#### SEC. 332. PURPOSE.

- 2 The purpose of this title is to increase accountability
- 3 for and transparency in the Federal regulatory process.
- 4 Section 1 of article I of the United States Constitution
- 5 grants all legislative powers to Congress. Over time, Con-
- 6 gress has excessively delegated its constitutional charge
- 7 while failing to conduct appropriate oversight and retain
- 8 accountability for the content of the laws it passes. By
- 9 requiring a vote in Congress, the REINS Act will result
- 10 in more carefully drafted and detailed legislation, an im-
- 11 proved regulatory process, and a legislative branch that
- 12 is truly accountable to the American people for the laws
- 13 imposed upon them.

SEC 10006	CENCE	OF CONCRESS	ODDOSING	RESTRICTIONS

2	ON THE EXPORT OF CRUDE OIL OR OTHER
3	PETROLEUM PRODUCTS.

(a) FINDINGS.—Congress finds the following:

- (1) The United States has enjoyed a renaissance in energy production, with the expansion of domestic crude oil and other petroleum product production contributing to enhanced energy security and significant economic benefits to the national economy.
- (2) In 2015, Congress recognized the need to adapt to changing crude oil market conditions and repealed all restrictions on the export of crude oil on a bipartisan basis.
- (3) Section 101 of title I of division O of the Consolidated Appropriations Act, 2016 (42 U.S.C. 6212a) established the national policy on oil export restriction, prohibiting any official of the Federal Government from imposing or enforcing any restrictions on the export of crude oil with limited exceptions, including a savings clause maintaining the authority to prohibit exports under any provision of law that imposes sanctions on a foreign person or foreign government (including any provision of law that prohibits or restricts United States persons from engaging in a transaction with a sanctioned

- person or government), including a foreign government that is designated as a state sponsor of terrorism.
  - (4) Lifting the restrictions on crude oil exports encouraged additional domestic energy production, created American jobs and economic development, and allowed the United States to emerge as the leading oil producer in the world.
  - (5) In 2019, the United States became a net exporter of petroleum products for the first time since 1952, and the reliance of the United States on foreign imports of petroleum products has declined to historic lows.
- 14 (6) Free trade, open markets, and competition 15 have contributed to the rise of the United States as 16 a global energy superpower.
- 17 (b) SENSE OF CONGRESS.—It is the sense of Con-18 gress that the Federal Government should not impose—
- 19 (1) overly restrictive regulations on the explo-20 ration, production, or marketing of energy resources; 21 or
- 22 (2) any restrictions on the export of crude oil 23 or other petroleum products under the Energy Pol-24 icy and Conservation Act (42 U.S.C. 6201 et seq.), 25 except with respect to the export of crude oil or

In determining whether to

approve or deny an application under this para-

6	Natural Gas Act or a certificate of public con
7	venience and necessity under section 7 of such
8	Act may not request or conduct a NEPA review
9	that is supplemental to the project-related
10	NEPA review conducted by the Commission
11	unless the agency—
12	(i) demonstrates that such review is
13	legally necessary for the agency to carry
14	out responsibilities in considering an as
15	pect of an application for a Federal au
16	thorization; and
17	(ii) requires information that could
18	not have been obtained during the project

20	Commission.
21	(B) COMMENTS; RECORD.—The Commis
22	sion shall not, with respect to an agency that is
23	not designated as a participating agency under

20	into the navigable waters (within the meaning of the
21	Federal Water Pollution Control Act), the Commis-
22	sion shall identify as an agency under subsection
23	(d)(1) the State in which the discharge originates or
24	will originate, or, if appropriate, the interstate water

pollution control agency having jurisdiction over the

navigable waters at the point where the discharge
originates or will originate.

- (3) Proposed conditions.—A State or interstate agency designated as a participating agency pursuant to paragraph (2) may propose to the Commission terms or conditions for inclusion in an authorization under section 3 of the Natural Gas Act or a certificate of public convenience and necessity under section 7 of such Act that the State or interstate agency determines are necessary to ensure that any activity described in paragraph (2) conducted pursuant to such authorization or certification will comply with the applicable provisions of sections 301, 302, 303, 306, and 307 of the Federal Water Pollution Control Act.
- (4) Commission consideration of conditions.—The Commission may include a term or condition in an authorization under section 3 of the Natural Gas Act or a certificate of public convenience and necessity under section 7 of such Act proposed by a State or interstate agency under paragraph (3) only if the Commission finds that the term or condition is necessary to ensure that any activity described in paragraph (2) conducted pursuant to such authorization or certification will comply with

1 the applicable provisions of sections 301, 302, 303,

2 306, and 307 of the Federal Water Pollution Con-

6 WAIVERS TO PRODUCE CRITICAL ENERGY

7 RESOURCES.

# (a) CLEAN AIR ACT REQUIREMENTS.—

(1) IN GENERAL.—If the Administrator of the Environmental Protection Agency, in consultation with the Secretary of Energy, determines that, by reason of a sudden increase in demand for, or a shortage of, a critical energy resource, or another cause, the processing or refining of a critical energy resource at a critical energy resource facility is necessary to meet the national security or energy security needs of the United States, then the Administrator may, with or without notice, hearing, or other report, issue a temporary waiver of any requirement under the Clean Air Act (42 U.S.C. 7401 et seq.) with respect to such critical energy resource facility that, in the judgment of the Administrator, will allow for such processing or refining at such critical energy resource facility as necessary to best meet such needs and serve the public interest.

- 1 (2) Conflict with other environmental Laws.—The Administrator shall ensure that any waiver of a requirement under the Clean Air Act under this subsection, to the maximum extent practicable, does not result in a conflict with a requirement of any other applicable Federal, State, or local environmental law or regulation and minimizes any adverse environmental impacts.
  - (3) VIOLATIONS OF OTHER ENVIRONMENTAL LAWS.—To the extent any omission or action taken by a party under a waiver issued under this subsection is in conflict with any requirement of a Federal, State, or local environmental law or regulation, such omission or action shall not be considered a violation of such environmental law or regulation, or subject such party to any requirement, civil or criminal liability, or a citizen suit under such environmental law or regulation.
  - (4) Expiration and renewal of waivers.—
    A waiver issued under this subsection shall expire not later than 90 days after it is issued. The Administrator may renew or reissue such waiver pursuant to paragraphs (1) and (2) for subsequent periods, not to exceed 90 days for each period, as the Administrator determines necessary to meet the national

- security or energy security needs described in paragraph (1) and serve the public interest. In renewing or reissuing a waiver under this paragraph, the Administrator shall include in any such renewed or reissued waiver such conditions as are necessary to minimize any adverse environmental impacts to the extent practicable.
  - (5) Subsequent action by court.—If a waiver issued under this subsection is subsequently stayed, modified, or set aside by a court pursuant a provision of law, any omission or action previously taken by a party under the waiver while the waiver was in effect shall remain subject to paragraph (3).
  - (6) CRITICAL ENERGY RESOURCE; CRITICAL ENERGY RESOURCE FACILITY DEFINED.—The terms "critical energy resource" and "critical energy resource facility" have the meanings given such terms in section 3025(f) of the Solid Waste Disposal Act (as added by this section).
- 20 (b) Solid Waste Disposal Act Requirements.—
  - (1) Hazardous waste management.—The Solid Waste Disposal Act (42 U.S.C. 6901 et seq.) is amended by inserting after section 3024 the following:

- 4 sultation with the Secretary of Energy, determines that,
- 5 by reason of a sudden increase in demand for, or a short-
- 6 age of, a critical energy resource, or another cause, the
- 7 processing or refining of a critical energy resource at a
- 8 critical energy resource facility is necessary to meet the
- 9 national security or energy security needs of the United
- 10 States, then the Administrator may, with or without no-
- 11 tice, hearing, or other report, issue a temporary waiver
- 12 of any covered requirement with respect to such critical
- 13 energy resource facility that, in the judgment of the Ad-
- 14 ministrator, will allow for such processing or refining at
- 15 such critical energy resource facility as necessary to best
- 16 meet such needs and serve the public interest.
- 17 "(b) Conflict With Other Environmental
- 18 Laws.—The Administrator shall ensure that any waiver
- 19 of a covered requirement under this section, to the max-
- 20 imum extent practicable, does not result in a conflict with
- 21 a requirement of any other applicable Federal, State, or
- 22 local environmental law or regulation and minimizes any
- 23 adverse environmental impacts.
- 24 "(c) Violations of Other Environmental
- 25 Laws.—To the extent any omission or action taken by
- 26 a party under a waiver issued under this section is in con-

- 1 flict with any requirement of a Federal, State, or local
- 2 environmental law or regulation, such omission or action
- 3 shall not be considered a violation of such environmental
- 4 law or regulation, or subject such party to any require-

- 11 for subsequent periods, not to exceed 90 days for each pe-
- 12 riod, as the Administrator determines necessary to meet
- 13 the national security or energy security needs described
- 14 in subsection (a) and serve the public interest. In renewing
- 15 or reissuing a waiver under this subsection, the Adminis-
- 16 trator shall include in any such renewed or reissued waiver
- 17 such conditions as are necessary to minimize any adverse
- 18 environmental impacts to the extent practicable.
- 19 "(e) Subsequent Action by Court.—If a waiver
- 20 issued under this section is subsequently stayed, modified,
- 21 or set aside by a court pursuant a provision of law, any
- 22 omission or action previously taken by a party under the
- 23 waiver while the waiver was in effect shall remain subject
