

## FINANCING VEHICLES AND THE BOARD OF GOVERNORS OF THE FEDERAL RESERVE

This chapter contains descriptions of and data on financing vehicles and the Board of Governors of the Federal Reserve System. The Financing Corporation functions as a financing vehicle for the Federal Savings and Loan Insurance Corporation (FSLIC) Resolution Fund. The Resolution Funding Corporation provided financing for the Resolution Trust Corporation (RTC) and is subject to the general oversight and direction of the Secretary of the Treasury.

The Board of Governors of the Federal Reserve System's transactions are not included in the Budget because of its unique status in the conduct of monetary policy. The Board provides data on its administrative budget, which is included here for information. Its budget is not subject to review by the President and is executed and presented here on a calendar-year basis.

The 2014 balance sheets for the Financing Corporation and Resolution Funding Corporation are as of December 31, 2014, and the 2015 balance sheets are as of September 30, 2015.

### FINANCING CORPORATION

The Financing Corporation (FICO) is a mixed-ownership Government corporation, chartered by the Federal Home Loan Bank Board pursuant to the Federal Savings and Loan Insurance Corporation Recapitalization Act of 1987, as amended (the Act). FICO's sole purpose is to function as a financing vehicle for the FSLIC Resolution Fund, formerly the Federal Savings and Loan Insurance Corporation. Pursuant to the Act, FICO was authorized to issue debentures, bonds, and other obligations subject to limitations contained in the Act, the net proceeds of which were to be used solely to purchase capital certificates issued by the FSLIC Resolution Fund or to refund any previously issued obligations. The Resolution Trust Corporation Refinancing, Restructuring, and Improvement Act of 1991 terminated FICO's borrowing authority.

The Act provided formulas pursuant to which the Federal Home Loan Banks make capital contributions to FICO. FICO used the proceeds received from the sales of such capital stock to purchase non-interest bearing securities for deposit in a segregated account as required by the Act. The non-interest bearing securities held in the segregated account are the primary source of repayment of the principal of FICO obligations. Securities in the segregated account are kept separate from other FICO accounts and funds, but are not specifically pledged as collateral for the payment of obligations. The primary source of payment of interest on the obligations is the receipt of assessments imposed on and collected from institutions' accounts, which are insured by the Federal Deposit Insurance Corporation's Deposit Insurance Fund.

### RESOLUTION FUNDING CORPORATION

The Resolution Funding Corporation (REFCORP) is a mixed-ownership Government corporation established by Title V of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (FIRREA). The sole purpose of REFCORP was to provide financing for the Resolution Trust Corporation (RTC). Pursuant to FIRREA, REFCORP was authorized to issue debentures, bonds, and other obligations, subject to limitations contained in the Act and regulations established by the Thrift Depositor Protection Oversight Board. The proceeds of the debt (less any discount, plus any premium, net of issuance cost) were used solely to purchase nonredeemable capital certificates of RTC or to refund any previously issued obligations.

Until October 29, 1998, REFCORP was subject to the general oversight and direction of the Thrift Depositor Protection Oversight Board. At that time, the Oversight Board was abolished and its authority and duties were transferred to the Secretary of the Treasury. The day-to-day operations of REFCORP are under the management of a three-member Directorate composed of the Chief Executive Officer of the Office of Finance of the Federal Home Loan Banks and two members selected from among the presidents of the 11 Federal Home Loan Banks (FHLBanks). Members of the Directorate serve without compensation, and REFCORP is not permitted to have any paid employees.

FIRREA, as amended, and the regulations adopted by the Thrift Depositor Protection Oversight Board and the Secretary of the Treasury required that Federal Home Loan Banks (FHLBs) contribute 20 percent of net earnings annually to assist in the payment of interest on bonds issued by REFCORP until such time as the total payments are equivalent to a \$300 million annual annuity with a final maturity date of April 15, 2030. The FHLBs fulfilled this obligation on August 5, 2011.

The Federal Reserve System operates under the provisions of the Federal Reserve Act of 1913, as amended, and other acts of the Congress.

To carry out its responsibilities under this Act, the Board determines general monetary, credit, and operating policies for the System as a whole and formulates the rules and regulations necessary to carry out the purposes

of the Act. The Board's principal duties consist of exerting an influence over credit conditions and supervising the Federal Reserve banks and member banks.

Under the provisions of section 10 of the Federal Reserve Act, the Board of Governors levies upon the Federal Reserve banks, in proportion to their capital and surplus, an assessment sufficient to pay its estimated expenses. Also under the Act, the Board determines and prescribes the manner in which its obligations are incurred and its expenses paid. Funds derived from assessments are deposited in the Federal Reserve Bank of Richmond and the Act provides that such funds "not be construed to be Government funds or appropriated moneys." No Government appropriation is required to support operations of the Board.

The information presented pertains to Board operations only; expenditures made for production, issuance, retirement, and shipment of Federal Reserve notes are not included because those costs are reimbursed in full by the Federal Reserve banks.
