Celebrating the 50th anniversary of the Individuals with Disabilities Education Act on November 29, 2025, and recognizing its transformative impact on the education of children with disabilities.

Whereas, on November 29, 1975, President Gerald R. Ford signed the Education for All Handicapped Children Act (Public Law 94–142; 89 Stat. 773), which was later renamed the Individuals with Disabilities Education Act (IDEA) (20 U.S.C. 1400 et seq.);

Whereas IDEA affirms and protects the rights of children with disabilities and their families, ensuring access to educational opportunities and procedural safeguards;

Whereas IDEA supports the development and implementation of statewide, comprehensive, coordinated, multidisciplinary, and interagency systems of early intervention services for infants, toddlers, and preschool-age children with disabilities and their families;

Whereas IDEA ensures parents are meaningful partners with educators in determining the individualized education program or early intervention services a child needs;

Whereas IDEA provides the necessary tools to improve educational access and opportunity through systemic supports and improvement activities, parent training, coordinated research and personnel preparation, technical assistance, dissemination of best practices, and access to accessible assistive technology and other supports; and

Whereas Congress appropriates funding annually for Part B, C, and D programs of IDEA, which support the full range of evidence-based services and supports for students with disabilities, families, educators, States, and localities: Now, therefore, be it
