(a) IN GENERAL.—Not later than 180 days after the date of the enactment of this Act, the Secretary of Defense shall develop a climate vulnerability and risk assessment tool to assist the military departments in measuring how the risks associated with climate change impact networks, systems, installations, facilities, and other assets, as well as the operational plans and capabilities of the Department of Defense.

SEC. 323. PROVISION OF UNCONTAMINATED WATER FOR AGRICULTURAL USE ON LAND CONTAMINATED BY PFOS AND PFOA USED ON MILITARY INSTALLATIONS.

(a) FINDINGS.—Congress makes the following findings:

(1) Perfluorooctanesulfonic acid (in this section referred to as "PFOS") and perfluorooctanoic acid (in this section referred to as "PFOA") are part of a class of man-made chemicals that have been used in a variety of industrial and consumer products to make the products resist heat, stains, water, and grease. Because PFOS and PFOA extinguish petroleum fires quickly, the Department of Defense and commercial airports began using aqueous film forming foam containing PFOS and PFOA in the 1970s.

(2) PFOS and PFOA can accumulate and stay in the body for long periods of time. Exposure to PFOS and PFOA may cause health problems, including issues with the reproductive system, liver and kidney damage, developmental issues in children, and negatively impacted immune system, and cancer.

(3) A common method of human exposure to PFOS and PFOA is by consuming contaminated drinking water.

(4) The Environmental Protection Agency issued lifetime health advisories under the Safe Drinking Water Act for individual or combined PFOS and PFOA concentrations at 70 parts per trillion in 2016, but has not yet issued any guidance or regulation for groundwater or agricultural water.

(5) The Department of Defense has provided mitigations in many communities where drinking water has tested at or above the lifetime health advisory level, including bottled water and drinking water filtration systems. Due to the lack of regulatory guidance, these mitigations have not been mirrored in agricultural water systems.

(6) As a result, farmers located adjacent to military installations with PFOS and PFOA contamination that has migrated off-installation are potentially

impacted, and in at least one case, such contamination has had a serious impact on the livelihood of a dairy farmer.

(b) AUTHORITY TO PROVIDE UNCONTAMINATED WATER FOR AGRICULTURAL PURPOSES.—

(1) IN GENERAL.—If an area has been identified under paragraph (2), and a military installation has been determined to be the source of that contamination, the Secretary of Defense or the Secretary concerned may provide, for the purpose of producing agricultural products destined for human consumption—

(A) water sources uncontaminated with perfluoroalkyl and polyfluoroalkyl substances, including PFOA and PFOS, or

(B) treatment of contaminated waters.

(2) IDENTIFICATION OF AREAS.—An area identified under this paragraph is an area for which the level of PFOA or PFOS contamination—

(A) is above the lifetime health advisory for contamination for such compounds as issued by the Environmental Protection Agency and printed in the Federal Register on May 25, 2016;

(B) is at or above a regulatory standard set by the Food and Drug Administration for PFOA

and PFOS in raw agricultural commodities and milk; or

(C) is at or above a duly promulgated, nondiscriminatory standard promulgated by a State regulatory entity for PFOA and PFOS in raw agricultural commodities and milk.

(3) SOURCE OF FUNDS.—Amounts used to carry out this section shall be derived—

(A) in the case of amounts made available by the Secretary concerned, from amounts authorized to be appropriated for Operation and Maintenance for the military department concerned; or

(B) in the case of amounts made available by the Secretary of Defense, from amounts authorized to be appropriated for Operation and Maintenance, Defense-wide.

(c) SENSE OF CONGRESS REGARDING LAND ACQUISITION.—It is the sense of Congress that the Secretary concerned should explore authorities under which the Secretary could acquire land the land adjacent to military installations where the owners of the land have experienced impacts to their livelihood due to PFOS and PFOA contamination that has been verified to have been caused by that installa-

tion, including the authorities under sections 2663, 2864a, and 2869 of title 10, United States Code.

Subtitle D—Matters Relating to Russia

SEC. 1231. PROHIBITION ON THE USE OF FUNDS TO SUSPEND, TERMINATE, OR WITHDRAW THE UNITED STATES FROM THE OPEN SKIES TREATY.

(a) FINDINGS.—Congress finds the following:

(1) Since 1992, the United States has supported the Open Skies Treaty with dedicated aircraft and ob-

servation mission teams, conducting several hundred training and observation missions with other countries.

(2) This commitment by the United States has helped to confirm and refine operational procedures, to improve implementation and effectiveness of the Open Skies Treaty, and provide United States leadership and engagement opportunities that have supported broader objectives and improved European transparency.

(3) The Open Skies Treaty provides signatories with the ability to gather information through aerial imaging on military forces and activities of concern to them which contributes to greater transparency and stability in the Euro-Atlantic region, which benefits both the United States and United States allies and partners.

(4) In order to maximize United States benefits from the Open Skies Treaty, the United States needs to recapitalize and modernize its aircraft and sensors, and the ongoing work to certify the Digital Visual Imaging System and the new effort for the Open Skies Treaty Aircraft Recapitalization (OSTAR) are critical to United States leadership and involvement in the Treaty.

(5) The current 1960s-era United States aircraft used with respect to the Open Skies Treaty are ill-suited to extreme operating environments in Russia and experience regular, unplanned maintenance issues, often resulting in mission delays or cancellations.

(6) The OSTAR effort will provide a United States aircraft capability that allows the United States to fully implement the goals and objectives of the Open Skies Treaty.

(7) The United States also demonstrated in December 2018, along with United States allies of Canada, the United Kingdom, France, Germany, and Romania, that Open Skies Treaty mechanisms can be used during times of crisis.

(8) Following Russia's unprovoked attack on Ukrainian vessels near the Kerch Strait, the United States and United States allies conducted an "extraordinary" Open Skies Treaty observation mission over Ukraine to reaffirm commitment to Ukraine.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the United States should forcefully address Russian violations of its obligations under the Open Skies Treaty; and

(c) PROHIBITION.—

(2) EXCEPTION.—The prohibition in paragraph (1) shall not apply if the Secretary of Defense and the Secretary of State jointly determine and certify to the congressional defense committees, the Committee on Foreign Affairs of the House of Representatives, and the Committee on Foreign Relations of the Senate, that—

(A) Russia is in material breach of its obligations under the Open Skies Treaty and is not taking steps to return to compliance with such obligations, and all other state parties to the

Subtitle H—Baltic Reassurance Act

SEC. 1271. FINDINGS.

Congress finds the following:

(1) Russia seeks to diminish the North Atlantic Treaty Organization (NATO) and recreate its sphere of influence in Europe using coercion, intimidation, and outright aggression.

(2) Deterring Russia from such aggression is vital for transatlantic security.

(3) The illegal occupation of Crimea by Russia and its continued engagement of destabilizing and subversive activities against independent and free states is of increasing concern.

(4) Russia also continues to disregard treaties, international laws and rights to freedom of navigation, territorial integrity, and sovereign international borders.

(5) Russia's continued occupation of Georgian and Ukrainian territories and the sustained military buildup in Russia's Western Military District and Kaliningrad has threatened continental peace and stability.

(6) The Baltic countries of Estonia, Latvia, and Lithuania are particularly vulnerable to an increasingly aggressive and subversive Russia.

(7) In a declaration to celebrate 100 years of independence of Estonia, Latvia, and Lithuania issued on April 3, 2018, the Trump Administration reaffirmed United States commitments to these Baltic countries to "improve military readiness and capabilities through sustained security assistance" and "explore new ideas and opportunities, including air defense, bilaterally and in NATO, to enhance deterrence across the region".

(8) These highly valued NATO allies of the United States have repeatedly demonstrated their commitment to advancing mutual interests as well as those of the NATO alliance.

(9) The Baltic countries also continue to participate in United States-led exercises to further promote coordination, cooperation, and interoperability among allies and partner countries, and continue to demonstrate their reliability and commitment to provide for their own defense.

(10) Lithuania, Latvia, and Estonia each hosts a respected NATO Center of Excellence that provides expertise to educate and promote NATO allies and partners in areas of vital interest to the alliance.

(11) United States support and commitment to allies across Europe has been a lynchpin for peace and security on the continent for over 70 years.

SEC. 1272. SENSE OF CONGRESS.

It is the sense of Congress as follows:

(1) The United States is committed to the security of the Baltic countries and should strengthen cooperation and support capacity-building initiatives aimed at improving the defense and security of such countries.

(2) The United States should lead a multilateral effort to develop a strategy to deepen joint capabilities with Lithuania, Latvia, Estonia, NATO allies, and other regional partners, to deter against aggression from Russia in the Baltic region, specifically in areas that would strengthen interoperability, joint capabilities, and military readiness necessary for Baltic countries to strengthen their national resilience.

(3) The United States should explore the feasibility of providing additional air and missile defense systems in the Baltic region, including through leveraging cost-sharing mechanisms and multilateral deployment with NATO allies to reduce financial burdens on host countries.

"(A) the Secretary of Transportation shall submit to the Committee on Armed Services and the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Armed Services and the Committee on Transportation and Infrastructure of the House of Representatives notice that such agreement shall be not renewed effective on the 60th day of the fiscal year, unless such funds are made available before such day; and

"(B) effective on the 60th day of such fiscal year, terminate such agreement and provide notice of such termination to the owner or operator of the vessel covered by the agreement.

"(2) RELEASE OF VESSELS FROM OBLIGATIONS.—If an operating agreement for a vessel under this chapter is not renewed pursuant to paragraph (1), then the owner or operator of the vessel is released from any further obligation under the operating agreement as of the date of such termination or nonrenewal.

"(c) OBLIGATIONS OF OWNER OR OPERATOR.—

"(1) IN GENERAL.—The owner or operator of a vessel covered by an operating agreement under this chapter shall agree, as a condition of such agreement, to remain obligated to carry out the requirements described in paragraph (2) until the termination date specified in the agreement, even in the case of early termination of the agreement under section 70705(c) of this title. This subsection shall not apply in the case of an operating agreement terminated for lack of funds under section 70705(d) of this title.

"(2) REQUIREMENTS.—The requirements described in this paragraph are the following:

"(A) To continue the documentation of the vessel under chapter 121 of this title.

"(B) To be bound by the requirements of section 70708 of this title.

"(C) That all terms and conditions of an emergency preparedness agreement entered into under section 70708 of this title shall remain in effect, except that the terms of such emergency preparedness agreement may be modified by the mutual consent of the owner or operator, the Secretary and the Secretary of Defense as provided in such section.

"(d) TRANSFER OF OPERATING AGREEMENTS.—The owner or operator of a vessel covered by an operating agreement under this chapter may transfer that agreement (including all rights and obligations under the agreement) to any person that is eligible to enter into that operating agreement under this chapter, if the transfer is approved by the Secretary of Transportation and the Secretary of Defense.

"(e) REPLACEMENT OF VESSELS COVERED BY AGREEMENTS.—A owner or operator may replace a vessel covered by an operating agreement with another vessel that is eligi-

"(1) the commercial viability of the vessel;

"(2) the utility of the vessel with respect to the operating requirements of the owner or operator; and

"(3) ensuring that the commercial and military utility of any replacement vessel is not less than that of the initial vessel.

"§ 70707. Payments

"(a) ANNUAL PAYMENT.—Subject to the availability of appropriations for such purpose and the other provisions of this chapter, the Secretary shall pay to the owner or operator of a vessel covered by an operating agreement under this chapter an amount equal to $6,000,000 for each vessel covered by the agreement for each fiscal year that the vessel is covered by the agreement. Such amount shall be paid in equal monthly installments on the last day of each month. The amount payable under this subsection may not be reduced except as provided by this section.

"(b) CERTIFICATION REQUIRED FOR PAYMENT.—As a condition of receiving payment under this section for a fiscal year for a vessel, the owner or operator for the vessel

shall certify, in accordance with regulations issued by the Secretary, that the vessel has been and will be operated in accordance with section 70706 of this title for at least 320 days during the fiscal year. Days during which the vessel is drydocked, surveyed, inspected, or repaired shall be considered days of operation for purposes of this subsection.

"(c) GENERAL LIMITATIONS.—The Secretary may not make any payment under this chapter for a vessel with respect to any days for which the vessel is—

"(1) not operated or maintained in accordance with an operating agreement under this chapter; or

"(2) more than 25 years of age.

"(d) REDUCTIONS IN PAYMENTS.—With respect to payments under this chapter for a vessel covered by an operating agreement, the Secretary—

"(2) may not make such a payment for any day that the vessel is engaged in transporting more than 7,500 tons of civilian bulk preference cargoes pursuant to section 55302(a), 55305, or 55314 of this title,

section 901(a) or (b) of the Merchant Marine Act, 1936 (46 App. U.S.C. 1241(a), 1241(b), or 1241(f)), that is bulk cargo; and

"(3) shall make a pro rata reduction for each day less than 320 in a fiscal year that the vessel is not operated in accordance with section 70706 of this title.

"§ 70708. National security requirements

"(a) EMERGENCY PREPAREDNESS AGREEMENT REQUIRED.—The Secretary of Transportation, in coordination with the Secretary of Defense, shall establish an emergency preparedness program under this section under which the owner or operator of a vessel covered by an operating agreement under this chapter shall agree, as a condition of the operating agreement, to enter into an emergency preparedness agreement with the Secretaries. Each such emergency preparedness agreement shall be entered into as promptly as practicable after the owner or operator has entered into the operating agreement.

"(b) TERMS OF AGREEMENT.—The terms of an agreement under this section—

"(2) shall include such additional terms as may be established by the Secretary of Transportation and the Secretary of Defense; and

"(3) shall allow for the modification or addition of terms upon agreement by the Secretary of Transportation and the owner or operator and the approval by the Secretary of Defense.

"(c) PARTICIPATION AFTER EXPIRATION OF OPERATING AGREEMENT.—Except as provided by section 70706 of this title, the Secretary may not require, through an emergency preparedness agreement or an operating agreement, that an owner or operator of a vessel covered by an operating agreement continue to participate in an emergency preparedness agreement after the operating agreement has expired according to its terms or is otherwise no longer in effect. After the expiration of an emergency preparedness agreement, a owner or operator may voluntarily continue to participate in the agreement.

"(d) RESOURCES MADE AVAILABLE.—The commercial transportation resources to be made available under an emergency preparedness agreement shall include vessels or capacity in vessels, terminal facilities, management services, and other related services, or any agreed portion of such nonvessel resources for activation as the Secretary of Defense may determine to be necessary, seeking to minimize

"(e) COMPENSATION.—

"(1) IN GENERAL.—Each emergency preparedness agreement under this section shall provide that the Secretary of Defense shall pay fair and reasonable compensation for all commercial transportation resources provided pursuant to this section.

"(2) SPECIFIC REQUIREMENTS.—Compensation under this subsection—

"(A) shall not be less than the owner or operator's commercial market charges for like transportation resources;

"(B) shall be fair and reasonable considering all circumstances;

"(C) shall be provided from the time that a vessel or resource is required by the Secretary of Defense until the time it is redelivered to the owner or operator and is available to reenter commercial service; and

"(D) shall be in addition to and shall not in any way reflect amounts payable under section 70707 of this title.

"(f) TEMPORARY REPLACEMENT VESSELS.—Notwithstanding section 55302(a), 55304, 55305, or 55314 of this

title, section 2631 of title 10, or any other cargo preference law of the United States—

"(1) an owner or operator may operate or employ in foreign commerce a foreign-flag vessel or foreign-flag vessel capacity as a temporary replacement for a vessel of the United States or vessel of the United States capacity that is activated by the Secretary of Defense under an emergency preparedness agreement or a primary Department of Defense sealift readiness program; and

"(2) such replacement vessel or vessel capacity shall be eligible during the replacement period to transport preference cargoes subject to sections 55302(a), 55304, 55305, and 55314 of this title and section 2631 of title 10 to the same extent as the eligibility of the vessel or vessel capacity replaced.

"(g) REDELIVERY AND LIABILITY OF THE UNITED STATES FOR DAMAGES.—

"(1) IN GENERAL.—All commercial transportation resources activated under an emergency preparedness agreement shall, upon termination of the period of activation, be redelivered to the owner or operator in the same good order and condition as when received, less ordinary wear and tear, or the Sec-

retary of Defense shall fully compensate the owner or operator for any necessary repair or replacement.

"(2) LIMITATION ON UNITED STATES LIABILITY.—Except as may be expressly agreed in an emergency preparedness agreement, or as otherwise provided by law, the Government shall not be liable for disruption of an owner or operator's commercial business or other consequential damages to an owner or operator arising from the activation of commercial transportation resources under an emergency preparedness agreement.

"§ 70709. Regulatory relief

"(a) OPERATION IN FOREIGN COMMERCE.—An owner or operator for a vessel included in an operating agreement under this chapter may operate the vessel in the foreign commerce of the United States without restriction.

"(b) OTHER RESTRICTIONS.—The restrictions of section 55305(a) of this title concerning the building, rebuilding, or documentation of a vessel in a foreign country shall not apply to a vessel for any day the operator of the vessel is receiving payments for the operation of that vessel under an operating agreement under this chapter.

"(c) TELECOMMUNICATIONS EQUIPMENT.—The telecommunications and other electronic equipment on an existing vessel that is redocumented under the laws of the

United States for operation under an operating agreement under this chapter shall be deemed to satisfy all Federal Communications Commission equipment certification requirements, if—

"(1) such equipment complies with all applicable international agreements and associated guidelines as determined by the country in which the vessel was documented immediately before becoming documented under the laws of the United States;

"(2) that country has not been identified by the Secretary as inadequately enforcing international regulations as to that vessel; and

"(3) at the end of its useful life, such equipment shall be replaced with equipment that meets Federal Communications Commission equipment certification standards.

"§ 70710. Special rule regarding age of participating Fleet vessels

"Any age restriction under section 70702(b)(4) of this title shall not apply to a participating Fleet vessel during the 30-month period beginning on the date the vessel begins operating under an operating agreement under this chapter, if the Secretary of Transportation determines that the owner or operator of the vessel has entered into an arrangement to obtain and operate under the operating agreement

for the participating Fleet vessel a replacement vessel that, upon commencement of such operation, will be eligible to be included in the Fleet under section 70702(b) of this title.

"§ 70711. Regulations

"The Secretary of Transportation and the Secretary of Defense may each prescribe rules as necessary to carry out their respective responsibilities under this chapter.

"(2) meet recapitalization requirements for the Ready Reserve Force.

"(c) FAIR MARKET VALUE.—A fair market value shall be established by the Maritime Administration for acquisition of an eligible vessel under this section.

"(d) APPROPRIATIONS.—Vessel acquisitions under this section shall be subject to the availability of appropriations. Amounts made available to carry out this section shall be derived from amounts authorized to be appropriated for the National Defense Reserve Fleet. Amounts authorized to be appropriated to carry out the Maritime Security Program may not be use to carry out this section.".

(b) CLERICAL AMENDMENT.—The table of chapters for subtitle VII of title 46, United States Code, is amended by adding at the end the following:

"707. Tanker Security Fleet ..... 70701".

(c) DEADLINE FOR ACCEPTING APPLICATIONS.—
