## RESOLUTION

Condemning any acceptance of Presidential aircraft, or any other substantial gift, from a foreign government.

Whereas the aircraft commonly referred to as “Air Force One” is a symbol of the United States;

Whereas Air Force One is one of the most recognizable symbols of the Office of the President of the United States;

Whereas Air Force One is equipped with some of the most sensitive technologies designed to transmit some of the most highly classified national security information of the United States;

Whereas the acceptance of Presidential aircraft from a foreign government—

(1) constitutes a substantial gift; and

(2) poses counter-intelligence and other national security concerns;

Whereas the acceptance of a substantial gift from a foreign government could unduly influence the foreign policies of the United States;

Whereas the acceptance of Presidential aircraft from a foreign government would establish a concerning precedent for the acceptance of substantial gifts from foreign governments without the consent of Congress;

Whereas the Foreign Emoluments Clause contained in clause 8 of section 9 of article I of the Constitution of the United States states that no present, emolument, office, or title, of any kind, may be accepted by the President of the United States from a king, prince, or foreign state without the consent of Congress;

Whereas the President of the United States has a constitutional and statutory obligation to uphold the public trust; and

Whereas the violation of the Foreign Emoluments Clause of the Constitution of the United States undermines public trust and the integrity of public office in the United States: Now, therefore, be it

1       *Resolved*, That the Senate—

2               (1) condemns any acceptance of a Presidential  
3       aircraft, or any other substantial gift, from a foreign  
4       government as a grave national security threat to  
5       the Office of the President;

1           (2) demands that any such gift may only be ac-  
2           cepted by the President with the explicit consent of  
3           Congress;

4           (3) urges the executive branch to reject compro-  
5           mising the national security of the United States by  
6           operating an aircraft not built under the security  
7           specifications or supervision of the Department of  
8           Defense as Air Force One; and

9           (4) condemns any acceptance of a Presidential  
10          aircraft, or any other substantial gift, from a foreign  
11          government if such acceptance violates any law.
