## A BILL

To establish the 50th Anniversary Apollo I Memorial.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Apollo I Memorial  
5 Act”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

1           (1) On January 27, 1967, NASA Astronauts  
2           Command Pilot Virgil I. “Gus” Grissom, Senior  
3           Pilot Edward H. White II, and Pilot Roger B.  
4           Chaffee were killed in an electrical fire that broke  
5           out inside the Apollo I Command Module on Launch  
6           Pad 34 at the Kennedy Space Center in Cape Ca-  
7           naveral, Florida.

8           (2) Command Pilot Virgil Grissom was selected  
9           by NASA in 1959 as one of the original seven Mer-  
10          cury astronauts. He piloted the Liberty Bell 7 space-  
11          craft on July 21, 1963, on the second and final Mer-  
12          cury suborbital test flight, served as command pilot  
13          on the first manned Gemini flight on March 23,  
14          1965, and was named as Command Pilot of the first  
15          Apollo flight. He began his career in the United  
16          States Army Air Corps and was a Lieutenant Colo-  
17          nel in the United States Air Force at the time of the  
18          accident, and he is buried at Arlington National  
19          Cemetery.

20          (3) Senior Pilot Edward H. White II was se-  
21          lected by NASA as a member of the second astro-  
22          naut team in 1962. He piloted the Gemini-4 mission,  
23          a 4-day mission that took place in June 1965, dur-  
24          ing which he conducted the first extravehicular activ-  
25          ity in the United States human spaceflight program.

1 He was named as Command Module Pilot for the  
2 first Apollo flight. He began his career as a cadet  
3 in United States Military Academy at West Point  
4 and was a Lieutenant Colonel in the United States  
5 Air Force at the time of the accident.

6 (4) Pilot Roger B. Chaffee was selected by  
7 NASA as part of the third group of astronauts in  
8 1963. He was named as the Lunar Module Pilot for  
9 the first Apollo flight. He began his career as a  
10 ROTC cadet before commissioning as an ensign in  
11 the United States Navy, he was a Lieutenant Com-  
12 mander in the United States Navy at the time of the  
13 accident, and he is buried at Arlington National  
14 Cemetery.

15 (5) All 3 astronauts were posthumously award-  
16 ed the Congressional Space Medal of Honor.

17 (6) As Arlington National Cemetery is where  
18 we recognize heroes who have passed in the service  
19 of our Nation, it is fitting on the 50th anniversary  
20 of the Apollo I accident that we acknowledge those  
21 astronauts by building a memorial in their honor.
