The 2019 payment to the Military Retirement Fund includes funds for the amortization of the unfunded liability for all retirement benefits earned by military personnel for service prior to 1985. The amortization schedule for the unfunded liability is determined by the Department of Defense Retirement Board of Actuaries. Included in the unfunded liability are the consolidated requirements of the military departments to cover retired officers and enlisted personnel of the Army, Navy, Marine Corps, and Air Force; retainer pay of enlisted personnel of the Fleet Reserve of the Navy and Marine Corps; and survivors' benefits.

The 2004 National Defense Authorization Act (P.L. 108–136) created additional benefits for certain retirees who receive disability compensation from the Department of Veterans Affairs and moved the responsibility for payments under the Combat-Related Special Compensation program to the Military Retirement Fund. Any additional funding requirements for retirees with service prior to 1985 will be included in this payment.

The 2016 National Defense Authorization Act (P.L. 114–92) enacted substantial changes to the current military retirement system. The new retirement system, which took effect January 1, 2018, is a blend of several components, including a defined retired pay benefit, a defined contribution to the Thrift Savings Plan, and a bonus (continuation pay) paid to the member to maintain Service retention requirements. Currently serving members will remain grandfathered under the legacy retirement system.

Public Law 98–94 provided for accrual funding of the military retirement system and for the establishment of a Department of Defense Military Retirement Fund in 1985. The fund has three sources of income. The first is payments from the military personnel accounts, which cover the accruing costs of the future retirement benefits being earned by today's service members. The second source is interest on investments of the fund. The third source is made up of two payments from the general fund of the Treasury. The first Treasury payment covers a portion of the accrued unfunded liability for all the retirees and current members who had earned benefits before the accrual funding system was set up. The second Treasury payment covers the liability for concurrent receipt of military retired pay and disability compensation paid by the Department of Veterans Affairs. This benefit was added in the 2004 National Defense Authorization Act.

Public Law 106–398 provides for accrual funding for health care to Medicare-eligible retirees. The statute establishes an accrual health care fund which has three sources of funding. The first is contributions from employing agencies, which cover the liability for future benefits accruing to current service members. The second is an annual payment from the general fund of the Treasury on the accrued unfunded liability, and the third source is income from the investment of fund balances.

The 1985 Department of Defense Authorization Act, Public Law 98–525, as amended by Public Laws 100–48 and 108–375, and the Post 9/11 Veterans Educational Assistance Improvements Act of 2010, Public Law 111–377, provide for the accrual funding of certain education benefits for active duty military personnel under the authority of Chapters 30 and 33, Title 38 U.S.C., and to selected Reserve personnel under the authority of Chapters 1606 and 1607, Title 10 U.S.C. Chapter 1607 was sunset by Public Law 114–92, although the statute allows members who were receiving Chapter 1607 benefits before the statute was enacted to continue to receive these education benefits through November 2019. The fund is financed through actuarially determined Government contributions from the Department of Defense military personnel appropriations and interest on investments. Funds are transferred to the Department of Veterans Affairs to make benefit payments to eligible personnel. The status of the fund is as follows:

Public Law 101-510 created an Armed Forces Retirement Home (AFRH) Trust Fund to finance the AFRH—Gulfport and the AFRH—Washington Homes. The Homes are financed by appropriations drawn from the Trust Fund. AFRH provides residences and related services for certain retired and former members of the Armed Forces and the Coast Guard. The members receiving domiciliary and hospital care are:

Domiciliary care .....	714	774	883
Hospital care .....	168	170	173
Totals .....	882	944	1,056

Both AFRH facilities (Gulfport, MS and Washington, DC) are accredited in all areas by The Joint Commission (TJC) and Commission on Accreditation of Rehabilitation Facilities (CARF). AFRH is accredited with TJC for the Wellness Clinic (Ambulatory Care) and four nursing care (Assisted Living, Memory Support, Long Term Care, and Independent Living Plus (Home Health Care)). CARF renewed accreditation for AFRH's Independent Living Services, our largest resident population. For FY 2017, AFRH earned its 13th consecutive unmodified financial audit opinion with no weaknesses or deficiencies identified in the management letter. AFRH expanded its lease with a District of Columbia charter school to generate additional revenue and provide an accessible intergenerational partnership for AFRH—Washington residents. AFRH identified and implemented several cost saving efficiencies without significant impact on services

provided to residents. The FY 2018 National Defense Authorization Act updated AFRH's leasing authority to allow AFRH to proceed with leasing underutilized buildings/land to generate additional revenue.

These appropriations provide for development and conservation of fish and wildlife and recreational facilities on military installations. Proceeds from the sale of fishing and hunting permits are used for these programs at Army, Navy, Marine Corps, and Air Force installations charging such user fees. These programs are carried out through cooperative plans agreed upon by the local representatives of the Secretary of Defense, the Secretary of the Interior, and the appropriate agency of the State in which the installation is located.

The Selective Service System (SSS) continues to register men as they reach age 18, as required by law, and maintain an active database of registrant records. Should the Nation return to conscription for a national emergency, the agency would have the first draftees at military processing centers according to the mobilization plan. The agency also manages a program for the Nation's conscientious objectors in cooperation with the Department of Defense. All Reserve Force Officers participating in the Selective Service System program will remain at 175 in 2018 and 2019 to reflect requirements.

SSS will continue to strengthen its partnership with the Armed Services. The Agency will continue its national initiative to offer every young man

that receives a registration acknowledgment, almost two million annually, the opportunity to volunteer for the military services.

SSS will maintain a modernized information technology system to improve business processes, while helping to sustain an all volunteer military by aiding recruiting with its agency mailings. Relevant technology will ensure faster, more accurate registration processing, as well as more secure storage of personally identifiable information. It will also foster better customer service via the internet.
