3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Endometriosis Cov-
5 erage, Awareness, Research, and Education Act” or the
6 “Endometriosis CARE Act”.

1 **SEC. 2. FINDINGS.**

2 The Congress finds as follows:

3 (1) Endometriosis is a disease in which tissue
4 similar to the lining of the uterus grows outside the
5 uterus. It can cause severe pain in the pelvis and
6 make it harder to get pregnant. Endometriosis often
7 causes severe pain in the pelvis, especially during
8 menstrual periods. Some people also have pain dur-
9 ing sex or when using the bathroom. Some people
10 have trouble getting pregnant.

11 (2) It causes a chronic inflammatory reaction
12 that may result in the formation of scar tissue (ad-
13 hesions, fibrosis) within the pelvis and other parts of
14 the body. The cause of endometriosis is unknown.
15 There is no known way to prevent endometriosis.
16 There is no cure, but its symptoms can be treated
17 with medicines or, in some cases, surgery.

18 **SEC. 3. ENDOMETRIOSIS COVERAGE, AWARENESS, RE-**
19 **SEARCH, AND EDUCATION.**
