

(2) best utilizes available resources;

(3) allows FAA employees participating in organization management teams or conducting ODA program audits to complete, expeditiously, appropriate training, including recurrent training, in auditing and a systems safety approach to oversight;

(4) seeks knowledge-sharing opportunities between the FAA and the aviation industry in new
technologies, best practices, and other areas of interest related to safety oversight;

(5) fosters an inspector and engineer workforce that has the skills and training necessary to improve risk-based approaches that focus on requirements management and auditing skills; and

(6) includes, as appropriate, milestones and metrics for meeting the requirements of paragraphs (1) through (5).

(b) REPORT.—Not later that 270 days after the date the strategy is established under subsection (a), the Administrator shall submit to the appropriate committees of Congress a report on the implementation of the strategy and progress in meeting any milestones or metrics included in the strategy.

(c) DEFINITIONS.—In this section:

(1) ODA HOLDER.—The term “ODA holder” has the meaning given the term in section 44736 of title 49, United States Code.

(2) ODA PROGRAM.—The term “ODA program” has the meaning given the term in section 44736(c)(3) of title 49, United States Code, as added by this Act.

(3) ORGANIZATION MANAGEMENT TEAM.—The term “organization management team” means a group of FAA employees consisting of FAA aviation
safety engineers, flight test pilots, and aviation safety
inspectors overseeing an ODA holder and its specified
function delegated under section 44702 of title 49,
United States Code.

SEC. 2242. WORKFORCE STUDY.

(a) WORKFORCE STUDY.—Not later than 90 days after
the date of enactment of this Act, the Comptroller General
of the United States shall conduct a study to assess the
workforce and training needs of the Office of Aviation Safe-
ty of the Federal Aviation Administration and take into
consideration how those needs could be met.

(b) CONTENTS.—The study under subsection (a) shall
include—

(1) a review of the current staffing levels and re-
quirements for hiring and training, including recur-
rent training, of aviation safety inspectors and avia-
tion safety engineers;

(2) an analysis of the skills and qualifications
required of aviation safety inspectors and aviation
safety engineers for successful performance in the cur-
rent and future projected aviation safety regulatory
environment, including an analysis of the need for a
systems engineering discipline within the Federal
Aviation Administration to guide the engineering of
complex systems, with an emphasis on auditing an
ODA holder (as defined in section 44736(c) of title 49, United States Code);

(3) a review of current performance incentive policies of the Federal Aviation Administration, as applied to the Office of Aviation Safety, including awards for performance;

(4) an analysis of ways the Federal Aviation Administration can work with the aviation industry and FAA labor force to establish knowledge-sharing opportunities between the Federal Aviation Administration and the aviation industry in new technologies, best practices, and other areas that could improve the aviation safety regulatory system; and

(5) recommendations on the best and most cost-effective approaches to address the needs of the current and future projected aviation safety regulatory system, including qualifications, training programs, and performance incentives for relevant agency personnel.

(c) REPORT.—Not later than 270 days after the date of enactment of this Act, the Comptroller General shall submit to the appropriate committees of Congress a report on the results of the study required under subsection (a).
PART V—INTERNATIONAL AVIATION

SEC. 2251. PROMOTION OF UNITED STATES AEROSPACE STANDARDS, PRODUCTS, AND SERVICES ABROAD.

Section 40104 is amended by adding at the end the following:

“(d) PROMOTION OF UNITED STATES AEROSPACE STANDARDS, PRODUCTS, AND SERVICES ABROAD.—The Secretary shall take appropriate actions—

“(1) to promote United States aerospace-related safety standards abroad;

“(2) to facilitate and vigorously defend approvals of United States aerospace products and services abroad;

“(3) with respect to bilateral partners, to use bilateral safety agreements and other mechanisms to improve validation of United States type certificated aeronautical products and services and enhance mutual acceptance in order to eliminate redundancies and unnecessary costs; and

“(4) with respect to the aeronautical safety authorities of a foreign country, to streamline that country’s validation of United States aerospace standards, products, and services.”.
SEC. 2252. BILATERAL EXCHANGES OF SAFETY OVERSIGHT RESPONSIBILITIES.

Section 44701(e) is amended by adding at the end the following:

“(5) FOREIGN AIRWORTHINESS DIRECTIVES.—

“(A) ACCEPTANCE.—The Administrator shall accept an airworthiness directive (as defined in section 39.3 of title 14, Code of Federal Regulations) issued by an aeronautical safety authority of a foreign country, and leverage that aeronautical safety authority’s regulatory process, if—

“(i) the country is the state of design for the product that is the subject of the airworthiness directive;

“(ii) the United States has a bilateral safety agreement relating to aircraft certification with the country;

“(iii) as part of the bilateral safety agreement with the country, the Administrator has determined that the aeronautical safety authority has an aircraft certification system relating to safety that produces a level of safety equivalent to the level produced by the system of the Federal Aviation Administration; and
“(iv) the aeronautical safety authority utilizes an open and transparent public notice and comment process in the issuance of airworthiness directives.

“(B) ALTERNATIVE APPROVAL PROCESS.—Notwithstanding subparagraph (A), the Administrator may issue a Federal Aviation Administration airworthiness directive instead of accepting the airworthiness directive issued by the aeronautical safety authority of a foreign country if the Administrator determines that such issuance is necessary for safety or operational reasons due to the complexity or unique features of the Federal Aviation Administration airworthiness directive or the United States aviation system.

“(C) ALTERNATIVE MEANS OF COMPLIANCE.—The Administrator may—

“(i) accept an alternative means of compliance, with respect to an airworthiness directive under subparagraph (A), that was approved by the aeronautical safety authority of the foreign country that issued the airworthiness directive; or
“(ii) notwithstanding subparagraph (A), and at the request of any person affected by an airworthiness directive under that subparagraph, the Administrator may approve an alternative means of compliance with respect to the airworthiness directive.”.

SEC. 2253. FAA LEADERSHIP ABROAD.

(a) IN GENERAL.—To promote United States aerospace safety standards, reduce redundant regulatory activity, and facilitate acceptance of FAA design and production approvals abroad, the Administrator shall—

(1) attain greater expertise in issues related to dispute resolution, intellectual property, and export control laws to better support FAA certification and other aerospace regulatory activities abroad;

(2) work with United States companies to more accurately track the amount of time it takes foreign authorities, including bilateral partners, to validate United States type certificated aeronautical products;

(3) provide assistance to United States companies who have experienced significantly long foreign validation wait times;

(4) work with foreign authorities, including bilateral partners, to collect and analyze data to determine the timeliness of the acceptance and validation
of FAA design and production approvals by foreign authorities and the acceptance and validation of foreign-certified products by the FAA;

(5) establish appropriate benchmarks and metrics to measure the success of bilateral aviation safety agreements and to reduce the validation time for United States type certificated aeronautical products abroad; and

(6) work with foreign authorities, including bilateral partners, to improve the timeliness of the acceptance and validation of FAA design and production approvals by foreign authorities and the acceptance and validation of foreign-certified products by the FAA.

(b) REPORT.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report that—

(1) describes the Administrator’s strategic plan for international engagement;

(2) describes the structure and responsibilities of all FAA offices that have international responsibilities, including the Aircraft Certification Office, and all the activities conducted by those offices related to certification and production;
(3) describes current and forecasted staffing and travel needs for the FAA’s international engagement activities, including the needs of the Aircraft Certification Office in the current and forecasted budgetary environment;

(4) provides recommendations, if appropriate, to improve the existing structure and personnel and travel policies supporting the FAA’s international engagement activities, including the activities of the Aviation Certification Office, to better support the growth of United States aerospace exports; and

(5) identifies policy initiatives, regulatory initiatives, or cost-effective legislative initiatives needed to improve and enhance the timely acceptance of United States aerospace products abroad.

(c) INTERNATIONAL TRAVEL.—The Administrator of the FAA, or the Administrator’s designee, may authorize international travel for any FAA employee, without the approval of any other person or entity, if the Administrator determines that the travel is necessary—

(1) to promote United States aerospace safety standards; or

(2) to support expedited acceptance of FAA design and production approvals.
SEC. 2254. REGISTRATION, CERTIFICATION, AND RELATED FEES.

Section 45305 is amended—

(1) in subsection (a) by striking “Subject to subsection (b)” and inserting “Subject to subsection (c)”;

(2) by redesignating subsections (b) and (c) as subsections (c) and (d), respectively; and

(3) by inserting after subsection (a) the following:

“(b) CERTIFICATION SERVICES.—Subject to subsection (c), and notwithstanding section 45301(a), the Administrator may establish and collect a fee from a foreign government or entity for services related to certification, regardless of where the services are provided, if the fee—

“(1) is established and collected in a manner consistent with aviation safety agreements; and

“(2) does not exceed the estimated costs of the services.”.

Subtitle C—Airline Passenger Safety and Protections

SEC. 2301. PILOT RECORDS DATABASE DEADLINE.

Section 44703(i)(2) is amended by striking “The Administrator shall establish” and inserting “Not later than April 30, 2017, the Administrator shall establish and make available for use”. 
SEC. 2302. ACCESS TO AIR CARRIER FLIGHT DECKS.

The Administrator of the Federal Aviation Administration shall collaborate with other aviation authorities to advance a global standard for access to air carrier flight decks and redundancy requirements consistent with the flight deck access and redundancy requirements in the United States.

SEC. 2303. AIRCRAFT TRACKING AND FLIGHT DATA.

(a) In General.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall assess current performance standards, and as appropriate, conduct a rulemaking to revise the standards to improve near-term and long-term aircraft tracking and flight data recovery, including retrieval, access, and protection of such data after an incident or accident.

(b) Considerations.—In revising the performance standards under subsection (a), the Administrator may consider—

(1) various methods for improving detection and retrieval of flight data, including—

(A) low frequency underwater locating devices; and

(B) extended battery life for underwater locating devices;

(2) automatic deployable flight recorders;
(3) triggered transmission of flight data, and
other satellite-based solutions;
(4) distress-mode tracking; and
(5) protections against disabling flight recorder
systems.
(c) COORDINATION.—If the performance standards
under subsection (a) are revised, the Administrator shall
coordinate with international regulatory authorities and
the International Civil Aviation Organization to ensure
that any new international standard for aircraft tracking
and flight data recovery is consistent with a performance-
based approach and is implemented in a globally har-
monized manner.

SEC. 2304. AUTOMATION RELIANCE IMPROVEMENTS.
(a) MODERNIZATION OF TRAINING.—Not later than
October 1, 2017, the Administrator of the Federal Aviation
Administration shall review, and update as necessary, re-
cent guidance regarding pilot flight deck monitoring that
an air carrier can use to train and evaluate its pilots to
ensure that air carrier pilots are trained to use and monitor
automation systems while also maintaining proficiency in
manual flight operations consistent with the final rule enti-
tled, “Qualification, Service, and Use of Crewmembers and
Aircraft Dispatchers”, published on November 12, 2013 (78
(b) **CONSIDERATIONS.**—In reviewing and updating the guidance, the Administrator shall—

(1) consider casualty driven scenarios during initial and recurrent simulator instruction that focus on automation complacency during system failure, including flight segments when automation is typically engaged and should result in hand flying the aircraft into a safe position while employing crew resource management principles;

(2) consider the development of metrics or measurable tasks an air carrier may use to evaluate the ability of pilots to appropriately monitor flight deck systems;

(3) consider the development of metrics an air carrier may use to evaluate manual flying skills and improve related training;

(4) convene an expert panel, including members with expertise in human factors, training, and flight operations—

(A) to evaluate and develop methods for training flight crews to understand the functionality of automated systems for flight path management;

(B) to identify and recommend to the Administrator the most effective training methods
that ensure that pilots can apply manual flying skills in the event of flight deck automation failure or an unexpected event; and

(C) to identify and recommend to the Administrator revision in the training guidance for flight crews to address the needs identified in subparagraphs (A) and (B); and

(5) develop any additional standards to be used for guidance the Administrator considers necessary to determine whether air carrier pilots receive sufficient training opportunities to develop, maintain, and demonstrate manual flying skills.

(c) DOT IG REVIEW.—Not later than 2 years after the date the Administrator reviews the guidance under subsection (a), the Inspector General of the Department of Transportation shall review the air carriers implementation of the guidance and the ongoing work of the expert panel.

SEC. 2305. ENHANCED MENTAL HEALTH SCREENING FOR PILOTS.

Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall consider the recommendations of the Pilot Fitness Aviation Rulemaking Committee in determining whether to implement, as part of a comprehensive
medical certification process for pilots with a first- or second-class airman medical certificate, additional screening for mental health conditions, including depression and suicidal thoughts or tendencies, and assess treatments that would address any risk associated with such conditions.

SEC. 2306. FLIGHT ATTENDANT DUTY PERIOD LIMITATIONS AND REST REQUIREMENTS.

(a) Modification of Final Rule.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall revise the flight attendant duty period limitations and rest requirements under section 121.467 of title 14, Code of Federal Regulations.

(b) Contents.—Except as provided in subsection (c), in revising the rule under subsection (a), the Administrator shall ensure that a flight attendant scheduled to a duty period of 14 hours or less is given a scheduled rest period of at least 10 consecutive hours.

(c) Exception.—The rest period required under subsection (b) may be scheduled or reduced to 9 consecutive hours if the flight attendant is provided a subsequent rest period of at least 11 consecutive hours.

(d) Fatigue Risk Management Plan.—

(1) Submission of plan by Part 121 Air Carriers.—Not later than 90 days after the date of en-
actment of this Act, each air carrier operating under part 121 of title 13, Code of Federal Regulations (referred to in this subsection as a “part 121 air carrier”), shall submit a fatigue risk management plan for the carrier’s flight attendants to the Administrator for review and acceptance.

(2) CONTENTS OF PLAN.—Each fatigue risk management plan submitted under paragraph (1) shall include—

(A) current flight time and duty period limitations;
(B) a rest scheme that is consistent with such limitations and enables the management of flight attendant fatigue, including annual training to increase awareness of—

(i) fatigue;
(ii) the effects of fatigue on flight attendants; and
(iii) fatigue countermeasures; and
(C) the development and use of methodology that continually assesses the effectiveness of implementation of the plan, including the ability of the plan—

(i) to improve alertness; and
(ii) to mitigate performance errors.
(3) REVIEW.—Not later than 1 year after the
date of enactment of this Act, the Administrator
shall—

(A) review each fatigue risk management
plan submitted under this subsection; and

(B)(i) accept the plan; or

(ii) reject the plan and provide the part 121
air carrier with suggested modifications to be in-
cluded when the plan is resubmitted.

(4) PLAN UPDATES.—

(A) IN GENERAL.—Not less frequently than
once every 2 years, each part 121 air carrier
shall—

(i) update the fatigue risk management
plan submitted under paragraph (1); and

(ii) submit the updated plan to the Ad-
ministrator for review and acceptance.

(B) REVIEW.—Not later than 1 year after
the date on which an updated plan is submitted
under subparagraph (A)(ii), the Administrator
shall—

(i) review the updated plan; and

(ii)(I) accept the updated plan; or

(II) reject the updated plan and pro-
vide the part 121 air carrier with suggested
modifications to be included when the updated plan is resubmitted.

(5) COMPLIANCE.—Each part 121 air carrier shall comply with its fatigue risk management plan after the plan is accepted by the Administrator under this subsection.

(6) CIVIL PENALTIES.—A violation of this subsection by a part 121 air carrier shall be treated as a violation of chapter 447 of title 49, United States Code, for the purpose of applying civil penalties under chapter 463 of such title.

SEC. 2307. TRAINING TO COMBAT HUMAN TRAFFICKING FOR CERTAIN AIR CARRIER EMPLOYEES.

(a) In General.—Subchapter I of chapter 417 is amended by adding at the end the following:

“§41725. Training to combat human trafficking

“(a) In General.—Each air carrier providing passenger air transportation shall provide flight attendants who are employees or contractors of the air carrier with training to combat human trafficking in the course of carrying out their duties as employees or contractors of the air carrier.

“(b) ELEMENTS OF TRAINING.—The training an air carrier is required to provide under subsection (a) to flight attendants shall include training with respect to—
“(1) common indicators of human trafficking;

and

“(2) best practices for reporting suspected human trafficking to law enforcement officers.

“(c) MATERIALS.—An air carrier may provide the training required by subsection (a) using modules and materials developed by the Department of Transportation and the Department of Homeland Security, including the training module and associated materials of the Blue Lightning Initiative and modules and materials subsequently developed and recommended by such Departments with respect to combating human trafficking.

“(d) INTERAGENCY COORDINATION.—The Administrator of the Federal Aviation Administration shall coordinate with the Secretary of Homeland Security to ensure that appropriate training modules and materials are available for air carriers to conduct the training required by subsection (a).

“(e) HUMAN TRAFFICKING DEFINED.—In this section, the term ‘human trafficking’ means 1 or more severe forms of trafficking in persons (as defined in section 103 of the Trafficking Victims Protection Act of 2000 (22 U.S.C. 7102)).”.
(b) **Conforming Amendment.**—The table of contents for chapter 417 is amended by inserting after the item relating to section 41724 the following:

“41725. Training to combat human trafficking.”.

(c) **Report Required.**—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall submit to the appropriate committees of Congress a report that includes—

(1) an assessment of the status of compliance of air carriers with section 41725 of title 49, United States Code, as added by subsection (a); and

(2) in collaboration with the Attorney General and the Secretary of Homeland Security, recommendations for improving the identification and reporting of human trafficking by air carrier personnel while protecting the civil liberties of passengers.

(d) **Immunity for Reporting Human Trafficking.**—Section 44941(a) is amended by striking “or terrorism, as defined by section 3077 of title 18, United States Code,” and inserting “human trafficking (as defined by section 41725), or terrorism (as defined by section 3077 of title 18)”.

**Sec. 2308. Report on Obsolete Test Equipment.**

(a) **Report.**—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal
Aviation Administration shall submit to the appropriate committees of Congress a report on the National Test Equipment Program (referred to in this section as the “Program”).

(b) CONTENTS.—The report shall include—

(1) a list of all known outstanding requests for test equipment, cataloged by type and location, under the Program;

(2) a description of the current method under the Program of ensuring calibrated equipment is in place for utilization;

(3) a plan by the Administrator for appropriate inventory of such equipment; and

(4) the Administrator’s recommendations for increasing multifunctionality in future test equipment to be developed and all known and foreseeable manufacturer technological advances.

SEC. 2309. PLAN FOR SYSTEMS TO PROVIDE DIRECT WARNINGS OF POTENTIAL RUNWAY INCURSIONS.

(a) IN GENERAL.—Not later than June 30, 2016, the Administrator of the Federal Aviation Administration shall—

(1) assess available technologies to determine whether it is feasible, cost-effective, and appropriate to install and deploy, at any airport, systems to pro-
vide a direct warning capability to flight crews and
air traffic controllers of potential runway incursions;
and

(2) submit to the appropriate committees of Con-
gress a report on the assessment under paragraph (1),
including any recommendations.

(b) CONSIDERATIONS.—In conducting the assessment
under subsection (a), the Administration shall consider Na-
tional Transportation Safety Board findings and relevant
aviation stakeholder views relating to runway incursions.

SEC. 2310. LASER POINTER INCIDENTS.

(a) IN GENERAL.—Beginning 90 days after the date
of enactment of this Act, the Administrator of the Federal
Aviation Administration, in coordination with the Director
of the Federal Bureau of Investigation, shall provide quar-
terly updates to the appropriate committees of Congress re-

(1) the number of incidents involving the beam
from a laser pointer (as defined in section 39A of title
18, United States Code) being aimed at, or in the
flight path of, an aircraft in the airspace jurisdiction
of the United States;

(2) the number of civil or criminal enforcement
actions taken by the Federal Aviation Administra-
tion, Department of Transportation, or Department

† HR 636 EAS
of Justice with regard to the incidents described in paragraph (1), including the amount of the civil or criminal penalties imposed on violators;

(3) the resolution of any incidents that did not result in a civil or criminal enforcement action; and

(4) any actions the Department of Transportation or Department of Justice has taken on its own, or in conjunction with other Federal agencies or local law enforcement agencies, to deter the type of activity described in paragraph (1).

(b) **Civil Penalties.**—The Administrator shall revise the maximum civil penalty that may be imposed on an individual who aims the beam of a laser pointer at an aircraft in the airspace jurisdiction of the United States, or at the flight path of such an aircraft, to be $25,000.

**SEC. 2311. HELICOPTER AIR AMBULANCE OPERATIONS DATA AND REPORTS.**

(a) **In General.**—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration, in collaboration with helicopter air ambulance industry stakeholders, shall assess the availability of information to the general public related to the location of heliports and helipads used by helicopters providing air ambulance services, including helipads and
helipads outside of those listed as part of any existing data-

bases of Airport Master Record (5010) forms.

(b) REQUIREMENTS.—Based on the assessment under
subsection (a), the Administrator shall—

(1) update, as necessary, any existing guidance
on what information is included in the current data-
bases of Airport Master Record (5010) forms to in-
clude information related to heliports and helipads
used by helicopters providing air ambulance services;
or

(2) develop, as appropriate and in collaboration
with helicopter air ambulance industry stakeholders,
a new database of heliports and helipads used by heli-
copters providing air ambulance services.

(c) REPORTS.—

(1) ASSESSMENT.—Not later than 30 days after
the date the assessment under subsection (a) is com-
plete, the Administrator shall submit to the appro-
priate committees of Congress a report on the assess-
ment, including any recommendations on how to
make information related to the location of heliports
and helipads used by helicopters providing air ambu-
lace services available to the general public.

(2) IMPLEMENTATION.—Not later than 30 days
after completing action under paragraph (1) or para-
(2) of subsection (b), the Administrator shall submit to the appropriate committees of Congress a report on the implementation of that action.

(d) INCIDENT AND ACCIDENT DATA.—Section 44731 is amended—

(1) in subsection (a)—

(A) in the matter preceding paragraph (1), by striking “not later than 1 year after the date of enactment of this section, and annually thereafter” and inserting “annually”;

(B) in paragraph (2), by striking “flights and hours flown, by registration number, during which helicopters operated by the certificate holder were providing helicopter air ambulance services” and inserting “hours flown by the helicopters operated by the certificate holder”; 

(C) in paragraph (3)—

(i) by striking “of flight” and inserting “of patients transported and the number of patient transport”;

(ii) by inserting “or” after “inter-facility transport,”; and

(iii) by striking “; or ferry or repositioning flight”;

(D) in paragraph (5)—
(i) by striking “flights and”; and

(ii) by striking “while providing air ambulance services”; and

(E) by amending paragraph (6) to read as follows:

“(6) The number of hours flown at night by helicopters operated by the certificate holder.”;

(2) in subsection (d)—

(A) by striking “Not later than 2 years after the date of enactment of this section, and annually thereafter, the Administrator shall submit” and inserting “The Administrator shall submit annually”; and

(B) by adding at the end the following:

“The report shall include the number of accidents experienced by helicopter air ambulance operations, the number of fatal accidents experienced by helicopter air ambulance operations, and the rate, per 100,000 flight hours, of accidents and fatal accidents experienced by operators providing helicopter air ambulance services.”;

(3) by redesignating subsection (e) as subsection (f); and
(4) by inserting after subsection (d) the following:

“(e) IMPLEMENTATION.—In carrying out this section, the Administrator, in collaboration with part 135 certificate holders providing helicopter air ambulance services, shall—

“(1) propose and develop a method to collect and store the data submitted under subsection (a), including a method to protect the confidentiality of any trade secret or proprietary information submitted; and

“(2) ensure that the database under subsection (c) and the report under subsection (d) include data and analysis that will best inform efforts to improve the safety of helicopter air ambulance operations.”.

SEC. 2312. PART 135 ACCIDENT AND INCIDENT DATA.

Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall—

(1) determine, in collaboration with the National Transportation Safety Board and Part 135 industry stakeholders, what, if any, additional data should be reported as part of an accident or incident notice to more accurately measure the safety of on-demand Part 135 aircraft activity, to pinpoint safety prob-
lems, and to form the basis for critical research and
analysis of general aviation issues; and

(2) submit to the appropriate committees of Con-
gress a report on the findings under paragraph (1),
including a description of the additional data to be
collected, a timeframe for implementing the addi-
tional data collection, and any potential obstacles to
implementation.

SEC. 2313. DEFINITION OF HUMAN FACTORS.

Section 40102(a), as amended by section 2140 of this
Act, is further amended—

(1) by redesignating paragraphs (24) through
(47) as paragraphs (25) through (48), respectively;
and

(2) by inserting after paragraph (23) the fol-
lowing:

“(24) ‘human factors’ means a multidisciplinary
field that generates and compiles information about
human capabilities and limitations and applies it to
design, development, and evaluation of equipment,
systems, facilities, procedures, jobs, environments,
staffing, organizations, and personnel management
for safe, efficient, and effective human performance,
including people’s use of technology.”.
SEC. 2314. SENSE OF CONGRESS; PILOT IN COMMAND AUTHORITY.

It is the sense of Congress that the pilot in command of an aircraft is directly responsible for, and is the final authority as to, the operation of that aircraft, as set forth in section 91.3(a) of title 14, Code of Federal Regulations (or any successor regulation thereto).

SEC. 2315. ENHANCING ASIAS.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration, in consultation with relevant aviation industry stakeholders, shall assess what, if any, improvements are needed to develop the predictive capability of the Aviation Safety Information Analysis and Sharing program (referred to in this section as “ASIAS”) with regard to identifying precursors to accidents.

(b) CONTENTS.—In conducting the assessment under subsection (a), the Administrator shall—

(1) determine what actions are necessary—

(A) to improve data quality and standardization; and

(B) to increase the data received from additional segments of the aviation industry, such as small airplane, helicopter, and business jet operations;
(2) consider how to prioritize the actions described in paragraph (1); and

(3) review available methods for disseminating safety trend data from ASIAS to the aviation safety community, including the inspector workforce, to inform in their risk-based decision making efforts.

(c) REPORT.—Not later than 60 days after the date the assessment under subsection (a) is complete, the Administrator shall submit to the appropriate committees of Congress a report on the assessment, including recommendations regarding paragraphs (1) through (3) of subsection (b).

SEC. 2316. IMPROVING RUNWAY SAFETY.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall expedite the development of metrics—

(1) to allow the Federal Aviation Administration to determine whether runway incursions are increasing; and

(2) to assess the effectiveness of implemented runway safety initiatives.

(b) REPORT.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report on the
210

progress in developing the metrics described in subsection
(a).

SEC. 2317. SAFE AIR TRANSPORTATION OF LITHIUM CELLS
AND BATTERIES.

(a) Restrictions on Transportation of Lithium
Batteries on Aircraft.—

(1) Adoption of ICAO Instructions.—

(A) In general.—Pursuant to section 828
of the FAA Modernization and Reform Act of
2012 (49 U.S.C. 44701 note), not later than 90
days after the date of enactment of this Act, the
Secretary of the Department of Transportation
shall conform United States regulations on the
air transport of lithium cells and batteries with
the lithium cells and battery requirements in the
2015–2016 edition of the International Civil
Aviation Organization’s (referred to in this sub-
section as “ICAO”) Technical Instructions (to
include all addenda) including the revised stand-
dards adopted by ICAO which became effective on
April 1, 2016.

(B) Further Proceedings.—Beginning
on the date the revised regulations under sub-
paragraph (A) are published in the Federal Reg-
ister, any lithium cell and battery rulemaking
action or update commenced on or after that
date shall continue to comply with the require-
ments under section 828 of the FAA Moderniza-
tion and Reform Act of 2012 (49 U.S.C. 44701
note).

(2) Review of Other Regulations.—Pursuant to section 828 of the FAA Modernization and Re-
form Act of 2012 (49 U.S.C. 44701 note), the Sec-
retary of Transportation may initiate a review of
other existing regulations regarding the air transpor-
tation, including passenger-carrying and cargo air-
craft, of lithium batteries and cells.

(3) Medical Device Batteries.—

(A) In General.—For United States appli-
cants, the Secretary of Transportation shall con-
sider and either grant or deny, within 45 days,
applications submitted in compliance with part
107 of title 49, Code of Federal Regulations for
special permits or approvals for air transpor-
tation of lithium ion cells or batteries specifi-
cally used by medical devices. Not later than 30
days after the date of application, the Pipeline
and Hazardous Materials Safety Administration
shall provide a draft special permit based on the
application to the Federal Aviation Administra-
tion. The Federal Aviation Administration shall conduct an on-site inspection for issuance of the special permit not later than 10 days after the date of receipt of the draft special permit from the Pipeline and Hazardous Materials Safety Administration.

(B) Definition of medical device.—In this paragraph, the term “medical device” has the meaning given the term “device” in section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321).

(4) Savings clause.—Nothing in this section shall be construed as expanding or constricting any other authority the Secretary of Transportation has under section 828 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 44701 note).

(b) Lithium battery safety working group.—Not later than 90 days after the date of enactment of this Act, the President shall establish a lithium battery safety working group to promote and coordinate efforts related to the promotion of the safe manufacture, use, and transportation of lithium batteries and cells.

(1) Composition.—
(A) IN GENERAL.—The working group shall be composed of at least 1 representative from each of the following:

(ii) Department of Transportation.

(iii) National Institute on Standards and Technology.

(iv) Food and Drug Administration.

(B) ADDITIONAL MEMBERS.—The working group may include not more than 4 additional members with expertise in the safe manufacture, use, or transportation of lithium batteries and cells.

(C) SUBCOMMITTEES.—The President, or members of the working group, may—

(i) establish working group subcommittees to focus on specific issues related to the safe manufacture, use, or transportation of lithium batteries and cells; and

(ii) include in a subcommittee the participation of nonmember stakeholders with expertise in areas that the President or members consider necessary.
(2) **REPORT.**—Not later than 1 year after the date it is established under subsection (b), the working group shall—

(A) **research**—

(i) additional ways to decrease the risk of fires and explosions from lithium batteries and cells;

(ii) additional ways to ensure uniform transportation requirements for both bulk and individual batteries; and

(iii) new or existing technologies that could reduce the fire and explosion risk of lithium batteries and cells; and

(B) transmit to the appropriate committees of Congress a report on the research under subparagraph (A), including any legislative recommendations to effectuate the safety improvements described in clauses (i) through (iii) of that subparagraph.

(3) **EXEMPTION FROM FACA.**—The Federal Advisory Committee Act (5 U.S.C. App.) shall not apply to the working group.

(4) **TERMINATION.**—The working group, and any working group subcommittees, shall terminate 90
days after the date the report is transmitted under paragraph (2).

SEC. 2318. PROHIBITION ON IMPLEMENTATION OF POLICY CHANGE TO PERMIT SMALL, NON-LOCKING KNIVES ON AIRCRAFT.

(a) In General.—Notwithstanding any other provision of law, on and after the date of enactment of this Act, the Secretary of Homeland Security may not implement any change to the prohibited items list of the Transportation Security Administration that would permit passengers to carry small, non-locking knives through passenger screening checkpoints at airports, into sterile areas at airports, or on board passenger aircraft.

(b) Prohibited Items List Defined.—In this section, the term “prohibited items list” means the list of items passengers are prohibited from carrying as accessible property or on their persons through passenger screening checkpoints at airports, into sterile areas at airports, and on board passenger aircraft pursuant to section 1540.111 of title 49, Code of Federal Regulations.

SEC. 2319. AIRCRAFT CABIN EVACUATION PROCEDURES.

(a) Review.—The Administrator of the Federal Aviation Administration shall review—

(1) evacuation certification of transport-category aircraft used in air transportation, with regard to—

† HR 636 EAS
(A) emergency conditions, including impacts into water;

(B) crew procedures used for evacuations under actual emergency conditions;

(C) any relevant changes to passenger demographics and legal requirements, including the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.), that affect emergency evacuations; and

(D) any relevant changes to passenger seating configurations, including changes to seat width, padding, reclining, size, pitch, leg room, and aisle width; and

(2) recent accidents and incidents in which passengers evacuated such aircraft.

(b) Consultation; Review of Data.—In conducting the review under subsection (a), the Administrator shall—

(1) consult with the National Transportation Safety Board, transport-category aircraft manufacturers, air carriers, and other relevant experts and Federal agencies, including groups representing passengers, airline crew members, maintenance employees, and emergency responders; and

(2) review relevant data with respect to evacuation certification of transport-category aircraft.
(c) Report to Congress.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report on the results of the review under subsection (a) and related recommendations, if any, including recommendations for revisions to the assumptions and methods used for assessing evacuation certification of transport-category aircraft.

SEC. 2320. GAO STUDY OF UNIVERSAL DEPLOYMENT OF ADVANCED IMAGING TECHNOLOGIES.

(a) Study.—The Comptroller General of the United States shall conduct a study of the costs that would be incurred—

(1) to redesign airport security areas to fully deploy advanced imaging technologies at all commercial airports at which security screening operations are conducted by the Transportation Security Administration or through the Screening Partnership Program; and

(2) to fully deploy advanced imaging technologies at all airports not described in paragraph (1).

(b) Cost Analysis.—As a part of the study conducted under subsection (a), the Comptroller General shall identify the costs that would be incurred—
(1) to purchase the equipment and other assets necessary to deploy advanced imaging technologies at each airport;

(2) to install such equipment and assets in each airport; and

(3) to maintain such equipment and assets.

(c) REPORT.—Not later than 6 months after the date of the enactment of this Act, the Comptroller General shall submit the results of the study conducted under subsection (a) to the appropriate committees of Congress.

Subtitle D—General Aviation Safety

SEC. 2401. AUTOMATED WEATHER OBSERVING SYSTEMS POLICY.

(a) In General.—Not later than 2 years after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall—

(1) update automated weather observing systems standards to maximize the use of new technologies that promote the reduction of equipment or maintenance cost for non-Federal automated weather observing systems, including the use of remote monitoring and maintenance, unless demonstrated to be ineffective;
(2) review, and if necessary update, existing policies in accordance with the standards developed under paragraph (1); and

(3) establish a process under which appropriate on site airport personnel or an aviation official may, with appropriate manufacturer training or alternative training as determined by the Administrator, be permitted to conduct the minimum tri-annual preventative maintenance checks under the advisory circular for non-Federal automated weather observing systems (AC 150/5220–16D).

(b) PERMISSION.—Permission to conduct the minimum tri-annual preventative maintenance checks described under subsection (a)(3) shall not be withheld but for specific cause.

(c) STANDARDS.—In updating the standards under subsection (a)(1), the Administrator shall—

(1) ensure the standards are performance-based;

(2) use risk analysis to determine the accuracy of the automated weather observing systems outputs required for pilots to perform safe aircraft operations; and

(3) provide a cost benefit analysis to determine whether the benefits outweigh the cost for any requirement not directly related to safety.
(d) REPORT.—Not later than September 30, 2017, the Administrator shall provide a report to the appropriate committees of Congress on the implementation of requirements under this section.

SEC. 2402. TOWER MARKING.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall issue regulations to require the marking of covered towers.

(b) MARKING REQUIRED.—The regulations under subsection (a) shall require that a covered tower be clearly marked in a manner that is consistent with applicable guidance under the Federal Aviation Administration Advisory Circular issued December 4, 2015 (AC 70/7460–1L) or other relevant safety guidance, as determined by the Administrator.

(c) APPLICATION.—The regulations issued under subsection (a) shall ensure that—

(1) all covered towers constructed on or after the date on which such regulations take effect are marked in accordance with subsection (b); and

(2) a covered tower constructed before the date on which such regulations take effect is marked in accordance with subsection (b) not later than 1 year after such effective date.
(d) Definition of Covered Tower.—

(1) In general.—In this section, the term “covered tower” means a structure that—

(A) is self-standing or supported by guy wires and ground anchors;

(B) is 10 feet or less in diameter at the above-ground base, excluding concrete footing;

(C) at the highest point of the structure is at least 50 feet above ground level;

(D) at the highest point of the structure is not more than 200 feet above ground level;

(E) has accessory facilities on which an antenna, sensor, camera, meteorological instrument, or other equipment is mounted; and

(F) is located—

(i) outside the boundaries of an incorporated city or town; or

(ii) on land that is—

(I) undeveloped; or

(II) used for agricultural purposes.

(2) Exclusions.—The term “covered tower” does not include any structure that—

(A) is adjacent to a house, barn, electric utility station, or other building;
(B) is within the curtilage of a farmstead;
(C) supports electric utility transmission or distribution lines;
(D) is a wind powered electrical generator with a rotor blade radius that exceeds 6 feet; or
(E) is a street light erected or maintained by a Federal, State, local, or tribal entity.

(e) DATABASE.—The Administrator shall—

(1) develop a database that contains the location and height of each covered tower;
(2) keep the database current to the extent practicable;
(3) ensure that any proprietary information in the database is protected from disclosure in accordance with law; and
(4) ensure access to the database is limited to individuals, such as airmen, who require the information for aviation safety purposes only.

SEC. 2403. CRASH-RESISTANT FUEL SYSTEMS.

Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall evaluate and update, as necessary, standards for crash-resistant fuel systems for civilian rotorcraft.
SEC. 2404. REQUIREMENT TO CONSULT WITH STAKEHOLDERS IN DEFINING SCOPE AND REQUIREMENTS FOR FUTURE FLIGHT SERVICE PROGRAM.

Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall consult with general aviation stakeholders in defining the scope and requirements for any new Future Flight Service Program of the Administration to be used in a competitive source selection for the next flight service contract with the Administration.

SEC. 2405. HEADS-UP GUIDANCE SYSTEM TECHNOLOGIES.

(a) IN GENERAL.—Not later than 180 days after the date of the enactment of this Act, the Administrator of the Federal Aviation Administration shall initiate a review of heads-up guidance system displays (in this section referred to as “HGS”).

(b) CONTENTS.—The review required by subsection (a) shall—

(1) evaluate the impacts of single- and dual-installed HGS technology on the safety and efficiency of aircraft operations within the national airspace system;

(2) review a sufficient quantity of commercial aviation accidents or incidents in order to evaluate if
HGS technology would have produced a better outcome in that accident or incident; and

(3) update previous HGS studies performed by the Flight Safety Foundation in 1991 and 2009.

(c) REPORT.—Not later than 18 months after the date of the enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report containing the results of the review required by subsection (a).

Subtitle E—General Provisions

SEC. 2501. DESIGNATED AGENCY SAFETY AND HEALTH OFFICER.

(a) IN GENERAL.—Section 106 is amended by adding at the end the following:

“(u) DESIGNATED AGENCY SAFETY AND HEALTH OFFICER.—

“(1) APPOINTMENT.—There shall be a Designated Agency Safety and Health Officer appointed by the Administrator who shall exclusively fulfill the duties prescribed in this subsection.

“(2) RESPONSIBILITIES.—The Designated Agency Safety and Health Officer shall have responsibility and accountability for—

“(A) auditing occupational safety and health issues across the Administration;
“(B) overseeing Administration-wide compliance with relevant Federal occupational safety and health statutes and regulations, national industry and consensus standards, and Administration policies; and

“(C) encouraging a culture of occupational safety and health to complement the Administration’s existing safety culture.

“(3) REPORTING STRUCTURE.—The Designated Agency Safety and Health Officer shall occupy a full-time, senior executive position and shall report directly to the Assistant Administrator for Human Resource Management.

“(4) QUALIFICATIONS AND REMOVAL.—

“(A) QUALIFICATIONS.—The Designated Agency Safety and Health Officer shall have demonstrated ability and experience in the establishment and administration of comprehensive occupational safety and health programs and knowledge of relevant Federal occupational safety and health statutes and regulations, national industry and consensus standards, and Administration policies.
“(B) REMOVAL.—The Designated Agency Safety and Health Officer shall serve at the pleasure of the Administrator.”.

(b) DEADLINE FOR APPOINTMENT.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall appoint an individual to serve as the Designated Agency Safety and Health Officer under section 106(u) of title 49, United States Code.

SEC. 2502. REPAIR STATIONS LOCATED OUTSIDE UNITED STATES.

(a) RISK-BASED OVERSIGHT.—Section 44733 is amended—

(1) by redesignating subsection (f) as subsection (g);

(2) by inserting after subsection (e) the following:

“(f) RISK-BASED OVERSIGHT.—

“(1) IN GENERAL.—Not later than 90 days after the date of enactment of the Federal Aviation Administration Reauthorization Act of 2016, the Administrator shall take measures to ensure that the safety assessment system established under subsection (a)—

“(A) places particular consideration on inspections of part 145 repair stations located outside the United States that conduct scheduled
heavy maintenance work on part 121 air carrier
aircraft; and

“(B) accounts for the frequency and serious-
ness of any corrective actions that part 121 air
carriers must implement to aircraft following
such work at such repair stations.

“(2) INTERNATIONAL AGREEMENTS.—The Ad-
ministrator shall take the measures required under
paragraph (1)—

“(A) in accordance with the United States
obligations under applicable international agree-
ments; and

“(B) in a manner consistent with the appli-
cable laws of the country in which a repair sta-
tion is located.

“(3) ACCESS TO DATA.—The Administrator may
access and review such information or data in the
possession of a part 121 air carrier as the Adminis-
trator may require in carrying out paragraph
(1)(B).”; and

(3) in subsection (g), as redesignated—

(A) by redesignating paragraphs (1) and
(2) as paragraphs (2) and (3), respectively; and

(B) by inserting before paragraph (2), as
redesignated, the following:
“(1) HEAVY MAINTENANCE WORK.—The term ‘heavy maintenance work’ means a C-check, a D-check, or equivalent maintenance operation with respect to the airframe of a transport-category aircraft.”.

(b) ALCOHOL AND CONTROLLED SUBSTANCES TESTING.—The Administrator of the Federal Aviation Administration shall ensure that—

(1) not later than 90 days after the date of enactment of this Act, a notice of proposed rulemaking required pursuant to section 44733(d)(2) of title 49, United States Code, is published in the Federal Register; and

(2) not later than 1 year after the date on which the notice of proposed rulemaking is published in the Federal Register, the rulemaking is finalized.

(c) BACKGROUND INVESTIGATIONS.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall ensure that each employee of a repair station certificated under part 145 of title 14, Code of Federal Regulations, who performs a safety-sensitive function on an air carrier aircraft has undergone a preemployment background investigation sufficient to determine whether the individual presents a threat to aviation safety, in a manner that is—
(1) determined acceptable by the Administrator;

(2) consistent with the applicable laws of the country in which the repair station is located; and

(3) consistent with the United States obligations under international agreements.

SEC. 2503. FAA TECHNICAL TRAINING.

(a) E-LEARNING TRAINING PILOT PROGRAM.—Not later than 90 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration, in collaboration with the exclusive bargaining representatives of covered FAA personnel, shall establish an e-learning training pilot program in accordance with the requirements of this section.

(b) CURRICULUM.—The pilot program shall—

(1) include a recurrent training curriculum for covered FAA personnel to ensure that the covered FAA personnel receive instruction on the latest aviation technologies, processes, and procedures;

(2) focus on providing specialized technical training for covered FAA personnel, as determined necessary by the Administrator;

(3) include training courses on applicable regulations of the Federal Aviation Administration; and

(4) consider the efficacy of instructor-led online training.
(c) PILOT PROGRAM TERMINATION.—The pilot program shall terminate 1 year after the date of establishment of the pilot program.

(d) E-LEARNING TRAINING PROGRAM.—Upon termination of the pilot program, the Administrator shall assess and establish or update an e-learning training program that incorporates lessons learned for covered FAA personnel as a result of the pilot program.

(e) DEFINITIONS.—In this section:

(1) COVERED FAA PERSONNEL.—The term “covered FAA personnel” means airway transportation systems specialists and aviation safety inspectors of the Federal Aviation Administration.

(2) E-LEARNING TRAINING.—The term “e-learning training” means learning utilizing electronic technologies to access educational curriculum outside of a traditional classroom.

SEC. 2504. SAFETY CRITICAL STAFFING.

(a) AUDIT BY DOT INSPECTOR GENERAL.—Not later than 1 year after the date of enactment of this Act, the Inspector General of the Department of Transportation shall conduct and complete an audit of the staffing model used by the Federal Aviation Administration to determine the number of aviation safety inspectors that are needed to ful-
fill the mission of the Federal Aviation Administration and adequately ensure aviation safety.

(b) CONTENTS.—The audit shall include, at a minimum—

(1) a review of the staffing model and an analysis of how consistently the staffing model is applied throughout the Federal Aviation Administration’s aviation safety lines of business;

(2) a review of the assumptions and methods used in devising and implementing the staffing model to assess the adequacy of the staffing model to predict the number of aviation safety inspectors needed to properly fulfill the mission of the Federal Aviation Administration and meet the future growth of the aviation industry; and

(3) a determination on whether the current staffing model takes into account the Federal Aviation Administration’s authority to fully utilize designees.

(c) REPORT.—Not later than 30 days after the date of completion of the audit, the Inspector General shall submit to the appropriate committees of Congress a report on the results of the audit.
SEC. 2505. APPROACH CONTROL RADAR IN ALL AIR TRAFFIC CONTROL TOWERS.

The Administrator of the Federal Aviation Administration shall—

(1) identify airports that are currently served by Federal Aviation Administration towers with non-radar approach and departure control (Type 4 tower); and

(2) develop an implementation plan, including budgetary considerations, to provide the facilities identified under paragraph (1) with approach control radar.

SEC. 2506. AIRSPACE MANAGEMENT ADVISORY COMMITTEE.

(a) IN GENERAL.—Not later than 180 days after the date of the enactment of this Act, the Administrator shall establish an advisory committee to carry out the duties described in subsection (b).

(b) DUTIES.—The advisory committee shall—

(1) conduct a review of the practices and procedures of the Federal Aviation Administration for developing proposals with respect to changes in regulations, policies, or guidance of the Federal Aviation Administration relating to airspace that affect airport operations, airport capacity, the environment, or communities in the vicinity of airports, including—
(A) an assessment of the extent to which there is consultation, or a lack of consultation, with respect to such proposals—

(i) between and among the affected elements of the Federal Aviation Administration, including the Air Traffic Organization, the Office of Airports, the Flight Standards Service, the Office of NextGen, and the Office of Energy and Environment; and

(ii) between the Federal Aviation Administration and affected entities, including airports, aircraft operators, communities, and State and local governments;

(2) recommend revisions to such practices and procedures to improve communications and coordination between and among affected elements of the Federal Aviation Administration and with other affected entities with respect to proposals described in paragraph (1) and the potential effects of such proposals;

(3) conduct a review of the management by the Federal Aviation Administration of systems and information used to evaluate data relating to obstructions to air navigation or navigational facilities
under part 77 of title 14, Code of Federal Regulations; and

(4) make recommendations to ensure that the data described in paragraph (3) is publicly accessible and streamlined to ensure developers, airport operators, and other interested parties may obtain relevant information concerning potential obstructions when working to preserve and create a safe and efficient navigable airspace.

(c) MEMBERSHIP.—The membership of the advisory committee established under subsection (a) shall include representatives of—

(1) air carriers, including passenger and cargo air carriers;

(2) general aviation, including business aviation and fixed wing aircraft and rotocraft;

(3) airports of various sizes and types;

(4) air traffic controllers; and

(5) State aviation officials.

(d) REPORT REQUIRED.—Not later than one year after the establishment of the advisory committee under subsection (a), the advisory committee shall submit to Congress a report on the actions taken by the advisory committee to carry out the duties described in subsection (b).
Subtitle F—Third Class Medical Reform and General Aviation Pilot Protections

SEC. 2601. SHORT TITLE.

This subtitle may be cited as the “Pilot’s Bill of Rights 2”.

SEC. 2602. MEDICAL CERTIFICATION OF CERTAIN SMALL AIRCRAFT PILOTS.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall issue or revise regulations to ensure that an individual may operate as pilot in command of a covered aircraft if—

(1) the individual possesses a valid driver’s license issued by a State, territory, or possession of the United States and complies with all medical requirements or restrictions associated with that license;

(2) the individual holds a medical certificate issued by the Federal Aviation Administration on the date of enactment of this Act, held such a certificate at any point during the 10-year period preceding such date of enactment, or obtains such a certificate after such date of enactment;
(3) the most recent medical certificate issued by
the Federal Aviation Administration to the indi-
vidual—

(A) indicates whether the certificate is first,
second, or third class;

(B) may include authorization for special
issuance;

(C) may be expired;

(D) cannot have been revoked or suspended;

and

(E) cannot have been withdrawn;

(4) the most recent application for airman med-
ical certification submitted to the Federal Aviation
Administration by the individual cannot have been
completed and denied;

(5) the individual has completed a medical edu-
cation course described in subsection (c) during the 24
calendar months before acting as pilot in command of
a covered aircraft and demonstrates proof of comple-
tion of the course;

(6) the individual, when serving as a pilot in
command, is under the care and treatment of a physi-
cian if the individual has been diagnosed with any
medical condition that may impact the ability of the
individual to fly;
(7) the individual has received a comprehensive medical examination from a State-licensed physician during the previous 48 months and—

(A) prior to the examination, the individual—

(i) completed the individual’s section of the checklist described in subsection (b); and

(ii) provided the completed checklist to the physician performing the examination; and

(B) the physician conducted the comprehensive medical examination in accordance with the checklist described in subsection (b), checking each item specified during the examination and addressing, as medically appropriate, every medical condition listed, and any medications the individual is taking; and

(8) the individual is operating in accordance with the following conditions:

(A) The covered aircraft is carrying not more than 5 passengers.

(B) The individual is operating the covered aircraft under visual flight rules or instrument flight rules.
(C) The flight, including each portion of that flight, is not carried out—

(i) for compensation or hire, including that no passenger or property on the flight is being carried for compensation or hire;

(ii) at an altitude that is more than 18,000 feet above mean sea level;

(iii) outside the United States, unless authorized by the country in which the flight is conducted; or

(iv) at an indicated air speed exceeding 250 knots.

(b) COMPREHENSIVE MEDICAL EXAMINATION.—

(1) In general.—Not later than 180 days after the date of enactment of this Act, the Administrator shall develop a checklist for an individual to complete and provide to the physician performing the comprehensive medical examination required in subsection (a)(7).

(2) REQUIREMENTS.—The checklist shall contain—

(A) a section, for the individual to complete that contains—
(i) boxes 3 through 13 and boxes 16 through 19 of the Federal Aviation Administration Form 8500–8 (3–99);

(ii) a signature line for the individual to affirm that—

(I) the answers provided by the individual on that checklist, including the individual’s answers regarding medical history, are true and complete;

(II) the individual understands that he or she is prohibited under Federal Aviation Administration regulations from acting as pilot in command, or any other capacity as a required flight crew member, if he or she knows or has reason to know of any medical deficiency or medically disqualifying condition that would make the individual unable to operate the aircraft in a safe manner; and

(III) the individual is aware of the regulations pertaining to the prohibition on operations during medical deficiency and has no medically dis-
qualifying conditions in accordance
with applicable law;

(B) a section with instructions for the indi-
vidual to provide the completed checklist to the
physician performing the comprehensive medical
examination required in subsection (a)(?); and

(C) a section, for the physician to complete,
that instructs the physician—

(i) to perform a clinical examination
of—

(I) head, face, neck, and scalp;

(II) nose, sinuses, mouth, and
throat;

(III) ears, general (internal and
external canals), and eardrums (per-
foration);

(IV) eyes (general),
ophthalmoscopic, pupils (equality and
reaction), and ocular motility (associ-
ated parallel movement, nystagmus);

(V) lungs and chest (not including
breast examination);

(VI) heart (precordial activity,
rhythm, sounds, and murmurs);
(VII) vascular system (pulse, amplitude, and character, and arms, legs, and others);

(VIII) abdomen and viscera (including hernia);

(IX) anus (not including digital examination);

(X) skin;

(XI) G–U system (not including pelvic examination);

(XII) upper and lower extremities (strength and range of motion);

(XIII) spine and other musculoskeletal;

(XIV) identifying body marks, scars, and tattoos (size and location);

(XV) lymphatics;

(XVI) neurologic (tendon reflexes, equilibrium, senses, cranial nerves, and coordination, etc.);

(XVII) psychiatric (appearance, behavior, mood, communication, and memory);

(XVIII) general systemic;

(XIX) hearing;
(XX) vision (distant, near, and intermediate vision, field of vision, color vision, and ocular alignment);

(XXI) blood pressure and pulse; and

(XXII) anything else the physician, in his or her medical judgment, considers necessary;

(ii) to exercise medical discretion to address, as medically appropriate, any medical conditions identified, and to exercise medical discretion in determining whether any medical tests are warranted as part of the comprehensive medical examination;

(iii) to discuss all drugs the individual reports taking (prescription and non-prescription) and their potential to interfere with the safe operation of an aircraft or motor vehicle;

(iv) to sign the checklist, stating: “I certify that I discussed all items on this checklist with the individual during my examination, discussed any medications the individual is taking that could interfere
with their ability to safely operate an aircraft or motor vehicle, and performed an examination that included all of the items on this checklist. I certify that I am not aware of any medical condition that, as presently treated, could interfere with the individual’s ability to safely operate an aircraft.”; and

(v) to provide the date the comprehensive medical examination was completed, and the physician’s full name, address, telephone number, and State medical license number.

(3) LOGBOOK.—The completed checklist shall be retained in the individual’s logbook and made available on request.

(c) MEDICAL EDUCATION COURSE REQUIREMENTS.—The medical education course described in this subsection shall—

(1) be available on the Internet free of charge;

(2) be developed and periodically updated in coordination with representatives of relevant nonprofit and not-for-profit general aviation stakeholder groups;

(3) educate pilots on conducting medical self-assessments;
(4) advise pilots on identifying warning signs of potential serious medical conditions;

(5) identify risk mitigation strategies for medical conditions;

(6) increase awareness of the impacts of potentially impairing over-the-counter and prescription drug medications;

(7) encourage regular medical examinations and consultations with primary care physicians;

(8) inform pilots of the regulations pertaining to the prohibition on operations during medical deficiency and medically disqualifying conditions;

(9) provide the checklist developed by the Federal Aviation Administration in accordance with subsection (b); and

(10) upon successful completion of the course, electronically provide to the individual and transmit to the Federal Aviation Administration—

(A) a certification of completion of the medical education course, which shall be printed and retained in the individual’s logbook and made available upon request, and shall contain the individual’s name, address, and airman certificate number;
(B) subject to subsection (d), a release authorizing the National Driver Register through a designated State Department of Motor Vehicles to furnish to the Federal Aviation Administration information pertaining to the individual’s driving record;

(C) a certification by the individual that the individual is under the care and treatment of a physician if the individual has been diagnosed with any medical condition that may impact the ability of the individual to fly, as required under (a)(6);

(D) a form that includes—

(i) the name, address, telephone number, and airman certificate number of the individual;

(ii) the name, address, telephone number, and State medical license number of the physician performing the comprehensive medical examination required in subsection (a)(7);

(iii) the date of the comprehensive medical examination required in subsection (a)(7); and
(iv) a certification by the individual that the checklist described in subsection (b) was followed and signed by the physician in the comprehensive medical examination required in subsection (a)(7); and

(E) a statement, which shall be printed, and signed by the individual certifying that the individual understands the existing prohibition on operations during medical deficiency by stating: “I understand that I cannot act as pilot in command, or any other capacity as a required flight crew member, if I know or have reason to know of any medical condition that would make me unable to operate the aircraft in a safe manner.”.

(d) NATIONAL DRIVER REGISTER.—The authorization under subsection (c)(10)(B) shall be an authorization for a single access to the information contained in the National Driver Register.

(e) SPECIAL ISSUANCE PROCESS.—

(1) IN GENERAL.—An individual who has qualified for the third-class medical certificate exemption under subsection (a) and is seeking to serve as a pilot in command of a covered aircraft shall be required to have completed the process for obtaining an Author-
ization for Special Issuance of a Medical Certificate
for each of the following:

(A) A mental health disorder, limited to an
established medical history or clinical diagnosis
of—

(i) personality disorder that is severe
even to have repeatedly manifested itself
by overt acts;

(ii) psychosis, defined as a case in
which an individual—

(I) has manifested delusions, hall-
lucinations, grossly bizarre or disorga-
nized behavior, or other commonly ac-
cepted symptoms of psychosis; or

(II) may reasonably be expected to
manifest delusions, hallucinations,
grossly bizarre or disorganized behav-
ior, or other commonly accepted symp-
toms of psychosis;

(iii) bipolar disorder; or

(iv) substance dependence within the
previous 2 years, as defined in section
67.307(a)(4) of title 14, Code of Federal
Regulations.
(B) A neurological disorder, limited to an established medical history or clinical diagnosis of any of the following:

(i) Epilepsy.

(ii) Disturbance of consciousness without satisfactory medical explanation of the cause.

(iii) A transient loss of control of nervous system functions without satisfactory medical explanation of the cause.

(C) A cardiovascular condition, limited to a one-time special issuance for each diagnosis of the following:

(i) Myocardial infarction.

(ii) Coronary heart disease that has required treatment.

(iii) Cardiac valve replacement.

(iv) Heart replacement.

(2) Special rule for cardiovascular conditions.—In the case of an individual with a cardiovascular condition, the process for obtaining an Authorization for Special Issuance of a Medical Certificate shall be satisfied with the successful completion of an appropriate clinical evaluation without a mandatory wait period.
(3) SPECIAL RULE FOR MENTAL HEALTH CONDITIONS.—

(A) In the case of an individual with a clinically diagnosed mental health condition, the third-class medical certificate exemption under subsection (a) shall not apply if—

(i) in the judgment of the individual’s State-licensed medical specialist, the condition—

(I) renders the individual unable to safely perform the duties or exercise the airman privileges described in subsection (a)(8); or

(II) may reasonably be expected to make the individual unable to perform the duties or exercise the privileges described in subsection (a)(8); or

(ii) the individual’s driver’s license is revoked by the issuing agency as a result of a clinically diagnosed mental health condition.

(B) Subject to subparagraph (A), an individual clinically diagnosed with a mental health condition shall certify every 2 years, in conjunction with the certification under subsection
(c)(10)(C), that the individual is under the care of a State-licensed medical specialist for that mental health condition.

(4) SPECIAL RULE FOR NEUROLOGICAL CONDITIONS.—

(A) In the case of an individual with a clinically diagnosed neurological condition, the third-class medical certificate exemption under subsection (a) shall not apply if—

(i) in the judgment of the individual’s State-licensed medical specialist, the condition—

(I) renders the individual unable to safely perform the duties or exercise the airman privileges described in subsection (a)(8); or

(II) may reasonably be expected to make the individual unable to perform the duties or exercise the privileges described in subsection (a)(8); or

(ii) the individual’s driver’s license is revoked by the issuing agency as a result of a clinically diagnosed neurological condition.
(B) Subject to subparagraph (A), an individual clinically diagnosed with a neurological condition shall certify every 2 years, in conjunction with the certification under subsection (c)(10)(C), that the individual is under the care of a State-licensed medical specialist for that neurological condition.

(f) Identification of Additional Medical Conditions for the CACI Program.—

(1) In general.—Not later than 180 days after the date of enactment of this Act, the Administrator shall review and identify additional medical conditions that could be added to the program known as the Conditions AMEs Can Issue (CACI) program.

(2) Consultations.—In carrying out paragraph (1), the Administrator shall consult with aviation, medical, and union stakeholders.

(3) Report required.—Not later than 180 days after the date of enactment of this Act, the Administrator shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report listing the medical conditions that have been added to the CACI program under paragraph (1).
(g) Expedited Authorization for Special Issuance of a Medical Certificate.—

(1) In general.—The Administrator shall implement procedures to expedite the process for obtaining an Authorization for Special Issuance of a Medical Certificate under section 67.401 of title 14, Code of Federal Regulations.

(2) Consultations.—In carrying out paragraph (1), the Administrator shall consult with aviation, medical, and union stakeholders.

(3) Report required.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report describing how the procedures implemented under paragraph (1) will streamline the process for obtaining an Authorization for Special Issuance of a Medical Certificate and reduce the amount of time needed to review and decide special issuance cases.

(h) Report required.—Not later than 5 years after the date of enactment of this Act, the Administrator, in coordination with the National Transportation Safety Board, shall submit to the Committee on Commerce, Science, and

†HR 636 EAS
Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives a report that describes the effect of the regulations issued or revised under subsection (a) and includes statistics with respect to changes in small aircraft activity and safety incidents.

(i) Prohibition on Enforcement Actions.—Beginning on the date that is 1 year after the date of enactment of this Act, the Administrator may not take an enforcement action for not holding a valid third-class medical certificate against a pilot of a covered aircraft for a flight, through a good faith effort, if the pilot and the flight meet the applicable requirements under subsection (a), except paragraph (5) of that subsection, unless the Administrator has published final regulations in the Federal Register under that subsection.

(j) Covered Aircraft Defined.—In this section, the term “covered aircraft” means an aircraft that—

(1) is authorized under Federal law to carry not more than 6 occupants; and

(2) has a maximum certificated takeoff weight of not more than 6,000 pounds.

(k) Operations Covered.—The provisions and requirements covered in this section do not apply to pilots who elect to operate under the medical requirements under
subsection (b) or subsection (c) of section 61.23 of title 14, Code of Federal Regulations.

(l) AUTHORITY TO REQUIRE ADDITIONAL INFORMATION.—

(1) IN GENERAL.—If the Administrator receives credible or urgent information, including from the National Driver Register or the Administrator’s Safety Hotline, that reflects on an individual’s ability to safely operate a covered aircraft under the third-class medical certificate exemption in subsection (a), the Administrator may require the individual to provide additional information or history so that the Administrator may determine whether the individual is safe to continue operating a covered aircraft.

(2) USE OF INFORMATION.—The Administrator may use credible or urgent information received under paragraph (1) to request an individual to provide additional information or to take actions under section 44709(b) of title 49, United States Code.

SEC. 2603. EXPANSION OF PILOT’S BILL OF RIGHTS.

(a) APPEALS OF SUSPENDED AND REVOKED AIRMAN CERTIFICATES.—Section 2(d)(1) of the Pilot’s Bill of Rights (Public Law 112–153; 126 Stat. 1159; 49 U.S.C. 44703 note) is amended by striking “or imposing a punitive civil action or an emergency order of revocation under sub-
sections (d) and (e) of section 44709 of such title” and in-
serting “suspending or revoking an airman certificate
under section 44709(d) of such title, or imposing an emer-
gency order of revocation under subsections (d) and (e) of
section 44709 of such title”.

(b) DE NOVO REVIEW BY DISTRICT COURT; BURDEN
OF PROOF.—Section 2(e) of the Pilot’s Bill of Rights (Pub-
lic Law 112–153; 126 Stat. 1159; 49 U.S.C. 44703 note)
is amended—

(1) by amending paragraph (1) to read as fol-

“(1) IN GENERAL.—In an appeal filed under
subsection (d) in a United States district court with
respect to a denial, suspension, or revocation of an
airman certificate by the Administrator—

“(A) the district court shall review the de-
nial, suspension, or revocation de novo, includ-
ing by—

“(i) conducting a full independent re-
view of the complete administrative record
of the denial, suspension, or revocation;

“(ii) permitting additional discovery
and the taking of additional evidence; and

“(iii) making the findings of fact and
conclusions of law required by Rule 52 of
the Federal Rules of Civil Procedure without being bound to any findings of fact of the Administrator or the National Transportation Safety Board.”;

(2) by redesignating paragraph (2) as paragraph (3); and

(3) by inserting after paragraph (1) the following:

“(2) BURDEN OF PROOF.—In an appeal filed under subsection (d) in a United States district court after an exhaustion of administrative remedies, the burden of proof shall be as follows:

“(A) In an appeal of the denial of an application for the issuance or renewal of an airman certificate under section 44703 of title 49, United States Code, the burden of proof shall be upon the applicant denied an airman certificate by the Administrator.

“(B) In an appeal of an order issued by the Administrator under section 44709 of title 49, United States Code, the burden of proof shall be upon the Administrator.”; and

(4) by adding at the end the following:

“(4) APPLICABILITY OF ADMINISTRATIVE PROCEDURE ACT.—Notwithstanding paragraph (1)(A) of
this subsection or subsection (a)(1) of section 554 of title 5, United States Code, section 554 of such title shall apply to adjudications of the Administrator and the National Transportation Safety Board to the same extent as that section applied to such adjudications before the date of enactment of the Pilot's Bill of Rights 2.’’.

(c) Notification of Investigation.—Subsection (b) of section 2 of the Pilot's Bill of Rights (Public Law 112–153; 126 Stat. 1159; 49 U.S.C. 44703 note) is amended—

(1) in paragraph (2)(A), by inserting “and the specific activity on which the investigation is based” after “nature of the investigation’’;

(2) in paragraph (3), by striking “timely”; and

(3) in paragraph (5), by striking “section 44709(c)(2)” and inserting “section 44709(e)(2)”.

(d) Release of Investigative Reports.—Section 2 of the Pilot's Bill of Rights (Public Law 112–153; 126 Stat. 1159; 49 U.S.C. 44703 note) is further amended by inserting after subsection (e) the following:

“(f) Release of Investigative Reports.—

“(1) In general.—

“(A) Emergency Orders.—In any proceeding conducted under part 821 of title 49, Code of Federal Regulations, relating to the
amendment, modification, suspension, or revocation of an airman certificate, in which the Administrator issues an emergency order under subsections (d) and (e) of section 44709, section 44710, or section 46105(c) of title 49, United States Code, or another order that takes effect immediately, the Administrator shall provide to the individual holding the airman certificate the releasable portion of the investigative report at the time the Administrator issues the order. If the complete Report of Investigation is not available at the time the Emergency Order is issued, the Administrator shall issue all portions of the report that are available at the time and shall provide the full report within 5 days of its completion.

“(B) OTHER ORDERS.—In any non-emergency proceeding conducted under part 821 of title 49, Code of Federal Regulations, relating to the amendment, modification, suspension, or revocation of an airman certificate, in which the Administrator notifies the certificate holder of a proposed certificate action under subsections (b) and (c) of section 44709 or section 44710 of title 49, United States Code, the Administrator shall,
upon the written request of the covered certificate holder and at any time after that notification, provide to the covered certificate holder the releasable portion of the investigative report.

“(2) MOTION FOR DISMISSAL.—If the Administrator does not provide the releasable portions of the investigative report to the individual holding the airman certificate subject to the proceeding referred to in paragraph (1) by the time required by that paragraph, the individual may move to dismiss the complaint of the Administrator or for other relief and, unless the Administrator establishes good cause for the failure to provide the investigative report or for a lack of timeliness, the administrative law judge shall order such relief as the judge considers appropriate.

“(3) RELEASABLE PORTION OF INVESTIGATIVE REPORT.—For purposes of paragraph (1), the releasable portion of an investigative report is all information in the report, except for the following:

“(A) Information that is privileged.

“(B) Information that constitutes work product or reflects internal deliberative process.

“(C) Information that would disclose the identity of a confidential source.
“(D) Information the disclosure of which is prohibited by any other provision of law.

“(E) Information that is not relevant to the subject matter of the proceeding.

“(F) Information the Administrator can demonstrate is withheld for good cause.

“(G) Sensitive security information, as defined in section 15.5 of title 49, Code of Federal Regulations (or any corresponding similar ruling or regulation).

“(4) RULE OF CONSTRUCTION.—Nothing in this subsection shall be construed to prevent the Administrator from releasing to an individual subject to an investigation described in subsection (b)(1)—

“(A) information in addition to the information included in the releasable portion of the investigative report; or

“(B) a copy of the investigative report before the Administrator issues a complaint.”.

SEC. 2604. LIMITATIONS ON REEXAMINATION OF CERTIFICATE HOLDERS.

(a) IN GENERAL.—Section 44709(a) is amended—

(1) by striking “The Administrator” and inserting the following:

“(1) IN GENERAL.—The Administrator”;

† HR 636 EAS
(2) by striking “reexamine” and inserting “, except as provided in paragraph (2), reexamine”; and
(3) by adding at the end the following:

“(2) LIMITATION ON THE REEXAMINATION OF AIRMAN CERTIFICATES.—

“(A) IN GENERAL.—The Administrator may not reexamine an airman holding a student, sport, recreational, or private pilot certificate issued under section 44703 of this title if the reexamination is ordered as a result of an event involving the fault of the Federal Aviation Administration or its designee, unless the Administrator has reasonable grounds—

“(i) to establish that the airman may not be qualified to exercise the privileges of a particular certificate or rating, based upon an act or omission committed by the airman while exercising those privileges, after the certificate or rating was issued by the Federal Aviation Administration or its designee; or

“(ii) to demonstrate that the airman obtained the certificate or the rating through fraudulent means or through an examination that was substantially and de-
monstrably inadequate to establish the air-
man’s qualifications.

“(B) Notification Requirements.—Be-
fore taking any action to reexamine an airman
under subparagraph (A), the Administrator shall
provide to the airman—

“(i) a reasonable basis, described in de-
tail, for requesting the reexamination; and

“(ii) any information gathered by the
Federal Aviation Administration, that the
Administrator determines is appropriate to
provide, such as the scope and nature of the
requested reexamination, that formed the
basis for that justification.”.

(b) Amendment, Modification, Suspension, or
Revocation of Airman Certificates After Reexam-
ination.—Section 44709(b) is amended—

(1) in paragraph (1), by redesignating subpara-
graphs (A) and (B) as clauses (i) and (ii), respec-
tively, and indenting appropriately;

(2) by redesignating paragraphs (1) and (2) as
subparagraphs (A) and (B), respectively, and indent-
ing appropriately;
(3) in the matter preceding subparagraph (A), as redesignated, by striking “The Administrator” and inserting the following:

“(1) IN GENERAL.—Except as provided in paragraph (2), the Administrator”; and

(4) by adding at the end the following:

“(2) AMENDMENTS, MODIFICATIONS, SUSPENSIONS, AND REVOCATIONS OF AIRMAN CERTIFICATES AFTER REEXAMINATION.—

“(A) IN GENERAL.—The Administrator may not issue an order to amend, modify, suspend, or revoke an airman certificate held by a student, sport, recreational, or private pilot and issued under section 44703 of this title after a reexamination of the airman holding the certificate unless the Administrator determines that the airman—

“(i) lacks the technical skills and competency, or care, judgment, and responsibility, necessary to hold and safely exercise the privileges of the certificate; or

“(ii) materially contributed to the issuance of the certificate by fraudulent means.
“(B) STANDARD OF REVIEW.—Any order of
the Administrator under this paragraph shall be
subject to the standard of review provided for
under section 2 of the Pilot’s Bill of Rights (49
U.S.C. 44703 note).”.

(c) CONFORMING AMENDMENTS.—Section 44709(d)(1)
is amended—

(1) in subparagraph (A), by striking “subsection
(b)(1)(A)” and inserting “subsection (b)(1)(A)(i)”;
and

(2) in subparagraph (B), by striking “subsection
(b)(1)(B)” and inserting “subsection (b)(1)(A)(ii)”. 

SEC. 2605. EXPEDITING UPDATES TO NOTAM PROGRAM.

(a) IN GENERAL.—

(1) Beginning on the date that is 180 days after
the date of enactment of this Act, the Administrator
of the Federal Aviation Administration may not take
any enforcement action against any individual for a
violation of a NOTAM (as defined in section 3 of the
Pilot’s Bill of Rights (49 U.S.C. 44701 note)) until
the Administrator certifies to the appropriate congress-
ional committees that the Administrator has com-
plied with the requirements of section 3 of the Pilot’s
Bill of Rights, as amended by this section.
(2) In this subsection, the term “appropriate congressional committees” means—

(A) the Committee on Commerce, Science, and Transportation of the Senate; and

(B) the Committee on Transportation and Infrastructure of the House of Representatives.

(b) Amendments.—Section 3 of the Pilot’s Bill of Rights (Public Law 112–153; 126 Stat. 1162; 49 U.S.C. 44701 note) is amended—

(1) in subsection (a)(2)—

(A) in the matter preceding subparagraph (A)—

(i) by striking “this Act” and inserting “the Pilot’s Bill of Rights 2”; and

(ii) by striking “begin” and inserting “complete the implementation of”;

(B) by amending subparagraph (B) to read as follows:

“(B) to continue developing and modernizing the NOTAM repository, in a public central location, to maintain and archive all NOTAMs, including the original content and form of the notices, the original date of publication, and any amendments to such notices with the date of each
amendment, in a manner that is Internet-accessible, machine-readable, and searchable;”;

(C) in subparagraph (C), by striking the period at the end and inserting “; and”; and

(D) by adding at the end the following:

“(D) to specify the times during which temporary flight restrictions are in effect and the duration of a designation of special use airspace in a specific area.”; and

(2) by amending subsection (d) to read as follows:

“(d) Designation of Repository as Sole Source for NOTAMS.—

“(1) In General.—The Administrator—

“(A) shall consider the repository for NOTAMs under subsection (a)(2)(B) to be the sole location for airmen to check for NOTAMs;

and

“(B) may not consider a NOTAM to be announced or published until the NOTAM is included in the repository for NOTAMs under subsection (a)(2)(B).

“(2) Prohibition on Taking Action for Violations of NOTAMS Not in Repository.—
“(A) IN GENERAL.—Except as provided in subparagraph (B), beginning on the date that
the repository under subsection (a)(2)(B) is final
and published, the Administrator may not take
any enforcement action against an airman for a
violation of a NOTAM during a flight if—

“(i) that NOTAM is not available
through the repository before the commence-
ment of the flight; and

“(ii) that NOTAM is not reasonably
accessible and identifiable to the airman.

“(B) EXCEPTION FOR NATIONAL SECU-
RITY.—Subparagraph (A) shall not apply in the
case of an enforcement action for a violation of
a NOTAM that directly relates to national secu-

SEC. 2606. ACCESSIBILITY OF CERTAIN FLIGHT DATA.

(a) IN GENERAL.—Subchapter I of chapter 471 is
amended by inserting after section 47124 the following:

“§47124a. Accessibility of certain flight data

“(a) DEFINITIONS.—In this section:

“(1) ADMINISTRATION.—The term ‘Administra-

† HR 636 EAS
“(2) Administrator.—The term ‘Administrator’ means the Administrator of the Federal Aviation Administration.

“(3) Applicable Individual.—The term ‘applicable individual’ means an individual who is the subject of an investigation initiated by the Administrator related to a covered flight record.

“(4) Contract Tower.—The term ‘contract tower’ means an air traffic control tower providing air traffic control services pursuant to a contract with the Administration under the contract air traffic control tower program under section 47124(b)(3).

“(5) Covered Flight Record.—The term ‘covered flight record’ means any air traffic data (as defined in section 2(b)(4)(B) of the Pilot’s Bill of Rights (49 U.S.C. 44703 note)), created, maintained, or controlled by any program of the Administration, including any program of the Administration carried out by employees or contractors of the Administration, such as contract towers, flight service stations, and controller training programs.

“(b) Provision of Covered Flight Record to Administration.—

“(1) Requests.—Whenever the Administration receives a written request for a covered flight record
from an applicable individual and the covered flight
record is not in the possession of the Administration,
the Administrator shall request the covered flight
record from the contract tower or other contractor of
the Administration in possession of the covered flight
record.

“(2) Provision of Records.—Any covered
flight record created, maintained, or controlled by a
contract tower or another contractor of the Adminis-
tration that maintains covered flight records shall be
provided to the Administration if the Administration
requests the record pursuant to paragraph (1).

“(3) Notice of Proposed Certificate Ac-
ton.—If the Administrator has issued, or subse-
quently issues, a Notice of Proposed Certificate Action
relaying on evidence contained in the covered flight
record and the individual who is the subject of an in-
vestigation has requested the record, the Adminis-
trator shall promptly produce the record and extend
the time the individual has to respond to the Notice
of Proposed Certificate Action until the covered flight
record is provided.

“(c) Implementation.—

“(1) In General.—Not later than 180 days
after the date of enactment of the Pilot’s Bill of
Rights 2, the Administrator shall promulgate regulations or guidance to ensure compliance with this section.

“(2) Compliance by contractors.—

“(A) Compliance with this section by a contract tower or other contractor of the Administration that maintains covered flight records shall be included as a material term in any contract between the Administration and the contract tower or contractor entered into or renewed on or after the date of enactment of the Pilot’s Bill of Rights 2.

“(B) Subparagraph (A) shall not apply to any contract or agreement in effect on the date of enactment of the Pilot’s Bill of Rights 2 unless the contract or agreement is renegotiated, renewed, or modified after that date.”.

(b) Technical and Conforming Amendments.—The table of contents for chapter 471 is amended by inserting after the item relating to section 47124 the following:

“47124a. Accessibility of certain flight data.”.

SEC. 2607. AUTHORITY FOR LEGAL COUNSEL TO ISSUE CERTAIN NOTICES.

Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall revise section 13.11 of title 14, Code of
Federal Regulations, to authorize legal counsel of the Federal Aviation Administration to close enforcement actions covered by that section with a warning notice, letter of correction, or other administrative action.

**TITLE III—AIR SERVICE IMPROVEMENTS**

**SEC. 3001. DEFINITIONS.**

In this title:

(1) **Covered Air Carrier.**—The term “covered air carrier” means an air carrier or a foreign air carrier as those terms are defined in section 40102 of title 49, United States Code.

(2) **Online Service.**—The term “online service” means any service available over the Internet, or that connects to the Internet or a wide-area network.

(3) **Ticket Agent.**—The term “ticket agent” has the meaning given the term in section 40102 of title 49, United States Code.

**Subtitle A—Passenger Air Service Improvements**

**SEC. 3101. CAUSES OF AIRLINE DELAYS OR CANCELLATIONS.**

(a) **Review.**—

(1) **In General.**—Not later than 1 year after the date of enactment of this Act, the Secretary of
Transportation shall review the categorization of delays and cancellations with respect to air carriers that are required to report such data.

(2) CONSIDERATIONS.—In conducting the review under paragraph (1), the Secretary shall consider, at a minimum—

(A) whether delays and cancellations attributed by an air carrier to weather were unavoidable due to an operational or air traffic control issue, or due to the air carrier’s preference in determining which flights to delay or cancel during a weather event;

(B) whether and to what extent delays and cancellations attributed by an air carrier to weather disproportionately impact service to smaller airports and communities; and

(C) whether it is an unfair or deceptive practice in violation of section 41712 of title 49, United States Code, for an air carrier to inform a passenger that a flight is delayed or cancelled due to weather, without any other context or explanation for the delay or cancellation, when the air carrier has discretion as to which flights to delay or cancel.
§ 3102. INVOLUNTARY CHANGES TO ITINERARIES.

(a) Review.—

(1) In General.—Not later than 1 year after the date of enactment of this Act, the Secretary of Transportation shall review whether it is an unfair or deceptive practice in violation of section 41712 of title 49, United States Code, for an air carrier to change the itinerary of a passenger, more than 24 hours before departure, if the new itinerary involves
additional stops or departs 3 hours earlier or later and compensation or other more suitable air transportation is not offered.

(2) **ADVISORY COMMITTEE FOR AVIATION CONSUMER PROTECTION.**—The Secretary may use the Advisory Committee for Aviation Consumer Protection, established under section 411 of the FAA Modernization and Reform Act of 2012 (49 U.S.C. 42301 prec. note), to assist in conducting the review and providing recommendations.

(b) **REPORT.**—Not later than 90 days after the date the review under subsection (a) is complete, the Secretary shall submit to appropriate committees of Congress a report on the review under subsection (a), including any recommendations.

**SEC. 3103. ADDITIONAL CONSUMER PROTECTIONS.**

Not later than 180 days after the date that the reviews under sections 3101 and 3102 of this Act are complete, the Secretary of Transportation shall issue a supplemental notice of proposed rulemaking to its notice of proposed rulemaking published in the Federal Register on May 23, 2014 (DOT–OST–2014–0056) (relating to the transparency of airline ancillary fees and other consumer protection issues) to consider the following:
(1) Requiring an air carrier to provide notification and refunds or other consideration to a consumer who is impacted by delays or cancellations when an air carrier has a choice as to which flights to cancel or delay during a weather-related event.

(2) Requiring an air carrier to provide notification and refunds or other consideration to a consumer who is impacted by involuntary changes to the consumer’s itinerary.

SEC. 3104. ADDRESSING THE NEEDS OF FAMILIES OF PASSENGERS INVOLVED IN AIRCRAFT ACCIDENTS.

(a) AIR CARRIERS HOLDING CERTIFICATES OF PUBLIC CONVENIENCE AND NECESSITY.—Section 41113 is amended—

(1) in subsection (a), by striking “a major” and inserting “any”;

(2) in subsection (b)—

(A) in paragraph (9), by striking “(and any other victim of the accident)” and inserting “(and any other victim of the accident, including any victim on the ground)”;

(B) in paragraph (16), by striking “major” and inserting “any”; and
(C) in paragraph (17)(A), by striking “significant” and inserting “any”; and

(3) by amending subsection (e) to read as follows:

“(e) DEFINITIONS.—In this section:

“(1) ‘Aircraft accident’ means any aviation disaster, regardless of its cause or suspected cause, for which the National Transportation Safety Board is the lead investigative agency.

“(2) ‘Passenger’ has the meaning given the term in section 1136.”.

(b) FOREIGN AIR CARRIERS PROVIDING FOREIGN AIR TRANSPORTATION.—Section 41313 is amended—

(1) in subsection (b), by striking “a major” and inserting “any”; and

(2) in subsection (c)—

(A) in paragraph (1), by striking “a significant” and inserting “any”;

(B) in paragraph (2), by striking “a significant” and inserting “any”;

(C) in paragraph (16), by striking “major” and inserting “any”; and

(D) in paragraph (17)(A), by striking “significant” and inserting “any”.

† HR 636 EAS
(c) National Transportation Safety Board.—

Section 1136(a) is amended by striking “aircraft accident within the United States involving an air carrier or foreign air carrier and resulting in a major loss of life” and inserting “aircraft accident involving an air carrier or foreign air carrier, resulting in any loss of life, and for which the National Transportation Safety Board will serve as the lead investigative agency”.

SEC. 3105. EMERGENCY MEDICAL KITS.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall evaluate and revise, as appropriate, the regulations under part 121 of title 14, Code of Federal Regulations, regarding the emergency medical equipment requirements, including the contents of the first-aid kit, applicable to all certificate holders operating passenger-carrying airplanes under that part.

(b) CONSIDERATIONS.—In carrying out subsection (a), the Administrator shall consider whether the minimum contents of approved emergency medical kits, including approved first-aid kits, include appropriate medications and equipment to meet the emergency medical needs of children, including consideration of an epinephrine auto-injector, as appropriate.
SEC. 3106. TRAVELERS WITH DISABILITIES.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Comptroller General of the United States shall—

(1) conduct a study of airport accessibility best practices for individuals with disabilities; and

(2) submit to the appropriate committees of Congress a report on the study, including the Comptroller General’s findings, conclusions, and recommendations.

(b) CONTENTS.—The study under subsection (a) shall include accessibility best practices beyond those recommended under the Architectural Barriers Act of 1968 (42 U.S.C. 4151 et seq.), Rehabilitation Act of 1973 (29 U.S.C. 701 et seq.), Air Carrier Access Act of 1986 (100 Stat. 1080; Public Law 99–435), or Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.), that improve infrastructure and communications, such as with regard to wayfinding, amenities, and passenger care.

SEC. 3107. EXTENSION OF ADVISORY COMMITTEE FOR AVIATION CONSUMER PROTECTION.

(a) TERMINATION.—Section 411(h) of the FAA Modernization and Reform Act of 2012 (Public Law 112–95; 49 U.S.C. 42301 prec. note) is amended by striking “July 15, 2016” and inserting “September 30, 2017”.

† HR 636 EAS
(b) **FINANCIAL DISCLOSURE.**—Section 411 of the FAA Modernization and Reform Act of 2012 (Public Law 112–95; 49 U.S.C. 42301 prec. note) is further amended—

(1) by redesignating subsection (h) as subsection (i); and

(2) by inserting before subsection (i), the following:

“(h) **CONFLICT OF INTEREST DISCLOSURE.**—Beginning on the date of enactment of the Federal Aviation Administration Reauthorization Act of 2016, each member of the advisory committee who is not a government employee shall disclose, on an annual basis, any potential conflicts of interest, including financial conflicts of interest, to the Secretary in such form and manner as prescribed by the Secretary.”.

(c) **RECOMMENDATIONS.**—Section 411(g) of the FAA Modernization and Reform Act of 2012 (Public Law 112–95; 49 U.S.C. 42301 prec. note) is amended—

(1) by striking “of the first 2 calendar years beginning after the date of enactment of this Act” and inserting “calendar year”; and

(2) by inserting “and post on the Department of Transportation Web site” after “Congress”.

† HR 636 EAS
SEC. 3108. EXTENSION OF COMPETITIVE ACCESS REPORTS.

Section 47107(r)(3) is amended by striking “July 16, 2016” and inserting “October 1, 2017”.

SEC. 3109. REFUNDS FOR DELAYED BAGGAGE.

(a) In General.—Not later than 1 year after the date of enactment of this Act, the Secretary of Transportation shall issue final regulations to require a covered air carrier to promptly provide an automatic refund to a passenger in the amount of any applicable ancillary fees paid if the covered air carrier has charged the passenger an ancillary fee for checked baggage but the covered air carrier fails to deliver the checked baggage to the passenger not later than 6 hours after the arrival of a domestic flight or 12 hours after the arrival of an international flight.

(b) Exception.—If as part of the rulemaking the Secretary makes a determination on the record that a requirement under subsection (a) is unfeasible and will negatively affect consumers in certain cases, the Secretary may modify 1 or both of the deadlines in that subsection for such cases, except that—

(1) the deadline relating to a domestic flight may not exceed 12 hours after the arrival of the domestic flight; and

(2) the deadline relating to an international flight may not exceed 24 hours after the arrival of the international flight.
SEC. 3110. REFUNDS FOR OTHER FEES THAT ARE NOT HONORED BY A COVERED AIR CARRIER.

Not later than 1 year after the date of enactment of this Act, the Secretary of Transportation shall promulgate regulations that require each covered air carrier to promptly provide an automatic refund to a passenger of any ancillary fees paid for services that the passenger does not receive, including on the passenger’s scheduled flight, on a subsequent replacement itinerary if there has been a rescheduling, or for a flight not taken by the passenger.

SEC. 3111. DISCLOSURE OF FEES TO CONSUMERS.

(a) In General.—Not later than 1 year after the date of enactment of this Act, the Secretary of Transportation shall issue final regulations requiring—

(1) each covered air carrier to disclose to a consumer the baggage fee, cancellation fee, change fee, ticketing fee, and seat selection fee of that covered air carrier in a standardized format; and

(2) notwithstanding the manner in which information regarding the fees described in paragraph (1) is collected, each ticket agent to disclose to a consumer such fees of a covered air carrier in the standardized format described in paragraph (1).

(b) Requirements.—The regulations under subsection (a) shall require that each disclosure—

† HR 636 EAS
(1) if ticketing is done on an Internet Web site or other online service—

(A) be prominently displayed to the consumer prior to the point of purchase; and

(B) set forth the fees described in subsection (a)(1) in clear and plain language and a font of easily readable size; and

(2) if ticketing is done on the telephone, be expressly stated to the consumer during the telephone call and prior to the point of purchase.

SEC. 3112. SEAT ASSIGNMENTS.

(a) IN GENERAL.—Not later than 15 months after the date of enactment of this Act, the Secretary of Transportation shall complete such actions as may be necessary to require each covered air carrier and ticket agent to disclose to a consumer that seat selection for which a fee is charged is an optional service, and that if a consumer does not pay for a seat assignment, a seat will be assigned to the consumer from available inventory at the time the consumer checks in for the flight or prior to departure.

(b) REQUIREMENTS.—The disclosure under subsection (a) shall—

(1) if ticketing is done on an Internet Web site or other online service, be prominently displayed to the consumer on that Internet Web site or online serv-
ice during the selection of seating or prior to the
point of purchase; and

(2) if ticketing is done on the telephone, be ex-
pressly stated to the consumer during the telephone
call and prior to the point of purchase.

SEC. 3113. LASTING IMPROVEMENTS TO FAMILY TRAVEL.

(a) SHORT TITLE.—This section may be cited as the
"Lasting Improvements to Family Travel Act" or the
"LIFT Act".

(b) ACCOMPANYING MINORS FOR SECURITY SCREEN-
ing.—The Administrator of the Transportation Security
Administration shall formalize security screening proce-
dures that allow for one adult family caregiver to accom-
pany a minor child throughout the entirety of the security
screening process.

(c) SPECIAL ACCOMMODATIONS FOR PREGNANT
WOMEN.—Not later than 180 days after the date of the en-
actment of this Act, the Secretary of Transportation shall
review and, if appropriate, prescribe regulations that direct
all air carriers to include pregnant women in their policies
with respect to preboarding or advance boarding of aircraft.

(d) FAMILY SEATING.—Not later than 1 year after the
date of the enactment of this Act, the Secretary shall review
and, if appropriate, establish a policy directing all air car-
rriers to ensure that, if a family is traveling on a reservation
with a child under the age of 13, that child is able to sit
in a seat adjacent to the seat of an accompanying family
member over the age of 13, to the maximum extent prac-
ticable, at no additional cost.

SEC. 3114. CONSUMER COMPLAINT PROCESS IMPROVE-
MENT.

(a) IN GENERAL.—Section 42302 is amended—

(1) by redesignating subsections (b) and (c) as
subsections (c) and (d), respectively;

(2) by inserting after subsection (a), the fol-
lowing:

“(b) POINT OF SALE.—Each air carrier, foreign air
carrier, and ticket agent shall inform each consumer of a
carrier service, at the point of sale, that the consumer can
file a complaint about that service with the carrier and with
the Aviation Consumer Protection Division of the Depart-
ment of Transportation.”;

(3) by amending subsection (c), as redesignated,
to read as follows:

“(c) INTERNET WEB SITE OR OTHER ONLINE SERVICE
NOTICE.—Each air carrier and foreign air carrier shall in-
clude on its Internet Web site, any related mobile device
application, and online service—

“(1) the hotline telephone number established
under subsection (a) or for the Aviation Consumer
Protection Division of the Department of Transportation;

“(2) an active link and the email address, telephone number, and mailing address of the air carrier or foreign air carrier, as applicable, for a consumer to submit a complaint to the carrier about the quality of service;

“(3) notice that the consumer can file a complaint with the Aviation Consumer Protection Division of the Department of Transportation;

“(4) an active link to the Internet Web site of the Aviation Consumer Protection Division of the Department of Transportation for a consumer to file a complaint; and

“(5) the active link described in paragraph (2) on the same Internet Web site page as the active link described in paragraph (4).”;

(4) in subsection (d), as redesignated—

(A) in the matter preceding paragraph (1), by striking “An air carrier or foreign air carrier providing scheduled air transportation using any aircraft that as originally designed has a passenger capacity of 30 or more passenger seats” and inserting “Each air carrier and foreign air carrier”;
(B) in paragraph (1), by striking “air carrier” and inserting “carrier”; and

(C) in paragraph (2), by striking “air carrier” and inserting “carrier”.

(b) RULEMAKING.—Not later than 1 year after the date of enactment of this Act, the Secretary of Transportation shall promulgate regulations to implement the requirements of section 42302 of title 49, United States Code, as amended.

SEC. 3115. ONLINE ACCESS TO AVIATION CONSUMER PROTECTION INFORMATION.

(a) INTERNET WEB SITE.—Not later than 180 days after the date of enactment of this Act, the Secretary of Transportation shall—

(1) complete an evaluation of the aviation consumer protection portion of the Department of Transportation’s public Internet Web site to identify any changes to the user interface that will improve usability, accessibility, consumer satisfaction, and Web site performance;

(2) in completing the evaluation under paragraph (1)—

(A) consider the best practices of other Federal agencies with effective Web sites; and
(B) consult with the Federal Web Managers Council;

(3) develop a plan, including an implementation timeline, for—

(A) making the changes identified under paragraph (1); and

(B) making any necessary changes to that portion of the Web site that will enable a consumer—

(i) to access information regarding each complaint filed with the Aviation Consumer Protection Division of the Department of Transportation;

(ii) to search the complaints described in clause (i) by the name of the air carrier, the dates of departure and arrival, the airports of origin and departure, and the type of complaint; and

(iii) to determine the date a complaint was filed and the date a complaint was resolved; and

(4) submit the evaluation and plan to appropriate committees of Congress.
(b) MOBILE APPLICATION SOFTWARE.—Not later than
1 year after the date of enactment of this Act, the Secretary
of Transportation shall—

(1) implement a program to develop application
software for wireless devices that will enable a user to
access information and perform activities related to
aviation consumer protection, such as—

(A) information regarding airline passenger
protections, including protections related to lost
baggage and baggage fees, disclosure of addi-
tional fees, bumping, cancelled or delayed flights,
damaged or lost baggage, and tarmac delays;
and

(B) file an aviation consumer complaint,
including a safety and security, airline service,
disability and discrimination, or privacy com-
plaint, with the Aviation Consumer Protection
Division of the Department of Transportation;
and

(2) make the application software available to
the public at no cost.

SEC. 3116. STUDY ON IN CABIN WHEELCHAIR RESTRAINT
SYSTEMS.

Not later than 2 years after the date of enactment of
this Act, the Architectural and Transportation Barriers
Compliance Board, in consultation with the Secretary of Transportation, shall conduct a study to determine the ways in which particular individuals with significant disabilities who use wheelchairs, including power wheelchairs, can be accommodated through in cabin wheelchair restraint systems.

SEC. 3117. TRAINING POLICIES REGARDING ASSISTANCE FOR PERSONS WITH DISABILITIES.

(a) In General.—Not later than 270 days after the date of enactment of this Act, the Comptroller General of the United States shall submit to Congress a report describing—

(1) each air carrier’s training policy for its personnel and contractors regarding assistance for persons with disabilities, as required by Department of Transportation regulations;

(2) any variations among the air carriers in the policies described in paragraph (1);

(3) how the training policies are implemented to meet the Department of Transportation regulations;

(4) how frequently an air carrier must train new employees and contractors due to turnover in positions that require such training;

(5) how frequently, in the prior 10 years, the Department of Transportation has requested, after re-
viewing a training policy, that an air carrier take corrective action; and

(6) the action taken by an air carrier under paragraph (5).

(b) BEST PRACTICES.—After the date the report is submitted under subsection (a), the Secretary of Transportation, based on the findings of the report, shall develop and disseminate to air carriers such best practices as the Secretary considers necessary to improve the training policies.

SEC. 3118. ADVISORY COMMITTEE ON THE AIR TRAVEL NEEDS OF PASSENGERS WITH DISABILITIES.

(a) ESTABLISHMENT.—The Secretary of Transportation shall establish an advisory committee for the air travel needs of passengers with disabilities (referred to in this section as the “Advisory Committee”).

(b) DUTIES.—The Advisory Committee shall advise the Secretary with regard to the implementation of the Air Carrier Access Act of 1986 (Public Law 99–435; 100 Stat. 1080), including—

(1) assessing the disability-related access barriers encountered by passengers with disabilities;

(2) determining the extent to which the programs and activities of the Department of Transportation are addressing the barriers described in paragraph (1);
(3) recommending improvements to the air travel experience of passengers with disabilities; and

(4) such activities as the Secretary considers necessary to carry out this section.

(c) Membership.—

(1) In general.—The Advisory Committee shall be comprised of at least 1 representative of each of the following groups:

(A) Passengers with disabilities.

(B) National disability organizations.

(C) Air carriers.

(D) Airport operators.

(E) Contractor service providers.

(2) Appointment.—The Secretary of Transportation shall appoint each member of the Advisory Committee.

(3) Vacancies.—A vacancy in the Advisory Committee shall be filled in the manner in which the original appointment was made.

(d) Chairperson.—The Secretary of Transportation shall designate, from among the members appointed under subsection (c), an individual to serve as chairperson of the Advisory Committee.

(e) Travel Expenses.—Members of the advisory committee shall serve without pay, but shall receive travel
expenses, including per diem in lieu of subsistence, in accordance with subchapter I of chapter 57 of title 5, United States Code.

(f) REPORTS.—

(1) IN GENERAL.—Not later than February 1 of each year, the Advisory Committee shall submit to the Secretary of Transportation a report on the needs of passengers with disabilities in air travel, including—

(A) an assessment of disability-related access barriers, both those that were evident in the preceding year and those that will likely be an issue in the next 5 years;

(B) an evaluation of the extent to which the Department of Transportation’s programs and activities are eliminating disability-related access barriers;

(C) a description of the Advisory Committee’s actions during the prior calendar year;

(D) a description of activities that the Advisory Committee proposed to undertake in the succeeding calendar year; and

(E) any recommendations for legislation, administrative action, or other action that the Advisory Committee considers appropriate.
(2) Report to Congress.—Not later than 60 days after the date the Secretary receives the report under subparagraph (A), the Secretary shall submit to Congress a copy of the report, including any additional findings or recommendations that the Secretary considers appropriate.

(g) Termination.—The Advisory Committee shall terminate 2 years after the date of enactment of this Act.

SEC. 3119. REPORT ON COVERED AIR CARRIER CHANGE, CANCELLATION, AND BAGGAGE FEES.

(a) In General.—The Comptroller General of the United States shall conduct a study of existing airline industry change, cancellation, and bag fees and the current industry practice for handling changes to or cancellation of ticketed travel on covered air carriers.

(b) Considerations.—In conducting the study, the Comptroller General shall consider, at a minimum—

(1) whether and how each covered air carrier calculates its change fees, cancellation fees, and bag fees; and

(2) the relationship between the cost of the ticket and the date of change or cancellation as compared to the date of travel.

(c) Report.—Not later than 1 year after the date of enactment of this Act, the Comptroller General shall submit
to the appropriate committees of Congress a report on the study, including the Comptroller General’s findings, conclusions, and recommendations.

SEC. 3120. ENFORCEMENT OF AVIATION CONSUMER PROTECTION RULES.

(a) IN GENERAL.—The Comptroller General of the United States shall conduct a study to consider and evaluate Department of Transportation enforcement of aviation consumer protection rules.

(b) CONTENTS.—The study under subsection (a) shall include an evaluation of—

(1) available enforcement mechanisms;

(2) any obstacles to enforcement; and

(3) trends in Department of Transportation enforcement actions.

(c) REPORT.—Not later than 1 year after the date of enactment of this Act, the Comptroller General shall submit to the appropriate committees of Congress a report on the study, including the Comptroller General’s findings, conclusions, and recommendations.

SEC. 3121. DIMENSIONS FOR PASSENGER SEATS.

(a) IN GENERAL.—Not later than 18 months after the date of enactment of this Act, the Secretary of Transportation shall initiate a proceeding to study the minimum seat pitch for passenger seats on aircraft operated by air

† HR 636 EAS
carriers (as defined in section 40102 of title 49, United States Code).

(b) CONSIDERATIONS.—In reviewing any minimum seat pitch under subsection (a), the Secretary shall consider the safety of passengers, including passengers with disabilities.

SEC. 3122. CELL PHONE VOICE COMMUNICATIONS.

(a) IN GENERAL.—Subchapter I of chapter 417, as amended by section 2307 of this Act, is further amended by adding at the end the following:

```
§41726. Cell phone voice communications

“(a) PROHIBITION AUTHORITY.—The Secretary of Transportation may issue regulations—

“(1) to prohibit an individual on an aircraft from engaging in voice communications using a mobile communications device during a flight of that aircraft in scheduled passenger interstate or intrastate air transportation; and

“(2) that exempt from the prohibition described in paragraph (1)—

“(A) any member of the flight crew on duty on an aircraft;

“(B) any flight attendant on duty on an aircraft; and
```
“(C) any Federal law enforcement officer acting in an official capacity.

“(b) DEFINITIONS.—In this section:

“(1) FLIGHT.—The term ‘flight’ means, with respect to an aircraft, the period beginning when the aircraft takes off and ending when the aircraft lands.

“(2) MOBILE COMMUNICATIONS DEVICE.—

“(A) IN GENERAL.—The term ‘mobile communications device’ means any portable wireless telecommunications equipment utilized for the transmission or reception of voice data.

“(B) LIMITATION.—The term ‘mobile communications device’ does not include a phone installed on an aircraft.”.

(b) TABLE OF CONTENTS.—The table of contents at the beginning of chapter 417, as amended by section 2307 of this Act, is further amended by inserting after the item relating to section 41725 the following:

“41726. Cell phone voice communications.”.

SEC. 3123. AVAILABILITY OF SLOTS FOR NEW ENTRANT AIR CARRIERS AT NEWARK LIBERTY INTERNATIONAL AIRPORT.

(a) DEFINITIONS.—The terms “new entrant air carrier” and “slot” have the meanings given those terms in section 41714(h) of title 49, United States Code.
(b) Slots for New Entrant Air Carriers.—The Secretary shall, annually, by granting exemptions from the requirements under part 93 of title 14, Code of Federal Regulations, or by other means, make not less than 8 slots at Newark Liberty International Airport available to enable new entrant air carriers to provide air transportation.

(c) Applicability.—Subsection (a) shall not apply in any year—

(1) new entrant air carriers operate 5 percent or more of the total number of slots at Newark Liberty International Airport; or

(2) the Secretary makes a determination that making slots available to enable new entrant air carriers to provide air transportation at that airport is not in the public interest and doing so would significantly increase operational delays.

(d) Report to Congress.—The Secretary shall notify the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Transportation and Infrastructure of the House of Representatives not later than 14 calendar days after the date a determination is made under subsection (c)(2), including the reasons for that determination.
Subtitle B—Essential Air Service

SEC. 3201. ESSENTIAL AIR SERVICE.

(a) Authorization Extension.—Section 41742(a) is amended—

(1) in paragraph (2), by striking “$150,000,000” and all that follows though “July 15, 2016” and inserting “$155,000,000 for each of fiscal years 2016 through 2017”; and

(2) by striking paragraph (3).

(b) Definitions.—Section 41731(a)(1)(A) is amended by striking clause (ii) and inserting the following:

“(ii) was determined, on or after October 1, 1988, and before December 1, 2012, under this subchapter by the Secretary of Transportation to be eligible to receive subsidized small community air service under section 41736(a);”.

(c) Seasonal Service.—The Secretary of Transportation may consider the flexibility of current operational dates and airport accessibility to meet local community needs when issuing requests for proposal of essential air service at seasonal airports.
SEC. 3202. SMALL COMMUNITY AIR SERVICE DEVELOPMENT PROGRAM.

(a) Extension of Authorization.—Section 41743(e)(2) is amended to read as follows:

“(2) Authorization of Appropriations.—There is authorized to be appropriated to the Secretary $10,000,000 for each of fiscal years 2016 through 2017 to carry out this section. Such sums shall remain available until expended.”.

(b) Eligibility.—Section 41743(c)(1) is amended to read as follows:

“(1) Size.—On the date of the most recent notice of order soliciting community proposals issued by the Secretary under this section, the airport serving the community or consortium—

“(A) was not larger than a small hub airport, as determined using the Department of Transportation’s most recent published classification; and

“(B)(i) had insufficient air carrier service;

or

“(ii) had unreasonably high air fares.”.

SEC. 3203. SMALL COMMUNITY PROGRAM AMENDMENTS.

(a) In General.—Section 41743(c)(4) is amended—

(1) by inserting ““(B) Same Projects.—” before the second sentence and indenting appropriately;
(2) by inserting “(A) IN GENERAL.—” before the first sentence and indenting appropriately;

(3) in subparagraph (B), as designated by this subsection, by striking “No community” and inserting “Except as provided in subparagraph (C)”; and

(4) by adding at the end the following:

“(C) EXCEPTION.—The Secretary may waive the limitation under subparagraph (B) related to projects that are the same if the Secretary determines that the community or consortium spent little or no money on its previous project or encountered industry or environmental challenges, due to circumstances that were reasonably beyond the control of the community or consortium.”.

(b) AUTHORITY TO MAKE AGREEMENTS.—Section 41743(e)(1) is amended by adding at the end the following:

“The Secretary may amend the scope of a grant agreement at the request of the community or consortium and any participating air carrier, and may limit the scope of a grant agreement to only the elements using grant assistance or to only the elements achieved, if the Secretary determines that the amendment is reasonably consistent with the original purpose of the project.”.
SEC. 3204. WAIVERS.

Section 41732 is amended by adding at the end the following:

“(c) WAIVERS.—Notwithstanding section 41733(e), upon request by an eligible place, the Secretary may waive, in whole or in part, subsections (a) and (b) of this section or subsections (a) through (c) of section 41734. A waiver issued under this subsection shall remain in effect for a limited period of time, as determined by the Secretary.”.

SEC. 3205. WORKING GROUP ON IMPROVING AIR SERVICE TO SMALL COMMUNITIES.

(a) IN GENERAL.—Not later than 120 days after the date of enactment of this Act, the Secretary of Transportation and the Administrator of the Federal Aviation Administration shall establish a working group—

(1) to identify obstacles to attracting and maintaining air transportation service to and from small communities; and

(2) to develop recommendations for maintaining and improving air transportation service to and from small communities.

(b) OUTREACH.—In carrying out the requirements under paragraphs (1) and (2) of subsection (a), the working group shall consult with—

(1) interested Governors;
(2) representatives of State and local agencies, and other officials and groups, representing rural States and other rural areas;

(3) other representatives of relevant State and local agencies; and

(4) members of the public with experience in aviation safety, pilot training, economic development, and related issues.

(c) CONSIDERATIONS.—In carrying out the requirements under paragraphs (1) and (2) of subsection (a), the working group shall—

(1) consider whether funding for, and terms of, current or potential new programs is sufficient to help ensure continuation of or improvement to air transportation service to small communities, including the Essential Air Service Program and the Small Community Air Service Development Program;

(2) identify initiatives to help support pilot training to provide air transportation service to small communities;

(3) consider whether Federal funding for airports serving small communities, including airports that have lost air transportation services or had decreased enplanements in recent years, is adequate to ensure
that small communities have access to quality, affordable air transportation service;

(4) consider potential improvements in pilot training and any constraints affecting pilot career pathways that, if addressed, would increase both aviation safety and pilot supply;

(5) identify innovative State or local efforts that have established public-private partnerships that are successful in attracting and retaining air transportation service in small communities; and

(6) consider such other issues as the Secretary and Administrator consider appropriate.

(d) COMPOSITION.—

(1) IN GENERAL.—The working group shall be facilitated through the Administrator or the Administrator’s designee.

(2) MEMBERSHIP.—Members of the working group shall be appointed by the Administrator and shall include representatives of—

(A) State and local government, including State and local aviation officials;

(B) State Governors;

(C) aviation safety experts;

(D) economic development officials; and
(E) the traveling public from small communities.

(e) **REPORT AND RECOMMENDATIONS.**—Not later than 1 year after the date of enactment of this Act, the Secretary and the Administrator shall submit to the appropriate committees of Congress a report, including—

(1) a summary of the views expressed by the participants in the outreach under subsection (b); 

(2) a description of the working group’s findings, including the identification of any areas of general consensus among the non-Federal participants in the outreach under subsection (b); and 

(3) any recommendations for legislative or regulatory action that would assist in maintaining and improving air transportation service to and from small communities.

**TITLE IV—NEXTGEN AND FAA ORGANIZATION**

**SEC. 4001. DEFINITIONS.**

In this title:

(1) **ADMINISTRATION.**—The term “Administration” means the Federal Aviation Administration.

(2) **ADMINISTRATOR.**—The term “Administrator” means the Administrator of the Federal Aviation Administration.
(3) ADS–B.—The term “ADS–B” means automatic dependent surveillance-broadcast.

(4) ADS–B OUT.—The term “ADS–B Out” means automatic dependent surveillance-broadcast with the ability to transmit information from the aircraft to ground stations and to other equipped aircraft.

(5) NEXTGEN.—The term “NextGen” means the Next Generation Air Transportation System.

Subtitle A—Next Generation Air Transportation System

SEC. 4101. RETURN ON INVESTMENT ASSESSMENT.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report on the Administrator’s assessment of each NextGen program.

(b) CONTENTS.—The report under subsection (a) shall include—

(1) an estimate of the date that each NextGen program will have a positive return on investment;

(2) an assessment of the impacts of each such program for—

(A) the Federal Government; and

(B) the users of the national airspace system;
(3) a description of how each such program directly contributes to a more safe and efficient air traffic control system; and

(4) the status of NextGen programs and of the projected return on investment for each such program.

(c) NextGen Priority List.—Based on the assessment under subsection (a) the Administrator shall—

(1) develop, in coordination with the NextGen Advisory Committee and considering the need for a balance between long-term and near-term user benefits, a prioritization of each NextGen program;

(2) include the priority list in the report under subsection (b); and

(3) prepare budget submissions to reflect the current status of NextGen programs and projected returns on investment for each program.

(d) Definitions.—In this section:

(1) Key Milestones.—The term “key milestones” includes cost and deployment schedule, and benefits anticipated in the most recent baseline.

(2) Return on Investment.—The term “return on investment” means the cost associated with technologies that are required by law or policy as compared to the benefits derived from such technologies by a government or a user of airspace.
(e) **Repeal of NextGen Priorities.**—Section 202 of the FAA Modernization and Reform Act of 2012 (Public Law 112–95; 49 U.S.C. 40101 note) and the item relating to that section in the table of contents under section 1(b) of that Act are repealed.

**SEC. 4102. ENSURING FAA READINESS TO USE NEW TECHNOLOGY.**

(a) **In General.**—Not later than December 31, 2017, the Administrator shall—

1. ensure the capability of the Administration to receive space-based ADS–B data; and
2. use the data described under paragraph (1) to provide positive air traffic control, including separation of aircraft over the oceans and other specific regions not covered by radar.

(b) **Report.**—Not later than 6 months after the date of enactment of this Act, and biannually thereafter until the date that the Administrator certifies that the Administration has the capability to receive space-based ADS–B data, the Administrator shall submit to the appropriate committees of Congress a report that—

1. details the actions the Administrator has taken to ensure 2018 readiness and usage;
2. details the actions that remain to be taken to implement such capability;
(3) includes a schedule for expected completion of each outstanding action described in paragraph (2); and

(4) includes a detailed description of the investment decisions and requests for funding made by the Administrator that are consistent with the terrestrial ADS–B implementation to ensure a sustained program beyond 2018.

SEC. 4103. NEXTGEN ANNUAL PERFORMANCE GOALS.

(a) ANNUAL PERFORMANCE GOALS.—Section 214 of the FAA Modernization and Reform Act of 2012 (Public Law 112–95; 49 U.S.C. 40101 note) is amended—

(1) by redesignating subsection (d) as subsection (e); and

(2) by inserting after subsection (c) the following:

“(d) ANNUAL PERFORMANCE GOALS.—The Administrator shall establish annual NextGen performance goals for each of the performance metrics set forth in subsection (a) to meet the performance metric baselines identified under subsection (b). Such goals shall be consistent with the annual performance objectives established by the senior policy committee (commonly known as the ‘NextGen Advisory Committee’) established under section 710 of the Vision
100—Century of Aviation Reauthorization Act (Public Law 108–176; 49 U.S.C. 40101 note).”.

(b) NextGen Metrics Report.—Section 710(e)(2) of the Vision 100—Century of Aviation Reauthorization Act (Public Law 108–176; 49 U.S.C. 40101 note) is amended—

(1) in subparagraph (D), by striking “; and” and inserting a semicolon;

(2) in subparagraph (E), by striking the period at the end and inserting “; and”; and

(3) by adding at the end the following:

“(F) a description of the progress made in meeting the annual NextGen performance goals relative to the performance metrics established under section 214 of the FAA Modernization and Reform Act of 2012 (Public Law 112–95; 49 U.S.C. 40101 note).”.

(c) Chief NextGen Officer.—Section 106(s)(3) is amended—

(1) in paragraph (2)(B), by adding at the end the following: “In evaluating the performance of the Chief NextGen Officer for the purpose of awarding a bonus under this subparagraph, the Administrator shall consider the progress toward meeting the NextGen performance goals established pursuant to section 214(d) of the FAA Modernization and Reform Act of 2012 (Public Law 112–95; 49 U.S.C. 40101 note).”.

† HR 636 EAS
Act of 2012 (Public Law 112–95; 49 U.S.C. 40101 note).”; and

(2) in paragraph (3), by adding at the end the following: “The annual performance goals set forth in the agreement shall include quantifiable NextGen airspace performance objectives regarding efficiency, productivity, capacity, and safety, which shall be established by the senior policy committee (commonly known as the ‘NextGen Advisory Committee’) established under section 710 of the Vision 100—Century of Aviation Reauthorization Act (Public Law 108–176; 49 U.S.C. 40101 note).”.

SEC. 4104. FACILITY OUTAGE CONTINGENCY PLANS.

(a) FINDINGS.—Congress makes the following findings:

(1) On September 26, 2014, an Administration contract employee deliberately started a fire that destroyed critical equipment at the Administration’s Chicago Air Route Traffic Control Center (referred to in this section as the “Chicago Center”) in Aurora, Illinois.

(2) As a result of the damage, Chicago Center was unable to control air traffic for more than 2 weeks, thousands of flights were delayed or cancelled into and out of O’Hare International Airport and
Midway Airport in Chicago, and aviation stakeholders and airlines reportedly lost over $350,000,000.

(3) According to the Office of the Inspector General of the Department of Transportation, the fire at Chicago Center demonstrated that the Administration’s contingency plans for the Chicago Center and the airspace it controls do not ensure redundancy and resiliency for sustained operations.

(4) Further, the Inspector General found that Chicago Center incident highlighted the limited flexibility and lack of resiliency in critical elements of the Administration’s current air traffic control infrastructure, including limited communication capacity and the inability to easily transfer control of airspace and flight plans.

(b) COMPREHENSIVE CONTINGENCY PLAN.—Not later than 180 days after the date of enactment of this Act, the Administrator shall update the Administration’s comprehensive contingency plan to address potential air traffic facility outages that could have a major impact on operation of the national airspace system.

(c) REPORT.—Not later than 60 days after the date the plan is updated under subsection (b), the Administrator shall submit to the appropriate committees of Congress a report on the update, including any recommendations for
ensuring air traffic facility outages do not have a major impact on operation of the national airspace system.

SEC. 4105. ADS–B MANDATE ASSESSMENT.

(a) ASSESSMENT.—Not later than 1 year after the date of enactment of this Act, the Inspector General of the Department of Transportation shall assess—

(1) Administration and industry readiness to meet the ADS–B mandate by 2020;

(2) changes to ADS–B program since May 2010; and

(3) additional options to comply with the mandate and consequences, both for individual system users and for the overall safety and efficiency of the national airspace system, for noncompliance.

(b) REPORT.—Not later than 60 days after the date the assessment under subsection (a) is complete, the Inspector General of the Department of Transportation shall submit to the appropriate committees of Congress a report on the progress made toward meeting the ADS–B mandate by 2020, including any recommendations of the Inspector General to carry out such mandate.

SEC. 4106. NEXTGEN INTEROPERABILITY.

(a) IN GENERAL.—To implement a more effective international strategy for achieving NextGen interoper-
ability with foreign countries, the Administrator shall take the following actions:

(1) Conduct a gap analysis to identify potential risks to NextGen interoperability with other Air Navigation Service Providers and establish a schedule for periodically reevaluating such risks.

(2) Develop a plan that identifies and documents actions the Administrator will undertake to mitigate such risks, using information from the gap analysis as a basis for making management decisions about how to allocate resources for such actions.

(b) REPORT.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report on the analysis conducted under paragraph (1) of subsection (a) and on the actions the Administrator has taken under paragraph (2) of such subsection.

SEC. 4107. NEXTGEN TRANSITION MANAGEMENT.

(a) IN GENERAL.—The Administrator shall—

(1) identify and analyze technical and operational maturity gaps in NextGen transition and implementation plans; and

(2) develop a plan to mitigate the gaps identified in paragraph (1).
(b) REPORT.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report on the actions taken to carry out the plan required by subsection (a)(2).

SEC. 4108. IMPLEMENTATION OF NEXTGEN OPERATIONAL IMPROVEMENTS.

(a) IN GENERAL.—To help ensure that NextGen operational improvements are fully implemented in the midterm, the Administrator shall—

(1) work with airlines and other users of the national airspace system (referred to in this section as “NAS”) to develop and implement a system to systematically track the use of existing performance based navigation (referred to in this section as “PBN”) procedures;

(2) require consideration of other key operational improvements in planning for NextGen improvements, including identifying additional metroplexes for PBN projects, non-metroplex PBN procedures, as well as the identification of unused flight routes for decommissioning;

(3) develop and implement guidelines for ensuring timely inclusion of appropriate stakeholders, in-
including airport representatives, in the planning and implementation of NextGen improvement efforts; and

(4) assure that NextGen planning documents provide stakeholders information on how and when operational improvements are expected to achieve NextGen goals and targets.

(b) REPORT.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report on the progress made toward implementing the requirements of subsection (a), and on the schedule and process that will be used to implement PBN at additional airports, including information on how the Administration will partner and coordinate with private industry to ensure expeditious implementation of performance based navigation.

SEC. 4109. CYBERSECURITY.

(a) IN GENERAL.—The Administrator shall—

(1) identify and implement ways to better incorporate cybersecurity measures as a systems characteristic at all levels and phases of the architecture and design of air traffic control programs, including NextGen programs;

(2) develop a threat model that will identify vulnerabilities to better focus resources to mitigate cybersecurity risks;
(3) develop an appropriate plan to mitigate cybersecurity risk, to respond to an attack, intrusion, or otherwise unauthorized access and to adapt to evolving cybersecurity threats; and

(4) foster a cybersecurity culture throughout the Administration, including air traffic control programs and relevant contractors.

(b) REPORT.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report on the progress made toward implementing the requirements under subsection (a).

SEC. 4110. SECURING AIRCRAFT AVIONICS SYSTEMS.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall consider revising Federal Aviation Administration regulations regarding airworthiness certification—

(1) to address cybersecurity for avionics systems, including software components; and

(2) to require that aircraft avionics systems used for flight guidance or aircraft control be secured against unauthorized access via passenger in-flight entertainment systems through such means as the Administrator determines appropriate to protect the avi-
onics systems from unauthorized external and internal access.

(b) CONSIDERATION.—The Administrator’s consideration and any action taken under subsection (a) shall be in accordance with the recommendations of the Aircraft Systems Information Security Protection Working Group under section 5029(d) of this Act.

SEC. 4111. DEFINING NEXTGEN.

Not later than 1 year after the date of enactment of this Act, the Comptroller General of the United States shall—

(1) assess how the line items included in the Administration’s NextGen budget request relate to the goals and expected outcomes of NextGen, including how NextGen programs directly contribute to a measurably safer and more efficient air traffic control system; and

(2) submit to the appropriate committees of Congress a report on the results of the assessment under paragraph (1), including any recommendations for the removal of line items that do not pertain to the overall vision for NextGen.
SEC. 4112. HUMAN FACTORS.

(a) In General.—In order to avoid having to subsequently modify products and services developed as a part of NextGen, the Administrator shall—

(1) recognize and incorporate, in early design phases of all relevant NextGen programs, the human factors and procedural and airspace implications of stated goals and associated technical changes; and

(2) ensure that a human factors specialist, separate from the research and certification groups, is directly involved with the NextGen approval process.

(b) Report.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report on the progress made toward implementing the requirements under subsection (a).

SEC. 4113. MAJOR ACQUISITION REPORTS.

(a) In General.—The Administrator shall evaluate the current acquisition practices of the Administration to ensure that such practices—

(1) identify the current estimated costs for each acquisition system, including all segments;

(2) separately identify cumulative amounts for acquisition costs, technical refresh, and other enhancements in order to identify the total baselined and rebaselined costs for each system; and
(3) account for the way funds are being used when reporting to managers, Congress, and other stakeholders.

(b) REPORT.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report on the progress made toward implementing the requirements under subsection (a).

SEC. 4114. EQUIPAGE MANDATES.

(a) IN GENERAL.—Before NextGen-related equipage mandates are imposed on users of the national airspace system, the Administrator, in collaboration with all relevant stakeholders, shall—

(1) provide a statement of estimated cost and benefits that is based upon mature and stable technical specifications; and

(2) create a schedule for Administration deliverables and investments by both users and the Administration, including for procedure and airspace design, infrastructure deployment, and training.

SEC. 4115. WORKFORCE.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator shall—

(1) identify and assess barriers to attracting, developing, training, and retaining a talented workforce
in the areas of systems engineering, architecture, systems integration, digital communications, and cyber-security;

(2) develop a comprehensive plan to attract, develop, train, and retain talented individuals; and

(3) identify the resources needed to attract, develop, and retain this talent.

(b) REPORT.—The Administrator shall submit to the appropriate committees of Congress a report on the progress made toward implementing the requirements under subsection (a).

SEC. 4116. ARCHITECTURAL LEADERSHIP.

(a) IN GENERAL.—In order to provide an adequate technical foundation for steering NextGen’s technical governance and managing inevitable changes in technology and operations, the Administrator shall—

(1) develop a plan that—

(A) uses an architecture leadership community and an effective governance approach to assure a proper balance between documents and artifacts and to provide high-level guidance;

(B) enables effective management and communication of dependencies;
(C) provides flexibility and the ability to evolve to ensure accommodation of future needs; and

(D) communicates changing circumstances in order to align agency and airspace user expectations;

(2) determine the feasibility of conducting a small number of experiments among the Administration’s system integration partners to prototype candidate solutions for establishing and managing a vibrant architectural community; and

(3) develop a method to initiate, grow, and engage a capable architecture community, from both within and outside of the Administration, who will expand the breadth and depth of expertise that is steering architectural changes.

(b) REPORT.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report on the progress made toward implementing the requirements under subsection (a).

SEC. 4117. PROGRAMMATIC RISK MANAGEMENT.

(a) IN GENERAL.—To better inform the Administration’s decisions regarding the prioritization of efforts and
allocation of resources for NextGen, the Administrator shall—

(1) solicit input from specialists in probability and statistics to identify and prioritize the programmatic and implementation risks to NextGen; and

(2) develop a method to manage and mitigate the risks identified in paragraph (1).

(b) REPORT.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report on the progress made toward implementing the requirements under subsection (a).

SEC. 4118. NEXTGEN PRIORITIZATION.

The Administrator shall consider expediting NextGen modernization implementation projects at public use airports that share airspace with active military training ranges and do not have radar coverage where such implementation would improve the safety of aviation operations.

Subtitle B—Administration
Organization and Employees

SEC. 4201. COST-SAVING INITIATIVES.

(a) IN GENERAL.—To ensure that Administration initiatives are being implemented in a timely and fiscally responsible manner, the Administrator shall—
(1) identify and implement agencywide cost-saving initiatives; and

(2) develop appropriate schedules and metrics to measure whether the initiatives are successful in reducing costs.

(b) REPORT.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report on the progress made toward implementing the requirements under subsection (a).

SEC. 4202. TREATMENT OF ESSENTIAL EMPLOYEES DURING FURLoughs.

(a) DEFINITION OF ESSENTIAL EMPLOYEE.—In this section, the term “essential employee” means an employee of the Administration who performs work involving the safety of human life or the protection of property, as determined by the Administrator.

(b) IN GENERAL.—In implementing spending reductions under Federal law, the Administrator may furlough 1 or more employees of the Administration, except an essential employee, if the Administrator determines the furlough is necessary to achieve the required spending reductions.

(c) TRANSFER OF BUDGETARY RESOURCES.—The Administrator may transfer budgetary resources within the
Administration to carry out subsection (b), except that the transfer may only be made to maintain essential employees.

SEC. 4203. CONTROLLER CANDIDATE INTERVIEWS.

(a) IN GENERAL.—Not later than 60 days after the date of enactment of this Act, the Administrator shall require that an in-person interview be conducted with each individual applying for an air traffic control specialist position before that individual may be hired to fill that position.

(b) GUIDANCE.—Not later than 30 days after the date of enactment of this Act, the Administrator shall establish guidelines regarding the in-person interview process described in subsection (a).

SEC. 4204. HIRING OF AIR TRAFFIC CONTROLLERS.

(a) IN GENERAL.—Section 44506 is amended by adding at the end the following:

“(f) HIRING OF CERTAIN AIR TRAFFIC CONTROL SPECIALISTS.—

“(1) Consideration of applicants.—

“(A) Ensuring selection of most qualified applicants.—In appointing individuals to the position of air traffic controllers, the Administrator shall give preferential consideration to qualified individuals maintaining 52 consecutive weeks of air traffic control experience involving
the full-time active separation of air traffic after
receipt of an air traffic certification or air traffic
control facility rating within 5 years of applica-
tion while serving at—

“(i) a Federal Aviation Administra-
tion air traffic control facility;

“(ii) a civilian or military air traffic
control facility of the Department of De-
fense; or

“(iii) a tower operating under contract
with the Federal Aviation Administration
under section 47124 of this title.

“(B) CONSIDERATION OF ADDITIONAL AP-
PLICANTS.—The Administrator shall consider
additional applicants for the position of air traffic
controller by referring an approximately
equal number of employees for appointment
among the 2 applicant pools. The number of em-
ployees referred for consideration from each
group shall not differ by more than 10 percent.

“(i) POOL ONE.—Applicants who:

“(I) have successfully completed
air traffic controller training and
graduated from an institution partici-

tiative program maintained under subsection (c)(1) who have received from the institution—

“(aa) an appropriate recommendation; or

“(bb) an endorsement certifying that the individual would have met the requirements in effect as of December 31, 2013, for an appropriate recommendation;

“(II) are eligible for a veterans recruitment appointment pursuant to section 4214 of title 38, United States Code, and provide a Certificate of Release or Discharge from Active Duty within 120 days of the announcement closing;

“(III) are eligible veterans (as defined in section 4211 of title 38, United States Code) maintaining aviation experience obtained in the course of the individual’s military experience; or
“(IV) are preference eligible veterans (as defined in section 2108 of title 5, United States Code).

“(ii) Pool Two.—Applicants who apply under a vacancy announcement recruiting from all United States citizens.

“(2) Use of Biographical Assessments.—

“(A) Biographical Assessments.—The Administration shall not use any biographical assessment when hiring under subparagraph (A) or subparagraph (B)(i) of paragraph (1).

“(B) Reconsideration of Applicants Disqualified on the Basis of Biographical Assessments.—

“(i) In General.—If an individual described in subparagraph (A) or subparagraph (B)(i) of paragraph (1) who applied for the position of air traffic controller with the Administration in response to Vacancy Announcement FAA–AMC–14–ALLSRCE–33537 (issued on February 10, 2014) and was disqualified from the position as the result of a biographical assessment, the Administrator shall provide the applicant an opportunity to reapply as soon as prac-
ticable for the position under the revised hiring practices.

“(ii) WAIVER OF AGE RESTRICTION.—

The Administrator shall waive any maximum age restriction for the position of air traffic controller with the Administration that would otherwise disqualify an individual from the position if the individual—

“(I) is reapplying for the position pursuant to clause (i) on or before December 31, 2017; and

“(II) met the maximum age requirement on the date of the individual’s previous application for the position during the interim hiring process.

“(3) MAXIMUM ENTRY AGE FOR EXPERIENCED CONTROLLERS.—Notwithstanding section 3307 of title 5, United States Code, the maximum limit of age for an original appointment to a position as an air traffic controller shall be 35 years of age for those maintaining 52 weeks of air traffic control experience involving the full-time active separation of air traffic after receipt of an air traffic certification or air traffic control facility rating in a civilian or military air traffic control facility.”.
(b) NOTIFICATION OF VACANCIES.—The Administrator shall consider directly notifying secondary schools and institutes of higher learning, including Historically Black Colleges and Universities, Hispanic-serving institutions, Minority Institutions, and Tribal Colleges and Universities, of the vacancy announcement under section 44506(f)(1)(B)(ii) of title 49, United States Code.

SEC. 4205. COMPUTATION OF BASIC ANNUITY FOR CERTAIN AIR TRAFFIC CONTROLLERS.

(a) IN GENERAL.—Section 8415(f) of title 5, United States Code, is amended to read as follows:

“(f) The annuity of an air traffic controller or former air traffic controller retiring under section 8412(a) is computed under subsection (a), except that if the individual has at least 5 years of service in any combination as:

“(1) an air traffic controller as defined by section 2109(1)(A)(i);

“(2) a first level supervisor of an air traffic controller as defined by section 2109(1)(A)(i); or

“(3) a second level supervisor of an air traffic controller as defined by section 2109(1)(A)(i);

so much of the annuity as is computed with respect to such type of service shall be computed by multiplying 1 7/10 percent of the individual’s average pay by the years of such service.”.
(b) **Effective Date.**—The amendment made by subsection (a) shall be deemed to be effective on December 12, 2003.

(c) **Procedures Required.**—The Director of the Office of Personnel Management shall establish such procedures as are necessary to provide for—

1. notification to each annuitant affected by the amendments made by this section;
2. recalculation of the benefits of affected annuitants;
3. an adjustment to applicable monthly benefit amounts pursuant to such recalculation, to begin as soon as is practicable; and
4. a lump sum payment to each affected annuitant equal to the additional total benefit amount that such annuitant would have received had the amendment made by subsection (a) been in effect on December 12, 2003.

**Sec. 4206. Air Traffic Services at Aviation Events.**

(a) **Requirement To Provide Services and Related Support.**—The Administrator of the Federal Aviation Administration shall provide air traffic services and aviation safety support for aviation events, including airshows and fly-ins, without the imposition or collection of any fee, tax, or other charge for that purpose. Amounts
for the provision of such services and support shall be de-
derived from amounts appropriated or otherwise available for
the Federal Aviation Administration.

(b) Determination of Services and Support To
Be Provided.—In determining the services and support
to be provided for an aviation event for purposes of sub-
section (a), the Administrator shall take into account the
following:

(1) The services and support required to meet
levels of activity at prior events, if any, similar to the
event.

(2) The anticipated need for services and support
at the event.

SEC. 4207. FULL ANNUITY SUPPLEMENT FOR CERTAIN AIR
TRAFFIC CONTROLLERS.

Section 8421a of title 5, United States Code, is amend-
ed—

(1) in subsection (a), by striking “The amount”
and inserting “Except as provided in subsection (c),
the amount”;

(2) by redesignating subsection (c) as subsection
(d); and

(3) by inserting after subsection (b) the fol-
lowing:
“(c) This section shall not apply to an individual described in section 8412(e) during any period in which the individual, after separating from the service as described in that section, is employed full-time as an air traffic control instructor under contract with the Federal Aviation Administration, including an instructor working at an on-site facility (such as an airport).”.

SEC. 4208. INCLUSION OF DISABLED VETERAN LEAVE IN FEDERAL AVIATION ADMINISTRATION PERSONNEL MANAGEMENT SYSTEM.

(a) In general.—Section 40122(g)(2) is amended—
(1) in subparagraph (H), by striking “; and” and inserting a semicolon;
(2) in subparagraph (I)(iii), by striking the period at the end and inserting “; and”; and
(3) by adding at the end the following:
“(J) subject to paragraph (4), section 6329, relating to disabled veteran leave.”.

(b) Certification of leave.—Section 40122(g) is amended—
(1) by redesignating paragraph (4) as paragraph (5); and
(2) by inserting after paragraph (3) the following:
“(4) Certification of disabled veteran leave.—In order to verify that leave credited to an employee pursuant to paragraph (2)(J) is used for treating a service-connected disability, that employee shall, notwithstanding section 6329(c) of title 5, submit to the Assistant Administrator for Human Resource Management of the Federal Aviation Administration certification, in such form and manner as the Administrator of the Federal Aviation Administration may prescribe, that the employee used that leave for purposes of being furnished treatment for that disability by a health care provider.”.

(c) Application.—The amendments made by this section shall apply with respect to any employee of the Federal Aviation Administration hired on or after the date that is 1 year after the date of enactment of this Act.

(d) Policies and Procedures.—Not later than 270 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall prescribe policies and procedures to carry out the amendments made by this section that are comparable, to the maximum extent practicable, to the regulations prescribed by the Office of Personnel Management under section 6329 of title 5, United States Code.
(e) Annual Report.—Not later than 1 year after the date of enactment of this Act and not less frequently than once each year thereafter until the date that is 5 years after the date of enactment of this Act, the Administrator shall publish on a publicly accessible Internet Web site a report on—

(1) the effect carrying out this section and the amendments made by this section has had on the workforce; and

(2) the number of veterans benefitting from carrying out this section and the amendments made by this section.

**Title V—Miscellaneous**

**SEC. 5001. National Transportation Safety Board Investigative Officers.**

Section 1113 is amended by striking subsection (h).

**SEC. 5002. Performance-Based Navigation.**

Section 213(c) of the FAA Modernization and Reform Act of 2012 (Public Law 112–95; 49 U.S.C. 40101 note) is amended by adding at the end the following:

“(3) Notifications and Consultations.—Not later than 90 days before applying a categorical exclusion under this subsection to a new procedure at an OEP airport, the Administrator shall—
“(A) notify and consult with the operator of
the airport at which the procedure would be im-
plemented; and

“(B) consider consultations or other engage-
ment with the community in the which the air-
port is located to inform the public of the proce-
dure.

“(4) REVIEW OF CERTAIN CATEGORICAL EXCLU-
sIONS.—

“(A) IN GENERAL.—The Administrator
shall review any decision of the Administrator
made on or after February 14, 2012, and before
the date of enactment of this paragraph to grant
a categorical exclusion under this subsection
with respect to a procedure to be implemented at
an OEP airport that was a material change
from procedures previously in effect at the air-
port to determine if the implementation of the
procedure had a significant effect on the human
environment in the community in which the air-
port is located if the operator of that airport—

“(i) requests such a review; and

“(ii) demonstrates that there is good
cause to believe that the implementation of
the procedure had such an effect.
“(B) CONTENT OF REVIEW.—If, in conducting a review under subparagraph (A) with respect to a procedure implemented at an OEP airport, the Administrator, in consultation with the operator of the airport, determines that implementing the procedure had a significant effect on the human environment in the community in which the airport is located, the Administrator shall—

“(i) consult with the operator of the airport to identify measures to mitigate the effect of the procedure on the human environment; and

“(ii) in conducting such consultations, consider the use of alternative flight paths that do not substantially degrade the efficiencies achieved by the implementation of the procedure being reviewed.

“(C) HUMAN ENVIRONMENT DEFINED.—In this paragraph, the term ‘human environment’ has the meaning given such term in section 1508.14 of title 40, Code of Federal Regulations (as in effect on the day before the date of enactment of this paragraph).”.
SEC. 5003. OVERFLIGHTS OF NATIONAL PARKS.

Section 40128 is amended—

(1) in subsection (a)(3), by striking “the” before “title 14”; and

(2) by amending subsection (f) to read as follows:

“(f) TRANSPORTATION ROUTES.—

“(1) IN GENERAL.—This section shall not apply to any air tour operator while flying over or near any Federal land managed by the Director of the National Park Service, including Lake Mead National Recreation Area, solely as a transportation route, to conduct an air tour over the Grand Canyon National Park.

“(2) EN ROUTE.—For purposes of this subsection, an air tour operator flying over the Hoover Dam in the Lake Mead National Recreation Area en route to the Grand Canyon National Park shall be deemed to be flying solely as a transportation route.”.

SEC. 5004. NAVIGABLE AIRSPACE ANALYSIS FOR COMMERCIAL SPACE LAUNCH SITE RUNWAYS.

(a) IN GENERAL.—Section 44718(b)(1) is amended—

(1) by striking “air navigation facilities and equipment” and inserting “air or space navigation facilities and equipment”;

(2) in subparagraph (D), by striking “; and” and inserting a semicolon;
(3) in subparagraph (E), by striking the period at the end and inserting “; and”; and

(4) by adding at the end the following:

“(F) the impact on launch and reentry for launch and reentry vehicles arriving or departing from a launch site or reentry site licensed by the Secretary.”.

(b) RULEMAKING.—Not later than 18 months after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall initiate a rulemaking to implement the amendments made by subsection (a).

SEC. 5005. SURVEY AND REPORT ON SPACEPORT DEVELOPMENT.

Not later than 1 year after the date of enactment of this Act, the Comptroller General of the United States shall submit to the appropriate committees of Congress a report on the existing system of spaceports licensed by the Federal Aviation Administration that includes recommendations regarding—

(1) the extent to which, and the manner in which, the Federal Government could participate in the construction, improvement, development, or maintenance of such spaceports; and

(2) potential funding sources.
SEC. 5006. AVIATION FUEL.

(a) Use of Unleaded Aviation Gasoline.—The Administrator of the Federal Aviation Administration shall allow the use of an unleaded aviation gasoline in an aircraft as a replacement for a leaded gasoline if the Administrator—

(1) determines that the unleaded aviation gasoline qualifies as a replacement for an approved leaded gasoline;

(2) identifies the aircraft and engines that are eligible to use the qualified replacement unleaded gasoline; and

(3) adopts a process (other than the traditional means of certification) to allow eligible aircraft and engines to operate using qualified replacement unleaded gasoline in a manner that ensures safety.

(b) Timing.—The Administrator shall adopt the process described in subsection (a)(3) not later than 180 days after the later of—

(1) the date on which the Administration completes the Piston Aviation Fuels Initiative; or

(2) the date on which the American Society for Testing and Materials publishes a production specification for an unleaded aviation gasoline.
SEC. 5007. COMPREHENSIVE AVIATION PREPAREDNESS PLAN.

(a) In General.—No later than 1 year after the date of enactment of this Act, the Secretary of Transportation and the Secretary of Health and Human Services, in coordination with the Secretary of Homeland Security, the Secretary of Labor, the Secretary of State, the Secretary of Defense, and representatives of other Federal departments and agencies, as necessary, shall develop a comprehensive national aviation communicable disease preparedness plan.

(b) Minimum Components.—The plan developed under subsection (a) shall—

(1) be developed in consultation with other relevant stakeholders, including State, local, tribal, and territorial governments, air carriers, first responders, and the general public;

(2) provide for the development of a communications system or protocols for providing comprehensive, appropriate, and up-to-date information regarding communicable disease threats and preparedness between all relevant stakeholders;

(3) document the roles and responsibilities of relevant Federal department and agencies, including coordination requirements;

(4) provide guidance to air carriers, airports, and other appropriate aviation stakeholders on how
to develop comprehensive communicable disease preparedness plans for their respective organizations, in accordance with the plan to be developed under subsection (a);

(5) be scalable and adaptable so that the plan can be used to address the full range of communicable disease threats and incidents;

(6) provide information on communicable threats and response training resources for all relevant stakeholders, including Federal, State, local, tribal, and territorial government employees, airport officials, aviation industry employees and contractors, first responders, and health officials;

(7) develop protocols for the dissemination of comprehensive, up-to-date, and appropriate information to the traveling public concerning communicable disease threats and preparedness;

(8) be updated periodically to incorporate lessons learned with supplemental information; and

(9) be provided in writing, electronically, and accessible via the Internet.

(c) INTERAGENCY FRAMEWORK.—The plan developed under subsection (a) shall—

(1) be conducted under the existing interagency framework for national level all hazards emergency
preparedness planning or another appropriate framework; and

(2) be consistent with the obligations of the United States under international agreements.

SEC. 5008. ADVANCED MATERIALS CENTER OF EXCELLENCE.

(a) IN GENERAL.—Chapter 445 is amended by adding at the end the following:

“§ 44518. Advanced Materials Center of Excellence

“(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall continue operation of the Advanced Materials Center of Excellence (referred to in this section as the ‘Center’) under its structure as in effect on March 1, 2016, which shall focus on applied research and training on the durability and maintainability of advanced materials in transport airframe structures.

“(b) RESPONSIBILITIES.—The Center shall—

“(1) promote and facilitate collaboration among academia, the Transportation Division of the Federal Aviation Administration, and the commercial aircraft industry, including manufacturers, commercial air carriers, and suppliers; and

“(2) establish goals set to advance technology, improve engineering practices, and facilitate continuing education in relevant areas of study.
“(c) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Administrator $500,000 for each of the fiscal years 2016 and 2017 to carry out this section.”.

(b) TABLE OF CONTENTS.—The table of contents for chapter 445 is amended by adding at the end the following:

“44518. Advanced Materials Center of Excellence.”.

SEC. 5009. INTERFERENCE WITH AIRLINE EMPLOYEES.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Comptroller General of the United States shall—

(1) complete a study of crimes of violence (as defined in section 16 of title 18, United States Code) committed against airline customer service representatives while they are performing their duties and on airport property; and

(2) submit the findings of the study, including any recommendations, to Congress.

(b) GAP ANALYSIS.—The study shall include a gap analysis to determine if State and local laws and resources are adequate to deter or otherwise address the crimes of violence described in subsection (a) and recommendations on how to address any identified gaps.

SEC. 5010. SECONDARY COCKPIT BARRIERS.

(a) SHORT TITLE.—This section may be cited as the “Saracini Aviation Safety Act of 2016”.

† HR 636 EAS
(b) REQUIREMENT.—Not later than one year after the date of the enactment of this Act, the Administrator of the Federal Aviation Administration shall issue an order requiring installation of a secondary cockpit barrier on each new aircraft that is manufactured for delivery to a passenger air carrier in the United States operating under the provisions of part 121 of title 14, Code of Federal Regulations.

SEC. 5011. GAO EVALUATION AND AUDIT.

Section 15(a)(1) of the Railway Labor Act (45 U.S.C. 165(a)(1)) is amended by striking “2 years” and inserting “4 years”.

SEC. 5012. FEDERAL AVIATION ADMINISTRATION PERFORMANCE MEASURES AND TARGETS.

(a) PERFORMANCE MEASURES.—Not later than 180 days after the date of enactment of this Act, the Secretary of Transportation shall establish performance measures relating to the administration of the Federal Aviation Administration, which shall, at a minimum, include measures to assess—

(1) the reduction of delays in the completion of projects; and

(2) the effectiveness of the Administration in achieving the goals described in section 47171 of title 49, United States Code.
(b) PERFORMANCE TARGETS.—Not later than 180 days after the date on which the Secretary establishes performance measures in accordance with subsection (a), the Secretary shall establish performance targets relating to each of the measures described in that subsection.

(c) REPORT.—Not later than 2 years after the date of enactment of this Act, the Inspector General of the Department of Transportation shall submit to Congress a report describing the progress of the Secretary in meeting the performance targets established under subsection (b).

SEC. 5013. STAFFING OF CERTAIN AIR TRAFFIC CONTROL TOWERS.

(a) IN GENERAL.—The Administrator of the Federal Aviation Administration shall ensure appropriate staffing at the Core 30 air traffic control towers and associated terminal radar approach control facilities and air route traffic control centers and ensure, as appropriate, staffing levels at those control towers, facilities, and centers are not below the average number of air traffic controllers between the “high” and “low” staffing ranges, as specified in the document of the Federal Aviation Administration entitled, “A Plan for the Future: 10-Year Strategy for Air Traffic Control Workforce 2015–2024”.

(b) RETENTION.—The Administrator shall review strategies to improve retention of experienced certified pro-
fessional controllers at the control towers, facilities, and centers described in subsection (a)(1).

SEC. 5014. CRITICAL AIRFIELD MARKINGS.

Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall issue a request for proposal for a study that includes—

(1) an independent, third-party study to assess the durability of Type III and Type I glass beads applied to critical markings over a 12-month period at no fewer than 2 primary airports in varying weather conditions to measure the retroreflectivity levels of such markings on a quarterly basis; and

(2) a study at 2 other airports carried out by applying Type III beads on one half of the centerline and Type I beads to the other half and providing for assessments from pilots through surveys administered by a third party as to the visibility and performance of the Type III glass beads as compared to the Type I glass beads over a 6-month period.

SEC. 5015. RESEARCH AND DEPLOYMENT OF CERTAIN AIRFIELD PAVEMENT TECHNOLOGIES.

Using amounts made available under section 48102(a) of title 49, United States Code, the Administrator of the Federal Aviation Administration shall carry out a program
for the research and deployment of aircraft pavement technologies under which the Administrator makes grants to, and enters into cooperative agreements with, institutions of higher education and nonprofit organizations that—

(1) research concrete and asphalt airfield pavement technologies that extend the life of airfield pavements;

(2) develop and conduct training;

(3) provide for demonstration projects; and

(4) promote the latest airfield pavement technologies to aid in the development of safer, more cost effective, and more durable airfield pavements.

SEC. 5016. REPORT ON GENERAL AVIATION FLIGHT SHARING.

Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall submit to the appropriate committees of Congress a report assessing the feasibility of flight sharing for general aviation. The report shall include an assessment of any regulations that may need to be updated to allow for safe and efficient flight sharing, including regulations imposing limitations on the forms of communication persons who hold private pilot certificates may use.
SEC. 5017. INCREASE IN DURATION OF GENERAL AVIATION AIRCRAFT REGISTRATION.

Not later than 180 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall initiate a rulemaking to increase the duration of aircraft registrations for noncommercial general aviation aircraft to 5 years.

SEC. 5018. MODIFICATION OF LIMITATION OF LIABILITY RELATING TO AIRCRAFT.

Section 44112(b) is amended—

(1) by striking “on land or water”; and

(2) by inserting “operational” before “control”.

SEC. 5019. GOVERNMENT ACCOUNTABILITY OFFICE STUDY OF ILLEGAL DRUGS SEIZED AT INTERNATIONAL AIRPORTS IN THE UNITED STATES.

(a) In General.—The Comptroller General of the United States shall conduct a study of illegal drugs, including heroin, fentanyl, and cocaine, seized by Federal authorities at international airports in the United States.

(b) Elements.—In conducting the study required by subsection (a), the Comptroller General shall address, at a minimum—

(1) the types and quantities of drugs seized;

(2) the origin of the drugs seized;

(3) the airport at which the drugs were seized;
(4) the manner in which the drugs were seized;

and

(5) the manner in which the drugs were transported.

(c) Use of Data; Recommendations for Additional Data Collection.—In conducting the study required by subsection (a), the Comptroller General shall use all available data. If the Comptroller General determines that additional data is needed to fully understand the extent to which illegal drugs enter the United States through international airports in the United States, the Comptroller General shall develop recommendations for the collection of that data.

(d) Submission to Congress.—Not later than 180 days after the date of enactment of this Act, the Comptroller General shall submit to Congress a report on the study conducted under subsection (a) that includes any recommendations developed under subsection (c).

SEC. 5020. SENSE OF CONGRESS ON PREVENTING THE TRANSPORTATION OF DISEASE-CARRYING MOSQUITOES AND OTHER INSECTS ON COMMERCIAL AIRCRAFT.

It is the sense of Congress that the Secretary of Transportation and the Secretary of Agriculture should, in coordination and consultation with the World Health Organ-
zation, develop a framework and guidance for the use of
safe, effective, and nontoxic means of preventing the trans-
portation of disease-carrying mosquitoes and other insects
on commercial aircraft.

SEC. 5021. WORK PLAN FOR THE NEW YORK/NEW JERSEY/
PHILADELPHIA METROPLEX PROGRAM.

Not later than 90 days after the date of enactment of
this Act, the Administrator of the Federal Aviation Admin-
istration shall develop and publish in the Federal Register
a work plan for the New York/New Jersey/Philadelphia
metroplex program.

SEC. 5022. REPORT ON PLANS FOR AIR TRAFFIC CONTROL
FACILITIES IN THE NEW YORK CITY AND NEW-
ARK REGION.

Not later than 90 days after the date of enactment of
this Act, the Administrator of the Federal Aviation Admin-
istration shall submit to the appropriate committees of Con-
gress a report on the Federal Aviation Administration’s
staffing and scheduling plans for air traffic control facili-
ties in the New York City and Newark region for the 1-
year period beginning on such date of enactment.

SEC. 5023. GAO STUDY OF INTERNATIONAL AIRLINE ALLI-
ANCES.

(a) IN GENERAL.—The Comptroller General of the
United States shall conduct a study of certain cooperative
agreements between United States air carriers and non-
United States air carriers (referred to in this section as
“alliances”), which—

(1) have been created pursuant to section 41309
of title 49, United States Code; and

(2) have been exempted from antitrust laws (as
defined in the first section of the Clayton Act (15
U.S.C. 12)) pursuant to section 41308 of title 49,
United States Code.

(b) SCOPE.—The study conducted under subsection (a)
shall assess—

(1) the consequences of alliances, including re-
duced competition, stifling new entrants into markets,
increasing prices in markets, and other adverse con-
sequences;

(2) the representations made by air carriers to
the Secretary of Transportation for the necessity of an
antitrust exemption;

(3) the Department of Transportation’s expecta-
tions of public benefits resulting from alliances, in-
cluding whether such expected benefits were actually
achieved;

(4) the adequacy of the Department of Transpor-
tation’s efforts in the approval and monitoring of al-
liances, including possessing relevant experience and
expertise in the fields of antitrust and consumer protection;

(5) whether there has been sufficient transparency in the approval of alliances, including opportunities for public review and feedback;

(6) the role of the Department of Justice in the oversight of alliances;

(7) whether there are alternatives to antitrust immunity that could be conferred that would also produce public benefits;

(8) whether alliances should be required to expire;

(9) the level of competition between air carriers who are members of the same alliance;

(10) the level of competition between alliances;

(11) whether the Department of Transportation should amend, modify, or revoke any exemption from the antitrust laws granted by the Secretary of Transportation in connection with an alliance; and

(12) the effect of alliances on the number and quality of jobs for United States air carrier flight crew employees, including the share of alliance flying done by such employees.

(c) RECOMMENDATIONS.—Not later than 180 days after the date of enactment of this Act, the Comptroller Gen-
eral shall submit to Congress the results of the study con-
ducted under subsection (a), which shall include rec-
ommendations on the reforms needed to improve competi-
tion and enhance choices for consumers, including—

(1) whether oversight of alliances should be exer-
cised by the Department of Justice rather than by the
Department of Transportation; and

(2) whether antitrust immunity for alliances
should expire.

SEC. 5024. TREATMENT OF MULTI-YEAR LESSEES OF LARGE
AND TURBINE-POWERED MULTIENGINE AIR-
CRAFT.

The Secretary of Transportation shall revise such regu-
lations as may be necessary to ensure that multi-year lessees
and owners of large and turbine-powered multiengine air-
craft are treated equally for purposes of joint ownership
policies of the Federal Aviation Administration.

SEC. 5025. EVALUATION OF EMERGING TECHNOLOGIES.

(a) STUDY.—The Administrator of the Federal Avia-
tion Administration, in consultation with representatives
of the aviation community and institutions of higher edu-
cation (as defined in section 101(a) of the Higher Edu-
cation Act of 1964 (20 U.S.C. 1001(a))), shall conduct a
study to evaluate the potential impact of emerging tech-
nologies, such as electric propulsion and autonomous con-
trol, on the current state of aircraft design, operations, maintenance, and licensing.

(b) REPORT.—Not later than 1 year after the date of enactment of this Act, the Administrator shall submit a report to the appropriate committees of Congress that summarizes the results of the study conducted under subsection (a).

**SEC. 5026. STUDENT OUTREACH REPORT.**

Not later than 6 months after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall submit a report to the appropriate committees of Congress that describes the Administration’s existing outreach efforts, such as the STEM Aviation and Space Education Outreach Program, to elementary and secondary students who are interested in careers in science, technology, engineering, art, and mathematics—

(1) to prepare and inspire such students for aeronautical careers; and

(2) to mitigate an anticipated shortage of pilots and other aviation professionals.

**SEC. 5027. RIGHT TO PRIVACY WHEN USING AIR TRAFFIC CONTROL SYSTEM.**

Notwithstanding any other provision of law, the Federal Aviation Administration, as appropriate, shall upon request of a private aircraft owner or operator, block the registration number of the aircraft of the owner or operator.
from any public dissemination or display, except in data
made available to a Government agency, for the non-
commercial flights of the owner or operator.

SEC. 5028. CONDUCT OF SECURITY SCREENING BY THE
TRANSPORTATION SECURITY ADMINISTRA-
TION AT CERTAIN AIRPORTS.

(a) In General.—The Administrator of the Trans-
portation Security Administration shall provide for secu-
ritv screening to be conducted by the Transportation Secu-

rity Administration at, and provide all necessary staff and
equipment to, any airport—

(1) that lost commercial air service on or after
January 1, 2013; and

(2) the operator of which, following the loss de-
scribed in paragraph (1), submits to the Adminis-
trator—

(A) a request for security screening to be
conducted at the airport by the Transportation

Security Administration; and

(B) written confirmation of a commitment

from a commercial air carrier—

(i) that the air carrier wants to pro-
vide commercial air service at the airport;

and
(ii) that such service will commence not later than 1 year after the date of the submission of the request under subparagraph (A).

(b) DEADLINE.—The Administrator of the Transportation Security Administration shall ensure that the process of implementing security screening by the Transportation Security Administration at an airport described in subsection (a) is complete not later than the later of—

(1) the date that is 90 days after the date on which the operator of the airport submits to the Administrator a request for such screening under paragraph (2)(A) of that subsection; or

(2) the date on which the air carrier intends to provide commercial air service at the airport.

(c) EFFECT ON OTHER AIRPORTS.—The Administrator of the Transportation Security Administration shall carry out this section in a manner that does not negatively affect operations at airports that are provided security screening by the Transportation Security Administration.

SEC. 5029. AVIATION CYBERSECURITY.

(a) COMPREHENSIVE AVIATION FRAMEWORK.—

(1) IN GENERAL.—Not later than 240 days after the date of enactment of this Act, the Administrator of the Federal Aviation Administration shall facili-
state and support the development of a comprehensive framework of principles and policies to reduce cyber-security risks to the national airspace system, civil aviation, and agency information systems.

(2) Scope.—As part of the principles and policies under paragraph (1), the Administrator shall—

(A) clarify cybersecurity roles and responsibilities of offices and employees, including governance structures of any advisory committees addressing cybersecurity at the Federal Aviation Administration;

(B) recognize the interactions of different components of the national airspace system and the interdependent and interconnected nature of aircraft and air traffic control systems;

(C) identify and implement objectives and actions to reduce cybersecurity risks to the air traffic control information systems, including actions to improve implementation of information security standards and best practices of the National Institute of Standards and Technology, and policies and guidance issued by the Office of Management and Budget for agency systems;

(D) support voluntary efforts by industry, RTCA, Inc., or standards-setting organizations
to develop and identify consensus standards, best
practices, and guidance on aviation systems in-
formation security protection, consistent with the
activities described in section 2(e) of the Na-
tional Institute of Standards and Technology Act
(15 U.S.C. 272(e)); and

(E) establish guidelines for the voluntary
sharing of information between and among avia-
tion stakeholders pertaining to aviation-related
cybersecurity incidents, threats, and
vulnerabilities.

(3) LIMITATIONS.—In carrying out the activities
under this section, the Administrator shall—

(A) coordinate with aviation stakeholders,
including industry, airlines, manufacturers, air-
ports, RTCA, Inc., and unions;

(B) consult with the Secretary of Defense,
Secretary of Homeland Security, Director of Na-
tional Institute of Standards and Technology,
the heads of other relevant agencies, and inter-
national regulatory authorities; and

(C) evaluate on a periodic basis, but not
less than once every 2 years, the effectiveness of
the principles established under this subsection.
(b) **Threat Model.**—The Secretary of Transportation, in coordination with the Administrator of the Federal Aviation Administration, shall implement the open recommendation issued in 2015 by the Government Accountability Office to assess the potential cost and timetable of developing and maintaining an agency-wide threat model to strengthen cybersecurity across the Federal Aviation Administration.

(c) **Secure Access to Facilities and Systems.**—

(1) **Identity Management Requirements.**—

Not later than 1 year after the date of enactment of this Act, the Secretary of Transportation shall implement open recommendations issued in 2014 by the Inspector General of the Department of Transportation—

(A) to work with the Federal Aviation Administration to revise its plan to effectively transition remaining users to require personal identity verification, including create a plan of actions and milestones with a planned completion date to monitor and track progress; and

(B) to work with the Director of the Office of Security of the Department of Transportation to develop or revise plans to effectively transition remaining facilities to require personal identity
verification cards at the Federal Aviation Administration.

(2) Identity Management Assessment.—

(A) In General.—Not later than 180 days after the date of enactment of this Act, the Secretary of Transportation shall prepare a plan to implement the use of identity management, including personal identity verification, at the Federal Aviation Administration, consistent with section 504 of the Cybersecurity Enhancement Act of 2014 (Public Law 113–274; 15 U.S.C. 7464) and section 225 of title II of division N of the Cybersecurity Act of 2015 (Public Law 114–113; 129 Stat. 2242).

(B) Contents.—The plan shall include—

(i) an assessment of the current implementation and use of identity management, including personal identity verification, at the Federal Aviation Administration for secure access to government facilities and information systems, including a breakdown of requirements for use and identification of which systems and facilities are enabled to use personal identity verification; and
(ii) the actions to be taken, including specified deadlines, by the Chief Information Officers of the Department of Transportation and the Federal Aviation Administration to increase the implementation and use of such measures, with the goal of 100 percent implementation across the agency.

(3) REPORT.—The Secretary shall submit the plan to the appropriate committees of Congress.

(4) CLASSIFIED INFORMATION.—The report submitted under paragraph (3) shall be in unclassified form, but may include a classified annex.

(d) AIRCRAFT SECURITY.—

(1) IN GENERAL.—The Aircraft Systems Information Security Protection Working Group shall periodically review rulemaking, policy, and guidance for certification of avionics software and hardware (including any system on board an aircraft) and continued airworthiness in order to reduce cybersecurity risks to aircraft systems.

(2) REQUIREMENTS.—In conducting the reviews, the working group—

(A) shall assess the cybersecurity risks to aircraft systems, including recognizing the inter-
actions of different components of the national airspace system and the interdependent and interconnected nature of aircraft and air traffic control systems;

(B) shall assess the extent to which existing rulemaking, policy, and guidance to promote safety also promote aircraft systems information security protection; and

(C) based on the results of subparagraphs (A) and (B), may make recommendations to the Administrator of the Federal Aviation Administration if separate or additional rulemaking, policy, or guidance is needed to address aircraft systems information security protection.

(3) In-flight entertainment systems review.—As part of its review under subparagraphs (A) and (B) of paragraph (2), the working group shall review the cybersecurity risks of in-flight entertainment systems to consider whether such systems can and should be isolated and separate from systems required for safe flight and operations, including reviewing standards for air gaps or other means determined appropriate.

(4) Recommendations.—In any recommendation under paragraph (2)(C), the working group shall
identify a cost-effective and technology-neutral approach and incorporate voluntary consensus standards and best practices and international practices to the fullest extent possible.

(5) REPORT.—

(A) IN GENERAL.—Not later than 60 days after the date of enactment of this Act, and periodically thereafter, the working group shall provide a report to the Administrator of the Federal Aviation Administration on the findings of the review and any recommendations.

(B) CONGRESS.—The Administrator shall submit to the appropriate committees of Congress a copy of each report provided by the working group.

(6) CLASSIFIED INFORMATION.—Each report submitted under this subsection shall be in unclassified form, but may include a classified annex.

(e) CYBERSECURITY IMPLEMENTATION PROGRESS.—The Administrator of the Federal Aviation Administration shall—

(1) not later than 90 days after the date of enactment of this Act, and periodically thereafter until the completion date, provide to the appropriate committees of Congress a briefing on the actions the Ad-
ministrator has taken to improve information security management, including the steps taken to implement subsections (a), (b) and (c) and all of the issues and open recommendations identified in cybersecurity audit reports issued in 2014 and 2015 by the Inspector General of the Department of Transportation and the Government Accountability Office; and

(2) not later than 1 year after the date of enactment of this Act, issue a final report to the appropriate committees of Congress on the steps taken to improve information security management, including implementation of subsections (a), (b) and (c) and all of the issues and open recommendations identified in the cybersecurity audit reports issued in 2014 and 2015 by the Inspector General of the Department of Transportation and the Government Accountability Office.

SEC. 5030. PROHIBITIONS AGAINST SMOKING ON PASSENGER FLIGHTS.

Section 41706 is amended—

(1) by redesignating subsection (d) as subsection (e); and

(2) by inserting after subsection (c) the following:

“(d) ELECTRONIC CIGARETTES.—
“(1) **INCLUSION.**—The use of an electronic cigarette shall be treated as smoking for purposes of this section.

“(2) **ELECTRONIC CIGARETTE DEFINED.**—In this section, the term ‘electronic cigarette’ means a device that delivers nicotine or other substances to a user of the device in the form of a vapor that is inhaled to simulate the experience of smoking.”.

**SEC. 5031. NATIONAL MULTIMODAL FREIGHT ADVISORY COMMITTEE.**

(a) **ESTABLISHMENT.**—The Secretary of Transportation shall establish a national multimodal freight advisory committee (referred to in this section as the “Committee”) in the Department of Transportation, which shall consist of a balanced cross-section of public and private freight stakeholders representative of all freight transportation modes, including—

1. airports, highways, ports and waterways, rail, and pipelines;
2. shippers;
3. carriers;
4. freight-related associations;
5. the freight industry workforce;
6. State departments of transportation;
7. local governments;
(8) metropolitan planning organizations;

(9) regional or local transportation authorities, such as port authorities;

(10) freight safety organizations; and

(11) university research centers.

(b) PURPOSE.—The purpose of the Committee shall be to promote a safe, economically efficient, and environmentally sustainable national freight system.

(c) DUTIES.—The Committee, in consultation with State departments of transportation and metropolitan planning organizations, shall provide advice and recommendations to the Secretary of Transportation on matters related to freight transportation in the United States, including—

(1) the implementation of freight transportation requirements;

(2) the establishment of a National Multimodal Freight Network under section 70103 of title 49, United States Code;

(3) the development of the national freight strategic plan under section 70102 of such title;

(4) the development of measures of conditions and performance in freight transportation;

(5) the development of freight transportation investment, data, and planning tools; and
(6) recommendations for Federal legislation.

(d) QUALIFICATIONS.—Each member of the Committee shall be sufficiently qualified to represent the interests of the member’s specific stakeholder group, such as—

(1) general business and financial experience;

(2) experience or qualifications in the areas of freight transportation and logistics;

(3) experience in transportation planning, safety, technology, or workforce issues;

(4) experience representing employees of the freight industry;

(5) experience representing State or local governments or metropolitan planning organizations in transportation-related issues; or

(6) experience in trade economics relating to freight flows.

(e) SUPPORT STAFF, INFORMATION, AND SERVICES.—The Secretary of Transportation shall provide support staff for the Committee. Upon the request of the Committee, the Secretary shall provide such information, administrative services, and supplies as the Secretary considers necessary for the Committee to carry out its duties under this section.
SEC. 5032. TECHNICAL AND CONFORMING AMENDMENTS.

(a) Airport Capacity Enhancement Projects at Congested Airports.—Section 40104(c) is amended by striking “47176” and inserting “47175”.

(b) Consultation on Carrier Response Not Covered by Plan.—Section 41313(c)(16), as amended by section 3104 of this Act, is further amended by striking “the foreign air carrier will consult” and inserting “will consult”.

(c) Weighing Mail.—Section 41907 is amended by striking “and –administrative” and inserting “and administrative”.

(d) Flight Attendant Certification.—Section 44728 is amended—

(1) in subsection (c), by striking “chapter” and inserting “title”; and

(2) in subsection (d)(3), by striking “is” and inserting “be”.

(e) Schedule of Fees.—Section 45301(a)(1) is amended by striking “United States government” and inserting “United States Government”.

(f) Classified Evidence.—Section 46111(g)(2)(A) is amended by striking “(18 U.S.C. App.)” and inserting “(18 U.S.C. App.)”.

(g) Allowable Cost Standards.—Section 47110(b)(2) is amended—
(1) in subparagraph (B), by striking “compatibility” and inserting “compatibility”; and
(2) in subparagraph (D)(i), by striking “climactic” and inserting “climatic”.

(h) Definition of Qualified HUBZone Small Business Concern.—Section 47113(a)(3) is amended by striking “(15 U.S.C. 632(o))” and inserting “(15 U.S.C. 632(p))”.

(i) Discretionary Fund.—Section 47115, as amended by section 1006 of this Act, is further amended—
(1) by striking subsection (i); and
(2) by redesignating subsection (j) as subsection (i).

(j) Special Apportionment Categories.—Section 47117(e)(1)(B) is amended by striking “at least” and inserting “At least”.

(k) Solicitation and Consideration of Comments.—Section 47171(l) is amended by striking “4371” and inserting “4321”.

(l) Operations and Maintenance.—Section 48104 is amended by striking “(a) Authorization of Appropriations.—the” and inserting “The”.

(m) Expenditures from Airport and Airway Trust Fund.—Section 9502(d)(2) of the Internal Revenue
Code of 1986 is amended by striking “farms” and inserting “farms)”.

SEC. 5033. VISIBLE DETERRENT.

Section 1303 of the Implementing Recommendations of the 9/11 Commission Act of 2007 (6 U.S.C. 1112) is amended—

(1) in subsection (a)—

(A) in paragraph (3), by striking “; and” and inserting a semicolon;

(B) in paragraph (4), by striking the period at the end and inserting “; and”; and

(C) by adding at the end the following:

“(5) if the VIPR team is deployed to an airport, shall require, as appropriate based on risk, that the VIPR team conduct operations—

“(A) in the sterile area and any other areas to which only individuals issued security credentials have unescorted access; and

“(B) in non-sterile areas.”; and

(2) in subsection (b), by striking “such sums as necessary for fiscal years 2007 through 2011” and inserting “such sums as necessary, including funds to develop not more than 60 VIPR teams, for fiscal years 2016 through 2017”.

† HR 636 EAS
SEC. 5034. LAW ENFORCEMENT TRAINING FOR MASS CASUALTY AND ACTIVE SHOOTER INCIDENTS. 

(1) by redesignating subparagraphs (E) through (I) as subparagraphs (F) through (J), respectively; and

(2) by inserting after subparagraph (D) the following:

“(E) training exercises to enhance preparedness for and response to mass casualty and active shooter incidents and security events at public locations, including airports and mass transit systems;”.

SEC. 5035. ASSISTANCE TO AIRPORTS AND SURFACE TRANSPORTATION SYSTEMS. 

Section 2008(a) of the Homeland Security Act of 2002 (6 U.S.C. 609(a)) is amended—

(1) by redesigning paragraphs (9) through (13) as paragraphs (10) through (14), respectively; and

(2) by inserting after paragraph (8) the following:

“(9) enhancing the security and preparedness of secure and non-secure areas of eligible airports and surface transportation systems.”.
SEC. 5036. AUTHORIZATION OF CERTAIN FLIGHTS BY STAGE 2 AIRPLANES.

(a) In General.—Notwithstanding section 47534 of title 49, United States Code, not later than 180 days after the date of the enactment of this Act, the Administrator of the Federal Aviation Administration shall initiate a pilot program to permit the operator of a Stage 2 airplane to operate that airplane in nonrevenue service into not more than four medium hub airports or nonhub airports if—

(1) the airport—

(A) is certified under part 139 of title 14, Code of Federal Regulations;

(B) has a runway that—

(i) is longer than 8,000 feet and not less than 200 feet wide; and

(ii) is load bearing with a pavement classification number of not less than 38;

and

(C) has a maintenance facility with a maintenance certificate issued under part 145 of such title; and

(2) the operator of the Stage 2 airplane operates not more than 10 flights per month using that airplane.

(b) Termination.—The regulations required by subsection (a) shall terminate on the earlier of—
(1) the date that is 10 years after the date of the enactment of this Act; or

(2) the date on which the Administrator determines that no Stage 2 airplanes remain in service.

(c) DEFINITIONS.—In this section:

(1) MEDIUM HUB AIRPORT; NONHUB AIRPORT.—
The terms “medium hub airport” and “nonhub airport” have the meanings given those terms in section 40102 of title 49, United States Code.

(2) STAGE 2 AIRPLANE.—The term “Stage 2 airplane” has the meaning given that term in section 91.851 of title 14, Code of Federal Regulations (as in effect on the day before the date of the enactment of this Act).

TITLE VI—TRANSPORTATION SECURITY AND TERRORISM PREVENTION

Subtitle A—Airport Security Enhancement and Oversight Act

SEC. 6101. SHORT TITLE.

This subtitle may be cited as the “Airport Security Enhancement and Oversight Act”.

SEC. 6102. FINDINGS.

Congress makes the following findings:
A number of recent airport security breaches in the United States have involved the use of Secure Identification Display Area (referred to in this section as “SIDA”) badges, the credentials used by airport and airline workers to access the secure areas of an airport.

In December 2014, a Delta ramp agent at Hartsfield-Jackson Atlanta International Airport was charged with using his SIDA badge to bypass airport security checkpoints and facilitate an interstate gun smuggling operation over a number of months via commercial aircraft.

In January 2015, an Atlanta-based Aviation Safety Inspector of the Federal Aviation Administration used his SIDA badge to bypass airport security checkpoints and transport a firearm in his carry-on luggage.

In February 2015, a local news investigation found that over 1,000 SIDA badges at Hartsfield-Jackson Atlanta International Airport were lost or missing.

In March 2015, and again in May 2015, Transportation Security Administration contractors were indicted for participating in a drug smuggling
ring using luggage passed through the secure area of the San Francisco International Airport.

(6) The Administration has indicated that it does not maintain a list of lost or missing SIDA badges, and instead relies on airport operators to track airport worker credentials.

(7) The Administration rarely uses its enforcement authority to fine airport operators that reach a certain threshold of missing SIDA badges.

(8) In April 2015, the Aviation Security Advisory Committee issued 28 recommendations for improvements to airport access control.

(9) In June 2015, the Inspector General of the Department of Homeland Security reported that the Administration did not have all relevant information regarding 73 airport workers who had records in United States intelligence-related databases because the Administration was not authorized to receive all terrorism-related information under current inter-agency watchlisting policy.

(10) The Inspector General also found that the Administration did not have appropriate checks in place to reject incomplete or inaccurate airport worker employment investigations, including criminal history record checks and work authorization
verifications, and had limited oversight over the airport operators that the Administration relies on to perform criminal history and work authorization checks for airport workers.

(11) There is growing concern about the potential insider threat at airports in light of recent terrorist activities.

SEC. 6103. DEFINITIONS.

In this subtitle:

(1) ADMINISTRATION.—The term “Administration” means the Transportation Security Administration.

(2) ADMINISTRATOR.—The term “Administrator” means the Administrator of the Transportation Security Administration.

(3) APPROPRIATE COMMITTEES OF CONGRESS.—The term “appropriate committees of Congress” means—

(A) the Committee on Commerce, Science, and Transportation of the Senate;

(B) the Committee on Homeland Security and Governmental Affairs of the Senate; and

(C) the Committee on Homeland Security of the House of Representatives.
(4) **ASAC.**—The term “ASAC” means the Aviation Security Advisory Committee established under section 44946 of title 49, United States Code.

(5) **SECRETARY.**—The term “Secretary” means the Secretary of Homeland Security.

(6) **SIDA.**—The term “SIDA” means Secure Identification Display Area as defined in section 1540.5 of title 49, Code of Federal Regulations, or any successor regulation to such section.

**SEC. 6104. THREAT ASSESSMENT.**

(a) **INSIDER THREATS.**—

(1) **IN GENERAL.**—Not later than 90 days after the date of enactment of this Act, the Administrator shall conduct or update an assessment to determine the level of risk posed to the domestic air transportation system by individuals with unescorted access to a secure area of an airport (as defined in section 44903(j)(2)(H)) in light of recent international terrorist activity.

(2) **CONSIDERATIONS.**—In conducting or updating the assessment under paragraph (1), the Administrator shall consider—

(A) domestic intelligence;

(B) international intelligence;
(C) the vulnerabilities associated with unescorted access authority granted to domestic airport operators and air carriers, and their employees;

(D) the vulnerabilities associated with unescorted access authority granted to foreign airport operators and air carriers, and their employees;

(E) the processes and practices designed to mitigate the vulnerabilities associated with unescorted access privileges granted to airport operators and air carriers, and their employees;

(F) the recent security breaches at domestic and foreign airports; and

(G) the recent security improvements at domestic airports, including the implementation of recommendations made by relevant advisory committees.

(b) REPORTS TO CONGRESS.—The Administrator shall submit to the appropriate committees of Congress—

(1) a report on the results of the assessment under subsection (a), including any recommendations for improving aviation security;

(2) a report on the implementation status of any recommendations made by the ASAC; and
(3) regular updates about the insider threat environment as new information becomes available and as needed.

SEC. 6105. OVERSIGHT.

(a) ENHANCED REQUIREMENTS.—

(1) IN GENERAL.—Subject to public notice and comment, and in consultation with airport operators, the Administrator shall update the rules on access controls issued by the Secretary under chapter 449 of title 49, United States Code.

(2) CONSIDERATIONS.—As part of the update under paragraph (1), the Administrator shall consider—

(A) increased fines and advanced oversight for airport operators that report missing more than 5 percent of credentials for unescorted access to any SIDA of an airport;

(B) best practices for Category X airport operators that report missing more than 3 percent of credentials for unescorted access to any SIDA of an airport;

(C) additional audits and status checks for airport operators that report missing more than 3 percent of credentials for unescorted access to any SIDA of an airport;
(D) review and analysis of the prior 5 years of audits for airport operators that report missing more than 3 percent of credentials for unescorted access to any SIDA of an airport;

(E) increased fines and direct enforcement requirements for both airport workers and their employers that fail to report within 24 hours an employment termination or a missing credential for unescorted access to any SIDA of an airport; and

(F) a method for termination by the employer of any airport worker that fails to report in a timely manner missing credentials for unescorted access to any SIDA of an airport.

(b) Temporary Credentials.—The Administrator may encourage the issuance by airport and aircraft operators of free one-time, 24-hour temporary credentials for workers who have reported their credentials missing, but not permanently lost, stolen, or destroyed, in a timely manner, until replacement of credentials under section 1542.211 of title 49 Code of Federal Regulations is necessary.

(c) Notification and Report to Congress.—The Administrator shall—

(1) notify the appropriate committees of Congress each time an airport operator reports that more
than 3 percent of credentials for unescorted access to any SIDA at a Category X airport are missing or more than 5 percent of credentials to access any SIDA at any other airport are missing; and

(2) submit to the appropriate committees of Congress an annual report on the number of violations and fines related to unescorted access to the SIDA of an airport collected in the preceding fiscal year.

SEC. 6106. CREDENTIALS.

(a) LAWFUL STATUS.—Not later than 90 days after the date of enactment of this Act, the Administrator shall issue guidance to airport operators regarding placement of an expiration date on each airport credential issued to a non-United States citizen no longer than the period of time during which that non-United States citizen is lawfully authorized to work in the United States.

(b) REVIEW OF PROCEDURES.—

(1) IN GENERAL.—Not later than 90 days after the date of enactment of this Act, the Administrator shall—

(A) issue guidance for transportation security inspectors to annually review the procedures of airport operators and air carriers for applicants seeking unescorted access to any SIDA of an airport; and
(B) make available to airport operators and air carriers information on identifying suspicious or fraudulent identification materials.

(2) INCLUSIONS.—The guidance shall require a comprehensive review of background checks and employment authorization documents issued by the Citizenship and Immigration Services during the course of a review of procedures under paragraph (1).

SEC. 6107. VETTING.

(a) Eligibility Requirements.—

(1) In general.—Not later than 180 days after the date of enactment of this Act, and subject to public notice and comment, the Administrator shall revise the regulations issued under section 44936 of title 49, United States Code, in accordance with this section and current knowledge of insider threats and intelligence, to enhance the eligibility requirements and disqualifying criminal offenses for individuals seeking or having unescorted access to a SIDA of an airport.

(2) Disqualifying Criminal Offenses.—In revising the regulations under paragraph (1), the Administrator shall consider adding to the list of disqualifying criminal offenses and criteria the offenses and criteria listed in section 122.183(a)(4) of title 19,
HR 636 EAS

383

(3) Waiver process for denied credentials.—Notwithstanding section 44936(b) of title 49, United States Code, in revising the regulations under paragraph (1) of this subsection, the Administrator shall—

(A) ensure there exists or is developed a waiver process for approving the issuance of credentials for unescorted access to the SIDA, for an individual found to be otherwise ineligible for such credentials; and

(B) consider, as appropriate and practicable—

(i) the circumstances of any disqualifying act or offense, restitution made by the individual, Federal and State mitigation remedies, and other factors from which it may be concluded that the individual does not pose a terrorism risk or a risk to aviation security warranting denial of the credential; and

(ii) the elements of the appeals and waiver process established under section 70105(c) of title 46, United States Code.
(4) **Look Back.**—In revising the regulations under paragraph (1), the Administrator shall propose that an individual be disqualified if the individual was convicted, or found not guilty by reason of insanity, of a disqualifying criminal offense within 15 years before the date of an individual’s application, or if the individual was incarcerated for that crime and released from incarceration within 5 years before the date of the individual’s application.

(5) **Certifications.**—The Administrator shall require an airport or aircraft operator, as applicable, to certify for each individual who receives unescorted access to any SIDA of an airport that—

(A) a specific need exists for providing that individual with unescorted access authority; and

(B) the individual has certified to the airport or aircraft operator that the individual understands the requirements for possessing a SIDA badge.

(6) **Report to Congress.**—Not later than 90 days after the date of enactment, the Administrator shall submit to the appropriate committees of Congress a report on the status of the revision to the regulations issued under section 44936 of title 49, United States Code, in accordance with this section.
(7) Rule of Construction.—Nothing in this subsection may be construed to affect existing aviation worker vetting fees imposed by the Administration.

(b) Recurrent Vetting.—

(1) In General.—Not later than 90 days after the date of enactment of this Act, the Administrator and the Director of the Federal Bureau of Investigation shall fully implement the Rap Back service for recurrent vetting of eligible Administration-regulated populations of individuals with unescorted access to any SIDA of an airport.

(2) Requirements.—As part of the requirement in paragraph (1), the Administrator shall ensure that—

(A) any status notifications the Administration receives through the Rap Back service about criminal offenses be limited to only disqualifying criminal offenses in accordance with the regulations promulgated by the Administration under section 44903 of title 49, United States Code, or other Federal law; and

(B) any information received by the Administration through the Rap Back service is

† HR 636 EAS
provided directly and immediately to the relevant airport and aircraft operators.

(3) Report to Congress.—Not later than 60 days after the date of enactment of this Act, the Administrator shall submit to the appropriate committees of Congress a report on the implementation status of the Rap Back service.

(c) Access to Terrorism-Related Data.—Not later than 30 days after the date of enactment of this Act, the Administrator and the Director of National Intelligence shall coordinate to ensure that the Administrator is authorized to receive automated, real-time access to additional Terrorist Identities Datamart Environment (TIDE) data and any other terrorism related category codes to improve the effectiveness of the Administration’s credential vetting program for individuals that are seeking or have unescorted access to a SIDA of an airport.

(d) Access to E-Verify and SAVE Programs.—Not later than 90 days after the date of enactment of this Act, the Secretary shall authorize each airport operator to have direct access to the E-Verify program and the Systematic Alien Verification for Entitlements (SAVE) automated system to determine the eligibility of individuals seeking unescorted access to a SIDA of an airport.
SEC. 6108. METRICS.

(a) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Administrator shall develop and implement performance metrics to measure the effectiveness of security for the SIDAs of airports.

(b) CONSIDERATIONS.—In developing the performance metrics under subsection (a), the Administrator may consider—

(1) adherence to access point procedures;

(2) proper use of credentials;

(3) differences in access point requirements between airport workers performing functions on the airside of an airport and airport workers performing functions in other areas of an airport;

(4) differences in access point characteristics and requirements at airports; and

(5) any additional factors the Administrator considers necessary to measure performance.

SEC. 6109. INSPECTIONS AND ASSESSMENTS.

(a) MODEL AND BEST PRACTICES.—Not later than 180 days after the date of enactment of this Act, the Administrator, in consultation with the ASAC, shall develop a model and best practices for unescorted access security that—

(1) use intelligence, scientific algorithms, and risk-based factors;
(2) ensure integrity, accountability, and control;

(3) subject airport workers to random physical security inspections conducted by Administration representatives in accordance with this section;

(4) appropriately manage the number of SIDA access points to improve supervision of and reduce unauthorized access to these areas; and

(5) include validation of identification materials, such as with biometrics.

(b) INSPECTIONS.—Consistent with a risk-based security approach, the Administrator shall expand the use of transportation security officers and inspectors to conduct enhanced, random and unpredictable, data-driven, and operationally dynamic physical inspections of airport workers in each SIDA of an airport and at each SIDA access point—

(1) to verify the credentials of airport workers;

(2) to determine whether airport workers possess prohibited items, except for those that may be necessary for the performance of their duties, as appropriate, in any SIDA of an airport; and

(3) to verify whether airport workers are following appropriate procedures to access a SIDA of an airport.

(c) SCREENING REVIEW.—
(1) In general.—The Administrator shall conduct a review of airports that have implemented additional airport worker screening or perimeter security to improve airport security, including—

(A) comprehensive airport worker screening at access points to secure areas;

(B) comprehensive perimeter screening, including vehicles;

(C) enhanced fencing or perimeter sensors; and

(D) any additional airport worker screening or perimeter security measures the Administrator identifies.

(2) Best practices.—After completing the review under paragraph (1), the Administrator shall—

(A) identify best practices for additional access control and airport worker security at airports; and

(B) disseminate the best practices identified under subparagraph (A) to airport operators.

(3) Pilot program.—The Administrator may conduct a pilot program at 1 or more airports to test and validate best practices for comprehensive airport worker screening or perimeter security under paragraph (2).
SEC. 6110. COVERT TESTING.

(a) IN GENERAL.—The Administrator shall increase the use of red-team, covert testing of access controls to any secure areas of an airport.

(b) ADDITIONAL COVERT TESTING.—The Inspector General of the Department of Homeland Security shall conduct red-team, covert testing of airport access controls to the SIDA of airports.

(c) REPORTS TO CONGRESS.—

(1) ADMINISTRATOR REPORT.—Not later than 90 days after the date of enactment of this Act, the Administrator shall submit to the appropriate committee of Congress a report on the progress to expand the use of inspections and of red-team, covert testing under subsection (a).

(2) INSPECTOR GENERAL REPORT.—Not later than 180 days after the date of enactment of this Act, the Inspector General of the Department of Homeland Security shall submit to the appropriate committee of Congress a report on the effectiveness of airport access controls to the SIDA of airports based on red-team, covert testing under subsection (b).

SEC. 6111. SECURITY DIRECTIVES.

(a) REVIEW.—Not later than 180 days after the date of enactment of this Act, and annually thereafter, the Administrator, in consultation with the appropriate regulated
entities, shall conduct a comprehensive review of every current security directive addressed to any regulated entity—

(1) to determine whether the security directive continues to be relevant;

(2) to determine whether the security directives should be streamlined or consolidated to most efficiently maximize risk reduction; and

(3) to update, consolidate, or revoke any security directive as necessary.

(b) NOTICE.—For each security directive that the Administrator issues, the Administrator shall submit to the appropriate committees of Congress notice of—

(1) the extent to which the security directive responds to a specific threat, security threat assessment, or emergency situation against civil aviation; and

(2) when it is anticipated that the security directive will expire.

SEC. 6112. IMPLEMENTATION REPORT.

Not later than 1 year after the date of enactment of this Act, the Comptroller General of the United States shall—

(1) assess the progress made by the Administration and the effect on aviation security of implementing the requirements under sections 6104 through 6111 of this Act; and
(2) report to the appropriate committees of Congress on the results of the assessment under paragraph (1), including any recommendations.

SEC. 6113. MISCELLANEOUS AMENDMENTS.

(a) ASAC TERMS OF OFFICE.—Section 44946(c)(2)(A) is amended to read as follows:

“(A) TERMS.—The term of each member of the Advisory Committee shall be 2 years, but a member may continue to serve until the Assistant Secretary appoints a successor. A member of the Advisory Committee may be reappointed.”.

(b) FEEDBACK.—Section 44946(b)(5) is amended to read as follows:

“(5) FEEDBACK.—Not later than 90 days after receiving recommendations transmitted by the Advisory Committee under paragraph (2) or paragraph (4), the Assistant Secretary shall respond in writing to the Advisory Committee with feedback on each of the recommendations, an action plan to implement any of the recommendations with which the Assistant Secretary concurs, and a justification for why any of the recommendations have been rejected.”.
Subtitle B—TSA PreCheck Expansion Act

SEC. 6201. SHORT TITLE.
This subtitle may be cited as the “TSA PreCheck Expansion Act”.

SEC. 6202. DEFINITIONS.
In this subtitle:

(1) Administrator.—The term “Administrator” means the Administrator of the Transportation Security Administration.

(2) Department.—The term “Department” means the Department of Homeland Security.

(3) PreCheck Program.—The term “PreCheck Program” means the trusted traveler program implemented by the Transportation Security Administration under section 109(a)(3) of the Aviation and Transportation Security Act (49 U.S.C. 114).

(4) TSA.—The term “TSA” means the Transportation Security Administration.

SEC. 6203. PRECHECK PROGRAM AUTHORIZATION.
The Administrator shall continue to administer the PreCheck Program established under the authority of the Aviation and Transportation Security Act (Public Law 107–71; 115 Stat. 597).
SEC. 6204. PRECHECK PROGRAM ENROLLMENT EXPANSION.

(a) In General.—Not later than 90 days after the date of enactment of this Act, the Administrator shall publish PreCheck Program enrollment standards that add multiple private sector application capabilities for the PreCheck Program to increase the public’s enrollment access to the program, including standards that allow the use of secure technologies, including online enrollment, kiosks, tablets, or staffed laptop stations at which individuals can apply for entry into the program.

(b) Requirements.—Upon publication of the PreCheck Program enrollment standards under subsection (a), the Administrator shall—

(1) coordinate with interested parties—

(A) to deploy TSA-approved ready-to-market private sector solutions that meet the PreCheck Program enrollment standards under subsection (a);

(B) to make available additional PreCheck Program enrollment capabilities; and

(C) to offer secure online and mobile enrollment opportunities;

(2) partner with the private sector to collect biographic and biometric identification information via kiosks, mobile devices, or other mobile enrollment platforms to increase enrollment flexibility and mini-
mize the amount of travel to enrollment centers for applicants;

(3) ensure that any information, including biographic information, is collected in a manner that—

(A) is comparable with the appropriate and applicable standards developed by the National Institute of Standards and Technology; and

(B) protects privacy and data security, including that any personally identifiable information is collected, retained, used, and shared in a manner consistent with section 552a of title 5, United States Code (commonly known as “Privacy Act of 1974”), and with agency regulations;

(4) ensure that the enrollment process is streamlined and flexible to allow an individual to provide additional information to complete enrollment and verify identity;

(5) ensure that any enrollment expansion using a private sector risk assessment instead of a fingerprint-based criminal history records check is evaluated and certified by the Secretary of Homeland Security, and verified by the Government Accountability Office or a federally funded research and development center after award to be equivalent to a fingerprint-based criminal history records check conducted
through the Federal Bureau of Investigation with re-
respect to the effectiveness in identifying individuals
who are not qualified to participate in the PreCheck
program due to disqualifying criminal history; and

(6) ensure that the Secretary has certified that
reasonable procedures are in place with regard to the
accuracy, relevancy, and proper utilization of infor-
mation employed in private sector risk assessments.

(c) MARKETING OF PRECHECK PROGRAM.—Upon
publication of PreCheck Program enrollment standards
under subsection (a), the Administrator shall—

(1) in accordance with those standards, develop
and implement—

(A) a continual process, including an asso-
ciated timeframe, for approving private sector
marketing of the PreCheck Program; and

(B) a long-term strategy for partnering
with the private sector to encourage enrollment
in such program;

(2) submit to Congress, at the end of each fiscal
year, a report on any PreCheck Program application
fees collected in excess of the costs of administering the
program, including to access the feasibility of the pro-
program, for the preceding fiscal year; and
(3) include in the report under paragraph (2) recommendations for using such amounts to support marketing of the program under this subsection.

(d) Identity Verification Enhancement.—Not later than 120 days after the date of enactment of this Act, the Administrator shall—

(1) coordinate with the heads of appropriate components of the Department to leverage department-held data and technologies to verify the citizenship of individuals enrolling in the PreCheck Program;

(2) partner with the private sector to use biometrics and authentication standards, such as relevant standards developed by the National Institute of Standards and Technology, to facilitate enrollment in the program; and

(3) consider leveraging the existing resources and abilities of airports to conduct fingerprint and background checks to expedite identity verification.

(e) PreCheck Program Lanes Operation.—The Administrator shall—

(1) ensure that PreCheck Program screening lanes are open and available during peak and high-volume travel times at appropriate airports to individuals enrolled in the PreCheck Program; and
(2) make every practicable effort to provide expedited screening at standard screening lanes during times when PreCheck Program screening lanes are closed to individuals enrolled in the program in order to maintain operational efficiency.

(f) Vetting for PreCheck Program Participants.—Not later than 90 days after the date of enactment of this Act, the Administrator shall initiate an assessment to identify any security vulnerabilities in the vetting process for the PreCheck Program, including determining whether subjecting PreCheck Program participants to recurrent fingerprint-based criminal history records checks, in addition to recurrent checks against the terrorist watchlist, could be done in a cost-effective manner to strengthen the security of the PreCheck Program.

Subtitle C—Securing Aviation From Foreign Entry Points and Guarding Airports Through Enhanced Security Act of 2016

SEC. 6301. SHORT TITLE.

This subtitle may be cited as the “Securing Aviation from Foreign Entry Points and Guarding Airports Through Enhanced Security Act of 2016”.

†HR 636 EAS
SEC. 6302. LAST POINT OF DEPARTURE AIRPORT SECURITY ASSESSMENT.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, the Administrator of the Transportation Security Administration shall conduct a comprehensive security risk assessment of all last point of departure airports with nonstop flights to the United States.

(b) CONTENTS.—The security risk assessment required under subsection (a) shall include consideration of the following:

(1) The level of coordination and cooperation between the Transportation Security Administration and the foreign government of the country in which the last point of departure airport with nonstop flights to the United States is located.

(2) The intelligence and threat mitigation capabilities of the country in which such airport is located.

(3) The number of known or suspected terrorists annually transiting through such airport.

(4) The degree to which the foreign government of the country in which such airport is located mandates, encourages, or prohibits the collection, analysis, and sharing of passenger name records.
(5) The passenger security screening practices, capabilities, and capacity of such airport.

(6) The security vetting undergone by aviation workers at such airport.

(7) The access controls utilized by such airport to limit to authorized personnel access to secure and sterile areas of such airports.

SEC. 6303. SECURITY COORDINATION ENHANCEMENT PLAN.

(a) In General.—Not later than 240 days after the date of enactment of this Act, the Administrator of the Transportation Security Administration shall submit to Congress and the Government Accountability Office a plan—

(1) to enhance and bolster security collaboration, coordination, and information sharing relating to securing international-inbound aviation between the United States and domestic and foreign partners, including U.S. Customs and Border Protection, foreign government entities, passenger air carriers, cargo air carriers, and United States Government entities, in order to enhance security capabilities at foreign airports, including airports that may not have nonstop flights to the United States but are nonetheless determined by the Administrator to be high risk; and
(2) that includes an assessment of the ability of the Administration to enter into a mutual agreement with a foreign government entity that permits Administration representatives to conduct without prior notice inspections of foreign airports.

(b) GAO REVIEW.—Not later than 180 days after the submission of the plan required under subsection (a), the Comptroller General of the United States shall review the efforts, capabilities, and effectiveness of the Transportation Security Administration to enhance security capabilities at foreign airports and determine if the implementation of such efforts and capabilities effectively secures international-inbound aviation.

SEC. 6304. WORKFORCE ASSESSMENT.

Not later than 270 days after the date of enactment of this Act, the Administrator of the Transportation Security Administration shall submit to Congress a comprehensive workforce assessment of all Administration personnel within the Office of Global Strategies of the Administration or whose primary professional duties contribute to the Administration’s global efforts to secure transportation security, including a review of whether such personnel are assigned in a risk-based, intelligence-driven manner.
SEC. 6305. DONATION OF SCREENING EQUIPMENT TO PROTECT THE UNITED STATES.

(a) In General.—The Administrator of the Transportation Security Administration is authorized to donate security screening equipment to a foreign last point of departure airport operator if such equipment can be reasonably expected to mitigate a specific vulnerability to the security of the United States or United States citizens.

(b) Report.—Not later than 30 days before any donation of security screening equipment pursuant to subsection (a), the Administrator of the Transportation Security Administration shall provide to the Committee on Homeland Security and Governmental Affairs and the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Homeland Security of the House of Representatives a detailed written explanation of the following:

(1) The specific vulnerability to the United States or United States citizens that will be mitigated by such donation.

(2) An explanation as to why the recipient of such donation is unable or unwilling to purchase security screening equipment to mitigate such vulnerability.

(3) An evacuation plan for sensitive technologies in case of emergency or instability in the country to which such donation is being made.
(4) How the Administrator will ensure the security screening equipment that is being donated is used and maintained over the course of its life by the recipient.

(5) The total dollar value of such donation.

SEC. 6306. NATIONAL CARGO SECURITY PROGRAM.

(a) In general.—The Administrator of the Transportation Security Administration may evaluate foreign countries’ air cargo security programs to determine whether such programs provide a level of security commensurate with the level of security required by United States air cargo security programs.

(b) Approval and Recognition.—

(1) In general.—If the Administrator of the Transportation Security Administration determines that a foreign country’s air cargo security program evaluated under subsection (a) provides a level of security commensurate with the level of security required by United States air cargo security programs, the Administrator shall approve and officially recognize such foreign country’s air cargo security program.

(2) Effect of Approval and Recognition.—If the Administrator of the Transportation Security Administration approves and officially recognizes
pursuant to paragraph (1) a foreign country’s air
cargo security program, cargo aircraft of such foreign
country shall not be required to adhere to United
States air cargo security programs that would other-
wise be applicable.

(c) REVOCATION AND SUSPENSION.—

(1) IN GENERAL.—If the Administrator of the
Transportation Security Administration determines
at any time that a foreign country’s air cargo secu-
rit y program approved and officially recognized
under subsection (b) no longer provides a level of se-
curity commensurate with the level of security re-
quired by United States air cargo security programs,
the Administrator may revoke or temporarily suspend
such approval and official recognition until such time
as the Administrator determines that such foreign
country’s cargo security programs provide a level of
security commensurate with the level of security re-
quired by such United States air cargo security pro-
grams.

(2) NOTIFICATION.—If the Administrator of the
Transportation Security Administration revokes or
suspects pursuant to paragraph (1) a foreign coun-
try’s air cargo security program, the Administrator
shall notify the Committee on Homeland Security of
the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate not later than 30 days after such revocation or suspension.

Subtitle D—Miscellaneous

SEC. 6401. INTERNATIONAL TRAINING AND CAPACITY DEVELOPMENT.

(a) In General.—In accordance with section 114 of title 49, United States Code, the Administrator of the Transportation Security Administration shall establish an international training and capacity development program to train the appropriate authorities of foreign governments in air transportation security.

(b) Contents of Training.—If the Administrator determines that a foreign government would benefit from training and capacity development assistance, the Administrator may provide to the appropriate authorities of that foreign government technical assistance and training programs to strengthen aviation security in managerial, operational, and technical areas, including—

(1) active shooter scenarios;
(2) incident response;
(3) use of canines;
(4) mitigation of insider threats;
(5) perimeter security;
(6) operation and maintenance of security
screening technology; and

(7) recurrent related training and exercises.

SEC. 6402. CHECKPOINTS OF THE FUTURE.

(a) IN GENERAL.—The Administrator of the Trans-
portation Security Administration, in accordance with
chapter 449 of title 49, United States Code, shall request
the Aviation Security Advisory Committee to develop rec-
ommendations for more efficient and effective passenger
screening processes.

(b) CONSIDERATIONS.—In making recommendations
to improve existing passenger screening processes, the Avia-
tion Security Advisory Committee shall consider—

(1) the configuration of a checkpoint;

(2) technology innovation;

(3) ways to address any vulnerabilities identified
in audits of checkpoint operations;

(4) ways to prevent security breaches at airports
where Federal security screening is provided;

(5) best practices in aviation security;

(6) recommendations from airport and aircraft
operators, and any relevant advisory committees; and

(7) “curb to curb” processes and procedures.

(c) REPORT.—Not later than 1 year after the date of
enactment of this Act, the Administrator shall submit to
the appropriate committees of Congress a report on the re-
sults of the Aviation Security Advisory Committee review,
including any recommendations for improving screening
processes.

TITLE VII—AIRPORT AND AIR-
WAY TRUST FUND PROVI-
SIONS AND RELATED TAXES

SEC. 7101. EXPENDITURE AUTHORITY FROM AIRPORT AND
AIRWAY TRUST FUND.

(a) In general.—Section 9502(d)(1) of the Internal
Revenue Code of 1986 is amended—

(1) in the matter preceding subparagraph (A),
by striking “July 16, 2016” and inserting “October 1, 2017”; and

(2) in subparagraph (A), by striking the semi-
colon at the end and inserting “or the Federal Avia-
tion Administration Reauthorization Act of 2016;”.

(b) Conforming amendment.—Section 9502(e)(2) of
such Code is amended by striking “July 16, 2016” and in-
serting “October 1, 2017”.

SEC. 7102. EXTENSION OF TAXES FUNDING AIRPORT AND
AIRWAY TRUST FUND.

(a) Fuel taxes.—Section 4081(d)(2)(B) of the Internal
Revenue Code of 1986 is amended by striking “July 15, 2016” and inserting “September 30, 2017”.

† HR 636 EAS
(b) **Ticket Taxes.**—

(1) **Persons.**—Section 4261(k)(1)(A)(ii) of such Code is amended by striking “July 15, 2016” and inserting “September 30, 2017”.

(2) **Property.**—Section 4271(d)(1)(A)(ii) of such Code is amended by striking “July 15, 2016” and inserting “September 30, 2017”.

(c) **Fractional Ownership Programs.**—

(1) **Treatment as Non-Commercial Aviation.**—Section 4083(b) of such Code is amended by striking “July 16, 2016” and inserting “October 1, 2017”.

(2) **Exemption from Ticket Taxes.**—Section 4261(j) of such Code is amended by striking “July 15, 2016” and inserting “September 30, 2017”.

Amend the title so as to read: “An Act to amend title 49, United States Code, to authorize appropriations for the Federal Aviation Administration for fiscal years 2016 through 2017, and for other purposes.”.

Attest:
