

115TH CONGRESS
1ST SESSION

H. RES. 320

Expressing support for the designation of May 2017 as “Mental Health Month”.

IN THE HOUSE OF REPRESENTATIVES

MAY 11, 2017

Mr. MURPHY of Pennsylvania (for himself, Mr. KILMER, Mr. O’HALLERAN, Mr. MEEKS, Ms. KAPTUR, Mr. LARSEN of Washington, Mr. PETERS, Mr. SEAN PATRICK MALONEY of New York, Mr. BLUMENAUER, Mr. LOEBSACK, Mrs. COMSTOCK, Mrs. MIMI WALTERS of California, Mr. MEEHAN, Mr. JOYCE of Ohio, Ms. NORTON, Mr. BUTTERFIELD, Ms. CLARKE of New York, and Ms. DELBENE) submitted the following resolution; which was referred to the Committee on Energy and Commerce

RESOLUTION

Expressing support for the designation of May 2017 as
“Mental Health Month”.

Whereas the mental health and well-being of people in the United States is a vital issue that affects not only quality of life, but also the health of communities, families, and economic stability;

Whereas individuals with mental illness and behavioral health disorders can and do recover utilizing treatment regimens, including psychosocial therapies, peer support, and clinical help, as well as other behavioral, psychiatric, psychological, faith-based and pastoral care, and medical services;

Whereas parents, families, and caregivers are allies in recovery and serve as critical members of the care delivery team;

Whereas advances in brain and behavioral research show significant promise for continued improvements in effective treatments of mental illness;

Whereas 43,421,000 adults in the United States experience mental illness;

Whereas approximately 1 in 5 children and adolescents has a diagnosable mental disorder at any one point in time, and 50 percent of all mental disorders begin by age 14 and 75 percent by age 24;

Whereas 9,765,000 adults in the United States experience conditions such as schizophrenia, bipolar disorder, and major depression;

Whereas 3,403,000 adults in the United States with a diagnosis of serious mental illness do not receive treatment;

Whereas post-traumatic stress disorder (PTSD) impacts 14 to 24 percent of service members and veterans of the wars in Afghanistan and Iraq;

Whereas roughly 20 to 50 percent of all prison and jail inmates are diagnosed with a mental illness and United States prisons are home to 10 times more people with mental illness than psychiatric hospitals;

Whereas mental illness is the leading cause of disability in the Nation;

Whereas untreated mental illness is a leading cause of absenteeism and lost earnings and productivity in the workplace and costs the United States economy over \$193,000,000,000 per year in lost earnings;

Whereas suicide is the second leading cause of death among individuals between the ages of 25 and 34;

Whereas 1 in 4 Latino adolescents girls report contemplating suicide, a rate higher than any other demographic;

Whereas Native Americans currently rank as the top ethnicity for suicide rates among young people nationwide;

Whereas studies report that people with serious mental illness die, on average, 25 years earlier than the general population;

Whereas those with mental illness are 11 times more likely to be the victims of crime and abuse;

Whereas lack of awareness of one's mental illness, known as anosognosia, affects approximately 50 percent of individuals with schizophrenia and 40 percent of individuals with bipolar disorder making it more challenging to receive care;

Whereas the delay between a first episode of psychosis and onset of treatment is an average of 70 weeks;

Whereas stigma associated with mental illness continues to persist;

Whereas recovery-oriented interventions such as supported employment, supported housing, and supported education have been shown to improve outcomes;

Whereas the faith community provides a vital link in ministering and serving individuals and families in need of mental health services;

Whereas individuals engaged in peer recovery support services utilize crisis and emergency services less; and

Whereas it would be appropriate to observe May 2017 as "Mental Health Month": Now, therefore, be it

1 *Resolved*, That the House of Representatives—

2 (1) supports the designation of “Mental Health
3 Month” to remove the stigma associated with mental
4 illness and place emphasis on scientific findings re-
5 garding mental health recovery;

6 (2) recognizes mental well-being is equally as
7 important as physical well-being for citizens, commu-
8 nities, businesses, and the economy in the United
9 States;

10 (3) applauds the coalescing of national, commu-
11 nity, medical, and faith-based organizations in work-
12 ing to promote public awareness of mental health
13 and providing critical information and support to the
14 people and families affected by mental illness;

15 (4) supports the finding of the President’s
16 Commission on Mental Health that the Nation’s fail-
17 ure to prioritize mental health is a national tragedy;
18 and

19 (5) encourages all to draw on “Mental Health
20 Month” as an opportunity to promote mental well-
21 being and awareness, ensure access to appropriate
22 services, and support overall quality of life for those
23 living with mental illness.
