To prohibit the Secretary of Energy from prescribing or enforcing energy conservation standards for refrigerators, refrigerator-freezers, and freezers that are not cost-effective or technologically feasible, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

MARCH 12, 2024

Mrs. Miller-Meeks introduced the following bill; which was referred to the Committee on Energy and Commerce

APRIL 10, 2024

Committed to the Committee of the Whole House on the State of the Union and ordered to be printed
A BILL

To prohibit the Secretary of Energy from prescribing or enforcing energy conservation standards for refrigerators, refrigerator-freezers, and freezers that are not cost-effective or technologically feasible, and for other purposes.
Be it enacted by the Senate and House of Representa-
tives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Refrigerator Freedom
Act”.

SEC. 2. PRESCRIBING AND ENFORCING ENERGY CON-
SERVATION STANDARDS FOR REFRIG-
ERATORS, REFRIGERATOR-FREEZERS, AND
FREEZERS.

(a) TECHNOLOGICALLY FEASIBLE AND ECONOMI-
CALLY JUSTIFIED.—Notwithstanding subsections (m),
(n), and (o) of section 325 of the Energy Policy and Con-
servation Act (42 U.S.C. 6295), the Secretary of Energy
may not—

(1) prescribe a new or an amended energy con-
servation standard for a covered product that is a
refrigerator, a refrigerator-freezer, or a freezer
under such section unless the Secretary of Energy
determines that the prescription and imposition of
such energy conservation standard is technologically
feasible and economically justified; or

(2) enforce an energy conservation standard
prescribed under such section for a covered product
that is a refrigerator, a refrigerator-freezer, or a
freezer if the Secretary of Energy determines that
enforcement of or compliance with such energy conservation standard is not technologically feasible or economically justified.

(b) Prohibition on Increased Costs to Consumers.—Notwithstanding subsections (m), (n), and (o) of section 325 of the Energy Policy and Conservation Act (42 U.S.C. 6295), the Secretary of Energy may not—

(1) prescribe a new or an amended energy conservation standard for a covered product that is a refrigerator, a refrigerator-freezer, or a freezer under such section unless the Secretary of Energy determines that the prescription and imposition of such energy conservation standard is not likely to result in additional net costs to the consumer, including any increase in net costs associated with the purchase, installation, maintenance, disposal, and replacement of the covered product; or

(2) enforce an energy conservation standard prescribed under such section for a covered product that is a refrigerator, a refrigerator-freezer, or a freezer if the Secretary of Energy determines that enforcement of or compliance with such energy conservation standard is likely to result in additional net costs to the consumer, including any increase in net costs associated with the purchase, installation,
maintenance, disposal, and replacement of the covered product.

(c) Significant Energy Savings Requirement.—Notwithstanding subsections (m), (n), and (o) of section 325 of the Energy Policy and Conservation Act (42 U.S.C. 6295), the Secretary of Energy may not—

(1) prescribe a new or an amended energy conservation standard for a covered product that is a refrigerator, a refrigerator-freezer, or a freezer under such section if the Secretary of Energy determines that the prescription and imposition of such energy conservation standard will not result in significant conservation of energy; or

(2) enforce an energy conservation standard prescribed under such section for a covered product that is a refrigerator, a refrigerator-freezer, or a freezer if the Secretary of Energy determines that enforcement of or compliance with such energy conservation standard will not result in significant conservation of energy.

(d) Covered Product; Energy Conservation Standard.—In this section, the terms “covered product” and “energy conservation standard” have the meanings given such terms in section 321 of the Energy Policy and Conservation Act (42 U.S.C. 6291).
A BILL

To prohibit the Secretary of Energy from prescribing or enforcing energy conservation standards for refrigerators, refrigerator-freezers, and freezers that are not cost-effective or technologically feasible, and for other purposes.

APRIL 10, 2024

Committed to the Committee of the Whole House on the State of the Union and ordered to be printed.
