

117TH CONGRESS  
1ST SESSION

# S. 1428

To prohibit brand name drug companies from compensating generic drug companies to delay the entry of a generic drug into the market, and to prohibit biological product manufacturers from compensating biosimilar and interchangeable companies to delay the entry of biosimilar biological products and interchangeable biological products.

---

## IN THE SENATE OF THE UNITED STATES

APRIL 28, 2021

Ms. KLOBUCHAR (for herself, Mr. GRASSLEY, Mr. DURBIN, Ms. ERNST, Mr. LEAHY, Ms. COLLINS, Mr. VAN HOLLEN, and Mr. CRAMER) introduced the following bill; which was read twice and referred to the Committee on the Judiciary

---

## A BILL

To prohibit brand name drug companies from compensating generic drug companies to delay the entry of a generic drug into the market, and to prohibit biological product manufacturers from compensating biosimilar and interchangeable companies to delay the entry of biosimilar biological products and interchangeable biological products.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

1 **SECTION 1. SHORT TITLE.**

2 This Act may be cited as the “Preserve Access to Af-  
3 fordable Generics and Biosimilars Act”.

4 **SEC. 2. CONGRESSIONAL FINDINGS AND DECLARATION OF**  
5 **PURPOSES.**

6 (a) FINDINGS.—Congress finds the following:

7 (1) In 1984, the Drug Price Competition and  
8 Patent Term Restoration Act (Public Law 98–417)  
9 (referred to in this Act as the “1984 Act”), was en-  
10 acted with the intent of facilitating the early entry  
11 of generic drugs while preserving incentives for inno-  
12 vation.

13 (2) Prescription drugs make up approximately  
14 10 percent of the national health care spending.

15 (3) Initially, the 1984 Act was successful in fa-  
16 cilitating generic competition to the benefit of con-  
17 sumers and health care payers, although 88 percent  
18 of all prescriptions dispensed in the United States  
19 are generic drugs, they account for only 28 percent  
20 of all expenditures.

21 (4) Generic drugs cost substantially less than  
22 brand name drugs, with discounts off the brand  
23 price averaging 80 to 85 percent.

24 (5) Federal dollars currently account for over  
25 40 percent of the \$325,000,000,000 spent on retail

1 prescription drugs, and this share is expected to rise  
2 to 47 percent by 2025.

3 (6)(A) In recent years, the intent of the 1984  
4 Act has been subverted by certain settlement agree-  
5 ments in which brand name companies transfer  
6 value to their potential generic competitors to settle  
7 claims that the generic company is infringing the  
8 branded company's patents.

9 (B) These "reverse payment" settlement agree-  
10 ments—

11 (i) allow a branded company to share its  
12 monopoly profits with the generic company as a  
13 way to protect the branded company's monop-  
14 oly; and

15 (ii) have unduly delayed the marketing of  
16 low-cost generic drugs contrary to free competi-  
17 tion, the interests of consumers, and the prin-  
18 ciples underlying antitrust law.

19 (C) Because of the price disparity between  
20 brand name and generic drugs, such agreements are  
21 more profitable for both the brand and generic man-  
22 ufacturers than competition and will become increas-  
23 ingly common unless prohibited.

1           (D) These agreements result in consumers los-  
2           ing the benefits that the 1984 Act was intended to  
3           provide.

4           (7) In 2010, the Biologics Price Competition  
5           and Innovation Act (Public Law 111–148) (referred  
6           to in this Act as the “BPCIA”), was enacted with  
7           the intent of facilitating the early entry of biosimilar  
8           and interchangeable follow-on versions of branded  
9           biological products while preserving incentives for in-  
10          novation.

11          (8) Biological drugs play an important role in  
12          treating many serious illnesses, from cancers to ge-  
13          netic disorders. They are also expensive, rep-  
14          resenting more than 40 percent of all prescription  
15          drug spending.

16          (9) Competition from biosimilar and inter-  
17          changeable biological products promises to lower  
18          drug costs and increase patient access to biological  
19          medicines. But “reverse payment” settlement agree-  
20          ments also threaten to delay the entry of biosimilar  
21          and interchangeable biological products, which would  
22          undermine the goals of BPCIA.

23          (b) PURPOSES.—The purposes of this Act are—

24                 (1) to enhance competition in the pharma-  
25                 ceutical market by stopping anticompetitive agree-

1           “(i) an ANDA filer or a biosimilar bi-  
2           logical product application filer receives  
3           anything of value, including an exclusive li-  
4           cense; and

5           “(ii) the ANDA filer or biosimilar bio-  
6           logical product application filer agrees to  
7           limit or forego research, development,  
8           manufacturing, marketing, or sales of the  
9           ANDA product or biosimilar biological  
10          product, as applicable, for any period of  
11          time.

12          “(B) EXCEPTION.—Subparagraph (A)  
13          shall not apply if the parties to such agreement  
14          demonstrate by clear and convincing evidence  
15          that—

16                 “(i) the value described in subpara-  
17                 graph (A)(i) is compensation solely for  
18                 other goods or services that the ANDA  
19                 filer or biosimilar biological product appli-  
20                 cation filer has promised to provide; or

21                 “(ii) the procompetitive benefits of the  
22                 agreement outweigh the anticompetitive ef-  
23                 fects of the agreement.

1       “(b) LIMITATIONS.—In determining whether the set-  
2 tling parties have met their burden under subsection  
3 (a)(2)(B), the fact finder shall not presume—

4           “(1) that entry would not have occurred until  
5 the expiration of the relevant patent or statutory ex-  
6 clusivity; or

7           “(2) that the agreement’s provision for entry of  
8 the ANDA product or biosimilar biological product  
9 prior to the expiration of the relevant patent or stat-  
10 utory exclusivity means that the agreement is pro-  
11 competitive.

12       “(c) EXCLUSIONS.—Nothing in this section shall pro-  
13 hibit a resolution or settlement of a patent infringement  
14 claim in which the consideration granted by the NDA  
15 holder or biological product license holder to the ANDA  
16 filer or biosimilar biological product application filer, re-  
17 spectively, as part of the resolution or settlement includes  
18 only one or more of the following:

19           “(1) The right to market the ANDA product or  
20 biosimilar biological product in the United States  
21 prior to the expiration of—

22           “(A) any patent that is the basis for the  
23 patent infringement claim; or

24           “(B) any patent right or other statutory  
25 exclusivity that would prevent the marketing of

1           such ANDA product or biosimilar biological  
2           product.

3           “(2) A payment for reasonable litigation ex-  
4           penses not to exceed \$7,500,000.

5           “(3) A covenant not to sue on any claim that  
6           the ANDA product or biosimilar biological product  
7           infringes a United States patent.

8           “(d) ENFORCEMENT.—

9           “(1) ENFORCEMENT.—A violation of this sec-  
10          tion shall be treated as a violation of section 5.

11          “(2) JUDICIAL REVIEW.—

12                 “(A) IN GENERAL.—Any party that is sub-  
13                 ject to a final order of the Commission, issued  
14                 in an administrative adjudicative proceeding  
15                 under the authority of subsection (a)(1), may,  
16                 within 30 days of the issuance of such order,  
17                 petition for review of such order in—

18                         “(i) the United States Court of Ap-  
19                         peals for the District of Columbia Circuit;

20                         “(ii) the United States Court of Ap-  
21                         peals for the circuit in which the ultimate  
22                         parent entity, as defined in section  
23                         801.1(a)(3) of title 16, Code of Federal  
24                         Regulations, or any successor thereto, of  
25                         the NDA holder or biological product li-

1           cense holder is incorporated as of the date  
2           that the NDA or biological product license  
3           application, as applicable, is filed with the  
4           Commissioner of Food and Drugs; or

5           “(iii) the United States Court of Ap-  
6           peals for the circuit in which the ultimate  
7           parent entity of the ANDA filer or bio-  
8           similar biological product application filer  
9           is incorporated as of the date that the  
10          ANDA or biosimilar biological product ap-  
11          plication is filed with the Commissioner of  
12          Food and Drugs.

13          “(B) TREATMENT OF FINDINGS.—In a  
14          proceeding for judicial review of a final order of  
15          the Commission, the findings of the Commis-  
16          sion as to the facts, if supported by evidence,  
17          shall be conclusive.

18          “(e) ANTITRUST LAWS.—Nothing in this section  
19          shall modify, impair, limit, or supersede the applicability  
20          of the antitrust laws as defined in subsection (a) of the  
21          first section of the Clayton Act (15 U.S.C. 12(a)), and  
22          of section 5 of this Act to the extent that section 5 applies  
23          to unfair methods of competition. Nothing in this section  
24          shall modify, impair, limit, or supersede the right of an  
25          ANDA filer or biosimilar biological product application

1 filer to assert claims or counterclaims against any person,  
2 under the antitrust laws or other laws relating to unfair  
3 competition.

4 “(f) PENALTIES.—

5 “(1) FORFEITURE.—Each party that violates or  
6 assists in the violation of this section shall forfeit  
7 and pay to the United States a civil penalty suffi-  
8 cient to deter violations of this section, but in no  
9 event greater than 3 times the value received by the  
10 party that is reasonably attributable to the violation  
11 of this section. If no such value has been received by  
12 the NDA holder or biological product license holder,  
13 the penalty to the NDA holder or biological product  
14 license holder shall be sufficient to deter violations,  
15 but in no event greater than 3 times the value given  
16 to the ANDA filer or biosimilar biological product  
17 application filer reasonably attributable to the viola-  
18 tion of this section. Such penalty shall accrue to the  
19 United States and may be recovered in a civil action  
20 brought by the Commission, in its own name by any  
21 of its attorneys designated by it for such purpose, in  
22 a district court of the United States against any  
23 party that violates this section. In such actions, the  
24 United States district courts are empowered to grant

1 mandatory injunctions and such other and further  
2 equitable relief as they deem appropriate.

3 “(2) CEASE AND DESIST.—

4 “(A) IN GENERAL.—If the Commission has  
5 issued a cease and desist order with respect to  
6 a party in an administrative adjudicative pro-  
7 ceeding under the authority of subsection  
8 (a)(1), an action brought pursuant to para-  
9 graph (1) may be commenced against such  
10 party at any time before the expiration of 1  
11 year after such order becomes final pursuant to  
12 section 5(g).

13 “(B) EXCEPTION.—In an action under  
14 subparagraph (A), the findings of the Commis-  
15 sion as to the material facts in the administra-  
16 tive adjudicative proceeding with respect to the  
17 violation of this section by a party shall be con-  
18 clusive unless—

19 “(i) the terms of such cease and de-  
20 sist order expressly provide that the Com-  
21 mission’s findings shall not be conclusive;  
22 or

23 “(ii) the order became final by reason  
24 of section 5(g)(1), in which case such find-

1           ing shall be conclusive if supported by evi-  
2           dence.

3           “(3) CIVIL PENALTY.—In determining the  
4           amount of the civil penalty described in this section,  
5           the court shall take into account—

6                   “(A) the nature, circumstances, extent,  
7                   and gravity of the violation;

8                   “(B) with respect to the violator, the de-  
9                   gree of culpability, any history of violations, the  
10                  ability to pay, any effect on the ability to con-  
11                  tinue doing business, profits earned by the  
12                  NDA holder or biological product license holder,  
13                  compensation received by the ANDA filer or  
14                  biosimilar biological product application filer,  
15                  and the amount of commerce affected; and

16                  “(C) other matters that justice requires.

17           “(4) REMEDIES IN ADDITION.—Remedies pro-  
18           vided in this subsection are in addition to, and not  
19           in lieu of, any other remedy provided by Federal  
20           law. Nothing in this paragraph shall be construed to  
21           affect any authority of the Commission under any  
22           other provision of law.

23           “(g) DEFINITIONS.—In this section:

24                   “(1) AGREEMENT.—The term ‘agreement’  
25                   means anything that would constitute an agreement

1 under section 1 of the Sherman Act (15 U.S.C. 1)  
2 or section 5 of this Act.

3 “(2) AGREEMENT RESOLVING OR SETTling A  
4 PATENT INFRINGEMENT CLAIM.—The term ‘agree-  
5 ment resolving or settling a patent infringement  
6 claim’ includes any agreement that is entered into  
7 within 30 days of the resolution or the settlement of  
8 the claim, or any other agreement that is contingent  
9 upon, provides a contingent condition for, or is oth-  
10 erwise related to the resolution or settlement of the  
11 claim.

12 “(3) ANDA.—The term ‘ANDA’ means an ab-  
13 breviated new drug application filed under section  
14 505(j) of the Federal Food, Drug, and Cosmetic Act  
15 (21 U.S.C. 355(j)) or a new drug application filed  
16 under section 505(b)(2) of the Federal Food, Drug,  
17 and Cosmetic Act (21 U.S.C. 355(b)(2)).

18 “(4) ANDA FILER.—The term ‘ANDA filer’  
19 means a party that owns or controls an ANDA filed  
20 with the Food and Drug Administration or has the  
21 exclusive rights under such ANDA to distribute the  
22 ANDA product.

23 “(5) ANDA PRODUCT.—The term ‘ANDA  
24 product’ means the product to be manufactured

1 under the ANDA that is the subject of the patent  
2 infringement claim.

3 “(6) BIOLOGICAL PRODUCT.—The term ‘bio-  
4 logical product’ has the meaning given such term in  
5 section 351(i)(1) of the Public Health Service Act  
6 (42 U.S.C. 262(i)(1)).

7 “(7) BIOLOGICAL PRODUCT LICENSE APPLICA-  
8 TION.—The term ‘biological product license applica-  
9 tion’ means an application under section 351(a) of  
10 the Public Health Service Act (42 U.S.C. 262(a)).

11 “(8) BIOLOGICAL PRODUCT LICENSE HOLD-  
12 ER.—The term ‘biological product license holder’  
13 means—

14 “(A) the holder of an approved biological  
15 product license application for a biological prod-  
16 uct;

17 “(B) a person owning or controlling en-  
18 forcement of any patents that claim the biologi-  
19 cal product that is the subject of such approved  
20 application; or

21 “(C) the predecessors, subsidiaries, divi-  
22 sions, groups, and affiliates controlled by, con-  
23 trolling, or under common control with any of  
24 the entities described in subparagraphs (A) and  
25 (B) (such control to be presumed by direct or

1 indirect share ownership of 50 percent or great-  
2 er), as well as the licensees, licensors, succes-  
3 sors, and assigns of each of the entities.

4 “(9) BIOSIMILAR BIOLOGICAL PRODUCT.—The  
5 term ‘biosimilar biological product’ means the prod-  
6 uct to be manufactured under the biosimilar biologi-  
7 cal product application that is the subject of the pat-  
8 ent infringement claim.

9 “(10) BIOSIMILAR BIOLOGICAL PRODUCT APPLI-  
10 CATION.—The term ‘biosimilar biological product ap-  
11 plication’ means an application under section 351(k)  
12 of the Public Health Service Act (42 U.S.C. 262(k))  
13 for licensure of a biological product as biosimilar to,  
14 or interchangeable with, a reference product.

15 “(11) BIOSIMILAR BIOLOGICAL PRODUCT APPLI-  
16 CATION FILER.—The term ‘biosimilar biological  
17 product application filer’ means a party that owns or  
18 controls a biosimilar biological product application  
19 filed with the Food and Drug Administration or has  
20 the exclusive rights under such application to dis-  
21 tribute the biosimilar biological product.

22 “(12) DRUG PRODUCT.—The term ‘drug prod-  
23 uct’ has the meaning given such term in section  
24 314.3(b) of title 21, Code of Federal Regulations (or  
25 any successor regulation).

1           “(13) NDA.—The term ‘NDA’ means a new  
2 drug application filed under section 505(b) of the  
3 Federal Food, Drug, and Cosmetic Act (21 U.S.C.  
4 355(b)).

5           “(14) NDA HOLDER.—The term ‘NDA holder’  
6 means—

7                   “(A) the holder of an approved NDA appli-  
8 cation for a drug product;

9                   “(B) a person owning or controlling en-  
10 forcement of the patent listed in the Approved  
11 Drug Products With Therapeutic Equivalence  
12 Evaluations (commonly known as the ‘FDA Or-  
13 ange Book’) in connection with the NDA; or

14                   “(C) the predecessors, subsidiaries, divi-  
15 sions, groups, and affiliates controlled by, con-  
16 trolling, or under common control with any of  
17 the entities described in subparagraphs (A) and  
18 (B) (such control to be presumed by direct or  
19 indirect share ownership of 50 percent or great-  
20 er), as well as the licensees, licensors, succes-  
21 sors, and assigns of each of the entities.

22           “(15) PARTY.—The term ‘party’ means any  
23 person, partnership, corporation, or other legal enti-  
24 ty.

1           “(16) PATENT INFRINGEMENT.—The term  
2           ‘patent infringement’ means infringement of any  
3           patent or of any filed patent application, extension,  
4           reissue, renewal, division, continuation, continuation  
5           in part, reexamination, patent term restoration, pat-  
6           ents of addition, and extensions thereof.

7           “(17) PATENT INFRINGEMENT CLAIM.—The  
8           term ‘patent infringement claim’ means any allega-  
9           tion made to an ANDA filer or biosimilar biological  
10          product application filer, whether or not included in  
11          a complaint filed with a court of law, that its ANDA  
12          or ANDA product, or biological product license ap-  
13          plication or biological product, may infringe any pat-  
14          ent held by, or exclusively licensed to, the NDA  
15          holder or biological product license holder of the  
16          drug product or biological product, as applicable.

17          “(18) STATUTORY EXCLUSIVITY.—The term  
18          ‘statutory exclusivity’ means those prohibitions on  
19          the approval of drug applications under clauses (ii)  
20          through (iv) of section 505(c)(3)(E) (5- and 3-year  
21          data exclusivity), section 527 (orphan drug exclu-  
22          sivity), or section 505A (pediatric exclusivity) of the  
23          Federal Food, Drug, and Cosmetic Act (21 U.S.C.  
24          355(c)(3)(E), 360cc, 355a), or on the licensing of  
25          biological product applications under section

1 351(k)(7) (12-year exclusivity) or paragraph (2) or  
2 (3) of section 351(m) (pediatric exclusivity) of the  
3 Public Health Service Act (42 U.S.C. 262) or under  
4 section 527 (orphan drug exclusivity) of the Federal  
5 Food, Drug, and Cosmetic Act (21 U.S.C. 360cc).”.

6 (b) EFFECTIVE DATE.—Section 27 of the Federal  
7 Trade Commission Act, as added by this section, shall  
8 apply to all agreements described in section 27(a)(1) of  
9 that Act entered into after June 17, 2013. Section 27(f)  
10 of the Federal Trade Commission Act, as added by this  
11 section, shall apply to agreements entered into on or after  
12 the date of enactment of this Act.

13 **SEC. 4. CERTIFICATION OF AGREEMENTS.**

14 Section 1112 of the Medicare Prescription Drug, Im-  
15 provement, and Modernization Act of 2003 (21 U.S.C.  
16 355 note) is amended by adding at the end the following:

17 “(d) CERTIFICATION.—The Chief Executive Officer  
18 or the company official responsible for negotiating any  
19 agreement under subsection (a) or (b) that is required to  
20 be filed under subsection (c), within 30 days after such  
21 filing, shall execute and file with the Assistant Attorney  
22 General and the Commission a certification as follows: ‘I  
23 declare that the following is true, correct, and complete  
24 to the best of my knowledge: The materials filed with the  
25 Federal Trade Commission and the Department of Justice

1 under section 1112 of subtitle B of title XI of the Medi-  
2 care Prescription Drug, Improvement, and Modernization  
3 Act of 2003, with respect to the agreement referenced in  
4 this certification—’

5 “(1) represent the complete, final, and exclusive  
6 agreement between the parties;

7 “(2) include any ancillary agreements that are  
8 contingent upon, provide a contingent condition for,  
9 or are otherwise related to, the referenced agree-  
10 ment; and

11 “(3) include written descriptions of any oral  
12 agreements, representations, commitments, or prom-  
13 ises between the parties that are responsive to sub-  
14 section (a) or (b) of such section 1112 and have not  
15 been reduced to writing.”.

16 **SEC. 5. FORFEITURE OF 180-DAY EXCLUSIVITY PERIOD.**

17 Section 505(j)(5)(D)(i)(V) of the Federal Food,  
18 Drug, and Cosmetic Act (21 U.S.C. 355(j)(5)(D)(i)(V))  
19 is amended by inserting “section 27 of the Federal Trade  
20 Commission Act or” after “that the agreement has vio-  
21 lated”.

22 **SEC. 6. COMMISSION LITIGATION AUTHORITY.**

23 Section 16(a)(2) of the Federal Trade Commission  
24 Act (15 U.S.C. 56(a)(2)) is amended—

1           (1) in subparagraph (D), by striking “or” after  
2           the semicolon;

3           (2) in subparagraph (E), by inserting “or”  
4           after the semicolon; and

5           (3) inserting after subparagraph (E) the fol-  
6           lowing:

7           “(F) under section 27.”.

8   **SEC. 7. STATUTE OF LIMITATIONS.**

9           The Federal Trade Commission shall commence any  
10          enforcement proceeding described in section 27 of the  
11          Federal Trade Commission Act, as added by section 3, ex-  
12          cept for an action described in section 27(f)(2) of the Fed-  
13          eral Trade Commission Act, not later than 6 years after  
14          the date on which the parties to the agreement file the  
15          certification under section 1112(d) of the Medicare Pre-  
16          scription Drug Improvement and Modernization Act of  
17          2003 (21 U.S.C. 355 note).

18   **SEC. 8. SEVERABILITY.**

19          If any provision of this Act, an amendment made by  
20          this Act, or the application of such provision or amend-  
21          ment to any person or circumstance is held to be unconsti-  
22          tutional, the remainder of this Act, the amendments made  
23          by this Act, and the application of the provisions of such

- 1 Act or amendments to any person or circumstance shall
- 2 not be affected.
