## IN THE HOUSE OF REPRESENTATIVES

JULY 9, 2020

Ms. WILSON of Florida (for herself and Ms. ESCOBAR) introduced the following bill; which was referred to the Committee on the Judiciary, and in addition to the Committee on Foreign Affairs, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

## A BILL

To temporarily suspend certain immigration enforcement activities during disease-related emergencies.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Immigration Enforce-  
5 ment Moratorium Act”.

6 **SEC. 2. SENSE OF CONGRESS.**

7 It is the sense of Congress that—

8 (1) during the COVID–19 pandemic, many im-  
9 migration enforcement activities have needlessly en-

1       dangered public health, including the health of en-  
2       forcement officers and members of the community;

3           (2) continued arrests and apprehensions—

4               (A) prevent immigrant communities from  
5               accessing necessary services for their health and  
6               well being; and

7               (B) risk increasing the immigration deten-  
8               tion population at a time when the number of  
9               people in immigration detention must urgently  
10              be reduced;

11          (3) Department of Homeland Security medical  
12          experts estimate that between 75 and 100 percent of  
13          the people detained in many immigration detention  
14          centers across the country may contract COVID–19  
15          unless such centers are drastically depopulated;

16          (4) other in-person activities, including check-  
17          ins and removal hearings, create significant public  
18          health risks;

19          (5) the National Association of Immigration  
20          Judges, a union of U.S. Immigration and Customs  
21          Enforcement trial attorneys, and the American Im-  
22          migration Lawyers Association have all urged the  
23          Department of Justice to cease all in-person removal  
24          proceedings, citing expert guidance that continuing

1 in-person removal proceedings during the pandemic  
2 is “irresponsible”;

3 (6) deportations risk spreading COVID–19 to  
4 neighboring countries, where the virus will devastate  
5 already limited health systems and create untold  
6 harm;

7 (7) the United States has already sent individ-  
8 uals who tested positive for COVID–19 to at least  
9 8 countries;

10 (8) a consortium of United Nations migration  
11 and human rights organizations has called on all  
12 countries in the global community to halt all forced  
13 removals during the pandemic, noting that “[f]orced  
14 returns can intensify serious public health risks for  
15 everyone—migrants, public health officials, health  
16 workers, social workers, and both host and origin  
17 communities”;

18 (9) expulsions at the border—

19 (A) violate longstanding, congressionally  
20 mandated protections for asylum seekers; and

21 (B) fail to protect public health;

22 (10) the Office of the United Nations High  
23 Commissioner for Refugees has declared that—

1 (A) countries cannot enact “blanket  
2 measure[s] to preclude the admission of refu-  
3 gees or asylum-seekers”; and

4 (B) any such “measures must be non-dis-  
5 criminatory as well as necessary, proportionate  
6 and reasonable to the aim of protecting public  
7 health”;

8 (11) leading public health experts have urged  
9 United States officials to withdraw the order ena-  
10 bling mass expulsion of asylum seekers, noting bor-  
11 der expulsions fail to further public health and im-  
12 plicate serious human rights concerns;

13 (12) border crossing prosecutions have been  
14 suspended in several border districts because they  
15 are incompatible with public health;

16 (13) the Department of Homeland Security  
17 continues to refer people for prosecutions in some  
18 districts for violations of section 276 of the Immi-  
19 gration and Nationality Act (8 U.S.C. 1326); and

20 (14) people continue to be unnecessarily held in  
21 pre-trial detention facilities where COVID-19 has  
22 spread.

23 **SEC. 3. TEMPORARY SUSPENSION OF IMMIGRATION EN-**  
24 **FORCEMENT.**

23 (c) BORDER PROCESSING.—

24 (1) IN GENERAL.—Notwithstanding section 217  
25 of the Immigration and Nationality Act (8 U.S.C.

1 1187) or any other provision of law, any noncitizen  
2 applying for admission at a port of entry on or after  
3 the date on which the public health emergency went  
4 into effect who is deemed inadmissible or who is ap-

25 subsection has clear and convincing evidence, based

1 on credible and individualized information, that the  
2 noncitizen is a threat to another person or the com-  
3 munity.

4 (2) PRIOR CONVICTION.—A prior conviction or  
5 pending criminal charge against the noncitizen de-  
6 scribed in paragraph (1) may not be the sole factor  
7 to justify carrying out an otherwise prohibited immi-  
8 gration enforcement activity described in subsection  
9 (b) or granting parole pursuant to subsection (c).

10 (3) JUDICIAL REVIEW.—A noncitizen described

24 the public health emergency went into effect.

1 (f) IMMIGRATION COURT PROCEEDINGS.—During

8 proceedings;

9 (2) establish a procedure for conducting custody

9 (g) LIMITATION ON USE OF FEDERAL FUNDS FOR  
10 RELIANCE ON ULTRA-VIRES AUTHORITY.—Federal funds
