A BILL

To establish a national strategy for combating scams, and
for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “National Strategy for
5 Combating Scams Act of 2025”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

8 (1) More than 4 in 10 individuals in the United
9 States, an estimated 141,500,000 adults, say they

1 have lost money to scams or had sensitive informa-
2 tion obtained and used fraudulently.

3 (2) Consumers reported losing more than
4 \$12,000,000,000 to fraud in 2024, a 25 percent in-
5 crease over the prior year, with imposter scams
6 being the most commonly reported scam category.

7 (3) Criminals are increasingly using Generative
8 Artificial Intelligence to conduct scams, including
9 hyper-realistic voice deepfakes to manipulate victims.

10 (4) Scams harm all people of the United States,
11 but can particularly affect older adults by harming
12 their mental health and by forcing them to live with
13 fewer resources.

14 (5) The Government Accountability Office
15 found that there are at least 13 agencies engaged in
16 a range of activities relating to countering scams, all
17 of which have their own mandate and authorities
18 and are largely carrying out their activities inde-
19 pendently.

20 (6) To improve the ability of Federal agencies
21 to coordinate and target efforts to counter scams,
22 the Government Accountability Office has rec-
23 ommended that the Federal Bureau of Investigation
24 lead an effort to develop a National Strategy for
25 Combating Scams.
