

119TH CONGRESS
1ST SESSION

S. RES. 436

Expressing support for the designation of September 2025 as “National Prostate Cancer Awareness Month”.

IN THE SENATE OF THE UNITED STATES

OCTOBER 6, 2025

Mr. CRAPO (for himself, Mr. BOOKER, Mr. RISCH, and Mr. VAN HOLLEN)
submitted the following resolution; which was considered and agreed to

RESOLUTION

Expressing support for the designation of September 2025
as “National Prostate Cancer Awareness Month”.

Whereas more than 3,300,000 men are living with prostate cancer in the United States;

Whereas 1 in 8 men in the United States will be diagnosed with prostate cancer in their lifetimes and 1 in 41 men in the United States will die from prostate cancer;

Whereas prostate cancer is the most commonly diagnosed non-skin cancer and the second-leading cause of cancer-related deaths among men in the United States;

Whereas the American Cancer Society estimates that, in 2025, 313,780 men will be diagnosed with, and more than 35,770 men will die of, prostate cancer;

Whereas 35 percent of newly diagnosed prostate cancer cases occur in men under the age of 65;

Whereas the odds of developing prostate cancer rise rapidly after age 50;

Whereas having a father or brother with prostate cancer more than doubles the risk of a man developing prostate cancer, with a higher risk for men who have a brother with the disease and the highest risk for men with several affected relatives;

Whereas screening by a digital rectal examination and a prostate-specific antigen blood test may be able to detect the disease at an early stage;

Whereas, when diagnosed with localized- or regional-stage prostate cancer, the survival rate nears 100 percent;

Whereas only 37 percent of men survive more than 5 years if diagnosed with prostate cancer after the cancer has metastasized;

Whereas there are typically no noticeable symptoms of prostate cancer in the early stages, making discussions with a doctor regarding appropriate screening critical;

Whereas, in fiscal year 2025, Congress appropriated \$48,551,000,000 to the National Institutes of Health, including \$7,220,000,000 for the National Cancer Institute;

Whereas, in fiscal year 2025, Congress appropriated \$75,000,000 for the Prostate Cancer Research Program of the Department of Defense;

Whereas the Department of Veterans Affairs has established 21 Precision Oncology Centers of Excellence in order to

deliver precision oncology services to veterans suffering from prostate cancer;

Whereas ongoing research promises further improvements in prostate cancer prevention, early detection, and treatment; and

Whereas educating individuals in the United States, including health care providers, about prostate cancer and early detection strategies while emphasizing the importance of consultation with a physician regarding the benefits and risks of screening is essential to saving lives and preserving and protecting families: Now, therefore, be it

1 *Resolved*, That the Senate—

2 (1) expresses support for the designation of
3 “National Prostate Cancer Awareness Month”;

4 (2) declares that steps should be taken—

5 (A) to raise awareness about the impor-
6 tance of screening methods for, and treatment
7 of, prostate cancer;

8 (B) to encourage research—

9 (i) to improve screening and treat-
10 ment for prostate cancer;

11 (ii) to discover the causes of prostate
12 cancer; and

13 (iii) to develop a cure for prostate
14 cancer; and

15 (C) to continue to consider ways to im-
16 prove access to, and the quality of, health care

1 services for detecting and treating prostate can-
2 cer; and

3 (3) calls on the people of the United States, in-
4 terest groups, and affected persons—

5 (A) to promote awareness of prostate can-
6 cer;

7 (B) to take an active role in the fight to
8 end the devastating effects of prostate cancer
9 on individuals, families, and the economy; and

10 (C) to observe National Prostate Cancer
11 Awareness Month with appropriate ceremonies
12 and activities.
