Expressing the sense of Congress that the President should do everything in his power to achieve resolution and repayment of the defaulted sovereign debt of the People’s Republic of China held by 20,000 families in the United States represented by the American Bondholders Foundation, LLC.

IN THE HOUSE OF REPRESENTATIVES

FEBRUARY 18, 2021

Mr. GREEN of Tennessee submitted the following concurrent resolution; which was referred to the Committee on Financial Services, and in addition to the Committee on Foreign Affairs, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

CONCURRENT RESOLUTION

Expressing the sense of Congress that the President should do everything in his power to achieve resolution and repayment of the defaulted sovereign debt of the People’s Republic of China held by 20,000 families in the United States represented by the American Bondholders Foundation, LLC.

Whereas sovereign debt obligations (in this preamble referred to as “bonds”) of the Government of the People’s Republic of China were offered and sold in United States capital markets;
Whereas the bonds constitute full faith and credit sovereign obligations of the internationally recognized Government of the People’s Republic of China;

Whereas the People’s Republic of China subsequently defaulted on those bonds;

Whereas the bonds constitute an unpaid general obligation of the Government of the People’s Republic of China;

Whereas, under the successor government doctrine of settled international law (relating to establishing the continuity of obligations among successor governments), the repayment obligation for the bonds is the obligation of the Government of the People’s Republic of China;

Whereas the Government of the People’s Republic of China continues to refuse to repay the bonds held by United States citizens and has officially repudiated the debts, which is a clear violation of United States law, international law, and the rules and regulations of the World Bank and the International Monetary Fund;

Whereas the Government of the People’s Republic of China honored repayment of the exact same bonds held by citizens of the United Kingdom while rejecting the claims of citizens of the United States;

Whereas, since the normalization of bilateral relations between the United States and the People’s Republic of China in the 1970s, the United States has shown good will to the People’s Republic of China by focusing on an expansion of bilateral trade while deferring discussion of repayment of the People’s Republic of China’s defaulted national debt;

Whereas, under standard legal principles, the People’s Republic of China’s defaulted sovereign gold debt has been
accumulating compound interest for more than 82 years
and is estimated to exceed the total amount of the United
States national debt to the People’s Republic of China;

Whereas, as representative of United States bondholders who
own the People’s Republic of China’s defaulted sovereign
gold bonds, American Bondholders Foundation, LLC, has
proposed using the People’s Republic of China’s obliga-
tions as payment for the United States national debt to
the People’s Republic of China;

Whereas the Government of the People’s Republic of China
covered up the outbreak of the coronavirus disease 2019
(commonly referred to as “COVID–19”) during its early
stages, resulting in a global pandemic and more than
$2,000,000,000,000 in financial damage to the United
States; and

Whereas the United States Government pays its debts, and
so should the Government of the People’s Republic of
China: Now, therefore, be it

1 Resolved by the House of Representatives (the Senate
2 concurring), That it is the sense of Congress that the
3 President should do everything in his power to achieve res-
4 olution and repayment of the defaulted sovereign debt of
5 the People’s Republic of China held by 20,000 families
6 in the United States who are represented by the American
7 Bondholders Foundation, LLC, for the benefit of the
8 bondholders and the people of the United States.
