In 2020, the Administration requests an additional \$4.6 billion over the 2020 advance appropriation of \$75.6 billion for the Department of Veterans Affairs (VA) Medical Care program, consisting of four appropriations: Medical Services, Medical Community Care, Medical Support and Compliance, and Medical Facilities. Each year, VA updates its budget estimates to incorporate the most recent data on health care utilization rates, actual program experience, and other factors, such as economic trends in unemployment and inflation. As a result of these updates, the adjusted budget estimates more accurately reflect the projected medical demands of veterans enrolled in the VA health care system. In 2020, the Budget supports implementation of the VA Maintaining Internal Systems and Strengthening Integrated Outside Networks (MISSION) Act of 2018 (P.L. 115-182) and provides veterans greater choice on where they receive their health care—whether at VA or through a private healthcare provider. The Budget consolidates all veterans' community care programs into a single program, reducing bureaucracy and making it easier for veterans to navigate their healthcare needs. As part of the MISSION Act, the Budget supports VA's brand new urgent care benefit and expansion of the Caregivers program to include eligible veterans who incurred or aggravated a serious injury in the line of duty before September 11, 2001. Expansion of the Caregivers program would coincide with new information technology (IT) updates necessary to effectively manage the program.

For 2021, the Budget requests \$87.6 billion in advance appropriations for VA Medical Care. This request for advance appropriations fulfills the Administration's commitment to provide reliable and timely resources to support the delivery of accessible and high-quality medical services for veterans.

With the resources requested for 2020 and 2021, VA will provide the highest quality health care services for veterans. VA estimates it will treat 7.1 million patients in 2020 and 7.1 million patients in 2021. Operation Enduring Freedom, Operation Iraqi Freedom, and Operation New Dawn (OEF/OIF/OND) veterans are expected to be 1,102,752 in 2020 (15.6 percent of the total) and 1,174,404 in 2021 (16.5 percent of the total).

Medical Care Collections Fund (MCCF).—VA estimates collections of nearly \$3.6 billion in 2019 and \$3.9 billion in 2020, representing about

five percent of available Medical Care resources in both years. VA has the authority to collect inpatient and outpatient co-payments, medication co-payments, and nursing home co-payments; authority for certain income verification; authority to recover third-party insurance payments from veterans for nonservice-connected conditions; and authority to collect revenue from enhanced use leases. These collections also include those collected from the Compensated Work Therapy Program, Compensation and Living Expenses Program, and the Parking Program.

Medical Services.—For Medical Services, the Budget reflects the following discretionary appropriation funding: the 2019 enacted advance appropriation of \$49.2 billion, together with \$750 million provided by the Energy and Water, Legislative Branch, and Military Construction and Veterans Affairs Appropriations Act, 2019 (P.L. 115-244); the 2020 advance appropriation of \$51.4 billion; and the 2021 advance appropriation request of \$56.2 billion. This appropriation provides for a comprehensive, integrated health care delivery system that addresses the needs of eligible veterans and beneficiaries in VA facilities and through non-VA, or community care, providers, including medical centers, outpatient clinic facilities, contract hospitals, State homes, and outpatient programs on a fee basis. Hospital and outpatient care is also provided by the private sector for certain dependents and survivors of veterans under the Civilian Health and Medical Programs for the Department of Veterans Affairs (CHAMPVA). In addition to this funding, the Budget reflects balances from mandatory funding provided in section 801 of the Veterans Choice Act (P.L. 113-146): \$47 million in unobligated balances remained available at the start of 2019.

WORKLOAD

Estimated obligations and workload for seven categories of health care services are shown below: outpatient care, inpatient care, mental health care, long term services and supports, prosthetics care, dental care, and rehabilitation care. In addition, estimated obligations and workload are also shown for six programs: CHAMPVA and other dependent programs, readjustment counseling, Caregivers, pharmacy, the Camp Lejeune Family Member program, and State Home programs.

Outpatient care.—Obligations for 2020 are estimated to be \$21,342 million in the Medical Services account and \$6,629 million in the Medical Community Care account for this health service category, which includes funding for ambulatory care in VA hospital-based and community-based clinics.

Estimated operating levels are:

Mental health care.—Obligations for 2020 are estimated to be \$7,279 million in the Medical Services account and \$249 million in the Medical Community Care account for the inpatient, residential, and outpatient care of veterans with conditions related to mental illness, including alcohol and drug problems. Mental health services and operations ensure the availability of a range of services, from treatment of a variety of common mental health conditions in primary care to more intensive interventions in specialty mental health programs for more severe and persisting mental health conditions. Specialty services such as evidence-based psychotherapies, intensive outpatient programs, residential rehabilitation treatment, and inpatient care are available to meet the range of veterans' needs.

Long term services and supports (LTSS).—Obligations for 2020 are estimated to be \$3,872 million in the Medical Services account and \$2,724 million in the Medical Community Care account for the care of veteran residents in VA- and community-operated long-term care programs. VA offers a spectrum of geriatric and extended care services to veterans enrolled in its health care system. The spectrum of long-term care services includes non-institutional and institutional services. All VA medical centers provide home- and community-based long-term care programs. The patient-focused approach supports veterans who wish to live safely at home in their own communities for as long as possible.

Prosthetics care.—Obligations in the Medical Services account for 2020 are estimated to be \$3,901 million for veterans. Prosthetic and Sensory Aids Service is an integrated delivery system designed to provide medically prescribed prosthetic and sensory aids, medical devices, assistive aids, repairs and services to eligible disabled veterans to maximize their independence and enhance their quality of life. This includes, but is not limited to, artificial limbs, hearing aids, and home oxygen; items that improve accessibility such as ramps and vehicle modifications, wheelchairs and mobility aids; and devices surgically placed in the veteran, such as stents.

Dental care.—Obligations for 2020 are estimated to be \$782 million in the Medical Services account and \$248 million in the Medical Community Care account for the treatment of veterans who require dental care. Dental care services are provided to eligible veterans with a "medical condition negatively impacted by poor dentition." These patients may include poorly controlled diabetic patients, patients with head or neck cancer, organ transplant patients, and others. Veterans with a 100-percent service-connected disability are eligible for comprehensive dental care as needed. In addition, homeless veterans enrolled in certain residential treatment programs are also eligible for dental treatment.

Rehabilitation.—Obligations for 2020 are estimated to be \$782 million in the Medical Services account and \$248 million in the Medical Community Care account for the provision of rehabilitative care, including Blind Rehabilitation and Spinal Cord Injury programs. These services include inpatient and outpatient blind and vision rehabilitation programs, adjustment to blindness counseling, patient and family education, and assistive technology. The mission of Spinal Cord Injury and Disorders (SCI/D) services is to promote the health, independence, quality of life and productivity of individuals with spinal cord injury and disorders through

efficient delivery of acute rehabilitation, psychological, social, vocational, medical and surgical care, professional training, as well as patient and family education.

Readjustment Counseling.—Obligations in the Medical Services account for 2020 are estimated to be \$230 million. This program provides readjustment counseling services at VA Vet Centers. Vet Centers are community-based counseling centers that provide a wide range of social and psychological services to include: professional readjustment counseling to veterans who have served in a combat zone, military sexual trauma counseling, bereavement counseling for families who experience an active duty death, substance abuse assessments and referral, medical referral, Veterans Benefits Administration (VBA) benefits explanation and referral, and employment counseling. Services are also extended to the family members of eligible veterans for issues related to military service and the readjustment of those veterans.

Caregivers (Title I) Programs.—Obligations in the Medical Services account for 2020 are estimated to be \$700 million. The Caregivers and Veterans Omnibus Health Services Act of 2010 (P.L. 111–163), authorized VA to provide assistance and support services for Caregivers of eligible veterans. This program provides a wide range of services for primary caregivers to include: a monthly personal caregiver stipend, respite care, access to mental health services, beneficiary travel, and health care benefits through the existing CHAMPVA Program.

Pharmacy.—Obligations in the Medical Services account for 2020 are estimated to be \$7,987 million for pharmacy costs. VA's use of medication therapies is a fundamental underpinning of how VA delivers health care today. VA's primary focus is on diagnosis and treatment in an ambulatory environment and home environment basis with institutional care as the modality of last resort.

Camp Lejeune Family Member Program.—Obligations in the Medical Community Care account for 2020 are estimated to be \$1 million for the Camp Lejeune Family Member program. The Honoring America's Veterans and Caring for Camp Lejeune Families Act of 2012 (P.L. 112–154) extended eligibility for VA hospital care and medical services to certain veterans who were stationed at Camp Lejeune, North Carolina, for at least 30 days between 1957 and 1987. Family members of such veterans who resided,

MEDICAL SERVICES—Continued

or were in utero, at Camp Lejeune for at least 30 days during that period are eligible for reimbursement of hospital care and medical services for 15 specified illnesses and conditions, and VA is the payer of last resort.

State Home Programs.—Obligations in the Medical Community Care account for 2020 are estimated to be \$1,514 million for State Home Programs. State Veterans Homes are facilities approved by VA that a State has established primarily for the care of Veterans disabled by age, disease, or otherwise, who, because of such disability, are incapable of earning a living. VA pays a per diem to States for the care of eligible veterans, but the per diem rates are different for each of the three levels of care offered: Nursing Home Care, Domiciliary Care, or Adult Day Health Care (ADHC).

Public Law 113–146, Veterans Choice Act, Section 801.—The Veterans Access, Choice, and Accountability Act of 2014 (P.L. 113–146) ("Veterans Choice Act") was enacted on August 7, 2014. The 2020 Budget supports continued implementation of the Veterans Choice Act and the Administration's goal of providing timely, high-quality health care for our Nation's veterans. The Veterans Choice Act provided \$5 billion in mandatory funding in section 801 to increase veterans' access to health care by hiring more physicians and staff and improving the VA's physical infrastructure. Obligations in the Medical Services account for 2020 are estimated to be \$14 million for section 301 activities.

Estimated obligations in the Medical Services account are:

The Medical Community Care appropriation provides funding for community care services to eligible veterans, which has been an essential part of the Department of Veterans Affairs (VA) health care system for decades.

The Budget reflects the following discretionary appropriation funding from 2019 through 2021: the 2019 enacted advance appropriation of \$8.4 billion, together with an additional \$1.0 billion as provided by the Energy and Water, Legislative Branch, and Military Construction and Veterans Affairs Appropriations Act, 2019 (Public Law 115–244); the 2020 advance appropriation request of \$10.8 billion and additional funding of \$4.5 billion in support of the VA Maintaining Internal Systems and Strengthening Integrated Outside Networks (MISSION) Act of 2018 (Public Law 115–182); and the 2021 advance appropriation request of \$17.1 billion. The VA MISSION Act of 2018 provides eligible veterans greater choice in where they receive their care.

The 2021 request for advance appropriation fulfills the Administration's commitment to provide reliable and timely resources to support the delivery of accessible and high-quality medical services for veterans.

Medical Support and Compliance finances the expenses of management, security, and administration of the Department of Veterans Affairs (VA) healthcare system through the operation of VA medical centers, other facilities, Veterans Integrated Service Network offices and facility director

MEDICAL SUPPORT AND COMPLIANCE—Continued

offices, chief of staff operations, quality of care oversight, legal services, billing and coding activities, procurement, financial management, and human resource management.

For Medical Support and Compliance, the Budget reflects the following discretionary appropriation funding from 2019 through 2021: the 2019 enacted advance appropriation of \$7.2 billion, together with a reduction of \$211 million to reflect the rescission of funds provided by the Energy and Water, Legislative Branch, and Military Construction and Veterans Affairs Appropriations Act, 2019 (Public Law 115–244); the 2020 advance appropriation request of \$7.2 billion and additional funding of \$98.8 million in support of the VA Maintaining Internal Systems and Strengthening Integrated Outside Networks (MISSION) Act of 2018 (Public Law 115–182); and the 2021 advance appropriation request of \$7.9 billion. In addition to this funding, the Budget reflects balances from mandatory funding provided in section 801 of the Veterans Access, Choice, and Accountability Act of 2014 (Public Law 113–146): \$16 million in unobligated balances remained available at the start of 2019.

The 2021 advance appropriations request fulfills the Administration's commitment to provide reliable and timely resources to support the delivery of accessible and high-quality medical services for veterans.

The purpose of the Department of Defense-Veterans Affairs Health Care Sharing Incentive Fund, often referred to as the Joint Incentive Fund (JIF), is to enable the Departments to carry out a program to identify and provide incentives to implement creative sharing initiatives at the facility, intra-regional and nationwide levels. The JIF promotes collaboration and new approaches to problem solving to enable the Departments to improve the coordination of health care services. The Departments have established the fund and developed processes and criteria to solicit and select projects. Section 721 of the National Defense Authorization Act for Fiscal Year 2003, Public Law 107–314, established the fund and requires the Departments to establish a joint incentive program. In 2020, each Secretary shall contribute a minimum of \$15 million to the fund after the appropriation is enacted.

Medical Facilities provides for the operations and maintenance of the capital infrastructure required to provide healthcare to the Nation's veterans. These costs include utilities, engineering, capital planning, leases, laundry services, grounds maintenance, trash removal, housekeeping, fire protection, pest management, facility repair and maintenance, and property disposition and acquisition.

For Medical Facilities, the Budget reflects the following discretionary appropriation funding from 2019 through 2021: the 2019 advance appropriation of \$5.9 billion and an annual appropriation of \$890 million provided in the Energy and Water, Legislative Branch, and Military Construction and Veterans Affairs Appropriations Act, 2019 (P.L. 115-244); the 2020 advance appropriation of \$6.1 billion; and the 2021 advance appropriation request of \$6.4 billion. In addition to this funding, the Budget reflects balances from mandatory funding provided in section 801 of the Veterans Access, Choice, and Accountability Act of 2014 (P.L. 113-146): \$21 million in unobligated balances remained available at the start of 2019.

The 2021 advance appropriation request fulfills the Administration's commitment to provide reliable and timely resources to support the delivery of accessible and high-quality medical services for veterans.

For 2020, the total budgetary resources of over \$2 billion is comprised of \$762 million in direct appropriations, \$648 million in medical care support such as physicians' pay, utilities and other overhead, \$570 million in Federal grants and other non-Federal resources, and \$55 million in reimbursements. The Department of Veterans Affairs' (VA) research program will support 3,165 full time equivalents through direct appropriations and reimbursable resources. These combined resources will support 2,200 research projects.

This account is an intramural research program with outstanding success leading to critical clinical achievements that improve the health and quality of life for veterans and the Nation. As a health research program focused exclusively on the needs of veterans, VA research continues to play a vital role in the care and rehabilitation of our men and women who have served in uniform. Building on more than 90 years of discovery and innovation engaging veterans as research volunteers, VA research has a proud track record of transforming VA healthcare by bringing new evidence-based treatments and technologies into everyday clinical care. In 2020, VA will continue to invest in several cross-cutting clinical priorities, including suicide prevention, opioid safety and pain management, post-traumatic stress disorder (PTSD), traumatic brain injury (TBI), mental health, and Gulf War Illness. VA research has led the way in developing effective treatments, behavioral interventions, and devices in clinical trials. These investments support VA's strong track record of facilitating the implementation of research findings directly into clinical practice.

The Department of Veterans Affairs (VA) and the Department of Defense (DOD) will each contribute funding to the Joint Department of Defense-Department of Veterans Affairs Medical Facility Demonstration Fund, established by section 1704 of Public Law 111-84, the National Defense Authorization Act for Fiscal Year 2010. This funding will support the continuing operations of the Captain James A. Lovell Federal Health Care Center (FHCC), which opened on December 20, 2010. In 2019 and 2020, VA expects to transfer funds from the Medical Services, Medical Community Care, Medical Support and Compliance, Medical Facilities, and Information Technology Systems accounts, while DOD expects to transfer funds from the Defense Health Program account.

The Veterans Access, Choice, and Accountability Act of 2014 ("Veterans Choice Act"), Public Law 113–146, provided \$10 billion in mandatory funding through 2017 to establish a temporary program ("Veterans Choice Program") improving veterans' access to health care by allowing eligible veterans who meet certain wait-time or distance standards to use eligible health care providers outside the Department of Veterans Affairs (VA) system. The law directed that this funding be deposited in the Veterans Choice Fund. In July 2015, the Congress provided emergency funding for Hepatitis C (\$500,000,000) and Care in the Community (\$2,848,500,000) by passing Public Law 114–41, the Surface Transportation and Veterans Health Care Choice Improvement Act of 2015, which gave VA temporary authority to use Veterans Choice Fund dollars on other programs. This authority ended on October 1, 2015 and did not extend into 2016.

Public Law 115–26 amended the Veterans Choice Act to eliminate the August 7, 2017 sunset date for the Veterans Choice Program, thus allowing the program to operate until all of the money in the Veterans Choice Fund is expended.

Public Law 115–46, the VA Choice and Quality Employment Act of 2017, provided \$2.1 billion in mandatory funding for the Veterans Choice Fund, to remain available until expended. In 2018, Public Law 115–96 provided \$2.1 billion more in mandatory funding, to remain available until expended; and Public Law 115–182, the MISSION Act, provided an additional \$5.2 billion in mandatory funding, to remain available without fiscal year limitation. The MISSION Act provides flexibility of Veterans Choice Fund dollars beginning on March 1, 2019, authorizing permanent authority for other uses. In addition, the MISSION Act sunset the Choice Program in June 2019 and established the new Veterans Community Care Program.

This fund consists of gifts, bequests, and proceeds from the sale of property left in the care of the facilities by former beneficiaries; patients' fund balances; and proceeds from the sale of effects of beneficiaries who die leaving no heirs or without having otherwise disposed of their estate. Such funds are used to promote the comfort and welfare of veterans at hospitals, nursing homes, and domiciliaries where no general appropriation is available. Public Law 102–54 authorizes compensation work therapy and therapeutic transitional housing and loan programs to be funded from the General Post Fund (38 U.S.C. chapters 83 and 85).

For 2021, the Budget requests \$116,801,316,000 in advance appropriations for Compensation and Pensions. This request satisfies the requirement created by the Consolidated and Further Continuing Appropriations Act, 2015 (P.L. 113-235) and prevents our Nation's veterans from being adversely affected by budget delays.

This appropriation provides for the payment of compensation, pension, and burial benefits to veterans and survivors.

Compensation is paid to veterans for disabilities incurred in or aggravated during active military service. Dependency and Indemnity Compensation is paid to survivors of servicepersons or veterans whose death occurred while on active duty or as a result of service-connected disabilities. Compensation and vocational rehabilitation is provided to the children of Vietnam veterans who were born with certain birth defects. The Secretary may pay a clothing allowance to each veteran who uses a prescribed medication for a service-connected skin condition or wears a prosthetic or orthopedic appliance (including a wheelchair) which, in the judgment of the Secretary, tends to damage or tear the clothing of such veteran.

Miscellaneous benefits provided for are:

(a) payments for claims made pursuant to the provision of the World War Adjusted Compensation Act of 1924, as amended;

(b) a special allowance (38 U.S.C. 1312) to dependents of certain veterans who died after December 31, 1956, but who were not fully and currently insured under the Social Security Act; and

(c) payments authorized by the Equal Access to Justice Act.

The appropriation also provides for a program to allow the Department of Veterans Affairs (VA) to perform income matches for certain compensation recipients.

In accordance with Public Law 97–377, the Reinstated Entitlement Program for Survivors (REPS) program restores Social Security benefits to certain surviving spouses or children of veterans who died of service-connected causes.

Legislation is proposed to provide a cost-of-living adjustment comparable to the annual Social Security increase to recipients of disability compensation, dependency and indemnity compensation, and clothing allowances. The increase, effective with payments made on January 1, 2020, is expected to be 2.2 percent.

Pension benefits may be paid to veterans or their survivors. A veteran's entitlement is based on active duty service of a specific length (normally 90 days or more) during a designated war period, disabilities considered permanent and total, and countable income below established levels. There is no disability requirement for survivor cases or veterans age 65 or older. Income support is provided at established benefit levels.

An automatic annual cost-of-living increase comparable to the annual social security increase is provided for those pensioners in the improved program and to parents receiving dependency and indemnity compensation. The increase, effective with payments made on January 1, 2020, is expected to be 2.2 percent.

Prohibition of Entitlement to VA's Individual Unemployability Benefit for Individuals Serving in the Reserve Components. VA seeks to amend 38 U.S.C. section 1163 to prohibit entitlement to total disability ratings for compensation based on individual unemployability if the individual is concurrently performing duties in the reserve components and receiving active service pay from such duty. Benefit savings are estimated to be \$6.7 million in 2020, \$81.8 million over five years, and \$302.7 million over ten years.

Allow for Electronic Decision Notification, and Other Communications. VA seeks to amend provisions in 38 U.S.C. sections 7105 and 5104 to specifically allow for electronic notification of result of initial benefits review/determinations. VA also seeks to amend 38 U.S.C. section 101, updating definitions to allow for electronic communication between VA,

COMPENSATION AND PENSIONS—Continued

veterans, claimants, and other entities, where practicable, in the course of adjudicating claims. These changes are necessary to allow VA, veterans, and claimants to utilize modern electronic methods of communication to deliver timely and efficient decisions on claims. No benefits costs are associated with this proposal.

VA Schedule for Rating Disability (VASRD) Effective Dates. VA seeks to amend 38 U.S.C. section 1155 so that, when VASRD is readjusted, such changes would apply to any new or pending claims and may include action to decrease an existing evaluation. VA's current practice is that, when there are changes to VASRD, an increased evaluation for a disability cannot be granted under the old rating criteria; in addition, a disability evaluation cannot be decreased under the new rating criteria unless there has been a demonstrated improvement in the condition. This proposal would reduce the administrative burden of having adjudicators apply the old and new sets of criteria to claims and make VASRD easier to understand and apply for veterans and their representatives. VA would not adjust veterans' ratings downward on its own initiative, but would adjust ratings accordingly upon the veteran's request. This proposal would result in savings; however, insufficient data are available to estimate if savings would be significant.

Modernize VA's Records Management Program. VA seeks to amend title 38, U.S.C. by creating a new section 5707 to codify VBA's procedures with respect to imaged source paper files, input records, reports, or other documents under the Records Control Schedule required by title 44, U.S.C. No benefit costs are associated with this proposal.

Clarify Evidentiary Threshold for Ordering VA Examinations. VA seeks to amend 38 U.S.C. section 5103A(d)(2) to clarify the evidentiary threshold at which VA, under its duty to assist obligation in section 5103A, is required to request a medical examination for compensation claims. This proposal aims to eliminate delays in claims processing by establishing a more reasonable policy in determining when a VA examination is warranted in connection with a claim for compensation. In recent years, the courts have held that evidence necessary to satisfy the requirements of 38 U.S.C. section 5103A(d)(2) is much lower than VA or Congress contemplated. This proposed change would require, in general, the existence of objective evidence of an in-service event, injury, or disease to trigger VA's duty to request an examination under 38 U.S.C. section 5103A(d)(2). Benefit savings are estimated to be \$233.1 million in 2020, \$1.3 billion over five years, and \$2.8 billion over ten years.

Elimination of Payment of Benefits to the Estates of Deceased Nehmer Class Members and to the Survivors of Certain Class Members. VA seeks to amend 38 U.S.C. section 1116 to eliminate payment of benefits to the estates of deceased Nehmer class members and to survivors of certain class members when such benefits are the result of presumptions of service connection established pursuant to section 1116 for diseases associated with exposure to certain herbicide agents. This proposal would prevent the allocation of extensive resources to claims not contemplated by Congress and avoids potential for creating or substantially adding to VA's backlog. No benefits costs are associated with this proposal.

Attendance at Transition Assistant Program (TAP) or Access to eBenefits Meets the Requirements to Notify Veterans by Letter of VA Benefits and Services. VA seeks to amend 38 U.S.C. section 6303(b) to authorize VA to use TAP and eBenefits to notify each transitioning veteran by the most effective means available, including electronic communication or notification in writing, of all VA benefits and services for which they may be eligible. Currently, statute requires VA to send each veteran a letter with benefits information and to contact in-person or by telephone veterans who do not have a high school education or equivalent at the time of discharge or release. For those Veterans discharged or separated without a high-school diploma, this proposal would also eliminate the requirement for VA to make in-person or telephone contact regarding their eligibility for benefits, except in instances where they did not attend a TAP briefing or were not receiving information through eBenefits. No benefit costs are associated with this proposal.

Automatic Annual Cost-of-Living Adjustments (COLA) for Disability Compensation and Dependency and Indemnity Compensation (DIC). VA seeks to amend 38 U.S.C. sections 1104, 1303, and 5312 to provide for the annual COLA to be made automatically by law each year in the rates of disability compensation and DIC. The amendment would also provide for automatic COLA for clothing allowance and the additional compensation for dependents. No benefits costs are associated with this proposal.

Extend the Authority for Operations of the Manila VA Regional Office. VA seeks to extend the authority currently provided by 38 U.S.C. section 315(b) to maintain the operations of the Manila Regional Office to December 31, 2023. No benefit costs are associated with this proposal.

Round-Down of the Computation of the Cost of Living Adjustment (COLA) for Service-Connected Compensation and Dependency and Indemnity Compensation (DIC) for Five Years. VA seeks to amend 38 U.S.C. sections 1104(a) and 1303(a) to round-down COLA computations from 2020 to 2024. Savings are estimated to be \$34.3 million in 2020 and \$637.6 million over five years. This proposal would reinstate the round-down for five years; however, the cumulative effect of rounding-down COLAs for five years will total \$2.0 billion in savings over ten years.

Reimbursement of Credentialing Costs. VA seeks to amend 38 U.S.C. section 5729 to collect a reasonable fee necessary to offset the costs of performing background and other investigations needed for credentialing accredited attorneys and claims agents before they can access the automated VBA records of claimants whom they represent. No benefit costs are associated with this proposal.

Reissue VA Benefit Payments to all Victims of Fiduciary Misuse. VA seeks to amend 38 U.S.C. section 6107, which authorizes VA to reissue benefits to a beneficiary if the beneficiary's VA-appointed fiduciary misuses the beneficiary's benefits. This proposal would ensure equal treatment of all beneficiaries who are victims of misuse regardless of the nature and scope of the fiduciary's business or the fiduciary's relationship with the beneficiary. Benefit costs are estimated to be \$6.2 million in 2020, \$34.0 million over five years, and \$77.0 million over ten years.

Allow VA Contractors and Vendors Access to Federal Tax Return Information for Purposes of Assisting in the Administration of Certain VA Benefit Programs and Maintaining the Systems that VA Uses to Administer these Programs. VA seeks to amend 26 U.S.C. 6103(l)(7)(A) and (B) in order to allow VA contractors and vendors access to tax return information that is disclosed to VA. Under this proposal, VA personnel would continue to make determinations of entitlement for income-based programs and other discretionary decisions based upon the Federal tax information. However, VA could rely on contractors and vendors to help develop and maintain the information technology systems VA uses to administer needs-based programs. This proposal would eliminate the need for VA to create a complex information technology solution to mitigate contractor access to VA systems and benefits-related documents that contain tax information. No benefits costs are associated with this proposal.

Remove Annual Income from Net Worth Calculation. VA seeks to amend 38 U.S.C. sections 1522 and 1543 to remove the requirement that VA consider annual income in its net worth determinations. VA's intent with this proposal is to allow more fair and consistent net-worth calculations and to promote pension automation with respect to net worth calculations. Benefit costs are estimated to be insignificant.

Authorize VA to Rely on Unearned and Earned Income Information Supplied by the IRS and Earned Income Information Available from the SSA for Purposes of Determining Eligibility for its Needs-Based Pension Program, and Eliminate the Need for VA to Independently Verify the Information. VA seeks to amend 38 U.S.C. 5317(b) and (e) to authorize VA to rely on information it obtains from the Internal Revenue Service (IRS) and Social Security Administration (SSA) when making initial pension eligibility determinations. VA also proposes to remove the requirement that VA independently verify the information. No benefits costs are associated with this proposal.

Authorize VA to Pay a Flat Rate for the Costs of Domestic Transportation of a Deceased Veteran to a National Cemetery. VA seeks to amend 38 U.S.C. section 2308 to authorize VA to pay a one-time, inflation-indexed, flat-rate benefit for the domestic transportation of a deceased veteran to a national cemetery. This would allow VA to automate adjudication and payment of these claims, providing more timely benefits to survivors without requiring them to prove their actual expenses during a difficult and vulnerable period of transition. No benefit costs are associated with this proposal.

Extension of Reduced Pension for Certain Veterans and Survivors Covered by Medicaid Plans for Services. VA seeks to amend 38 U.S.C. section 5503(d) to extend through September 30, 2029, the limit to \$90 in pension payable to certain recipients of Medicaid-covered nursing home care. This authority protects pension payments from being applied to the cost of the recipient's nursing home care. Public Law 115–182, section 509, last extended this authority to September 30, 2028. Benefit savings would not occur until 2029; therefore, savings would be \$0 over the first five years. Estimated savings over ten years are \$245.1 million.

Spousal and Dependent Inscriptions on Veteran Headstones and Markers. VA seeks to amend 38 U.S.C. section 2306 to allow VA to inscribe, if feasible and upon request, on a Government-furnished headstone or marker for placement on a gravesite in a non-VA cemetery information about the veteran's spouse or dependent child. The proposed applicability date would be to add such an inscription for the headstones and markers of veterans whose date of death is on or after January 1, 2015. Benefit costs are estimated to be \$868 thousand in 2020, \$4.0 million over five years, and \$7.8 million over ten years.

Authorization to Provide Outer Burial Receptacles (OBR) for State and Tribal Organization Cemeteries. VA proposes to amend 38 U.S.C. 2306 to provide an outer burial receptacle (OBR) benefit for any casketed gravesite for eligible veterans and their family members interred in State and tribal veterans cemeteries that received grant funding through VA's Veterans Cemetery Grants Program. This would ensure parity for the OBR benefit for eligible individuals in any cemetery that has a mission to provide burial for veterans and their eligible dependents, and would alleviate the additional financial burden on the families of veterans to purchase an OBR if they choose to bury the veteran or an eligible family member in a State or tribal veterans cemetery. Mandatory costs are estimated to be \$1.9 million in 2020, \$13.5 million over five years, and \$36.2 million over ten years.

Authorization to Pay Cost of Transporting Unclaimed Remains of Veterans to a VA-funded State or Tribal Organization Cemetery. VA seeks to amend title 38 U.S.C. section 2308 to expand the provision of the transportation allowance to cover those unclaimed remains of veterans transported to a VA-funded veterans cemetery owned by a State or Tribal organization. Currently, VA is only authorized to provide an allowance for the cost of transporting the remains to the nearest VA national cemetery. Benefit costs are estimated to be insignificant.

Burial Benefit Eligibility Requirement for Other-Than-Dishonorable Service for Deaths in Active Service. VA seeks to amend title 38 U.S.C. section 2402(a)(1) to require that a servicemember who dies in active service must have been serving under conditions other than dishonorable to be eligible for burial in a national cemetery. This proposal would also amend title 38 U.S.C. section 2306(b)(4)(A) and (g)(2) to impose the same requirement for eligibility for a memorial headstone or marker and amend title 38 U.S.C. section 2301(d) to do the same for eligibility for a burial flag. No benefit costs are associated with this proposal.

Expansion of Eligibility for Government-Furnished Headstone, Marker or Medallion for Medal of Honor Recipients. VA seeks to amend 38 U.S.C. section 2306 to allow VA to furnish or replace a headstone, marker, or medallion for the grave of an eligible Medal of Honor recipient, regardless of the recipient's dates of service, date of death, or location. Benefit costs are estimated to be insignificant.

READJUSTMENT BENEFITS

For the payment of readjustment and rehabilitation benefits to or on behalf of veterans as authorized by chapters 21, 30, 31, 33, 34, 35, 36, 39, 41, 51, 53, 55, and 61 of title 38, United States Code, **[\$14,065,282,000]** *\$12,578,965,000*, to remain available until expended and to become available on October 1, **[2019]** *2020*: *Provided*, That expenses for rehabilitation program services and assistance which the Secretary is authorized to provide under subsection (a) of section 3104 of title 38, United States Code, other than under paragraphs (1), (2), (5), and (11) of that subsection, shall be charged to this account. For 2021, the Budget requests \$12,578,965,000 in advance appropriations for Readjustment Benefits. This request satisfies the requirement created by the Consolidated and Further Continuing Appropriations Act, 2015 (P.L. 113–235) and prevents our Nation's veterans from being adversely affected by budget delays.

This appropriation finances educational assistance allowances for certain servicemembers, veterans, and for eligible dependents of those: (a) veterans who died from service-connected causes or have a total and permanent rated service-connected disability; and (b) servicemembers who were captured or missing in action. In addition, certain disabled veterans are provided with vocational rehabilitation, specially adapted housing grants, and automobile grants with the associated approved adaptive equipment. Voluntary contributions by eligible servicemembers and matching contributions provided by the Department of Defense are included in the Post-Vietnam Era Veterans Education Account.

The Post–9/11 GI Bill (Chapter 33).—Public Law 110–252 greatly expanded education benefits beginning on August 1, 2009. Based on length of active duty service and training rate, trainees may be entitled to benefits including: tuition and fees, housing allowance, books and supplies stipend, kickers, and Yellow Ribbon matching payments. Certain active duty members of the Armed Forces may transfer benefits to a spouse or children.

All volunteer force educational assistance (Montgomery GI Bill).—Public Law 98–525, enacted October 19, 1984, established two new educational programs: an assistance program for veterans who enter active duty during the period beginning July 1, 1985; and an assistance program for certain

members of the Selected Reserve. Public Law 108–375 established a program to provide educational assistance to members of the reserve components called or ordered to active service in response to a war or national emergency declared by the President or the Congress, in recognition of the sacrifices that those members make in answering the call to duty. The Readjustment Benefit appropriation pays the basic benefit allowance for veterans, except for certain Post-Vietnam Era Veterans Education participants who transferred to the Montgomery GI Bill program. Supplementary educational assistance, Post-Vietnam Era Veterans Education converters, reservists, and the National Call to Service Program are financed by payments from the Department of Defense.

Survivors and Dependents Educational Assistance (Chapter 35).—Benefits are provided to children and spouses of veterans who died of a service-connected disability or whose service-connected disability is rated permanent and total. In addition, dependents of servicemembers missing in action or interred by a hostile foreign government for more than 90 days are also eligible. The following table provides a comparison of trainees and costs for the Dependents Educational Assistance.

The Veterans Retraining Assistance Program.—Established under Public Law 112–56, is a program that, from July 1, 2012 through March 31, 2014, provides up to 12 months of retraining assistance to veterans at least 35 years of age but not more than 60 years of age, who are unemployed, received an honorable discharge and have no eligibility remaining for other education benefits. Veterans participating in this program would receive monthly payments equal to the three-year payment rate under the Montgomery GI Bill (MGIB) chapter 30. Although veterans are no longer training under this program, the Department of Veterans Affairs (VA) is still required to issue equitable relief payments when approved by the Secretary.

The following table shows a caseload and cost comparison for these beneficiaries under existing legislation.

Vocational Rehabilitation and Employment (Chapter 31).—Servicemembers and veterans with service-connected disabilities receive the assistance necessary to help them prepare for, obtain, and maintain suitable employment. Comprehensive assessments may include interest and aptitude testing as well as specialized assessments such as functional capacity examinations. During the training phase of the program, eligible servicemembers and veterans are provided assistance for necessary training such as tuition, fees, books and supplies at colleges, technical schools and other training programs. A veteran enrolled in training receives a monthly subsistence allowance. Eligible veterans may also receive specialized or adaptive equipment to help them overcome a disability or enable them to compete with non-disabled individuals. At the completion of training, veterans are provided with employment and placement services, including supplies and equipment needed to enter employment, adaptive equipment and workplace accommodations, incentives to employers to reimburse them for hiring and training veterans with disabilities, and two final months of subsistence allowance.

Specially Adapted Housing Grants.—Specially adapted housing grants are provided to certain severely disabled veterans. In 2019, the maximum grant amount is \$85,645. Veterans who suffer service-connected blindness or who have lost the use of both upper extremities can receive up to \$17,130.

Specially Adapted Housing Assistive Technology Grants.—Under the Veterans Benefits Act of 2010 (P.L. 111–275), VA may provide grants of up to \$200,000 per fiscal year to individuals or entities for the development of specially adapted housing assistive technologies and limits to \$1 million the aggregate amount of such grants VA may award in any fiscal year.

Automobile Grants and Adaptive Equipment.—Certain disabled veterans are provided with automobile grants with the associated approved adaptive equipment. An allowance is provided to certain service-disabled veterans and servicemembers toward the purchase price of an automobile. The maximum allowance increased to \$21,058.69 in 2019 under The Veterans Benefits Act of 2010 (P.L. 111–275) and will continue to increase based on the CPI-U. Adaptive equipment and the maintenance and replacement of such equipment is also provided.

Tuition Assistance.—Public Law 106–398, enacted October 30, 2000, allows the military services to pay up to 100 percent of tuition and expenses charged by a school for servicemembers. If a service department pays less than 100 percent, a servicemember eligible for the Montgomery GI Bill Active-duty (MGIB) or the Post–9/11 GI Bill (Chapter 33) can elect to receive VA benefits for all or a portion of the remaining expenses. Public Law 108–454 established a program that provides availability of education benefits for payment for national admissions exams and national exams for credit at institutions of higher education.

The National Exams.—The benefit allows VA to reimburse for the fee charged for national tests for admission to institutions of higher learning and national tests providing an opportunity for course credit at institutions of higher learning.

Licensing and Certification Test Payments.—Under Public Law 106–419, veterans and other eligible persons may receive up to \$2,000 to pay fees required for civilian occupational licensing and certification examinations needed to enter, maintain, or advance in employment in a vocation or profession, effective March 1, 2001.

National Call to Service.—The 2003 National Defense Authorization Act directs the Department of Defense to offer an active duty enlistment option of 15 months plus training time to facilitate interest in National Service. Program participants will be given the opportunity to select one of the following incentives: a \$5,000 enlistment bonus, repayment of student loans up to \$18,000, or one of two education allowances.

Work-Study.—Certain veterans, reservists, and dependents pursuing a program of rehabilitation, education or training, who are enrolled as full-time students, can work up to 250 hours per semester, receiving the Federal (\$7.25 as of July 24, 2009) or State minimum wage rate, whichever is higher.

Payments to States.—State approving agencies are reimbursed for the costs of inspecting, approving, and supervising programs of education and training offered by educational institutions and training establishments in which veterans, dependents, and reservists are enrolled or are about to enter.

Reporting Fees.—Reporting fees are paid to education and training institutions to help defray the costs of certifying education enrollment for veterans enrolled in training during a calendar year.

Require an Individual to Make an Election to Receive Educational Assistance under the Montgomery GI Bill Active Duty (MGIB-AD) Program. VA seeks to amend 38 U.S.C. section 3011(c)(1) to require an individual to make an election to receive MGIB-AD educational assistance before the Department of Defense (DoD) can begin the \$100 pay reduction. Although this proposal would not directly impact VA's mandatory Readjustment Benefits account, it would decrease the amount withheld from basic pay of servicemembers and deposited into the general fund of the Treasury as a miscellaneous/proprietary receipt. Treasury's receipts are counted as a negative outlay; therefore, reduced collections results in an increase in Federal outlays. VA estimates this proposal would increase Federal outlays by \$50.7 million in 2020, \$196.8 million over five years, and \$300.3 million over ten years.

Prevent VA from Providing Unlimited Amounts of Payment for Flight Training at Public Schools. VA seeks to amend 38 U.S.C. section 3313(c) to add a new section (j) to impose tuition and fee payment caps at institutions of higher learning with flight training programs and establish a maximum allowable fee structure for all VA-funded flight programs. Benefit savings are estimated to be \$27.9 million in 2020, \$148.6 million over five years, and \$326.9 million over ten years.

Approve Preparatory Courses of Licensing and Certification Exams for GI Bill Benefits. VA seeks to amend 38 U.S.C. section 3002(3)(B) to add a preparatory course for a test that is required to enter into, maintain, or advance in a given vocation or profession. Benefit costs are estimated to be \$1.2 million in 2020, \$5.8 million over five years, and \$11.4 million over ten years.

Round-Down of the Computation of the Cost-of-Living Adjustment (COLA) for Certain Education Programs for Ten Years. VA seeks to amend 38 U.S.C. sections 3015(h) and 3564 to round-down COLA computations from 2020 to 2029. This proposal would require that such increases be rounded down to the next lower whole dollar. Benefit savings are estimated to be \$1.3 million in 2020, \$13.2 million over five years, and \$54.3 million over ten years.

Allow for Extension of a Period of Employment Services under Chapter 31. VA seeks to amend 38 U.S.C. section 3105(b)(1) to allow a period of employment services to be extended for up to six months for a total of 24 months, if needed, to accomplish rehabilitation. The extended period of service would increase the veteran's marketability and employment options. No benefit costs are associated with this proposal.

Restoration of Entitlement to Chapter 31 Assistance for Veterans Affected by School Closure or Disapproval. VA seeks to amend 38 U.S.C. 3699 to extend the restoration of entitlement to educational assistance for veterans affected by school closure or disapproval, implemented by section 109 of the Howard W. Colmery Veterans Educational Assistance Act of 2017 (Forever GI Bill), to apply to vocational rehabilitation programs provided under chapter 31. Benefit costs are estimated to be \$571 thousand in 2020, \$1.8 million over five years, and \$3.6 million over ten years.

Eliminate Certain Provisions that Limit the Amount of Specially Adapted Housing (SAH) Assistance to Pay for Construction of an Adapted Home. VA seeks to amend 38 U.S.C. section 2102(a) to eliminate an element of the statutory formula that reduces the amount of grant funds otherwise available to an eligible veteran to construct an adapted housing unit. Benefit costs are estimated to be insignificant.

Authorize the Secretary to Collect Overpayments of Grant Funds Made under Chapter 21. VA seeks to amend 38 U.S.C. section 2102 to explicitly authorize the Secretary to collect overpayments made to any veteran or other entity in connection with the acquisition or delivery of Specially Adapted Housing (SAH). This proposed authority is consistent with VA's authority under 38 U.S.C. section 3685 to collect overpayments made in connection with its education programs. Benefit savings are estimated to be insignificant.

Extension of Authority for Specially Adapted Housing Assistive Technology (SAH-AT) Grant Program. VA seeks to amend 38 U.S.C. section 2108(g) to extend the authority of the Secretary to administer the SAH Assistive Technology (SAH-AT) grant program through September 30, 2024. Section 203 of Public Law 111–275 (Veterans Benefits Act of 2010) established the SAH-AT grant program with a sunset date of September 30, 2016. Section 122 of Public Law 115–251 last extended this authority through September 30, 2020. Benefit costs associated with this proposal are \$0 in 2020, \$4 million over five years, and \$4 million over ten years.

For 2021, the Budget requests \$129,224,000 in advance appropriations for Veterans Insurance and Indemnities. This request satisfies the requirement created by the Consolidated and Further Continuing Appropriations Act, 2015 (P.L. 113–235) and prevents our Nation's veterans from being adversely affected by budget delays.

Note.—Department of Veterans Affairs insurance policy loans are not an extension of Federal credit. Credit schedules previously shown for this account have been discontinued.

The insurance business line administers six life insurance programs, including two trust funds, two public enterprise funds, a trust revolving fund, and Veterans' Mortgage Life Insurance (VMLI), and supervises four additional programs for the benefit of servicepersons, veterans, and their beneficiaries through contracts with a commercial company. All programs are operated on a commercial basis, to the extent possible, consistent with all applicable statutes. The insurance appropriation is the supplemental funding mechanism for the following Government life insurance activities: National Service Life Insurance (NSLI); Service-Disabled Veterans Insurance Fund (S-DVI); and Veterans' Mortgage Life Insurance.

National Service Life Insurance (NSLI).—Payments are made to the NSLI fund for certain World War II veterans for: (a) extra hazards of service; (b) gratuitous insurance granted to certain persons unable to apply for National Service Life Insurance; and (c) death claims on policies under the waiver of a premium while the insured was on active duty.

Payment to Service-Disabled Veterans Insurance Fund (S-DVI).—Payments are made to the S-DVI fund to supplement the premiums and other receipts of the fund in amounts necessary to pay claims on insurance policies issued to veterans with service-connected disabilities.

Veterans' Mortgage Life Insurance.—Payments are made to mortgage holders under this program, which provides mortgage protection life insurance to veterans who have received a grant for specially adapted housing due to severe disabilities. The trend in the number and amount of insurance policies in force appears in the following table.

This fund was established under the Consolidated Security, Disaster Assistance, and Continuing Appropriations Act of 2009 (P.L. 110–329), to make payments to eligible persons who served in the Philippines during

World War II. Payments were subsequently authorized by the Congress in the American Recovery and Reinvestment Act of 2009 (P.L. 111–5). Original funding of \$198,000,000 was supplemented by a transfer of \$67,000,000 authorized by Public Law 111–212 that remains available until expended. Payments to citizens of the United States are \$15,000. Payments to non-U.S. citizens are \$9,000.

General Operating Expenses, Veterans Benefits Administration.—The total cost of administering veterans insurance programs is funded through direct appropriations to this account and through reimbursements from the insurance trust fund. This appropriation provides for the Department's top management direction and administrative support, including fiscal, personnel, and legal services, as well as for the administration of veteran benefits.

Note.—Reflects FTE treated as reimbursements in all years and the effects of Credit Reform, per Public Law 101–508.

The Insurance Act of 1951 established the Service-Disabled Veterans Insurance (S-DVI) program for veterans with service-connected disabilities. S-DVI is open to veterans who separated from the service on or after April 25, 1951. This fund finances the payment of claims on existing life insurance policies and remains open for new issues at standard rates to veterans having service-connected disabilities.

OPERATING COSTS

Death claims.—Represents payments to designated beneficiaries.

All other.—Represents payments to policyholders who surrender their policies for their cash value and hold endowment policies which have matured.

Capital investment.—A policyholder may borrow up to 94 percent of the value of his or her policy.

Administration.—Represents the administrative costs of claims processing and account maintenance.

The trend in the number and amount of policies in force is indicated in the following table.

POLICIES AND INSURANCE IN FORCE

	2018 actual	2019 est.	2020 est.
Number of policies (EOY)	277,063	277,881	278,159
Insurance in force (dollars in millions) (EOY)	\$2,911	\$2,946	\$2,967

Financing.—Operations are financed from premiums and other receipts. Additional funds are received by transfer from the Veterans Insurance and Indemnities appropriation, instead of direct appropriations to this fund.

Operating results and financial condition.—Since premium and other receipts are insufficient to cover operations, the fund continues to project liabilities in excess of assets. The deficit is expected to reach an estimated \$1,450 million by September 30, 2019. The expected deficit is financed by additional funds from the above-mentioned Veterans Insurance and Indemnities appropriations.

Note.—Department of Veterans Affairs insurance policy loans are not an extension of Federal credit. Credit schedules previously shown for this account have been discontinued.

This fund pays claims and administrative costs on participating life insurance policies issued during the period May 1, 1965, through May 2, 1966, under three life insurance programs: 1) service-disabled standard insurance; 2) service-disabled rated insurance; and 3) nonservice-disabled insurance availing disabled World War II and Korean conflict veterans an opportunity to acquire life insurance coverage who were no longer eligible for other government insurance.

Budget program:

Death claims.—Represents payments to designated beneficiaries.

Dividends.—Policyholders participate in the distribution of annual dividends.

All other.—This represents resources for the administrative costs of processing claims and maintaining the accounts, and to those policyholders who: (a) surrender their policies for cash value; (b) hold endowment policies which have matured; and (c) have purchased total disability income coverage and subsequently become disabled.

Policy loans made.—A policyholder may borrow up to 94 percent of the cash value of his policy at an interest rate adjusted to reflect private sector borrowing costs.

The following table reflects the decrease in the number of policies and the amount of insurance in force:

Number of policies	7,902	6,268	4,877
Insurance in force (dollars in millions)	\$84	\$61	\$48

Financing.—Operations are financed from premiums collected from policyholders and interest on investments. Excess earnings of the fund are distributed to the policyholders in the form of an annual dividend.

This fund finances the payment of group life insurance premiums to private insurance companies under the Servicemembers' Group Life Insurance (SGLI) Act of 1965, as amended. SGLI is a program for servicemembers on active duty, ready reservists, members of the National Guard, members of the Commissioned Corps of the National Oceanic and Atmospheric Administration and the Public Health Service, cadets and midshipmen of the four service academies, and members of the Reserve Officer Training Corps. SGLI coverage is available in \$50,000 increments up to the maximum of \$400,000. Veterans' Group Life Insurance (VGLI) is a program of post-separation insurance which allows servicemembers to convert their SGLI coverage to renewable term insurance. Family Servicemembers' Group Life Insurance (FSGLI) is a program extended to the spouses and dependent children of members insured under the SGLI program. FSGLI provides up to a maximum of \$100,000 of insurance coverage for spouses, not to exceed the amount of SGLI the insured member has in force, and \$10,000 of free coverage for dependent children. Spousal coverage is issued in increments of \$10,000.

The Servicemembers' Group Life Insurance Traumatic Injury Protection Program (TSGLI) became effective December 1, 2005. TSGLI provides for payment between \$25,000 and \$100,000 (depending on the type of injury) to any member of the uniformed services covered by SGLI who sustains a traumatic injury that results in certain serious losses.

Veterans Affairs (VA) Housing Program Account.—The housing program helps eligible veterans, active duty personnel, surviving spouses, and members of the Reserves and National Guard purchase, retain, and adapt homes in recognition of their service to the Nation. When a borrower pur-

chases a home, the program operates by substituting the Federal Government's guaranty for a down payment that might otherwise be required.

Under 38 U.S.C. 3703, the guaranty amount for a borrower with full entitlement (first-time users of the program or users whose entitlement is fully restored) is as follows:

- (a) 50 percent for loans of \$45,000 or less;
- (b) \$22,500 for loans greater than \$45,000, but no more than \$56,250;
- (c) the lesser of \$36,000 or 40 percent of the loan amount for loans greater than \$56,250, but not more than \$144,000;
- (d) 25 percent of the loan amount for loans of \$144,001 to \$453,100; or
- (e) for certain loans in excess of \$453,100, the guaranty will be the lesser of: 25 percent of the county loan limit, or 25 percent of the loan.

This appropriation provides for the corporate leadership and operational support to VA's Housing business line. The Housing Program facilitates the extension of private capital, on more liberal terms than generally available to nonveterans, to assist veterans and servicemembers in obtaining housing credit, and assist veterans in retaining their homes during periods of temporary economic difficulty through intensive supplemental mortgage loan servicing.

Guaranteed transitional housing loans for homeless veterans.—Established as a pilot project by the Veterans Benefits Improvement Act of 1998 (Public Law 105–368), this program does not require any new loan subsidy funding. The program has originated no new loans since 2009. The program was canceled in 2012. The existing loan will continue to be serviced within the program's financing account.

VETERANS HOUSING BENEFIT PROGRAM FUND

(Legislative proposal, subject to PAYGO)

Expansion of the Assets Included in the Veterans Housing Benefit Program Fund. This proposal would revise 38 U.S.C. 3722 to authorize the Department of Veterans Affairs (VA) to deposit into the Veterans Housing Benefit Program Fund fees collected from lenders that use VA's automated underwriting system (AUS). Revised section 3722 would further allow those collected fees to be used to help offset VA's AUS maintenance and enhancement cost. The proposal would increase Federal fee collections from lenders by \$22.5 million in 2020 and \$224.7 million over 10 years. The fee collections are based on a new \$50 fee per loan and 449,461 new loan guarantees annually. No benefit costs are associated with this proposal.

Extend Vendee Loan Program and Change Mandatory Vendee Thresholds to Discretionary Targets. This proposal would extend through September 30, 2024, the Secretary's requirement to sell properties VA acquires through foreclosure with vendee financing and change the current mandatory financing thresholds to non-mandatory performance targets. Public Law 115–251, Section 125, extended VA's mandatory requirement to sell between 50 to 85 percent of its VA-owned foreclosed homes with vendee lending through September 30, 2019. VA seeks to extend its authority to sell optionally between 50 and 85 percent of VA-owned foreclosed homes with vendee lending by changing the current mandatory vendee lending thresholds to non-mandatory performance targets. The proposal would not affect market

demand for vendee loan financing and no loan subsidy costs are associated with this proposal.

The Native American Veteran Housing Loan program provides direct loans to veterans living on trust lands under 38 U.S.C. chapter 37, section 3761. These loans are available to purchase, construct, or improve homes to be occupied as the veteran's residence. This program began as a pilot in 1993 and was made permanent on June 15, 2006, through Public Law 109–233.

The Vocational Rehabilitation Loan Program provides temporary loans to cover the costs of subsistence, tuition, books, supplies, and equipment in conjunction with service-connected disability benefits provided to veterans participating in the Department of Veterans Affairs' Vocational Rehabilitation and Counseling Program as authorized by chapter 31 of title 38, United States Code. Repayment of these loans is made in monthly installments, without interest, through deductions from future payments of compensation, pension, subsistence allowance, educational assistance allowance, or retired pay.

This account was established under Public Law 94-502, Veterans' Education and Employment Assistance Act, 1976. This program consists of voluntary contributions by eligible servicemembers and matching contributions provided by the Department of Defense and provides educational assistance payments to participants who entered the service after December

31, 1976. Chapter 32, title 38, U.S.C. Section 901 is a non-contributory program with educational assistance provided by the Department of Defense. Public Law 99-576, enacted October 28, 1986, closed the program permanently for new enrollments effective March 31, 1987. The estimated activity in the fund follows:

Note.—Department of Veterans Affairs insurance policy loans are not an extension of Federal credit. Credit schedules previously shown for this account have been discontinued.

This fund was established in 1940. It is for the World War II servicemembers' and veterans' insurance program. Over 22 million policies were issued under this program. Activity of the fund reflects a declining claim workload. The trend in the number and amount of policies in force is shown as follows:

POLICIES AND INSURANCE IN FORCE

	2018 actual	2019 est.	2020 est.
Number of policies	203,807	163,997	127,397
Insurance in force (dollars in millions)	\$2,598	\$2,077	\$1,604

This fund is operated on a commercial basis to the extent possible. The income of the fund is derived from premium receipts, interest on investments, and payments which are made to the fund from the Veterans Insurance and Indemnities appropriation.

Assets of the fund, which are largely invested in special interest-bearing Treasury securities and in policy loans, are expected to decrease from an estimated \$2,531 million as of September 30, 2019 to \$2,012 million as of September 30, 2020. The actuarial estimate of policy obligations as of September 30, 2020, totals \$1,948 million, leaving a balance of \$64 million for contingency reserves.

UNITED STATES GOVERNMENT LIFE INSURANCE FUND—Continued

Note.—Department of Veterans Affairs insurance policy loans are not an extension of Federal credit. Credit schedules previously shown for this account have been discontinued.

This fund was established in 1919 to receive premiums and pay claims on insurance issued under the provisions of the War Risk Insurance Act. The general decline in the activity of the fund is indicated in the following table:

POLICIES AND INSURANCE IN FORCE

	2018 actual	2019 est.	2020 est.
Number of policies	20	0	0
Insurance in force (dollars in millions)	\$1	\$016	\$0

The fund is operated on a commercial basis to the extent possible. The income of the fund is derived from interest on investments. Effective January 1, 1983, premiums were discontinued because reserves held in the fund were adequate to meet future liabilities of the program.

Assets of the fund, which are largely invested in interest-bearing securities and policy loans, are estimated to decrease from \$2.0 million as of September 30, 2019, to \$1.7 million as of September 30, 2020, as an increasing number of policies mature through death or disability. The actuarial evaluation of policy obligations as of September 30, 2020, totals \$1.2 million, leaving a balance of \$.4 million for contingency reserves.

Note.—Department of Veterans Affairs insurance policy loans are not an extension of Federal credit. Credit schedules previously shown for this account have been discontinued.

This fund finances the payment of claims on life insurance policies issued before January 3, 1957, to veterans who served in the Armed Forces subsequent to April 1, 1951. No new policies can be issued.

Benefit program:

Death claims.—Represents payments to designated beneficiaries.

Cash surrenders.—A policyholder may terminate his or her insurance by cashing in the policy for its cash value.

Dividends.—Policyholders participate in the distribution of annual dividends.

All other.—Classified in this category are payments to policyholders who: (a) hold endowment policies which have matured; (b) have purchased total disability income coverage and subsequently become disabled; and (c) are paid interest on dividend credits and deposits.

The following table reflects the decrease in the number of policies and the amounts of insurance in force:

The Construction, Major Projects appropriation funds construction projects currently costing more than \$20 million. Funding is requested to complete seven previously funded projects in San Juan, PR; Bay Pines, FL; Manhattan, NY; Louisville, KY; Riverside, CA; Western New York; and Bayamon, PR and four ongoing projects in Alameda, CA; San Diego, CA; West Los Angeles, CA; and Reno, NV. In addition, three expansions at existing national cemeteries in Dallas, TX; Houston, TX; and Bourne, MA will be funded. Funds are also requested for salaries and associated expenses for staff for the Office of Construction and Facilities Management and to support advance planning and design activities, seismic correction, and asbestos abatement.

\$244 million of funds appropriated in 2016 and \$117.3 million of funds appropriated in 2018 are not reflected in the available balance in the tables. These funds will become available for use once the Department of Veterans Affairs meets the specific conditions required by law (P.L. 114-113 and 115-141) and the funds are made available by the Treasury.

The mission of the Board of Veterans' Appeals (Board or BVA), as set forth in 38 U.S.C. 7101(a) is to conduct hearings and consider and dispose of appeals properly before the Board in a timely manner. The Board's goal is to issue quality decisions in compliance with the requirements of the law, including the precedential decisions of the United States Court of Appeals for Veterans Claims and other federal courts. The Board makes

final decisions on behalf of the Secretary on appeals from decisions of the agencies of original jurisdiction with the Department of Veterans Affairs offices. The Board reviews all appeals for entitlement to veterans' benefits, including claims for service connection, increased disability ratings, total disability ratings, pension, insurance benefits, educational benefits, home loan guaranties, vocational rehabilitation, dependency and indemnity compensation, and healthcare delivery. The Veterans Appeals Improvement and Modernization Act of 2017, enacted on August 23, 2017, became effective on February 19, 2019. This law reformed the current appeals process and replaced it with a new, simpler process that uses easy to understand language and gives veterans choice and control of their appeal.

This appropriation provides for carrying out the independent oversight responsibilities of the Inspector General Act of 1978. This oversight includes Department of Veterans Affairs (VA)-wide audit, investigation, health care inspection, and management support functions to identify and report weaknesses and deficiencies that create conditions for actual or potential fraud and other criminal activity, mismanagement, and waste in VA programs and operations. The audit function plans and conducts internal programmatic and financial audits and evaluations of all facets of VA operations. The health care inspection function performs legislatively mandated medical care quality assurance reviews and oversight of VA health care programs. The investigative function performs criminal and administrative investigations of improper and illegal activities involving VA operations, personnel, beneficiaries, and other parties.

The Information Technology (IT) Systems appropriation funds IT services such as systems development and performance, operations and maintenance, information security, and customer support. This appropriation enables the effective and efficient delivery of services to the Nation's largest healthcare network, as well as the veterans benefits and corporate business lines within the Department of Veterans Affairs (VA).

Development.—The Office of Information & Technology invests in projects designed to improve the delivery of VA services and benefits for veterans and their families. This account also supports improvements in the Community Care Program, modernizations to veterans benefits and appeals processing, as well as the divestiture of legacy IT systems.

Operations and Maintenance.—The Office of Information & Technology purchases, maintains, manages, and supports all the computer, phone, telecommunication, and data systems equipment and infrastructure for all VA facilities.

The Veterans Electronic Health Care Record appropriation funds necessary expenses related to the development and deployment of a new veterans electronic health record (EHR) system. This new EHR will allow the Department of Veterans Affairs (VA) to move toward a single common health record that has full integration between the Department of Defense and VA, as well as community providers. From the veteran perspective, the new system will provide a single, accurate, lifetime health record while improving patient care and safety.

The mission of the National Cemetery Administration is to honor veterans with final resting places in national shrines and with lasting tributes that commemorate their service to our Nation. The National Cemetery Administration's vision is to serve all veterans and their families with the utmost dignity, respect, and compassion. Every national cemetery will be a place that inspires visitors to understand and appreciate the service and sacrifice of our Nation's veterans. There are a number of related programs managed by the National Cemetery Administration including: 1) burying eligible veterans and their family members in national cemeteries and maintaining the graves and their environs as national shrines; 2) administering grants to States and Tribal organizations in establishing, expanding, improving, or operating veterans cemeteries; 3) providing headstones and markers for the graves of eligible veterans; 4) providing medallions commemorating the veterans's service that may be affixed to the privately purchased headstones or markers for veterans interred in private cemeteries; 5) providing presidential memorial certificates to family and friends of deceased veterans, recognizing the veterans' contribution and service to the Nation; 6) providing graveliners or partial reimbursement for a privately purchased outer burial receptacle for each new grave in open national cemeteries administered by the National Cemetery Administration; 7) providing reimbursement caskets and urns for veterans' remains when there are no next of kin and insufficient resources; and 8) recording First Notice of Veteran Deaths into the Department of Veterans Affairs electronic files to ensure timely termination of benefits and next-of-kin notification of possible entitlement to survivor benefits.

The National Cemetery Administration also reflects budget information for the National Cemetery Gift Fund and the National Cemetery Administration Facilities Operation Fund. Through the Gift Fund, the Secretary is authorized to accept gifts and bequests which are made for the purpose of beautifying national cemeteries or are determined to be beneficial to such cemeteries, or are made for the purpose of the operation, maintenance, or improvement of the National Memorial Cemetery of Arizona.

Under the provisions of 38 U.S.C. 8121, the Supply Fund is responsible for the operation and maintenance of a supply system for the Department of Veterans Affairs (VA). In this capacity, it provides policy and oversight to VA's acquisition and logistics programs, and provides best value acquisition of goods and services through its National Acquisition Center, Denver Acquisition and Logistics Center, Service and Distribution Center, Technology Acquisition Center and Strategic Acquisition Center. Operating as an intra-governmental revolving fund without fiscal year limitations, the Supply Fund is financed by revenue from fees on acquisitions of supplies, equipment, and services for both VA and other Government agency customers.

The Department of Veterans Affairs (VA) Franchise Fund was established under the authority of the Government Management Reform Act of 1994 and the VA and Housing and Urban Development and Independent Agencies Act of 1997. VA was selected by the Office of Management and Budget in 1996 as one of the six executive branch agencies to establish a franchise fund pilot program. Created as a revolving fund, the VA Franchise Fund began providing common administrative support services to the VA and

other Government agencies in 1997 on a fee-for-service basis. In 2006, under the Military Quality of Life and Veterans Affairs Appropriations Act (Public Law 109–114), permanent status was conferred upon the VA Franchise Fund. The Franchise Fund concept is intended to increase competition for Government administrative services, resulting in lower costs and higher quality.

(INCLUDING TRANSFER OF FUNDS)

SEC. 221. Such sums as may be deposited to the Medical Care Collections Fund pursuant to section 1729A of title 38, United States Code, for healthcare provided at facilities designated as combined Federal medical facilities as described by section 706 of the Duncan Hunter National Defense Authorization Act for Fiscal Year 2009 (Public Law 110–417; 122 Stat. 4500) shall also be available: (1) for transfer to the Joint Department of Defense—Department of Veterans Affairs Medical Facility Demonstration Fund, established by section 1704 of the National Defense Authorization Act for Fiscal Year 2010 (Public Law 111–84; 123 Stat. 3571); and (2) for operations of the facilities designated as combined Federal medical facilities as described by section 706 of the Duncan Hunter National Defense Authorization Act for Fiscal Year 2009 (Public Law 110–417; 122 Stat. 4500): *Provided*, That, notwithstanding section 1704(b)(3) of the National Defense Authorization Act for Fiscal Year 2010 (Public Law 111–84; 123 Stat. 2573), amounts transferred to the Joint Department of Defense—Department of Veterans Affairs Medical Facility Demonstration Fund shall remain available until expended.

(INCLUDING TRANSFER OF FUNDS)

SEC. 222. Of the amounts available in this title for "Medical Services", "Medical Community Care", "Medical Support and Compliance", and "Medical Facilities", a minimum of \$15,000,000 shall be transferred to the DOD-VA Health Care Sharing Incentive Fund, as authorized by section 8111(d) of title 38, United States Code, to remain available until expended, for any purpose authorized by section 8111 of title 38, United States Code.

[SEC. 223. None of the funds available to the Department of Veterans Affairs, in this or any other Act, may be used to replace the current system by which the Veterans Integrated Service Networks select and contract for diabetes monitoring supplies and equipment.]

[SEC. 224. The Secretary of Veterans Affairs shall notify the Committees on Appropriations of both Houses of Congress of all bid savings in a major construction project that total at least \$5,000,000, or 5 percent of the programmed amount of the project, whichever is less: *Provided*, That such notification shall occur within 14 days of a contract identifying the programmed amount: *Provided further*, That the Secretary shall notify the Committees on Appropriations of both Houses of Congress 14 days prior to the obligation of such bid savings and shall describe the anticipated use of such savings.]

[SEC. 225. None of the funds made available for "Construction, Major Projects" may be used for a project in excess of the scope specified for that project in the original justification data provided to the Congress as part of the request for appropriations unless the Secretary of Veterans Affairs receives approval from the Committees on Appropriations of both Houses of Congress.]

[SEC. 226. Not later than 30 days after the end of each fiscal quarter, the Secretary of Veterans Affairs shall submit to the Committees on Appropriations of both Houses of Congress a quarterly report containing performance measures and data from each Veterans Benefits Administration Regional Office: *Provided*, That, at a minimum, the report shall include the direction contained in the section entitled "Disability claims backlog", under the heading "General Operating Expenses, Veterans Benefits Administration" in the joint explanatory statement accompanying Public Law 114–223: *Provided further*, That the report shall also include information on the number of appeals pending at the Veterans Benefits Administration as well as the Board of Veterans Appeals on a quarterly basis.]

[SEC. 227. The Secretary of Veterans Affairs shall provide written notification to the Committees on Appropriations of both Houses of Congress 15 days prior to organizational changes which result in the transfer of 25 or more full-time equivalents from one organizational unit of the Department of Veterans Affairs to another.]

[SEC. 228. The Secretary of Veterans Affairs shall provide on a quarterly basis to the Committees on Appropriations of both Houses of Congress notification of any single national outreach and awareness marketing campaign in which obligations exceed \$2,000,000.]

(INCLUDING TRANSFER OF FUNDS)

SEC. **[229] 223.** The Secretary of Veterans Affairs, upon determination that such action is necessary to address needs of the Veterans Health Administration, may transfer to the "Medical Services" account any discretionary appropriations made available for fiscal year **[2019]** 2020 in this title (except appropriations made to the "General Operating Expenses, Veterans Benefits Administration" account) or any discretionary unobligated balances within the Department of Veterans Affairs, including those appropriated for fiscal year **[2019]** 2020, that were provided in advance by appropriations Acts: *Provided*, That transfers shall be made only with the approval of the Office of Management and Budget: *Provided further*, That the transfer authority provided in this section is in addition to any other transfer authority provided by law: *Provided further*, That no amounts may be transferred from amounts that were designated by Congress as an emergency requirement pursuant to a concurrent resolution on the budget or the Balanced Budget and Emergency Deficit

Control Act of 1985: *Provided further*, That such authority to transfer may not be used unless for higher priority items, based on emergent healthcare requirements, than those for which originally appropriated and in no case where the item for which funds are requested has been denied by Congress: *Provided further*, That, upon determination that all or part of the funds transferred from an appropriation are not necessary, such amounts may be transferred back to that appropriation and shall be available for the same purposes as originally appropriated: *Provided further*, That before a transfer may take place, the Secretary of Veterans Affairs shall [request from] submit notice thereof to the Committees on Appropriations of both Houses of Congress [the authority to make the transfer and receive approval of that request].

(INCLUDING TRANSFER OF FUNDS)

SEC. [230] 224. Amounts made available for the Department of Veterans Affairs for fiscal year [2019] 2020, under the "Board of Veterans Appeals" and the "General Operating Expenses, Veterans Benefits Administration" accounts may be transferred between such accounts: *Provided*, That before a transfer may take place, the Secretary of Veterans Affairs shall [request from] submit notice thereof to the Committees on Appropriations of both Houses of Congress [the authority to make the transfer and receive approval of that request].

SEC. 231. The Secretary of Veterans Affairs may not reprogram funds among major construction projects or programs if such instance of reprogramming will exceed \$7,000,000, unless such reprogramming is approved by the Committees on Appropriations of both Houses of Congress.

SEC. 232. (a) The Secretary of Veterans Affairs shall ensure that the toll-free suicide hotline under section 1720F(h) of title 38, United States Code—

(1) provides to individuals who contact the hotline immediate assistance from a trained professional; and

(2) adheres to all requirements of the American Association of Suicidology.

(b)(1) None of the funds made available by this Act may be used to enforce or otherwise carry out any Executive action that prohibits the Secretary of Veterans Affairs from appointing an individual to occupy a vacant civil service position, or establishing a new civil service position, at the Department of Veterans Affairs with respect to such a position relating to the hotline specified in subsection (a).

(2) In this subsection—

(A) the term "civil service" has the meaning given such term in section 2101(1) of title 5, United States Code; and

(B) the term "Executive action" includes—

(i) any Executive order, presidential memorandum, or other action by the President; and

(ii) any agency policy, order, or other directive.

(c)(1) The Secretary of Veterans Affairs shall conduct a study on the effectiveness of the hotline specified in subsection (a) during the five-year period beginning on January 1, 2016, based on an analysis of national suicide data and data collected from such hotline.

(2) At a minimum, the study required by paragraph (1) shall—

(A) determine the number of veterans who contact the hotline specified in subsection (a) and who receive follow up services from the hotline or mental health services from the Department of Veterans Affairs thereafter;

(B) determine the number of veterans who contact the hotline who are not referred to, or do not continue receiving, mental health care who commit suicide; and

(C) determine the number of veterans described in subparagraph (A) who commit or attempt suicide.

SEC. 233. None of the funds in this or any other Act may be used to close Department of Veterans Affairs (VA) hospitals, domiciliaries, or clinics, conduct an environmental assessment, or to diminish healthcare services at existing Veterans Health Administration medical facilities located in Veterans Integrated Service Network 23 as part of a planned realignment of VA services until the Secretary provides to the Committees on Appropriations of both Houses of Congress a report including the following elements:

(1) a national realignment strategy that includes a detailed description of realignment plans within each Veterans Integrated Services Network (VISN), including an updated Long Range Capital Plan to implement realignment requirements;

(2) an explanation of the process by which those plans were developed and coordinated within each VISN;

(3) a cost versus benefit analysis of each planned realignment, including the cost of replacing Veterans Health Administration services with contract care or other outsourced services;

(4) an analysis of how any such planned realignment of services will impact access to care for veterans living in rural or highly rural areas, including travel distances and transportation costs to access a VA medical facility and availability of local specialty and primary care;

(5) an inventory of VA buildings with historic designation and the methodology used to determine the buildings' condition and utilization;

(6) a description of how any realignment will be consistent with requirements under the National Historic Preservation Act; and

(7) consideration given for reuse of historic buildings within newly identified realignment requirements: *Provided*, That, this provision shall not apply to capital projects in VISN 23, or any other VISN, which have been authorized or approved by Congress.

SEC. 234. Effective during the period beginning on October 1, 2018 and ending on January 1, 2024, none of the funds made available to the Secretary of Veterans Affairs by this or any other Act may be obligated or expended in contravention of the "Veterans Health Administration Clinical Preventive Services Guidance Statement on the Veterans Health Administration's Screening for Breast Cancer Guidance" published on May 10, 2017, as issued by the Veterans Health Administration National Center for Health Promotion and Disease Prevention.

SEC. [235] 225. (a) Notwithstanding any other provision of law, the amounts appropriated or otherwise made available to the Department of Veterans Affairs for the "Medical Services" account may be used to provide—

(1) fertility counseling and treatment using assisted reproductive technology to a covered veteran or the spouse of a covered veteran; or

(2) adoption reimbursement to a covered veteran.

(b) In this section:

(1) The term "service-connected" has the meaning given such term in section 101 of title 38, United States Code.

(2) The term "covered veteran" means a veteran, as such term is defined in section 101 of title 38, United States Code, who has a service-connected disability that results in the inability of the veteran to procreate without the use of fertility treatment.

(3) The term "assisted reproductive technology" means benefits relating to reproductive assistance provided to a member of the Armed Forces who incurs a serious injury or illness on active duty pursuant to section 1074(c)(4)(A) of title 10, United States Code, as described in the memorandum on the subject of "Policy for Assisted Reproductive Services for the Benefit of Seriously or Severely Ill/Injured (Category II or III) Active Duty Service Members" issued by the Assistant Secretary of Defense for Health Affairs on April 3, 2012, and the guidance issued to implement such policy, including any limitations on the amount of such benefits available to such a member except that—

(A) the time periods regarding embryo cryopreservation and storage set forth in part III(G) and in part IV(H) of such memorandum shall not apply; and

(B) such term includes embryo cryopreservation and storage without limitation on the duration of such cryopreservation and storage.

(4) The term "adoption reimbursement" means reimbursement for the adoption-related expenses for an adoption that is finalized after the date of the enactment of this Act under the same terms as apply under the adoption reimbursement program of the Department of Defense, as authorized in Department of Defense Instruction 1341.09, including the reimbursement limits and requirements set forth in such instruction.

(c) Amounts made available for the purposes specified in subsection (a) of this section are subject to the requirements for funds contained in section 508 of division H of the Consolidated Appropriations Act, 2018 (Public Law 115–141).

[(RESCISSION OF FUNDS)]

SEC. 236. Of the funds made available for fiscal year 2019 under the heading "Department of Veterans Affairs—Veterans Health Administration—Medical Support and Compliance" in title II of division J of the Consolidated Appropriations Act, 2018 (Public Law 115–141), \$211,000,000 is hereby rescinded.

SEC. 237. None of the funds appropriated or otherwise made available by this Act or any other Act for the Department of Veterans Affairs may be used in a manner that is inconsistent with: (1) section 842 of the Transportation, Treasury, Housing and Urban Development, the Judiciary, the District of Columbia, and Independent Agencies Appropriations Act, 2006 (Public Law 109–115; 119 Stat. 2506); or (2) section 8110(a)(5) of title 38, United States Code.

SEC. 238. Section 842 of Public Law 109–115 shall not apply to conversion of an activity or function of the Veterans Health Administration, Veterans Benefits Administration, or National Cemetery Administration to contractor performance by a business concern that is at least 51 percent owned by one or more Indian tribes as defined in section 5304(e) of title 25, United States Code, or one or more Native Hawaiian Organizations as defined in section 637(a)(15) of title 15, United States Code.

SEC. 239. (a) Except as provided in subsection (b), the Secretary of Veterans Affairs, in consultation with the Secretary of Defense and the Secretary of Labor, shall discontinue using Social Security account numbers to identify individuals in all information systems of the Department of Veterans Affairs as follows:

(1) For all veterans submitting to the Secretary of Veterans Affairs new claims for benefits under laws administered by the Secretary, not later than 5 years after the date of the enactment of this Act.

(2) For all individuals not described in paragraph (1), not later than 8 years after the date of the enactment of this Act.

(b) The Secretary of Veterans Affairs may use a Social Security account number to identify an individual in an information system of the Department of Veterans Affairs if and only if the use of such number is required to obtain information the Secretary requires from an information system that is not under the jurisdiction of the Secretary.】

【SEC. 240. For funds provided to the Department of Veterans Affairs for each of fiscal year 2019 and 2020 for "Medical Services", section 239 of Division A of Public Law 114–223 shall apply.】

【SEC. 241. None of the funds appropriated in this or prior appropriations Acts or otherwise made available to the Department of Veterans Affairs may be used to transfer any amounts from the Filipino Veterans Equity Compensation Fund to any other account within the Department of Veterans Affairs.】

SEC. [242] 226. Of the funds provided to the Department of Veterans Affairs for each of fiscal year [2019] 2020 and fiscal year [2020] 2021 for "Medical Services", funds may be used in each year to carry out and expand the child care program authorized by section 205 of Public Law 111–163, notwithstanding subsection (e) of such section.

【SEC. 243. For funds provided to the Department of Veterans Affairs for each of fiscal year 2019 and 2020, section of Division A of Public Law 114–223 shall apply.】

【SEC. 244. (a) The Secretary of Veterans Affairs may use amounts appropriated or otherwise made available in this title to ensure that the ratio of veterans to full-time employment equivalents within any program of rehabilitation conducted under chapter 31 of title 38, United States Code, does not exceed 125 veterans to one full-time employment equivalent.

(b) Not later than 180 days after the date of the enactment of this Act, the Secretary shall submit to Congress a report on the programs of rehabilitation conducted under chapter 31 of title 38, United States Code, including—

(1) an assessment of the veteran-to-staff ratio for each such program; and

(2) recommendations for such action as the Secretary considers necessary to reduce the veteran-to-staff ratio for each such program.】

【SEC. 245. None of the funds appropriated or otherwise made available in this title may be used by the Secretary of Veterans Affairs to enter into an agreement related to resolving a dispute or claim with an individual that would restrict in any way the individual from speaking to members of Congress or their staff on any topic not otherwise prohibited from disclosure by Federal law or required by Executive Order to be kept secret in the interest of national defense or the conduct of foreign affairs.】

【SEC. 246. For funds provided to the Department of Veterans Affairs for each of fiscal year 2019 and 2020, section 258 of Division A of Public Law 114–223 shall apply.】

【SEC. 247. None of the funds appropriated or otherwise made available by this Act may be used to conduct research using canines unless: the scientific objectives of the study can only be met by research with canines; the study has been directly approved by the Secretary; and the study is consistent with the revised Department of Veterans Affairs canine research policy document released on December 18, 2017: *Provided*, That not later than 180 days after enactment of this Act, the Secretary shall submit to the Committees on Appropriations of both Houses of Congress a detailed report outlining under what circumstances canine research may be needed if there are no other alternatives, how often it was used during that time period, and what protocols are in place to determine both the safety and efficacy of the research.】

【SEC. 248. For an additional amount for the Department of Veterans Affairs, \$2,000,000,000 to remain available until expended, for infrastructure improvements, including new construction, and in addition to amounts otherwise made available in this Act for such purpose, of which:

(1) \$750,000,000 shall be available for seismic improvement projects and seismic program management activities, including projects that would otherwise be funded by the Construction, Major Projects, the Construction, Minor Projects, Medical Facilities, or National Cemetery Administration accounts;

(2) \$300,000,000 shall be for "Departmental Administration—Construction, Major Projects";

(3) \$800,000,000 shall be for "Veterans Health Administration—Medical Facilities" to be used for non-recurring maintenance; and

(4) \$150,000,000 shall be for "Departmental Administration—Construction, Minor Projects":】

【*Provided*, That the additional amounts appropriated for the purposes of non-recurring maintenance and minor construction may be used to carry out critical life-safety projects identified in the Department's annual facility condition assessments;

sustainment projects; modernization projects; infrastructure repair; renovations at existing Veterans Health Administration medical centers and outpatient clinics; and projects included in the Strategic Capital Investment Process plan: *Provided further*, That funds made available under this section for "Construction, Major Projects" shall be available for previously authorized and partially funded major construction projects: *Provided further*, That notwithstanding the requirements of section 8104(a) of title 38, United States Code, amounts made available under this heading for seismic improvement projects and seismic program management activities shall be available for the completion of both new and existing projects of the Department: *Provided further*, That the additional amounts appropriated under this section may not be obligated or expended until the Secretary of Veterans Affairs submits to the Committees on Appropriations of both Houses of Congress, and such Committees approve, a detailed expenditure plan, including project descriptions and costs, for any non-recurring maintenance, minor construction, major construction, or seismic improvement project being funded with the additional amounts made available in this administrative provision.】

【SEC. 249. (a) PROHIBITION ON USE OF FUNDS.—None of the funds appropriated or otherwise made available by this Act may be used to deny an Inspector General funded under this Act timely access to any records, documents, or other materials available to the department or agency of the United States Government over which such Inspector General has responsibilities under the Inspector General Act of 1978 (5 U.S.C. App.), or to prevent or impede the access of such Inspector General to such records, documents, or other materials, under any provision of law, except a provision of law that expressly refers to such Inspector General and expressly limits the right of access of such Inspector General.

(b) TIMELY ACCESS.—A department or agency covered by this section shall provide its Inspector General access to all records, documents, and other materials in a timely manner.

(c) COMPLIANCE.—Each Inspector General covered by this section shall ensure compliance with statutory limitations on disclosure relevant to the information provided by the department or agency over which that Inspector General has responsibilities under the Inspector General Act of 1978 (5 U.S.C. App.).

(d) REPORT.—Each Inspector General covered by this section shall report to the Committee on Appropriations of the Senate and the Committee on Appropriations of the House of Representatives within 5 calendar days of any failure by any department or agency covered by this section to comply with this section.】

【SEC. 250. (a) PLAN REQUIRED.—Not later than 90 days after the date of the enactment of this Act, the Secretary of Veterans Affairs shall submit to the appropriate committees of Congress a plan to reduce the chances that clinical mistakes by employees of the Department of Veterans Affairs will result in adverse events that require institutional or clinical disclosures and to prevent any unnecessary hardship for patients and families impacted by such adverse events.

(b) ELEMENTS.—The plan required by subsection (a) shall include the following:

(1) A description of a process for the timely identification of individuals impacted by disclosures described in subsection (a) and the process for contacting those individuals or their next of kin.

(2) A description of procedures for expediting any remedial or follow-up care required for those individuals.

(3) A detailed outline of proposed changes to the process of the Department for clinical quality checks and oversight.

(4) A communication plan to ensure all facilities of the Department are made aware of any requirements updated pursuant to the plan.

(5) A timeline detailing the implementation of the plan.

(6) An identification of the senior executive of the Department responsible for ensuring compliance with the plan.

(7) An identification of potential impacts of the plan on timely diagnoses for patients.

(8) An identification of the processes and procedures for employees of the Department to make leadership at the facility and the Department aware of adverse events that are concerning and that result in disclosures and to ensure that the medical impact on veterans of such disclosures is minimized.

(c) APPROPRIATE COMMITTEES OF CONGRESS DEFINED.—In this section, the term "appropriate committees of Congress" means—

(1) the Committee on Veterans' Affairs and the Subcommittee on Military Construction, Veterans Affairs, and Related Agencies of the Committee on Appropriations of the Senate; and

(2) the Committee on Veterans' Affairs and the Subcommittee on Military Construction, Veterans Affairs, and Related Agencies of the Committee on Appropriations of the House of Representatives.】

【SEC. 251. None of the funds made available in this Act may be used in a manner that would increase wait times for veterans who seek care at medical facilities of the Department of Veterans Affairs.】

【SEC. 252. None of the funds appropriated or otherwise made available by this Act to the Veterans Health Administration may be used in fiscal year 2019 to convert any program which received specific purpose funds in fiscal year 2018 to a general purpose funded program unless the Secretary of Veterans Affairs submits written notification of any such proposal to the Committees on Appropriations of both Houses of Congress at least thirty days prior to any such action and an approval is issued by the Committees.】 (*Military Construction, Veterans Affairs, and Related Agencies Appropriations Act, 2019.*)

TITLE IV—GENERAL PROVISIONS

GENERAL PROVISIONS

SEC. 501. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

SEC. 502. None of the funds made available in this Act may be used for any program, project, or activity, when it is made known to the Federal entity or official to which the funds are made available that the program, project, or activity is not in compliance with any Federal law relating to risk assessment, the protection of private property rights, or unfunded mandates.

【SEC. 503. All departments and agencies funded under this Act are encouraged, within the limits of the existing statutory authorities and funding, to expand their use of "E-Commerce" technologies and procedures in the conduct of their business practices and public service activities.】

SEC. 【504】503. Unless stated otherwise, all reports and notifications required by this Act shall be submitted to the Subcommittee on Military Construction and Veterans Affairs, and Related Agencies of the Committee on Appropriations of the House of Representatives and the Subcommittee on Military Construction and Veterans Affairs, and Related Agencies of the Committee on Appropriations of the Senate.

SEC. 【505】504. None of the funds made available in this Act may be transferred to any department, agency, or instrumentality of the United States Government except

pursuant to a transfer made by, or transfer authority provided in, this or any other appropriations Act.

SEC. 【506】505. None of the funds made available in this Act may be used for a project or program named for an individual serving as a Member, Delegate, or Resident Commissioner of the United States House of Representatives.

【SEC. 507. (a) Any agency receiving funds made available in this Act, shall, subject to subsections (b) and (c), post on the public Web site of that agency any report required to be submitted by the Congress in this or any other Act, upon the determination by the head of the agency that it shall serve the national interest.

(b) Subsection (a) shall not apply to a report if—

(1) the public posting of the report compromises national security; or

(2) the report contains confidential or proprietary information.

(c) The head of the agency posting such report shall do so only after such report has been made available to the requesting Committee or Committees of Congress for no less than 45 days.】

SEC. 【508】506. (a) None of the funds made available in this Act may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography.

(b) Nothing in subsection (a) shall limit the use of funds necessary for any Federal, State, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities.

SEC. 【509】507. None of the funds made available in this Act may be used by an agency of the executive branch to pay for first-class travel by an employee of the agency in contravention of sections 301–10.122 through 301–10.124 of title 41, Code of Federal Regulations.

SEC. 【510】508. None of the funds made available in this Act may be used to execute a contract for goods or services, including construction services, where the contractor has not complied with Executive Order No. 12989.

【SEC. 511. None of the funds made available by this Act may be used by the Department of Defense or the Department of Veterans Affairs to lease or purchase new light duty vehicles for any executive fleet, or for an agency's fleet inventory, except in accordance with Presidential Memorandum—Federal Fleet Performance, dated May 24, 2011.】

【SEC. 512. (a) IN GENERAL.—None of the funds appropriated or otherwise made available to the Department of Defense in this Act may be used to construct, renovate, or expand any facility in the United States, its territories, or possessions to house any individual detained at United States Naval Station, Guantanamo Bay, Cuba, for the purposes of detention or imprisonment in the custody or under the control of the Department of Defense.

(b) The prohibition in subsection (a) shall not apply to any modification of facilities at United States Naval Station, Guantanamo Bay, Cuba.

(c) An individual described in this subsection is any individual who, as of June 24, 2009, is located at United States Naval Station, Guantanamo Bay, Cuba, and who—

(1) is not a citizen of the United States or a member of the Armed Forces of the United States; and

(2) is—

(A) in the custody or under the effective control of the Department of Defense; or

(B) otherwise under detention at United States Naval Station, Guantanamo Bay, Cuba.】
