
33-1. FEDERAL PROGRAMS BY AGENCY AND ACCOUNT

EXPLANATORY NOTE

This section includes a detailed tabulation containing information on budget authority (BA), and outlays (O), for each appropriation and fund account. Budget authority amounts reflect transfers of budget authority between appropriations. All budget authority items are definite appropriations except where otherwise indicated.

Congressional action on appropriations occasionally results in the establishment of a limitation on the use of a trust fund or other fund, or an appropriation to liquidate contract authority. Amounts for these and other such items, which do not affect budget authority, are included here in parentheses and identified in the stub column, but are not included in the totals.
