a free and democratic Iran.

resolution; which was referred to the Committee on Foreign Affairs

RESOLUTION

Recognizing and expressing support for the Iranian people
protesting for a free and democratic Iran.

Whereas, for nearly five decades, the people of Iran have endured brutal repression under the Islamic Republic, a regime that denies basic human rights, silences dissidents, and responds to peaceful protest with violence;

Whereas, once again, the people of Iran are courageously taking to the streets to demand economic opportunity, human rights, dignity, and freedom;

Whereas the Islamic Republic has responded to the ongoing protests with brutality by killing protestors, arresting thousands, and restricting internet access and telephone lines;

Whereas the people of Iran are in part protesting the Islamic regime’s economic mismanagement, corruption, internal suppression, and unjust executions;

Whereas access to free expression, open information, and uncensored communication are fundamental human rights;

Whereas the inspiring 2022 Women, Life, Freedom protests demanded an end to the Islamic Republic and its violence, including against Iranian women and ethnic minorities;

Whereas the barbaric so-called morality police and other arms of state suppression have a lengthy history of repressing the Iranian people’s fundamental freedoms, including the freedom to assemble, the freedom of religion, women’s rights, and LGBTQ rights;

Whereas the Islamic regime has engaged in systematic efforts to intimidate, harass, detain, and harm political dissidents, activists, and journalists both within Iran and beyond its borders;

Whereas the people of Iran deserve the right to dignity, democracy, and self-determination and to be free from the brutality of the Islamic Republic; and

Whereas, on January 26, 2023, the United States House of Representatives passed House Concurrent Resolution 7, commending the bravery, courage, and resolve of the Iranian people: Now, therefore, be it

- 1 *Resolved*, That the House of Representatives—
