SEC. 365. STOP MILITARIZING LAW ENFORCEMENT ACT.

(a) FINDINGS.—Congress makes the following find-
ings:
1. (1) Under section 2576a of title 10, United States Code, the Department of Defense is authorized to provide excess property to local law enforcement agencies. The Defense Logistics Agency, administers such section by operating the Law Enforcement Support Office program.

2. (2) New and used material, including mine-resistant ambush-protected vehicles and weapons determined by the Department of Defense to be “military grade” are transferred to Federal, Tribal, State, and local law enforcement agencies through the program.

3. (3) As a result local law enforcement agencies, including police and sheriff’s departments, are acquiring this material for use in their normal operations.

4. (4) As a result of the wars in Iraq and Afghanistan, military equipment purchased for, and used in, those wars has become excess property and has been made available for transfer to local and Federal law enforcement agencies.

5. (5) In Fiscal Year 2017, $504,000,000 worth of property was transferred to law enforcement agencies.
(6) More than $6,800,000,000 worth of weapons and equipment have been transferred to police organizations in all 50 States and four territories through the program.

(7) In May 2012, the Defense Logistics Agency instituted a moratorium on weapons transfers through the program after reports of missing equipment and inappropriate weapons transfers.

(8) Though the moratorium was widely publicized, it was lifted in October 2013 without adequate safeguards.

(9) On January 16, 2015, President Barack Obama issued Executive Order 13688 to better coordinate and regulate the federal transfer of military weapons and equipment to State, local, and Tribal law enforcement agencies.

(10) In July, 2017, the Government Accountability Office reported that the program’s internal controls were inadequate to prevent fraudulent applicants’ access to the program.

(12) As a result, Federal, State, and local law enforcement departments across the country are eligible again to acquire free “military-grade” weapons and equipment that could be used inappropriately during policing efforts in which people and taxpayers could be harmed.

(13) The Department of Defense categorizes equipment eligible for transfer under the 1033 program as “controlled” and “un-controlled” equipment. “Controlled equipment” includes weapons, explosives such as flash-bang grenades, mine-resistant ambush-protected vehicles, long-range acoustic devices, aircraft capable of being modified to carry armament that are combat coded, and silencers, among other military grade items.

to do so.

(2) Allowable Deactivation.—The body
camera shall not be deactivated until the stop has
fully concluded and the Federal law enforcement of-

Federal law enforcement officer who is wearing a body
camera shall notify any subject of the recording that he
or she is being recorded by a body camera as close to the
inception of the stop as is reasonably possible.

(t) Use of Force Investigations.—In the case that a Federal law enforcement officer equipped with a body camera is involved in, a witness to, or within viewable sight range of either the use of force by another law enforcement officer that results in a death, the use of force by another law enforcement officer, during which the dis-
charge of a firearm results in an injury, or the conduct of another law enforcement officer that becomes the subject of a criminal investigation—

(1) the law enforcement agency that employs the law enforcement officer, or the agency or department conducting the related criminal investigation, as appropriate, shall promptly take possession of the body camera, and shall maintain such camera, and any data on such camera, in accordance with the applicable rules governing the preservation of evidence;
