

## RESCISSION PROPOSALS

Under the provisions of the Impoundment Control Act of 1974 (Public Law 93-344), whenever the President proposes a rescission of enacted appropriations, a special message must be sent to the Congress giving details of the proposals. Included below are related budget schedules and narrative explanations of proposals submitted in a special message before this budget was transmitted.

### Department of Agriculture

#### COOPERATIVE STATE RESEARCH, EDUCATION, AND EXTENSION SERVICE

##### BUILDINGS AND FACILITIES

This proposal reflects savings from reducing Federal government support for research facility construction projects earmarked for specific universities. These projects were not selected based on a competitive, peer-review process, but rather generally were selected to address local rather than national priorities. Projects to be completed in 1996 would not be affected.

Funds proposed for rescission on February 21, 1996 are excess to requirements.

Funds proposed for rescission on February 23, 1996 reflect revised economic factors.

Another proposal submitted to the Congress before this budget was transmitted would also rescind appropriations for Metal Fatigue Monitoring Technology and Infrared Signature Control. No funding for these projects is planned after 1996. Also proposed for rescission is funding for Space and Missile Tracking Systems Low. Acceleration of this project is not needed.
